Prohibition of sales to EEA retail investors

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II"); (ii) a customer within the meaning of Directive 2002/92/EC ("IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. The expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including Directive 2010/73/EU), and includes any relevant implementing measure in any Member State.

We are responsible for the information contained and incorporated by reference in this prospectus supplement, the accompanying prospectus and in any related free-writing prospectus we prepare or authorize. We have not authorized anyone to give you any other information, and we take no responsibility for any other information that others may give you. We are not, and the underwriters are not, making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information appearing in this prospectus supplement, the accompanying prospectus and in any related free-writing prospectus we prepare or authorize, as well as information we have previously filed with the Securities and Exchange Commission (the "SEC") and incorporated by reference, is accurate as of any date other than their respective dates. Our business, financial condition, results of operations and prospects may have changed since those dates.

The distribution of this prospectus supplement and the accompanying prospectus and the offering of the Notes in certain jurisdictions may be restricted by law. This prospectus supplement and the accompanying prospectus do not constitute an offer, or an invitation on our behalf or on behalf of the underwriters or any of them, to subscribe to or purchase any of the Notes, and may not be used for or in connection with an offer or solicitation by anyone, in any jurisdiction in which such an offer or solicitation is not authorized or to any person to whom it is unlawful to make such an offer or solicitation.

In connection with the issue of the Notes, HSBC Securities (USA) Inc. or any person acting for it may over-allot or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail for a limited period after the issue date. However, there may be no obligation on HSBC Securities (USA) Inc. or any agent of it to do this. Any stabilization may begin on or after the date on which adequate public disclosure of the terms of the offer of the Notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after we receive the proceeds of the issue and 60 days after the date of the allotment of any Notes. Such stabilizing, if commenced, may be effected on any stock exchange, over-the-counter market or otherwise, in accordance with all applicable laws and rules.

You should not invest in the Notes unless you have the knowledge and expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes due to the likelihood of an exercise of the UK bail-in power and the impact this investment will have on your overall investment portfolio. Prior to making an investment decision, you should consider carefully, in light of your own financial circumstances and investment objectives, all the information contained in this prospectus supplement and the accompanying prospectus and incorporated by reference herein and therein.

This document is directed only at relevant persons and must not be acted on or relied on by persons who are not relevant persons. Any investment or investment activity to which this document relates is available only to relevant persons and will be engaged in only with relevant persons.

This prospectus supplement has been prepared on the basis that any offer of the Notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Directive from the requirement to produce a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Member State of the Notes which are the subject of an offering contemplated in this prospectus supplement as completed by final terms in relation to the offer of the Notes may only do so in circumstances in which no obligation arises for us or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither we nor any of the underwriters have authorized, nor do we or any of the underwriters authorize, the making of any offer of the Notes in circumstances in which an obligation arises for us or the underwriters to publish a prospectus for such offer. Neither we nor the underwriters have authorized, nor do we authorize, the making of any offer of Notes through any financial intermediary, other than offers made by the underwriters, which constitute the final placement of the Notes contemplated in this prospectus supplement.

CERTAIN DEFINITIONS AND PRESENTATION OF FINANCIAL AND OTHER DATA

Definitions

As used in this prospectus supplement and the accompanying prospectus, the terms *HSBC Holdings*, *we*, *us* and *our* refer to HSBC Holdings plc. *HSBC Group* and *HSBC* mean HSBC Holdings together with its subsidiary undertakings.

Presentation of Financial Information

The consolidated financial statements of HSBC Group have been prepared in accordance with International Financial Reporting Standards (*IFRSs*), as issued by the International Accounting Standards Board (*IASB*) and as endorsed by the European Union (*EU*). EU-endorsed IFRSs could differ from IFRSs as issued by the IASB, if, at any point in time, new or amended IFRSs were to be endorsed by the EU. As of December 31, 2016, there were no unendorsed standards effective for the year ended December 31, 2016 affecting our consolidated financial statements included in our Annual Report on Form 20-F for the year ended December 31, 2016 filed with the SEC on February 21, 2017 (the 2016 Form 20-F), and there was no difference between IFRSs endorsed by the EU and IFRSs issued by the IASB in terms of their application to HSBC. Accordingly, HSBC's financial statements for the year ended December 31, 2016 were prepared in accordance with IFRSs as issued by the IASB.

We use the US dollar as our presentation currency in our consolidated financial statements because the US dollar and currencies linked to it form the major currency bloc in which we transact and fund our business.

With the exception of the capital ratios presented under *HSBC Holdings plc*, the financial information presented in this document has been prepared in accordance with IFRSs as issued by the IASB and as endorsed by the EU. See *Where You Can Find More Information About Us*.

Currency

In this prospectus supplement, all references to (i) *US dollars*, *US\$*, *dollars* or *\$* are to the lawful currency of the United States of America, (ii) *euro* or *€* are to the lawful currency of the Member States of the EU that have adopted or adopt the single currency in accordance with the Treaty establishing the European Community, as amended, (iii) *sterling* *pounds sterling* or *£* are to the lawful currency of the UK, (iv) *CAD* are to the lawful currency of Canada, (v) *NOK* are to the lawful currency of Norway and (vi) *JPY* are to the lawful currency of Japan.

LIMITATIONS ON ENFORCEMENT OF US LAWS AGAINST US, OUR MANAGEMENT AND OTHERS

We are an English public limited company. Most of our directors and executive officers (and certain experts named in this prospectus supplement and the accompanying prospectus or in documents incorporated herein by reference) are resident outside the United States, and a substantial portion of our assets and the assets of such persons are located outside the United States. As a result, it may not be possible for you to effect service of process within the United States upon these persons or to enforce against them or us in US courts judgments obtained in US courts predicated upon the civil liability provisions of the federal securities laws of the United States. We have been advised by our English solicitors, Cleary Gottlieb Steen & Hamilton LLP, that there is doubt as to enforceability in the English

courts, in original actions or in actions for enforcement of judgments of US courts, of liabilities predicated solely upon the federal securities laws of the United States. In addition, awards of punitive damages in actions brought in the United States or elsewhere may not be enforceable in the UK. The enforceability of any judgment in the UK will depend on the particular facts of the case in effect at the time.

Table of Contents**RISK FACTORS**

An investment in the Notes involves significant risk. Accordingly, you should consider carefully all of the information set forth in, or incorporated by reference into, this prospectus supplement and the accompanying prospectus, including the section entitled Risk Factors, before you decide to invest in the Notes. Terms which are defined in Description of the Notes included in this prospectus supplement beginning on page S-26 have the same meaning when used in this section.

Risks Relating to HSBC's Business

For information on risks relating to HSBC's business, you should read the risks described in the 2016 Form 20-F, including the section entitled *Risk Factors* on pages 92 through 97, the section entitled *Risk Areas of Special Interest* on pages 97 through 98 and Note 35 (Legal proceedings and regulatory matters) to the consolidated financial statements included therein on pages 288 through 294, which is incorporated by reference in this prospectus supplement, and/or similar disclosure in subsequent filings incorporated by reference in this prospectus supplement.

Risks Relating to the Notes

Under the terms of the Notes, you will agree to be bound by the exercise of any UK bail-in power by the relevant UK resolution authority.

You will agree to be bound by the exercise of any UK bail-in power (as defined under *Description of the Notes Definitions*) and you should consider the risk that you may lose all of your investment, including the principal amount plus any accrued interest, if the UK bail-in power is acted upon or that any remaining outstanding Notes or securities into which the Notes are converted, including our ordinary shares, may be of little value at the time of conversion and thereafter (as described under *Risks Relating to the Notes The Notes are the subject of the UK bail-in power, which may result in your Notes being written down to zero or converted into other securities, including unlisted equity securities*).

Specifically, by your acquisition of the Notes, you (which, for these purposes, includes each beneficial owner) will acknowledge, accept, consent and agree, notwithstanding any other term of the Notes, the Indenture or any other agreements, arrangements or understandings between us and you, to be bound by (a) the effect of the exercise of any UK bail-in power by the relevant UK resolution authority (as defined under *Description of the Notes Agreement with Respect to the Exercise of UK Bail-in Power*); and (b) the variation of the terms of the Notes or the Indenture, if necessary, to give effect to the exercise of any UK bail-in power by the relevant UK resolution authority. No repayment or payment of Amounts Due (as defined under *Description of the Notes Agreement with Respect to the Exercise of UK Bail-in Power*) will become due and payable or be paid after the exercise of any UK bail-in power by the relevant UK resolution authority if and to the extent such amounts have been reduced, converted, cancelled, amended or altered as a result of such exercise. Moreover, you (which, for these purposes, includes each beneficial owner) will consent to the exercise of the UK bail-in power as it may be imposed without any prior notice by the relevant UK resolution authority of its decision to exercise such power with respect to the Notes. For more information, see *Description of the Notes Agreement with Respect to the Exercise of UK Bail-in Power*.

The Notes are the subject of the UK bail-in power, which may result in your Notes being written down to zero or converted into other securities, including unlisted equity securities.

On January 1, 2015, the UK Banking Act 2009, as amended (the *Banking Act*), and other primary and secondary legislative instruments were amended to give effect to the BRRD (as defined under *Description of the*

Notes Definitions) in the UK. The stated aim of the BRRD is to provide supervisory authorities, including the relevant UK resolution authority, with common tools and powers to address banking crises pre-emptively in order to safeguard financial stability and minimize taxpayers contributions to bank bail-outs and/or exposure to losses.

S-12

Table of Contents

As the parent company of a UK bank, we are subject to the Banking Act, which gives wide powers in respect of UK banks and their parent and other group companies to Her Majesty's Treasury (HM Treasury), the Bank of England (the BoE), the UK Prudential Regulation Authority (the PRA) and the Financial Conduct Authority in circumstances where a UK bank has encountered or is likely to encounter financial difficulties.

As a result, the Notes are subject to existing UK bail-in powers under the Banking Act and may be subject to future UK bail-in powers under existing or future legislative and regulatory proposals, including measures implementing the BRRD. In particular, the Banking Act was amended to implement a bail-in tool, which may be exercised by the BoE (as a relevant UK resolution authority) and forms part of the UK bail-in power.

Where the conditions for resolution exist, the BoE may use the bail-in tool (individually or in combination with other resolution tools) to cancel all or a portion of the principal amount of, or interest on, certain unsecured liabilities of a failing financial institution and/or convert certain debt claims into another security, including ordinary shares of the surviving entity. In addition, the BoE may use the bail-in tool to, among other things, replace or substitute the issuer as obligor in respect of debt instruments, modify the terms of debt instruments (including altering the maturity (if any) and/or the amount of interest payable and/or imposing a temporary suspension on payments) and discontinue the listing and admission to trading of financial instruments. The BoE must apply the bail-in tool in accordance with a specified preference order. In particular, the Banking Act requires resolution authorities to write-down or convert debts in the following order: (i) additional Tier 1 instruments, (ii) Tier 2 instruments, (iii) other subordinated claims that do not qualify as additional Tier 1 or Tier 2 instruments and (iv) eligible senior claims. Although the bail-in tool has a safeguard designed to leave no creditor worse off than in the case of insolvency, due to the discretion afforded to the BoE, the claims of some creditors whose claims would rank equally with yours may be excluded from being subject to the bail-in tool. The greater number of such excluded creditors there are, the greater the potential impact of the bail-in tool on other creditors who have not been excluded (which may include you).

As a result, the Notes, which are subject to the bail-in tool, will be written down or converted to common equity if the reduction of additional Tier 1 instruments, Tier 2 instruments and subordinated claims that do not qualify as an additional Tier 1 or Tier 2 instrument, does not sufficiently reduce the aggregate amount of liabilities that must be written down or converted to prevent the HSBC Group's failure.

Moreover, to the extent the UK bail-in power is exercised pursuant to the Banking Act or otherwise, any securities issued upon conversion of your Notes may not meet the listing requirements of any securities exchange, and our outstanding listed securities may be delisted from the securities exchanges on which they are listed. Any securities you receive upon conversion of your Notes (whether debt or equity) may not be listed for at least an extended period of time, if at all, or may be on the verge of being delisted by the relevant exchange, including, for example, our American depositary receipts listed on the New York Stock Exchange or our ordinary shares listed on the London Stock Exchange or otherwise. Additionally, there may be limited, if any, disclosure with respect to the business, operations or financial statements of the issuer of any securities issued upon conversion of your Notes, or the disclosure with respect to any existing issuer may not be current to reflect changes in the business, operations or financial statements as a result of the exercise of the UK bail-in power. Moreover, the exercise of the UK bail-in power and/or other actions implementing the UK bail-in power may require interests in the Notes to be held or taken, as the case may be, through clearing systems, intermediaries or persons other than DTC. Furthermore, the trustee may be unwilling to continue serving in its capacity as trustee for the Notes, subject to the terms of the Indenture. As a result, there may not be an active market for any securities you may hold after the exercise of the UK bail-in power.

You should consider the risk that you may lose all of your investment, including the principal amount plus any accrued interest, if the UK bail-in power is acted upon or that any remaining outstanding Notes or securities into which your Notes are converted, including our ordinary shares, may be of little value at the time of conversion and

thereafter. In addition, trading behavior, including prices and volatility, may be affected by the

S-13

Table of Contents

threat of bail-in and, as a result, your Notes are not necessarily expected to follow the trading behavior associated with other types of securities. See also *Risks Relating to the Notes* *Other powers contemplated by the Banking Act may affect your rights under, and the value of your investment in, the Notes.*

Your rights may be limited in respect of the exercise of the UK bail-in power by the relevant UK resolution authority.

There may be limited protections, if any, that will be available to holders of securities subject to the UK bail-in power (including the Notes) and to the broader resolution powers of the relevant UK resolution authority. For example, although under the Banking Act the BoE's resolution instrument with respect to the exercise of the bail-in tool must set out the provisions allowing for securities to be transferred, cancelled or modified (or any combination of these), the resolution instrument may make any other provision that the BoE considers to be appropriate in exercising its specific powers. Such other provisions are expected to be specific and tailored to the circumstances that have led to the exercise of the bail-in tool under the Banking Act and there is uncertainty as to the extent to which usual processes or procedures under English law will be available to holders of securities (including the Notes). Accordingly, you may have limited or circumscribed rights to challenge any decision of the BoE or other relevant UK resolution authority to exercise its UK bail-in power.

Other powers contemplated by the Banking Act may affect your rights under, and the value of your investment in, the Notes.

In addition to the bail-in tool, the Banking Act includes powers to (a) transfer all or some of the securities issued by a UK bank or its parent, or all or some of the property, rights and liabilities of a UK bank or its parent (which would include the Notes), to a commercial purchaser or, in the case of securities, into temporary public ownership (to HM Treasury or an HM Treasury nominee), or, in the case of property, rights or liabilities, to a bridge bank (an entity owned by the BoE); (b) together with another resolution tool only, transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximizing their value through eventual sale or orderly wind-down; (c) override any default provisions, contracts or other agreements, including provisions that would otherwise allow a party to terminate a contract or accelerate the payment of an obligation; (d) commence certain insolvency procedures in relation to a UK bank; and (e) override, vary or impose contractual obligations, for reasonable consideration, between a UK bank or its parent and its group undertakings (including undertakings which have ceased to be members of the group), in order to enable any transferee or successor bank of the UK bank to operate effectively.

The Banking Act also gives power to HM Treasury to make further amendments to the law for the purpose of enabling it to use these powers effectively, potentially with retrospective effect.

The powers set out in the Banking Act could affect how credit institutions (and their parent companies) and investment firms are managed as well as, in certain circumstances, the rights of creditors. Accordingly, the taking of any actions contemplated by the Banking Act may affect your rights under the Notes, and the value of your Notes may be affected by the exercise of any such powers or threat thereof.

The circumstances under which the relevant UK resolution authority would exercise its UK bail-in power or other resolutions tools under the Banking Act or future legislative or regulatory proposals are uncertain, which may affect the value of your Notes.

There remains significant uncertainty regarding the ultimate nature and scope of the resolution powers under the Banking Act (and such significant uncertainty may exist with respect to any other resolution powers or tools enacted

under future legislative or regulatory proposals), as well as the manner in which such powers would affect us and our securities (including the Notes) if such powers were exercised.

For example, although the exercise of certain resolution tools under the Banking Act are subject to certain pre-conditions thereunder, there remains uncertainty regarding the specific factors (including, but not limited to,

S-14

Table of Contents

factors outside our control or not directly related to us) which the BoE would consider in deciding whether to exercise such powers with respect to us or our securities. In particular, because the Banking Act allows for the BoE to exercise its discretion in choosing which resolution tool or tools to apply, it will be difficult to predict whether the exercise of the BoE's resolution powers will result in a principal write-off or conversion to equity. You may not be able to refer to publicly available criteria in order to anticipate a potential exercise of any such resolution powers and consequently its potential effect on us or the Notes.

Accordingly, it is not yet possible to assess the full impact of the exercise of the UK bail-in power pursuant to the Banking Act or otherwise on us, and there can be no assurance that the taking of any actions contemplated therein would not adversely affect your rights, the price or value of your investment in the Notes and/or our ability to satisfy our obligations under the Notes.

Under the terms of the Notes, you will agree to be bound by the variation of the events of default and defaults on the occurrence of a Loss Absorption Disqualification Event, which will result in a further limitation of your remedies.

You will agree to be bound by the variation of the events of default and defaults on the occurrence of a Loss Absorption Disqualification Event (as defined under *Description of the Notes Loss Absorption Disqualification Event*), without prior notice from us or the need to obtain your consent, which will result in a further limitation of your remedies under the Notes.

Specifically, upon the occurrence of a Loss Absorption Disqualification Event, you will lose the right to request the trustee to declare the principal amount and accrued but unpaid payments with respect to the Notes to be due and payable in the case of non-payment of principal or interest on the Notes after a 30-day grace period. After such event, payment of the principal amount of the Notes will be accelerated only upon certain events of a winding-up, as described under *Description of the Notes Events of Default and Defaults After a Loss Absorption Disqualification Event*, and the sole remedy against us under the Indenture for recovery of amounts owing in respect of any non-payment of any amount that has become due and payable under the Notes will be, subject to certain conditions and to the provisions set forth in *Description of the Notes Events of Default and Defaults After a Loss Absorption Disqualification Event* (including your right to institute suit for the enforcement of any payment of the principal of, or interest on, the Notes on or after the due dates thereof), for the trustee, in accordance with the Indenture, to institute proceedings in England (or such other jurisdiction in which we may be organized, but not elsewhere) for our winding-up.

Other changes in law may adversely affect your rights as a noteholder.

Changes in law after the date hereof may affect your rights as noteholder as well as the market value of the Notes. Such changes in law may include changes in statutory, tax and regulatory regimes during the life of the Notes, which may have an adverse effect on an investment in the Notes. In addition, any change in law or regulation that results in our having to pay Additional Amounts to you could constitute a tax event that may entitle us to redeem the Notes, in whole (but not in part), as more particularly described under *Risks Relating to the Notes We may redeem the Notes on the optional redemption date and for certain tax reasons* below and *Description of Debt Securities Redemption* in the accompanying prospectus.

In particular, because the UK voted to exit the EU following the referendum on June 23, 2016 (Brexit), there could be significant changes to those EU laws applicable in the UK (depending on whether, following exit, the UK were to be re-admitted to the European Free Trade Association and EEA, and therefore remain subject to EU legislation applicable to the EEA). While any exit should not in and of itself affect the validity of the Banking Act (through

which the BRRD is implemented), it is possible that subsequent changes in law affecting your rights could take place.

Such legislative and regulatory uncertainty could also affect your ability to accurately value and the liquidity of the Notes and, therefore, affect the trading price of the Notes given the extent and impact on the

Table of Contents

Notes that one or more regulatory or legislative changes, including those described under *Risks Relating to the Notes* *The circumstances under which the relevant UK resolution authority would exercise its UK bail-in power or other resolutions tools under the Banking Act or future legislative or regulatory proposals are uncertain, which may affect the value of your Notes,* could have on the Notes.

The interest rate on the Notes will reset on the Interest Reset Date.

The interest rate on the Notes will initially be % per annum from (and including) the issue date to (but excluding) , . Thereafter, however, the interest rate will be reset on each Interest Reset Date such that the applicable per annum interest rate will be equal to the sum of % and LIBOR on the applicable Interest Determination Date. As a result, the interest rate following , may be less than the initial interest rate and/or the interest rate that applies immediately prior to the relevant Interest Reset Date, which would affect the amount of any interest payments under the Notes and, by extension, could affect their market value.

We may redeem the Notes on the optional redemption date and for certain tax reasons.

We may redeem the Notes in whole (but not in part) on , , as more particularly described under *Description of the Notes Redemption*. Moreover, we may redeem the Notes at any time in whole (but not in part) upon the occurrence of certain tax events, as more particularly described under *Description of Debt Securities Redemption* in the accompanying prospectus. Certain of such tax events may occur at any time after the issue date and it is therefore possible that we would be able to redeem the Notes at any time after the issue date.

Our optional redemption may limit the market value of the Notes to the redemption price during the period shortly before the optional redemption date. Additionally, if we redeem the Notes in any of the circumstances mentioned above, you may not be able to reinvest the redemption proceeds in securities offering a comparable yield.

We may issue securities pari passu with the Notes and/or secured debt.

There is no restriction on the amount of securities that we may issue that rank *pari passu* with the Notes. In particular, the Financial Stability Board (the FSB) final standards for total loss absorbing capacity (TLAC) requirements for global systemically important banks will apply to us once implemented in the UK (which are due to be implemented from January 2019 onwards). While the BoE will have powers to set the BRRD minimum requirement for own funds and eligible liabilities (MREL) thresholds at individual bank level, the policy intention is that the MREL standards for UK banks and groups to which TLAC applies will be consistent with TLAC requirements. We expect to issue between \$60 billion and \$80 billion in aggregate principal amount of senior debt securities between 2016 and 2018 and have issued approximately \$31 billion as of March 3, 2017, in order to meet these TLAC requirements. See pages 81 through 86 in the 2016 Form 20-F.

Furthermore, the terms of the Indenture permit us (and our subsidiaries) to incur additional debt, including secured debt. The Notes will be effectively subordinated to any indebtedness or other liabilities of our subsidiaries (see *Risks Relating to the Notes Our holding company structure may mean that our rights to participate in assets of any of our subsidiaries upon its liquidation may be subject to prior claims of some of its creditors, including when we have loaned or otherwise advanced the proceeds received from the issuance of the Notes to such subsidiary*) and to any of our indebtedness that is secured by property or assets to the extent of the value of the property or assets securing such indebtedness.

In the event of our winding up, you may recover from the value of our assets to satisfy your claims only after our secured creditors have been paid in full. In addition, the claims of *pari passu* creditors may reduce the amount

recoverable by you. Therefore, you may lose all or some of your investment in the Notes in the event of our winding up.

S-16

Table of Contents

Our holding company structure may mean that our rights to participate in assets of any of our subsidiaries upon its liquidation may be subject to prior claims of some of its creditors, including when we have loaned or otherwise advanced the proceeds received from the issuance of the Notes to such subsidiary.

The Notes are our obligations exclusively and are not guaranteed by any person, including any of our subsidiaries. We are a non-operating holding company and, as such, our principal source of income is derived from our operating subsidiaries that hold the principal assets of the HSBC Group. As a separate legal entity, we rely on, among other things, remittance of our subsidiaries' loan interest payments and dividends in order to be able to meet our obligations to you as they fall due. The ability of our subsidiaries and affiliates to pay dividends could be restricted by changes in regulation, contractual restrictions, exchange controls and other requirements, which may restrict our ability to pay any amounts due under the Notes.

In addition, because we are a holding company, our rights to participate in the assets of any subsidiary if it is liquidated will be subject to the prior claims of its creditors and any preference shareholders, except to the extent that we may be a creditor with recognized claims ranking ahead of or *pari passu* with such prior claims against the subsidiary.

We also have absolute discretion as to how we make our investments in, or advance funds to, our subsidiaries, including the proceeds of issuances of debt securities, such as the Notes, and as to how we may restructure existing investments and funding in the future. The ranking of our claims in respect of such investments and funding in the event of the liquidation of a subsidiary, and their treatment in resolution, will depend in part on their form and structure and the types of claim that they give rise to. The purposes of such investments and funding, and any such restructuring, may include, among other things, the provision of different amounts or types of capital or funding to particular subsidiaries, including for the purposes of meeting regulatory requirements, such as the implementation of the European Banking Authority's minimum requirement for own funds and eligible liabilities (or any equivalent requirements imposed by the PRA), or the FSB's minimum TLAC requirements, in respect of such subsidiaries, which may require funding to be made on a subordinated basis. See pages 81 through 86 in the 2016 Form 20-F.

In addition, the terms of some loans or investments in capital instruments issued by our subsidiaries may contain contractual mechanisms that, upon the occurrence of a trigger related to the prudential or financial condition of such subsidiary, would result in a write-down of the claim or a change in the ranking and type of claim that we have against such subsidiary. Such loans to and investments in our subsidiaries may also be subject to the exercise of the UK bail-in power. See *Risks Relating to the Notes* *The Notes are the subject of the UK bail-in power, which may result in your Notes being written down to zero or converted into other securities, including unlisted equity securities.* Any changes in the legal or regulatory form or ranking of a loan or investment could also affect its treatment in resolution.

If any of our subsidiaries were wound up, liquidated or dissolved (i) the noteholders would have no right to proceed against the assets of such subsidiary and (ii) the liquidator of such subsidiary would first apply the assets of such subsidiary to settle the claims of such subsidiary's creditors and/or preference shareholders (including holders of such subsidiary's senior debt and Tier 2 and additional Tier 1 capital instruments) before we would be entitled to receive any distributions.

Uncertainty relating to the LIBOR calculation process may adversely affect the value of the Notes.

Regulators and law enforcement agencies in the UK and elsewhere are conducting civil and criminal investigations into the calculation of daily LIBOR by banks that contributed to the British Bankers' Association (the BBA) when it was the body which exclusively set the relevant LIBOR benchmark rates. A number of BBA member banks have entered in
