Dear American Water Stockholder:

I am pleased to invite you to attend American Water's Annual Meeting of Stockholders on May 12, 2017. This year's proxy statement provides you with information on three important subject matters: namely, the annual meeting, our commitment to sound corporate governance and our executive compensation program.

We continue to demonstrate our commitment to simplify and more effectively communicate these matters. In this regard, we have expanded on the focus that we began last year to improve the readability of our proxy statement. This year, you will find simpler and easier to read text and column formatting. We have also presented information in a clearer fashion by using more bulleted lists, tables and graphics, shorter sentences and a plain English writing style throughout. We have also reduced or eliminated duplicative or unnecessary information where possible. The Board and I believe that these changes reflect our ongoing commitment to make the proxy statement's information easier to read and understand.

Furthermore, as part of our commitment to strong corporate governance practices, our Board has continued its constructive and open dialogue with our stockholders. To this end, in 2016, we received increased input from our stockholders on key governance and executive compensation topics important to them. This program is described beginning on page 13 of the proxy statement. We encourage you to learn more about our governance and compensation practices by reading the proxy statement and visiting the Investor Relations page on our website at <https://amwater.com>. Also, for the second year in a row, I enjoyed the opportunity to meet a number of our stockholders at our December 15, 2016 Investor Conference in New York City.

It is important that your shares be represented and voted at the annual meeting regardless of how many shares you own. Whether or not you plan to attend the annual meeting in person, we encourage you to vote your shares in advance of the annual meeting by using one of the methods described in the accompanying proxy materials. Thank you for your support and continued interest in American Water.

Sincerely,

George MacKenzie

Chairman of the Board

How to Vote Shares Held in Street Name

If you hold shares through a brokerage firm, trustee, bank, other financial intermediary or nominee, which is known as holding shares in street name, you will receive from that broker, trustee, bank or other nominee, which we refer to as an intermediary, a voting instruction form. This will explain how to direct the voting of your shares through the intermediary, which may include the ability to provide voting instructions via the Internet or by telephone.

If your shares are held in street name through a brokerage firm that is a member of the New York Stock Exchange, or the NYSE, and you want to vote on any of Proposals 1 through 5, you MUST indicate how you wish your shares to be voted. The broker will vote shares held by you in street name in accordance with your voting instructions, as indicated on your signed voting instruction form or by the instructions you provide via the Internet or by telephone. Absent such instructions, NYSE rules would prohibit a broker from exercising discretion to cast a vote with respect to your shares. In that case, a proxy submitted by the broker with respect to your shares would indicate that the broker is unable to cast a vote with respect to the matter, which is commonly referred to as a broker non-vote.

Under NYSE rules, Proposal 6 is considered a routine matter, and thus a broker would be

permitted in its discretion to cast a vote on that proposal as to your shares in the event that you do not provide the broker with voting instructions. Accordingly, if your shares are held in street name, it is important that you provide voting instructions to the intermediary so that your vote will be counted.

If you hold shares in street name and wish to vote your shares in person at the meeting, you must first obtain a valid legal proxy from the intermediary. To do so, you must follow the instructions provided on your voting instruction form, or, if no such instructions were provided, you must contact the intermediary directly. To attend the meeting in person (regardless of whether you intend to vote your shares in person at the meeting), you must obtain an admission card in advance of the meeting by following the instructions under Attending the Annual Meeting in Person.

If you received more than one voting instruction form or Notice of Availability, your shares are likely registered in different names or with different addresses or are in more than one account. You must separately follow the foregoing voting procedures for each voting instruction form or Notice of Availability that you receive in order for all of your shares to be voted at the meeting.

Revoking or Changing a Proxy

If you own shares in your own name (including shares you may hold through American Water Direct, our dividend reinvestment and direct stock purchase plan), you may revoke any prior proxy, regardless of how your proxy was originally submitted, by:

- sending a written statement to that effect to our Secretary, which must be received by us before the meeting

- submitting a properly signed proxy card dated a later date
- submitting a later dated proxy via the Internet or by telephone or
- attending the meeting in person and voting your shares at the meeting.

Please see Communications, Stockholder Proposals and Company Information Contacting Us or Our Transfer Agent on page 96 of this proxy statement for more information on providing our Secretary with written notice.

If you hold shares in street name, you should follow the instructions provided on your voting instruction form or contact the intermediary for instructions on how to change your vote.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The Board of Directors

The Board is currently comprised of eight members, consisting of seven independent directors and Susan N. Story, our President and Chief Executive Officer.

The Board held 13 meetings during 2016. During the period in 2016 for which each director served as such, he or she attended at least 75% of the combined number of Board meetings and meetings of the Board committees on which he or she served, except for:

- William J. Marrazzo, who did not stand for re-election to the Board at the 2016 annual meeting of stockholders, and
- Richard R. Grigg, who resigned from the Board on December 12, 2016 for health reasons.

The Board has adopted an attendance policy, set forth in our Corporate Governance Guidelines, under which attendance, whether telephonically or in person, is expected at all regularly scheduled stockholder, Board and committee meetings. Nine out of the ten directors then on the Board attended the 2016 annual meeting.

At each regularly scheduled meeting, the Board meets in executive session, without the presence of any members of management. George MacKenzie, our independent, non-executive Chairman of the Board, presides over these sessions.

Board Committees

The Board has four separately designated standing committees:

- the Audit Committee;
- the Executive Development and Compensation Committee, referred to as the Compensation Committee ;
- the Nominating/Corporate Governance Committee, referred to as the Nominating Committee ; and
- the Finance and Risk Committee.

Each committee has a charter, which can be found on our Investor Relations website at <http://ir.amwater.com>, by selecting the Corporate Governance tab on that page, and then selecting the Governance Documents menu item. Each committee has the authority to retain outside advisors, including legal counsel or other experts, as it deems appropriate in its sole discretion and to approve the fees and expenses associated with such advisors.

Each committee sets time to meet in executive session without management personnel present. The Compensation Committee meets regularly with its independent compensation consultant in executive session. The Audit Committee meets regularly in separate executive sessions with, among others:

- our Vice President of Internal Audit;
- our Chief Compliance Officer;
- our Executive Vice President, General Counsel and Secretary; and
- representatives of our independent registered public accounting firm.

The membership and primary responsibilities of each of the standing Board committees, including the number of committee meetings held during 2016, are described in the following table below:

Board Review of Related Person Transactions

The Board has adopted the Related Person Transaction Policy for reviewing, approving and ratifying transactions involving related persons to ensure compliance with our Code of Ethics and applicable law. Subject to certain exceptions, this written policy covers transactions, relationships or arrangements, in which American Water or any subsidiary was or is to be a participant and a related person has or will have a direct or indirect material interest. For purposes of this policy, a related person is any person who at the time of the transaction, relationship or arrangement is:

- a current employee or director (including subsidiary directors);
 - a director nominee;
 - a former officer or director who was an officer or director during the current or prior fiscal year;
 - any person who beneficially owns more than five percent of our common stock; and
 - a specified immediate family member, or any other person sharing the household, of any of the foregoing.
- Permission for a related person transaction may only be granted in writing in advance by the following:

- the Audit Committee, in the case of transactions involving corporate officers, directors or other employees in specified senior grade levels; and
 - our Ethics Committee, which is comprised of members of management, in the case of all other employees.
- Alternatively, the disinterested members of the Board may approve any related person transaction. Further, as permitted by the policy, the Ethics Committee has delegated to our Chief Compliance Officer the authority to review and approve related person transactions that are

within its authority where the amount involved is less than \$5,000. Transactions involving the compensation of executive officers are reviewed and, if appropriate, approved by the Compensation Committee (or a group of our independent directors performing a similar function) as specified in the Compensation Committee's charter.

Before any related person transaction is approved, the following factors are to be considered:

- the related person's interest in the transaction;

- the dollar value of the amount involved in the transaction;
- the dollar value of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction is to be undertaken in the ordinary course of business of American Water;
- whether the transaction with the related person is proposed to be entered into on terms more favorable to American Water than terms that could have been reached with an unrelated third party;
- the purpose, and the potential benefits to American Water, of the transaction; and
- any other information regarding the transaction or the related person that is material in light of the circumstances of the particular transaction.

Approval of a related person transaction under the policy will be granted only if it is determined that, under all of the circumstances, the transaction is in the best interests of American Water and only so long as those interests outweigh any negative effects that may arise from permitting it to occur.

Board Leadership Structure

For 2016 and currently, Ms. Story serves as our President and Chief Executive Officer and Mr. MacKenzie serves as our Chairman of the Board. Our Corporate Governance Guidelines provide that the Chairman of the Board is to be an independent director. We believe that the oversight function of a board of directors is enhanced when an independent director, serving as chairman of the board, is in a position to set the agenda for, and preside over, meetings of the board of directors. We also believe that our leadership structure enhances the active participation of our independent directors.

The Chairman of the Board is responsible for:

- setting the agenda for meetings of the Board, and presiding over Board meetings at which the Chairman of the Board is present;
- coordinating the work of the Board committees;
- overseeing the distribution of materials by our Secretary to the members of the Board;
- serving as the independent director primarily responsible for consultations and communications with stockholders; and
- performing such other duties as the Board may, from time to time, require to assist it in the fulfillment of its duties.

If the Chairman of the Board ceases to be an independent director, the Board shall select another Chairman of the Board from among the members of the Board who are determined by the Board at that time to be independent directors. The Chairman of the Board may be removed from that position at any time by a majority of the members of the Board.

Board Role in Risk Oversight

One of the responsibilities of the Board is the oversight of our risk management activities, which is discharged by the Board as well as through the Finance and Risk Committee, the Audit Committee and the Compensation Committee. In discharging this responsibility, the Board and these committees, with the assistance of management, monitor and evaluate our major enterprise risks and oversee and monitor the design and implementation of guidelines and programs to manage these risks.

Our management has overall responsibility for conducting risk assessments and risk

management strategy and programs. We have an Enterprise Risk Management Committee, the members of which consist of our executives and business unit employees, to manage and oversee day-to-day risk management responsibilities. The Enterprise Risk Management Committee meets at least six times a year. The Enterprise Risk Management Committee's areas of focus include competitive, economic, operational, financial (including accounting, internal audit, credit, liquidity and tax), legal, compliance, regulatory, health, safety and environmental, political and

reputational risks.

Audit Committee Role

The Audit Committee is responsible for assisting the Board in overseeing the Company's accounting and disclosure controls, the design and performance of the internal audit, and ethics and compliance functions. The Audit Committee also has direct authority over the Company's independent registered public accounting firm. The Audit Committee also discusses with the Chair of our Finance and Risk Committee and management, at least annually, our policies with

respect to risk assessment and risk management, our major financial risk exposures and the steps management has taken to monitor and control these exposures. The Finance and Risk Committee reports to the Audit Committee at least annually regarding Finance and Risk Committee activities relating to enterprise risk management. In this regard, the Chairman of the Finance and Risk Committee meets annually with management and the Audit Committee.

Table of Contents

Compensation Committee Role

The Compensation Committee assesses potential risks related to our compensation policies and practices. Management conducts an annual risk assessment of our executive compensation, with a particular focus on performance-based compensation. This risk assessment is reviewed with both our internal audit function as well as the Enterprise Risk Management Committee. In February 2017, the results of this risk assessment, which included our 2016 short-term and long-term performance-based executive compensation, were reviewed with the Compensation Committee. This assessment sought to identify features of our compensation policies and practices that could encourage excessive risk-taking.

The risk assessment focused on our executive performance-based compensation, as less than 50.7 percent of our employees participated in any form of variable compensation and greater than 12.3 percent of employees who participated in a variable pay compensation element have a target award that is less than 15 percent of base pay. Management did not identify any new or additional compensation-related risks as compared to the prior year. The risk assessment conducted by management found that our existing short-term and long-term compensation is coupled with compensation design elements and other controls that discourage decision making focused solely on compensatory consequences. These design elements and controls include, among other things:

- base salaries that are a sufficient component of total compensation to discourage excessive short-term risk taking;
- cash performance-based awards with a maximum payout that is limited to 200 percent of target;
- the ability of the Compensation Committee to exercise discretion in determining the amount of cash performance-based compensation awarded;
- the use of long-term performance awards that mitigate against the taking of short-term risks;
- the implementation of annual independent audits of our cash performance-based compensation program conducted by our internal audit function;
- Company-wide and individual performance targets which are dispersed among a variety of financial and non-financial metrics, as well as among short-term and long-term goals;
- policies and procedures implemented to provide for meaningful checks and balances regarding significant business decisions that may have a compensatory benefit, including the use of a robust vetting process for new business development opportunities and limiting the delegated authority of executives to approve transactions;
- a compensation recovery policy that would require repayment of incentive compensation in the event of a material restatement of our financial statements under specific circumstances;

- the use of overlapping vesting and performance periods through annual performance award grants;
- beginning in 2017, discontinuing the use of stock options as part of our long-term performance program, thereby discouraging behavior focused on short-term increases in stock prices; and
- stock ownership guidelines and retention requirements that are applicable to executives and employees of the Company at a specified minimum salary grade (generally vice president) level.

On the basis of its review of our executive compensation programs, management concluded, and advised the Compensation Committee, that the risks of these compensation programs are mitigated and are not reasonably likely to have a material adverse effect on American Water.

Table of Contents

Finance and Risk Committee Role

The Finance and Risk Committee has authority and responsibility for the oversight and review of our enterprise risk management process, including risk assessments and risk management strategy and programs. In performing these responsibilities, the Finance and Risk Committee reviews quarterly with management the significant categories of financial and operational

risk exposures, including any risk concentrations and risk interrelationships, the magnitude and the likelihood of occurrence of risk, and management's activities to monitor and mitigate these exposures. The Finance and Risk Committee also oversees our insurance risk management policies and programs.

Board Role in Succession Planning

The Corporate Governance Guidelines provide that a primary responsibility of the Board is planning for the succession of our chief executive officer and other executive officers. The goal of our succession planning process is to identify executive talent at the Company and provide for continuity of effective leadership that can fulfill the long-term requirements of our business. The Corporate Governance Guidelines contemplate a collaborative effort between the Board (and certain of its committees) and the chief executive officer; however, the Board retains full responsibility for the selection of the chief executive officer.

Specifically, the Corporate Governance Guidelines provide that the chief executive officer annually submits to the Board for its review a succession plan for the chief executive officer and other executive officers. The succession plan includes a determination of key competencies and desired experiences for the particular role, an identification and assessment of internal candidates, development plans for internal candidates and, as appropriate, identification of external candidates. The criteria used to assess potential chief executive officer candidates are formulated by the Board based on the Company's business strategies, and include experience, strategic and leadership qualities. The chief executive officer must also submit to the Board annually an emergency succession plan to prepare for any unforeseen

event that may prevent the chief executive officer from continuing to serve. The Board is permitted to review executive development and succession planning more frequently as it deems appropriate.

In 2015, the Board approved changes to the Corporate Governance Guidelines and the charters of the Nominating Committee and the Compensation Committee to clarify the roles of those committees in executive succession planning. In this regard, the Board has, in a manner consistent with its responsibilities as described in this section, delegated the day-to-day responsibility for the process of providing a slate of CEO succession candidates for consideration by the Board to the Nominating Committee, with input from the Chairman of the Board and the current chief executive officer. The Board also has delegated authority to the Compensation Committee to collaborate with the chief executive officer to ensure that processes are in place for succession planning and development with respect to other senior executive officers.

As a practical matter, consideration of management succession planning occurs throughout the year and involves regular interaction between and among the Board, the President and Chief Executive Officer, the Senior Vice President, Human Resources, and other members of management.

Board Refreshment and Director Tenure

Our Corporate Governance Guidelines do not maintain term limits on the service of our directors. The Board believes that term limits

could result in the loss of directors who have been able to develop, over a period of time, increasing insight into our business and

Table of Contents

operations, and an institutional memory that benefits the entire membership of the Board as well as management. Instead, the Nominating Committee reviews annually each director's continuation on the Board, which allows each director the opportunity to confirm his or her desire to continue as a director and provides the Board an opportunity to refresh its membership as and when it deems appropriate.

Our Corporate Governance Guidelines generally restrict a non-employee director who has reached his or her 75th birthday prior to the date of our annual meeting of stockholders from being nominated for re-election to the Board. However, the Board may, in special circumstances and where deemed in the best interests of the Company, grant an exception to this policy on an annual basis.

In December 2016, the Board considered the nomination of Mr. Evanson, who turned 75 after

our 2016 annual meeting of stockholders. The Board considered the findings of the Nominating Committee, including:

- the need for continuity on the Board given recent changes in membership
- Mr. Evanson's steadfast leadership
- his service on several Board committees, including as Chair of the Compensation Committee
- his knowledge and prior experience as a CEO of a public company and
- the fact that he is not a long-tenured director.

Based on the findings and recommendation of the Nominating Committee, the Board determined that special circumstances existed to warrant Mr. Evanson's nomination in 2017 as a director for election to the Board at the annual meeting.

Stockholder Outreach

In addition to the extensive outreach to our stockholders undertaken by our Investor Relations department and our senior executive officers, in 2015, we implemented a stockholder outreach program centered on corporate governance, executive compensation, and disclosure and related issues regarding the Company.

During and after the 2016 proxy season, we contacted a number of our stockholders that beneficially owned, in the aggregate, greater than 35 percent of our common stock, to better identify and understand the governance, compensation, disclosure and related issues that were most important to them. Through these outreach sessions, we:

- discussed topics of interest to our stockholders
- solicited investor viewpoints
- conveyed the Company's views on those topics and
- gained a better understanding of areas of mutual agreement.

Through this outreach, we received overall positive feedback regarding our corporate governance framework and our pay-for-performance philosophy. We also engaged in a constructive dialogue regarding additional enhancements to

our governance and executive compensation disclosures generally, many of which have been incorporated in this year's proxy statement. Finally, stockholders expressed appreciation for our willingness to seek their views, and more importantly, the desire to establish an ongoing dialogue. The input and insight gleaned from our 2016 stockholder outreach program was shared with management and our Board.

We also have responded to appropriate requests from stockholders for greater interaction with Board members. In this regard, on May 13, 2016, we held a breakfast for our stockholders prior to our 2016 annual meeting of stockholders, which was also attended by Board members and members of management. Additionally, on December 15, 2016,

Table of Contents

Mr. MacKenzie attended our Investor Conference in New York City, giving him the opportunity to interact with our stockholders and securities analysts in attendance.

We intend to continue to engage regularly with stockholders and proxy advisory firms through similar outreach programs. In this regard, we will continue to solicit their input and give careful consideration to the feedback we receive.

Governance Policies and Procedures

We have adopted a Code of Ethics applicable to our directors, officers and employees. Among other things, the Code of Ethics is designed to:

- deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- promote full, fair, accurate, timely and understandable disclosures in periodic reports we are required to file; and
- promote compliance with applicable governmental laws, rules and regulations.

The Code of Ethics provides for the prompt internal reporting of violations to an appropriate person identified in the Code of Ethics and contains provisions regarding accountability for adherence to the Code of Ethics. We intend to satisfy the disclosure requirements regarding any amendment to, or waiver from, a provision

of the Code of Ethics by making disclosures concerning such matters available on the Investor Relations page of our website.

Our Corporate Governance Guidelines provide for principles by which the Board will organize and execute its responsibilities in accordance with our Restated Certificate of Incorporation, our Amended and Restated Bylaws, the listing standards of the NYSE, and applicable laws. Additionally, the Board has adopted charters for the Audit Committee, the Compensation Committee, the Nominating Committee and the Finance and Risk Committee.

Current copies of all of the foregoing documents are available on our Investor Relations website at <http://ir.amwater.com> and can also be obtained by sending us a written request. See Communications, Stockholder Proposals and Company Information Contacting Us or Our Transfer Agent on page 96 of this Proxy Statement.

PROPOSAL 1

ELECTION OF DIRECTORS

Explanation of the Proposal

In accordance with our Restated Certificate of Incorporation and Amended and Restated Bylaws, the number of directors is fixed from time to time by the Board. There are currently eight members of the Board.

On the recommendation of the Nominating Committee, the Board has nominated for election at the meeting the following persons:

- Julie A. Dobson
- Paul J. Evanson
- Martha Clark Goss
- Veronica M. Hagen
- Julia L. Johnson
- Karl F. Kurz
- George MacKenzie
- Susan N. Story

Each of these nominees is currently a member of the Board. It is intended that each nominee would hold office until the date of the 2018 annual meeting of stockholders, or until his or her successor is elected and qualified, or until his or her earlier death, resignation or removal. Proxies may not be voted for more than these eight nominees.

Each director nominee identified in this proxy statement has confirmed that he or she is willing and able to serve as a director, if elected. Should any of the nominees, prior to the meeting, become unavailable to serve as a director for any reason, the Board may either reduce the number of directors to be elected or select another nominee recommended by the Nominating Committee. If another nominee is selected, all proxies will be voted for the substitute nominee.

In accordance with our Amended and Restated Bylaws and our Corporate Governance Guidelines, prior to this meeting, each incumbent director nominee will submit a contingent resignation in writing to the Chairman

of the Board or the Secretary of American Water. The resignation becomes effective only if the director fails to receive a sufficient number of votes for re-election at the meeting, assuming a quorum is present and the Board accepts the resignation. In an uncontested election of directors, if any incumbent director nominated for re-election does not receive the vote of at least the majority of the votes cast at any meeting for the election of directors at which a quorum is present, the Nominating Committee will make a recommendation to the Board on whether to accept or reject such tendered resignation, or whether other action should be taken. The Board will act on the tendered resignation, taking into account the Nominating Committee's recommendation, and publicly disclose, by a press release, a filing with the Securities and Exchange Commission, or the SEC, or other broadly disseminated means of communication, its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results.

With respect to a tendered resignation, the Nominating Committee, in making its recommendation, and the Board, in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation will not participate in the recommendation of the Nominating Committee or the decision of the Board with respect to his or her resignation. If a director's resignation is not accepted by the Board, such director will continue to serve until the 2018 annual meeting of stockholders and until his or her successor is duly elected, or his or her earlier death, resignation or removal. If a director's resignation is accepted by the Board, then the Board, in its sole discretion, may fill any resulting vacancy or may decrease the size of the Board.

Director Independence

The NYSE's listing standards require that:

- a majority of our directors and all of the members of the Nominating Committee satisfy the NYSE's independence standards applicable to all directors
- all of the members of the Audit Committee satisfy the NYSE's independence standards applicable to Audit Committee members and
- all of the members of the Compensation Committee satisfy the NYSE's independence standards applicable to Compensation Committee members.

Applying these standards, the Board determined that seven of our eight current directors, consisting of Ms. Dobson, Goss, Hagen and Johnson, and Messrs. Evanson, Kurz and MacKenzie, qualify as independent.

The Board also determined that each of Ms. Dobson and Goss, and Mr. Kurz, satisfies the NYSE's independence standards for Audit Committee members, and that each of Ms. Hagen and Johnson, and Mr. Evanson, satisfies the NYSE's independence standards for Compensation Committee members.

Finally, the Board also determined that each of Messrs. Grigg and Marrazzo, former directors who served on the Board during 2016, satisfied the NYSE's independence standards applicable to all directors.

For a director to be considered independent under the NYSE listing standards, a director cannot have any of the disqualifying relationships enumerated by those standards. Furthermore, the NYSE listing standards state that a director is not independent unless the board of directors affirmatively determines that the director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company). In making this determination, the Board considers all relevant facts and circumstances when assessing the materiality of any relationship of a director with the Company, not only from the standpoint of the director but also from that of persons or organizations with which the director has an affiliation. Material relationships can include, for example, commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships.

To assist the Board in considering these relationships, the Board has adopted categorical standards of material director relationships. Under these standards, which are based in part on the disqualifying relationships enumerated by the NYSE's listing standards, a director will not be deemed independent if any of the following relationships exist:

Type of Relationship (1)

Description of Relationship (1)(2)

Employee or executive officer of American Water

The director is, or has been within the last three years, an employee of American Water, or an immediate family member of the director is, or has been within the last three years, an executive officer of American Water. However, employment as an interim chief executive officer or other officer will not disqualify a director from being considered independent following that employment.

Relationships with internal or external auditor

Any of the following relationships exist:

- the director is a current partner or employee of American Water's internal or external auditor
- the director has an immediate family member who is a current partner of the internal or external auditor

Table of Contents

Type of Relationship (1)

Description of Relationship (1)(2)

- the director has an immediate family member who:
 - § is a current employee of the external auditor and
 - § personally works on the Company's audit
- the director or an immediate family member of the director was, within the last three years
 - § a partner or employee of the internal or external auditor and
 - § personally worked on the Company's audit within that time

Compensation Committee interlocks

The director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee.

Receipt of direct compensation from American Water

The director or an immediate family member of the director received, during any 12 month period within the last three years, more than \$120,000 in direct compensation from American Water, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).

Compensation received by a director for former service as an interim CEO or other executive officer need not be considered in determining independence under this standard.

Compensation received by an immediate family member for service as an employee of American Water (other than as an executive officer) need not be considered in determining independence under this standard.

Receipt of indirect compensation from American Water

The director is a current employee or holder of more than 10 percent of the equity of another company, or an immediate family member of the director is a current executive officer or holder of more than 10 percent of the equity of another company, that has made payments to, or received payments from, American Water or any subsidiary in any of the other company's last three fiscal years, that exceeds the greater of \$1 million or two percent of such other company's consolidated gross revenues.

Charitable contributions by American Water

The director is a current executive officer of a charitable organization to which American Water or any subsidiary has made charitable contributions in any of the charitable organization's last three fiscal years that exceed the greater of \$1 million or two percent of that charitable organization's consolidated gross revenues.

- (1) A person's immediate family includes a person's spouse, parents, children, siblings, mother- and father-in-law, sons- and daughters-in-law, and brothers- and sisters-in-law and anyone (other than domestic employees) who shares such person's home.

Table of Contents

- (2) The term “executive officer” is defined to mean the following officers of American Water: President; Chief Financial Officer; Controller; any Vice President in charge of a principal business unit, division or function; any other officer who performs similar policy-making functions for American Water; or any other person who performs similar policy-making functions for American Water. An officer of a subsidiary of American Water would be deemed to be an “executive officer” for purposes of this standard if he or she performs such policy-making functions for American Water. A list of American Water’s executive officers as defined above as of February 21, 2017 has been provided in the 2016 Annual Report.

Director Criteria, Qualifications, Experience and Diversity

We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will enable the Board to fulfill its responsibilities. Therefore, the Nominating Committee considers diversity in identifying nominees for directors. In this regard, the Nominating Committee views diversity in a broad sense, including on the basis of skills, experience, age, race, gender and ethnicity. The Board believes in balancing the value that longevity of director service can bring to our company with the value of new ideas and insights that can come through new members. In addition, our Corporate Governance Guidelines provide that directors must be persons of good character and thus must possess all of the following personal characteristics:

- *Integrity:* Directors must demonstrate high ethical standards and integrity in their personal and professional dealings.
 - *Accountability:* Directors must be willing to be accountable for their decisions as directors.
 - *Judgment:* Directors must possess the ability to provide wise and thoughtful counsel on a broad range of issues.
 - *Responsibility:* Directors must interact with each other in a manner which encourages responsible, open, challenging and informed discussion.
 - *High Performance Standards:* Directors must have a history of achievement which reflects high standards for themselves and others.
 - *Commitment and Enthusiasm:* Directors must be committed to, and enthusiastic about, their performance for American Water as directors, both in absolute terms and relative to their peers.
 - *Courage:* Directors must possess the courage to express views openly, even in the face of opposition.
- Our Corporate Governance Guidelines also state that the Board members should strive to have members with knowledge, experience and skills in the following core competencies:

- accounting and finance
- business judgment
- management
- crisis response
- industry knowledge
- utility regulation
- leadership
- strategy/vision

In this regard, in evaluating a candidate's experience and skills, the Nominating Committee will consider qualities such as an understanding of the water industry, utilities, marketing, finance, customer service, utility and environmental regulation and public policy issues. The Nominating Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees.

In addition, the Board is committed to being comprised of directors that add tangible value to American Water with a diversity of ideas, approaches and experiences and the interpersonal capacity to foster effective communication within, and operation of, the Board and with management. Annually, the Nominating Committee reviews the profile,

Table of Contents

engagement and performance of each director to determine whether he or she should be renominated for board service. The Nominating Committee also considers whether, in light of our strategy or trends in our market environment, new skill sets or experiences would benefit our company and our stockholders.

The process followed by the Nominating Committee to identify and evaluate candidates includes requests to members of the Board and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates, and interviews of selected candidates by members of the Nominating Committee and other members of the Board. The Nominating Committee may engage a third party to assist in the search for director candidates or to assist in gathering information regarding a director candidate's background and experience. If the Nominating Committee engages a third party, that committee would approve the fee that American Water pays for these services. However, no such third party was engaged in 2016.

When evaluating the recommendations of the Nominating Committee, the Board should take into account all factors it considers appropriate, which may include:

- whether the candidate is committed to the highest ethical standards;
- whether the candidate has special skills, expertise and background that would complement the attributes of the existing directors, taking into consideration the communities and geographies in which the Company operates;
- whether the candidate has achieved prominence in his or her business, governmental or professional activities, and has built a reputation that demonstrates the ability to make the kind of important and sensitive judgments that the Board is called upon to make;
- whether the candidate will effectively, consistently and appropriately take into account and balance the legitimate interests and concerns of all of our stockholders and our other stakeholders in reaching decisions, rather than advancing the interests of a particular constituency;
- whether the candidate possesses a willingness to challenge management while working constructively as part of a team in an environment of collegiality and trust; and
- whether the candidate will be able to devote sufficient time and energy to the performance of his or her duties as a director.

Director Evaluations and Assessments

Each year, directors complete a targeted questionnaire to assess the performance of the Board and each of the standing committees. The questionnaire elicits quantitative and qualitative ratings in key areas of Board operation and function and seeks subjective comments from each director. Each committee member completes questions to evaluate how

well the committees on which he or she serves are functioning and to provide suggestions for improvement.

For 2016, the Board implemented a peer review process by which each director was asked to

provide feedback on a number of characteristics of each of other directors, including background, leadership, preparation, focus on stockholder interests, participation and independence.

In addition, periodically, members of our executive leadership team comprised of senior executives of the Company who regularly interact with the Board and the committees are solicited to provide their input and perspective on the operation of the Board and how the Board might improve its effectiveness.

Table of Contents

Finally, our Chairman also interviews each director on a one-on-one basis to obtain his or her assessment of director performance, Board dynamics and the effectiveness of the Board and its committees, and to discuss his or her responses to these questions.

A summary of the responses to the questionnaires and the responses received from senior management's feedback is reviewed by the Chairman. The summary and related responses with respect to the Board and each committee is ultimately discussed in executive session in meetings of the Board and each respective committee.

Director Compensation

During 2016, our non-employee directors received annual cash retainers, payable in quarterly installments, for their services as described below:

Director	Amount of Annual Cash Retainer
Chairman of the Board	\$ 140,000
Audit Committee and Compensation Committee Chairs	\$ 105,000
Nominating Committee and Finance and Risk Committee Chairs	\$ 97,500
Other Non-Employee Directors	\$ 85,000

We do not pay our directors a separate fee for attendance at Board or committee meetings, except that, during 2016:

- members of the Demand Review Committee (consisting of Messrs. Kurz, MacKenzie and Evanson, and Ms. Dobson) received a \$15,000 special payment for serving on that committee; and
- Mr. Kurz received a \$15,000 annual fee for his service on the board of directors of Water Solutions Holdings, LLC, in which American Water owns a 95 percent equity interest and which, through its wholly owned subsidiary Keystone Clearwater Solutions, LLC, provides water services to customers in the natural gas exploration and production industry.

In addition, in April 2016, the annual equity compensation of each non-employee director and the Chairman of the Board, was increased from \$95,000 and \$150,000, respectively, to \$105,000 and \$160,000, respectively. This compensation was paid in the form of stock units under our 2007 Omnibus Equity Compensation Plan, or the 2007 Plan. For 2016, Ms. Hagen received a pro-rated portion of the non-employee director equity award.

The actual number of stock units granted is based on the closing price of our common stock on the date of grant, which is typically the date the director is elected to the Board. The stock units vest on the date of grant and the shares underlying the stock units are distributed to the directors approximately 15 months after the date of grant (or approximately six months with respect to Ms. Hagen's initial stock units), subject to earlier vesting in the event of a change in control or the termination of the director's service on the Board, or in accordance with the director's

irrevocable election to defer distribution of all of his or her shares of common stock to a later time.

To the extent that a dividend is paid on our common stock prior to the time that shares of common stock may be distributed, the value of the dividend that would have been paid if the stock units had been outstanding shares of common stock are credited to an account for the director. Such dividend equivalents are payable to the director in a lump sum, in cash and without interest, and are paid when shares of common stock are distributed to the director.

Non-employee directors are reimbursed for expenses incurred in attending Board and committee meetings and for up to \$5,000 every

two years per director for director educational expenses incurred.

Recommendation of the Board

The Board unanimously recommends a vote **FOR** the election of each of the eight director nominees as named in this proxy statement.

PROPOSAL 2

VOTE TO APPROVE, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Background of the Proposal

Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers, or NEOs, as disclosed in this proxy statement in accordance with the SEC's rules. The disclosures related to compensation of our NEOs consist of the Compensation Discussion and Analysis, the 2016 Summary Compensation Table, and the other required compensation tables and narrative disclosures in this proxy statement. In accordance with the advisory vote of our stockholders at our 2011 annual meeting of stockholders, we are providing to our stockholders the opportunity to vote annually to approve, on an advisory basis, the compensation of our NEOs.

Our executive compensation philosophy and programs are designed to create a positive correlation of pay to performance and reward our NEOs for delivering results. We seek to attract, motivate and retain high-caliber executives and to align the interests of those

executives with the interests of our stockholders in order to build long term, sustainable value for our stockholders.

Accordingly, the Board recommends that our stockholders vote **FOR** the following resolution:

RESOLVED, that the stockholders of American Water Works Company, Inc. (the Company) approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion in the Company's proxy statement for the 2017 annual meeting of stockholders.

While the vote is not binding on us, our Compensation Committee values the opinions expressed by our stockholders and will carefully consider the outcome of the vote when making future compensation decisions for our NEOs.

Recommendation of the Board

The Board unanimously recommends a vote **FOR** the approval, on an advisory basis, of the compensation of our NEOs.

Table of Contents

PROPOSAL 3

APPROVAL, ON AN ADVISORY BASIS, OF THE FREQUENCY OF THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Background of the Proposal

In accordance with Section 14A of the Exchange Act, the Board is also asking our stockholders to vote, on an advisory (non-binding) basis, on how frequently we should conduct an advisory stockholder vote to approve the compensation of our NEOs. By voting on this proposal, stockholders may indicate whether they would prefer an advisory vote on NEO compensation once every one, two or three years, or they may abstain from voting.

After careful consideration of the frequency alternatives, our Board has determined that conducting an advisory vote on executive compensation every year is the most appropriate alternative for the Company.

The Company's practice for the past six years has been to hold the advisory vote on executive compensation every year and the Board believes the annual vote has worked well. The annual vote gives stockholders the opportunity to provide us with their direct input on our compensation for NEOs every year and the Board believes that an annual vote best enables us to continue to obtain stockholder views on a reasonably current basis.

Stockholders may cast a vote on the frequency of our advisory stockholder vote by choosing the

option of (1) every year, (2) every two years, (3) every three years or (4) abstaining from voting, in response to the resolution set forth below.

RESOLVED, that a vote of the holders of the common stock of American Water Works Company, Inc. (the Company) to approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion contained in the Company's proxy statement, be held at an annual meeting of the stockholders, beginning with the 2017 annual meeting of stockholders, (1) every year, (2) every two years or (3) every three years.

The Board will carefully consider the outcome of the vote when making future decisions regarding the frequency of advisory votes on executive compensation. However, because this vote is advisory and not binding, the Board may decide that it is in the best interests of the Company and its stockholders to hold an advisory vote more or less frequently than the alternative that has been selected by our stockholders.

Recommendation of the Board

The Board unanimously recommends the approval, on an advisory basis, of an advisory vote **EVERY YEAR** to approve the compensation of our NEOs.

COMPENSATION DISCUSSION AND ANALYSIS

In this Compensation Discussion and Analysis, we address our compensation philosophy and programs, the decisions of our Compensation Committee with respect to these programs and the reasons for those decisions, principally with respect to our NEOs, who are:

- Susan N. Story, President and Chief Executive Officer
- Linda G. Sullivan, Executive Vice President and Chief Financial Officer
- Walter J. Lynch, Executive Vice President and Chief Operating Officer
- Michael A. Sgro, Executive Vice President, General Counsel and Secretary
- Loyd A. Warnock, Senior Vice President of External Affairs, Communications and Public Policy

Executive Summary

Compensation Philosophy

Our executive compensation program is designed to:

- reward our NEOs for delivering results;
- correlate pay amounts to our short- and long-term performance;
- align the interests of our stockholders and NEOs; and
- attract, motivate and retain high-caliber executives by providing compensation that is comparable to and competitive with other companies in our peer group.

Our focus on pay for performance is demonstrated by the way we structure our three key elements of compensation:

- annual base salary;
 - our Annual Performance Plan, or APP, which is our annual cash-based performance plan that was previously called the Annual Incentive Plan, or AIP; and
 - our Long Term Performance Plan, or LTPP, which is our long-term equity compensation program that was previously called the Long-Term Incentive Plan, or LTIP.
- In addition, we provide employee retirement and health and welfare benefit plans, as well as an executive severance policy. We designed the plans and policy to provide competitive supplemental benefits to our NEOs.

The allocation of compensation among these elements ties compensation levels and bonus payouts to our company performance, with an appropriate level of risk. The following graphic represents our compensation mix, assuming annual and long-term incentive awards are paid at target levels, for both our CEO and on an average basis for all of our other NEOs as a group in 2016:

Table of Contents***Our Operating Performance in 2016***

Our 2016 performance demonstrates our continued commitment to stockholders and our focus on five strategic themes: safety, customer, people, growth, and technology and operational efficiency. Stockholder Advisory Votes

At our 2016 annual meeting of stockholders, the stockholders approved, on an advisory basis, the compensation paid to our NEOs, as disclosed under the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related materials disclosed in the proxy statement for the 2016 annual meeting of stockholders. The stockholder vote in favor of NEO compensation was approximately 97.4 percent of the shares present in person or by proxy and eligible to vote at the meeting. Since 2011, the first year of our advisory vote on the compensation paid to our NEOs, the stockholder vote in favor of NEO compensation has

averaged 97.5 percent. The Compensation Committee considered the results of the 2016 advisory vote and determined that no specific action was needed in response to the vote. At the 2017 annual meeting, we will again hold an advisory vote on the compensation of our NEOs, as well as an advisory vote on the frequency of this stockholder advisory vote. We continue to recommend that this vote be held annually. In making its decisions regarding executive compensation, the Compensation Committee will consider the results of these advisory votes, as well as feedback obtained from stockholders throughout the course of the year.

Compensation Determinations and Pay Competitiveness in 2016

For 2016, the Compensation Committee reviewed and approved all compensation paid to our NEOs, and made recommendations to the independent members of the Board with respect to compensation paid to Ms. Story. The independent members of the Board, after considering the recommendations of the Compensation Committee, approved Ms. Story's 2016 compensation. Ms. Story did not participate in the Compensation Committee's recommendations regarding her own compensation and was excused from those portions of the Compensation Committee and Board meetings during which her compensation was discussed and determined.

The Compensation Committee considered Ms. Story's assessment of the performance of the other NEOs, as well as Ms. Story's compensation recommendations regarding each NEO's base salary and their APP and LTPP award opportunities. The Compensation Committee, with Ms. Story's participation, discussed the 2016 performance of each NEO other than Ms. Story, and, after discussion and deliberation held in executive session, approved compensation determinations for such NEOs.

In making its executive compensation determinations for 2016, the Compensation

Committee reviewed, among other things, data provided by Korn Ferry Hay Group, to gauge the comparability of our executive compensation to the compensation paid to executives in other companies with generally corresponding responsibilities. Korn Ferry Hay Group served as the independent compensation consultant to the Compensation Committee during 2016, and assisted the Compensation Committee in its review of compensation paid to our executive officers and directors. Korn Ferry Hay Group also provided compensation consulting advice to the Board upon request. Other than in its role as the Compensation Committee's independent compensation consultant and in providing compensation consulting advice to the Board on request, Korn Ferry Hay Group did not perform any other services for us.

Based on benchmarking data provided by Korn Ferry Hay Group, as well as other data sources, the Compensation Committee is able to assess competitive market compensation practices. One of the primary ways the Compensation Committee evaluates the Company's executive compensation arrangements relative to other companies is to compare these arrangements and compensation practices to those of a peer group of 15 utility and energy companies with

Table of Contents

revenues in the range of approximately 42 to 229 percent of our revenues. We believe there is a strong likelihood that an executive officer's skills will be transferable among these companies, so we would expect to compete with these companies and others, for executive officer talent. We also use this peer group to compute relative total shareholder return for our PSUs.

The composition of this peer group is reassessed annually and its composition may be

changed by the Compensation Committee to reflect corporate transactions or other events that may affect the comparability of one or more of the constituent companies. The peer group that was used in 2016 to benchmark compensation decisions and to calculate the three-year total shareholder return for our PSU awards granted during the year, was comprised of the companies listed below, which is collectively referred to as the 2016 peer group.

2016 American Water Works Company, Inc. Peer Group

Alliant Energy Corporation	Eversource Energy	SCANA Corporation
Ameren Corporation	Great Plains Energy Incorporated	Vectren Corporation
Atmos Energy Corporation	NiSource Inc.	Westar Energy, Inc.
Avista Corporation	Pinnacle West Capital Corporation	WGL Holdings, Inc.
CMS Energy Corporation	PNM Resources, Inc.	WEC Energy Group, Inc.

In December 2016, we updated our peer group for 2017 by adding UGI Corporation to the companies in the 2016 peer group and removing Westar Energy, Inc., which has announced that it has agreed to be acquired by Great Plains Energy Incorporated, another member of the 2016 peer group.

While the Compensation Committee reviewed and discussed the data with Korn Ferry Hay Group for purposes of benchmarking, it was only a part of the information considered by the Compensation Committee in its determinations regarding executive officer compensation. For instance, Korn Ferry Hay Group provided information to the Compensation Committee based upon data included in a compensation survey prepared by Willis Towers Watson

reflecting a blend of energy services and general industry compensation data, as well as the Hay Group 2016 General Industry Executive Compensation Report. During 2016, Willis Towers Watson provided compensation consulting services to the Company but did not provide any such services to the Compensation Committee. The Compensation Committee also considered information provided by Korn Ferry Hay Group regarding other U.S. publicly traded water utilities, although the comparability of the information about these companies is limited due to the significantly larger size of American Water's operations. The Compensation Committee referred to all of this data as part of its review of utility industry, peer group and general compensation practices and trends.

2016 Compensation

Compensation Philosophy and Objectives

Our executive compensation program is designed to reward our NEOs for delivering results and building long-term sustainable value for our stockholders. We believe our program s

performance measures align the interests of our stockholders and NEOs by correlating pay to our short- and long-term performance.

We focused on the following objectives in making compensation decisions in 2016:

- Reward our executives for achieving both superior financial performance and outstanding non-financial performance relating to safety, customer, people, technology and operational efficiency and growth, all of which lead to long-term financial strength.
- Focus pay on both short- and long-term performance, with a proportionately greater emphasis on long-term, based upon criteria recognized in peer companies and the utility and water industries generally.
- Build long-term, sustainable value for stockholders by emphasizing compensation that rewards such value, including long-term, performance-based equity-based compensation, and de-emphasizing short-term, cash-based compensation.
- Align executive officer and stockholder interests as an incentive to increase stockholder value by requiring consistent, meaningful equity ownership.
- Provide compensation to our executive officers that reflects their responsibilities and contributions, and is comparable to and within a competitive range of, the median of compensation paid by other companies in our peer group, in order to attract, motivate and retain high-caliber executives.

Base Salaries

For 2016, we made the following base salary determinations for our NEOs:

- Ms. Story's base salary was increased from \$800,000 to \$900,000, effective March 14, 2016, reflecting the Board's conclusions that:
 - § based upon benchmarking data provided by Korn Ferry Hay Group and Willis Towers Watson, Ms. Story's base salary was between 83 and 93 percent of the median base salary for her position, and the 2016 increase moved her base salary to slightly above this median; and
 - § she performed as an effective and functioning President and Chief Executive Officer during 2015.
-

Mr. Lynch's, Ms. Sullivan's and Mr. Warnock's base salary was each modestly increased by 2.5 percent, effective March 14, 2016, as each executive's performance was rated highly effective and the increases kept these base salaries within the competitive range (\pm 15 percent) of the median of the market data.

- Mr. Sgro's base salary for 2016 was cumulatively increased from \$375,000 to \$399,750, or 6.6 percent, as his annual base salary for 2015 was significantly below the median base salary for his position as identified in Korn Ferry Hay Group's benchmarking survey and in other data sources.

2016 Annual Performance Plan

The APP is designed to incentivize eligible participants to achieve annual business objectives by providing an opportunity to earn cash payouts tied to corporate performance.

For 2016, the Compensation Committee made a number of changes to the APP from 2015. These are explained below.

- We changed the name of the plan to APP (Annual Performance Plan) from AIP (Annual Incentive Plan) to signify our focus on performance.

Table of Contents

- We reduced the number of performance measures from ten to six, to improve simplicity and transparency to employees and shareholders regarding the connection between performance and pay and to simplify the operation and administration of the APP.
- We added to the APP our operational efficiency improvement measure to highlight the importance of this goal in determining annual performance compensation.
- We adopted a simplified and more easily communicated funding mechanism, based on overall performance percentages, to replace the complex Corporate Multiplier used in prior years.
- Although the weighting was reduced from 55 percent to 50 percent to provide for greater emphasis on the non-financial goals that are predictors of future company success, we maintained adjusted earnings per share from continuing operations, or adjusted EPS, as described in this subsection, as our principal performance measure, as we continue to believe this measure has a meaningful impact on stockholder value. As was the case in 2015, no awards are made under the APP if adjusted EPS is below 90 percent of target.
- We extended eligibility to participate in the APP to non-exempt (non-union) employees.

The performance measures chosen for 2016 reflected our primary objectives for financial performance, aligned with our core business strategies of safety, customer, people, technology and operational efficiency and growth. The safety and people goal was separated into two sub-goals: near-miss reporting and the Occupational Health and Safety Administration's (OSHA) recordable incident rate, or ORIR. The safety and people goal cannot be earned in the event there is an employee fatality during the year. The technology and operational efficiency goal also was separated into two sub-goals: environmental leadership and operational efficiency improvement.

The 2016 target award opportunity for each NEO is equal to a percentage of each NEO's base salary, based on the individual's position with American Water. All NEOs, other than Mr. Sgro, maintained the same target award as a percentage of salary as in 2015. Mr. Sgro's target award percentage was increased from 50 percent to 65 percent in 2016, and was increased to 75 percent for 2017, reflecting that his total cash compensation for 2015 remained well below the median, and for 2016 remained below the median, of the market data.

Named Executive Officer	Percentage of Base Salary	APP Target	APP Payout Percentage	2016 APP Award
Susan N. Story	100%	\$ 900,000	132.6%	\$ 1,188,000

In December 2016, Mr. Sgro's target APP award for 2017 as a percentage of annual base salary was increased to 75 percent.

Actual payouts may be lower or higher than the target award opportunity depending, in the case of the NEOs, on corporate and, in rare instances where significantly warranted, individual performance against specific goals. Cash awards under the APP are typically distributed to participants in March of the year following the performance year.

For 2016, the Compensation Committee replaced the Corporate Multiplier used to determine the payout under prior years' AIP awards with a corporate performance factor. The corporate performance factor is computed by adding the weighted results achieved for each performance measure, based upon results that are certified by the Compensation Committee as soon as reasonably practicable after the end of

the year. The percentage added to determine the corporate performance factor with respect to each measure was dependent on actual performance with regard to each measure.

The following table provides information regarding each of the performance measures used to determine the corporate performance factor, including the minimum, target and maximum performance requirements for each measure. The table also indicates the percentage that would be included in the corporate performance factor for threshold, target and maximum performance. If the minimum performance threshold requirement for a performance measure was not met, no additional percentage would be added to the corporate performance factor.

- (2) This goal may not be earned in the event of an employee fatality during the year.

While the NEOs are subject to individual performance goals as well as the corporate goals comprising the corporate performance factor, the 2016 APP awards reflect, for all NEOs other than Mr. Lynch, the NEO's target award multiplied by the adjusted corporate performance factor, as outlined below. The Compensation Committee utilized this convention based on Ms. Story's recommendation that NEOs should assume

principal responsibility for, and their awards generally should be based upon, performance of the entire organization, except with respect to executives who lead a major profit center, such as Mr. Lynch, in which case performance of the relevant business units also should be reflected. Furthermore, in 2016, there were no factors of a magnitude that caused the independent Board members, in the case of Ms. Story, and the Compensation Committee, in the case of all

Table of Contents

other NEOs (based on Ms. Story's recommendations), to apply a downward adjustment based on his or her individual performance.

Based upon our performance with regard to the financial and non-financial performance measures described above, the Compensation Committee certified a corporate performance factor of 130.7 percent. This base corporate performance measure was adjusted for each of our NEOs to reflect the proportion of our overall performance in 2016 attributable to our regulated operations, which had a performance factor of 144.7 percent of target. As adjusted in this manner, the APP award for each of Mses. Story and Sullivan, and each of Messrs. Sgro and Warnock, was 132.6 percent of target.

With respect to Mr. Lynch, who oversees our regulated operations, 50 percent of his APP award was based on the performance of our regulated operations with respect to the measures shown in the table above. For 2016, this amounted to a performance factor of 144.7 percent of target. When combined with the adjusted corporate performance factor of 132.6 percent with respect to the remaining 50 percent of his award, Mr. Lynch's APP award percentage was ultimately determined to be 138.6 percent of target.

We have included the amount of the APP awards paid to our NEOs with respect to 2016 under the Non-Equity Incentive Plan Compensation column of the 2016 Summary Compensation Table.

2016 Long Term Performance Plan

The LTPP is designed to incentivize eligible participants to achieve our long-term business objectives by providing an opportunity to earn equity awards tied to our long-term goals and continued employment with the Company. Our LTPP for 2016 included 20 percent stock options, 20 percent RSUs and 60 percent PSUs. PSU awards for 2016 were allocated between relative total shareholder return and compounded adjusted EPS growth. We eliminated the use of operational efficiency in 2016 for PSUs, electing instead to use adjusted EPS and relative TSR as the performance measures for LTPP award opportunities for these awards.

For 2017, the Compensation Committee approved a change to the LTPP to eliminate the issuance of stock options, and to allocate the

LTPP awards 30 percent to RSUs and 70 percent to PSUs. The Compensation Committee made this change in light of:

- the increasing movement away from issuing stock options among our 2016 peer group companies and
- potential income volatility associated with the implementation of recent changes to the accounting rules for share-based compensation.

We based the aggregate target value of LTPP awards on a percentage of each NEO's salary. The following table provides for each NEO a summary of the grant date fair value of LTPP awards granted in 2016. Information regarding

the number of shares underlying these awards is found in Executive Compensation 2016 Grants of Plan-Based Awards.

(1) Effective March 2016, Ms. Story's LTTP target award for 2017 as a percentage of base salary was increased from 225 percent to 250 percent.

The following table provides information regarding the performance measures related to the PSUs granted in 2016.

Performance Measure	Threshold Performance (Percentage Earned)	Target Performance (Percentage Earned)	Maximum Performance (Weighting)	How We Calculate the Performance Measure	Why We Use this Measure
Relative total shareholder return	25%	50%	75% or more	Based on American Water's total shareholder return compared to the total shareholder return performance of the companies in the 2016 peer group, during the three-year performance period from January 1, 2016 through December 31, 2018, assuming reinvestment of dividends during the performance period.	To encourage performance that not only increases shareholder value, but increases it to an extent that compares favorably relative to the companies in the 2016 peer group.
Compounded Adjusted EPS Growth	5.0%	7.0%	10.0%	Based on adjusted EPS growth, compounded annually over the three-year period from January 1, 2016 through December 31, 2018, over EPS of \$2.64 for the year ended December 31, 2015.	Adjusted EPS is a key measure of our financial and operational success, and achieving our earnings and strategic goals creates long-term stockholder value and provides greater total return to our stockholders.

Vesting of Long Term Incentive Plan Awards Granted in 2016

The options granted to our NEOs in 2016 terminate on December 31, 2022 (if not previously exercised or forfeited), and vest in three equal increments on each of January 1, 2017, 2018 and 2019. Similarly, RSUs granted in 2016, and PSUs granted in 2016 and ultimately earned at the end of the three-year performance period, vest in three equal increments on each of January 1, 2017, 2018 and 2019. We believe that the vesting terms provide our NEOs a meaningful incentive for continued employment.

Performance Vesting of PSUs Granted in 2014

In 2014, we granted two types of PSUs to our NEOs for the performance period ending in 2016: one with a performance measure based on relative total shareholder return, and the other with a performance measure based on operational efficiency improvement and compounded adjusted EPS growth, weighted equally. The payouts with respect to the two types of PSUs are summarized in the table below:

The Compensation Committee certified the achievement of the requisite performance measures on January 25, 2017.

Perquisites

We provide limited perquisites to our executive officers, consisting principally of executive physicals. Because we invest significant time and resources in developing the skills and experiences of our leadership, we believe

providing executives with periodic physicals, which can potentially detect medical conditions before they become serious, is an important investment in our current and future success.

Stock Option Grant Practices

In February 2016, our Compensation Committee made stock option grants to LTPP participants, including executive officers. The exercise price per share for options was equal to the last reported sale price of our common stock on the date of grant. Moreover, we do not reprice our stock options. We believe that our historical stock option grant practices are appropriate and effectively address any concerns regarding timing of grants in anticipation of material events.

For 2017, the Compensation Committee determined to discontinue the use of granting stock options as part of the LTPP, although the Compensation Committee reserves the right to grant stock options on a case-by-case basis as part of new hires or promotional awards, or to reinstate the use of stock options in the future in its sole discretion.

Executive Stock Ownership Guidelines and Stock Retention Requirements

To further emphasize the importance of linking the financial interests of our executives with those of our stockholders and to complement our existing stock retention requirements, the Board adopted stock ownership guidelines in 2015. At the same time, the Board also modified the stock retention requirements to make them

consistent with the new stock ownership guidelines.

The stock ownership guidelines, which are expressed as a multiple of annual base salary, require executives to hold common stock (and certain equivalents) as follows:

Officer Level	Multiple of Annual Base Salary
Chief Executive Officer	6 times
Chief Operating Officer	3 times
Executive Vice Presidents	3 times
Senior Vice Presidents	3 times
President, American Water Enterprises	3 times
Vice Presidents	1 time

For purposes of the stock ownership guidelines, shares of common stock, shares underlying vested and unvested RSUs and shares underlying earned PSUs will count toward the ownership guidelines. Shares underlying vested or unvested stock options and unearned PSUs do not count.

Table of Contents

Our stock retention requirements prevent, subject to hardship exceptions, any executive who is not in compliance with the stock ownership guidelines from effecting a transfer of more than 50 percent of the net shares realized from any equity award or more than 50 percent of any other shares of common stock that the executive may own other than through equity awards. For an award of RSUs or PSUs, the number of net shares realized from an award is based on the number of shares ultimately credited to the account of the executive upon vesting. For an option award, the number of net shares realized is equal to the number of vested shares subject to that award minus a number of shares with a fair market value equal to the aggregate exercise price of those vested

shares. Equity awards that are issued to an

executive before he or she became subject to the stock retention requirements are exempt from these restrictions.

Each executive covered by the stock ownership guidelines on March 4, 2015, including each NEO, has until March 4, 2020 to achieve compliance. Each person who becomes subject to the stock ownership guidelines thereafter will have five years to comply with the guidelines beginning on the date that the person first becomes subject to the stock ownership guidelines. Ms. Story and Sullivan, and Mr. Lynch, are currently in compliance with the applicable stock ownership guidelines. Our other NEOs are currently within their five-year compliance periods.

Policies Prohibiting Hedging, Pledging, Margining and Short Selling

Our insider trading policy prohibits our employees and directors from purchasing or selling options or futures on our securities, also known as hedging. The prohibition extends to the purchase or sale of any other security that may derive its price from the price or another attribute of our securities. Options issued as compensation and investments in mutual funds are excluded from the prohibition.

The policy also prohibits employees and directors from purchasing Company stock on margin, where money is borrowed from a broker to fund the purchase. This prohibition does not apply to cashless or broker-assisted exercises of our stock options.

We also prohibit employees and directors from selling our securities short, which is the practice of selling securities that are not owned by the seller. This prohibition includes short sales against the box, where the seller actually owns the securities being sold but fails to deliver them to the purchaser within a specified time period after the sale.

In addition, our Board has adopted restrictions that prohibit our directors and executive officers from hedging and pledging our securities. These restrictions prohibit any transaction executed for the purpose of reducing or eliminating the market price risk associated with the ownership of our securities. Also, the restrictions prohibit our directors and executive officers from pledging our securities as collateral for a loan or any other obligation, or using them in a margin account for an investment in any other securities. The prohibition on pledging does not apply to cashless exercises of our options in compliance with the 2007 Plan or, if approved at the annual meeting, the 2017 Omnibus Equity Compensation Plan, referred to in this Proxy Statement as the 2017 Omnibus Plan.

Ongoing and Post-Employment Arrangements and Benefit Plans

We have several plans and arrangements that enable our NEOs to accrue retirement benefits as they continue to work for us, provide severance benefits upon certain types of termination of employment, or provide other forms of deferred compensation. Most of these plans and

agreements have been adopted within the past few years, although some plans, particularly our defined benefit plans, are not available to employees hired after January 1, 2006. Not all of these plans apply to each NEO, as indicated in the discussion below.

Table of Contents

None of our executives participating in any of these plans is entitled thereunder to receive excise tax gross-up payments.

Savings Plan for Employees of American Water Works, Inc. and Designated Subsidiaries (the Savings Plan)

The Savings Plan is a tax-qualified defined contribution plan available to employees of American Water, including our NEOs, and certain subsidiaries. Each of our NEOs participates in the Savings Plan. Under the Savings Plan, an employee may contribute, subject to limitations imposed by the Internal Revenue Code of 1986, or the Code, 50 percent of his or her base salary up to a maximum contribution of \$18,000, plus, for eligible participants, \$6,000 for catch-up contributions. For any NEO participant hired before January 1, 2006 who continues to be employed by us (Messrs. Lynch and Sgro are the only NEOs in this category), the matching contribution formula is 50 percent of a participant's base salary contributions for the year, up to a maximum of five percent of the participant's base salary. For NEO participants hired after January 1, 2006, the matching contribution formula is: (a) 100

percent for every dollar contributed up to the first three percent of the participant's base salary, and (b) 50 percent on the next two percent of the participant's base salary. In addition, for NEO participants hired after January 1, 2006, we make additional annual contributions equal to the sum of 5.25 percent of the participant's base salary, subject to limitations imposed under the Code. We provide more generous contributions to participants hired after January 1, 2006 because they are ineligible to participate in the defined benefit pension plans described below.

Amounts credited to an employee's account may be invested among a number of funds, and the value of a participant's account will be increased or decreased to reflect the performance of selected investments.

American Water Works Company, Inc. Pension Plan (the AWWPP) and the American Water Works Company, Inc. Executive Retirement Plan (the ERP)

The AWWPP is a tax-qualified defined benefit pension plan available to eligible employees who commenced employment with us prior to January 1, 2006. The AWWPP provides an annual retirement benefit based on an employee's earnings and years of service. For executives hired prior to July 1, 2001, a grandfathered benefit is provided. Each of Messrs. Lynch and Sgro participates in the AWWPP.

The ERP is a nonqualified defined benefit pension plan that provides pension benefits under the same formula as the AWWPP, but without the pay and benefit limitations that are applicable to the AWWPP under the Code. Each

of Messrs. Lynch and Sgro participates in the ERP. We closed the AWWPP and the ERP to new employees on December 31, 2005 and replaced those plans with defined contribution plans. This action was taken for a number of reasons, including to allow us to incur fixed costs for retirement benefits on an ongoing basis. In contrast, we are subject to variable costs in connection with our defined benefit plans based on the performance of the plans investment portfolios. For further information on these plans, see Executive Compensation Pension Benefits at December 31, 2016 and Executive Compensation Description of Pension and Other Retirement Plans.

Nonqualified Savings and Deferred Compensation Plan for Employees of American Water Works Company, Inc. and its Designated Subsidiaries (the Employee Deferred Compensation Plan)

The Employee Deferred Compensation Plan is a nonqualified deferred compensation plan that enables participants to defer base salary and APP awards and provides benefits to executive officers and other highly paid employees in excess of the maximum benefits that may be provided under the Savings Plan as a result of limits imposed by the Code. We refer to compensation in excess of those limits as excess compensation. All of the NEOs, except for Mr. Sgro, participate in the Employee Deferred Compensation Plan.

Generally, under the Employee Deferred Compensation Plan, an executive may elect to defer up to 20 percent of salary and up to 100 percent of the award paid under the APP. We provide matching contributions that differ depending on whether the executive was hired by us on or after January 1, 2006. For NEOs hired after January 1, 2006 (Mses. Story and Sullivan, and Mr. Warnock), we provide the matching contribution we would have made for the executive under the Savings Plan with respect to the executive's excess compensation if the excess compensation had been taken into

account under the Savings Plan. In addition, we make a defined contribution for the account of each of these executives generally equal to 5.25 percent of the sum of base salary that constitutes excess compensation and the award payable under the APP for the relevant plan year.

For each of Messrs. Lynch and Sgro, who was hired prior to January 1, 2006, our matching contribution is equal to 50 percent of salary deferrals up to a maximum of five percent of base salary; our contributions are more limited for each of Messrs. Lynch and Sgro due to his eligibility to participate in the AWWPP. Each participant may allocate amounts credited to his or her account among several notional investments, and the value of the account will be increased or decreased to reflect deemed returns under the selected notional investments. The participant may elect to receive payment of deferred amounts in a lump sum or in annual installments, on or beginning at separation from service or a specified distribution date. See Executive Compensation 2016 Nonqualified Deferred Compensation for additional information.

Executive Severance Policy

Under our Executive Severance Policy, adopted in 2008, we provide severance benefits to our NEOs. Our policy is designed to provide a clear statement of the rights of our executive officers if they are involuntarily terminated without cause. Among other things, the policy provides for 18 months and 12 months of salary continuation for

our CEO and each of the other NEOs, respectively, and a pro rata APP award for the year in which the termination date occurs to the extent a payment is earned under the terms of the APP. See Executive Compensation Potential Payments on Termination or Change in Control for further information.

Change in Control Provisions in Equity Plans

Most of our compensation plans and policies do not contain change in control provisions affecting the compensation of our NEOs. However, under the terms of the award agreements, our equity awards generally would vest upon a change in control of American

Water. In addition, certain of our contributions to the Employee Deferred Compensation Plan will vest upon a change in control. See [Executive Compensation Potential Payments on Termination or Change in Control](#) for further information.

50 [American Water](#) | *2017 Proxy Statement*

Table of Contents

If the 2017 Omnibus Plan is approved by stockholders at the annual meeting, awards granted under that plan which are assumed by the acquirer in a change of control will vest only upon both a change in control and the termination of a participant's employment. To the extent any awards granted under the 2017

Omnibus Plan are not assumed by the acquirer in a change of control, such awards will vest upon the change in control. For more information on this plan, see Proposal 4: Approval of the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan.

Recovery of Incentive Compensation

In 2010, we instituted a policy governing the recovery of incentive compensation in the event of a material restatement of our financial results under specified circumstances. As a result of the enactment of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which imposes an executive compensation

clawback requirement on public companies, and the related NYSE listing standards that may be adopted, we will amend the policy if and when final implementing rules of the SEC are adopted and are effective to comply with these executive compensation recovery requirements.

American Water Works Company, Inc. Nonqualified Employee Stock Purchase Plan (the ESPP)

Under the ESPP, eligible employees are provided an opportunity to purchase our common stock at a discount of 10 percent from the lower of the prevailing market price on the first day and last day of each three-month purchase period. Purchases generally are limited to \$25,000 per participant per year, and shares purchased under the ESPP must be retained for six months after the purchase date before they can be sold. We believe that, in addition to the benefit employees realize from the discount, our stockholders will benefit

because the ESPP helps to more closely align the interests of our employees and our stockholders.

The ESPP expires in accordance with its terms on January 1, 2018. At the annual meeting, we will be asking stockholders to approve a replacement to the ESPP. For more information, see Proposal 5: Approval of the American Water Works Company, Inc. and its Designated Subsidiaries 2017 Nonqualified Employee Stock Purchase Plan.

Tax and Accounting Considerations

Tax Considerations

Under Section 162(m) of the Code, a public company is prohibited from deducting for federal income tax purposes compensation in excess of \$1.0 million paid to that company's principal executive officer and its three highest compensated executive officers (other than the principal executive officer or the principal financial officer), except that this prohibition does not generally apply to options or compensation that qualifies as performance-based compensation as defined in regulations adopted under Section 162(m).

The payment of shares of common stock upon the vesting of options granted under the 2007 Plan is generally not subject to Section 162(m). Moreover, the payment of shares of common stock upon the vesting of PSUs granted under the 2007 Plan, if determined solely by reference to the achievement of pre-established performance objectives, would qualify as performance-based compensation under Section 162(m). RSU awards do not generally qualify as performance-based compensation because the awards vest on the basis of continued employment, rather than pre-established performance objectives.

Table of Contents

Awards under the APP will qualify as performance-based compensation under Section 162(m) of the Code, so long as the payment of the award is based on the achievement of pre-established performance objectives using performance criteria specified in the APP.

The Compensation Committee intends for awards granted under the APP and options and PSU awards granted under the 2007 Plan to be exempt from the limitation on deductibility under Section 162(m) to the greatest extent reasonably possible to maximize the deductibility by the Company of the payment of such compensation for federal income tax purposes. However, the Compensation

Committee may from time to time seek to reward executives for extraordinary effort or where special or other circumstances warrant. Depending on the circumstances, such an award may or may not qualify as performance-based compensation under Section 162(m).

Section 409A of the Code provides that amounts deferred under nonqualified deferred compensation plans are includable in an employee's income when vested unless certain requirements are met. If these requirements are not met, employees are also subject to additional income tax and interest penalties. Our nonqualified deferred compensation arrangements are intended to satisfy the requirements of Section 409A.

Accounting Considerations

RSU, PSU and option awards are accounted for based on their grant date fair value, as determined under ASC 718, which is recognized over the service or vesting period applicable to

the grant. Forfeitures are estimated, and the compensation cost of awards will be reversed if the employee does not remain employed by us throughout the service or vesting period.

Employment and Severance Agreements

Although we have entered into employment offer letters with Ms. Story and Sullivan and Messrs. Sgro and Warnock, that specify the initial form and amount compensation to be paid to a named executive officer, we do not have customary employment agreements for a fixed term that would require us to pay a named executive officer a specified amount compensation over the term of his or her employment or, except as may be provided under our Executive Severance Policy or the terms of other plans, that provide an executive for specified benefits upon the termination of the executive's employment. See Potential Payments on Termination or Change in Control for more information on these benefits.

In connection with the commencement of her employment in May 2014, we entered into an employment offer letter with Ms. Sullivan that established her base salary for 2014 at \$460,000. Ms. Sullivan received a sign-on grant of \$500,000 in equity awards, 70 percent of which were PSUs and 30 percent were RSUs. In addition, we granted AIP and LTIP awards to Ms. Sullivan for the full 2014 year, without proration, and her target payout under the AIP and the LTIP for 2014 was set at 75 percent and 125 percent of annual base salary, respectively. We made these accommodations in light of the benefits provided by her former employer that she forfeited by accepting employment with us. Ms. Sullivan was also entitled to severance benefits under the Executive Severance Policy.

In connection with his promotion to Senior Vice President and General Counsel, we entered into an employment offer letter with Mr. Sgro that established his base salary for 2015 at \$375,000. We also increased his AIP award target from 30 percent to 50 percent and his LTIP target from 30 percent to 90 percent. Mr. Sgro was also entitled to severance benefits under the Executive Severance Policy.

In connection with the commencement of his employment in April 2014, we entered into an employment offer letter with Mr. Warnock that established his base salary for 2014 at \$360,000. We also paid a \$220,000 cash sign-on bonus to Mr. Warnock and he received a sign-on grant of \$220,000 in the form of RSUs, which vested on January 1, 2017. In addition, we granted AIP and LTIP awards to Mr. Warnock for the full 2014 year, without proration, and his target payout under the AIP and the LTIP for 2014 was set at 50 percent and 90 percent of annual base salary, respectively.

We also agreed that, if the Compensation Committee grants awards to eligible employees in 2018 and 2019, any grants made to Mr. Warnock will vest on January 1, 2020. We made these accommodations in light of the benefits provided by his former employer that he forfeited by accepting employment with us. Mr. Warnock was also entitled to severance benefits under the Executive Severance Policy.

- (1) Amounts shown reflect the present value of the accumulated benefit as of December 31, 2016. All amounts for the AWWPP and the ERP were determined using the same interest and mortality assumptions as those used for financial reporting purposes. The following assumptions were used to calculate pension values at the following measurement dates:
- In 2015, for discounting annuity payments, we used a discount rate of 4.66 percent and mortality table of RP2015 projected using Scale BB2D generational, and for calculating lump sums, we used an interest rate of 4.66 percent and the RP2000 static unisex table for 2015.
 - In 2016, for discounting annuity payments, we used a discount rate of 4.28 percent and mortality table of RP2016 projected using Scale BB2D generational, and for calculating lump sums, we used an interest rate of 4.28 percent and the RP2000 static unisex table for 2016.
- (2) Since Ms. Story and Sullivan, and Mr. Warnock, were hired after 2005, they do not participate in the AWWPP or the ERP.
- (3) When Mr. Lynch's age plus credited service exceeds 70, he will become eligible for a subsidized early retirement benefit payable in the form of an annuity under the provisions of the AWWPP and the ERP.

Description of Pension and Other Retirement Plans

American Water Works Company, Inc. Pension Plan

The AWWPP is a qualified pension plan that is available to eligible employees who commenced employment with us prior to January 1, 2006. The AWWPP generally provides participants hired on or after July 1, 2001 but before January 1, 2006 with a pension benefit equal to 1.6 percent of final average pay multiplied by years of service.

For participants hired prior to July 1, 2001, including Messrs. Lynch and Sgro, the AWWPP provides a grandfathered benefit. For years of service beginning prior to July 1, 2001, the grandfathered benefit is calculated to be:

- 1.85 percent of the final average pay up to the Social Security average wage base multiplied by years of service (up to a maximum of 25), plus
- 2.1 percent of final average pay in excess of the Social Security average wage base multiplied by years of service (up to a maximum of 25), plus
- 0.7 percent of final average pay multiplied by years of service in excess of 25.

For years of service beginning July 1, 2001 or later, the grandfathered benefit is calculated to be:

- 1.6 percent of final average pay up to the Social Security average wage base multiplied by years of service (up to a maximum of 25), plus
- 2.1 percent of final average pay in excess of the Social Security average wage base multiplied by years of service (up to a maximum of 25), plus
- 1.6 percent of final average pay multiplied by years of service in excess of 25.

Final average pay is defined for purposes of the plan as the average sum of base pay plus annual incentive payout for the highest 60 months out of the final 120 months of employment. Normal retirement is defined as age 65, and early retirement eligibility is satisfied when an employee's age is at least 55 and the employee has attained a service requirement that varies based on whether the employee is in a grandfathered group and, if so, the location of such group. Benefits vest in the AWWPP upon completion of five years of service.

Messrs. Lynch and Sgro, our named executive officers who participate in the AWWPP, are vested in their pension benefits. The normal form of payment is a single life annuity for single participants and a 50 percent joint and survivor annuity for married participants. The 50 percent joint and survivor annuity benefit amount is determined to be actuarially equivalent to the single life annuity amount. There is a reduction in benefits for early retirement for participants other than those who retire at age 62 or older with specified service levels, such as 20 years of service for someone who is age 62.

American Water Works Company, Inc. Executive Retirement Plan

The ERP is a nonqualified defined benefit pension plan that is available to eligible employees who commenced employment with us prior to January 1, 2006. The ERP provides benefits under a restoration formula that mirrors the benefit formulas under the AWWPP, but without the pay and benefit payment limitations that are applicable to the AWWPP under the Code and including deferred compensation in

calculating final average pay. The ERP also provides a minimum benefit in accordance with provisions of former executive retirement plans.

Messrs. Lynch and Sgro participate in this nonqualified pension plan and are entitled to the greater of the benefits determined pursuant to the restoration formula under the ERP and the benefits determined pursuant to his prior

Table of Contents

nonqualified plan formulas. Messrs. Lynch and Sgro are vested in this nonqualified pension benefit. Upon retirement, nonqualified plan benefits are payable as a lump sum unless the participant has elected an alternate form of payment pursuant to regulations under Section 409A of the Code. Each of Messrs. Lynch and Sgro will receive his benefits as a

lump sum. Upon voluntary termination of employment prior to eligibility for early or normal retirement, nonqualified benefits are payable as deferred (to age 65) annuities or lump sum equivalents of such deferred annuities. All nonqualified plan lump sums are calculated as the present value of deferred or immediate single life annuities.

Description of the Employee Deferred Compensation Plan

For our named executive officers, the Employee Deferred Compensation Plan permits the deferral of up to 20 percent of a participant's

base salary and up to 100 percent of bonus each year on a tax-advantaged basis. It also provides for annual matching contributions

Table of Contents

determined by the following formula for our named executive officers hired on or after

January 1, 2006, namely Mses. Story and Sullivan, and Mr. Warnock:

- the sum of:
 - § 100 percent of a participant's voluntary deferrals for the year, up to a maximum of three percent of the sum of the participant's base salary and bonus, and
 - § 50 percent of a participant's voluntary deferrals for the year, up to a maximum of the next two percent of the sum of the participant's base salary and bonus, less
- the maximum amount of matching contributions that the participant is eligible to receive under the Savings Plan for the year.

In addition, we make annual contributions for our named executive officers hired on or after January 1, 2006, equal to the sum of:

- 5.25 percent of the NEO's base salary in excess of the dollar limitation in effect under Section 401(a)(17) of the Code with respect to the year; and
- 5.25 percent of the NEO's bonus.

For our named executive officers hired before January 1, 2006, namely Messrs. Lynch and Sgro, the matching contribution formula is:

- 50 percent of a participant's base salary deferrals for the year, up to a maximum of five percent of the participant's base salary, less
- the maximum amount of matching contributions that the participant is eligible to receive under the Savings Plan for the year.

A participant's deferred compensation accounts are credited with returns in accordance with the deemed investment options, consistent with those offered under the Savings Plan, as elected by the participant from time to time at the participant's discretion. For 2016, these deemed investment options experienced annual rates of returns of between (1.07) percent and 23.64 percent.

Participants are immediately vested in all contributions to the Employee Deferred Compensation Plan, except for the 5.25 percent annual contributions, which vest at the earliest of:

- completion of five years of service;
- attainment of age 65;
- death; or
- a change in control.

Participants may elect to receive their account balances at any of the following times:

- a separation from service; or
- a specified distribution date.

Participants may elect to take a distribution of their accounts in the form of a lump sum or in annual installments paid over a period of between two and 10 years. In 2016, Mr. Lynch was the only NEO who had a withdrawal or distribution from the Employee Deferred Compensation Plan.

Potential Payments on Termination or Change in Control

This section describes the plans and arrangements that provide for payments to the named executive officers in connection with the termination of the executive's employment, a change in control of American Water or a change in the executive's responsibilities.

Executive Severance Policy

Our Executive Severance Policy provides severance benefits to executives whose employment is involuntarily terminated by American Water for reasons other than cause.

Table of Contents

The determination of whether an executive's employment is terminated for cause will be made at the sole discretion of the Board. Under the policy, our CEO will receive 18 months and other NEOs will receive 12 months of their base salary, in the form of base salary continuation. Eligible executives are entitled to continued health, dental and vision coverage based on their years of service, in the amount of eight weeks of coverage for less than five years of service, 12 weeks of coverage for at least five years but less than 10 years of service and 16 weeks of coverage for 10 or more years of service. They are also entitled to life insurance

coverage and continued participation in the employee assistance plan for the number of months of their severance benefits, as well as 12 months of outplacement services. In order to receive severance benefits under the Executive Severance Policy, an executive must sign a release and waiver of any claims against American Water and agree to certain restrictive covenants. Severance benefits payable under the Executive Severance Policy will be offset and reduced by any other severance benefits payable under any employment agreement or otherwise.

Employee Deferred Compensation Plan

A summary of the terms of the Employee Deferred Compensation Plan is provided above under 2016 Nonqualified Deferred Compensation. This section describes the payments that would be made under that plan upon various types of termination. Named executive officers are immediately vested in all their contributions to the Employee Deferred Compensation Plan, and become vested in our 5.25 percent annual contributions upon completion of five years of service, attainment of age 65, a change of control or death. A participant who experiences a termination of employment other than for cause will receive the

participants vested portion of his or her account balance. Upon a termination for cause, all employer contributions to this plan would be forfeited by the participant, but the participant would still be entitled to his or her elective deferrals, matching contributions and related income. Payments of vested amounts will be made at the time and in the form elected by the participant, except that a lump-sum distribution of vested amounts will be paid upon death. The tables below in this section reflect the amounts each named executive officer would have been entitled to receive given a termination on December 31, 2016.

Defined Benefit Plans

Our retirement plans are described above under Pension Benefits at December 31, 2016. This section describes the payments that would be made under the retirement plans upon various types of termination of employment.

Voluntary and involuntary terminations of employment Despite Mr. Lynch being ineligible for retirement, each of Messrs. Lynch and Sgro would have been entitled to benefits from the AWWPP and the ERP, upon voluntary termination of employment at December 31, 2016. Mr. Lynch's annual AWWPP benefit, payable as a 50 percent joint and survivor annuity beginning at age 65, is \$45,248. Mr. Lynch will receive his ERP benefit as a lump sum. Upon

voluntary termination, Mr. Sgro

would be eligible for an early retirement benefit described in the next section.

Retirement At December 31, 2016, Mr. Sgro was eligible for early retirement benefits under the AWWPP and the ERP. Mr. Sgro's annual AWWPP benefit, payable as a 50 percent joint and survivor annuity beginning at age 65, is \$77,167 as of December 31, 2016. Mr. Sgro would also receive an annual ERP benefit of \$74,642 as of December 31, 2016.

Disability Benefits payable upon a termination of employment as a result of a disability are determined under the AWWPP and the ERP in the same manner as benefits payable upon early retirement, except that disability benefits

Table of Contents

are payable immediately and without reduction for early commencement. AWWPP benefits are payable as annuities; ERP disability benefits are payable as lump sums unless the participant has elected an alternate form of payment. Messrs. Lynch and Sgro, each of whom has completed the required 10 years of service, qualify for disability benefits.

Death If Mr. Lynch had died on December 31, 2016, his surviving spouse or named beneficiary would have received benefits under the AWWPP and the ERP calculated as if Mr. Lynch had immediately elected a 100 percent joint and survivor annuity. The benefit under the AWWPP would have been payable to him as an annuity beginning at his 55th birthday based on the age 55 early retirement factor, the age 55 100 percent joint and survivor factor (where the survivor's age is what it would be on Mr. Lynch's 55th birthday) and using service as of the date of death. The benefit under the ERP would have been paid to Mr. Lynch as the immediate lump-sum equivalent of an annuity determined in the same manner as under the AWWPP.

If Mr. Sgro had died on December 31, 2016, his surviving spouse or named beneficiary would have received benefits under the AWWPP and the ERP calculated as if Mr. Sgro had survived to age 55 and elected a 100 percent joint and survivor annuity. The benefit under the AWWPP would have been equivalent to that payable to him as an immediate annuity based on his current age early retirement factor, in the form of a 100 percent joint and survivor factor based on his and his survivors' current age. The benefit under the ERP would have been paid to Mr. Sgro as the immediate lump-sum equivalent of an annuity determined in the same manner as under the AWWPP.

For purposes of reporting these benefits in the termination tables, we assumed that Mr. Lynch was married and his spouse was the same age as Mr. Lynch, and for Mr. Sgro, we assumed he was married and used his spouse's actual age.

Omnibus Equity Compensation Plan Awards

Vesting of our stock option, PSU and RSU awards under the 2007 Plan will be accelerated upon certain events as follows:

- All stock options will vest in full upon a holder's death or disability, or upon a change in control.
- Upon a change in control, PSUs will performance-vest with respect to the tranches of PSU awards that have time-vested, based upon the assumption that target performance is achieved. Upon death or disability, the PSUs will ultimately performance-vest with respect to the tranches of PSU awards that already have time-vested, based upon actual performance as determined at the end of the performance period.
- All unvested RSUs for NEOs will be immediately forfeited upon death or disability, or upon a change in control.

Quantification of Potential Payments on Termination or Change in Control

The following tables quantify the potential payments and benefits to which the named executive officers would have been entitled to receive if one of several different termination of employment or change in control events occurred on December 31, 2016. The amounts shown in the tables do not include certain payments and benefits to the extent they are

provided on a non-discriminatory basis to non-union employees generally upon a termination of employment, including accrued salary and vacation pay, Savings Plan benefits, continued health and welfare coverage following an involuntary termination of employment and coverage under COBRA. All employees are also entitled to life insurance benefits of up to 1.5

Table of Contents

times base salary, up to a maximum amount of \$200,000, if death occurs while actively employed, which benefit is also not included in the tables below.

With regard to all options and RSUs subject to time-based vesting at December 31, 2016, the assumed values of the awards are shown in the table in the applicable columns. With regard to PSUs that remain subject to performance-based vesting following the acceleration of service-based vesting, we have assumed that shares will be issued in respect of the PSUs based on target performance, and that dividend equivalents will continue to accrue through the duration of the applicable performance period.

The value of each stock option as to which vesting is accelerated is assumed to be equal to the product of the number of shares underlying the option multiplied by the difference between the exercise price per share and \$72.36, the closing price of our common stock as reported on the NYSE on December 30, 2016. For RSUs and PSUs, the value shown in the table is based on the number of RSUs or PSUs multiplied by \$72.36. In addition, the value of accumulated dividends (and, for awards that remain subject to performance conditions through the end of the performance period, expected dividends for the remainder of the performance period) was included.

PROPOSAL 4

**APPROVAL OF THE AMERICAN WATER WORKS COMPANY, INC. 2017 OMNIBUS EQUITY
COMPENSATION PLAN**

Background of the Proposal

On February 15, 2017, the Board adopted, subject to stockholder approval, the American Water Works Company, Inc. 2017 Omnibus Equity Compensation Plan, or the 2017 Omnibus Plan, to be effective upon approval by our stockholders. The Board has recommended that the stockholders approve the 2017 Omnibus Plan at the annual meeting.

The principal terms of the 2017 Omnibus Plan are summarized below, but such description is qualified in its entirety by reference to the full text of the 2017 Omnibus Plan which is included as Appendix B to this Proxy Statement.

All capitalized terms not defined in this Proposal 4 will have the meanings set forth in Appendix B to this Proxy Statement.

Reasons for the Proposal

We maintain the 2007 Plan to incentivize eligible participants to achieve our long-term business objectives by providing opportunities to earn equity awards tied to our long-term goals and continued employment with the Company. The 2007 Plan expires by its terms on April 21, 2018. The 2017 Omnibus Plan has been proposed to replace the 2007 Plan so that the Company may continue to grant equity awards to participants.

We are seeking stockholder approval of the 2017 Omnibus Plan as required under NYSE listing standards and Section 162(m) of the Code, and for incentive stock options to meet the requirements of Section 422 of the Code.

If approved by our stockholders at the annual meeting, the 2017 Omnibus Plan will become immediately effective, and we will not grant any

new awards under the 2007 Plan. The 2007 Plan would remain effective as to any outstanding awards granted thereunder prior to May 12, 2017. As of the record date:

- options to purchase 855,782 shares of common stock with a weighted average exercise price of \$51.95 per share were outstanding and
- 7,388,389 shares of common stock remain available for future issuance under the 2007 Plan.

If stockholders do not approve the 2017 Omnibus Plan, it will not become effective, we will not grant any awards under the 2017 Omnibus Plan, and we may continue to grant awards under the 2007 Plan until April 21, 2018.

Summary of Material Terms of the 2017 Omnibus Plan

General

The 2017 Omnibus Plan provides that grants may be in any of the following forms:

- incentive stock options
- nonqualified stock options
- stock appreciation rights, or SARs
- stock units
- stock awards
- other stock-based awards
- dividend equivalents, which may be granted only on stock units or other stock-based awards

Subject to adjustment in certain circumstances, the total number of shares of common stock that may be issued or transferred under the 2017 Omnibus Plan is 7,350,000 shares, minus the number of shares of our common stock subject

Table of Contents

to grants of awards made under the 2007 Plan after December 30, 2016. As of the record date, 169,377 shares of common stock are subject to grants of awards made under the 2007 Plan after December 30, 2016. After the record date, but prior to the annual meeting, any shares or awards granted under the 2007 Plan will reduce the number of shares authorized for issuance under the 2017 Omnibus Plan.

We may issue shares of our common stock under the 2017 Omnibus Plan from authorized but unissued shares of our common stock or reacquired shares of our common stock, including shares of our common stock that we purchased on the open market or otherwise acquire.

The maximum aggregate number of shares of common stock that may be granted pursuant to all grants under the 2017 Omnibus Plan during any calendar year to any one employee is 300,000 shares and to any non-employee director is 150,000 shares, each subject to adjustment as described below. With respect to grants of stock units, stock awards, dividend equivalents and other stock-based awards intended to be qualified performance-based compensation under Section 162(m) of the Code, the maximum aggregate number of shares of common stock that may be made during any calendar year to any participant who is a covered employee within the meaning of Section 162(m) of the Code is 300,000 shares, subject to adjustment as described below.

These individual share limits apply regardless of whether grants are to be paid in shares or cash. No individual may accrue dividend equivalents during any calendar year in excess of \$1,500,000.

If and to the extent options or SARs granted under the 2017 Omnibus Plan terminate, expire or are cancelled, forfeited, exchanged or surrendered without being exercised, and if and to the extent that any stock awards, stock units or other stock-based awards are forfeited or terminated, or otherwise not paid in full, the shares reserved for such grants will again become available for purposes of the 2017 Omnibus Plan. However, shares of common stock surrendered in payment of the exercise price of an option and shares withheld or surrendered for payment of taxes, will not be available for reissuance under the 2017 Omnibus Plan. Additionally, if SARs are granted, the full number of shares subject to the SAR are considered issued under the 2017 Omnibus Plan, without regard to the number of shares of common stock that are issued upon exercise of the SARs and without regard to any cash settlement of the SARs. To the extent that any grants of stock units under the 2017 Omnibus Plan are designated to be paid in cash, and not in shares of common stock, such grants do not count against the share limits under the 2017 Omnibus Plan.

Administration

The 2017 Omnibus Plan will be administered and interpreted by our Compensation Committee. However, our Board will approve and administer all grants to non-employee directors. In accordance with the terms of the 2017 Omnibus Plan, the Compensation Committee has delegated its authority thereunder to our CEO to issue awards, subject to guidelines to be prescribed by the Compensation Committee. Our CEO will only be permitted to make grants to persons who are not subject to Section 16 of the Exchange Act and who are not covered employees within the meaning of Section 162(m) of the Code.

The Compensation Committee has the authority to:

- determine the individuals to whom grants will be made under the 2017 Omnibus Plan
- determine the type, size and terms and conditions of the grants
- determine the time when grants will be made and the duration of any applicable exercise or restriction period, including the criteria for exercisability or vesting and the acceleration of exercisability or vesting

Table of Contents

- amend the terms and conditions of any previously issued grant, subject to the limitations described below, and
- deal with any other matters arising under the 2017 Omnibus Plan.

As of the record date, the Compensation Committee consists of Mr. Evanson and Ms.

Hagen and Johnson. The Board has determined that each member of the Compensation Committee is an independent director as determined under the NYSE's listing standards, a non-employee director for purposes of Section 16 of the Exchange Act and an outside director for purposes of Section 162(m) of the Code.

Eligibility for Participation

All of our employees (including officers) and those of our subsidiaries will be eligible for grants under the 2017 Omnibus Plan, subject to certain conditions set forth in the 2017 Omnibus Plan. Our non-employee directors will also be eligible to receive grants under the 2017 Omnibus Plan. As of the record date,

approximately 154 employees and eight non-employee directors would be participants in the 2017 Omnibus Plan, if it were then in effect, and based upon the participation criteria currently utilized under the 2007 Plan. There were 162 current employees and non-employee directors participating in the 2007 Plan as of the record date.

Types of Awards

Stock Options

The Compensation Committee may grant options intended to qualify as incentive stock options within the meaning of Section 422 of the Code, or ISOs, or nonqualified stock options, or NQSOs, that are not intended to so qualify, or any combination of ISOs and NQSOs. Any participant may receive a grant of NQSOs. Only our employees and those of our subsidiaries may receive a grant of ISOs.

The Compensation Committee fixes the exercise price per share for options on the date of grant. The exercise price of any NQSO or ISO granted under the 2017 Omnibus Plan will be equal to, or greater than, the fair market value of the underlying shares of common stock on the date of grant. However, if an ISO is granted to an employee who holds more than 10 percent of the total combined voting power of all classes of our outstanding stock, the exercise price per share of an ISO granted to such person must be at least 110 percent of the fair market value of a share of common stock on the date of grant. The current measure of fair market value on a particular date is the last reported sale price of common stock on the NYSE on the relevant

date (or, if there were no trades on such date, the latest preceding date upon which a sale was reported).

The Compensation Committee determines the term of each option, which will not exceed ten years from the date of grant; however, if an ISO is granted to an employee who holds more than 10 percent of the combined voting power of all classes of our outstanding stock, the term of the ISO may not exceed five years from the date of grant.

The period for when any option may first become vested and exercisable will be determined by the Compensation Committee at the time of grant. The Compensation Committee may grant options that are subject to achievement of performance goals or other conditions. The Compensation Committee may accelerate the vesting and exercisability of any or all outstanding options at any time for any reason. To the extent that the aggregate fair market value of shares of common stock, determined on the date of grant, with respect to which ISOs become exercisable for the first time by an employee during any calendar year exceeds \$100,000, such ISOs will be treated as

Table of Contents

NQSOs. The aggregate number of shares of common stock that may be issued under the 2017 Omnibus Plan as ISOs is 5,000,000 shares, subject to certain adjustments, and all shares issued under the 2017 Omnibus Plan as ISOs will count against the share reserve, as described above.

The 2017 Omnibus Plan provides that, unless otherwise provided in a grant agreement, an option may only be exercised while the participant is employed as an employee or providing service as a non-employee director. The Compensation Committee will specify in the grant agreement the circumstances, if any, and time periods, if any, a participant may exercise an option after termination of employment or service.

A participant may exercise an option by delivering notice of exercise to us. The participant will pay the exercise price and any withholding taxes for the option:

- in cash or by check
- if permitted by the Compensation Committee, by delivering shares of common stock already owned by the participant, or by attestation to ownership of shares, in either case having a fair market value on the date of exercise equal to the exercise price
- by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board
- if permitted by the grant agreement, by net share settlement of the option based on the fair market value on the date of exercise
- any combination of the foregoing or
- by such other method as the Compensation Committee may approve, to the extent permitted by applicable law.

SARs

The Compensation Committee may grant to any participant SARs in connection with, or

independently of, any option granted under the 2017 Omnibus Plan. Upon exercise of a SAR, the participant will receive an amount equal to the excess of the fair market value of common stock on the date of exercise over the base amount for the SAR.

The Compensation Committee will determine the terms and conditions of the SAR. The base amount of each SAR will not be less than the fair market value of common stock on the date of grant of the SAR and the term of a SAR will not exceed ten years from the date of grant. The Compensation Committee may grant SARs that are subject to the achievement of performance goals or other conditions. The Compensation Committee may accelerate the exercisability of SARs at any time for any reason. Upon exercise of a SAR, payment will be made in cash, shares of common stock or a combination of the two, as the Compensation Committee may determine.

Stock Units

The Compensation Committee may grant to any participant stock units, which provide the participant with the right to receive shares of common stock or an amount based on the value of a share of common stock at a future date.

The Compensation Committee determines the number of stock units that will be granted, whether stock units will become payable if specified performance goals or other conditions are met, and the other terms and conditions applicable to the stock units. Stock units may be paid at the end of a specified vesting or performance period or deferred to a date authorized by the Compensation Committee. Payment with respect to a stock unit will be made in cash, in shares of common stock, or in a combination of cash and shares of common stock, as determined by the Compensation Committee. The grant agreement will specify the maximum number of shares of common stock that may be issued under a stock unit. The Compensation Committee may accelerate the vesting of any or all outstanding stock units at any time for any reason.

Table of Contents

Stock Awards

The Compensation Committee may grant shares of common stock under a stock award for cash consideration or no cash consideration, and subject to such restrictions, if any, as determined by the Compensation Committee. If restrictions are imposed on stock awards, the Compensation Committee will determine whether they will lapse over a period of time or according to such other criteria as the Compensation Committee deems appropriate, including restrictions based upon the achievement of specific performance goals. The Compensation Committee determines the number of shares of common stock subject to the grant of stock awards and the other terms and conditions of the grant. The Compensation Committee may accelerate the vesting of any or all outstanding stock awards at any time for any reason.

The Compensation Committee will determine to what extent, and under what conditions, participants will have the right to vote shares of common stock subject to a stock award and receive dividends or other distributions paid on such shares during the restriction period. Dividends may be deferred, but dividends payable to a participant must be withheld while a stock award is subject to restrictions, and such dividends may be payable only upon the lapse of the restrictions of the stock award. With respect to a stock award that vests based on the achievement of performance goals, no dividends may be payable unless, and only to the extent that, the performance goals are achieved at least at the minimum threshold for performance. Dividends that are not paid currently will be credited to a bookkeeping account on our records. Accumulated dividends may accrue interest, as determined by the Compensation Committee, and will be paid in cash, shares of

common stock or in such other form as dividends are paid on common stock, as determined by the Compensation Committee.

Other Stock-Based Awards

The Compensation Committee may make other grants (other than options, SARs, stock units, and stock awards) that are based on or measured by common stock to anyone eligible to participate in the 2017 Omnibus Plan. Other stock-based awards may be granted subject to the achievement of performance goals or other conditions and may be payable in shares of common stock or cash, or a combination of the two, as determined by the Compensation Committee.

Dividend Equivalents

The Compensation Committee may grant dividend equivalents in connection with stock units or other stock-based awards, under such terms and conditions as the Compensation Committee deems appropriate. Dividend equivalents may be deferred, but no dividend equivalent may be payable to a participant unless, and only to the extent that, a grant of stock units vests, and with respect to a grant of stock units that vests based on the achievement of performance goals, the performance goals are achieved at least at the minimum threshold for performance. Dividend equivalents may be accrued as a cash obligation or may be converted to additional stock units, and deferred dividend equivalents may accrue interest, all as determined by the Compensation Committee. The Compensation Committee may determine that dividend equivalents are payable based on the achievement of specific performance goals. Dividend equivalents may be paid in cash or in shares of common stock or in a combination of the two, as determined by the Compensation Committee.

Qualified Performance-Based Compensation

Under the 2017 Omnibus Plan, the Compensation Committee may structure stock units, stock awards, dividend equivalents or

other stock-based awards as qualified performance-based compensation, thereby preserving the deductibility of the compensation

expense relating to these awards under Section 162(m) of the Code.

The 2017 Omnibus Plan provides that when stock units, stock awards, dividend equivalents or other stock-based awards intended to constitute qualified performance-based compensation are granted, the Compensation Committee will establish in writing:

- the objective performance goals that must be met
- the period during which the performance will be measured
- the maximum amounts that may be paid if the performance goals are met and
- any other conditions that the Compensation Committee deems appropriate and consistent with the requirements of Section 162(m) of the Code.

The performance goals may be based on one or more business criteria that relate to, individually or in any combination:

- a specified goal
- our historical performance, or that of our products, services or business lines or segments
- one or more business units, or the performance of the Company and its subsidiaries as a whole
- the performance of any other corporation or entity or group of corporations or entities or a product, service, or business line or segment, unit, division, or subsidiary thereof or
- an individual or groups of individuals.

The performance goals need not be uniform among participants.

To grant qualified performance-based compensation, the Compensation Committee will use objectively determinable performance goals based on one or more of the following criteria:

2017 Omnibus Plan Performance Goals

• stock price	• net income or earnings per share	• price-earnings multiples
• return on capital employed	• book value of any asset or security	• revenue
• net capital employed	• productivity	• gross income, profitability or gross margin
• EBITDA (earnings before interest, taxes, depreciation and amortization)	• number of days sales outstanding of accounts receivable	• return on equity, cash flow, investment or assets
• internal rate of return	• cash flow return on investment	• improvements in capital structure
• stockholder return, including absolute or relative total stockholder return, expressed either on a dollar or percentage basis	• retention of customers, expressed on a dollar or percentage basis	• market value added (defined to mean the difference between the market value of debt and equity, and economic book value)
• budget achievement	• cash flow per share	• risk management
• economic value added (defined to mean net operating profit minus the cost of capital)	• growth in assets, unit volume, sales, cash flow or market share	• gross, operating or net earnings before or after income taxes

Table of Contents

To the extent permitted under Section 162(m) of the Code, in setting performance goals, the Compensation Committee may at such time also provide that the achievement of such performance goals will be determined without regard to either the negative or positive effect (or both) of certain events, including for one or more of the following items:

- asset write-downs
- litigation or claim judgments, or settlements thereof
- changes in accounting principles
- changes in tax law or other laws affecting reported results
- changes in commodity or supply prices
- severance, contract termination and other costs related to exiting, modifying or reducing any business activities
- costs of, and gains and losses from, the acquisition, disposition or abandonment of businesses or assets
- gains and losses from the early extinguishment of debt
- gains and losses in connection with the termination of or withdrawal from a pension plan
- stock compensation costs and other non-cash expenses and
- any other specified non-operating items as determined by the Compensation Committee in setting performance goals

The Compensation Committee will establish such performance goals in writing either before the beginning of the performance period or during a period ending no later than the earlier of 90 days after the beginning of the performance period or the date on which 25 percent of the performance period has been completed, or such other date as

may be required or permitted under applicable regulations under Section 162(m) of the Code.

The performance goals for such awards will satisfy the requirements for qualified performance-based compensation under the 2017 Omnibus Plan, including the requirement that the achievement of the goals be substantially uncertain at the time they are established and that the goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the performance goals have been met. As to awards considered by the Compensation Committee to be qualified performance-based compensation, the Compensation Committee will not have the discretion to increase the amount of compensation that is payable upon achievement of the designated performance goals, but the Compensation Committee may reduce the amount of compensation that is payable upon achievement of the designated performance goals.

The Compensation Committee will certify the performance results specified in the grant agreement for such awards after the performance period ends. The Compensation Committee will determine the amount, if any, to be paid pursuant to each grant based on the achievement of the performance goals and the satisfaction of all other terms of the grant agreement.

The Compensation Committee may provide in the grant agreement that awards will be payable, in whole or in part, in the event of the participant's death or disability, a change of control or under other circumstances consistent with applicable regulations and rulings under Section 162(m) of the Code.

Deferrals

The Compensation Committee may permit or require a participant to defer receipt of the payment of cash or the delivery of shares that would otherwise be due to the participant in

connection with any award. The Compensation Committee shall establish rules and procedures for any such deferrals, consistent with applicable requirements of Section 409A of the Code.

Adjustment Provisions

The 2017 Omnibus Plan provides for certain adjustments in the event of any change in common stock outstanding by reason of a:

- stock dividend
- spinoff
- recapitalization
- stock split
- combination
- exchange of shares
- merger
- reorganization
- consolidation
- reclassification
- change in par value
- any other extraordinary or unusual event affecting the outstanding common stock without our receipt of consideration
- substantial reduction in the value of outstanding shares of our common stock as a result of a spinoff or our payment of an extraordinary dividend or distribution.

In any of these events, the Compensation Committee will equitably adjust the following, in

a manner deemed appropriate, to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under the 2017 Omnibus Plan and any outstanding grants:

- the maximum number of shares of common stock available for issuance under the 2017 Omnibus Plan
 - the maximum number of shares of common stock for which any participant or covered employee within the meaning of Section 162(m) of the Code may receive grants in any calendar year
 - the kind and number of shares covered by outstanding grants
 - the kind and number of shares issued and to be issued under the 2017 Omnibus Plan and
 - the price per share or the applicable market value of such grants.
- Any fractional shares resulting from such adjustment will be eliminated.

Change of Control

Upon a change of control where the Company is not the surviving corporation (or it survives only as a subsidiary of another corporation or entity), all outstanding options and SARs that are not exercised will be assumed by, or replaced with comparable options or rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and other outstanding grants will be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation). However, if, in connection with a change of control, any outstanding options and SARs are not assumed by, or replaced with comparable options or rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and any other outstanding grants are not converted to similar grants of the surviving corporation (or a

parent or subsidiary of the surviving corporation), then upon such change of control:

- all such outstanding options and SARs that are not assumed or replaced will accelerate and become fully exercisable,
- the restrictions and conditions on all such outstanding stock awards that are not converted to similar grants will fully lapse and
- all outstanding stock units, other stock-based awards and dividend equivalents that are not converted to similar grants will be fully vested.

If a grant is assumed in connection with a change of control, and if, within the 12 month period following the occurrence of such change of control, the participant ceases to be employed by, or

Table of Contents

providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) on account of:

- a termination of such participant's employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of cause (as defined in the 2017 Omnibus Plan), death or disability (as defined in the 2017 Omnibus Plan), or
- a termination of employment or service by the participant for good reason (as defined in the 2017 Omnibus Plan), then as of the date of such termination of employment or service:
- a grant that is an option or SAR will automatically accelerate and become fully exercisable
- a grant that is a stock award will have all restrictions and conditions immediately lapse and
- a grant that is a stock unit, other stock-based award or dividend equivalent will be fully vested.

Notwithstanding the foregoing, in the event of a change of control, the Compensation Committee may take any of the following actions with respect to any or all outstanding grants:

- determine that outstanding options and SARs accelerate and become fully exercisable, in whole or part
- determine that the restrictions and conditions on outstanding stock awards lapse, in whole or part
- determine that outstanding stock units, other stock-based awards and dividend equivalents fully vest, in whole or part
- require that participants surrender their outstanding options and SARs in exchange for a payment by us, in cash or common stock as determined by the Compensation Committee, in an amount equal to the amount by which the then fair market value of the shares of common stock subject to the participant's unexercised options and SARs exceeds the exercise price of the options or the base amount of the SARs, as applicable
- after giving participants an opportunity to exercise their outstanding options and SARs, terminate any or all unexercised options and SARs at such time as the Compensation Committee deems appropriate or
- determine that participants receive a payment in settlement of outstanding stock awards, stock units, dividend equivalents or other stock-based awards, if permitted under Section 409A of the Code.

Such surrender, termination or payment will take place as of the date of the change of control or such other date as the Compensation Committee may specify. Without limiting the foregoing, if the per share fair market value of common stock equals or is less than the per share exercise price or base amount, as applicable, we are not required to make any payment to the participant upon surrender of the option or SAR.

For purposes of the 2017 Omnibus Plan, a change of control will generally be deemed to have occurred if one of the following events occurs:

- Any person becomes:
 - § during the 12-month period ending on the date of any acquisition of securities, a beneficial owner, directly or indirectly, of our securities representing more than 35 percent of the voting power of our then outstanding securities, or
 - § a beneficial owner, directly or indirectly, of more than 50 percent of the voting power of our then outstanding securities
- The consummation of:
 - § a merger or consolidation of us with another corporation where our stockholders, immediately prior to the merger or consolidation, will not beneficially own, immediately after the merger or consolidation, shares entitling such

Table of Contents

stockholders to more than 50 percent of all votes to which all stockholders of the surviving corporation would be entitled in the election of directors, or

§ a sale or other disposition of all or substantially all of our assets.

- During any period of 12 consecutive months commencing on or after the effective date of the 2017 Omnibus Plan, directors are elected such that a majority of the members of our Board are individuals who have not been members of the Board at the beginning of such 12-month period, except

§ in the case of a director's death or

§ the election or nomination for election of each new director who was not a director at the beginning of such 12-month period where such election was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period.

The Compensation Committee may provide for a different definition of a change of control in a grant agreement with respect to the timing of payment of such grant if such grant is subject to the requirements of Section 409A of the Code and the grant will become payable on, or in connection with, a change of control.

Clawback, Insider Trading and Other Policies and Practices

Participants and grants awarded under the 2017 Omnibus Plan are subject to all applicable clawback or recoupment policies or practices of the Company, as well as the Company's insider trading and stock ownership and retention requirements, policies and guidelines, and other

requirements, policies, practices or guidelines implemented by the Board or the Compensation Committee, as may be in effect from time to time. See Compensation Discussion and Analysis Recovery of Incentive Compensation.

Transferability of Grants

Generally, only the participant may exercise rights under a grant during the participant's lifetime. Participants may not alienate or assign any benefit provided under the 2017 Omnibus Plan. Furthermore, grants may not be subject to attachment or other legal process, except by will or the laws of descent and distribution. The

Compensation Committee may provide, in a grant agreement, that a participant may transfer nonqualified stock options to his or her immediate family members, or one or more trusts or other entities for the benefit of or owned by immediate family members, consistent with applicable securities laws.

No Repricing of Options or SARs

The 2017 Omnibus Plan includes a restriction providing that, except in connection with a permitted adjustment, neither the terms of outstanding grants nor the 2017 Omnibus Plan may be amended to permit, and no grant or an amendment to any grant agreement may have

the effect of causing, options or SARs to be repriced, replaced or regranted through cancellation, or by decreasing the exercise price of an outstanding option or SAR, without in each case obtaining stockholder approval.

Amendment and Termination

The Board may amend or terminate the 2017 Omnibus Plan at any time, subject to stockholder approval if such approval is required in order to comply with the Code, applicable laws or applicable stock exchange requirements.

If the 2017 Omnibus Plan is approved by stockholders, it will terminate on May 11, 2027, unless terminated earlier by the Board or extended by the Board with the approval of stockholders.

No award has been or will be granted under the 2017 Omnibus Plan that is contingent upon approval of this proposal at the annual meeting. With the exception of stock unit awards payable on the date of the annual meeting to our non-employee directors as part of their 2017 annual director compensation, it is not currently possible to predict the number of shares of

common stock that will be granted or who will receive grants under the 2017 Omnibus Plan after the annual meeting.

The following table provides amounts to be received by or allocated to each of the following under the 2017 Omnibus Plan, to the extent such benefits are determinable.

U.S. Federal Income Tax Consequences

The U.S. federal income tax consequences of grants under the 2017 Omnibus Plan will depend on the type of grant. The following description provides only a general description of the application of U.S. federal income tax laws to grants under the 2017 Omnibus Plan. This discussion is intended for the information of stockholders considering how to vote at the annual meeting and not as tax guidance to participants in the 2017 Omnibus Plan, as the consequences may vary depending on the types of grants made, the identity of the recipients, and the method of payment or settlement. The summary does not address the effects of other federal taxes (including possible golden parachute excise taxes) or taxes imposed under state, local, or foreign tax laws.

From the participant's standpoint, as a general rule, ordinary income will be recognized at the

time of delivery of shares of common stock (equal to the fair market value of the shares received, less the amount paid, if any, for such shares) or payment of cash under the 2017 Omnibus Plan. Future appreciation on shares of common stock held after the ordinary income recognition event will be taxable at capital gains rates when the shares of common stock are sold. The tax rate applicable to capital gain will depend upon how long the participant holds the shares. We, as a general rule, will be entitled to a tax deduction that corresponds in time and amount to the ordinary income recognized by the participant, and we will not be entitled to any tax deduction in respect of capital gain income recognized by the participant.

Exceptions to these general rules may arise under the following circumstances:

Table of Contents

- If shares of common stock, when delivered, are subject to a substantial risk of forfeiture by reason of any employment or performance-related condition, ordinary income taxation and our tax deduction will be delayed until the risk of forfeiture lapses, unless the participant makes a special election to accelerate taxation under Section 83(b) of the Code.
- If an employee exercises an option that qualifies as an ISO, no ordinary income will be recognized, and we will not be entitled to any tax deduction, if shares of common stock acquired upon exercise of the ISO are held until the later of:

§ one year from the date of exercise and

§ two years from the date of grant.

However, if the employee disposes of the shares acquired upon exercise of the ISO before satisfying both holding period requirements, the employee will recognize ordinary income to the extent of the difference between the fair market value of the share on the date of exercise (or the amount realized on the disposition, if less) and the exercise price, and we will be entitled to a tax deduction in that amount. The gain, if any, in excess of the amount recognized as ordinary income will be long-term or short-term capital gain, depending upon the length of time the employee held the shares before the disposition.

- A grant may be subject to a 20 percent penalty tax, in addition to ordinary income tax, at the time the grant becomes vested, plus interest, if the grant constitutes deferred compensation under Section 409A of the Code and the requirements of Section 409A of the Code are not satisfied.

Section 162(m) of the Code generally disallows a publicly held corporation's tax deduction for compensation paid to its chief executive officer and the three other most highly compensated executive officers (other than the chief executive officer and the chief financial officer) in excess of \$1 million in any year. Qualified performance-based compensation is excluded from the \$1 million deductibility limit and therefore remains fully deductible by the corporation that pays it. We intend that options and SARs granted under the 2017 Omnibus Plan will be qualified performance-based compensation. Stock units, dividend equivalents, stock awards and other stock-based awards granted under the 2017 Omnibus Plan may be structured to meet the qualified performance-based compensation exception under Section 162(m) of the Code if the Compensation Committee determines to condition such grants on the achievement of specific performance goals in accordance with the requirements of Section 162(m) of the Code.

We have the right to require participants to pay to us an amount necessary for us to satisfy our federal, state, or local tax withholding obligations with respect to grants. We may withhold from other amounts payable to a participant an amount necessary to satisfy these obligations. If the Compensation Committee permits, a participant may satisfy our withholding obligation by having shares withheld, provided that the number of shares withheld does not exceed the individual's minimum applicable withholding tax rate for federal (including FICA), state, and local tax liabilities or such greater withholding rate as may be permitted by U.S. generally accepted accounting principles as applied to us.

PROPOSAL 5

**APPROVAL OF THE AMERICAN WATER WORKS COMPANY, INC. AND ITS DESIGNATED
SUBSIDIARIES 2017 NONQUALIFIED EMPLOYEE STOCK PURCHASE PLAN**

Background of the Proposal

On February 15, 2017, the Board adopted, subject to stockholder approval, the American Water Works Company, Inc. and its Designated Subsidiaries 2017 Nonqualified Employee Stock Purchase Plan, or the 2017 ESPP, to be effective August 1, 2017, or such other date as may be determined by our Senior Vice President, Human Resources, or her designee (the ESPP Effective Date). The principal

features of the 2017 ESPP are summarized below, but such description is qualified in its entirety by reference to the full text of the 2017 ESPP which is included as Appendix C to this Proxy Statement.

All capitalized terms not defined in this Proposal 5 will have the meanings set forth in Appendix C to this Proxy Statement.

Reasons for the Proposal

We currently maintain the American Water Works Company, Inc. and its Designated Subsidiaries Nonqualified Employee Stock Purchase Plan, or the current ESPP. The current ESPP will expire by its terms on January 1, 2018. As of the record date, there are 1,048,290 shares available for issuance under the current ESPP.

We are seeking stockholder approval of the 2017 ESPP as required under NYSE listing standards. The 2017 ESPP is not intended to qualify as an employee stock purchase plan under Section 423 of the Code.

As with the current ESPP, the Board believes that the 2017 ESPP will continue to provide our employees with a key benefit. The 2017 ESPP seeks to provide a convenient and easy way for our employees to purchase shares of common stock at a 10 percent discount. We believe that ownership of common stock gives employees a

vested interest in our success and aligns their interests with those of our stockholders.

If the 2017 ESPP is approved by our stockholders:

- the current ESPP will terminate as soon as administratively practicable after the purchase period that ends on August 31, 2017, and
- the 2017 ESPP will become effective on the ESPP Effective Date.

For additional information regarding the timing of the 2017 ESPP, see Enrollment Periods and Purchase Periods below.

If the stockholders do not approve the 2017 ESPP, the 2017 ESPP will not become effective and no shares will be issued under the 2017 ESPP. The current ESPP would remain in effect until January 1, 2018.

Summary of Material Terms of the 2017 ESPP

Administration

The Board has designated the Compensation Committee as the plan administrator for the 2017 ESPP. As the plan administrator, the Compensation Committee has discretionary authority and power to administer the 2017 ESPP and to make, adopt, construe and enforce

rules and regulations not inconsistent with the provisions of the 2017 ESPP. The Compensation Committee's interpretations and decisions with respect to the 2017 ESPP will be final and conclusive.

Table of Contents

Shares Available for Issuance under the 2017 ESPP

We have reserved 2 million shares of our common stock for issuance under the 2017

ESPP, subject to adjustments in certain circumstances described below.

Adjustments

The 2017 ESPP provides for certain adjustments in connection with any increase or decrease in the number of outstanding shares of common stock as a result of a subdivision or consolidation of the common stock or other capital adjustment, the payment of a stock dividend in shares of common stock, or other increase or decrease in our shares of common stock, if effected without our receipt of consideration. In any of these events, the Compensation Committee will make equitable adjustments to the following, in order to prevent

the dilution or enlargement of benefits under the 2017 ESPP:

- the aggregate number of shares of common stock reserved for issuance under the 2017 ESPP
- the maximum number of shares of common stock that may be purchased by any participant on a purchase date and
- the calculation of the purchase price per share.

Eligibility

An employee will be eligible to participate in the 2017 ESPP if, as of the start date of the purchase period, the employee is employed by us or a subsidiary which the Compensation Committee has designated as a participating entity in the 2017 ESPP. For purposes of the 2017 ESPP, an eligible employee includes all of our and our participating subsidiaries' employees, including part-time employees, but does not include:

- an employee who is classified by the Compensation Committee as a temporary employee or leased employee

- unless otherwise permitted by the Compensation Committee, an employee employed by a non-U.S. subsidiary
- an employee who the Board determines is an officer as defined in the SEC's rules promulgated under Section 16 of the Exchange Act or
- an employee who owns stock possessing 5 percent or more of the total combined voting power or value of all classes of our stock.

None of our non-employee directors are eligible to participate in the 2017 ESPP. As of March 16, 2017, there would be approximately 6,457 employees eligible to participate in the 2017 ESPP.

Enrollment Periods

Under the 2017 ESPP, each eligible employee may elect to participate in the 2017 ESPP by completing a purchase agreement and submitting the purchase agreement to the Compensation Committee or its delegate during an enrollment period. Subject to stockholder approval of the 2017 ESPP, it is presently intended that the first enrollment period under the 2017 ESPP would begin on August 5, 2017 and end on August 25, 2017.

If the 2017 ESPP is approved by stockholders, it is presently intended that the last enrollment period under the current ESPP would begin on May 5, 2017 and end on May 25, 2017. For the 2017 ESPP, the Compensation Committee intends to retain the timing of enrollment periods in effect under the current ESPP.

Table of Contents

Purchase Periods

Under the 2017 ESPP, each eligible employee who elects to participate in the 2017 ESPP is granted an option to purchase shares of common stock during a purchase period. Each purchase period will generally be a period of

three months, unless the Compensation Committee determines to provide for a different purchase period. The purchase right will continue in effect during the purchase period and will be exercised on the last trading day of the purchase period, which is the purchase date. On each purchase date, the participant will automatically be deemed to have exercised the participant's purchase right to purchase shares of stock with his or her accumulated payroll deductions for the purchase period, unless, to the extent permitted by applicable law, the participant notifies the Compensation Committee in advance of his or her desire to withdraw his or

her accumulated payroll deductions and/or cease payroll deductions.

If our stockholders approve the 2017 ESPP, it is presently intended that the first purchase period would begin on September 1, 2017, and end on November 30, 2017. Unless the Compensation Committee determines otherwise prior to the beginning of the purchase period, the 2017 ESPP provides that each new purchase period would begin on the first day of the calendar quarter next following the preceding purchase date and continue until the last trading day of the calendar quarter in which such purchase period began. For this purpose, a trading day is the date on which the NYSE is open for trading. Notwithstanding the terms of the 2017 ESPP, the Compensation Committee presently intends to retain the purchase periods currently in effect under the current ESPP.

Purchase Transactions

Unless the Compensation Committee determines otherwise prior to the beginning of the purchase period, the purchase price for each share of common stock purchased under the 2017 ESPP will be the lower of:

- 90 percent of closing price of a share of common stock on the first day of the day of the purchase period or
- 90 percent of the closing price of a share of common stock on the purchase date.

The number of shares that will be purchased for each participant participating in the 2017 ESPP on a purchase date will depend on the purchase price of the shares, the total amount of payroll

deductions during the purchase period and the number of shares remaining available for issuance under the 2017 ESPP. For example, if the purchase price is \$10 per share and participant has \$500 of accumulated payroll deductions on the purchase date, the participant will purchase 50 shares.

No fees, commissions, or other expenses will be charged to a participant when he or she purchases stock under the 2017 ESPP; however, the participant will be responsible for any brokerage commissions that result from the sale of any stock purchased under the 2017 ESPP.

Payroll Deductions

Participants will indicate pursuant to a purchase agreement, the portion of compensation (in whole percentages from one percent to 10 percent) to have deducted from pay, on an after-tax basis, for the purchase of stock under the 2017 ESPP. In addition, if permitted by the Compensation Committee prior to the beginning of the purchase period, participants may be able to deposit funds, in addition to payroll deductions, with us, provided that the aggregate amount (including deposits and payroll deductions) that a participant may contribute to

the 2017 ESPP during a purchase period may not exceed the lesser of 10 percent of the participant's compensation or \$25,000 per year. To the extent permitted by applicable law and subject to limitations determined by the Compensation Committee, a participant may stop payroll deductions during a purchase period. If payroll deductions are stopped during a purchase period, the participant may not subsequently resume payroll deductions during such purchase period.

Table of Contents

For purposes of the 2017 ESPP, compensation means a participant's base wages, but excludes overtime pay, commissions, bonuses, premium pay, shift differential pay, any compensation reductions made in connection with plans described in Sections 401(k), 125 or 132(f)(4) of the Code, and any other extraordinary

remuneration, as determined by the Compensation Committee in its discretion. Contributions to the 2017 ESPP are treated as our general assets and are not held in trust. No interest is credited to the amounts participants contribute to the 2017 ESPP.

Maximum Number of Purchasable Shares

Whole shares and fractional shares may be purchased under the 2017 ESPP. Unless the Compensation Committee determines otherwise prior to the beginning of the purchase period, an eligible employee may not purchase more than 5,000 shares of our common stock on any

purchase date, subject to adjustment as described above. In addition, unless the Compensation Committee determines otherwise, in no event may a participant contribute more than \$25,000 in any year to purchase stock under the 2017 ESPP.

Excess Payroll Deductions after Purchase Date

If a participant's payroll deductions are not applied to purchase stock on a purchase date, such excess amounts will be returned to the

participant, as soon as administratively practicable after the purchase date.

Cessation of Participation

To the extent legally permissible, a participant may voluntarily cease his or her participation in the 2017 ESPP and stop payroll deductions at any time by filing a notice of cessation of participation on such form and at such time in advance of the purchase date as required by the Compensation Committee. If a participant ceases contributions during a purchase period, such participant may not make any further contributions during such purchase period. The participant may also request distributions of any funds held for the participant so long as such request is made on such form and at such time in advance of the purchase date as required by the Compensation Committee. Any funds

remaining in the participant's account on the

purchase date will be used to purchase stock.

If during a purchase period a participant ceases to be an eligible employee, his or her participation in the 2017 ESPP will automatically terminate and no further purchases of common stock will be made for the participant. Any funds held for such participant will be distributed to the participant. A participant will cease to be an eligible employee during a purchase period if he or she no longer meets the requirements of an eligible employee under the 2017 ESPP or if such participant terminates employment, dies or is determined to be disabled prior to the applicable purchase date.

Transferability

Neither payroll deductions credited to a participant nor any rights with regard to the exercise of a purchase right under the 2017 ESPP may be assigned or transferred. If a participant dies, unless a personal representative of the deceased participant directs otherwise, any previous payroll

deductions during the purchase period in which the participant dies will be used to purchase stock on the purchase date for such purchase period. After the purchase date, the deceased participant's stock and residual amounts will be delivered to the participant's personal representative.

Holding Period

Participants are required to hold stock purchased under the 2017 ESPP for six months following each purchase date, except such

holding period ceases to apply in the case of death of the participant.

Table of Contents

Change of Control

Subject to any required action by our stockholders, if we are the surviving corporation in a merger or consolidation, any offering under the 2017 ESPP will continue to pertain to and apply to our shares of common stock. However, if we dissolve or liquidate, or merge or consolidate and are not the surviving corporation, the 2017 ESPP and any offering under the 2017 ESPP will terminate as of

the effective date of the dissolution, liquidation, merger or consolidation, unless our Board determines otherwise and the balance of any amounts deduction from a participant's compensation (or deposited) which have not been applied to purchase stock will be returned to the participant, as soon as reasonably practicable.

Amendment

Our Board may amend the 2017 ESPP at any time, subject to stockholder approval if required by applicable law and the New York Stock Exchange listing standards.

Termination

Unless sooner terminated by its terms or by our Board, the 2017 ESPP will terminate on the tenth anniversary of the ESPP Effective Date.

New Plan Benefits

No award has been or will be granted under the 2017 ESPP that is contingent upon approval of this proposal by our stockholders at our annual meeting. The benefits to be received by any eligible employee under the 2017 ESPP are not determinable because, under the terms of the 2017 ESPP, the amounts of future stock

purchases are based upon elections made by eligible employees subject to the terms and limits of the 2017 ESPP and the purchase price to be paid.

The closing price of a share of our common stock on March 16, 2017, was \$75.74 per share.

U.S. Federal Income Tax Consequences

The following is a brief description of the U.S. federal income tax consequences generally arising with respect to options that may be awarded under the 2017 ESPP. This discussion is intended for the information of stockholders considering how to vote at the annual meeting and not as tax guidance to participants in the 2017 ESPP. The summary does not address the effects of other federal taxes (including possible golden parachute excise taxes) or taxes imposed under state, local, or foreign tax laws. The 2017 ESPP is not intended to qualify as an employee stock purchase plan within the meaning of Section 423 of the Code. The 2017 ESPP is also not intended to qualify under Section 401 of the Code and is not subject to the requirements of the Employee Retirement

Income Security Act of 1974, as amended.

Under the Code as currently in effect, a participant in the 2017 ESPP will recognize income, and we will generally be entitled to a deduction (see discussion above under Proposal 4 relating to limitations on deductions under Section 162(m) of the Code), upon the participant's purchase of common stock under the 2017 ESPP. The amount of income recognized, and our corresponding tax deduction, will be equal to the difference between the purchase price paid for the stock and the fair market value of our stock on the purchase date. When the participant sells any shares purchased under the 2017 ESPP, the participant will have capital gain or loss equal to the difference, if any, between the proceeds of the sale and the

Table of Contents

participant's basis in the common stock (the purchase price plus any ordinary income realized). The capital gain rate will depend on how long the common stock was held by the participant.

All purchases of stock under 2017 ESPP are subject to applicable federal (including FICA),

state and local tax withholding requirements. We may require a participant to pay to us the amount of any such applicable withholdings or withhold from other wages or compensation the amount of any such withholdings.

PROPOSAL 6

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the appointment, compensation, retention, evaluation and oversight of the Company's independent registered public accounting firm. As part of this responsibility, the Audit Committee annually evaluates the independent registered public accounting firm's qualifications, performance and independence and assesses whether to continue to retain the firm or select a different firm.

The Audit Committee has appointed the firm of PricewaterhouseCoopers LLP to serve as the independent registered public accounting firm for American Water during the fiscal year ending December 31, 2017. PricewaterhouseCoopers LLP has served as our auditors since 1948. The Audit Committee and the Board have recommended that the stockholders ratify this appointment.

The Audit Committee and its Chair are also involved in and approve the selection of the lead audit partner, who is limited to no more than five consecutive years in that role before the position must be rotated in accordance with SEC rules. The Audit Committee and the Board believe that the continued retention of PricewaterhouseCoopers LLP as the Company's

independent auditor is in the best interests of the Company and its stockholders. Although stockholder ratification is not required by our organizational documents, or applicable law, the Board believes that it is a sound corporate governance practice to seek stockholder ratification of the appointment of PricewaterhouseCoopers LLP.

If our stockholders fail to ratify this appointment, the Audit Committee may reconsider its selection; however, it is under no obligation to engage a different auditing firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and our stockholders.

A representative of PricewaterhouseCoopers LLP is expected to be present at the meeting and will have the opportunity to make a statement if he or she desires to do so. The representative also will be available to respond to appropriate questions from stockholders at the meeting.

Recommendation of the Board

The Board unanimously recommends a vote **FOR** the ratification of the appointment, by the Audit Committee, of PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for 2017.

**PRE-APPROVAL OF SERVICES PROVIDED BY INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

The Audit Committee is required to approve in advance all audit and permitted non-audit services performed by the Company's independent registered public accounting firm. As permitted by the Company's pre-approval policy, the Audit Committee has delegated to its Chair the authority to pre-approve audit and permitted non-audit services to be provided by

its independent registered public accounting firm and associated fees up to \$50,000 in the aggregate. The Chair of the Audit Committee must report any pre-approval of services pursuant to this delegated authority to the full Audit Committee at its next regularly scheduled meeting following the pre-approval, which report then resets the authority limit to \$50,000.

Stockholders may communicate directly with the Board or individual members of the Board, including those wishing to express concerns relating to accounting, internal controls, audit matters, fraud or unethical behavior, by submitting written correspondence to the Company or via email: contacttheboard@amwater.com. The Company's Secretary reviews and provides summaries and/or copies of the communications to the Board and relevant committees. All communications are treated confidentially.

Our whistleblower policy prohibits American Water or any of its employees from retaliating or taking any adverse action against anyone for raising a concern in good faith. If an interested party nonetheless prefers to raise his or her concern to the Board in a confidential or anonymous manner, the concern may be directed to our confidential ethics hotline at (877) 207-4888. Delivering Proxy Materials Through Electronic Means

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to Be Held on May 12, 2017

The Notice of 2017 Annual Meeting of Stockholders, 2017 Proxy Statement and 2016 Annual Report are available at <http://www.proxyvote.com>.

Under the Notice and Access rules approved by the SEC, we are permitted to deliver this Proxy Statement and our 2016 Annual Report by providing access to the documents on the Internet instead of mailing printed copies. Accordingly, certain stockholders have received a Notice of Availability instead of printed copies of the proxy materials. The Notice of Availability instructs a stockholder on how to access and review all of the proxy materials on the Internet. The Notice of Availability also has instructions on how a stockholder may vote his or her shares. Although the Notice of Availability identifies the items to be voted on at the meeting, you cannot vote your shares merely by marking the Notice of Availability and returning it.

Beginning on the date of mailing of the Notice of Availability, stockholders will be able to access all of the proxy materials on a web site referred to in the Notice of Availability. If you received a Notice of Availability and would like to receive free of charge a paper or electronic copy of our

proxy materials, you may elect to do so by following the instructions in the Notice of Availability for requesting such materials.

If you previously requested a paper copy of the proxy materials (and you have not revoked that request) or if delivery of printed proxy materials is required by law, you will receive a copy of the proxy materials, instead of the Notice of Availability.

To the extent we are not required by law to mail our proxy materials to you in paper form, you can eliminate all such future paper mailings, including mailing of the Notice of Availability, by electing to receive an e-mail that will provide Internet links to these documents and the online proxy voting Web site. Opting to receive all future proxy materials electronically will save us the cost of producing and mailing documents to you and will help us conserve natural resources. Requests for electronic delivery may be made at <http://enroll.icsdelivery.com/awk>.

Householding of Proxy Materials

To reduce the expense of delivering duplicate sets of proxy materials to multiple stockholders sharing the same address, we have adopted a procedure approved by the SEC called householding. This procedure saves printing costs and postage fees, and conserves natural resources.

Under the householding procedure, certain stockholders of record who have the same address and last name will receive only one copy of the Notice of Availability and/or set of proxy materials, unless one or more of the

stockholders at that address has previously notified us that they want to receive separate copies.

Under the SEC's householding rules, intermediaries also may deliver a single copy of the proxy materials or Notice of Availability to two or more stockholders that share the same address. If you and other residents at your mailing address own shares of common stock in street name through a broker or bank, you may have received a notice that your household will be sent only one copy of the proxy materials or the Notice of Availability. If you did not provide your broker or bank with notice that you object to this householding, you may have been deemed to have consented to the householding of information.

consist of two or more persons who are outside directors as defined under section 162(m) of the Code, and related Treasury regulations, non-employee directors as defined under Rule 16b-3 under the Exchange Act, and independent directors as determined in accordance with the independence standards established by the stock exchange on which the Common Stock is at the time primarily traded. However, except with respect to Grants described in Section 12 hereof, the Board may ratify or approve any Grants as it deems appropriate, and the Board shall approve and administer all Grants made to Non-Employee Directors. The Committee may delegate authority to one or more subcommittees or the Chief Executive Officer of the Company, as it deems appropriate; provided, however, that any delegation to the Chief Executive Officer (i) shall only apply to Participants who are not subject to Section 16 of the Exchange Act and who are not covered employees within the meaning of section 162(m) of the Code; (ii) must include a limitation as to the amount of Grants that may be awarded during the period of the delegation, (iii) may contain guidelines not inconsistent with the Plan as to the determination of the Exercise Price for an Option or the price of other Grants, and any criteria for vesting or exercisability of such Grants; (iv) may be revoked or amended at any time but such action shall not invalidate any prior actions of the Committee's delegation that were consistent with the terms of the Plan and of such delegation prior to amendment or revocation; and (v) shall be subject to such other terms and conditions as prescribed by the Committee. To the extent the Board, a subcommittee or the Chief Executive Officer performs these administration duties under the Plan, references in the Plan to the Committee shall be deemed to refer to the Board, such subcommittee or the Chief Executive Officer.

(b) *Committee Authority.* The Committee shall have the sole authority to (i) determine the Participants to whom Grants shall be made under the Plan, (ii) determine the type, size and terms and conditions of the Grants to be made to each such Participant, (iii) determine the time when the Grants will be made and the duration of any applicable exercise or restriction period, including the criteria for exercisability or vesting and the acceleration of exercisability or vesting, (iv) amend the terms and conditions of any previously issued Grant, subject to the provisions of Section 18 below, and (v) deal with any other matters arising under the Plan.

(c) *Committee Determinations.* Subject to Section 3(d), the Committee shall have full power and express discretionary authority to administer and interpret the Plan, to make factual determinations and to adopt or amend such rules, regulations, agreements and instruments for implementing the Plan and for the conduct of its business as it deems necessary or advisable, in its sole discretion. The Committee's interpretations of the Plan and all determinations made by the Committee pursuant to the powers vested in it hereunder shall be conclusive and binding on all persons having any interest in the Plan or in Grants hereunder. All powers of the Committee shall be executed in its sole discretion, in the best interest of the Company, not as a fiduciary, and in keeping with the objectives of the Plan and need not be uniform as to similarly situated Participants.

(d) *Delegation of Administration.* The Committee may delegate certain administrative or ministerial matters under the Plan to one or more officer or officers of the Company (or their designees) as determined in the Committee's discretion, and such persons may have the authority to (i) prepare, distribute and, if required, execute Grant Agreements in accordance with the Committee's determinations, (ii) maintain or cause to be maintained (including through a third party administrator) records relating to the granting, vesting, exercise, forfeiture or expiration of Grants, (iii) process or oversee the issuance of, or cause to be issued, shares or cash upon the exercise, vesting and/or settlement of a Grant, and (iv) take such other administrative or ministerial actions (other than with respect to the making, modification or termination of, any Grant), or cause such actions to be taken, as the Committee may authorize. Any delegation by the Committee pursuant to this subsection shall be subject to and limited by applicable law or regulation, including without limitation the rules and

regulations of the Exchange Act, the Code and the securities exchange on which the Common Stock is then listed.

4. Grants

(a) Grants under the Plan may consist of Options as described in Section 7, Stock Units as described in Section 8, Stock Awards as described in Section 9, SARs as described in Section 10 and Other Stock-Based Awards as described in Section 11. All Grants shall be subject to such terms and conditions as the Committee deems appropriate and as are specified in writing by the Committee to the Participant in the Grant Agreement.

(b) All Grants shall be made conditional upon the Participant's acknowledgement, in writing or by acceptance of the Grant, that all decisions and determinations of the Committee shall be final and binding on the Participant, his or her beneficiaries and any other person having or claiming an interest under such Grant. Grants under a particular Section of the Plan need not be uniform as among the Participants.

5. Shares Subject to the Plan

(a) *Shares Authorized.* Subject to adjustment as described in Section 5(d), the total aggregate number of shares of Company Stock that may be issued or transferred under the Plan is (i) 7,350,000 shares, minus (ii) the number of shares of Company Stock subject to grants of awards made under the Prior Plan after December 30, 2016.

(b) *Source of Shares; Share Counting.* Shares issued under the Plan may be authorized but unissued shares of Company Stock or reacquired shares of Company Stock, including shares purchased by the Company on the open market for purposes of the Plan. If and to the extent Options or SARs granted under the Plan terminate, expire, or are canceled, forfeited, exchanged or surrendered without having been exercised, and if and to the extent that any Stock Awards, Stock Units, or Other Stock-Based Awards are forfeited or terminated, or otherwise are not paid in full, the shares reserved for such Grants shall again be available for purposes of the Plan. Shares of Stock surrendered in payment of the Exercise Price of an Option, and shares withheld or surrendered for payment of taxes, shall not be available for re-issuance under the Plan. If SARs are granted, the full number of shares subject to the SARs shall be considered issued under the Plan, without regard to the number of shares issued upon exercise of the SARs and without regard to any cash settlement of the SARs. To the extent that a Grant of Stock Units is designated in the Grant Agreement to be paid in cash, and not in shares of Company Stock, such Grants shall not count against the share limits in Section 5(a).

(c) *Individual Limits.* All Grants under the Plan shall be expressed in shares of Company Stock. The maximum aggregate number of shares of Company Stock with respect to which all Grants may be made under the Plan during any calendar year to any Employee and Non-Employee Director shall be 300,000 and 150,000 shares, respectively, each subject to adjustment as described in Section 5(d). The maximum aggregate number of shares of Company Stock with respect to which all Grants described in Section 12 of the Plan may be made during any calendar year to any Participant who is a covered employee within the meaning of section 162(m) of the Code shall be 300,000 shares, subject to adjustment as described in Section 5(d). The individual limits of this Section 5(c) shall apply without regard to whether the Grants are to be paid in Company Stock or cash. All cash payments (other than with respect to Dividend Equivalents) shall equal the Fair Market Value of the shares of Company Stock to which the cash payments relate. A Participant may not accrue Dividend Equivalents during any calendar year in excess of \$1,500,000.

(d) *Adjustments.* If there is any change in the number or kind of shares of Company Stock outstanding (i) by reason of a stock dividend, spinoff, recapitalization, stock split, or combination or

exchange of shares, (ii) by reason of a merger, reorganization or consolidation, (iii) by reason of a reclassification or change in par value, or (iv) by reason of any other extraordinary or unusual event affecting the outstanding Company Stock as a class without the Company's receipt of consideration, or if the value of outstanding shares of Company Stock is substantially reduced as a result of a spinoff or the Company's payment of an extraordinary dividend or distribution, the maximum number of shares of Company Stock available for issuance under the Plan, the maximum number of shares of Company Stock for which any Employee, Non-Employee Director or covered employee within the meaning of section 162(m) of the Code may receive Grants in any year, the kind and number of shares covered by outstanding Grants, the kind and number of shares issued and to be issued under the Plan, and the price per share or the applicable market value of such Grants shall be equitably adjusted by the Committee, in such manner as the Committee deems appropriate, to reflect any increase or decrease in the number of, or change in the kind or value of, the issued shares of Company Stock to preclude, to the extent practicable, the enlargement or dilution of rights and benefits under the Plan and such outstanding Grants; *provided, however*, that any fractional shares resulting from such adjustment shall be eliminated. In addition, in the event of a Change of Control of the Company, the provisions of section 16 of the Plan shall apply. Any adjustments to outstanding Grants shall be consistent with section 409A or 422 of the Code, to the extent applicable. Any adjustments determined by the Committee shall be final, binding and conclusive.

6. Eligibility for Participation

(a) *Eligible Persons.* All Employees and Non-Employee Directors shall be eligible to participate in the Plan.

(b) *Selection of Participants.* The Committee shall select the Employees and Non-Employee Directors to receive Grants and shall determine the number of shares of Company Stock subject to each Grant.

7. Options

(a) *General Requirements.* The Committee may grant Options to an Employee or a Non-Employee Director upon such terms and conditions as the Committee deems appropriate under this Section 7. The Committee shall determine the number of shares of Company Stock that will be subject to each Grant of Options to Employees and Non-Employee Directors. Dividend Equivalents shall not be granted with respect to an Option.

(b) *Type of Option, Price and Term.*

(i) The Committee may grant Incentive Stock Options or Nonqualified Stock Options or any combination of the two, all in accordance with the terms and conditions set forth herein. Incentive Stock Options may be granted only to Employees of the Company or its parents or subsidiaries, as defined in section 424 of the Code. Nonqualified Stock Options may be granted to Employees or Non-Employee Directors.

(ii) The Exercise Price of Company Stock subject to an Option shall be determined by the Committee and shall be equal to or greater than the Fair Market Value of a share of Company Stock on the date the Option is granted. However, an Incentive Stock Option may not be granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any parent or subsidiary, as defined in section 424 of the Code, unless the Exercise Price per share is not less than 110% of the Fair Market Value of the Company Stock on the date of grant.

(iii) The Committee shall determine the term of each Option, which shall not exceed ten years from the date of grant. However, an Incentive Stock Option that is granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all

classes of stock of the Company or any parent or subsidiary, as defined in section 424 of the Code, may not have a term that exceeds five years from the date of grant.

(c) Vesting and Exercisability of Options.

(i) Options shall become vested and exercisable in accordance with such terms and conditions as may be determined by the Committee and specified in the Grant Agreement. The Committee may grant Options that are subject to achievement of performance goals or other conditions. The Committee may accelerate the vesting and exercisability of any or all outstanding Options at any time for any reason.

(ii) Options granted to persons who are non-exempt employees under the Fair Labor Standards Act of 1938, as amended, may not be exercisable for at least six months after the date of grant (except that such Options may become exercisable, as determined by the Committee, upon the Participant's death, disability or retirement, or upon a Change of Control or other circumstances permitted by applicable regulations).

(d) *Termination of Employment or Service.* Except as provided in the Grant Agreement, an Option may only be exercised while the Participant is employed as an Employee or providing service as a Non-Employee Director. The Committee shall determine in the Grant Agreement under what circumstances and during what time periods a Participant may exercise an Option after termination of employment or service.

(e) *Exercise of Options.* A Participant may exercise an Option that has become exercisable, in whole or in part, by delivering a notice of exercise to the Company. The Participant shall pay the Exercise Price for the Option (i) in cash or by check, (ii) if permitted by the Committee, by delivering shares of Company Stock owned by the Participant and having a Fair Market Value on the date of exercise equal to the Exercise Price or by attestation to ownership of shares of Company Stock having an aggregate Fair Market Value on the date of exercise equal to the Exercise Price, (iii) by payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board, (iv) if permitted by the Grant Agreement, by net share settlement of the Option based on the Fair Market Value on the date of exercise, (v) any combination of clauses (i), (ii), (iii) or (iv) above, or (vi) by such other method as the Committee may approve, to the extent permitted by applicable law. Shares of Company Stock delivered to exercise an Option pursuant to clause (ii) above shall have been held by the Participant for the requisite period of time to avoid adverse accounting consequences to the Company with respect to the Option. Payment for the shares pursuant to the Option, and any required withholding taxes, must be received by the time specified by the Committee depending on the type of payment being made, but in all cases prior to the issuance of the Company Stock.

(f) *Limits on Incentive Stock Options.* Each Incentive Stock Option shall provide that, if the aggregate Fair Market Value of the stock on the date of grant with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year, under the Plan or any other stock option plan of the Company or a parent or subsidiary, as defined in section 424 of the Code, exceeds \$100,000, then the Option, as to the excess, shall be treated as a Nonqualified Stock Option. An Incentive Stock Option shall not be granted to any person who is not an Employee of the Company or a parent or subsidiary, as defined in section 424 of the Code. The aggregate number of shares of Company Stock that may be issued under the Plan as Incentive Stock Options is 5,000,000 shares, subject to adjustment as described in Section 5(d), and all shares issued under the Plan as Incentive Stock Options shall count against the plan limit under Section 5(a).

8. Stock Units

(a) *General Requirements.* The Committee may grant Stock Units to an Employee or a Non-Employee Director, upon such terms and conditions as the Committee deems appropriate under this

Table of Contents

Section 8. Each Stock Unit shall represent the right of the Participant to receive a share of Company Stock or an amount based on the value of a share of Company Stock. All Stock Units shall be credited to bookkeeping accounts on the Company's records for purposes of the Plan.

(b) *Terms of Stock Units.* The Committee may grant Stock Units that are payable on terms and conditions determined by the Committee, which may include payment based on achievement of performance goals. Stock Units may be paid at the end of a specified vesting or performance period, or payment may be deferred to a date authorized by the Committee. The Committee shall determine the number of Stock Units to be granted and the requirements applicable to such Stock Units. The Committee may accelerate the vesting of any or all outstanding Stock Units at any time for any reason.

(c) *Payment With Respect to Stock Units.* Payment with respect to Stock Units shall be made in cash, in Company Stock, or in a combination of the two, as determined by the Committee. The Grant Agreement shall specify the maximum number of shares that can be issued under the Stock Units.

(d) *Requirement of Employment or Service.* The Committee shall determine in the Grant Agreement under what circumstances a Participant may retain Stock Units after termination of the Participant's employment or service, and the circumstances under which Stock Units may be forfeited.

(e) *Dividend Equivalents.* The Committee may grant Dividend Equivalents in connection with Stock Units, under such terms and conditions consistent with this Section 8(e) as the Committee deems appropriate. Dividend Equivalents may be deferred, but no Dividend Equivalent may be payable to a Participant unless, and only to the extent, a Grant of Stock Units vests, and, with respect to a Grant of Stock Units that vests based on the achievement of performance goals, the performance goals are achieved (at least at the minimum threshold for performance). All Dividend Equivalents that are not paid currently shall be credited to bookkeeping accounts on the Company's records for purposes of the Plan. Dividend Equivalents may be accrued as a cash obligation, or may be converted to additional Stock Units for the Participant, and deferred Dividend Equivalents may accrue interest, all as determined by the Committee. The Committee may provide that Dividend Equivalents shall be payable based on the achievement of specific performance goals. Dividend Equivalents may be payable in cash or shares of Company Stock or in a combination of the two, as determined by the Committee. Each Dividend Equivalent with respect to a Grant of Stock Units based on performance goals will be forfeited at such time as, and to the extent that, the Committee has determined that the performance goals with respect to such Grant have not been achieved or exceeded, at least at the minimum level of performance, or, if granted in connection with a Stock Unit that vests solely based on the lapse of time, on the date the Stock Unit (or portion thereof) is forfeited as provided by the Committee.

9. Stock Awards

(a) *General Requirements.* The Committee may issue shares of Company Stock to an Employee or a Non-Employee Director under a Stock Award, upon such terms and conditions as the Committee deems appropriate under this Section 9. Shares of Company Stock issued pursuant to Stock Awards may be issued for cash consideration or for no cash consideration, and subject to restrictions or no restrictions, as determined by the Committee. The Committee may establish conditions under which restrictions on Stock Awards shall lapse over a period of time or according to such other criteria as the Committee deems appropriate, including restrictions based upon the achievement of specific performance goals. The Committee shall determine the number of shares of Company Stock to be issued pursuant to a Stock Award. The Committee may accelerate the vesting of any or all outstanding Stock Awards at any time for any reason.

(b) *Requirement of Employment or Service.* The Committee shall determine in the Grant Agreement under what circumstances a Participant may retain Stock Awards after termination of the Participant's employment or service, and the circumstances under which Stock Awards may be forfeited.

(c) *Restrictions on Transfer.* While Stock Awards are subject to restrictions, a Participant may not sell, assign, transfer, pledge or otherwise dispose of the shares of a Stock Award except upon death as described in Section 15(a). If certificates are issued, each certificate for a share of a Stock Award shall contain a legend giving appropriate notice of the restrictions in the Grant. The Participant shall be entitled to have the legend removed when all restrictions on such shares have lapsed. The Company may retain possession of any certificates for Stock Awards until all restrictions on such shares have lapsed.

(d) *Right to Vote and to Receive Dividends.* The Committee shall determine, consistent with this Section 9(d), to what extent, and under what conditions, the Participant shall have the right to vote shares of Stock Awards and to receive any dividends or other distributions paid on such shares during the restriction period. Dividends may be deferred, but dividends payable to a Participant must be withheld while a Stock Award is subject to restrictions and such dividends may be payable only upon the lapse of the restrictions on the Stock Awards. With respect to a Stock Award that vests based on the achievement of performance goals, no dividends may be payable unless, and only to the extent, the performance goals are achieved (at least at the minimum threshold for performance). Dividends that are not paid currently shall be credited to bookkeeping accounts on the Company's records for purposes of the Plan. Accumulated dividends may accrue interest, as determined by the Committee, and shall be paid in cash, shares of Company Stock, or in such other form as dividends are paid on Company Stock, as determined by the Committee. Dividends with respect to a Grant of Stock Awards based on performance goals will be forfeited at such time as, and to the extent that, the Committee has determined that the performance goals with respect to such Grant have not been achieved or exceeded, at least at the minimum level of performance, or, if granted in connection with a Stock Award that vests solely based on the lapse of time, on the date the Stock Award (or portion thereof) is forfeited as provided by the Committee.

10. Stock Appreciation Rights

(a) *General Requirements.* The Committee may grant SARs to an Employee or a Non-Employee Director separately or in tandem with an Option. The Committee shall establish the number of shares, the terms and the base amount of the SAR at the time the SAR is granted. The base amount of each SAR shall be not less than the Fair Market Value of a share of Company Stock as of the date of grant of the SAR. The Committee shall determine the term of each SAR, which shall not exceed ten years from the date of grant. Dividend Equivalents shall not be granted with respect to a SAR.

(b) *Tandem SARs.* The Committee may grant tandem SARs at the time the Option is granted. In the case of tandem SARs, the number of SARs granted to a Participant that shall be exercisable during a specified period shall not exceed the number of shares of Company Stock that the Participant may purchase upon the exercise of the related Option during such period. Upon the exercise of an Option, the SARs relating to the Company Stock covered by such Option shall terminate. Upon the exercise of SARs, the related Option shall terminate to the extent of an equal number of shares of Company Stock.

(c) *Exercisability.* A SAR shall become exercisable in accordance with such terms and conditions as may be specified. The Committee may grant SARs that are subject to achievement of performance goals or other conditions. The Committee may accelerate the exercisability of any or all outstanding SARs at any time for any reason. The Committee shall determine in the Grant Agreement under what circumstances and during what periods a Participant may exercise a SAR after termination of employment or service. A tandem SAR shall be exercisable only while the Option to which it is related is exercisable.

(d) *Grants to Non-Exempt Employees.* SARs granted to persons who are non-exempt employees under the Fair Labor Standards Act of 1938, as amended, may not be exercisable for at least six

months after the date of grant (except that such SARs may become exercisable, as determined by the Committee, upon the Participant's death, Disability or retirement, or upon a Change of Control or other circumstances permitted by applicable regulations).

(e) *Exercise of SARs.* When a Participant exercises SARs, the Participant shall receive in settlement of such SARs an amount equal to the value of the stock appreciation for the number of SARs exercised. The stock appreciation for a SAR is the amount by which the Fair Market Value of the underlying Company Stock on the date of exercise of the SAR exceeds the base amount of the SAR as specified in the Grant Agreement.

(f) *Form of Payment.* The Committee shall determine whether the stock appreciation for a SAR shall be paid in the form of shares of Company Stock, cash or a combination of the two. For purposes of calculating the number of shares of Company Stock to be received, shares of Company Stock shall be valued at their Fair Market Value on the date of exercise of the SAR. If shares of Company Stock are to be received upon exercise of a SAR, cash shall be delivered in lieu of any fractional share.

11. Other Stock-Based Awards

The Committee may make other Grants not specified in Sections 7, 8, 9 or 10 above that are based on or measured by Company Stock to Employees and Non-Employee Directors, on such terms and conditions as the Committee deems appropriate. Other Stock-Based Awards may be granted subject to achievement of performance goals or other conditions and may be payable in Company Stock or cash, or in a combination of the two, as determined by the Committee in the Grant Agreement.

12. Qualified Performance-Based Compensation

(a) *Designation as Qualified Performance-Based Compensation.* The Committee may determine that Stock Units, Stock Awards, Dividend Equivalents or Other Stock-Based Awards granted to an Employee shall be considered qualified performance-based compensation under section 162(m) of the Code, in which case the provisions of this Section 12 shall apply.

(b) *Performance Goals.* When Grants are made under this Section 12, the Committee shall establish in writing (i) the objective performance goals that must be met, (ii) the period during which performance will be measured, (iii) the maximum amounts that may be paid if the performance goals are met, and (iv) any other conditions that the Committee deems appropriate and consistent with the requirements of section 162(m) of the Code for qualified performance-based compensation. The performance goals shall satisfy the requirements for qualified performance-based compensation, including the requirement that the achievement of the goals be substantially uncertain at the time they are established and that the performance goals be established in such a way that a third party with knowledge of the relevant facts could determine whether and to what extent the performance goals have been met. The Committee shall not have discretion to increase the amount of compensation that is payable, but may reduce the amount of compensation that is payable, pursuant to Grants identified by the Committee as qualified performance-based compensation.

(c) *Criteria Used for Objective Performance Goals.* The Committee shall use objectively determinable performance goals based on one or more of the following criteria: (i) stock price; (ii) net income or earnings per share of Company Stock; (iii) price-earnings multiples; (iv) gross, operating or net earnings before or after income taxes; (v) book value of any asset or security; (vi) revenue; (vii) number of days sales outstanding of accounts receivable; (viii) productivity; (ix) gross income, profitability or gross margin; (x) EBITDA (earnings before interest, taxes, depreciation and amortization); (xi) net capital employed; (xii) return on equity, cash flow, investment or assets;

(xiii) internal rate of return; (xiv) cash flow return on investment; (xv) improvements in capital structure;

(xvi) stockholder return, including absolute or relative total stockholder return, expressed either on a dollar or percentage basis; (xvii) retention of customers, expressed on a dollar or percentage basis; (xviii) return on capital employed; (xix) increase in the Company's or a subsidiary's customer satisfaction or responsiveness ratings (based on the results of surveys conducted by an independent third party) and reputation within one or more service territories; (xx) cash flow per share; (xxi) economic value added (defined to mean net operating profit minus the cost of capital); (xxii) market value added (defined to mean the difference between the market value of debt and equity, and economic book value); (xxiii) growth in assets, unit volume, sales, cash flow or market share; (xxiv) relative performance (as measured by one or more of the performance goals set forth in this Section 12(c)) to a comparison group of companies designated by the Committee; (xxv) level of expenses, including without limitation capital expenditures or operation and maintenance expenses (expressed on a dollar or percentage basis); (xxvi) combined ratio; (xxvii) payback period on investment; (xxviii) net present value of investment; (xxix) metrics regarding execution on business or operating initiatives, such as through the development or implementation of new technologies or other customer benefits; (xxx) safety (including, for example, criteria relating to numbers or ratios of reported injuries, preventable accidents and vehicular accidents); (xxxi) compliance with environmental laws, rules and regulations; (xxxii) compliance with financial and regulatory controls; (xxxiii) bad debt collections, expenses or losses; (xxxiv) budget achievement; (xxxv) risk management; and (xxxvi) strategic business criteria consisting of one or more objectives based on meeting specified revenue goals, market penetration goals, customer growth, geographic business expansion goals, cost targets or goals relating to acquisitions or divestitures. The performance goals may be based on one or more business criteria that relate to, individually or in any combination (a) a specified goal, (b) historical performance of the Company or a product, service or business line or segment, (c) one or more business units or the performance of the Company and its subsidiaries as a whole, (d) the performance of any other corporation or entity or group of corporations or entities or a product, service or business line or segment, unit, division or subsidiary thereof, or (e) an individual or groups of individuals. Performance goals need not be uniform as among Participants.

(d) *Timing of Establishment of Goals.* The Committee shall establish the performance goals in writing either before the beginning of the performance period or during a period ending no later than the earlier of (i) 90 days after the beginning of the performance period or (ii) the date on which 25% of the performance period has been completed, or such other date as may be required or permitted under applicable regulations under section 162(m) of the Code.

(e) *Certification of Results.* The Committee shall certify the performance results for the performance period specified in the Grant Agreement after the performance period ends. The Committee shall determine the amount, if any, to be paid pursuant to each Grant based on the achievement of the performance goals and the satisfaction of all other terms of the Grant Agreement.

(f) *Death, Disability or Other Circumstances.* The Committee may provide in the Grant Agreement that Grants under this Section 12 shall be payable, in whole or in part, in the event of the Participant's death or disability, a Change of Control or under other circumstances consistent with the Treasury regulations and rulings under section 162(m) of the Code.

(g) *Certain Events.* To the extent permitted by section 162(m) of the Code, if applicable, in setting performance goals within the period prescribed in Section 12(d), the Committee may at such time also provide that the achievement of such performance goals will be determined without regard to the either the negative or positive effect (or both) of certain events, including for one or more of the following items: (i) asset write-downs; (ii) litigation or claim judgments, or settlements thereof; (iii) changes in accounting principles; (iv) changes in tax law or other laws affecting reported results; (v) changes in commodity or supply prices; (vi) severance, contract termination and other costs related to exiting, modifying or reducing any business activities; (vii) costs of, and gains and losses from, the acquisition, disposition or

abandonment of businesses or assets; (viii) gains and losses from the early extinguishment of debt; (ix) gains and losses in connection with the termination of or withdrawal from a pension plan; (x) stock compensation costs and other non-cash expenses; or (xi) any other specified non-operating items as determined by the Committee in setting performance goals.

13. *Deferrals*

The Committee may permit or require a Participant to defer receipt of the payment of cash or the delivery of shares that would otherwise be due to the Participant in connection with any Grant. The Committee shall establish rules and procedures for any such deferrals, consistent with applicable requirements of section 409A of the Code.

14. *Withholding of Taxes*

(a) *Required Withholding.* All Grants under the Plan shall be subject to applicable federal (including FICA), state and local tax withholding requirements. The Company may require that the Participant or other person receiving or exercising Grants pay to the Company the amount of any federal, state or local taxes that the Company is required to withhold with respect to such Grants, or the Company may deduct from other wages paid by the Company the amount of any withholding taxes due with respect to such Grants.

(b) *Election to Withhold Shares.* If the Committee so permits, shares of Company Stock may be withheld to satisfy the Company's tax withholding obligation with respect to Grants paid in Company Stock, at the time such Grants become taxable, up to an amount that does not exceed the minimum applicable withholding tax rate for federal (including FICA), state and local tax liabilities or such greater withholding rate as may be permitted by U.S. generally accepted accounting principles as applied to the Company.

15. *Transferability of Grants*

(a) *Restrictions on Transfer.* Except as described in Section 14 or Section 15(b) or as otherwise provided by applicable law, only the Participant may exercise rights under a Grant during the Participant's lifetime, and no benefit provided under this Plan shall be subject to alienation or assignment by a Participant (or by any Person entitled to such benefit pursuant to the terms of this Plan), nor shall it be subject to attachment or other legal process except by will or by the laws of descent and distribution. When a Participant dies, the personal representative or other person entitled to succeed to the rights of the Participant may exercise such rights. Any such successor must furnish proof satisfactory to the Company of his or her right to receive the Grant under the Participant's will or under the applicable laws of descent and distribution.

(b) *Transfer of Nonqualified Stock Options to or for Family Members.* Notwithstanding the foregoing, the Committee may provide, in a Grant Agreement, that a Participant may transfer Nonqualified Stock Options to one or more immediate family members, or one or more trusts or other entities for the benefit of or owned by immediate family members, consistent with applicable securities laws, according to such terms as the Committee may determine; *provided, however*, that the Participant receives no consideration for the transfer of a Nonqualified Stock Option and the transferred Nonqualified Stock Option shall continue to be subject to the same terms and conditions as were applicable to the Nonqualified Stock Option immediately before the transfer.

16. *Consequences of a Change of Control*

(a) *Assumption of Grants.* Upon a Change of Control where the Company is not the surviving corporation (or survives only as a subsidiary of another corporation or entity (the "surviving corporation")), all outstanding Options and SARs

that are not exercised shall be assumed by, or

replaced with comparable options or rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and other outstanding Grants shall be converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation). Notwithstanding the immediately preceding sentence, if, in connection with such Change of Control, any outstanding Options and SARs are not assumed by, or replaced with comparable options or rights by, the surviving corporation (or a parent or subsidiary of the surviving corporation), and any other outstanding Grants are not converted to similar grants of the surviving corporation (or a parent or subsidiary of the surviving corporation), then upon such Change of Control (i) all such outstanding Options and SARs that are not assumed or replaced shall accelerate and become fully exercisable, (ii) the restrictions and conditions on all such outstanding Stock Awards that are not converted to similar grants shall fully lapse and (iii) all such outstanding Stock Units, Other Stock-Based Awards and Dividend Equivalents that are not converted to similar grants shall be fully vested.

(b) *Acceleration of Exercisability/Vesting.* If a Participant's Grant is assumed as provided in the first sentence of Section 16(a) and if, within the twelve (12) month period following the occurrence of such Change of Control, such Participant ceases to be employed by, or providing service to, the surviving corporation (or a parent or subsidiary of the surviving corporation) on account of (x) a termination of such Participant's employment by the surviving corporation (or a parent or subsidiary of the surviving corporation) for any reason other than on account of Cause, death or Disability, or (y) a termination of employment or service by the Participant for Good Reason, then as of the date of such termination of employment or service, then (i) a Grant that is an Option or SAR shall automatically accelerate and become fully exercisable, (ii) a Grant that is a Stock Award shall have all restrictions and conditions immediately lapse and (iii) a Grant that is a Stock Unit, Other Stock-Based Award or Dividend Equivalent shall be fully vested.

(c) *Other Alternatives.* Notwithstanding the foregoing, in the event of a Change of Control, the Committee may take any of the following actions with respect to any or all outstanding Grants: the Committee may (i) determine that outstanding Options and SARs shall accelerate and become fully exercisable, in whole or part; (ii) determine that the restrictions and conditions on outstanding Stock Awards shall lapse, in whole or part; (iii) determine that outstanding Stock Units, Other Stock-Based Awards and Dividend Equivalents shall be fully vested, in whole or part; (iv) require that Participants surrender their outstanding Options and SARs in exchange for a payment by the Company, in cash or Company Stock as determined by the Committee, in an amount equal to the amount by which the then Fair Market Value of the shares of Company Stock subject to the Participant's unexercised Options and SARs exceeds the Exercise Price of the Options or the base amount of the SARs, as applicable; (v) after giving Participants an opportunity to exercise their outstanding Options and SARs, terminate any or all unexercised Options and SARs at such time as the Committee deems appropriate; or (vi) determine that Participants shall receive a payment in settlement of outstanding Stock Awards, Stock Units, Dividend Equivalents or Other Stock-Based Awards, if permitted under section 409A of the Code. Such surrender, termination or payment will take place as of the date of the Change of Control or such other date as the Committee may specify. Without limiting the foregoing, if the per share Fair Market Value of the Company Stock equals or is less than the per share Exercise Price or base amount, as applicable, the Company shall not be required to make any payment to the Participant upon surrender of the Option or SAR.

17. Requirements for Issuance of Shares

The Company shall be under no obligation to register under the 1933 Act any of the shares of Company Stock issued, delivered or paid in settlement under the Plan. No Company Stock shall be issued in connection with any Grant hereunder unless and until all legal requirements applicable to the issuance of such Company Stock have been complied with to the satisfaction of the Committee. The Committee shall

have the right to condition any Grant made to any Participant hereunder on such Participant's undertaking in writing to comply with such restrictions on his or her subsequent disposition of such shares of Company Stock as the Committee shall deem necessary or advisable, and one or more legends may be placed upon such shares (whether certificated or otherwise) to reflect any such restrictions. Shares of Company Stock issued under the Plan will be subject to such stop-transfer orders and other restrictions as may be required by applicable laws, regulations and interpretations, including any requirement that a legend be placed thereon to reflect the existence of any such orders or restrictions. No Participant shall have any right as a stockholder with respect to Company Stock covered by a Grant until shares have been issued to the Participant in accordance with all of the requirements of this Section.

18. Amendment and Termination of the Plan

(a) *Amendment.* The Board may amend or terminate the Plan at any time; *provided, however*, that the Board shall not amend the Plan without approval of the stockholders of the Company if such approval is required in order to comply with the Code or applicable laws, or to comply with applicable stock exchange requirements. No amendment or termination of this Plan shall, without the consent of the Participant, materially impair any rights or obligations under any Grant previously made to the Participant under the Plan, unless such right has been reserved in the Plan or the Grant Agreement, or except as provided in Section 19(b) below. Notwithstanding anything in the Plan to the contrary, the Board may amend the Plan in such manner as it deems appropriate in the event of a change in applicable law or regulations.

(b) *No Repricing Without Stockholder Approval.* Except in connection with a corporate transaction described above in Section 5(d) involving the Company, neither the Plan nor the terms of any outstanding Grant may be amended to permit, and no Grant or an amendment to any Grant Agreement may have the effect of causing, Options or SARs to be repriced, replaced or regranted through cancellation or by decreasing the Exercise Price of an outstanding Option or SAR without in each case obtaining stockholder approval. This Section 18(b) does not apply to an exercise of an Option or SAR in accordance with Section 7(e) or 10(c) and the terms thereof set forth in a Grant Agreement.

(c) *Stockholder Approval for Qualified Performance-Based Compensation.* If Grants are made under Section 12 above, the Plan must be reapproved by the Company's stockholders no later than the first stockholders' meeting that occurs in the fifth year following the year in which the stockholders previously approved the provisions of Section 12, if additional Grants are to be made under Section 12 and if required by section 162(m) of the Code or the regulations thereunder.

(d) *Termination of Plan.* The Plan shall terminate on the day immediately preceding the tenth anniversary of its Effective Date, unless the Plan is terminated earlier by the Board or an amendment to the Plan to extend such termination date is recommended and approved by the Board, and approved by the stockholders. The termination of the Plan shall not impair the power and authority of the Committee with respect to an outstanding Grant.

19. Miscellaneous

(a) *Effective Date.* The Plan shall be effective as of the Effective Date.

(b) *Grants in Connection with Corporate Transactions and Otherwise.* Nothing contained in this Plan shall be construed to (i) limit the right of the Committee to make Grants under this Plan in connection with the acquisition, by purchase, lease, merger, consolidation or otherwise, of the business or assets of any corporation, firm or association, including Grants to employees thereof who become Employees, or for other proper corporate purposes, or (ii) subject to applicable law, rules and regulations, limit the right of the Company to grant stock options or make other stock-based awards outside of this Plan. Without limiting the foregoing, the Committee may make a Grant to an

employee

of another corporation who becomes an Employee by reason of a corporate merger, consolidation, acquisition of stock or property, reorganization or liquidation involving the Company in substitution for a grant made by such corporation. The terms and conditions of the Grants may vary from the terms and conditions required by the Plan and from those of the substituted stock incentives, as determined by the Committee.

(c) *Compliance with Laws.* The Plan, the exercise of Options and the obligations of the Company to issue or transfer shares of Company Stock under Grants shall be subject to all applicable laws and to approvals by any governmental or regulatory agency as may be required. With respect to persons who are officers or Employees subject to section 16 of the Exchange Act, it is the intent of the Company that the Plan and all transactions under the Plan comply with all applicable provisions of Rule 16b-3 or its successors under the Exchange Act. In addition, it is the intent of the Company that Incentive Stock Options comply with the applicable provisions of section 422 of the Code, that Grants of qualified performance-based compensation comply with the applicable provisions of section 162(m) of the Code and that, to the extent applicable, Grants comply with the requirements of section 409A of the Code or an exception from such requirements. To the extent that any legal requirement of section 16 of the Exchange Act or section 422, 162(m) or 409A of the Code as set forth in the Plan ceases to be required under section 16 of the Exchange Act or section 422, 162(m) or 409A of the Code, that Plan provision shall cease to apply. The Committee may revoke any Grant if it is contrary to law or modify a Grant to bring it into compliance with any valid and mandatory government regulation. The Committee may also adopt rules regarding the withholding of taxes on payments to Participants. The Committee may, in its sole discretion, agree to limit its authority under this Section.

(d) *Section 409A.* The Plan is intended to comply with the requirements of section 409A of the Code, to the extent applicable. All Grants shall be construed and administered such that the Grant either (i) qualifies for an exemption from the requirements of section 409A of the Code or (ii) satisfies the requirements of section 409A of the Code. If a Grant is subject to section 409A of the Code, (i) distributions shall only be made in a manner and upon an event permitted under section 409A of the Code, (ii) payments to be made upon a termination of employment shall only be made upon a separation from service under section 409A of the Code, (iii) payments to be made upon a Change of Control shall only be made upon a change of control event under section 409A of the Code, (iv) unless the Grant specifies otherwise, each payment shall be treated as a separate payment for purposes of section 409A of the Code and all installment payments shall be treated as a separate payment, and (v) in no event shall a Participant, directly or indirectly, designate the calendar year in which a distribution is made except in accordance with section 409A of the Code. Any Grant granted under the Plan that is subject to section 409A of the Code and that is to be distributed to a key employee (as defined below) upon separation from service shall be administered so that any distribution with respect to such Grant shall be postponed for six months following the date of the Participant's separation from service, if required by section 409A of the Code. If a distribution is delayed pursuant to section 409A of the Code, the distribution shall be paid within 30 days after the end of the six-month period. If the Participant dies during such six-month period, any postponed amounts shall be paid within 60 days of the Participant's death. The determination of key employees, including the number and identity of persons considered key employees and the identification date, shall be made by the Committee or its delegate each year in accordance with section 416(i) of the Code and the specified employee requirements of section 409A of the Code. Notwithstanding the foregoing, although Grants are intended to be exempt from, or comply with, the requirements of section 409A of the Code, and the Plan shall be interpreted accordingly, the Company does not warrant that any Grant will qualify for favorable tax treatment under section 409A of the Code or any other provision of federal, state, local or foreign law. The Company shall not be liable to any Participant for any tax the Participant might owe as a result of the grant, holding, vesting, exercise, or payment of any Grant under the Plan.

Table of Contents

(d) *Enforceability; Company Successors.* The Plan shall be binding upon and enforceable against the Company and its successors and assigns. In the event the Company becomes a party to a merger, consolidation, sale of substantially all of its assets or any other corporate reorganization in which the Company will not be the surviving corporation or in which the holders of the Company Stock will receive securities of another corporation, then such other corporation shall be assigned the rights and assume the obligations of the Company under this Plan.

(e) *Funding of the Plan; Limitation on Rights.* This Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Grants under this Plan. Nothing contained in the Plan and no action taken pursuant hereto shall create or be construed to create a fiduciary relationship between the Company and any Participant or any other person. No Participant or any other person shall under any circumstances acquire any property interest in any specific assets of the Company. To the extent that any person acquires a right to receive payment from the Company hereunder, such right shall be no greater than the right of any unsecured general creditor of the Company.

(f) *Rights of Participants.* Nothing in this Plan shall entitle any Employee, Non-Employee Director or other person to any claim or right to receive a Grant under this Plan. Neither this Plan nor any action taken hereunder shall be construed as giving any individual any rights to be retained by or in the employment or service of the Company or any other Employer. Participation in this Plan shall not constitute a contract of employment between the Company or any Employer and any Participant and shall not be deemed to be consideration for, or a condition of, continued employment or service of any Participant. A Participant's right, if any, to serve the Employer as an Employee or Non-Employee Director or otherwise shall not be enlarged or otherwise affected by his or her designation as a Participant under the Plan.

(g) *No Fractional Shares.* No fractional shares of Company Stock shall be issued or delivered pursuant to the Plan or any Grant. The Committee shall determine whether cash, other awards or other property shall be issued or paid in lieu of such fractional shares or whether such fractional shares or any rights thereto shall be forfeited or otherwise eliminated.

(h) *Employees Subject to Taxation Outside the United States.* With respect to Participants who are subject to taxation in countries other than the United States, the Committee may make Grants on such terms and conditions as the Committee deems appropriate to comply with the laws of the applicable countries, and the Committee may create such procedures, addenda and subplans and make such modifications as may be necessary or advisable to comply with such laws.

(i) *Clawback Provisions.* If a Participant is subject to the provisions of (i) section 304 of the Sarbanes-Oxley Act of 2002 and/or (ii) any policies adopted by the Company in accordance with rules that may be promulgated by the Securities and Exchange Commission pursuant to section 10D of the Exchange Act (individually or collectively, the Clawback Rules), all Grants under the Plan to such Participant shall be subject to all applicable clawback or recoupment policies or practices of the Company. In addition, all Grants under the Plan shall be subject to (a) the Company's insider and share trading, and stock ownership and retention requirements, policies and guidelines, and (b) other requirements, policies, practices or guidelines implemented by the Board or the Committee, as may be in effect from time to time.

(j) *Relationship to Other Benefits.* Any Grants under this Plan are not considered compensation for purposes of determining benefits under any pension, profit sharing, or other retirement or welfare plan, or for any other general employee benefit program.

(k) *Expenses.* The expenses of administering the Plan shall be borne by the Company and its subsidiaries.

(l) *Titles and Headings.* The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

(m) *Indemnification.* Each person who is or at any time serves as a member of the Board or the Committee (and each person to whom the Board or the Committee has delegated any of its authority or power under this Plan) shall be indemnified and held harmless by the Company against and from (i) any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit, or proceeding to which such person may be a party or in which such person may be involved by reason of any action or failure to act under the Plan; and (ii) any and all amounts paid by such person in satisfaction of judgment in any such action, suit, or proceeding relating to the Plan. Each person covered by this indemnification shall give the Company an opportunity, at its own expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Restated Certificate of Incorporation or Amended and Restated Bylaws of the Company or any of its subsidiaries, as a matter of law, or otherwise, or any power that the Company may have to indemnify such person or hold such person harmless.

(n) *Reliance on Reports.* Each member of the Board or the Committee (and each person to whom the Board or the Committee has delegated any of its authority or power under this Plan) shall be fully justified in relying or acting in good faith upon any report made by the independent public accountants of the Company and its subsidiaries and upon any other information furnished in connection with the Plan. In no event shall any person who is or shall have been a member of the Board or the Committee (or their delegates) be liable for any determination made or other action taken or any omission to act in reliance upon any such report or information or for any action taken, including the furnishing of information, or failure to act, if in good faith.

(o) *Governing Law.* The validity, construction, interpretation and effect of the Plan and Grant Agreements issued under the Plan shall be governed and construed by and determined in accordance with the laws of the State of Delaware, without giving effect to the conflict of laws provisions thereof.

Table of Contents

Section 2.03 Discontinuance of Participation.

(a) To the extent legally permissible, a Participant may voluntarily cease his or her participation in the Plan and stop payroll deductions at any time by filing a notice of cessation of participation on such form and at such time in advance of the Purchase Date as the Committee shall prescribe. A Participant who ceases contributions during a Purchase Period may not make additional contributions to the Plan during the Purchase Period and may request payment of any funds held for the Participant under the Plan on such form and at such time in advance of the Purchase Date as the Committee shall prescribe. Any funds remaining in the Participant's account on the Purchase Date shall be used to purchase Stock pursuant to Section 3.04 below, if the Participant is then an Eligible Employee.

(b) Notwithstanding subsection Section 2.03, if a Participant ceases to be an Eligible Employee, his or her participation in the Plan shall automatically cease and no further purchase of Stock shall be made for the Participant. Any funds held for the Participant under the Plan shall be distributed to the Participant.

Section 2.04 Readmission to Participation.

(a) Any Eligible Employee who:

(i) was previously a Participant;

(ii) discontinued participation (whether by cessation of eligibility or otherwise); and

(iii) wishes to be reinstated as a Participant,

may again become a Participant by executing and filing with the Committee a new Purchase Agreement.

(b) Reinstatement as a Participant shall be effective as of the next Election Date, provided the Participant is an Eligible Employee and the Participant files a new Purchase Agreement with the Committee at such time in advance of the Election Date as the Committee shall prescribe.

Section 2.05 Payroll Deductions and Deposits.

(a) Each Participant shall authorize after-tax payroll deductions from his or her Compensation for the purpose of funding the purchase of Stock pursuant to his or her Purchase Agreement. In the Purchase Agreement, each Participant shall authorize the withholding of a percentage of each payment of Compensation during the Purchase Period, which shall be in one percent (1%) increments and, together with his or her contributions toward the purchase of Stock pursuant to subsection (c) below, may not exceed the Maximum Deduction Amount.

(b) To the extent legally permissible, a Participant may change the deduction to any permissible level, as permitted by the Committee in its sole and absolute discretion, as of any time prior to an Election Date. A change shall be made by filing with the Committee a new Purchase Agreement, which shall become effective as soon as administratively practicable following receipt by the Committee or its delegate.

(c) The Committee may allow Participants to deposit funds with AWW to be used for the purpose of purchasing Stock pursuant to their Purchase Agreements, in addition to payroll deductions pursuant to Section 2.05(a) above; provided, however:

Section 2.06 *Participant Rights and Privileges*. Notwithstanding anything herein to the contrary, all Participants shall have the same rights and privileges within the meaning of Section 423(b)(5) of the Code.

ARTICLE III

STOCK PURCHASE AND DISTRIBUTION

Section 3.01 *Purchase Price of Shares*. Unless the Committee determines otherwise, the Purchase Price per share of the Stock to be sold to Participants under the Plan shall be the lesser of:

- (a) 90% of the Market Value of such share on the Purchase Date, or
- (b) 90% of the Market Value of such share on the first Trading Date of the Purchase Period.

Section 3.02 *Exercise of Purchase Privilege*.

(a) As of the first day of each Purchase Period, each Participant shall be granted an option to purchase shares of Stock at the Purchase Price specified in Section 3.01 above. The option shall continue in effect through the Purchase Date for the Purchase Period. Subject to the provisions of Section 3.04 below, on each Purchase Date, the Participant shall automatically be deemed to have exercised his or her option to purchase shares of Stock, unless he or she notifies the Committee or its delegate, in such manner and at such time in advance of the Purchase Date as the Committee shall prescribe, of his or her desire to forfeit such option and subject to any restrictions that may be imposed by the Committee, to receive a refund of any outstanding amounts that have been deducted pursuant to the Participant's Purchase Agreement or contributed toward the purchase of Stock pursuant to Section 2.05(c) above.

(b) Subject to the provisions of Section 3.02 above and Section 3.04 below, there shall be purchased for the Participant on each Purchase Date, at the Purchase Price for the Purchase Period, the largest number of shares of Stock, including fractional shares thereof, as can be purchased with the amounts deducted from the Participant's Compensation, or contributed toward the purchase of Stock pursuant to Section 2.05(c) above, during the Purchase Period.

(c) Notwithstanding anything herein to the contrary, in the unlikely event or limited instances that any amounts that are attributable to a Participant's deductions or contributions remain after the purchase of shares of Stock on a Purchase Date, such amounts shall be returned to the Participant, in accordance with Section 3.04(c) below, as soon as administratively practicable.

Section 3.03 *Reservation of Shares*. There shall be two million (2,000,000) shares of Stock reserved for issuance or transfer under the Plan, subject to adjustment in accordance with Section 4.02 below. The aggregate number of shares of Stock that may be purchased under the Plan shall not exceed the number of shares of Stock reserved under the Plan.

Section 3.04 *Limitation on Shares to Be Purchased*.

(a) Subject to Section 3.04(a)(iii) below, the maximum number of shares of Stock that may be purchased for each Participant on a Purchase Date is the least of:

- (i) the number of shares of Stock that can be purchased by applying the full balance of the Participant's deducted or deposited funds to the purchase of shares of Stock at the Purchase Price;

Table of Contents

(ii) the Participant's proportionate part of the maximum number of shares of Stock available under the Plan, as provided in Section 3.03 and Section 4.01(a) below; or

(iii) five thousand (5,000) shares of Stock, subject to adjustment as described in Section 4.02 below.

(b) Notwithstanding Section 3.04(a) above, before the beginning of a Purchase Period, the Committee, in its sole and absolute discretion, may increase or decrease the maximum share limit for the Purchase Period and subsequent Purchase Periods. The adjusted maximum share limit shall continue in effect until again adjusted by the Committee.

(c) Any amounts deducted from a Participant's Compensation that cannot be applied to the purchase of Stock on a Purchase Date by reason of the foregoing limitations described in Section 3.04(a) above, shall be returned to the Participant, as soon as administratively practicable.

Section 3.05 *Payment for Stock.* The Purchase Price for all shares of Stock purchased by a Participant under the Plan shall be paid out of the Participant's authorized payroll deductions (and any deposits made by a Participant pursuant to Section 2.05(c) above, if permitted by the Committee). All funds received or held by AWW under the Plan are general assets of AWW, shall be held free of any trust requirement or other restriction, and may be used for any corporate purpose.

Section 3.06 *Share Ownership; Issuance of Certificates.*

(a) The shares of Stock purchased by a Participant on a Purchase Date shall, for all purposes, be deemed to have been issued or sold at the close of business on the Purchase Date. Prior to that time, none of the rights or privileges of a stockholder of AWW shall inure to the Participant with respect to such shares of Stock. All the shares of Stock purchased under the Plan shall be delivered by AWW in a manner as determined by the Committee following the Participant's satisfaction of the Applicable Holding Period.

(b) The Committee, in its sole discretion, may determine that shares of Stock shall be delivered by:

(i) issuing and delivering the number of shares of Stock purchased to a firm which is a member of the National Association of Securities Dealers, as selected by the Committee from time to time, which shares shall be maintained by such firm in a separate brokerage account for each Participant, or

(ii) issuing and delivering the number of shares of Stock purchased by Participants to a bank or trust company or affiliate thereof, as selected by the Committee from time to time, which shares may be held by such bank or trust company or affiliate in street name, but with a separate account maintained by such entity for each Participant reflecting such Participant's share interests in the Stock.

(c) Each account described in Section 3.06(b) above shall be in the name of the Participant.

Section 3.07 *Distribution of Shares or Resale of Stock.*

(a) A Participant may request a distribution of shares of Stock purchased for the Participant under the Plan or order the sale of such shares following the Participant's satisfaction of the Applicable Holding Period, by making a request in such form and at such time as the Committee shall prescribe.

(b) If a Participant terminates his or her employment with the Employer or otherwise ceases to be an Eligible Employee, following the Participant's satisfaction of the Applicable Holding Period, the

Participant shall receive a distribution of his or her shares of Stock held in any stockholder account established pursuant to Section 3.06(b) above, which shall be effectuated by the Committee in a manner that it deems reasonable and appropriate, as determined by the Committee in its sole and absolute discretion, or, in lieu of the receipt of shares of Stock, the Participant may alternatively elect to instead have the shares of Stock sold, in accordance with such procedures as the Committee shall prescribe.

(c) If a Participant is to receive a distribution of shares of Stock, or if shares are to be sold, the distribution or sale shall be made in shares of Stock. Any brokerage commissions resulting from a sale of Stock shall be deducted from amounts payable to the Participant.

ARTICLE IV

SPECIAL ADJUSTMENTS

Section 4.01 *Shares Unavailable*. If, on any Purchase Date, the aggregate funds available for the purchase of Stock would otherwise permit the purchase of a number of shares of Stock in excess of the number then available for purchase under the Plan, the following adjustments shall be made:

(a) The number of shares of Stock that would otherwise be purchased by each Participant shall be proportionately reduced on the Purchase Date in order to eliminate such excess; and

(b) The Plan shall automatically terminate immediately after the Purchase Date as of which the supply of available shares is exhausted, unless the Board of Directors determines otherwise.

Section 4.02 *Anti-Dilution Provisions*. The aggregate number of shares of Stock reserved for purchase under the Plan, as provided in Section 3.03 above, the maximum number of shares that may be purchased by a Participant as provided in Section 3.04 above, and the calculation of the Purchase Price per share shall be equitably adjusted by the Committee to reflect any increase or decrease in the number of issued shares of Stock resulting from a subdivision or consolidation of shares or other capital adjustment, the payment of a stock dividend, or other increase or decrease in the shares, if effected without receipt of consideration by AWW.

Section 4.03 *Effect of Certain Transactions*. Subject to any required action by the stockholders, if AWW shall be the surviving corporation in any merger or consolidation, any offering hereunder shall continue to pertain to and apply to the shares of stock of AWW. However, in the event of a dissolution or liquidation of AWW, or a merger or consolidation in which AWW is not the surviving corporation, the Plan and any offering hereunder shall terminate upon the effective date of such dissolution, liquidation, merger or consolidation, unless the Board of Directors determines otherwise, and the balance of any amounts deducted from a Participant's Compensation (or deposited pursuant to Section 2.05(c) above) which have not by such time been applied to the purchase of Stock shall be returned to the Participant, as soon as reasonably practicable.

ARTICLE V

MISCELLANEOUS

Section 5.01 *Non-Alienation*. Except as set forth below, the right to purchase shares of Stock under the Plan is personal to the Participant, is exercisable only by the Participant during the Participant's lifetime and may not be assigned or otherwise transferred by the Participant. If a Participant dies, unless the executor, administrator or other personal representative of the deceased Participant directs otherwise, any amounts previously deducted from the

Participant's Compensation (or deposited pursuant to Section 2.05(c) above before the Participant's death) during the Purchase

Period in which the Participant dies shall be used to purchase Stock on the Purchase Date for the Purchase Period. After that Purchase Date, there shall be delivered to the executor or administrator or other personal representative of the deceased Participant all shares of Stock and such residual amounts as may remain to the Participant's credit under the Plan.

Section 5.02 *Administrative Costs*. AWW shall pay the administrative expenses associated with the operation of the Plan (other than brokerage commissions resulting from sales of Stock directed by Participants).

Section 5.03 *No Interest*. No interest shall be payable with respect to amounts withheld or deposited under the Plan.

Section 5.04 *Committee*. The Board of Directors shall appoint the Committee, which shall have the express discretionary authority and power to administer the Plan and to make, adopt, construe, and enforce rules and regulations not inconsistent with the provisions of the Plan. The Committee shall adopt and prescribe the contents of all forms required in connection with the administration of the Plan, including, but not limited to, the Purchase Agreement, payroll deduction authorizations, requests for distribution of shares, and all other notices required hereunder. The Committee shall have the fullest discretion permissible under law in the discharge of its duties. The Committee's interpretations and decisions with respect to the Plan shall be final and conclusive.

Section 5.05 *Withholding of Taxes; Notification of Transfer*. All acquisitions and sales of Stock under the Plan shall be subject to applicable federal (including FICA), state and local tax withholding requirements if the Internal Revenue Service or other taxing authority requires such withholding. AWW may require that Participants pay to AWW (or make other arrangements satisfactory to AWW for the payment of) the amount of any Federal, state or local taxes that AWW is required to withhold with respect to the purchase of Stock or the sale of Stock acquired under the Plan, or instead deduct from the Participant's wages or other compensation the amount of any withholding taxes due with respect to the purchase of Stock or the sale of Stock acquired under the Plan.

Section 5.06 *Amendment of the Plan*. The Board of Directors may, at any time and from time to time, amend the Plan in any respect, except that any amendment that is required to be approved by the stockholders shall be submitted to the stockholders of AWW for approval.

Section 5.07 *Expiration and Termination of the Plan*. The Plan shall continue in effect for ten years from the Effective Date, unless terminated prior to that date pursuant to the provisions of the Plan or pursuant to action by the Board of Directors. The Board of Directors shall have the right to terminate the Plan at any time without prior notice to any Participant and without liability to any Participant. Upon the expiration or termination of the Plan, the balance, if any, then standing to the credit of each Participant from amounts deducted from the Participant's Compensation or deposited by the Participant which has not, by such time, been applied to the purchase of Stock shall be refunded to the Participant.

Section 5.08 *No Employment Rights*. Participation in the Plan shall not give an employee any right to continue in the employment of an Employer, and shall not affect the right of the Employer to terminate the employee's employment at any time, with or without cause.

Section 5.09 *Repurchase of Stock*. AWW shall not be required to purchase or repurchase from any Participant any of the shares of Stock that the Participant acquires under the Plan.

Section 5.10 *Notice*. A Purchase Agreement and any notice that a Participant files pursuant to the Plan shall be on a form prescribed by the Committee and shall be effective only when received by the Committee or its delegate. Delivery of such forms may be made by hand or by certified mail, sent postage prepaid, to AWW's Senior Vice President of Human Resources, or such other address as the Committee may designate. Delivery by any other mechanism shall be deemed effective at the option and discretion of the Committee.

Section 5.11 *Government Regulation*. AWW's obligation to sell and to deliver the Stock under the Plan is at all times subject to all approvals of any governmental authority required in connection with the authorization, issuance, sale or delivery of such Stock.

Section 5.12 *Internal Revenue Code and ERISA Considerations*. The Plan is neither intended to constitute an employee stock purchase plan within the meaning of section 423 of the Code nor intended to be construed as constituting an employee benefit plan, within the meaning of section 3(3) of the Employee Retirement Income Security Act of 1974, as amended.

Section 5.13 *Section 409A*. The Plan is intended to comply with the requirements of section 409A of the Code, to the extent applicable. All options granted under the Plan shall be construed and administered such that such option either (i) qualifies for an exemption from the requirements of section 409A of the Code or (ii) satisfies the requirements of section 409A of the Code. If an option is subject to section 409A of the Code, the exercise of such option shall only be made in a manner and upon an event permitted under section 409A of the Code and in no event shall an Eligible Employee, directly or indirectly, designate the calendar year in which an exercise occurs. Notwithstanding the foregoing, although options are intended to be exempt from, or comply with, the requirements of section 409A of the Code, and the Plan shall be interpreted accordingly, AWW does not warrant that any option will qualify for favorable tax treatment under section 409A of the Code or any other provision of federal, state, local or foreign law. AWW shall not be liable to any Eligible Employee for any tax the Eligible Employee might owe as a result of the grant or exercise of an option, or holding of any shares of Stock received upon exercise of the option, under the Plan.

Section 5.14 *Headings, Captions, Gender*. The headings and captions herein are for convenience of reference only and shall not be considered as part of the text. The masculine shall include the feminine, and vice versa. All pronouns and any variations thereof shall be deemed to refer to the masculine, feminine, or neuter, as the identity of the person or persons may require. As the context may require, the singular may read as the plural and the plural as the singular.

Section 5.15 *Severability of Provisions, Prevailing Law*. The provisions of the Plan shall be deemed severable. In the event any such provision is determined to be unlawful or unenforceable by a court of competent jurisdiction or by reason of a change in an applicable statute, the Plan shall continue to exist as though such provision had never been included therein (or, in the case of a change in an applicable statute, had been deleted as of the date of such change). The Plan shall be governed by the laws of the State of New Jersey to the extent such laws are not in conflict with, or superseded by, federal law.
