## SECTION 8 OTHER EVENTS

### Item 8.01. Other Events.

#### Florida ZPIC Audit

On August 17, 2017, Amedisys, Inc. (the Company) received a Request for Repayment from Palmetto GBA, LLC (Palmetto), a Medicare administrative contractor, regarding Infinity Home Care of Lakeland, LLC, which includes the Winterhaven, Tampa, and Bradenton, Florida care centers (Lakeland Care Centers). The Palmetto letter is based on a statistical extrapolation performed by Zone 7 Program Integrity Contractor SafeGuard Services, LLC, (ZPIC) which alleged an overpayment of \$34.0 million on a universe of 72 Medicare claims totaling \$0.2 million in actual claims payments using a 100% error rate. On August 25, 2017, the Company received a Request for Repayment from Palmetto regarding Infinity Home Care of Pinellas, LLC, which includes the Clearwater, Florida care center (Pinellas Care Center). The Palmetto letter is based on a statistical extrapolation also performed by the ZPIC contractor, which alleges an overpayment of \$4.8 million on a universe of 70 Medicare claims totaling \$0.2 million in actual claims payments using a 100% error rate.

The Company disputes these allegations for both the Lakeland Care Centers and the Pinellas Care Center and believes the allegations lack merit. As a result of an extensive self-audit, the Company previously repaid a portion of the claims included in the Request for Repayment, which the Company does not believe that SafeGuard took into account in its findings. The Company has filed administrative appeals of individual claims used to calculate the extrapolated overpayment and will aggressively challenge the statistical method used to determine the extrapolated overpayment.

The Company acquired the Lakeland Care Centers and the Pinellas Care Center on December 31, 2015. The Lakeland Request for Repayment covers claims between January 2, 2014, and September 13, 2016. The Pinellas Request for Repayment covers claims between January 2, 2015, and December 9, 2016. The Company is contractually entitled to indemnification by the prior owners for all claims prior to December 31, 2015, for up to \$12.6 million.

As these matters continue to develop, the Company is working with the appropriate stakeholders to favorably resolve these matters. At this stage of the review, based on the information currently available to the Company, the Company cannot predict the timing or outcome of this review. The estimated potential range of loss related to this review is \$6.5 million (contingent upon indemnity from the prior owners) to \$38.8 million (the maximum amount Palmetto claims has been overpaid for both the Lakeland Care Centers and the Pinellas Care Center). The estimated low range could be less if the Company can successfully demonstrate that the statistical method used by SafeGuard to determine the extrapolated overpayment was erroneous.

#### Home Health Care Restructure Plan

On October 2, 2017, the Company announced that it will close four Florida home health care centers, consolidate another three Florida home health care centers with care centers servicing the same markets and implement a restructure plan in the Company's home health segment. These actions are expected to be completed during the fourth quarter of 2017.

As a result of these actions, the Company incurred non-recurring charges of approximately \$2.0 million during the third quarter of 2017 and expects to incur additional non-recurring charges in the range of \$2.0 million to \$3.0 million during the fourth quarter of 2017. These charges include lease terminations, severance payments and a non-cash other intangible charge. These estimates are preliminary and could change.

Upon completion of the restructure plan and the closure and consolidation of care centers, the Company anticipates an annual improvement in earnings before interest, taxes, depreciation and amortization ( EBITDA ) in the range of \$7.0 million to \$9.0 million in 2018.
