**Extension Amendment to Intelsat Jackson Holdings S.A.'s Senior Secured Credit Agreement**

On December 14, 2017, Intelsat S.A.'s (the "Company") indirect wholly-owned subsidiary, Intelsat Jackson Holdings S.A. ("Intelsat Jackson"), obtained the requisite lender approval for an amendment to its senior secured credit agreement which governs its approximately \$3.1 billion senior secured term loan facility (the "Term Loans"). The Company expects to close the amendment during the week of January 1, 2018, subject to customary closing conditions. The amendment is expected to (a) extend the maturity of the existing Tranche B-2 Term Loans through a refinancing of the Tranche B-2 Term Loans with new incremental floating rate term loans (the "Floating Rate Loans") and new incremental fixed rate term loans (the "Fixed Rate Loans") and (b) effect certain other related amendments to the senior secured credit agreement. The Floating Rate Loans are expected to have an applicable interest rate margin of 4.5% for London InterBank Offering Rate loans and 3.5% for base rate loans. The Fixed Rate Loans are expected to have an interest rate of 6.625%. The Floating Rate Loans and Fixed Rate Loans are subject to a make-whole premium prior to the date that is two years and six months following the closing date of the amendment and prepayment premiums thereafter.
