Item 8.01 Other Events.

Puma Biotechnology, Inc. (the Company) announced that the Committee for Medicinal Products for Human Use (CHMP) of the European Medicines Agency (EMA) adopted a positive opinion recommending marketing authorization for the medicinal product NERLYNX® (neratinib) for the extended adjuvant treatment of adult patients with early stage hormone receptor positive HER2-overexpressed/amplified breast cancer and who are less than one year from the completion of prior adjuvant trastuzumab based therapy. The CHMP recommendation will now be reviewed by the European Commission (EC), which has the authority to approve medicines for the European Union (EU). The decision is consistent with the CHMP's positive trend vote, which was communicated to the Company on June 26, 2018.

Forward-Looking Statements

This Current Report on Form 8-K contains forward-looking statements, including statements regarding the EC's decision regarding the Company's Marketing Authorization Application, and steps the Company may take in the future to gain marketing approval in Europe. All statements other than historical facts are forward looking statements and are based on the Company's current expectations, forecasts and assumptions. Forward looking statements involve risks and uncertainties that could cause the Company's actual results to differ materially from the anticipated results and expectations expressed in these forward-looking statements.
