Item 8.01 Other Events

On September 4, 2018, the Board of Directors (the Board) of Hercules Capital, Inc. (the Company), including a required majority (as such term is defined in Section 57(o) of the Investment Company Act of 1940, as amended (the 1940 Act)), approved the application to the Company of the 150% minimum asset coverage ratio set forth in Section 61(a)(2) of the 1940 Act. As a result, the minimum asset coverage ratio applicable to the Company will be reduced from 200% to 150%, effective as of September 4, 2019, unless approved earlier by a vote of the Company's stockholders, in which case the 150% minimum asset coverage ratio will be effective on the day after such approval. The Board also authorized the submission of a proposal for stockholders to accelerate the application of the 150% minimum asset coverage ratio to the Company at a special meeting of stockholders.

The Company expects to continue to be prudent in its utilization of leverage. Once the increase in leverage is effected, it intends to have a target leverage ratio range of 0.95x to 1.25x as compared to its current target leverage ratio range of 0.75x to 0.95x. It anticipates incurring additional leverage through both long-term and short-term debt with floating and fixed interest rates to optimize its cost of capital and the amount of debt outstanding. The Company's primary goal in using higher leverage is to grow its investment portfolio while capitalizing on the strong demand for venture growth stage lending as well as using lower cost debt capital thereby delaying higher cost equity capital raises until it believes conditions are optimal for such an equity raise. The Company expects to use proceeds from prepayments and repayments, as well as proceeds from equity capital raises, to reduce its leverage outstanding but may also maintain liquidity and borrowing capacity in anticipation of new investment fundings.

In addition, on September 5, 2018, the Company issued a press release announcing the Company intends to submit a proposal to stockholders to approve the accelerated application of the 150% minimum asset coverage requirements at a special meeting and will provide additional detail regarding the Company's rationale for adopting the reduced asset coverage requirements in a proxy statement relating to such proposal. If the Company submits such a proposal and it is approved by stockholders, the Company would become subject to the 150% minimum asset coverage ratio the day after such stockholder approval.
