**ITEM 2.05 Costs Associated With Exit or Disposal Activities**

On November 5, 2018, the Board of Directors of Pyxus International, Inc. (the Company) approved a cost-saving and restructuring initiative to consolidate the Company's U.S. green tobacco processing operations into its Wilson, North Carolina facility and repurpose its Farmville, North Carolina facility for storage and special projects. The net impact of the initiative will result in a reduction of headcount for which the Company expects to incur severance expense. The initiative is expected to be principally implemented over the next twelve months.

Due to a number of uncertainties with respect to this initiative, the Company is not yet able to estimate the total amount or range of amounts expected to be incurred in connection with this initiative, as well as an estimate of amounts for each major category of costs and an estimate of the amount that will result in future cash expenditures. The Company undertakes to amend this Form 8-K to include this information once it makes a determination of these estimates or range of estimates.
