PLEASE SIGN, DATE AND MAIL THE ENCLOSED WHITE PROXY CARD TODAY

Starboard Value and Opportunity Master Fund Ltd., a Cayman Islands exempted company ("Starboard"), Parche, LLC, a Delaware limited liability company ("Parche"), Admiral Advisors, LLC, a Delaware limited liability company ("Admiral Advisors"), Ramius Capital Group, L.L.C., a Delaware limited liability company ("Ramius Capital"), C4S & Co., L.L.C., a Delaware limited liability company ("C4S"), Peter A. Cohen ("Mr. Cohen"), Morgan B. Stark ("Mr. Stark"), Thomas W. Strauss ("Mr. Strauss"), Jeffrey M. Solomon ("Mr. Solomon"), Jeffrey C. Smith ("Mr. Smith"), John Mutch ("Mr. Mutch") and Philip Moyer ("Mr. Moyer") (collectively, the "Ramius Group") are significant stockholders of Phoenix Technologies Ltd., a Delaware corporation ("PTEC" or the "Company"). The Ramius Group does not believe that the Board of Directors of the Company (the "PTEC Board") is acting in the best interests of its stockholders. The Ramius Group is therefore seeking your support at the annual meeting of stockholders scheduled to be held at the Company's offices located at 915 Murphy Ranch Road, Milpitas, California, 95035, on February 14, 2007 at 10:00 a.m., Pacific Standard Time, including any adjournments or postponements thereof and any meeting which may be called in lieu thereof (the "Annual Meeting"), for the election of Starboard's director nominees, John Mutch and Philip Moyer (the "Ramius Nominees"), to serve as Class II directors of the Company, in opposition to two of PTEC's incumbent directors whose terms expire at the Annual Meeting, or any other persons nominated by PTEC for election as Class II directors at the Annual Meeting.

As of _____, 2007, the approximate date on which this Proxy Statement is being mailed to stockholders, the members of the Ramius Group were the beneficial owners of an aggregate of 3,502,941 shares of common stock of the Company, \$0.001 par value per share (the "Shares"), which currently represent approximately 13.7% of the issued and outstanding Shares, 3,502,941 Shares of which are entitled to be voted at the Annual Meeting.

PTEC has set the record date for determining stockholders entitled to notice of and to vote at the Annual Meeting as January 10, 2007 (the "Record Date"). The mailing address of the principal executive offices of PTEC is 915 Murphy Ranch Road, Milpitas, CA 95035. Stockholders of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. According to PTEC, as of the Record Date, there were 25,574,579 Shares outstanding and entitled to vote at the Annual Meeting. The participants in this solicitation intend to vote all of their Shares FOR the election of the Ramius Nominees.

The Ramius Group believes that PTEC should not remain a public company. Like other small companies, we believe PTEC faces issues such as the high costs of Sarbanes-Oxley compliance, minimal analyst coverage, pressure to demonstrate revenue growth and difficulty in absorbing overhead associated with being a public company. We believe that these issues combined with the demands associated with operating as a public company will continue to impair value to stockholders and are a significant distraction to management. The market demands that public companies demonstrate revenue growth, and we believe that this expectation will pressure the Company to gain scale - potentially through acquisitions - and to drive top-line growth. The PTEC Board has already shown its susceptibility to these pressures, as evidenced by its willingness to allow management to diversify into an enterprise software business, organically build the enterprise sales channel, and sell products on a fully paid-up license basis. These decisions temporarily increased revenue, but proved, in our

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

opinion, to be major mistakes ultimately damaging the core business and resulting in significant destruction of stockholder value.

We also believe that PTEC faces a difficult and risky operational turnaround, which we believe PTEC should not attempt as a public company. In a public turnaround, management will disclose elements of its strategic plan, which, we believe will likely put the Company at a competitive disadvantage and possibly interfere with its effectiveness. Given the Company's poor track record, we believe that the PTEC Board should not be trusted to evaluate acquisition opportunities, growth investments, and product expansions while overseeing a turnaround plan in the public spotlight

We have therefore made efforts over the past several months to negotiate a transaction with the PTEC Board. Time and time again, our efforts have been rebuffed. This has led us to believe that the Company has no intention of either fully considering our offer or pursuing meaningful discussions with interested strategic buyers. It appears that the Company has abandoned its previously announced exploration of strategic alternatives in favor of a restructuring plan that was announced on September 22, 2006. The Ramius Group is skeptical that the Company's current restructuring strategy is the best way to maximize stockholder value.

Given the PTEC Board's refusal to date to negotiate a transaction with us, we have decided to re-submit our offer to acquire the Company. On January 16, 2007, Admiral Advisors, a member of the Ramius Group, delivered a letter to PTEC offering to purchase all of the outstanding shares of PTEC which we do not already own for \$5.25 per share in cash (the "Ramius Offer"). We believe PTEC stockholders deserve to receive a fair price for the Company now, before stockholder value is further eroded and that PTEC stockholders should have the ability to determine whether it is in their best interests for the Company to be sold to us. We believe that the Ramius Offer provides all PTEC stockholders with an opportunity to realize a significant, timely cash return without the risks attendant to the Company's current restructuring plan. In fact, the Ramius Offer represents a premium of approximately 13.4% over the January 12, 2007 closing price of \$4.63 per share. However, there are currently a number of obstacles to the consummation of the Ramius Offer that only the PTEC Board can remove, including PTEC's "poison pill" shareholders' rights plan and Section 203 of the Delaware General Corporation Law (the "DGCL"), which the Company has not opted out of.

-2-

We are therefore seeking your support for the election of the Ramius Nominees at the Annual Meeting to demonstrate to the members of the PTEC Board and management that you support the Ramius Offer. The Ramius Nominees, if elected, will represent a minority of the PTEC Board, and will, subject to their fiduciary duties as directors, work with the other members of the PTEC Board to take those steps that they deem are necessary or advisable to facilitate the consummation of a sale of the Company to Admiral Advisors, an affiliate of Ramius Capital, or one of its other affiliates. These steps include the redemption of the Company's "poison pill" shareholders' rights plan and opting out of Section 203 of the DGCL. Such actions would allow PTEC stockholders to decide for themselves whether they want to accept the Ramius Offer or any other third-party acquisition proposal that someone else could make.

Although the Ramius Nominees will not be able to adopt any measures without the support of at least some members of the current PTEC Board, we believe that the election of the Ramius Nominees will provide a clear message to the current members of the PTEC Board that you want them to take any actions that they may deem necessary or advisable to facilitate the sale of the Company

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

to Ramius Capital, or a higher bidder.

THIS SOLICITATION IS BEING MADE BY THE RAMIUS GROUP AND NOT ON BEHALF OF THE BOARD OF DIRECTORS OR MANAGEMENT OF PTEC. THE RAMIUS GROUP IS NOT AWARE OF ANY OTHER MATTERS TO BE BROUGHT BEFORE THE ANNUAL MEETING. SHOULD OTHER MATTERS, WHICH THE RAMIUS GROUP IS NOT AWARE OF A REASONABLE TIME BEFORE THIS SOLICITATION, BE BROUGHT BEFORE THE ANNUAL MEETING, THE PERSONS NAMED AS PROXIES IN THE ENCLOSED WHITE PROXY CARD WILL VOTE ON SUCH MATTERS IN THEIR DISCRETION.

THE RAMIUS GROUP URGES YOU TO SIGN, DATE AND RETURN THE WHITE PROXY CARD IN FAVOR OF THE ELECTION OF THE RAMIUS NOMINEES. THE RAMIUS NOMINEES ARE COMMITTED TO MAXIMIZING STOCKHOLDER VALUE.

IF YOU HAVE ALREADY SENT A PROXY CARD FURNISHED BY PTEC MANAGEMENT TO PTEC, YOU MAY REVOKE THAT PROXY AND VOTE FOR THE ELECTION OF THE RAMIUS NOMINEES BY SIGNING, DATING AND RETURNING THE ENCLOSED WHITE PROXY CARD. THE LATEST DATED PROXY IS THE ONLY ONE THAT COUNTS. ANY PROXY MAY BE REVOKED AT ANY TIME PRIOR TO THE ANNUAL MEETING BY DELIVERING A WRITTEN NOTICE OF REVOCATION OR A LATER DATED PROXY FOR THE ANNUAL MEETING TO THE RAMIUS GROUP, C/O INNISFREE M&A INCORPORATED. WHICH IS ASSISTING IN THIS SOLICITATION, OR TO THE SECRETARY OF PTEC, OR BY VOTING IN PERSON AT THE ANNUAL MEETING.

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

BACKGROUND TO THE SOLICITATION

We are significant stockholders of the Company. The Ramius Group owns in the aggregate a total of 3,502,941 Shares, representing approximately 13.7% of the issued and outstanding common stock of the Company, which Shares were purchased in the open market, except as otherwise noted on Schedule I, for a total purchase price of approximately \$18,294,285, including brokerage commissions.

REASONS FOR THE RAMIUS GROUP'S SOLICITATION

The Ramius Group believes that PTEC is too small to remain a public company. We also believe that PTEC faces many difficult business challenges and a risky operational turnaround. The decision to sell products using fully paid-up licensing agreements has created significant downward pressure on near-term revenues. The Company has had difficulty penetrating the non-PC core system space and has had difficulty gaining traction with its non-BIOS application products. Solving these issues will require difficult decisions and dramatic changes that we believe would be much easier to accomplish as a private company.

The market demands that public companies demonstrate revenue growth, and we believe that this expectation will pressure the Company to gain scale - potentially through acquisitions - and to drive top-line growth. The PTEC Board has already shown its susceptibility to these pressures, as evidenced by its willingness to allow management to diversify into an enterprise software business, organically build the enterprise sales channel, and sell products on a fully paid-up license basis. These decisions temporarily increased revenue, but proved to be major mistakes ultimately damaging the core business and resulting in significant destruction of stockholder value. In addition, the substantial fixed costs associated with being a public company are unduly burdensome, in our belief, to a company of PTEC's size.

As the largest stockholder of the Company and given the Company's poor track record, we believe that this Board should not be trusted to assess acquisitions, growth investments, and product expansions while overseeing a turnaround plan in the public spotlight.

We have made efforts over the past several months to negotiate a transaction with the PTEC Board. Time and time again, our efforts have been rebuffed. This has led us to believe that the Company has no intention of either fully considering our offer or pursuing meaningful discussions with interested strategic buyers. It appears that the Company has abandoned its previously announced exploration of strategic alternatives in favor of a restructuring plan that was announced on September 22, 2006. We believe PTEC stockholders deserve to receive a fair price for the Company now and that PTEC stockholders should have the ability to determine whether it is in their best interests for the Company to be sold to us.

Given the PTEC Board's refusal to date to negotiate a transaction with us, we have decided to re-submit our offer to PTEC to acquire the Company in conjunction with this proxy solicitation requesting PTEC stockholders to vote to determine whether the Company should be sold to us. The Annual Meeting is a referendum for you to indicate whether you prefer our offer or the Company's restructuring plan. We believe that the Ramius Offer provides all PTEC

-5-

stockholders with an opportunity to realize a significant, timely cash return without the risks attendant to the Company's current restructuring plan.

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

The Ramius Nominees, if elected, will represent a minority of the PTEC Board and will, subject to their fiduciary duties as directors, work with the other members of the PTEC Board to take those steps that they deem are necessary or advisable to facilitate the consummation of a sale of the Company to Admiral Advisors, an affiliate of Ramius Capital, or one of its other affiliates, or the highest bidder in a competitive sales process, including redemption of the Company's "poison pill" shareholders' rights plan and opting out of Section 203 of the DGCL. This would allow PTEC stockholders to decide for themselves whether they want to accept the Ramius Offer or any other third-party acquisition proposal. Although the Ramius Nominees will not be able to adopt any measures without the support of at least some members of the current PTEC Board, we believe that the election of the Ramius Nominees will provide a strong signal to the current Board that the stockholders prefer the Ramius Group's future direction for the Company.

The Ramius Group believes that for years PTEC has maintained poor corporate governance practices that inhibit the accountability of management and directors to the stockholders. The following are examples of the sub-standard corporate governance practices of PTEC:

- STAGGERED BOARD: For years, PTEC has maintained a "staggered" or classified board -- a policy which a 2002 study by Harvard University professors, Lucian Bebchuk, John Coates and Guhan Subramainian found nearly doubles the likelihood of a company remaining independent and typically results in an 8% to 10% loss of value in companies targeted for acquisition by an uninvited suitor.
- SUPERMAJORITY VOTING PROVISIONS: A supermajority vote is required for stockholders to amend certain provisions of the Company's Amended and Restated Certificate of Incorporation and Bylaws, including rescinding the classified Board.
- INABILITY TO CALL SPECIAL MEETINGS OF STOCKHOLDERS: Stockholders are prohibited from calling special meetings of stockholders.
- NO WRITTEN CONSENT: Stockholders are prohibited from taking action by written consent.

Governance provisions such as these are contrary to the guidelines for corporate governance best practices issued by leading advocates of stockholder democracy, such as Institutional Shareholder Services (ISS) and Glass, Lewis & Co. Commentators and corporate governance experts disagree on the propriety and utility of such governance provisions. Given the insulation provided to the PTEC Board by PTEC's governance structures, there are few avenues available to stockholders dissatisfied with the status quo.

-6-

We are further concerned that the interests of the PTEC Board may not be aligned with those of the stockholders. As of January 8, 2007, the members of the PTEC Board collectively beneficially owned 1,483,000 of the Shares, based on information contained in the Company Proxy Statement filed by PTEC, of which only 117,000 shares are owned outright by the members of the PTEC Board. It should be noted that 900,000 of the Shares reported to be beneficially owned by the PTEC Board were part of an option grant to Mr. Hobbs upon his appointment as the CEO. We believe that the lack of significant actual ownership of the Shares

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

by the PTEC Board may contribute to the PTEC Board's lack of commitment to maximizing the value of the Shares. The lack of significant ownership of the Shares by the PTEC Board may result, we believe, in actions taken by PTEC that are not always in the best interests of the greater majority of unaffiliated stockholders.

In the event that the PTEC Board attempts to use new bylaws or amended bylaws to prevent the stockholders, including the Ramius Group, from accomplishing the objectives described in this Proxy Statement, the Nominees, if elected, intend to repeal any new or amended bylaws having such an effect.

The following is a chronology of events leading up to this proxy solicitation:

- o Ramius Capital and certain of its affiliates commenced investing in the Shares in November 2005. On June 15, 2006, the members of the Ramius Group (excluding Messrs. Smith and Moyer) filed with the SEC a statement on Schedule 13D disclosing that such members of the Ramius Group had acquired in excess of 5% of the Shares.
 - o On June 15, 2006, Admiral Advisors, an affiliate of Ramius Capital, delivered a letter to the PTEC Board expressing its belief that the market price of the PTEC's shares fails to reflect the value embedded in PTEC's profitable BIOS business, as well as several of PTEC's applications, and urging the PTEC Board to immediately hire an interim chief executive officer and an investment banking firm to assist the PTEC Board in exploring all strategic alternatives to maximize stockholder value. Admiral Advisors also expressed concerns with PTEC's recent poor performance and execution, lack of leadership, strategic direction and concerns that PTEC lacks scale, brand recognition and the distribution channels necessary to effectively compete as a standalone company in the enterprise software market.
 - o On June 20, 2006, Anthony Morris, the Company's lead independent director, sent a letter on behalf of the PTEC Board to Mr. Smith in which he stated that the PTEC Board is aware of, and is addressing, the Company's financial performance and the issues that the Company faces and that the PTEC Board has previously explored, and continues to consider, strategic alternatives as well as other options to maximize stockholder value. The letter further stated that the PTEC Board's belief that hiring an investment banker "is unnecessary at this time and, in any event, would be premature until a new CEO is installed and has had an opportunity to provide the leadership, guidance, new ideas and management we expect from the next CEO of the Company."
- 7-
- o On June 25, 2006, certain representatives of Ramius Capital had a conference call with certain members of the PTEC Board to discuss the concerns of the Ramius Group with the Company's strategy and the deterioration of the Company's operating performance. The Ramius Capital representatives recommended that the PTEC Board consider Philip Moyer as an interim or a full-time CEO candidate.
 - o On June 28, 2006, Admiral Advisors sent a letter to Mr. Morris, the lead independent director of the PTEC Board, reiterating its strong belief that "quickly retaining a reputable investment bank to explore strategic alternatives is in the best interest of the

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

shareholders." The letter further stated that hiring an investment bank would allow the PTEC Board to quickly decide whether it is in the best interest of the shareholders to search for a new permanent CEO to attempt to fix the Company or whether to sell the Company to the highest bidder. A resume for Philip Moyer was attached to the letter for the PTEC Board's consideration of Mr. Moyer as a candidate for CEO.

- o On July 5, 2006, Admiral Advisors delivered a letter to Mr. Morris proposing to acquire in a negotiated transaction, subject to certain conditions, the Shares of the Company it does not already own for \$5.05 per Share in cash. In its letter, Admiral Advisors wrote, "We recognize that Phoenix faces many difficult business challenges. Several senior executives, including the CEO have recently left the Company. The Company is navigating through a difficult distribution channel shift for the applications business, while experiencing installation and compatibility issues with some of its applications. The Company is working through a shift in its Core System Software pricing strategy, which has significantly reduced near-term revenue. The Company has struggled to penetrate the non-PC core system space and to gain traction with its security application products. Solving these issues will require difficult decisions and dramatic changes that we believe would be much easier to accomplish as a private company. In addition, Phoenix faces issues similar to other micro-cap companies, including the high costs of Sarbanes-Oxley compliance, minimal analyst coverage, and public scrutiny of each important decision. These issues will continue to impair value and are a significant distraction to management. As such, it is our belief that Phoenix should not continue as a stand-alone public company."
- o On July 12, 2006, the Company announced that it had engaged Savvian LLC, an independent investment bank ("Savvian"), to assist the PTEC Board and management of the Company in assessing its strategic alternatives to maximize shareholder value, as well as its consideration of the unsolicited proposal made by Admiral Advisors.
- o On August 28, 2006, Admiral Advisors sent a letter to Savvian stating its frustration by "the Company's insistence on including stand-still language in our confidentiality agreement which would obviously be untenable for any investor in our situation." The letter further stated that, "It is inappropriate for our rights as stockholders to take certain actions in the future that may be required to protect our investment and the interests of the Company's stockholders to be limited in order to be allowed to participate in the due diligence process. If the Company's review of strategic alternatives does not result in the Company finding a buyer on terms we believe to be

-8-

fair and in the best interests of the Company's stockholders, then we can not allow ourselves to be severely limited in our ability to take actions to protect our investment and the interests of the Company's stockholders."

- o On September 26, 2006, David S. Dury, Chairman of the PTEC Board, and certain representatives of Savvian met with certain representatives of the Ramius Group to introduce Woodson Hobbs, the recently appointed President and CEO of the Company, and to discuss

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

the Company's strategy and the Ramius Group's interest in acquiring the Company.

- o On October 20, 2006, Ramius Capital and the Company entered into a Confidentiality Agreement with certain stand-still provisions that would allow the Ramius Group to commence due diligence.
- o On November 3, 2006, certain representatives of the Ramius Group attended a presentation by certain members of the Company's management at the Company's offices.
- o On November 17, 2006, Admiral Advisors sent a letter to Mr. Hobbs as a follow-up to the presentation on November 3, 2006, reiterating Admiral Advisors' strong interest in purchasing the Company and Admiral Advisors' intent to submit a preliminary indication of interest bid pursuant to the instructions communicated by Savvian.
- o On December 6, 2006, Admiral Advisors submitted a non-binding indication of interest to the Company proposing a transaction to acquire PTEC for between \$5.05 and \$5.35 per share in cash, with certain conditions to closing.
- o On December 13, 2006, certain representatives of the Ramius Group met with Mr. Hobbs at the offices of Ramius Capital to discuss the strategic alternatives review process and the indication of interest submitted by Admiral Advisors.
- o On December 20, 2006, Mr. Hobbs of PTEC called Mr. Smith of Admiral Advisors to inform Mr. Smith that the Company was not willing to move forward based on Admiral Advisors' prior indication of interest submitted on December 6, 2006. Mr. Hobbs did not clearly communicate to Mr. Smith whether Admiral Advisors' offer was inadequate on price or conditions.
- o On December 21, 2006, Admiral Advisors re-submitted its revised non-binding indication of interest letter to the Company with more limited conditions. In the letter, Admiral Advisors reiterated its strong desire to acquire the Company and proposed to acquire all of the outstanding shares of the Company it did not own for \$5.25 per share in cash.
- o On December 27, 2006, Starboard delivered a letter to PTEC nominating Jeffrey C. Smith, John Mutch and Philip Moyer as Class II Nominees for election to the PTEC Board at the Annual Meeting (the "Nomination Letter").

-9-

- o On January 3, 2007, certain representatives of PTEC management met at Ramius Capital with certain representatives of the Ramius Group to discuss management's strategic plan. The Ramius Group representatives reiterated the desire of Admiral Advisors to acquire the Company.
- o On January 12, 2007, PTEC filed its preliminary proxy materials with the SEC, via EDGAR, on Form PRE 14A (the "Company Proxy Statement"). The Company Proxy Statement contained disclosure that pursuant to a resolution adopted by the PTEC Board at a meeting held on December 19, 2006, the PTEC Board reduced the number of authorized directors of the Company from seven to six and the number of Class II

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

directors from three to two, effective immediately prior to the commencement of the Annual Meeting. This was the first instance that such disclosure had been made available to the public.

- o On January 12, 2007, Mr. Smith called Mr. Dury and made an oral offer for Admiral Advisors to acquire the Company in a negotiated transaction for \$5.30 per share in cash.
- o On January 14, 2007, Mr. Dury called Mr. Smith to inform him that the Company had turned down his oral offer for Admiral Advisors to acquire the Company for \$5.30 per share in cash.
- o On January 16, 2007, Admiral Advisors delivered a letter to the PTEC Board re-submitting an increased offer to acquire the Shares of the Company it does not already own for \$5.25 per Share in cash.
- o On January 16, 2007, Starboard delivered a supplement to its Nomination Letter to the Corporate Secretary of the Company (the "Nomination Supplement") providing notice to the Company of the withdrawal of Jeffrey C. Smith as a nominee for election to the PTEC Board as a Class II director at the Annual Meeting. The Nomination Supplement provided that John Mutch and Philip Moyer are Starboard's two nominees for election as Class II directors at the Annual Meeting.

The purpose of this solicitation is to elect members to the PTEC Board who will have the ability to work with the other members of the PTEC Board to take those steps that they deem are necessary or advisable to facilitate the consummation of a sale of the Company to Admiral Advisors, an affiliate of Ramius Capital, or one of its other affiliates. We believe that the Ramius Nominees are highly qualified individuals who will protect and enhance stockholder value. However, there can be no assurance that the election of the Ramius Nominees will enhance stockholder value.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Pursuant to a resolution adopted by the PTEC Board at a meeting held on December 19, 2006 and made public by way of the Company Proxy Statement filed on January 12, 2007, the PTEC Board reduced the number of authorized directors of the Company from seven to six and

-10-

the number of Class II Directors from three to two, effective immediately prior to the commencement of the Meeting. Anthony Sun, a Class II director, has provided notice to the Company that he will not be standing for re-election at the Annual Meeting. The Ramius Group is seeking your support at the Annual Meeting to elect the Ramius Nominees in opposition to PTEC's director nominees.

THE RAMIUS NOMINEES

The Ramius Group has nominated a slate of highly qualified nominees who, if elected, will exercise his independent judgment in accordance with his fiduciary duties as a director in all matters that come before the PTEC Board. The Ramius Nominees are independent of the Company in accordance with SEC and Nasdaq Stock Market rules on board independence and would seek to maximize value for all stockholders. If elected, and subject to their fiduciary duties as directors, the Ramius Nominees would have the ability to work with the other

members of the PTEC Board to take those steps that they deem are necessary or advisable to facilitate the consummation of a sale of the Company to Admiral Advisors, an affiliate of Ramius Capital, or one of its other affiliates, including redemption of the Company's "poison pill" shareholders' rights plan and opting out of Section 203 of the DGCL. This would allow PTEC's stockholders to have the ability to decide for themselves whether they want to accept the Ramius Offer or any other third-party acquisition proposal.

Set forth below are the name, age, business address, present principal occupation, employment history and directorships of publicly-held companies of each of the Ramius Nominees for at least the past five years. Each of the Ramius Nominees has consented to serve as a director of the Company and be named in this Proxy Statement as a nominee. Each of the Ramius Nominees is at least 18 years of age. None of the entities referenced below is a parent or subsidiary of the Company.

There can be no assurance that the actions the Ramius Nominees intend to take as described above will be implemented if they are elected or that the election of the Ramius Nominees will improve the Company's business or otherwise enhance stockholder value. Your vote to elect the Ramius Nominees does not constitute a vote in favor of the Ramius Group's value enhancing plans for PTEC or the Ramius Offer. Your vote to elect the Ramius Nominees will have the legal effect of replacing two incumbent directors of PTEC with the Ramius Nominees. There can be no assurance that stockholder value will be maximized as a result of this solicitation or the election of the Ramius Nominees.

Admiral Advisors, an affiliate of Ramius Capital, and two of the Ramius Nominees, Messrs. Mutch and Moyer, have entered into compensation letter agreements (the "Compensation Letter Agreements") regarding compensation to be paid by to such Ramius Nominees for their agreement to be named as and serve as a Ramius Nominee and for their services as directors of PTEC, if elected. Pursuant to the terms of the Compensation Letter Agreements, Admiral Advisors has agreed to pay each nominee \$5,000 in cash upon the submission of the Nomination Letter by the Ramius Group to the Company. In the event that the Ramius Group files a definitive proxy statement with the SEC relating to a solicitation of proxies in favor of each nominee's election as a director at the Annual Meeting, Admiral Advisors has agreed to allow each nominee to receive a profit participation with respect to the sale by Admiral Advisors of the last \$20,000 worth of Shares (the "Participation Shares") beneficially owned by

-12-

Admiral Advisors to a third party unaffiliated with any member of the Ramius Group. Pursuant to the terms of the Compensation Letter Agreements, each nominee will be entitled to receive a cash payment equal to the amount, if any, by which the proceeds received by Admiral Advisors from the sale of the Participation Shares exceeds \$20,000 in the aggregate.

Ramius Capital and certain of its affiliates, have signed or intend to sign a letter agreement pursuant to which they agree to indemnify the Ramius Nominees against claims arising from the solicitation of proxies from PTEC's stockholders in connection with the Annual Meeting and any related transactions. Other than as stated herein, there are no arrangements or understandings between members of the Ramius Group and any of the Ramius Nominees or any other person or persons pursuant to which the nomination of the Ramius Nominees described herein is to be made, other than the consent by each of the Ramius Nominees to be named in this Proxy Statement and to serve as a director of PTEC if elected as such at the Annual Meeting. None of the Ramius Nominees are a party adverse to PTEC or any of its subsidiaries or has a material interest adverse to PTEC or any of its subsidiaries in any material pending legal proceedings.

The Ramius Group does not expect that the Ramius Nominees will be unable

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

to stand for election, but, in the event that such persons are unable to serve or for good cause will not serve, the Shares represented by the enclosed WHITE proxy card will be voted for substitute nominees. In addition, Starboard reserves the right to nominate substitute persons if PTEC makes or announces any changes to the PTEC Bylaws or takes or announces any other action that has, or if consummated would have, the effect of disqualifying the Ramius Nominees. In any such case, Shares represented by the enclosed WHITE proxy card will be voted for such substitute nominees. Starboard reserves the right to nominate additional persons if PTEC increases the size of the PTEC Board above its existing size or increases the number of directors whose terms expire at the Annual Meeting. Additional nominations made pursuant to the preceding sentence are without prejudice to the position of Starboard that any attempt to increase the size of the current PTEC Board or to reconstitute or reconfigure the classes on which the current directors serve constitutes an unlawful manipulation of PTEC's corporate machinery.

YOU ARE URGED TO VOTE FOR THE ELECTION OF THE RAMIUS NOMINEES ON THE ENCLOSED WHITE PROXY CARD.

REQUIRED VOTE

-13-

If a quorum is present, the affirmative vote of the holders of a majority of the shares of Common Stock present or represented at the Meeting and voting on the matter is required for approval of Proposal No. 2.

We are not aware of any other proposals to be brought before the Annual Meeting. However, we intend to bring before the Annual Meeting such business as may be appropriate, including without limitation nominating additional persons for directorships, or making any proposals as may be appropriate to address any action of the PTEC Board not publicly disclosed prior to the date of this proxy statement. Should other proposals be brought before the Annual Meeting, the persons named as proxies in the enclosed WHITE proxy card will vote on such matters in their discretion.

-14-

VOTING AND PROXY PROCEDURES

Only stockholders of record on the Record Date will be entitled to notice of and to vote at the Annual Meeting. Each Share is entitled to one vote. Stockholders who sell Shares before the Record Date (or acquire them without voting rights after the Record Date) may not vote such Shares. Stockholders of record on the Record Date will retain their voting rights in connection with the Annual Meeting even if they sell such Shares after the Record Date. Based on

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

publicly available information, the Ramius Group believes that the only outstanding class of securities of PTEC entitled to vote at the Annual Meeting is the Shares.

Shares represented by properly executed WHITE proxy cards will be voted at the Annual Meeting as marked and, in the absence of specific instructions, will be voted FOR the election of the Ramius Nominees to the PTEC Board and in the discretion of the persons named as proxies on all other matters as may properly come before the Annual Meeting.

You are being asked to elect the Ramius Nominees. The enclosed WHITE proxy card may only be voted for the Ramius Nominees and does not confer voting power with respect to the Company's nominees. Accordingly, you will not have the opportunity to vote for any of PTEC's nominees. You can only vote for PTEC's nominees by signing and returning a proxy card provided by PTEC. Stockholders should refer to the Company's proxy statement for the names, backgrounds, qualifications and other information concerning the Company's nominees. The participants in this solicitation intend to vote all of their Shares in favor of the Ramius Nominees.

QUORUM

The required quorum for transacting business at the Annual Meeting is a majority of the votes eligible to be cast by holders of Shares issued and outstanding on the Record Date. Shares that are voted "FOR", "AGAINST" or "WITHHELD" from a matter are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the "Votes Cast") with respect to such matter.

VOTES REQUIRED FOR APPROVAL

VOTE REQUIRED FOR PROPOSAL 1. A plurality of the total votes cast ("Votes Cast") is required to elect the Ramius Nominees pursuant to Proposal 1. A vote to "WITHHOLD" for any nominee for director will be counted for purposes of determining the Votes Present, but will have no other effect on the outcome of the vote on the election of directors. A stockholder may cast votes for the Ramius Nominees either by so marking the ballot at the Annual Meeting or by specific voting instructions sent with a signed proxy to either the Ramius Group in care of Innisfree M&A Incorporated at the address set forth on the back cover of this Proxy Statement or to PTEC at 915 Murphy Ranch Road, Milpitas, California 95035, or any other address provided by PTEC.

-15-

ABSTENTIONS

Abstentions will count as Votes Present for the purpose of determining whether a quorum is present. Abstentions will not be counted as Votes Cast in the election of directors.

DISCRETIONARY VOTING

Shares held in "street name" and held of record by banks, brokers or nominees may not be voted by such banks, brokers or nominees unless the beneficial owners of such Shares provide them with instructions on how to vote.

REVOCATION OF PROXIES

Stockholders of PTEC may revoke their proxies at any time prior to exercise by attending the Annual Meeting and voting in person (although

Edgar Filing: PHOENIX TECHNOLOGIES LTD - Form PREC14A

attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy) or by delivering a written notice of revocation. The delivery of a subsequently dated proxy which is properly completed will constitute a revocation of any earlier proxy. The revocation may be delivered either to the Ramius Group in care of Innisfree M&A Incorporated at the address set forth on the back cover of this Proxy Statement or to PTEC at 915 Murphy Ranch Road, Milpitas, California 95035, or any other address provided by PTEC. Although a revocation is effective if delivered to PTEC, the Ramius Group requests that either the original or photostatic copies of all revocations be mailed to the Ramius Group in care of Innisfree M&A Incorporated at the address set forth on the back cover of this Proxy Statement so that the Ramius Group will be aware of all revocations and can more accurately determine if and when proxies have been received from the holders of record on the Record Date and the number of outstanding Shares represented thereby. Additionally, Innisfree M&A Incorporated may use this information to contact stockholders who have revoked their proxies in order to solicit later dated proxies for the election of the Ramius Nominees.

IF YOU WISH TO VOTE FOR THE ELECTION OF THE RAMIUS NOMINEES TO THE PTEC BOARD, PLEASE SIGN, DATE AND RETURN PROMPTLY THE ENCLOSED WHITE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED.
