PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
MAY 8, 2007

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE ANNUAL MEETING

Why am I receiving these materials?

We sent you this proxy statement and the enclosed form of proxy because our Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting of Stockholders to be held at 3:30 p.m., Central Daylight Time, on May 8, 2007 at Biaggi's Restaurant, 8251 Flying Cloud Drive, Suite 3010, Eden Prairie, Minnesota 55344. This proxy statement provides information that we are required to provide to you under the rules of the Securities and Exchange Commission (the "SEC") for the purpose of assisting you in voting your shares.

How can I obtain Stratasys Form 10-K?

A copy of our 2006 Annual Report on Form 10-K is enclosed as a part of our 2006 Annual Report to Stockholders (including beneficial owners of our common stock). Our Form 10-K is also available via our website at www.stratasys.com, or via the SEC's website at www.sec.gov. Stockholders may also obtain a copy of our Form 10-K free of charge upon written request to Stratasys, Inc., Attention: Secretary, 14950 Martin Drive, Eden Prairie, Minnesota 55344.

What items of business will be voted on at the Annual Meeting?

The election of six directors to serve until the next Annual Meeting of Stockholders and until their successors are duly elected and qualified.

The approval of a proposed amendment to our Amended and Restated Certificate of Incorporation to increase the number of authorized shares of our common stock from 15,000,000 to 30,000,000.

We will also consider any other business that is properly brought before the Annual Meeting.

How does the Board recommend I vote?

Our Board recommends that you vote **FOR** each of the named director nominees and **FOR** the amendment of our Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock to 30,000,000.

What shares can I vote?

Our only class of stock outstanding is common stock, par value \$.01 per share (common stock). Each share of common stock outstanding as of the close of business on the record date, March 23, 2007, is entitled to one vote on all items of business at the Annual Meeting. You may vote all shares you owned at that time, which may be (1) shares held directly in your name as the stockholder of record and (2) shares held for you as beneficial owner through a broker, trustee or other nominee such as a bank. On the record date, there were 11,170,056 shares of common stock outstanding and entitled to vote. There were 102 stockholders of record on the record date. The closing price of the common stock for that date, as quoted on the Nasdaq Global Select Market, was \$43.39.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders hold their shares through a broker or other nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer Company, you are considered to be, with respect to those shares, a stockholder of record, and these proxy materials are being sent directly to you by Stratasys. You should have stock certificates for those shares. As the stockholder of record, you have the right to grant your voting proxy directly to our proxy holders or to vote in person at the Annual Meeting. We have enclosed a proxy card for your use.

Beneficial Owner

If your shares are held in a brokerage account or by a trustee or nominee, you are considered to be the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction form by the broker, trustee or nominee or an agent hired by the broker, trustee or nominee. As a beneficial owner, you have the right to direct your broker, trustee or nominee how to vote, and you are also invited to attend the Annual Meeting.

As a beneficial owner is not the stockholder of record, you may not vote these shares directly at the Annual Meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

How can I vote my shares in person at the Annual Meeting?

Shares held in your name as the stockholder of record may be voted on a ballot. Shares held beneficially in street name may be voted on a ballot only if you bring a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy or voting instruction form as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

How can I vote my shares without attending the Annual Meeting?

Whether you hold shares directly as a stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the Annual Meeting. If you are a stockholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those on the proxy card or voting instruction form you are provided.

You may cast your vote by proxy as follows:

By Internet Stockholders of record may vote using the Internet by voting at the website listed on the enclosed proxy card. Beneficial owners may vote by accessing the website specified on the voting instruction form provided by their brokers, trustees or nominees. Please check the voting instruction form for Internet voting availability.

By telephone Stockholders of record may vote by using the toll-free telephone number listed on the enclosed proxy card. Beneficial owners may vote by telephone by calling the number specified on the voting instruction forms provided by their brokers, trustees or nominees.

By mailing the proxy card Stockholders of record may vote by completing, signing, dating and mailing the enclosed proxy card in the accompanying pre-addressed postage paid envelope. Beneficial owners may vote by completing, signing and dating the voting instruction forms provided by their brokers, trustees or nominees and mailing them in the enclosed pre-addressed envelope.

Are the proxy statement and annual report available electronically?

This proxy statement and our 2006 Annual Report on Form 10-K are available on our website at www.stratasys.com, or at the SEC's website at www.sec.gov.

Can I change my vote?

If you are a stockholder of record and have submitted a proxy card, you can change your vote by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not cause your previously granted proxy to be revoked, unless you vote again. You may also revoke your proxy at any time before it is voted by sending a written notice of revocation or by submitting a signed proxy bearing a later date, in either case, to Stratasys, Inc., Attention: Secretary, 14950 Martin Drive, Eden Prairie, Minnesota 55344, or by notifying our Secretary at the Annual Meeting. We must receive any such revocation of proxy by 5:00 p.m., Central Daylight Time, on May 7, 2007, for it to be effective.

If you voted on the Internet or by telephone, you may change your vote by voting at the Annual Meeting or by following the instructions for changing your vote on the enclosed proxy card.

If your shares are held in street name or by a broker, trustee or nominee, you may change your vote by following the instructions provided to you by your broker, trustee or nominee. If you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, you can change your vote by attending the Annual Meeting and voting in person.

What is the quorum required in order to conduct business at the Annual Meeting?

A majority of the shares outstanding at the record date must be present at the Annual Meeting in order to establish the quorum necessary to hold the meeting and conduct business. Shares are counted as present at the Annual Meeting if the stockholder attends the meeting in person or is represented at the meeting by proxy.

What is the voting requirement to approve the election of directors, the amendment of our Amended and Restated Certificate of Incorporation, and any other proposal and how are votes counted?

Directors are elected by a plurality of the votes cast for the election of directors at the Annual Meeting. In the election of directors, you may vote for all of the nominees or you may withhold your vote with respect to one or more of the nominees.

To approve the amendment to our Amended and Restated Certificate of Incorporation increasing the number of authorized shares of our common stock to 30,000,000, stockholders holding a majority of our outstanding shares of common stock entitled to vote are required to vote in favor of the amendment. You may vote for or against the amendment or you may abstain.

You may vote for any other proposals properly brought before the Annual Meeting, or you may abstain. If you abstain, the abstention has the same effect as a vote against the proposal. If you provide specific instructions (mark boxes) with regard to certain proposals, your shares will be voted as you instruct. If you sign and return your proxy card or voting instruction form without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board. The proxy holders will vote in their discretion on any other matters that properly come before the Annual Meeting.

If you are a stockholder of record and do not return your proxy card, or do not vote via the Internet or by telephone, your shares will not be voted. However, if you hold shares beneficially in street name, the result will be different. If you do not return the voting instruction form, your broker may vote your shares in certain circumstances and on certain proposals. Where brokers are prohibited from exercising discretionary authority for beneficial owners who have not provided voting instructions (commonly referred to as broker non-votes), those shares will be included in determining the presence of a quorum at the meeting, but are not considered present for the purposes of voting on non-discretionary matters. Such shares have no impact on the outcome of such proposals.

What happens if additional matters are presented at the Annual Meeting?

Other than the proposals described in this proxy statement, we are not aware of any other business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, S. Scott Crump and Thomas W. Stenoien, will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting in accordance with their best judgment. If for any unforeseen reason any of our nominees is not available as a candidate for reelection as a director, the proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

Who will count the votes?

We will appoint two individuals to act as inspectors of election to tabulate the votes cast at the Annual Meeting.

What does it mean if I receive more than one set of voting materials?

It means you have multiple accounts with the transfer agent and/or with brokers and banks. Please complete, sign, date and return to us each proxy card and voting instruction form you receive.

Who will pay the costs of soliciting votes for the Annual Meeting?

Stratasys is making this solicitation and will pay the entire cost of preparing, printing, mailing and distributing these proxy materials and soliciting votes with respect to the Annual Meeting. In addition to the mailing of these proxy materials, the solicitation of proxies may be made in person, by telephone or by electronic communication by certain of our directors, officers and other employees, who will not receive any additional compensation for such activities. We will also reimburse brokerage firms, banks, and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in forwarding proxy and solicitation materials to the beneficial owners of our common stock.

Where can I find the voting results of the Annual Meeting?

We expect to announce preliminary voting results at the Annual Meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2007. You can access that Form 10-Q, and all of our other reports filed with the SEC, at our website, www.stratasys.com, or at the SEC's website, www.sec.gov.

Is a list of stockholders entitled to vote at the Annual Meeting available?

The list of stockholders of record as of the record date will be available at the Annual Meeting. It will also be available during business hours for ten days prior to the date of the Annual Meeting, at our principal executive office, 14950 Martin Drive, Eden Prairie, Minnesota. A stockholder of record of our common stock may examine the list for any purpose germane to the Annual Meeting.

What is the deadline to propose actions for consideration at next year's Annual Meeting?

If a stockholder intends to present a proposal at our next Annual Meeting of Stockholders, we must receive it no later than December 6, 2007, in order for it to be included in the proxy statement and form of proxy relating to that meeting. If the date of the meeting is changed by more than 30 calendar days from the date on which this year's meeting is held, or if the proposal is to be presented at any meeting other than the next Annual Meeting of Stockholders, we must receive the proposal at our principal executive office at a reasonable time before the solicitation of such proxies for such meeting is made.

Stockholder proposals for business matters to be conducted at the 2008 Annual Meeting, including nominations of persons to serve as directors of Stratasys, but not to be considered for inclusion in our proxy statement and form of proxy relating to our 2008 Annual Meeting, must be received no later than February 19, 2008. Such proposals should be directed to our Secretary at 14950 Martin Drive, Eden Prairie, Minnesota 55344.

YOUR VOTE IS IMPORTANT

Whether or not you plan to attend the 2007 Annual Meeting, please read this Proxy Statement and promptly vote your shares on the Internet, by telephone or by completing, signing, and dating your enclosed proxy or voting instruction form and returning it in the enclosed envelope.

Mr. Wilson also serves on the board of directors of Broda Enterprises, Waterloo, Ontario, Design Imaging, Inc., Salt Lake City, Utah, and the Central Utah Advisory Board of Well Fargo Bank.

Board Independence.

Our Board of Directors has determined that none of our directors, except S. Scott Crump, the Chairman of the Board, President and Chief Executive Officer, and Ralph E. Crump, S. Scott Crump's father, have a relationship with Stratasys, either as an officer or employee of Stratasys or its subsidiaries or any other relationship that, in the opinion of our Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Therefore, each non-management director, other than Ralph E. Crump, is independent within the meaning of the Nasdaq Stock Market, Inc. (Nasdaq) listing standards for director independence. The Board has three standing committees, the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. Only independent directors serve on the standing committees of the Board, and accordingly, all members of those committees are also independent.

Availability of Information and Communications with the Board.

We have established a Corporate Governance section on our website, at www.stratasys.com, which is accessible by clicking Investors and then clicking Corporate Governance. The charters of our Nominating and Corporate Governance Committee and Audit Committee, as well as our Code of Business Conduct and Ethics, which applies to all of our directors, officers and employees, are posted there. Additional materials may be added in the future. This proxy statement and the 2006 Annual Report on Form 10-K are also available on our website. Directors are expected to attend our annual meetings of stockholders. All members of the Board attended the 2006 Annual Meeting of Stockholders.

Meetings of the Board of Directors and Executive Sessions.

Our Board of Directors held eight meetings in 2006, three of which were conducted by telephone conference call. Each director attended at least 75% of the aggregate number of Board meetings and Board committee meetings on which that director served during 2006. Independent directors meet separately without management or non-independent directors present before each scheduled meeting of the Board of Directors.

Board Committees.

Audit Committee. The Audit Committee is composed of four non-management directors. The current members are Arnold J. Wasserman (Chairman), Edward J. Fierko, Clifford H. Schwieter and Gregory L. Wilson, all of whom served on the Committee in 2006. The Board of Directors has determined that under the rules of the SEC and applicable Nasdaq listing standards, all of the members of the Audit Committee are independent. The Board has also determined that Mr. Fierko qualifies under the Nasdaq standards as financially sophisticated and that Messrs. Fierko and Wilson each meet the SEC criteria for an audit committee financial expert.

The Audit Committee held six meetings in 2006, one of which was conducted by telephone conference call. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of our independent auditors, who report directly to the Audit Committee. In addition, the Audit Committee is responsible for addressing complaints received by Stratasys regarding any accounting, internal accounting controls or auditing matters, as well as employees' concerns regarding any questionable accounting or auditing matters. The duties of the Audit Committee also include reviewing and considering actions of management in matters relating to audit functions, reviewing reports from various regulatory authorities, reviewing our system of internal controls and procedures, and reviewing the effectiveness of procedures intended to prevent violations of laws and regulations.

The report of the Audit Committee appears on page 19 of this proxy statement.

Compensation Committee. The Compensation Committee is composed of four non-management directors. The current members are Clifford H. Schwieter (Chairman), Edward J. Fierko, Arnold J. Wasserman and Gregory L. Wilson, all of whom served on the Committee in 2006. The Board of Directors has determined that under applicable Nasdaq listing standards, all of the members of the Compensation Committee are independent.

The Compensation Committee held two meetings in 2006. The Compensation Committee recommends to the Board policies for executive compensation and approves the remuneration of all our officers. It also administers our stock option and incentive compensation plans and recommends the establishment of and monitors the compensation and incentive program for all Stratasys executives.

The report of the Compensation Committee appears on page 13 of this proxy statement.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is composed of four non-management directors. The current members are Gregory L. Wilson (Chairman), Edward J. Fierko, Clifford H. Schwieter and Arnold J. Wasserman. The Board of Directors has determined that under applicable Nasdaq listing standards, all of the members of the Nominating and Corporate Governance Committee are independent. A current copy of the Nominating and Corporate Governance Committee's charter is available on our website at www.stratasys.com.

The Nominating and Corporate Governance Committee held five meetings in 2006. In connection with its nominating function, the Committee evaluates and recommends to the Board director nominees to fill vacancies that may occur on the Board of Directors and its standing committees. In connection with its corporate governance function, the Committee reviews and recommends to the Board corporate governance principles applicable to Stratasys, including the evaluation and recommendation of criteria for membership on the Board and the composition and structure of the Board and its committees.

Consideration of Director Nominees.

Although the Nominating and Corporate Governance Committee has not established minimum qualifications for director candidates, it will consider, among other factors:

- Judgment
- Skill
- Diversity
- Experience with businesses and other organizations of comparable size
- The interplay of the candidate's experience with the experience of other Board members
- The extent to which the candidate would be a desirable addition to the Board and any committees of the Board

In addition, the Committee considers specific qualities needed to fill vacancies, such as financial sophistication for potential members of the Audit Committee, and other characteristics desired to achieve a balance of knowledge, experience and capability on the Board.

The Nominating and Corporate Governance Committee will consider all director candidates recommended by stockholders, if they meet the criteria referred to above. Recommendations may be made in writing and sent to the Chairman of the Nominating and Corporate Governance Committee in care of Stratasys, Inc., 14950 Martin Drive, Eden Prairie, Minnesota 55344. Such recommendations must include the following information:

- the candidate's name and address
- the biographical data of the candidate
- the candidate's qualifications

Members of the Nominating and Corporate Governance Committee will assess potential candidates on a regular basis. Any stockholder recommendation of a candidate for election at the 2008 Annual Meeting must be received no later than December 6, 2007 in order for the Nominating and Corporate Governance Committee to consider it.

Executive Officers.

In addition to S. Scott Crump, our Chairman, President, Chief Executive Officer, and Treasurer, the following individuals serve as our executive officers:

Thomas W. Stenoien, age 56, was appointed as our Chief Operating Officer in March 2005. Mr. Stenoien served as our Chief Financial Officer from May 1997 to March 2005. Mr. Stenoien has also served as our Executive Vice President from 2001 to March 2005 and as our Secretary from 1999 to May 2006. Mr. Stenoien joined Stratasys in February 1993 as Controller and has also served as Director of Finance.

Robert F. Gallagher, age 51, was appointed as our Chief Financial Officer in March 2005 and was appointed as our Secretary in May 2006. Before joining Stratasys, Mr. Gallagher was the Chief Financial Officer of Selas Corporation of America, a manufacturer of micro-miniature components for the electronics industry, which is now known as Intricon Corporation. From October 2000 until June 2002, he was Chief Financial Officer for Visionics Corporation, a provider of biometric technologies and information systems. From October 1989 until June 2000, Mr. Gallagher was employed by TSI Incorporated, a diversified precision instrument company, last holding the position of Chief Financial Officer. From June 2005 to present, Mr. Gallagher has served on the Board of MOCON (Nasdaq: MOCO), Inc., where he is also a member of the audit committee.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth the number of shares of our common stock beneficially owned, directly or indirectly, by (i) each person known by us to be the owner of more than 5% of the outstanding shares of our common stock, (ii) each director, (iii) each executive officer named in the Summary Compensation Table on page 13 (the "Named Executive Officers") and (iv) all of our directors and executive officers as a group as of March 16, 2007.

The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 of the Securities Exchange Act of 1934, and is not necessarily indicative of beneficial ownership for any other purpose. Shares of our common stock that a person has a right to acquire within 60 days are deemed outstanding for purposes of computing the percentage ownership of that person, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. We based our calculations of the percentage owned on 10,287,037 shares outstanding on March 16, 2007.

Except as otherwise indicated, each director and Named Executive Officer (1) has sole investment and voting power with respect to the securities indicated or (2) shares investment and/or voting power with that individual's spouse.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. SEC regulations also require us to identify in this proxy statement any person subject to this requirement who failed to file any such report on a timely basis.

Based on our review of the reports we have received and written representations that no other reports were required for 2006, we believe that all Section 16(a) reporting requirements applicable to our executive officers and directors in 2006 were satisfied in a timely fashion.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis.

Our Compensation Committee is principally responsible for developing our company-wide compensation program. This program is designed to enable all of our employees to receive an annual cash bonus if Stratasys achieves or exceeds the annual performance goals that the Committee establishes. In addition, our compensation program rewards our executives for long-term company performance. The objectives of our compensation program are:

- To attract, retain, motivate and incentivize our employees to help us achieve our business objectives
- To encourage and reward superior individual performance
- To encourage teamwork and reward group performance within our company
- To align the interests of our executives with those of our stockholders by incentivizing increases in the long-term value of our company

Development of Our Compensation Program

In connection with the development of their annual business and financial plan each November, our management team establishes annual company and individual goals for the ensuing year. Consistent with those goals, management makes recommendations for compensation for our executives for that year. Under the plan, executive compensation consists of base salary, annual incentive compensation and long-term incentive compensation. The Committee reviews and evaluates management's recommendations and reaches consensus with management on a final proposal. The Committee then presents the final proposal to the full Board of Directors, which adopts a final compensation program to be implemented for the next year.

In reviewing and finalizing the annual compensation program, the Committee compares our executives' compensation with compensation paid to executives at 15 to 25 other similar manufacturing companies of comparable size in the Midwest Region. Riley, Dettmann & Kelsy, LLC, an executive compensation consulting firm in Minnetonka, MN, assists the Committee in making this evaluation, and the Committee also reviews an annual list of compensation at comparable companies compiled by the Minneapolis-based law firm of Dorsey & Whitney. The Committee generally targets our executive compensation within the third quartile of executive compensation for comparable companies.

The Components of Our Compensation Program

Base Salary. Executives' annual base salaries are based on their individual performance in the prior year, job responsibilities, expected future contributions and salaries paid to executives with similar responsibilities at comparable companies. As we seek to weigh total compensation more heavily toward incentives, base salaries for our executives tend to range near the median salary for executives at comparable companies.

In November 2005, the Committee established the 2006 base salary of Scott Crump, our Chief Executive Officer, based on his then-current salary, his and our company's performance during 2005, salaries of CEO's at comparable companies, and his expected contribution for 2006. In light of these factors, the Committee approved a 15.8% increase in Mr. Crump's annual base salary from \$164,092 to \$190,000.

Our CEO proposes the base salaries for Thomas W. Stenoien, our Chief Operating Officer, and Robert F. Gallagher, our Chief Financial Officer. At the same November 2005 meeting in which the Committee established Mr. Crump's compensation, the Committee also established base salaries for Mr. Stenoien and Mr. Gallagher. Based on factors similar to those for Mr. Crump, as well as the management and financial performance of the groups for which Messrs. Stenoien and Gallagher are responsible, the Committee approved a 23% increase in Mr. Stenoien's base salary from \$130,000 to \$160,000, consistent with Mr. Stenoien's promotion to Chief Operating Officer, and a 4% increase in Mr. Gallagher's base salary from \$175,000 to \$182,000. The Committee determined that Mr. Gallagher's duties and responsibilities have a less direct impact on achievement of our performance goals than Mr. Crump's or Mr. Stenoien's. Therefore, it has recommended that Mr. Gallagher's total compensation be more heavily weighted to his base salary than Messrs. Crump and Stenoien, whose total compensation is more significantly weighted to their incentive compensation plans.

Annual Incentive Compensation. We employ a management by objectives philosophy at Stratasy and align annual incentive compensation for our executives with their achievement of the objectives that we establish for them. Executives responsible for internal operating or management groups, such as research and development, manufacturing, system sales and human resources, have different management objectives. These objectives may include:

- The number of new products or product enhancements introduced.
- Development of specific training programs.
- Implementation of new manufacturing procedures.
- Development of new or improved inventory ordering and control procedures.
- Sales of a specific number of systems.

We base annual incentive compensation for our CEO, COO and CFO on achieving corporate financial objectives, including, from time to time, revenue, operating profit, backlog, net income, earnings per share and other such financial metrics.

The Committee establishes a target bonus for each executive, which will be paid if specified objectives are met. An executive can earn from 100% to 125% of the target bonus depending upon achievement of the objectives. Our annual plan establishes quarterly and annual performance objectives for our executives. Consistent with our desire to have our executives achieve the interim plan objectives, we pay bonuses quarterly based upon achievement of the interim plan goals.

If Stratasy does not achieve the performance goals that would result in a payment of 100% of the target amount, the Board will consider payment of a bonus based on actual company performance. Conversely, if we surpass the performance goals that would result in a payment of 125% of the target amount, the Board may award an additional bonus. The amount of the bonus varies in the discretion of the Board.

From time to time, circumstances arise in which an executive achieves some interim plan objectives, but fails to achieve annual plan objectives, resulting in an overpayment of the bonus for the year. In that instance, we negotiate a repayment plan with the executive. We also have circumstances in which an executive is unable to achieve his or her management objectives due to circumstances beyond his or her control. In those instances, our Board of Directors may grant a bonus to the executive based upon the individual's performance and the performance of the executive's group in light of the adverse circumstances.

In 2006, the Committee based 50% of annual incentive compensation for Messrs. Crump, Stenoien and Gallagher on achievement of the 2006 corporate revenue objective and 50% on achievement of the 2006 corporate operating income objective. Based on our performance in these categories in 2006, we awarded Mr. Crump an annual incentive bonus of \$69,000, which was 69.0% of his target bonus; Mr. Stenoien an annual bonus of \$62,100, which was 69.0% of his target bonus; and Mr. Gallagher an annual bonus of \$28,810, which was 66.7% of his target bonus.

Stock Option Awards. Since the inception of Stratasy, we have granted stock options as the principal long-term equity incentive for our executives and employees. Stock options enable recipients to derive a financial gain from the appreciation in our stock price from the date that the option is granted to the date of exercise, which we believe aligns the interests of our executives and employees with the long-term interests of our stockholders.

The Committee recommends all stock option awards to the full Board of Directors, which makes all awards. We set the exercise price of our stock options at the closing price of our common stock on Nasdaq on the date of grant. Options vest in equal annual installments over four years and generally have a term of ten years. The Board generally awards stock options when it approves the annual compensation plan, which may range between November and February, depending on when the final plan is approved. The Board makes interim awards of stock options to new executive hires as those executives join our company. The Committee has determined the number of options to be granted on the basis of, among other things, the overall annual compensation plan for executives, the number of options granted to executives at peer group companies, and the Black-Scholes estimate of the value of the options granted.

The Board made stock option awards to our executives for 2006 in November 2005. The Board granted 20,000 options to Mr. Crump and 15,000 options to each of Mr. Stenoien and Mr. Gallagher. The exercise price of the options was \$24.97 per share. All of the options vested immediately on the date of grant. The Board authorized immediate vesting of these options to avoid the adverse effect of vesting on our earnings per share in subsequent years under FAS 123(R). The Board believed that the award of immediately vested options would still act as a long-term incentive and retention vehicle.

In light of the impact that the grant of stock options would have on our earnings per share under FAS 123(R), the Committee is presently evaluating the long-term equity component of our compensation program. Accordingly, it has not yet made any stock option recommendations or other awards of long-term equity compensation for 2007.

Benefits. Our executives, including the Named Executive Officers, receive the same benefits as all of our other employees. This includes health insurance, paid vacation and matching contributions to our 401(k) plan of up to \$3,000 per year. Our executives do not receive any additional benefits, nor are they entitled to any specific perquisites as a part of our compensation program. We believe that our benefits are competitive with comparable peer group companies.

PROPOSAL 2. AMENDMENT OF OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AUTHORIZED TO BE ISSUED FROM 15,000,000 SHARES TO 30,000,000 SHARES

Our Board of Directors has approved an Amendment to our Amended and Restated Certificate of Incorporation to authorize us to issue an additional 15,000,000 shares of common stock. The text of the proposed Amendment is annexed as Appendix A.

If the Amendment is approved by our stockholders, the Amendment will become effective upon the filing of a Certificate of Amendment with the Delaware Secretary of State, which filing is expected to occur promptly after the Annual Meeting.

Purpose of the Amendment

We are presently authorized to issue 15,000,000 shares of common stock. As of March 16, 2007, of the 15,000,000 shares of common stock authorized, 10,287,037 shares were issued and outstanding, and 1,270,708 shares of common stock were reserved for issuance under our 1998 Incentive Stock Option Plan, our 2000 Incentive Stock Option Plan, and our 2002 Long-Term Performance and Incentive Plan. In addition, 225,000 shares of common stock are reserved for issuance upon the exercise of currently exercisable warrants.

The 15,000,000 additional shares of common stock to be authorized would provide needed flexibility for future financial and capital requirements so that proper advantage could be taken of propitious market conditions and possible business acquisitions. Additional shares of common stock would also be available to the Company for stock dividends or splits should our Board of Directors decide that it would be desirable, in light of market conditions then prevailing, to broaden the public ownership of, and to enhance the market for, the shares of our common stock. The additional shares would be available for issuance for these and other purposes, subject to the laws of Delaware and Nasdaq rules, at the discretion of our Board of Directors without, in most cases, the delays and expenses attendant to obtaining further stockholder approval. To the extent required by Delaware law or Nasdaq rules, stockholder approval will be solicited in the event shares of stock are to be issued in connection with a merger.

Specifically, our Board is considering use of a number of the additional shares of common stock to effect a stock split, in the form of a stock dividend payable on all outstanding shares of common stock. However, the final decision on when or whether to implement a stock split and the magnitude of the stock split will be based on market conditions and remain in the Board's sole discretion. The proposed increase in the number of authorized shares of common stock would be necessary for any stock split, because the current number of authorized shares of common stock that are not reserved or outstanding is not sufficient to effect a meaningful stock split. Stockholder approval of a stock split effected in the form of a stock dividend is not required under Delaware law, is not being solicited by this proxy statement and will not be solicited in the future in order to effect a stock split, if approved by our Board.

The objective of a stock split would be to lower the market price of the common stock in inverse proportion to the stock split. Such lower price would be expected to increase the liquidity and broaden the marketability of the common stock to a larger group of investors. The Board may decide, however, in the best interests of Stratasys and due to market conditions or otherwise, not to effect a stock split. Therefore, no assurances can be given that the Board will effect a stock split, even if the Amendment is approved.

Possible Effects of the Amendment

Upon issuance, the additional shares of authorized common stock would have rights identical to the currently outstanding shares of common stock. Adoption of the Amendment would not have any immediate dilutive effect on the proportionate voting power or other rights of existing stockholders. A stock split, should it be effected, would reduce the Company's earnings per share but would not affect voting rights of current stockholders, as each stockholder would continue to hold the same percentage interest in Stratasys.

Although our Board of Directors does not consider the proposed Amendment to our Amended and Restated Certificate of Incorporation to be an antitakeover proposal, the ability to issue additional shares of common stock could also be used to discourage hostile takeover attempts of Stratasys. Among other things, the additional shares could be privately placed, thereby diluting the stock ownership of persons seeking to obtain control of Stratasys, or the Board could adopt a stockholders' rights plan that would provide for the issuance of additional shares of common stock in the event of certain purchases not approved by the Board of Directors.

Other than its consideration of a possible stock split, our Board of Directors has no current plans, arrangements, agreements or understandings to issue any of the additional shares of common stock to be authorized under the proposed Amendment to our Amended and Restated Certificate of Incorporation. Our Board of Directors does not intend to issue any common stock or securities convertible into or exchangeable for common stock, except on terms that our Board of Directors deems to be in the best interest of Stratasys and our stockholders.

RECOMMENDATION:

The Board of Directors Unanimously Recommends That You Vote FOR the Amendment to our Amended and Restated Certificate of Incorporation to Increase Our Authorized Common Stock to 30,000,000 Shares Described in Proposal 2.

INDEPENDENT AUDITORS

The firm of Rothstein, Kass & Company, P.C. (Rothstein Kass) has audited our financial statements for the fiscal years ended December 31, 2006 and December 31, 2005. Rothstein Kass has served as our independent registered public accounting firm since December 20, 1994. Rothstein Kass has no financial interest, either direct or indirect, in Stratasys. At a meeting held on February 9, 2007, the Audit Committee considered whether the provision of the services, other than the services described as Audit Fees and Audit-Related Fees listed below, is compatible with maintaining the independence of Rothstein Kass, and has concluded that the provision of such services is compatible with maintaining their independence.

Although Rothstein Kass has been retained to review our quarterly financials for the period ended March 31, 2007, the Audit Committee has not yet selected independent accountants to audit our financial statements for the fiscal year ending December 31, 2007. It was the determination of the Audit Committee that Stratasys should not be obligated at this time to retain a specific firm of independent accountants.

No representative of Rothstein Kass is expected to be present at our Annual Meeting or to make a statement or respond to questions from stockholders.

Principal Accountant Fees and Services

The aggregate fees we paid to Rothstein Kass for the years ended December 31, 2006 and 2005 were as follows:

	2006	2005
Audit Fees	\$ 181,000	\$ 129,595
Audit-Related Fees	-0-	-0-
<i>Total Audit and Audit-Related Fees</i>	181,000	129,595
Tax Fees ^(a)	25,000	28,000
All Other Fees ^(b)	15,000	10,500

(a) Tax fees consisted of fees for tax compliance and review, and tax planning and advice.

(b) All Other Fees consisted of fees for the audit of our 401(k) benefit plans.

The Audit Committee's policy is that all audit and non-audit services to be performed by our independent auditors must be approved in advance. The policy permits the Audit Committee to delegate pre-approval authority to one or more of its members and requires any member who pre-approves such services pursuant to that authority to report his decision to the Committee. The Audit Committee has delegated such authority to its Chair, Arnold Wasserman.

REPORT OF THE AUDIT COMMITTEE

The Stratasys Board of Directors adopted a written charter for the Audit Committee, which was amended on March 26, 2004, and is attached as Appendix B to this proxy statement. Both this Audit Committee and the Board of Directors have determined that the Amended and Restated Audit Committee Charter states appropriate guiding principles for the Audit Committee. In addition, after evaluating the qualifications of the members of the Audit Committee, the Board of Directors determined that its members continue to have the independence and expertise to serve on the Audit Committee as required by all applicable rules and regulations.

In accordance with the provisions of our charter, we have (i) reviewed Stratasys 2006 audited financial statements with management, (ii) discussed with Stratasys independent auditors, Rothstein, Kass & Company, P.C. (Rothstein Kass), the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU § 380) as modified or supplemented, and (iii) received the written disclosures and the letter from Rothstein Kass required by Independence Standards Board Standard No. 1, as modified or supplemented. We have also discussed with Rothstein Kass and received its written confirmation that it remains independent accountants with respect to Stratasys.

As part of our responsibilities under our charter, we also reviewed Stratasys' compliance with its Code of Ethics and the effectiveness of procedures intended to prevent violation of laws and regulations.

In addition, we have met with Rothstein Kass prior to the filing of each of Stratasys' quarterly reports on Form 10-Q to discuss the results of its review of the financial information included in those reports.

Management has represented to us, and Rothstein Kass has confirmed, that Stratasys' financial statements were prepared in accordance with accounting principles generally accepted in the United States.

In performing our oversight function, we relied upon advice and information received in our discussions with Stratasys' management, internal accountants, and independent auditors. This advice and information was obtained at the Committee meetings held during the year, during which we engaged both management and Rothstein Kass in current discussions. Each quarter of the fiscal year ended 2006, we met separately with Rothstein Kass. Based on the review and discussions referred to above, we have recommended to the Board of Directors that Stratasys' audited consolidated financial statements for the year ended December 31, 2006 be included in its Annual Report on Form 10-K for that year.

Primary responsibility for the Company's financial reporting lies with senior management, with oversight by the Board of Directors. The Audit Committee:

maintains open lines of communication with the Company's Chief Financial Officer and the senior account representative of its External Auditor;

is an informed, vigilant and effective overseer of the Company's internal controls and disclosure controls and procedures for financial reporting purposes;

has its duties and responsibilities set forth in a written charter;

reports its activities to the full board on a regular basis; and

complies with applicable law (including Nasdaq and SEC rules) for Audit Committees.

COMMITTEE STRUCTURE AND MEMBERSHIP

The Committee shall be comprised of three or more directors each of whom shall be independent as determined in accordance with applicable law (including SEC and Nasdaq rules). All members of the Committee must be able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement. Committee members shall not receive any compensation from the Company except as allowed under applicable law (including SEC and Nasdaq rules). MEETINGS

The Audit Committee will meet on a regular basis and special meetings will be called as circumstances require. The Company's Chief Financial Officer will normally be present at each meeting. During most meetings the Committee will hold private sessions, as required, with legal representatives (and when appropriate, outside counsel retained to advise the Committee) to discuss legal matters which may impact the Company's financial position. Minutes of meetings will be taken including notations as to what private sessions occur.

REQUIRED PROCESSES

 - 3) whether the service would be performed by specialists (e.g., technology specialists) who ordinarily also provide recurring audit support;
 - 4) whether the service would be performed by audit personnel and, if so, whether it will enhance their knowledge of the Company's business and operations;
 - 5) whether the role of those performing the service would be inconsistent with the auditor's role (e.g., a role where neutrality, impartiality and auditor skepticism are likely to be subverted);
 - 6) whether the audit firm's personnel would be assuming a management role or creating a mutuality of interest with management;
 - 7) whether the auditors, in effect, would be auditing their own numbers ;
 - 8) whether the project must be started and completed very quickly;
 - 9) whether the audit firm has unique expertise in the service; and

 - 3) all critical accounting policies and practices used;
 - 4) all alternative treatments of financial information within generally accepted accounting principles that have been discussed with Company management, ramifications of the use of such alternative disclosures and treatments including for any off-balance sheet transactions, and the treatment preferred by the External Auditor;
 - 5) other material written communications between the External Auditor and the Company's management, including all management letters or comments;
 - 6) the schedule of unadjusted differences; and
 - 7) the effectiveness of the Company's internal controls in providing reasonable assurance that the financial statements and disclosures are fairly presented, comply with the legal and regulatory requirements, and provide timely detection of fraud.
