Item 2.02. Results of Operations and Financial Condition.

On March 2, 2016, Alimera Sciences, Inc. (“Alimera”) issued a press release regarding its results of operations and financial condition for the fourth quarter and full year ended December 31, 2015. Alimera will be hosting a conference call, as well as a live webcast on the Investor Relations section of its corporate website at www.alimerasciences.com, on March 3, 2016 at 10:00 A.M. ET to discuss its fourth quarter and full year ended December 31, 2015 financial results and to provide regulatory and commercial updates. The full text of the press release, which includes information regarding Alimera’s use of non-GAAP financial measures, is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

Due to less than expected sales of ILUVIEN in January and February of 2016, Alimera is not currently in compliance with the revenue covenants of its debt facility with Hercules Technology Growth Capital, Inc. (“Hercules”). Alimera and Hercules are currently in discussions regarding an amendment to the debt facility which would bring Alimera into compliance with the revenue covenant. Hercules has not accelerated or otherwise made demand for any amounts owing under the debt facility. Alimera currently anticipates completing this amendment prior to the filing later this month of its Annual Report on Form 10-K for the year ended December 31, 2015.

Various statements to be made during the conference call and webcast, including the slide deck presentation discussed in Item 7.01 of this Current Report on Form 8-K, are “forward-looking statements,” within the meaning of the Private Securities Litigation Reform Act of 1995, regarding, among other things, the ability of the ILLUVIEN J-code to drive use and market acceptance of ILUVIEN, the opportunity for further growth in 2016 for ILUVIEN, Alimera’s ability to reach agreement with Hercules on an amendment to bring Alimera in compliance with revenue covenants under the debt facility and Alimera’s ability to complete an amendment with Hercules before Alimera files its Annual Report on Form 10-K for the year ended December 31, 2015. Words such as “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “contemplate,” “predict,” “project,” “target,” “likely,” “potential,” “continue,” “ongoing,” “will,” “would,” “should,” “negative of these terms and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Such forward-looking statements are based on current expectations and involve inherent risks and uncertainties, including factors that could delay, divert or change any of them, and could cause actual results to differ materially from those projected in its forward-looking statements. Meaningful factors which could cause actual results to differ include, but are not limited to, a decision by Hercules to call the debt facility and request immediate repayment of the amounts owing under the debt facility, accelerate amounts owing under the debt facility, other action taken by Hercules under the debt facility to the detriment of Alimera due to Alimera’s failure to comply with the revenue covenants, the ability of Alimera to negotiate an amendment to the debt facility that is on commercially reasonable terms or the cost of any amendment to the debt facility with Hercules which could materially affect Alimera’s ability to continue its commercial launch of ILUVIEN, and market acceptance of ILUVIEN in the U.S. and Europe, including physicians’ ability to obtain reimbursement, the potential impact of the J-code on U.S. revenues and revenue growth in 2016 and seasonality, as well as other factors discussed in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of Alimera’s Annual Report on Form 10-K for the year ended December 31, 2014 and Quarterly Report on Form 10-Q for the quarter ended September 30, 2015, which are on file with the Securities and Exchange Commission (“SEC”) and available free of charge on the SEC’s website at www.sec.gov. Additional factors may also be set forth in those sections of Alimera’s Annual Report on Form 10-K for the year ended December 31, 2015, to be filed with the SEC in the first quarter of 2016. In addition to the risks described above and in Alimera’s Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings with the SEC, other unknown or unpredictable factors also could affect Alimera’s results. There can be no assurance that the actual results or developments anticipated by Alimera will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Alimera. Therefore, no assurance can be given that the outcomes stated in such forward-looking statements and estimates will be achieved.

All forward-looking statements made during the conference call and webcast are expressly qualified by the cautionary statements contained or referred to herein. Alimera cautions investors not to rely too heavily on the forward-looking statements Alimera makes or that are made on its behalf. These forward-looking statements speak only as of the date on which they are made (unless another date is indicated). Alimera undertakes no obligation, and specifically declines any obligation, to publicly update or revise any such forward-looking statements, whether as a result of new

information, future events or otherwise.
