#### Item 7.01. Regulation FD Disclosure.

#### Dropdown Assets

On September 3, 2015, Holly Energy Partners, L.P. (the "Partnership") and HollyFrontier Corporation ("HollyFrontier") issued a joint press release announcing a non-binding agreement in principle for the acquisition by Holly Energy Partners – Operating, L.P. ("HEP Operating"), a wholly owned subsidiary of the Partnership, from Frontier El Dorado Refining LLC ("FEDR"), a wholly owned subsidiary of HollyFrontier, of all the outstanding membership interests in El Dorado Operating LLC, which owns the newly constructed naphtha fractionation and hydrogen generation units, in each case, located at FEDR's El Dorado, Kansas refinery (collectively, the "Dropdown Assets") for aggregate cash consideration of approximately \$62.0 million.

The closing of the proposed transaction is subject to the execution of definitive agreements and other customary closing conditions. Both the Partnership and HollyFrontier expect the proposed transaction will close in the fourth quarter of 2015, although delays could occur.

In connection with the closing of the proposed transaction, HEP Operating and FEDR expect to enter into fifteen-year tolling agreements containing minimum quarterly throughput commitments from FEDR. The obligations of HEP Operating and FEDR under the tolling agreements will be guaranteed by the Partnership and HollyFrontier, respectively.

The parties expect to amend and restate the Omnibus Agreement by and among the Partnership, HollyFrontier and certain of their respective subsidiaries and expand the secondment arrangement at the El Dorado refinery in connection with the proposed transaction.
