EXHIBIT 1

SFL – \$270 million lease financing for 3 x 10,600 TEU container vessels and delivery of Front Falcon

Press release from Ship Finance International Limited - December 18, 2018.

Ship Finance International Limited (NYSE: SFL) (“Ship Finance” or the “Company”) announces that it has entered into lease financing agreements (each, a “Lease Financing”) totaling \$270 million with an Asian-based institution to finance three 10,600 TEU container vessels acquired in 2018. The vessels are employed under long term time charters to Maersk Line A/S (“Maersk”) until 2024, with options to extend the charters by up to four additional years.

Each Lease Financing has a term of more than 10 years, with an option to purchase the vessel back after six years, at expiry of the firm period of the charters to Maersk. A portion of the proceeds from the Lease Financings have been used to refinance the \$200 million loan facility arranged at the time of the acquisition.

The interest rate of the Lease Financings is very attractive, and the transactions free up approximately \$70 million of investment capacity, which is expected to be deployed in new investments. This transaction follows the recently announced \$400 million lease financing on four 14,000 TEU vessels chartered to Evergreen, a leading Asia-based liner company.

In addition, the Company has delivered the 2002 built VLCC Front Falcon to its new owner. The sale of the vessel was previously announced in November 2018, and the net sales price was approximately \$30.7 million. Following the sale of the Front Falcon, Ship Finance only has one vessel remaining from the Company’s initial fleet in 2004.

Ole B. Hjertaker, CEO of Ship Finance Management AS, said in a comment: “Our continued ability to source highly competitive capital, with nearly \$700 million raised in the matter of few weeks, allows us to act swiftly on accretive opportunities. This has allowed us to continue to expand and renew our portfolio and simultaneously increase our investment capacity.”

Cautionary Statement Regarding Forward Looking Statements

This press release may contain forward looking statements. These statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including Ship Finance management's examination of historical operating trends. Although Ship Finance believes that these assumptions were reasonable when made, because assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond its control, Ship Finance cannot give assurance that it will achieve or accomplish these expectations, beliefs or intentions. Important factors that, in the Company's view, could cause actual results to differ materially from those discussed in this presentation include the strength of world economies and currencies, general market conditions including fluctuations in charter hire rates and vessel values, changes in demand in the tanker market as a result of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in the Company's operating expenses including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, and other important factors described from time to time in the reports filed by the Company with the United States Securities and Exchange Commission.
