To our knowledge and based on the written representations of our directors and executive officers, during the past fiscal year (and in prior years, as noted below) our officers and directors complied with all applicable Section 16(a) filing requirements, except as noted below.

Stock Ownership Guidelines

While many of the Company’s directors and executive officers hold Bankshares stock, the Company does not have specific policy regarding stock ownership and retention for its directors and executive officers at this time. The Compensation Committee, however, will continue to periodically review best practices and re-evaluate whether stock ownership guidelines are consistent with the compensation philosophy of Bankshares and with the stockholders’ interests.

Anti-Hedging and Pledging Policy

In 2016, the Company adopted an Anti-Hedging and Pledging Policy. Under the policy, Company directors and named executive officers are prohibited from engaging in short sales of Bankshares stock and from engaging in transactions in publicly-traded options, such as puts, calls and other derivative securities based on Bankshares stock including any hedging, monetization or similar transactions designed to decrease the risks associated with holding Bankshares stock such as zero-cost collars and forward sales contracts. In addition, Company directors and named executive officers are prohibited from pledging Bankshares stock as collateral for any loan or holding Bankshares stock in a margin account.

ELECTION OF DIRECTORS

Our Company's articles of incorporation provide that the directors will be divided into three classes (1, 2 and 3) with each class as nearly equal in number as possible and the term of office of each class ending in successive years. The articles of incorporation also provide that the number of directors shall be set by the by-laws but shall not be less than nine or more than twenty-six. On March 8, 2017, the Board of Directors amended the by-laws to set the number of directors at fourteen in order to facilitate the restructuring of the boards of directors of the Company and of The National Bank of Blacksburg ("NBB") so that the boards will have identical or substantially identical members. For the purpose of the election of directors at the Annual Meeting, the number of directors set forth in the by-laws remains fourteen. The current term of office of the Class 1 directors expires at this 2018 Annual Meeting of Stockholders. The terms of Class 2 and Class 3 directors will expire in 2019 and 2020, respectively.

The Company conducts most of its operations through NBB, the Company's wholly-owned community bank subsidiary and the 2017 restructuring of the Company board with the NBB board, among other things, was intended to make the conduct of board business more efficient and enhance the effectiveness and comprehensiveness of board oversight.

The Board of Directors has nominated five serving Class 1 directors, **Lawrence J. Ball, Michael E. Dye, Dr. Mary G. Miller, Glenn P. Reynolds** and **Dr. J. Lewis Webb**, to serve a three-year term to expire at the Annual Meeting of Stockholders in 2021.

It is the intention of the persons named as proxies, unless instructed otherwise, to vote for the election of the five nominees for Class 1 director. Each nominee has agreed to serve if elected. If any of the nominees is unexpectedly unable to serve, the shares represented by all valid proxies will be voted for the remaining nominees and any other person or persons who may be designated by the Board. At this time, the Board knows of no reason why any nominee might be unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE “FOR” ALL OF THE NOMINEES SET FORTH BELOW.

PROPOSAL 2

ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and rules adopted by the U.S. Securities and Exchange Commission (“SEC”) under the Dodd-Frank Act, at least once every three years, our stockholders have the opportunity to vote, on a non-binding, advisory basis, to approve the compensation of the Company’s named executive officers, as described in the disclosures and discussion regarding executive compensation in this proxy statement. Accordingly, we are providing this vote as required pursuant to Section 14A of the Securities Exchange Act. Our performance-related compensation philosophy is the basis for all of our compensation decisions. Please refer to the “Executive Compensation” section for an overview of the compensation of the Company’s named executive officers, as required by SEC rules. At the 2017 Annual Meeting, stockholders voted to hold this non-binding, advisory (“Say on Pay”) vote annually.

We are asking for stockholder approval of our named executive officers' compensation as described in this proxy. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the compensation policies and practices discussed in this proxy. Because the vote is advisory, it will not be binding on the Company or its Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL
OF THE COMPANY'S EXECUTIVE COMPENSATION.**

**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

For the year ending December 31, 2018, the Audit Committee of the Board of Directors has appointed Yount, Hyde & Barbour, P.C., as the independent registered public accounting firm to audit the Company's financial statements and its internal controls over financial reporting, subject to ratification by the Company's stockholders. Yount, Hyde & Barbour has acted as the Company's independent registered public accounting firm for many years.

The selection of Yount, Hyde & Barbour as the Company's independent auditors is not required to be submitted to a vote of the stockholders for ratification. The Company is doing so because it believes that it is a matter of good corporate practice. If the stockholders fail to vote on an advisory basis in favor of the selection of Yount, Hyde & Barbour, the Audit Committee will reconsider whether to retain Yount, Hyde & Barbour, and may retain that firm or another firm without re-submitting the matter to the stockholders. Even if the stockholders ratify the appointment, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that a change would be in the Company's best interests.

Representatives of Yount, Hyde & Barbour are expected to be at the Annual Meeting of Stockholders. That representative will have the opportunity to make a statement at the meeting and to respond to appropriate questions from stockholders.

CORPORATE GOVERNANCE MATTERS

The Board and Board of Directors Meetings

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of the director's duties and to attend all regularly scheduled Board, committee, and stockholder's meetings. The Company's Board of Directors meets monthly. In 2017, there were 12 regular Board meetings. During 2017, each incumbent director attended 75% or more of the total number of meetings of the Board of Directors of Bankshares and of the Board committees on which he or she served. All Directors attended the Company's Annual Meeting, except for Mr. Peery. The Board does not have a formal policy regarding directors' attendance at the Annual Meeting of Stockholders.

Board Leadership Structure

In past years, the Company chose to combine the position of chairman of the board and principal executive officer. Mr. Rakes, who was serving as the Company's President and Chief Executive Officer until August 31, 2017, first was elected as the Chairman of the Board of Directors in April of 1999. He has been re-elected annually. Mr. Rakes has the longest tenure of any current director of the Company, having served since its incorporation in 1986. Until his retirement in 2017, Mr. Rakes served as Executive Chairman of the Company's primary subsidiary, The National Bank of Blacksburg, where nearly all of the Company's business operations occur. Mr. Rakes spent his long career in banking and has held leadership positions in both state and national banking trade organizations. The Board of Directors determined that Mr. Rakes' knowledge of NBB and the banking industry and his Board experience make him the logical and natural choice to serve as Chairman of the Board of the Company. We believe the Board also benefits from the continuity that Mr. Rakes provides in chairing the Board.

The Board does not have a lead director designated as such. However, the Board of Directors believes that at times it is important for the independent directors to deliberate and act without having Company management present. To ensure that it has experienced leadership in these situations, the Board annually elects a Vice Chairman, who has the responsibility of chairing meetings when the Chairman is absent or when the Board wishes to meet without any representative of management being present. Dr. Shuler served as Vice Chairman of the Board of Directors from April 2007 until his retirement in May 2017. Dr. Lewis has served as Vice Chairman since May 2017. We believe this structure provides the Board with independent leadership in situations where the Chairman is excused from acting as such due to his prior management position.

Board Committees

The Company's Board has standing Executive, Audit, Compensation, Nominating, and Risk Committees. The purpose of these committees is outlined below.

The **Executive Committee** met one time in 2017. Mr. Rakes, Dr. Lewis and Mr. Green served on the Committee. The Committee, which is subject to the supervision and control of the Board of Directors, has been delegated substantially all of the powers of the Board of Directors to act between meetings of the Board, except for certain matters reserved to the Board by law. Mr. Rakes serves as Chairman of the Executive Committee because of his past roles with the Company. Given his past experience with the Company's management responsibilities, he is able to identify issues that require either the involvement of the Executive Committee or the full Board during interim periods between regularly scheduled Board meetings. Mr. Rakes is well suited to convene such meetings with proper notices in an expeditious and efficient manner.

The **Audit Committee** met four times in 2017. Prior to the Company and NBB Board consolidation in May 2017, Dr. Lewis (Chair), Mr. Ball, Dr. Dooley, Mr. Green, and Mr. Rakes served on this Committee. Following the Board consolidation, Mr. Green left the Committee while Mr. Reynolds and Dr. Webb joined it. The Committee reviews significant audit, accounting and financial reporting principles, policies and practices; is directly responsible for engaging and monitoring the independent auditors of the Company; and provides oversight of the financial reporting and internal auditing functions. A more detailed description of the functions of this Committee is contained under the heading "Audit Committee Report." During 2017, all of the members of this Committee, except Mr. Rakes, were considered independent within the meaning of SEC regulations and the listing standards of NASDAQ. Jack Lewis, Chairman of the Committee, is qualified as an audit committee financial expert within the meaning of SEC regulations and the Board has determined that he has the accounting and related financial management expertise within the meaning of the listing standards of NASDAQ.

The **Compensation Committee** met two times in 2017. Prior to the Company and NBB Board consolidation in May 2017, Committee members included Dr. Shuler (Chair), Mr. Ball, Mr. Green (Vice Chair), and Dr. Lewis. Following the Board consolidation, the Committee was comprised of Mr. Green (Chair), Mr. Ball, Dr. Lewis, Mr. Rakes, and

Mr. Thompson. This Committee is responsible for establishing and approving the compensation of executive officers of the Company. Reference is made to the “Compensation Discussion and Analysis” section of this proxy statement for further information on the duties and responsibilities of this Committee. No member of the Compensation Committee is a current officer or employee of the Company. All members of this Committee, except Mr. Rakes, are considered independent within the meaning of SEC regulations and the standards of NASDAQ.

The **Nominating Committee** met two times in 2017. Prior to the Company and NBB Board consolidation in May 2017, the Committee consisted of Dr. Miller (Chair), Dr. Dooley, Mr. Peery, and Dr. Shuler. Following the Board consolidation, Committee members included Dr. Miller (Chair), Mr. Dye, Mrs. Johnson, Mr. Peery, and Dr. Webb. The Committee is responsible for developing and reviewing background information on candidates for the Board and makes recommendations to the Board regarding such candidates. All the members of this Committee are considered independent within the meaning of SEC regulations and the listing standards of NASDAQ.

The **Risk Committee** met three times in 2017. Prior to the Company and NBB Board consolidation in May 2017, the Committee consisted of Dr. Miller (Chair), Mr. Green, Mr. Rakes, and Mr. Reynolds. Following the Board consolidation, the Committee was comprised of Dr. Miller (Chair), Mr. Denardo, Mr. Dye, Mr. Fitzwater, Mrs. Johnson, Mr. Peery and Mr. Reynolds. The Committee is responsible for overseeing the Company's overall risk framework and risk appetite, and to oversee and approve the Company's practices for risk identification, measurement, monitoring and control.

The charters of the Audit, Compensation, Nominating, and Risk Board Committees are available on the Company's website, www.nationalbankshares.com. For access to the charters, select the "Corporate Governance" tab.

Board Compensation

The members of the NBI Board of Directors received \$1,100 for each regular or special Board meeting they attended from January through April 2017. Beginning May 9, 2017 they received \$1,250 for each regular or special Board meeting they attended. They were paid \$600 for each committee meeting unless the committee meeting was held concurrently with the regular board meeting. Directors were also paid an annual retainer fee of \$20,000. The Company's Directors receive no other forms of compensation, except as described in the table below.

Director Independence and Certain Transactions with Officers and Directors

As has been mentioned, each director of the Company, except for Mr. Rakes and Mr. Denardo, is independent, as defined by the listing standards for NASDAQ, the national securities exchange on which the Company’s common stock is listed and none of them is a present or past employee or officer of the Company or its subsidiaries.

In determining that each director meets the NASDAQ listing standards for independence, the Board of Directors recognized that NBB extends credit in the ordinary course of business to the Company’s directors and executive officers. Extensions of credit are also made to business organizations and persons with whom Company directors and executive officers are associated or related. These extensions of credit are made at interest rates and with the same requirements as to collateral as is prevailing for comparable transactions with the general public at the time credit is extended. In the opinion of bank management, none of the outstanding transactions with directors and executive officers involve a greater than normal risk of collectability or present other unfavorable features. In making the determination that all of the directors are independent, except for Mr. Rakes and Mr. Denardo, the Board of Directors considered that Mr. Green rents a small office space at an NBB branch location. He has a year-to-year lease with the Bank and pays market rate rent of \$4,200 each year, including in 2017. Except for the transaction listed in this paragraph and the directors’ fees, no director received direct or indirect compensation from the Company in 2017 that is required to be reported.

Board Tenure

The Company does not have a formal board tenure policy. However, in order to promote director succession planning, the Company's by-laws state that directors reaching the age of 73 shall be ineligible for re-nomination to the Board at the expiration of the term of office during which the director becomes 73 years of age.

Risk Oversight Practices

In a financial institution, the role of the board is critical to the organization. To fulfill its responsibility to oversee the Company's risk management processes, the full Board of Directors receives extensive and regular reports from management outlining the status of credit risk, interest rate risk, liquidity risk and major areas of operational risk. The Company's Treasurer and Chief Financial officer, who serves as the subsidiary bank's Senior Vice President/Operations & Risk Management, attends most meetings of the Board of Directors, is readily available to report to the directors and to answer the directors' questions and is responsible for raising any material risk management concerns with the Board. In addition to the regular reports received by the entire Board of Directors, the Audit Committee receives reports that are delivered in person from the Corporate Auditor and from the Vice President, Corporate Compliance Officer. They report directly to the Board, supply the Audit Committee with information about internal audits completed at both the parent company and subsidiary levels and about the status of the Company's regulatory compliance activities.

Executive Officers

Information on the Company's four executive officers as of December 31, 2017 who are not directors is disclosed in Part I, Item 1, of the Company's Annual Report on Form 10-K for the year ended December 31, 2017, which was mailed with this proxy statement.

Code of Ethics

We expect all of our directors, executive officers and employees to adhere to the highest standards of ethics and business conduct with each other, customers, stockholders and communities we serve, and to comply with all applicable laws, rules and regulations that govern our business. The Board of Directors has adopted a Directors' Code of Ethics and an Employees' Code of Ethics. A portion of the Code of Ethics contains special provisions for the principal executive officer and senior financial officers of the Company or person performing similar functions for the Company. The Code of Ethics for senior financial officers meets the requirements of a "code of ethics" as defined by

Item 406 of the SEC's Regulation S-K. The Code of Ethics is available on the Company's website, www.nationalbankshares.com. Select the "Corporate Governance" tab. The respective Codes of Ethics are reviewed on an annual basis by the Board and the executive officers.

Stockholder Communication

Stockholders may communicate with all or any member of the Board of Directors by addressing correspondence to the "Board of Directors" or to the individual director and addressing such correspondence to National Bankshares, Inc., P. O. Box 90002, Blacksburg, Virginia 24062-9002, Attention: Board of Directors (in the case of correspondence addressed to the "Board of Directors"), or to the individual director. All stockholder communications are forwarded to the Board or to the specified directors.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (has reviewed this Compensation Discussion and Analysis with management. The Compensation Committee (referred to in this Compensation Committee report as the "Committee") reviewed and fully discussed the Compensation Discussion and Analysis, and the report was recommended to the Board of Directors to be included in this proxy statement. Except for Mr. Rakes, the Committee is made up of independent, non-employee directors. The Committee consisted of directors of the Company's Board, including Mr. Green (Chair), Mr. Ball, Dr. Lewis, Mr. Thompson, and Mr. Rakes.

COMPENSATION DISCUSSION AND ANALYSIS

What are the objectives of the Company's compensation program for its named executive officers?

National Bankshares, Inc. has four goals for its compensation program for named executive officers. In 2017, these officers were: James G. Rakes, Chairman, President & CEO (until August 31, 2017) and Chairman (from September 1, 2017); F. Brad Denardo, President & CEO (from September 1, 2017) and Executive Vice President (until August 31, 2017); David K. Skeens, Treasurer and CFO; Paul M. Mylum, Senior Vice President/Chief Lending Officer; Lara E. Ramsey, Senior Vice President-Administration and Corporate Secretary; and Mark A. Smith, Senior Vice President/Chief Credit Officer.

- To offer salaries and bonuses to fairly reward executive officers for their individual contributions in meeting short-term and long-term corporate strategic and financial goals.
- To offer retirement and post-retirement benefits which incent executive officers to remain in leadership roles and which recognize and reward long tenure with the Company.
- To offer total compensation that allows the Company to retain and recruit executive talent and which is competitive with peer financial institutions, but which fits within the Company's conservative approach to managing overhead expense.
- To offer a compensation program that does not increase, or have the potential to increase, material risk to the Company.

The Committee considers the results of the stockholder advisory "say-on-pay" vote in its deliberations regarding compensation of the named executive officers. At the Company's 2017 Annual Meeting, the stockholders voted to approve, on an advisory basis, the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis set forth in the Company's 2017 Annual Meeting proxy statement. The vote was 4,559,392 shares "For" (98.07% of the shares voted) and 89,317 shares "Against" (1.93% of the shares voted).

What is the program designed to reward?

The compensation program for the President & CEO is designed to reward the profitable operation of the Company compared to its peers, particularly as measured by return on assets and return on equity. In addition, the program rewards the President & CEO when the Company's short- and long-term strategic goals are met. Inherent in meeting strategic goals is the ability to recognize and manage risks to the Company. Named executive officers other than the President & CEO are rewarded for the Company's success in meeting its performance goals and particularly for success in those areas for which they have individual management responsibility. One measure of the officers' success is their ability to recognize and manage risk in their areas of responsibility.

In the second half of 2016, the Committee retained the services of Pearl Meyer & Partners, LLC, an independent executive compensation consulting firm, to provide consulting services in connection with developing the Company's compensation philosophy and providing a competitive compensation review and incentive plan with respect to executive management, a larger group than the named executive officers.

The compensation review encompassed (i) an assessment of the Company's executive compensation as compared to market (similar executives in the peer group); (ii) a high level assessment of the Company's performance relative to peers; and (iii) establishing a basis for discussing potential pay or other compensation changes in future periods. More information is contained in "Annual Incentive Plan" discussed below.

During 2017, the Company's peer group of comparable financial institutions consisted of the following companies with assets ranging from approximately \$900 million to \$3.8 billion:

Access National Corporation	Mid Penn Bancorp, Inc.
ACNB Corporation	Orrstown Financial Services, Inc.
American National Bankshares, Inc.	Paragon Commercial Corporation
AmeriServ Financial, Inc.	Penns Woods Bancorp, Inc.
C&F Financial Corporation	Peoples Bancorp of North Carolina, Inc.
Codorus Valley Bancorp, Inc.	Peoples Financial Services Corp.
Community Bankers Trust Corporation	Porter Bancorp, Inc.
First Community Bancshares, Inc.	Premier Financial Bancorp, Inc.
Franklin Financial Network, Inc.	SmartFinancial, Inc.
HopFed Bancorp, Inc.	

What is each element of compensation?

The elements of compensation are:

- Salary (all named executive officers)
- Cash bonus (all named executive officers)
- Qualified retirement plans, including defined benefit, 401(k) and employee stock ownership plan (all named executive officers)
- Nonqualified officers salary continuation plan (all named executive officers)
- Board of Directors fees (Chairman and President & CEO)
- Perquisites and other personal benefits (Chairman and President & CEO)

Why does the Company choose to pay each element of compensation?

During 2017, the Company used salary as the cornerstone of its compensation program because it believes that the focus of executive officers, particularly of those below the level of the President & CEO, should be on the Company's long-term growth and performance. Annual increases are awarded based upon individual performance in meeting stated goals for that review period. Because salary rather than some form of annual incentive has been the major component of their compensation through 2017, executive officers have sufficient personal economic security to make and support management decisions that may trade immediate gain for greater long-term corporate success. In addition, limiting compensation primarily to salary inhibits the incentive to take unreasonable short-term risks at the expense of reaching long-term goals.

Because the President & CEO is the individual who has the ultimate responsibility for the success of its operations, it is the Company's policy to pay an annual incentive bonus based on his employment agreement that is based upon overall performance for the year in question. The ratio of incentive bonus to salary remains at a level which the Company believes does not increase its potential risk.

Each named executive officer, along with all other eligible Company employees, participates in three qualified retirement plans. NBI sponsors a defined benefit pension plan, the National Bankshares, Inc. Retirement Income Plan. The National Bankshares, Inc. Retirement Accumulation Plan is a 401(k) plan, and the Company also offers the National Bankshares, Inc. Employee Stock Ownership Plan. The Company believes that it is important to assist its long-term employees, including its executive officers, in assuring financial security in retirement for themselves and their families. National Bankshares, Inc. also believes that its Employee Stock Ownership Plan helps to align the interests of all employees, including executive officers, with the interests of its stockholders. More information is contained in "Qualified Retirement Plans."

The Company established a nonqualified salary continuation plan that is designed to provide certain key Company officers, including certain named executive officers, with supplemental retirement income. This plan was established to enhance the Company's ability to retain key decision-makers and to supplement the retirement benefits of those more highly compensated executives who, because of legal limitations, are unable to participate fully in the qualified retirement plans. There is further discussion in "Nonqualified Retirement Plans."

In 2017, Mr. Rakes and Mr. Denardo served as paid directors of the Company and/or of one of its subsidiaries. These individuals received the same compensation as outside directors. The Company believes that this is an appropriate practice because these executive officers devote additional time to their Board of Directors' responsibilities, and all directors, both internal and external, share the same fiduciary obligations and liability risk.

The perquisites and personal benefits that were provided to Mr. Rakes and are provided to Mr. Denardo are defined in their employment agreements. Because of his retirement on August 31, 2017, Mr. Rakes' employment agreement has terminated. These items were agreed to for two reasons. First, they are typical benefits for individuals holding the respective positions in peer banks and financial holding companies. As such, they are part of a total compensation package that is competitive in the Company's operating environment. Second, certain perquisites that offer a degree of personal benefit are also directly related to job performance. The perquisites that are available to any of the other named executive officers are limited in nature and offer benefit to both the executive and the Company. See "Executive Compensation" and "Employment Agreements and Change in Control Agreements."

How does the Company determine the amount for each element?

Salary: The salaries of National Bankshares' named executive officers, except for that of the President & CEO, are within the Company's established salary ranges for each officer position. The ranges are developed after considering an annual salary survey published by the Virginia Bankers Association as well as publicly available salary information about comparable jobs in the locations in which Bankshares and its subsidiaries do business. The annual increase in base salary for these individuals is determined by the President & CEO in consultation with the Board. In making the determination, Mr. Denardo considers the nature and responsibility of the position; the competitiveness of the market for the executive's services; the expertise of the individual executive; and to what degree the executive has achieved annual performance goals. Individual annual performance goals support the Company's business strategy, but are not tied to objective performance measures. The President & CEO reports executive officer salaries to the Compensation Committee at least annually.

Mr. Denardo's base salary of at least \$360,000 was set in the amended and restated employment agreement dated March 11, 2015, effective January 1, 2015. The base salary was increased to its current level as a result of Mr. Denardo being named President & CEO of the Company and assuming these roles and responsibilities.

Mr. Rakes' base salary of at least \$225,500 was set in an employment agreement effective on January 1, 2002. The employment agreement was amended and restated in its entirety on December 17, 2008, effective December 31, 2008, and the base salary was increased to Mr. Rakes' 2008 salary of \$445,183. The agreement was again amended and restated in its entirety on February 11, 2015, effective January 1, 2015, and the base salary was increased to Mr. Rakes' 2015 salary of \$756,300. Because of his retirement on August 31, 2017, Mr. Rakes' employment agreement is no longer effective.

The base salary for Mr. Denardo and Mr. Rakes was determined after considering compensation for this position reported in the Virginia Bankers Association's annual salary survey and from the public documents of peer institutions that disclose salaries paid to other individuals holding similar positions. The Board of Directors Compensation Committee determines annual salary increases after assessing the CEO's contributions to the success of the Company. In measuring the Company's success, the Committee compares NBI's financial results to the peer group listed above. Specifically, the Compensation Committee compares Bankshares' return on assets (ROA) and return on equity (ROE) with the average ROA and ROE of the peer bank holding companies. Based on the Company's performance relative to its peers in 2017, the Compensation Committee maintained Mr. Rakes' salary at the 2016 level. The Committee also considered Mr. Rakes' long track record of success in profitably leading the Company and in managing risks to the Company encountered in a challenging economic environment. Although the Committee weighs the peer comparison heavily in determining Mr. Rakes' salary increase, it does not utilize an objective formula. The Committee considers the Company's progress in meeting budget goals for the year, but it does not utilize a quantitative assessment of budget goals in determining the amount of annual salary increase. Likewise, although there are no objective measures utilized, the Committee considers stock performance and the level of stockholder dividends in establishing salary. In assessing Bankshares' stock performance, the Compensation Committee looks at its price, the price to earnings ratio and dividend yield as compared with the stock of the Company's identified peers. The Committee validates salary

increases by referring to the Virginia Bankers Association salary survey and to public documents from peer institutions. As mentioned above, the annual increase in base salary for executive officers is determined by the President & CEO in consultation with the Board. Prior to his appointment as the Company's President & CEO on September 1, 2017, Mr. Denardo's salary adjustments were determined by his predecessor. Upon his appointment as President & CEO, the Committee adjusted Mr. Denardo's base salary using the same criteria set forth above.

Cash Bonus: The annual incentive bonus paid to Mr. Rakes is determined with the same criteria that are used in establishing his annual salary increase. In 2017, the Committee did not award any cash bonus to Mr. Rakes. An annual incentive bonus paid to Mr. Denardo in 2017 was determined by the Company's Annual Incentive Plan. This plan is discussed in greater detail under "Annual Incentive Plan."

Qualified Retirement Plans: The named executive officers participate with other eligible employees in the Company's three qualified retirement plans. Every participant's benefits are determined under the specific provisions of each of the plans. These plans are discussed in greater detail under "Qualified Retirement Plans."

Nonqualified Salary Continuation Plan: In early 2006, the Company's subsidiaries entered into salary continuation plan agreements, which may be amended from time to time, with a group of selected senior officers. Assuming retirement at normal retirement age (as defined in the Plan), contributions to the Salary Continuation Plan are sufficient to provide a minimum of fifteen annual supplemental retirement income payments of 30.0% of 2005 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for Mr. Rakes. Using the same assumption, contributions to the Salary Continuation Plan are sufficient to provide a minimum of fifteen annual supplemental retirement income payments of 25.0% of 2008 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for Mr. Denardo, 25.0% of 2013 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for Mr. Skeens, 20.0% of 2012 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for Mr. Mylum, and 23.1% of 2016 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for Ms. Ramsey.

Board of Directors Fees: Mr. Rakes and Mr. Denardo receive the same compensation as outside directors for serving as directors of the Company. See also “Board of Director Meetings, Committees, Compensation, Attendance and Communications with Directors.”

Perquisites and Other Personal Benefits: The Board Compensation Committee negotiated with Mr. Rakes, as Chairman, President & CEO, to develop a comprehensive and competitive total compensation package, including perquisites. This package was included in Mr. Rakes’ January 1, 2002 employment agreement and was included in the amended and restated employment agreement effective on January 1, 2015. Likewise, Mr. Denardo's amended and restated employment agreement dated March 11, 2015 and effective January 1, 2015 provides for certain executive benefits. The President & CEO, with approval of the Committee, determines perquisites available to the other named executive officers. During 2017, these perquisites were limited to a Company-owned automobile for Mr. Denardo, which facilitate business travel, as well as sports tickets and club memberships which assist Mr. Denardo with marketing and business development efforts. The President & CEO reports annually to the Committee on these items.

Continued Service Agreement: In recognition of Mr. Rakes' long and valued service to the Company and in order for the Company to continue to benefit from his expertise and experience, the Company entered into a Continued Service Agreement with Mr. Rakes where Mr. Rakes agreed to continue to serve as Chairman of the Company's Board of Directors through the expiration of his term as a director in May 2019. Following his retirement date of August 31, 2017, Mr. Rakes receives certain compensation, including a \$75,000 annual retainer. This agreement is discussed in greater detail under "Continued Service Agreement" which follows the discussion of Mr. Rakes' employment agreement.

How does each element and the Company’s decisions regarding that element fit into the Company’s overall compensation objectives and affect the decisions regarding other elements?

As noted, each element supports retention, the achievement of annual and longer term corporate goals and provides reasonable financial security to the employee. Every year the Committee assesses the total compensation package for each named executive officer to determine that it is appropriate. The Committee also reviews each element of the compensation package and determines that each is satisfactory in relation to the other.

In determining Mr. Rakes’ total annual compensation, the Committee maintained the same proportionate relationship of salary to annual bonus in past years, except for 2015, 2016 and 2017 in which the Committee did not award him a cash bonus or an increase in salary. During 2017, the Committee reviewed Mr. Rakes’ (after September 1, 2017, Mr. Denardo's) decisions regarding the compensation packages of the other executive officers. These packages remain focused heavily on salary. The executive officers participate in the qualified retirement plans available to all employees, as well as participating executive officers in the Officers Salary Continuation Plan.

Annual Incentive Plan for 2017

The allocation of all executive officers' compensation among the various elements of compensation has not changed substantially in a number of years. However, with the consultation of Pearl Meyer & Partners, LLC ("PM&P") in 2016, the Committee adopted an Annual Incentive Plan (the "Plan") for certain executive officers. The Committee believes that the Plan is important to demonstrate that the Board and management recognize current trends and best practices with executive compensation and of creating value for stockholders.

Plan Purpose

The purpose of the Plan is to reward the achievement of annual business results in a manner that is consistent with the Company's strategic plan, values, and the attainment of a growing return to stockholders. The Plan is further intended to assist the Company in its ability to motivate, attract, and retain qualified executives. The Plan was in effect January 1, 2017 through December 31, 2017, and will continue to renew for successive one-year periods (each year called a "Plan Year").

Plan Participation

Plan participation is limited to the CEO and those executive officers, including named executive officers, that the CEO recommends and that the Committee approves during the first 90 days of each Plan Year. Any incentive compensation is paid in the form of a cash bonus and is based on an incentive target for each participant's position that is approved at the beginning of each Plan Year by the Committee, in its discretion. The Committee determines the amount of any incentive compensation award to be paid, following a review of the recommendations of the CEO.

How are Plan awards calculated?

Awards under the Plan are paid out of a pool calculated on both the individual incentive targets of each participant in the Plan and the Company's level of performance achieved one or more financial objectives that the Committee approves at the beginning each Plan Year (the "Corporate Measure"). Threshold, target and superior achievement levels for the Corporate Measure will be recommended by the CEO and presented to the Committee for review and approval.

The incentive pool for payments under the Plan are established at the end of each Plan Year as follows:

Individual Component: The individual component of the incentive pool is calculated as 50% of the sum of all participants' incentive targets in the Plan. For performance in between the threshold, target and superior levels, the incentive pool calculation will be interpolated using a straight line method. The amount of incentive compensation that a participant is entitled to receive under the Plan is determined based on the participant's award target multiplied by his or her base salary as of January 1 of the beginning of each Plan Year and the weighting and achievement of the approved performance goals. The performance period for achievement of any performance goals is the Plan Year.

Corporate Component: The corporate component of the incentive pool is calculated based on a target payout of 50% of the sum of all participants' incentive targets in the Plan modified by achievement against the Corporate Measure. The calculation for the threshold level of achievement will not be less than 50% of the target payout, and the calculation for the superior level of achievement will not be more than 150% of the target payout.

How are the Corporate and Individual components of the Plan determined?

The CEO will recommend corporate goals for a Plan Year to the Committee within the first 90 days of a Plan Year which the Committee will approve in writing. Individual goals for a Plan Year may be established for each participant in conjunction with his or her direct supervisor or determined on a discretionary basis. The Committee will review and approve any individual goals for participants.

How are Plan awards paid?

Subject to the terms of the Plan, the CEO will recommend an incentive award for each participant which the Committee will review and approve. For participants with assigned goals and objectives for a Plan Year, the recommendations will address each participant's performance in relation to the assigned goals and objectives.

Within 60 days following the end of a Plan Year, the Committee will review performance against the corporate and any individual goals established for a participant, certify in writing that the applicable performance goals were satisfied, and determine the amount of the incentive compensation award, if any, to be paid to the participant under the Plan. Notwithstanding any provision of the Plan to the contrary, the Committee may, in its discretion, in light of such considerations as it may deem relevant, increase or decrease any payments to which a participant would otherwise be entitled by such amount or percentage as the Committee deems appropriate.

For fiscal year 2017, the incentive compensation awards paid to the named executive officers are listed in the compensation tables below.

How is the Plan administered?

The Committee is responsible for the oversight, supervision and existence of the Plan and for any modification or termination of the Plan. The CEO monitors for accuracy the performance reporting of each participant and makes recommendations to the Committee concerning award opportunities and the amount of a participant's awards under the Plan. The CEO has been delegated discretion to interpret the terms of the Plan, to determine eligibility for benefits, and to calculate the incentive compensation awards under the Plan, with the exception of matters concerning his own eligibility or awards under the Plan. The Committee will make decisions concerning all matters concerning the CEO's award, approve all opportunities, goals and award payments made to named executive officers and approve the aggregate value of opportunities and award payout under the Plan. The Committee, in its discretion, makes all final determinations including those not herein specifically authorized which may be necessary or desirable for the effective administration of the Plan.

Unless the Committee deems otherwise, awards will not be earned or paid, regardless of Corporate or Individual performance, if (1) any regulatory agency issues a formal, written enforcement action, memorandum of understanding or other negative directive action where the Committee considers it imprudent to provide awards under the Plan, or (2) after a review of the Company's credit quality measures, the Committee considers it imprudent to provide awards under the Plan.

The Committee may withhold or adjust any incentive compensation award in its sole discretion as it deems appropriate and will have the CEO notify each participant of its decision to withhold or adjust an incentive compensation award.

The Plan has provisions for prorated payments to a participant in the event of the participant's death, permanent disability or retirement. If a participant's employment ceases for any other reason, including, without limitation, a voluntary termination of employment by a participant as defined by the Company's personnel policies, or an involuntary termination with or without cause, the participant will not be eligible for any incentive compensation award under the Plan.

Payments under the Plan are subject to the Company's Clawback Policy described below.

Compensation Clawback

The Committee adopted a clawback policy in 2014 applicable to our named executive officers. Under the clawback policy, the Committee may, in its reasonable discretion, require an executive officer to reimburse the Company for the amount of any payment previously received by such officer under the cash bonus plan as well as equity plan. The clawback would apply if the Company is required to restate financial statements during the three year period preceding the date on which the Company would be required to prepare a restatement, regardless of whether such restatement was a result of an officer's intentional misconduct or gross negligence. Once the SEC and NASDAQ adopt and implement a final rule for clawback policies as mandated by the Dodd-Frank Act, the Company will modify its existing policy as necessary.

Pay Ratio

In August 2015 pursuant to a mandate of the Dodd-Frank Act, the SEC adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the total annual compensation of the principal executive officer ("PEO"). The Company's PEO is Mr. Denardo. The Company is required to comply with the pay ratio rule for the first fiscal year beginning on or after January 1, 2017. The purpose of the new required disclosure is to provide a measure of the equitability of pay within the organization.

The Company believes that its executive compensation program must be consistent and internally equitable to motivate employees to perform in ways that enhance shareholder value. It is committed to internal pay equity, and the Committee monitors the relationship between the pay of executive officers and the pay of non-executive employees.

In determining the median employee ("Median Employee"), the Company examined the 2017 total compensation for all individuals, excluding our PEO, who the Company employed on December 31, 2017, the last day of the Company's fiscal year. All employees, whether employed on a full-time, part-time or seasonal basis were included. Wages and salaries were annualized for those employees that were not employed for the full year of 2017. For simplicity, only the annual salaries of the Company's employees and the annual salary and Annual Incentive Plan award of the PEO were used for this disclosure and calculation of the pay ratio. The value of the Company's retirement income plan, the employee stock ownership plan, the retirement accumulation plan (401(k) Plan), and medical benefits provided were excluded as all employees including the PEO are offered these benefits and the Company utilizes the Internal Revenue Service safe harbor provision for 401(k) discrimination testing. As of December 31, 2017, the Company employed 233 persons.

The Committee reviewed a comparison of the PEO's annual compensation in fiscal year 2017 to that of all other Company employees for the same period. The annualized compensation for fiscal year 2017 for Mr. Denardo was \$572,550, and for the Median Employee was \$26,267. The resulting ratio of the PEO's pay to the pay of the Median Employee for fiscal year 2017 was 22 to 1. The Company considers this figure to be a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K and SEC guidance.

COMPENSATION COMMITTEE PROCEDURES

The Compensation Committee adopted a formal charter on January 8, 2014 which appears on the Company's website at www.nationalbankshares.com under the "Corporate Governance" tab. It is charged with annually evaluating the job performance of the Company's Chief Executive Officer and determining the appropriate compensation and benefits package for him. The Committee has delegated to Mr. Denardo the responsibility for evaluating the performance and setting the compensation of the other named executive officers, and he reports to the Committee at least annually about those matters.

In carrying out its responsibilities, the Compensation Committee meets at least once each year. There are no officers or employees present at the Compensation Committee's annual meeting to evaluate the performance of the CEO and to determine his compensation. The Committee considers a package of data provided by the Executive Committee. The package includes the Company's financial performance data; information about the financial performance of peer institutions; and salary data from salary surveys and publicly available sources. The Committee also monitors the results of the annual advisory "say-on-pay" proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities, although no such factor is assigned a quantitative weighting. Because a substantial majority of our stockholders approved the compensation program described in the Company's proxy statement in 2017, the Committee did not implement changes to the Company's executive compensation program as a result of the stockholder advisory vote. At the conclusion of the Committee's meeting or at a separate meeting, the CEO will provide the Committee with a report on the performance and compensation of the remaining named executive officers.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of the directors who serve on the Compensation Committee is now an officer or employee of Bankshares or of Bankshares' subsidiaries, including Chairman Green and Committee members: Mr. Ball, Dr. Lewis, Mr. Rakes, and Mr. Thompson. Prior to his retirement on August 31, 2017, Mr. Rakes did not serve as a member of the Compensation Committee. Following his retirement, the Board considered his substantial experience and knowledge of the Company's operations and added him to the Committee's roster. No executive officer of Bankshares, NBB or NBFS served as a director of another entity which had an executive officer serving on the Bankshares Compensation Committee. No executive officer of Bankshares, NBB or NBFS served as a member of the compensation committee of another entity which has an executive officer who served as a director or member of Bankshares' Compensation

Committee. None of the members of the Bankshares Compensation Committee, or any business organizations or persons with whom they may be associated, has had any transactions with Bankshares or its subsidiaries, except as explained in “Director Independence and Certain Transactions with Officers and Directors.”

Employment Agreements and Change in Control Arrangements

Several of the Company's executive officers have been employed by the Company and its subsidiaries for many years. These officers have provided guidance in the growth and long term development of the Company's business. Their experience and knowledge of the operations and customs of Bankshares is a benefit to the future success of the Company. As an inducement to these executive officers' continued employment, the Board of Directors determined that Bankshares should enter into employment and change in control agreements with Mr. Rakes and Mr. Denardo. The Board implemented the change in control provisions in part to insure that Bankshares would be more likely to retain the services of key executives during periods of uncertainty resulting from significant ownership changes, should they occur. As stated previously, on August 31, 2017, Mr. Denardo was appointed to and Mr. Rakes resigned from the positions of President & CEO of the Company.

Employment Agreement with Mr. Rakes

The employment agreement between Bankshares and Mr. Rakes (the “agreement”) was originally effective January 1, 2002 and was amended and restated to be effective on December 31, 2008. It was amended and restated again on March 11, 2015, effective January 1, 2015.

The agreement provided for the employment of Mr. Rakes as President and Chief Executive Officer of Bankshares and at one or more of its affiliated companies, at an annual base salary of at least \$756,300. In addition, the agreement provided that Mr. Rakes may be awarded an annual bonus and certain stock-based incentives at the discretion of the Board, as well as employee fringe benefits and executive perquisites. The agreement had an initial two year term which would be extended for successive one-year terms unless either party gives notice at least one year prior to the end of the current term. As a result of his retirement, this agreement has terminated.

Mr. Rakes' employment agreement included requirements that he never disclose the Company's confidential information or use confidential information for any purpose that does not benefit the Company. The agreement also included a clause providing that Mr. Rakes will not engage in competition with the Company for 24 months after termination of his employment.

Continued Service Agreement with Mr. Rakes

In recognition of Mr. Rakes' long and valued service to the Company and in order for the Company to continue to benefit from his expertise and experience, the Company and Mr. Rakes entered into a Continued Service Agreement dated May 9, 2017. Under its terms, Mr. Rakes agreed that, effective August 31, 2017, he would retire as President & CEO and as an employee of the Company and retire as Executive Chairman of NBB's Board of Directors and as Chairman, President & CEO and Director of NBFS. If the Board elected him as Chairman of the Company's Board of Directors each year, he agreed to serve in that capacity through the expiration of his term as a director in May 2019. Following his retirement date of August 31, 2017, Mr. Rakes will receive various forms of compensation, including: a \$75,000 annual retainer paid in semi-annual installments; continued director compensation that other Company directors receive; use of an appropriate vehicle; and an office appropriate for his position, with telephone and computer services, and appropriate staff support.

In the event that Mr. Rakes is unable to complete his service as Chairman through the Company's 2019 annual meeting, the above described compensation will terminate as of the date of his death or 60 days after the Company receives written notice from Mr. Rakes.

Employment Agreement with Mr. Denardo

Mr. Denardo has an executive employment agreement with the Company that is dated December 17, 2008, and which became effective on December 31, 2008. It was amended and restated again on March 11, 2015, effective January 1, 2015 (the "employment agreement"). Mr. Denardo's employment agreement provides for his employment as the Company's Executive Vice President and for his service in any executive or management position with the Company and its affiliates at an annual base salary of \$360,000. Mr. Denardo's employment agreement had a two-year term and

continues for successive one-year terms unless either party provides a one year notice of termination.

Mr. Denardo's employment agreement states that compensation will be paid and benefits provided for 24 months if the Company terminates his employment "without cause" or if he resigns "for good reason," as those terms are defined in the employment agreement. "Cause" is defined in the employment agreement as i) continual or deliberate neglect in the performance of job duties or deliberate failure to follow reasonable instructions or Company policies, ii) conviction of or pleading no contest to a felony, a crime of moral turpitude, fraud or embezzlement or any crime for which imprisonment is a possible punishment, iii) a material breach of the agreement, iv) material dishonesty or breach of fiduciary duty with respect to the Company, or v) willful conduct likely to result in material injury to the Company. The employment agreement defines "for good reason" as i) material assignment of duties inconsistent with the position, ii) Company action that results in a material reduction in status, authority or duties, iii) relocation, without consent, more than 50 miles from initial place of employment, and iv) failure by the Company or any successor to comply with the agreement.

The employment agreement does not contain the "for good reason" definition that would allow Mr. Denardo to voluntarily terminate during the 30-day period immediately following the first anniversary of a change in control.

The employment agreement also contains provisions which can have the effect of prolonging, enhancing and accelerating Mr. Denardo's benefits and compensation under certain circumstances involving a change in control of the Company. A change in control generally involves circumstances where an individual or group acquires 20% or more of the Company's stock or a merger occurs which results in a change in the majority of the Company's Board of Directors and the Company's stockholders do not constitute a majority of the stockholders in the surviving company. The sale or disposition of all or substantially all of the Company's assets is also defined as a change in control.

The term of the employment agreement is automatically extended for three years from the date of a change in control and Mr. Denardo is entitled to continue to receive all of his compensation and benefits during that period, except that he becomes entitled to minimum annual stock-based awards equal to 30% of his base salary. In addition, if within two years after a change in control, Mr. Denardo's employment is terminated by the Company "without cause" or by Mr. Denardo "for good reason," he becomes entitled to receive a lump sum salary continuation benefit equal to 2.99 times his average annual compensation includable in his annual gross income for the period of five years preceding the change in control. He also would be entitled to a continuation of certain executive benefits for 36 months and certain enhancements to his retirement benefits.

The employment agreement for Mr. Denardo includes provisions stating that all payments under the employment agreement are intended either to be outside the scope of Internal Revenue Code Section 409 or to comply with its provisions.

The employment agreement for Mr. Denardo contains provisions requiring the executive officer to maintain the confidentiality of Company information. The agreement provides that Mr. Denardo will not compete with the Company for 24 months after ceasing employment with the Company, unless the termination is by the Company "without cause" or by the executive officer "for good reason" following a change in control.

The following table provides additional information concerning payments to executive officers under an employment agreement upon termination or change in control, assuming this occurred on December 31, 2017.

Retirement Plans

Bankshares maintains several qualified and nonqualified employee benefit plans for employees of participating employers in the plans. These benefit plans are described below.

Qualified Retirement Plans

National Bankshares, Inc. Retirement Income Plan. Until December 31, 2001, NBB maintained a tax-qualified, noncontributory defined benefit retirement plan for qualified employees called the National Bank of Blacksburg Retirement Income Plan (the “NBB Plan”). Effective on December 31, 2001, the NBB Plan was amended; its name was changed to the National Bankshares, Inc. Retirement Income Plan (the “NBI Plan”); and the Bank of Tazewell County Employee Pension Plan (the “BTC Plan”) was merged into the NBI Plan. The NBB (now NBI) Plan became effective on February 1, 1984, when NBB amended and restated its previous pension plan. This plan covers all officers and employees of NBI and its subsidiaries who have reached age twenty-one and have had one year of eligible service on the January 1 or July 1 enrollment dates. Employee benefits are fully vested after five years of service, with no partial vesting. Prior to the December 31, 2001 plan amendment, retirement benefits at the normal retirement age of sixty-five were calculated at 66% of the employee’s average monthly compensation multiplied by the number of years of service, up to a maximum of twenty-five years. After December 31, 2001, retirement benefits at the normal retirement age were calculated at 1.75% of average monthly compensation multiplied by the number of years of service, up to thirty-five years. Added to this is .65% of “excess monthly average compensation” (defined in the NBI Plan as the amount of the average monthly compensation that is in excess of a participant’s monthly Social Security covered compensation, generally the rounded average of the Social Security taxable wage bases) multiplied by the number of years of service, up to thirty-five years. The benefit formula was amended again in 2008 to reduce the benefit formula for future accruals to 1.00% of monthly compensation, multiplied by the number of years of service up to thirty five years. Average monthly compensation is determined by averaging compensation over the five highest paid consecutive years in the employee’s final ten years of employment. Retirement benefits under the NBI Plan are normally payable in the form of a straight life annuity, with ten years guaranteed; but other payment options may be elected. Benefits accrued by participants in the NBB Plan and in the BTC Plan prior to December 31, 2001, will be calculated based upon compensation and service under the old NBB and BTC Plan formulas. Benefits accrued by participants after January 1, 2002, are calculated under the NBI Plan formulas. The compensation covered by the NBI Plan includes the total of all amounts paid to a participant for personal services reported on the participant’s federal income tax withholding statement (Form W-2), except that earnings were limited to \$200,000, indexed for the cost of living, until 1994. In 1994, the earnings limit was decreased to \$150,000, which is indexed for the cost of living after 1994. For 2017, the limit on compensation was \$270,000.

National Bankshares, Inc. Employee Stock Ownership Plan. Bankshares sponsors a non-contributory Employee Stock Ownership Plan (the “ESOP”), in which NBB and NBFS were participating employers for 2017. All full-time employees who are over the age of 21 and who have been employed for one year are eligible to participate. Contributions under the ESOP are discretionary for each participating employer and participants are not permitted to make contributions to the plan. Contributions are allocated to a participant’s account based upon a participant’s covered compensation, which is W-2 compensation. The contributions are fully vested after three years.

National Bankshares, Inc. Retirement Accumulation Plan. Bankshares sponsors the NBI Retirement Accumulation Plan which qualifies under IRS Code Section 401(k) (the “401(k) plan”). For 2017, NBB and NBFS were participating employers. All full-time employees who have six months of service and who are over the age of 21 are eligible to participate. Participants may contribute up to 100% of their total annual compensation to the plan, subject to IRS deferral annual dollar limits. Employee contributions are matched by the employer at 100% for the first 4% of salary

contributed and at 50% of the next 2% of salary contributed. Employees are fully vested at all times in contributions and employer match sums.

Nonqualified Retirement Plans

Bank Directors Deferred Compensation Plan. From 1985 to 1989 NBB maintained a voluntary deferred compensation plan for its directors, which permitted a director to defer receipt of a portion of director's fees for a period of five years. NBB purchased life insurance on all of the participants in amounts that, in the aggregate, actuarially funded its future liabilities under the program. While the insurance policies were purchased to fund the directors' deferred compensation plan, there is no obligation to use any insurance proceeds from policy loans or death benefits to curtail the deferral compensation liability. Under the terms of the plan, at age 65, a participant or beneficiary receives 120 monthly benefit payments. The plan also provides for 120 monthly payments to the participant's beneficiary in the event of the participant's death prior to age 65. Mr. Rakes became entitled to receive 120 months of payments of \$1,610.50 beginning at age 65 and began receiving monthly payments on September 1, 2009. In 2017, there were no contributions to the Bank Directors' Deferred Compensation Plan. The plan had no earnings. These payments are included in "All Other Compensation" in the Summary Compensation Table above.

Officers Salary Continuation Plan. In early 2006, Bankshares and its subsidiaries entered into salary continuation agreements with a select group of Company and subsidiary bank officers, including Mr. Rakes, Mr. Skeens, Mr. Denardo and Ms. Ramsey. Effective May 24, 2013, Bankshares' subsidiary entered into a salary continuation agreement with Mr. Mylum. The Salary Continuation Plan benefits are funded by investments in bank subsidiary-owned life insurance policies on the lives of the participating officers. The officers and their beneficiaries are unsecured creditors of NBI and of NBB with respect to the benefits under the Salary Continuation Plan.

Each of the salary continuation agreements, except for Mr. Rakes', provides an annual benefit for the participating officer at normal retirement age (age 65) while in the active service of the Company. In Mr. Rakes' case, the salary continuation agreement was amended on December 17, 2008 to provide that benefits will be payable to him upon his separation from service after reaching the normal retirement age (age 65). At the time of the amendment, Mr. Rakes' benefit was equal to 30.0% of 2005 salary, adjusted for inflation. Starting in 2009, his benefit was adjusted annually based on his then current salary. It is equal to 25.0% of 2008 annual compensation adjusted for inflation, for Mr. Denardo; 25.0% of 2012 annual compensation, adjusted for inflation, for Mr. Skeens; 20.0% of 2012 annual compensation (adjusted by a pre-retirement inflation factor of 4%) for Mr. Mylum, and 23.1% of 2016 annual compensation, adjusted for inflation, for Ms. Ramsey. The benefit is payable for the greater of 15 years or the officer's lifetime. If the officer dies before receiving the annual benefit for 15 years, the benefit is paid to his or her beneficiary for the remainder of that period. A reduced benefit is available upon the officer's early termination if he or she is 50 years of age or older, upon disability or upon a change in control of the officer's employer. "Early termination," "disability" and "change in control" are defined in the salary continuation agreements. A death benefit that is equal in amount to the annual retirement benefit is paid to the officer's beneficiary for 15 years in the event of the officer's death while an active employee. No benefit is payable if the officer is terminated for cause, as that term is defined in the agreements.

The amended salary continuation agreement with Mr. Rakes provided that he would have received annual payments of \$106,268 if he had left the Company at his normal retirement age in 2009. Upon Mr. Rakes' separation from service, his benefit increased by adding interest for each full month between his normal retirement and his actual separation from service. The method for calculating this interest is specified in the amended salary continuation agreement. Under his agreement, Mr. Denardo will be paid annual payments of \$72,488 at his normal retirement in 2017. On August 1, 2017, at age 65, Mr. Denardo began receiving monthly payments of \$6,040.67 based on his agreement. Mr. Skeens' agreement provides that he will be paid \$65,940 annually at his normal retirement in 2031. Mr. Mylum will be paid \$48,772 annually at his normal retirement in 2031. Ms. Ramsey's agreement provides that she will be paid \$42,000 annually at her normal retirement in 2033.

In 2016, Bankshares' subsidiary entered into a new and additional salary continuation agreement with Mr. Denardo (the "2016 Agreement"). The 2016 Agreement provides an additional annual benefit for Mr. Denardo at normal retirement age (defined as age 70) that is payable for the greater of 15 years or the executive's lifetime and provides for similar provisions related to beneficiaries and reduced or elimination of benefits upon occurrence of certain events. The benefit is based on a percentage (3.8%) of his projected average five year final salary at age 70 and assumes a current salary of \$426,000 with 4.0% annual increases. The benefit vests 25% at December 31, 2017 and then 15% for each of the five subsequent years. The 2016 Agreement with Mr. Denardo provides that he will receive an additional annual payment of \$17,512.00 beginning July 2, 2022.

RISK FROM COMPENSATION POLICIES AND PRACTICES**FOR ALL EMPLOYEES**

National Bankshares, Inc. has determined that its conservative compensation policies and practices for all employees are unlikely to create risks that are reasonably likely to have a materially adverse effect on the Company. Substantially all of the compensation paid to the Company's employees in 2017 was in the form of salary. While Mr. Rakes' annual bonus was a large component of his past compensation, the Board believed that the historical performance of the Company during Mr. Rakes' tenure while the bonus program had been in effect reflects that the bonus plan, as implemented by the Board, did not create risks that were reasonably likely to harm the Company. Rather, this compensation element proved to be beneficial in enhancing the Company's success. The Company utilizes a formal salary administration structure that limits annual salary increases to predetermined percentages within salary ranges that are established for each position. Likewise, the Company has determined that the Company's adoption of the Annual Incentive Plan, which may provide bonus compensation to the CEO (currently Mr. Denardo) and certain executive officers, does not encourage excessive or inappropriate risk taking and is not reasonably likely to have a material adverse effect on the Company, but rather will have a positive effect on the Company.

NOMINATING COMMITTEE

The Company has a standing Nominating Committee that was chaired by Dr. Miller in 2017. Mr. Dye, Mrs. Johnson, Mr. Peery, and Dr. Webb served on the Committee. Each of these directors was independent. The Nominating Committee's sole function is to review and recommend nominees for the Board of Directors. A current copy of the

Committee's Charter is available on the Company's web site at www.nationalbankshares.com under the "Corporate Governance" tab. The Nominating Committee does not have a specific policy with regard to the consideration of any director candidates recommended by stockholders, because the Committee will evaluate all candidates for directors using the same criteria, regardless of the source of the referral. Stockholders wishing to refer director candidates to the Nominating Committee should do so in writing mailed by first class mail to the Committee, c/o National Bankshares, Inc., P. O. Box 90002, Blacksburg, VA 24062-9002.

In considering candidates for director, the Nominating Committee seeks individuals who meet the following minimum criteria that are set forth in the Committee's Charter. The candidate must be an individual of the highest character and integrity. He or she must be able to work well with others and must be free of any conflict of interest that would violate law or regulation or interfere with the proper performance of a director's responsibilities. The candidate should be willing to devote sufficient time to the business of the Board. Finally, he or she should have the capacity to represent the best interests of the stockholders as a whole in a balanced way. The Nominating Committee insures that the Board of Directors will have a sufficient number of independent directors to fill all Board and Committee positions that require independent directors. In addition, the Nominating Committee seeks directors who have good business experience as well as directors who have experience in academia and public service. The Committee looks for directors who are knowledgeable about and who reside in the locations in which the Company and its subsidiaries do business and who have the ability and willingness to refer new business to the Company. While there is no formal policy regarding consideration of diversity in identifying director nominees, the Nominating Committee seeks candidates who reflect the Company's belief that gender and ethnic diversity provide additional perspectives that are helpful to the Board of Directors. As a result, the Nominating Committee considers the additional diversity a candidate may add to the overall membership mix of the Board to be a positive factor in the selection of a nominee. The Board believes that its policy of seeking diverse Directors has been moderately successful.

The Nominating Committee actively solicits the names of potential Board candidates from the directors and officers of Bankshares and, as stated here, will consider candidates suggested by stockholders. Information about potential candidates is sought from diverse sources, and the Nominating Committee compares the experience, expertise and personal qualities of the potential candidates with the experience, expertise, and personal qualities that are identified as being desirable for the Board of Directors at any given time.

AUDIT COMMITTEE REPORT

The Audit Committee has a charter that was last amended on February 11, 2004. The Charter reflects standards set forth in SEC regulations and NASDAQ Listing Rules, and it is posted on the Company's web site at www.nationalbankshares.com.

The Audit Committee monitors the integrity of Bankshares' financial reporting process and its systems of internal controls concerning finance, accounting and legal compliance. Each of the Audit Committee members satisfies the definition of an independent director as established in the listing standards for the NASDAQ Stock Market. Although each member of the Audit Committee has extensive business experience, the Committee has identified Dr. Lewis as the financial expert, because he has a background which involves financial oversight responsibilities. Dr. Lewis oversaw the preparation of financial statements in his past role as President of New River Community College. He previously served as the College's Chief Financial Officer. In 2017, prior to the Company and NBB Board consolidation in May 2017, Dr. Lewis (Chair), Mr. Ball, Dr. Dooley, Mr. Green, and Mr. Rakes served on this Committee. Following the Board consolidation, Mr. Green left the Committee while Mr. Reynolds and Dr. Webb joined it.

The Audit Committee is responsible for overseeing the Company's overall financial reporting process. In fulfilling its oversight responsibilities for the financial statements for fiscal year 2017, the Audit Committee:

Monitored the preparation of quarterly and annual financial reports by the Company's management;

Reviewed and discussed the annual audit process and the audited financial statements for the fiscal year ended December 31, 2017 with management and YHB, the Company's independent registered public accountant;

Discussed with management, YHB and the Company's Corporate Auditor the adequacy of the system of internal controls;

Discussed with YHB the matters required to be discussed by the auditing standards of the Public Accounting Oversight Board, including Auditing Standard No. 1301 "Communications with Audit Committees," and Rule 2-07 of Regulation S-X promulgated by the SEC, as modified or supplemented;

Received written disclosures and a letter from YHB as required by applicable requirements of the Public Company Accounting Oversight Board ("PCAOB"), including PCAOB Rule 3526, regarding YHB's communications with the Audit Committee concerning independence. The Audit Committee discussed with YHB its independence.

Conducted an assessment of the Company's relationship with YHB and evaluated YHB's performance and the quality of audits.

The following fees were paid to Yount, Hyde & Barbour, P.C., Certified Public Accountants & Management Consultants, for services provided to Bankshares for the years ended December 31, 2017 and December 31, 2016. The Audit Committee determined that the provision of non-audit services by Yount, Hyde & Barbour did not compromise the firm's ability to maintain its independence.
