REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the
Cincinnati Bell Inc. Savings and Security Plan:

We have audited the accompanying statements of net assets available for benefits of the Cincinnati Bell Inc. Savings and Security Plan (the "Plan") as of December 30, 2011 and the related statement of changes in net assets available for benefits for the year ended December 30, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting.

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 30, 2011, and the related statement of changes in net assets available for benefits for the year ended December 30, 2011 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 30, 2011, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2011 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the
Cincinnati Bell Inc. Savings and Security Plan:

We have audited the accompanying statement of net assets available for benefits of the Cincinnati Bell Inc. Savings and Security Plan (the "Plan") as of December 30, 2010. This financial statement is the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting.

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such financial statement presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS

(1) Plan Description and Accounting Policies

General: The Cincinnati Bell Inc. Savings and Security Plan (the “Plan”) is sponsored by Cincinnati Bell Inc. (together with its subsidiaries, the “Company” or “Cincinnati Bell”) and administered generally through the Company Employees’ Benefit Committee.

The Plan is, subject to certain exceptions, currently available to hourly employees of the Company. Hourly employees are generally defined as employees either (i) who are represented by a collective bargaining unit (unless the applicable collective bargaining agreement does not approve their participation in the Plan) or (ii) whose position is an hourly-paid position that is or at any prior time had been subject to automatic wage progression or covered under the Plan. However, an hourly employee hired on or after February 1, 2008 and in a position described in clause (ii) above is generally not eligible for the Plan.

In addition, certain persons who might be considered part of the above classes of employees (including but not limited to co-op students, interns, temporary employees, and contingency employees) are ineligible to participate in the Plan. These Notes to Financial Statements provide a brief description of certain provisions of the Plan, but do not constitute a document under which the Plan is operated, and, in the event of any conflict between these Notes to Financial Statements and the Plan documents, the Plan documents shall control. Participants must refer to the Plan documents and to the summary plan description for further details of the Plan, which was amended and restated on December 28, 2010.

The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), and the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Financial Statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Plan’s fiscal year (the “plan year”) begins each December 31 and ends the following December 30. The Plan’s trustee is Fidelity Management Trust Company (together with its affiliates, “Fidelity”).

In accordance with FASB Accounting Standards Codification (“ASC”) 962 - Plan Accounting - Defined Contribution Pension Plans, the Statement of Net Assets Available for Benefits presents the fair value of the Plan’s investments as well as the adjustment from fair value to contract value for the fully benefit-responsive investment contracts. The Statement of Changes in Net Assets Available for Benefits is presented on a contract value basis for the fully benefit-responsive investment contracts.

Employee Contributions: The Plan generally permits eligible employees to contribute for each pay period, in before-tax and/or after-tax dollars, any amount that is an increment of \$5 and not more than 75% of the participant’s b. plan compensation. The Plan generally permits employees hired before February 1, 2008 to contribute to the Plan after completing at least one year of service and permits employees hired on or after February 1, 2008 (“Tier 2 Participants”) to contribute to the Plan immediately upon being hired.

Further, effective January 1, 2012, eligible employees who are not Tier 2 Participants but who as of January 1, 2012 did not have either 25 or more years of net credited service with the Company and an attained age of at least 55, are treated in the same manner as Tier 2 Participants for the purpose of determining the matching contributions to be made for them (as is discussed in Note (1)c below).

The Plan provides that contributions made by eligible employees of their Plan compensation to the Plan will be invested in the Plan’s default investment option, an age specific Vanguard Target Retirement Fund, unless the eligible employees elect a different fund or funds for their contributions. Eligible employees may elect to change their contribution and investment elections or discontinue participation in the Plan at any time.

The amount of a participant’s before-tax contributions for any calendar year generally cannot exceed \$16,500, the legal limit in 2011. If the participant is age 50 or older by the end of the calendar year, the participant is allowed to make additional before-tax contributions up to \$5,500, the maximum amount per the Code in 2011. The amount of a

participant's contributions is subject to additional provisions under the Code, which could further limit the amount of a participant's contributions for any plan year.

Participant contributions are allocated to the participant's account under the Plan ("Plan account"). A participant is always fully vested in the part of the Plan account attributable to employee contributions.

Table of Contents

CINCINNATI BELL INC. SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS

A participant is generally not subject to federal income tax on the amount of before-tax contributions to the Plan, or on the earnings on the before-tax and after-tax contributions, until the amounts are distributed from the Plan to the participant.

Employer Contributions: For participants who are not Tier 2 Participants or treated for matching contributions as Tier 2 Participants (under rules described in Note (1)b), the Company generally makes matching contributions in an amount equal to 66 2/3% of the participant's basic contributions made for any pay period. For participants who are Tier 2 Participants or treated for matching contributions as Tier 2 Participants, the Company generally makes matching contributions in an amount equal to 100% of the participant's basic contributions made for any pay period. A participant's basic contributions are, for this purpose, generally equal to the portion of the participant's before-tax and after-tax contributions made for any week that is not in excess of amounts as defined in the Plan document or applicable collective bargaining agreement. The excess of a participant's contributions over the basic contribution limit is not eligible for the Company match.

Matching contributions are generally made on a bi-weekly basis under the current practice of the Company and must be made by the end of the first full month that ends after the participants' related contributions are made.

The Company's matching contributions for a participant are allocated to the participant's Plan account. A participant is generally vested in the Company's matching contributions if credited with at least three years of vesting service. However, a participant may become vested in such part of his or her Plan account in certain other situations, including continued employment with the Company after attaining age 65 or termination of employment with the Company due to total disability or death.

A participant is generally not subject to federal income tax on the amount of the matching contributions or on the earnings on these contributions until the amounts are distributed from the Plan to the participant.

Rollovers: A participant may elect to rollover to the Plan an otherwise taxable distribution from another employer's d. tax-qualified savings, profit sharing, or other employer plan, if the distribution meets certain conditions set forth in the Plan and the Code.

Any rollover contributions are allocated to the participant's Plan account. A participant is always fully vested in the part of the Plan account attributable to rollover contributions.

A participant is generally not subject to federal income tax on the rollover contributions or on the earnings on the rollover contributions until the amounts are distributed from the Plan to the participant.

Employee-Directed Investments: A participant can specify the manner in which contributions made by or for the participant to the Plan shall be invested in the available funds under the Plan, and may elect to change the funds to e. which future contributions are allocated and transfer amounts held in the participant's Plan account from one fund to another.

Distributions to Participants: A participant may receive a distribution of all or a portion of his or her Plan account f. while employed by the Company only in certain circumstances.

In general, a participant, while still employed by the Company, may withdraw, for any reason, after-tax contributions, rollover contributions, and the vested part of the Plan account attributable to Company matching contributions made for plan years before the three consecutive plan years period that ends with the plan year of the withdrawal. However, if the participant withdraws any after-tax contributions that have received a matching contribution from the Company and were contributed in the plan year of the withdrawal and/or either of the two immediately preceding plan years, the entire non-vested portion of his or her Plan account will be forfeited, and the participant will be suspended from actively participating in the Plan for six months after the withdrawal.

Further, a participant, while still employed by the Company, can withdraw amounts that are attributable to before-tax contributions if the withdrawal is required by reason of the participant's hardship situation, which meets the rules set forth in the Plan concerning hardship withdrawals. Any hardship withdrawal does not include the earnings on the before-tax contributions that were allocated after December 31, 1988.

Table of ContentsCINCINNATI BELL INC. SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS

Other than for the withdrawals described above, the distribution of a participant's Plan account will generally occur only after the participant's employment with the Company has terminated for any reason, including retirement, discharge, termination, disability, or death. Only the portion of the participant's Plan account that is vested may be distributed; the non-vested portion of such account, if any, is forfeited in accordance with rules set forth in the Plan. If the value of the participant's vested Plan account is \$1,000 or less, the participant's vested account under the Plan can be distributed, within a reasonable administrative period, in a lump sum and without the consent of the participant after the participant's employment with the Company ends for any reason.

Participant Loans: Loans are available from the Plan to participants under the current provisions and policies of the Plan. Loans are subject to several conditions, certain of which are described below.

A participant cannot have more than two outstanding loans from the Plan at any time. The minimum amount of any loan to a participant is \$1,000, while the maximum amount cannot exceed the lesser of (i) 50% of the vested balance of the participant's Plan account, excluding amounts attributable to the participant's contributions which were matched and the associated matching contributions from the Company for the plan year of the loan and the two preceding plan years and income earned after 1988 on the participant's before-tax contributions, or (ii) \$50,000 reduced by the highest outstanding balance of loans made to the participant from the Plan and other plans of the Company during the one year period preceding the new loan date.

The Company Employees' Benefit Committee determines the interest rate charged by the Plan on a loan made to a participant. In general, the interest rate is based on the prime rate plus 1.0% at the time the loan is made. As of December 30, 2011, interest rates on loans made under the Plan ranged between 4.3% and 10.0% per annum. For the plan year ended December 30, 2011, a participant also paid to Fidelity a \$35 origination fee for processing a new Plan loan and a \$15 annual maintenance fee for the life of the loan.

In general, any loan to a participant must be repaid through payroll deductions and be collateralized by up to 50% of the vested portion of the participant's Plan account. The minimum term of any loan to a participant is 6 months, and the maximum term of a loan is 60 months.

h. Investments: As of December 30, 2011, the following funds were available for investment under the Plan:

- American Funds EuroPacific Growth Fund
- Cincinnati Bell Inc. Common Stock Fund*
- Fidelity Growth Company Fund*
- Fidelity International Discovery Fund*
- Fidelity Managed Income Portfolio II Fund*
- Fidelity Mid-Cap Stock Fund*
- Fidelity U.S. Equity Index Commingled Pool Fund*
- LKCM Small Cap Equity Fund
- PIMCO Total Return Fund
- Vanguard Balanced Index Fund
- Vanguard Mid-Cap Value Index Fund
- Vanguard Target Retirement 2010 Fund
- Vanguard Target Retirement 2015 Fund
- Vanguard Target Retirement 2020 Fund
- Vanguard Target Retirement 2025 Fund
- Vanguard Target Retirement 2030 Fund
- Vanguard Target Retirement 2035 Fund
- Vanguard Target Retirement 2040 Fund

Table of Contents

- ✓ Vanguard Target Retirement Income Fund
- ✓ Vanguard Windsor II Fund
- * Party-in-interest funds

Purchases and sales of securities are reflected as of the trade date. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded on an accrual basis.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses: Administrative expenses of the Plan that are not clearly related to a specific investment fund are generally paid by the Company. However, the Plan permits certain of these expenses to be paid from the Plan assets and allocated and charged to each participant's account based on the proportion that such participant's account balance bears to all account balances under the Plan.

Forfeitures: Any amounts forfeited by participants under the Plan are applied to reduce subsequent contributions of the Company to the Plan. During the plan years ended December 30, 2011 and 2010, forfeited non-vested accounts totaled \$11,265 and \$28,504, respectively.

Transfer to/from Other Plans: If a Plan participant becomes a participant of the Cincinnati Bell Retirement Savings Plan, another defined contribution plan sponsored by the Company, or if a participant of the Cincinnati Bell Retirement Savings Plan becomes a participant of the Plan, the Plan account balance is generally transferred to and assumed by the recipient plan. These transfers are included in "Transfers to other Company-sponsored plans, net" on the Statement of Changes in Net Assets Available for Benefits.

Uncertain Tax Positions: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. There are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is not currently under audit by any taxing jurisdictions.

Use of Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of Net Assets Available for Benefits and the reported Changes in Net Assets Available for Benefits during the reporting period. Actual results could differ from these estimates.

Recently Issued Accounting Standards: In May 2011, the Financial Accounts Standards Board (FASB) issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification 820 ("ASC 820") to provide a consistent definition of fair value to ensure that the fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards (IFRS). This standard changes certain fair value measurement principles and enhances the disclosure requirements. The amendment is effective for annual periods beginning after December 15, 2011 and should be applied prospectively. The Plan is currently evaluating the impact, if any, that this amendment will have on its financial statements.

(2) Fair Value Measurements

The Plan's investments in the Master Trust are stated at fair value. Mutual funds of the Plan are valued using the quoted market prices of the shares of each applicable mutual fund. The value of the Plan's Cincinnati Bell Inc. Common Stock Fund was determined by the ending share values as last published by the New York Stock Exchange

on December 30, 2011 and 2010. Common collective trust funds are stated at fair value as determined by the issuer of the common collective trust funds based on the fair market value of the underlying investments. Common collective trust funds with underlying investments in investment contracts are valued at the fair market value of the underlying investments and then adjusted to contract value. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract

8

Table of ContentsCINCINNATI BELL INC. SAVINGS AND SECURITY PLAN
NOTES TO FINANCIAL STATEMENTS

value represents contributions made to the common collective trust funds, plus earnings, less participant withdrawals and administrative expenses. The common collective trust funds impose certain restrictions on the Plan, and the common collective trusts may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the common collective trust funds to transact at less than contract value is not probable. Redemption for common collective trust funds is permitted daily and there are no unfunded commitments.

ASC 820 established a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

Level 1 - Quoted market prices for identical instruments in an active market;

Level 2 - Quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability (i.e., interest rates, yield curves, etc.), and inputs that are derived principally from or corroborated by observable market data by correlation or other means (market corroborated inputs); and

Level 3 - Unobservable inputs that reflect the Company's determination of assumptions that market participants would use in pricing the asset or liability. These inputs are developed based on the best information available, including the Company's own data.

There were no significant transfers between the fair value hierarchy levels in the year ended December 30, 2011. At December 30, 2011 and 2010 the fair value and placement in the fair value hierarchy of the underlying assets of the Cincinnati Bell Retirement Savings Plans Master Trust (the "Master Trust") that are required to be measured at fair value on a recurring basis are as follows:

(dollars in thousands)	December 30, 2011	Level 1	Level 2	Level 3
Mutual funds				
Equity funds	\$ 104,900	\$ 104,900	\$—	\$—
Target date retirement funds	30,587	30,587	—	—
Fixed income funds	20,696	20,696	—	—
Balanced fund	2,378	2,378	—	—
Common collective trust funds
