Item 1.01 Entry into a Material Definitive Agreement.

On December 5, 2014, Agenus Inc.'s wholly-owned subsidiary, 4-Antibody AG ("4AB"), entered into a License Agreement (the "License Agreement") with the Ludwig Institute for Cancer Research Ltd. ("Ludwig"), which replaces and supersedes the Collaborative Research and Development Agreement entered into between the parties on May 23, 2011 (the "Prior Agreement").

Pursuant to the terms of the License Agreement, Ludwig granted 4AB an exclusive, worldwide license under certain intellectual property rights of Ludwig and Memorial Sloan Kettering Cancer Center arising from the Prior Agreement to further develop and commercialize GITR, OX-40 and TIM-3 antibodies. Pursuant to the License Agreement, 4AB is obligated to make an upfront payment of \$1 million to Ludwig. The License Agreement also obligates 4AB to make potential milestone payments of up to \$20 million for events prior to regulatory approval of licensed products, and potential milestone payments in excess of \$80 million if licensed products are approved in multiple jurisdictions, in more than one indication, and certain sales milestones are achieved. 4AB will also be obligated to pay low to mid-single digit royalties on all net sales of licensed products during the royalty period, and to pay Ludwig a percentage of any sublicensing income, ranging from a low to mid-double digit percentage depending on various factors. The License Agreement may be terminated as follows: (i) by either party if the other party commits a material, uncured breach; (ii) by either party if the other party initiates bankruptcy, liquidation or similar proceedings; or (iii) by 4AB for convenience upon 90 days' prior written notice.

The License Agreement also contains customary representations and warranties, mutual indemnification, confidentiality and arbitration provisions.

The foregoing description of the License Agreement does not purport to be complete and is qualified in its entirety by reference to the text of the License Agreement, which will be filed as an exhibit to Agenus Inc.'s Annual Report on Form 10-K for the year ending December 31, 2014.
