FORWARD-LOOKING STATEMENTS

Certain statements made in this Annual Report on Form 10-K are “forward-looking statements” (within the meaning of the Private Securities Litigation Reform Act of 1995) regarding the plans and objectives of management for future operations. Such statements involve known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements of ML Capital Group, Inc. (the “Company”) to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. The forward-looking statements included herein are based on current expectations that involve numerous risks and uncertainties. The Company’s plans and objectives are based, in part, on assumptions involving the continued expansion of business. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Although the Company believes its assumptions underlying the forward-looking statements are reasonable, any of the assumptions could prove inaccurate and, therefore, there can be no assurance the forward-looking statements included in this Report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the objectives and plans of the Company will be achieved.

PART I

Item 1: Description of Business

Our Company

ML Capital Group, Inc. was incorporated under the laws of the State of Nevada on September 22, 2009. The Company is currently traded on the OTC Bulletin Board and OTC Market System under the symbol “MLCG”.

ML Capital Group, Inc.'s primary business consists of producing products and providing services that support the medical marijuana industry and that enhance the lives of the patients that have turned to medical marijuana/cannabis to manage their various ailments. The Company is currently producing and marketing its products and services under the Superstar Products brand name, including vapor pens, mobile applications, and books. The focus of the Company is to sell products and services that do not include the growing, manufacture, or distribution of medical marijuana, cannabis, or cannabis by-products. This places the ML Capital Group, Inc. as one of the safest types of companies to invest in within the entire medical marijuana industry

To date, Ms. Nelson has been primarily responsible for managing the majority of the Company's operations, and the needs of the Company's clients, which include the following responsibilities:

- Developing intellectual property around specific products or services
- Corporate strategic planning and implementation
- Executive search and placement
- Establish relationships with companies for new business development
- Make introductions to other companies as a potential strategic or financial partner

Employees

During the year ended December 31, 2013, Ms. Nelson devoted an average of approximately between twenty-five (25) hours per week to over forty (40) hours per week as required by the business. For calendar year 2014, Ms. Nelson has devoted at least forty (40) hours a week to the Company but may increase that number as necessary to further develop its business. As of this date and through calendar year 2015, Ms. Nelson will continue to provide these services to the Company per her employment agreement with the Company. Ms. Nelson was compensated \$150,000 during the year ended December 31, 2014, and the Company expects to pay similar compensation during 2015. Currently the Company has four full time employees, including CEO Mrs. Lisa Nelson, and has hired other professionals to take care of the other operational and administrative aspects of the business for legal services, auditing, bookkeeping, EDGAR filings, and applications and website development.

Item 2: Description of Property

On May 16, 2013 the Company signed a lease for 950 square feet of space with the lease commencing on July 1, 2013 and expiring on August 1, 2015. Under the terms of the lease the Company paid monthly lease rental of \$900 per month plus estimated CAM and taxes from July 1, 2013 through December 31, 2013. The Company is further obligated to pay monthly rental of \$950 plus CAM and taxes through the term of the lease ending July 31, 2015.

Item 3: Legal Proceedings

On December 3, 2013 Premier Media Services, Inc filed a civil suit (Premier Media Services, Inc. v ML Capital Group Inc., Case No. CC2014215992RC. North Mesa Justice Court, CA) claiming damages of \$4,450 of unpaid fees and legal costs and shares received at a value of \$5,000 for breach of contract and to release the shares held. Premier claims the Company terminated the contract on 30 day notice while the contract required a 90 day notice. The Company has counter claimed that Premier breached the contract and did not act in good faith while committing fraud and enjoying unjust enrichment. The Company announced the resolution of this dispute on September 5, 2014. Premier Media Services agreed to accept \$1,000.00 and return 125,000 shares of Common Stock to the Company. The terms of the agreement has been fulfilled by both parties all claims and counterclaims were dismissed with prejudice on August 28, 2014..

Trading in our common stock has been sporadic and the quotations set forth above are not necessarily indicative of actual market conditions. All prices reflect inter-dealer prices without retail mark-up, mark-down, or commission and may not necessarily reflect actual transactions.

At April 1, 2015, the closing price of our common stock was \$0.0001. Such over-the-counter market quotations reflect inter-dealer prices without retail mark-up mark-down or commission and may not necessarily represent actual transactions.

As of April 1, 2015, there were approximately 94 record holders of our common stock.

We have not declared or paid any dividends on our common stock since our inception, and we do not anticipate declaring or paying any dividends on our common stock for the foreseeable future. We currently intend to retain any future earnings to finance future growth. Any future determination to pay dividends will be at the discretion of our board of directors and will depend on our financial condition, results of operations, capital requirements and other factors the board of directors considers relevant.

Item 6: Selected Financial Data

As a “smaller reporting company” as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 7: Management’s Discussion and Analysis of Financial Condition and Results of Operation

Results of Operations

Year Ended December 31, 2014 Compared to Year Ended December 31, 2013

Revenue

Our revenues for the periods ended December 31, 2014 and 2013 were \$26,870 and \$2,250, respectively. The 2014 revenue was primarily a result of sales of the SuperStar Vapor Pen and related accessories which began in 2014. The 2013 revenue was related to the providing of consulting services to an affiliate party.

Operating Expenses

Operating expenses for 2014 increased 84% from \$770,601 in 2013 to \$1,414,266 in 2014. The increase in general and administrative expense was attributable to higher stock based compensation and an increase in professional fees in 2014 over 2013. The major categories included

	2014	2013
Compensation	\$ 185,792	\$ 222,500
Professional fees	944,692	501,076
Other	283,782	47,025
	\$ 1,414,266	\$ 770,601

Other Income (Expense)

Other expenses increased from \$62,045 in 2013 to \$766,578 in 2014. The increase was attributed to the issuance of convertible debt in 2014 resulting in an increase of derivative liabilities of \$396,257 from 2014 compared to 2013 and interest expense of \$37,220 in 2014 compared to \$9,960 in 2013. The Company also recognized \$281,540 of amortization expense related to convertible debt.

Financial Condition

Liquidity and Capital Resources

Our principal requirements for capital are to fund our day-to-day operations and to satisfy our contractual obligations, primarily for the repayment of debt.

As we operated at a loss, generating negative cash flow from operations, during 2014, we believe that we will be required to either improve profitability and operating cash flow or to borrow additional funds or otherwise secure additional financing, or both, to support our operations during 2014. Except as described below regarding our equity line of credit, we do not presently have any commitments to provide financing, if needed, to support our operations.

Cash Flows and Working Capital

We had \$13,032 in cash and a working capital deficit of \$926,742 at December 31, 2014 as compared to no cash and a working capital deficit of \$82,828 at December 31, 2013. The major factors in the decrease in working capital is attributed to a derivative liability of \$689,936 in 2014 verse \$56,351 in 2013 and increased notes payable net of discount of \$264,125 in 2014 compared to \$12,548 in 2013.

Operations used \$513,792 of cash during 2014 as compared to \$68,528 used during 2013. The use of operating cash flows during 2014 was principally attributable to the Company's net loss, offset by non-cash charges for amortization of debt discount, stock based compensation or losses from derivative liabilities.

Investing activities used cash flows of \$4,387 during 2014 as compared to no investing activity during 2013. Cash flows used by investing activities during the 2014 period related to the purchase of furniture and fixtures for \$4,387.

Financing activities provided cash flows of \$531,212 during 2014 as compared to \$68,484 provided during 2013. Cash flows provided by financing activities during the 2014 period related to issuance of convertible debentures \$525,000 for cash and the sale of stock for \$20,000, offset by the repayment of related party advances and the payment of equity issue costs.

Debt

At December 31, 2014, we had \$429,486 of indebtedness outstanding carried at \$264,125 net of discount.

Off-Balance Sheet Arrangements

The Company does not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

Contractual Obligations

As a "smaller reporting company" as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 7A: Quantitative and Qualitative Disclosures about Market Risk

As a “smaller reporting company” as defined by Item 10 of Regulation S-K, the Company is not required to provide this information.

Item 8: Financial Statements and Supplementary Data

Please see the financial statements beginning on page F-1 located elsewhere in this annual report on Form 10-K and incorporated herein by reference.

Item 9: Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None

Item 9A (T): Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

For purposes of this section, the term *disclosure controls and procedures* means controls and other procedures of an issuer that are designed to ensure that information required to be disclosed by the issuer in the reports that it files or submits under the Securities Exchange Act of 1934, as amended (the “Act”) (15 U.S.C. 78a et seq.) is recorded, processed, summarized and reported, within the time periods specified in the Commission’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Act is accumulated and communicated to the issuer’s management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. It should be noted that the design of any system of controls is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how remote. As of the end of the period covered by this Annual Report, The Company carried out an evaluation, under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on this evaluation, our CEO and CFO has concluded that the Company’s disclosure controls and procedures are not effective because of the identification of a material weakness in our internal control over financial

reporting which is identified below, which The Company view as an integral part of our disclosure controls and procedures.

Changes in Internal Controls over Financial Reporting

The Company has not yet made any changes in our internal controls over financial reporting that occurred during the period covered by this report on Form 10-K that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

Management's Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act. Our internal control system was designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes, in accordance with generally accepted accounting principles. Because of inherent limitations, a system of internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate due to change in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management conducted an evaluation of the effectiveness of our internal control over financial reporting using the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control—Integrated Framework. Based on its evaluation, our management concluded that there are material weaknesses in our internal control over financial reporting. A material weakness is a deficiency, or a combination of control deficiencies, in internal control over financial reporting such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

The material weaknesses relate to the following:

- Lack of segregation of duties in financial reporting, as our financial reporting and all accounting functions are performed by our Chief Executive Officer. Our President does not possess accounting expertise and our company does not have an audit committee.
- Lack of a formal review process that includes multiple levels of review, as all accounting and financial reporting functions are performed by our Chief Financial Officer and the work is not reviewed by anyone.

These weaknesses are due to the company's lack of working capital to hire additional staff. To remedy the material weaknesses, we intend to engage another accountant to assist with financial reporting as soon as our finances will allow.

This annual report does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to the attestation by the Company's registered public accounting firm pursuant to temporary rules of the SEC that permit the Company to provide only management's report in this annual report.

Changes in Internal Controls

There were no changes in our internal control over financial reporting during the quarter ended December 31, 2014 that have affected, or are reasonably likely to affect, our internal control over financial reporting.

Item 9B: Other Information

Not applicable.

PART III**Item 10: Directors, Executive Officers, Promoters and Control Persons; Compliance With Section 16(a) of the Exchange Act**

Our By-laws provide that the number of directors who shall constitute the entire board shall be such number as the board of directors shall at the time have designated. Each director shall be elected for a term of one year and until his or her successor is elected and qualified. Vacancies are filled by a majority vote of the remaining directors then in office, with the successor elected for the unexpired term and until the successor is elected and qualified. Our board of directors does not currently have any committees.

The officers and directors of the Company are as follows:

Name	Age	Title

Mrs. Nelson graduated from the Mandell Medical School with a Medical Assistant degree in 1987. She also attended Queens Borough Community College as well as Pima Community College for her nursing degree LPN in 1992. Mrs. Nelson's drive has always been focused on helping people and contributing to the community.

Currently Mrs. Nelson is an active member in the American Legions Auxiliary. She has also been associated with the Fountain Hills Chamber Of Commerce, the Scottsdale and Fountain Hills PTO's. Lisa regularly manages and assists with various fundraisers, and donates to charities, schools, the Illumin8 Life Foundation, and breast cancer awareness.

In 2005 Mrs. Nelson was the owner of Basket Creations by Lisa, where she was responsible for developing national sales and growing the marketing channels for her company. In 2009 Mrs. Nelson founded ML Capital Group Inc. as a full service business consulting firm. Today, Lisa is the CEO and President of ML Capital Group Inc. and Superstar Vapor Pens and Products. The company has shifted its focus from consulting to the medical marijuana industry, utilizing Lisa's experience to grow and expand ML Capital and Superstar Vapor Pens worldwide.

The Company relies upon Ms. Nelson's experience as a business owner and in the medical industry, as well as her qualifications as a community minded leader. Ms. Nelson is not an independent director by virtue of her control ownership of the Company and being and officer.

Keyla Grady –Ms. Grady has been a director of the Company since July 2014, During her childhood and teenage life Ms. Grady resided in Colombia. While she was going to high school, Ms. Grady manage her mother's Clothing Boutique and family owned Beauty Salon after the school hours. Ms. Grady attended 3 years of secretary administration program receiving a certificate in 1993 while she still was in high school. Ms. Grady graduated High School from Instituto Tecnico Empresarial in 1995.

After graduation Ms. Grady applied her knowledge to a new start up business in International Connections. In 1995 Ms. Grady Launched the Grand Opening of Latin Internet Connections where she has held title as office Manager, as well in charge of the marketing and recruiting. Ms. Grady attended 2 years of business administration in the university ICESI in Cali- Colombia. After the birth to her baby girl Valentina in 1998 she decided to search for new horizon and opportunities. She then migrated with her child to the US in May of 1999 to Phoenix Arizona.

From 2000 to 2004 Ms. Grady joined the Team of PEM (Professional Event Marketing) in Scottsdale Arizona where she functioned as a brand ambassador. Ms. Grady then joined the Arts and Crafts retail industry with Michaels Arts & Crafts for 7 years where she held titles as Custom Framing Manager with certification in Custom Framing Design, Store Operations Manager, and Store Manager.

Ms. Grady then wanted to experience a different venue in the retail industry and went to Sterling Jewelers, receiving a Diamontologist Certification from DCA. Ms. Grady joined ML Capital Group as a director in November 2014.

Carlos Lopez - Mr. Lopez has been a director of the Company since March 2012. Mr. grew up in Los Gatos, California and graduated High School in 1986. After graduation Mr. Lopez headed to San Diego, California to attend college where his studies focused on business administration and marketing.

In 1996, Mr. Lopez accepted a contract position and moved to Seattle, Washington to help launch a new medical directory. After his contract expired, Mr. Lopez changed directions and pursued a career as a Loan Officer. In his 16 years in the Real Estate finance field Mr. Lopez's' career flourished; he has held Underwriter positions, Operations Manager positions and Sales manager positions. He was responsible for the daily functions of a high producing branch and the support of 20 Loan officers. His last position held was a Washington State Sales manager for a Mortgage Broker based out of Colorado. He played a key role in the emergence of a new mortgage broker in an already thriving and competitive market.

Mr. Lopez now lives in Scottsdale, Arizona where he and his wife own LGD Info Tech, LLC a SharePoint and InfoPath consulting firm. Mr. Lopez also is a licensed life insurance agent and is in the process of obtaining his real estate license. In his spare time Carlos volunteers as a Rugby and Soccer coach. He also enjoys camping with his wife and three young children.

Mr. Lopez's background is both diversified and consists of managing teams of people – qualifications that the Company believes to be helpful towards its business plans and serving its clients. Mr. Lopez is not an independent director

Conflict of Interest

The Officer and Director of the Company will devote most of her time to the Company however; there will be occasions when the time requirements of the Company's business conflict with the demands of their other business and investment activities. Such conflicts may require that the Company attempt to employ additional personnel. There is no assurance that the services of such persons will be available or that they can be obtained upon terms favorable to the Company.

There is no procedure in place which would allow the Officers and Directors to resolve potential conflicts in an arms-length fashion. Accordingly, they will be required to use their discretion to resolve them in a manner which they consider appropriate.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires the Company's directors and officers, and persons who beneficially own more than 10% of a registered class of the Company's equity securities, to file reports of beneficial ownership and changes in beneficial ownership of the Company's securities with the SEC on Forms 3, 4 and 5. Officers, directors and greater than 10% stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the Company's review of the copies of the forms received by it during the fiscal year ended December 31, 2014 and written representations that no other reports were required, the Company believes that not all persons who, at any time during such fiscal year, was a director, officer or beneficial owner of more than 10% of the Company's common stock have complied with all Section 16(a) filing requirements during such fiscal years.

Code of Ethics

We have not adopted a Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, and principal accounting officer or controller, or persons performing similar functions in that our sole officer and director serve in these capacities.

Nominating Committee

We have not adopted any procedures by which security holders may recommend nominees to our Board of Directors.

Audit Committee

There is no audit committee.

(d) Ms. Keyla Grady received 3,000,000 shares for services as a director to the Company on November 17, 2014.

(e) Mr. Carlos Lopez received 400,000 shares on April 17, 2014 and 2,000,000 shares on November 17, 2014 for services as a director to the Company.

Securities Authorized for Issuance under Equity Compensation Plans.**Stock Incentive Plan**

On September 19, 2013, the Company adopted the 2013 Equity Incentive Plan. This plan is intended to allow directors, officers, employees, and certain non-employees of the Company to receive options to purchase company common stock. The purpose of this plan is to provide these persons with equity-based compensation incentives to make significant and extraordinary contributions to the long-term performance and growth of the company, and to attract and retain employees. A total of 10,000,000 shares of common stock have been registered under this plan under a Form S-8 filed with the SEC on September 19, 2013. Stock options granted under this plan are to be exercisable as established by the board of directors, in its sole discretion, on the date of the grant. Through December 31, 2014, the Company has granted 1,000,000 shares under this plan.

Equity Compensation Plan Information

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights(a)	Weighted-average exercise price of outstanding options, warrants and rights(b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column(a))(c)
Equity compensation Plans approved by security holders	1,000,000	\$ 0.25	9,000,000
Equity compensation plans not approved by security holders	--	--	--
Total	1,000,000	\$ 0.25	9,000,000

The Company utilizes the shares available under the Plan described above to issue shares of stock as compensation to employees, consultants and officers and directors. At the end of each quarter, the Board of Directors of the Company determines the amount of shares to be issued pursuant to the Plan.

Item 13: Certain Relationships and Related Transactions

The Company's President, Lisa Nelson, provided advances to the Company from time to time for working capital purposes. As of December 31, 2014, no amounts were owed to Mrs. Nelson. The advances are due on demand and non-interest bearing.

For the year ended December 31, 2014, the Company recorded revenues of \$2,250 from TEN Associates LLC (TEN), a company half-owned by Ms. Nelson's husband. TEN paid the Company \$2,250 based upon consulting services rendered on behalf of one of TEN's clients. There are no agreements or arrangements between TEN and the Company with respect to any business.

Item 14: Principal Accounting Fees and Services

The following table presents for each of the last two fiscal years the aggregate fees billed in connection with the audits of our financial statements and other professional services rendered by our independent registered public accounting firm D. Brooks and Associates CPA's, P.A.

	2014	2013
Audit fees	\$ 12,500	\$ 8,500
Audit related fees	--	--
Tax fees	--	--
All other fees	--	--

Audit fees consist of fees billed for professional services rendered for the audit of our financial statements and review of the interim financial statements included in quarterly reports and services that are normally provided by the above auditors in connection with statutory and regulatory filings or engagements

In the absence of a formal audit committee, the full Board of Directors pre-approves all audit and non-audit services to be performed by the independent registered public accounting firm in accordance with the rules and regulations promulgated under the Securities Exchange Act of 1934, as amended. The Board of Directors pre-approved 100% of the audit, audit-related and tax services performed by the independent registered public accounting firm for the fiscal

year ended December 31, 2014.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and

Stockholders of ML Capital Group, Inc.

We have audited the accompanying balance sheets of ML Capital Group, Inc. as of December 31, 2014 and 2013, and the related statements of operations, stockholders' deficit, and cash flows for the years then ended. ML Capital Group's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

We were not engaged to examine management's assertion about the effectiveness of ML Capital Group's internal control over financial reporting as of December 31, 2014 and, accordingly, we do not express an opinion thereon.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ML Capital Group, Inc. as of December 31, 2014 and 2013, and the results of its operations and cash flows for each of the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has a stockholder's deficit and an accumulated deficiency as of December 31, 2014. These and other factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plan regarding these matters is also described in Note 2 to the

financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

ML CAPITAL GROUP, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2014

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

ML Capital Group, Inc. (the “Company”) was incorporated in the State of Nevada on September 22, 2009.

The Company’s business consists of providing consulting services to both public and private companies, concentrating primarily on early stage companies, small businesses and emerging growth companies. The Company has embarked upon an expansion into developing products and services that are focused on the electronic cigarettes (e-cigs) industry.

On April 14, 2014 the Company amended their Articles of Incorporation increasing the authorized number of shares to common stock to 500,000,000.

On May 27, 2014 the Company formed a wholly owned subsidiary Superstar Products, LLC to facilitate the purchase and sale of 3 in 1 vaporized pens.

On September 30, 2014 the Company amended their Articles of Incorporation increasing the authorized number of shares of common stock to 3,000,000,000.

On December 9, 2014 the Company amended their Articles of Incorporation to increase the authorized shares of the Company's Common Stock to 7,000,000,000 and to authorize 10,000,000 shares of the Company's preferred stock at a par value of \$0.0001.

Basis of presentation and consolidation

The consolidated financial statements include the accounts of the company and its wholly owned subsidiary. All intercompany balances and transactions are eliminated in consolidation.

Revenue recognition

Pursuant to the guidance of ASC Topic 605 and ASC Topic 360, the Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the purchase price is fixed or determinable and collectability is reasonably assured. The Company derived its revenue from consulting service and the revenue is recognized as services are provided. The Company recognizes revenue from product sales during the period in which the product is delivered, which is generally at the point of sale.

Inventories

Inventories are stated at the lower of cost of market using the first-in; first-out (FIFO) cost method of accounting.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the U.S. requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses, and the related disclosures at the date of the financial statements and during the reporting period. Actual results could materially differ from these estimates. Significant estimates include the valuation of stock-based compensation and derivative liabilities

Cash and cash equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with a maturity of three months or less and money market accounts to be cash equivalents.

Property and equipment

Property and equipment are stated at historical cost less depreciation. Cost of acquisition is inclusive of taxes, duties, freight, installation and allocated incidental expenditure during construction/ acquisition.

Fair value measurements and fair value of financial instruments

The Company adopted ASC Topic 820, Fair Value Measurements. ASC Topic 820 clarifies the definition of fair value, prescribes methods for measuring fair value, and establishes a fair value hierarchy to classify the inputs used in measuring fair value as follows:

- Level 1-Inputs are unadjusted quoted prices in active markets for identical assets or liabilities available at the measurement date.
- Level 2-Inputs are unadjusted quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, inputs other than quoted prices that are observable, and inputs derived from or corroborated by observable market data.
- Level 3-Inputs are unobservable inputs which reflect the reporting entity's own assumptions on what assumptions the market participants would use in pricing the asset or liability based on the best available information.

The carrying amounts reported in the balance sheets for accounts payable, accrued expenses and amounts due to related party approximate their fair market value based on the short-term maturity of these instruments. The Company's derivative liabilities are adjusted to fair value on a recurring basis using Level 2 inputs (See Note 5).

The following table sets forth by level within the fair value hierarchy the Company's financial liabilities that were accounted for at fair value as of December 31, 2014 and 2013:

Recurring Fair Value Measures	Level 1	Level 2	Level 3	Total
LIABILITIES:				
Fair value of derivative liability for embedded conversion options as of December 31, 2014	\$ --	\$ --	\$ 689,936	\$ 689,936
Fair value of derivative liability for embedded conversion options as of December 31, 2013	\$ --	\$ --	\$ 56,351	\$ 56,351

Income taxes

The Company utilizes ASC Topic 740, "Accounting for Income Taxes," which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial reporting amounts at each period end based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized.

The Company applied the provisions of ASC 740-10-50, "Accounting For Uncertainty In Income Taxes", which provides clarification related to the process associated with accounting for uncertain tax positions recognized in our financial statements. Audit periods remain open for review until the statute of limitations has passed. The completion of review or the expiration of the statute of limitations for a given audit period could result in an adjustment to the Company's liability for income taxes. Any such adjustment could be material to the Company's results of operations for any given quarterly or annual period based, in part, upon the results of operations for the given period. ASC Topic 740 also provides guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosures, and transition. As of December 31, 2014 and 2013, management believes the Company had no material uncertain tax positions, and will continue to evaluate for uncertain positions in the future.

The Company classifies penalties and interest related to unrecognized tax benefits as income tax expense in the Statements of Operations.

Stock-based compensation

The Company accounts for stock-based instruments issued to employees in accordance with ASC Topic 718. ASC Topic 718 requires companies to recognize in the statement of operations the grant-date fair value of stock options and other equity based compensation issued to employees. The Company accounts for non-employee share-based awards in accordance with ASC Topic 505-50.

Net loss per share of common stock

Basic net loss per common share is computed by dividing net loss available to common shareholders by the weighted average number of shares of common stock outstanding during the period. Diluted net loss per common share is computed by dividing net loss by the weighted average number of shares of common stock, common stock equivalents and potentially dilutive securities outstanding during each period. This is not included in the calculation of diluted loss per share because their impact was antidilutive. Potentially dilutive securities as of December 31, 2014 consist of:

Warrants not exercised	11,083,333
Convertible debt at December 31, 2014 conversion price	2,015,530,667
Total dilutive securities	2,026,614,000

Recent accounting pronouncements

Accounting standards that have been issued or proposed by FASB that do not require adoption until a future date are not expected to have a material impact on the financial statements upon adoption.

NOTE 2 – GOING CONCERN

The Company's financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern that contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company, as shown in the accompanying consolidated balance sheets, has a working capital deficit of \$926,742 and an accumulated deficit of \$4,550,280 as of December 31, 2014. The Company has not established any source of revenue to cover its operating costs. The Company will engage in very limited activities that must be satisfied in cash until a source of funding is secured. The Company will offer noncash consideration and seek equity lines as a means of financing its operations. If the Company is unable to obtain revenue producing contracts or

financing or if the revenue or financing it does obtain is insufficient to cover any operating losses it may incur, it may substantially curtail or terminate its operations or seek other business opportunities through strategic alliances, acquisitions or other arrangements that may dilute the interests of existing stockholder. The financial statements do not include any adjustments that might be necessary if the Company is unable to continue as a going concern.

NOTE 3 – RELATED PARTY TRANSACTIONS

The Company's president from time to time, provided advances to the Company for working capital purposes. At December 31, 2013, the Company had a payable to the president of \$6,556, which was repaid during the year ended December 31, 2014. These advances are due on demand, non-interest bearing and are included in due to related party on the accompanying consolidated balance sheets.

Since inception, the Company has utilized office space of an affiliate.

During the year ended December 31, 2014 the Company's consulting revenue, totaling \$2,250 was from an entity controlled by a relative of the Company's president.

During the year ended December 31, 2014 the Company paid its president and chief executive officer, Lisa Nelson, compensation totaling \$150,000.

On April 17, 2014 the Company issued 400,000 shares of common stock to one of the directors with a value of \$28,560.

On November 17, 2014 the Company issued 2,000,000 shares of common stock to one of the directors with a value of \$3,200.

On November 17, 2014 the Company issued 3,000,000 shares of common stock to one of the directors with a value of \$4,800.

NOTE 4 – CONVERTIBLE NOTES PAYABLE

On June 7, 2012, the Company entered into a convertible promissory note agreement with Morgan Wells Inc. Pursuant to the convertible promissory note agreement, the Company issued a note in the principal amount of \$5,000. The note bears interest at the default rate of 22% per annum and matured on December 7, 2012. The note is in default. The Holder shall have the right from time to time to convert all or any part of the outstanding and unpaid principal amount of this note into fully paid and non-assessable shares of common stock. The conversion price shall be 75% of the lowest closing market price for the Company's stock during the previous 20 trading days.

The Company determined that, prior to June 2013, the conversion feature of the convertible note did not meet the criteria of an embedded derivative and therefore the conversion feature was not bi-furcated and accounted for as a derivative because the Company was a private company, there was no quoted price and no active market for the Company's common stock and any common shares issued upon conversion were not readily convertible to cash.

Since the convertible note included an embedded conversion feature that did not qualify to be bi-furcated as a derivative, management evaluated this feature to determine whether it meets the definition of a beneficial conversion feature ("BCF") within the scope of ASC 470-20, "Debt with Conversion and Other Options". The Company recorded a discount for the beneficial conversion feature of \$5,000, which was amortized into interest expense through maturity in December 2012. During the year ended December 31, 2014, the note holder elected to convert \$2,500 of principal into 2,500,000 shares of common stock. The remaining principal outstanding of December 31, 2014 was \$2,500.

In October 2013, the Company issued a convertible promissory note in the principal amount of 28,666. The note bears interest at the rate of 8% per annum and matured July 18, 2014. The note was convertible into shares of the Company's common stock after 180 days at 50% of the average of the lowest 2 trading prices during the 10 trading days immediately preceding the conversion date. The embedded conversion feature was required to be recorded as a derivative liability adjusted to fair value at each reporting date. The Company recorded an initial derivative liability of \$75,331, of which \$28,666 was recorded as a discount against the note and \$46,665 was recorded as derivative expense. The fair value of the derivative as of December 31, 2013 was \$54,501. The Company recorded amortization of the discount of \$19,452 and \$9,214 for the year ended December 31, 2014 and 2013, respectively. The carrying value of the note as of December 31, 2013, was \$7,548, net of remaining discount of \$19,452. On May 5, 2014 the Company issued 1,120,519 shares of common stock upon the conversion of the \$27,000 convertible debt and \$1,145 of accrued interest. No amounts remain outstanding as of December 31, 2014.

On February 28, 2014, the Company issued a convertible promissory note in the principal amount of \$30,000. The note bears interest at the rate of 8% per annum and matured February 28, 2015. The note is convertible into shares of the Company's common stock after 180 days at 50% of the average of the lowest 2 trading prices during the 10 trading days immediately preceding the conversion date. The embedded conversion feature is required to be recorded as a derivative liability adjusted to fair value at each reporting date. The Company recorded an initial derivative liability of \$32,400, debt discount of \$30,000 and derivative expense of \$2,400 for the year ended December 31, 2014. The debt discount of \$30,000 is being amortized into interest expense over the term of the note. During the year ended December 31, 2014, the Company issued 35,170,991 shares of common stock upon conversion of \$23,034 of principal and \$1,302 of accrued interest. NOTE 7 – INCOME TAXES

The Company has incurred aggregate cumulative net operating losses of approximately \$1,022,000 for income tax purposes as of December 31, 2014. The net operating loss carries forward for United States income taxes, which may be available to reduce future years' taxable income. These carry forwards will expire, if not utilized, starting in 2030 through 2032. Management believes that the realization of the benefits from these losses appears not more than likely due to the Company's limited operating history and continuing losses for United States income tax purposes. Accordingly, the Company has provided a 100% valuation allowance on the deferred tax asset to reduce the asset to zero. Management will review this valuation allowance periodically and make adjustments as necessary.

The tax effects of temporary differences that give rise to significant portions of deferred tax assets at December 31, 2014 and 2013 are as follows:

	2014	2013
Deferred tax assets:		
Net operating loss carry forward	\$ 347,480	\$ 22,440
Total gross deferred tax assets	347,480	22,440
Less: valuation allowance	(347,980)	(22,440)
Net deferred tax assets	\$ -	\$ -

The valuation allowance at December 31, 2014 and 2013 was \$347,480 and \$22,440, respectively. The increase in valuation allowance during 2014 and 2013 was \$325,040 and \$5,440, respectively.

The Company's effective income tax rate differs from the statutory rate due to permanent differences related to stock-based compensation and the change in valuation allowance.

NOTE 8 – LEASE

On May 16, 2013 the Company signed a lease for 950 square feet of space with the lease commencing on July 1, 2013 and expiring on August 1, 2015. Under the terms of the lease the Company paid monthly lease rental of \$900 per month plus estimated CAM and taxes from July 1, 2013 through December 31, 2013. The Company is further obligated to pay monthly rental of \$950 plus CAM and taxes through the term of the lease ending July 31, 2015.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

On December 3, 2013 Premier Media Services, Inc filed a civil suit (Premier Media Services, Inc. v ML Capital Group Inc., Case No. CC2014215992RC. North Mesa Justice Court, CA) claiming damages of \$4,450 of unpaid fees and legal costs and shares received at a value of \$5,000 for breach of contract and to release the shares held. Premier claims the Company terminated the contract on 30 day notice while the contract required a 90 day notice. The Company has counter claimed that Premier breached the contract and did not act in good faith while committing fraud and enjoying unjust enrichment. The Company announced the resolution of this dispute on September 5, 2014. Premier Media Services agreed to accept \$1,000.00 and return 125,000 shares of Common Stock to the Company. The terms of the agreement has been fulfilled by both parties all claims and counterclaims were dismissed with prejudice on August 28, 2014.
