Lamperd Less Lethal Receives \$172,000 USD Purchase Order -- Largest International Order to Date

Initial Order from New International Police Services Customer for Guns and Ammunition Booked Through Lamperd Distributor Security PRO USA

SARNIA, Ontario, April 02, 2019 (GLOBE NEWSWIRE) -- via NEWMEDIAWIRE -- Lamperd Less Lethal, Inc. (OTC PINK: LLLI), an innovation leader and manufacturer of advanced security solutions for law enforcement, military and security agencies worldwide, has just received a signed purchase order for guns and ammunition from an important new international police services customer. The value of this initial order for Lamperd products is totaled at \$172,000 USD which represents the largest international order that the company has received to date. A substantial down payment has already been received by Lamperd. Further, there will be an associated training course for an additional fee as part of this order. The customer has also requested quotations on other Lamperd products which may be ordered subsequently.

Product order delivery is expected within the next several weeks with full payment due before shipment. This order will be shipped directly from Lamperd's manufacturing facility in Sarnia, Ontario to the customer's location overseas. There will be no need for any transit through the United States on this order which will reduce costs and regulatory compliance issues.

This significant order was developed and booked by California based Security PRO USA (<http://www.securityprousa.com>), one of Lamperd's newer distributors which came on in 2018. Security PRO USA is a very well established company with management and representatives who have extensive backgrounds and experience in the field of security protection on a global scale. Lamperd is extremely pleased to have a new working relationship with Security PRO USA which has now begun to yield tangible sales results that will benefit both companies as well as provide new customers with the finest less lethal solutions available today.

Barry Lamperd, CEO of Lamperd Less Lethal, commented, "Security PRO USA is doing an outstanding job in identifying and contacting new customers all over the world who are experiencing increasing needs for effective and safe Public Order tactical solutions including the guns and ammunition rounds which have just been ordered as a result of their efforts. We intend to further develop our marketing programs with Security PRO USA this year as they expand their efforts to bring in more clients and orders from their many established contacts around the world. We are also looking forward to Security PRO USA's marketing of Lamperd products in the United States where they are based since we are now setting up American Reserve Munitions, outside Boise, Idaho as the Master Distributor warehouse for direct shipment to US customers."

Hunter Solsona, EVP of Security PRO USA, stated, "We are specifically recommending Lamperd Less Lethal products to many of our customers who are seeking the highest quality of manufacturing and design as well as accredited research reports to support the products' advertised specifications and capabilities. Very few other companies in field of less lethal weapons can deliver the level of effective, safe and certified products and services which Lamperd can. We intend to introduce many more users of these products to the Lamperd solutions and look forward to a very successful marketing program with Barry Lamperd and his team."

About the Company

Lamperd Less Lethal, Inc.
