Explanatory Note

This Amendment No. 1 (“Amendment”) to the Annual Report on Form 10-K of Stifel Financial Corp. (the “Company”) for the fiscal year ended December 31, 2015, as filed with the Securities and Exchange Commission (“SEC”) on March 1, 2016 (the “Original Form 10-K”), is being filed for the purpose of updating Items 6, 7, and 8 of Part II. In the Original Form 10-K, the Consolidated Statements of Operations, the Consolidated Statements of Comprehensive Income, and Notes to the Consolidated Financial Statements were incorrectly labeled ‘Unaudited.’ Additionally, in this Amendment, we are adjusting the Original Form 10-K for immaterial clerical errors we identified in Management’s Discussion and Analysis of Financial Condition and Results of Operations and Consolidated Statement of Cash Flows and immaterial adjustments to Note 3 and Note 9 to the Consolidated Financial Statements.

Pursuant to Rule 12b-15 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), this Form 10-K/A also contains currently dated certifications pursuant to Sections 302 and 906 of the Sarbanes-Oxley Act of 2002. This Form 10-K/A also contains a currently dated consent of Ernst & Young LLP, the Company’s independent registered public accounting firm. Accordingly, Item 15 of Part IV has been amended in its entirety to include the currently dated certifications as exhibits.

Certain statements in this report may be considered forward-looking. Statements that are not historical or current facts, including statements about beliefs and expectations, are forward-looking statements. These forward-looking statements cover, among other things, statements made about general economic, political, regulatory, and market conditions, the investment banking and brokerage industries, our objectives and results, and also may include our belief regarding the effect of various legal proceedings, management expectations, our liquidity and funding sources, counterparty credit risk, or other similar matters. Forward-looking statements involve inherent risks and uncertainties, and important factors could cause actual results to differ materially from those anticipated, including those factors discussed below under “Risk Factors” in Item 1A as well as those discussed in “External Factors Impacting Our Business” included in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in Part II, Item 7 of this report.

Because of these and other uncertainties, our actual future results may be materially different from the results indicated by these forward-looking statements. In addition, our past results of operations do not necessarily indicate our future results. We undertake no obligation to publicly release any revisions to the forward-looking statements or reflect events or circumstances after the date of this document.

ITEM 1. BUSINESS

Stifel Financial Corp. is a Delaware corporation and a financial holding company headquartered in St. Louis. We were organized in 1983. Our principal subsidiary is Stifel, Nicolaus & Company, Incorporated (“Stifel”), a full-service retail and institutional wealth management and investment banking firm. Stifel is the successor to a partnership founded in 1890. Our other subsidiaries include Century Securities Associates, Inc. (“CSA”), an independent contractor broker-dealer firm; Keefe, Bruyette & Woods, Inc. (“KBW”), Miller Buckfire & Co. LLC (“Miller Buckfire”), Sterne, Agee & Leach, Inc., and broker-dealer firms; Stifel Nicolaus Europe Limited (“SNEL”), our European subsidiary; Stifel Bank & Trust (“Stifel Bank”), a retail and commercial bank; 1919 Investment Counsel & Trust Company, National Association (“1919 Investment Counsel”), Stifel Trust Company, N.A. (“Stifel Trust”), and Stifel Trust Company Delaware, N.A. (“Stifel Trust Delaware”), our trust companies; and 1919 Investment Counsel, LLC (“1919”) and Ziegler Capital Management, LLC (“ZCM”), asset management firms. Unless the context requires otherwise, the terms “the Company,” “our company,” “we,” and “our,” as used herein, refer to Stifel Financial Corp. and its subsidiaries.

With a 125-year operating history, we have built a diversified business serving private clients, institutional investors, and investment banking clients located across the country. Our principal activities are:

- Private client services, including securities transaction and financial planning services;
- Institutional equity and fixed income sales, trading and research, and municipal finance;
- Investment banking services, including mergers and acquisitions, public offerings, and private placements; and
- Retail and commercial banking, including personal and commercial lending programs.

Our core philosophy is based upon a tradition of trust, understanding, and studied advice. We attract and retain experienced professionals by fostering a culture of entrepreneurial, long-term thinking. We provide our private, institutional, and corporate clients quality, personalized service, with the theory that if we place clients’ needs first, both our clients and our company will prosper. Our unwavering client and employee focus have earned us a reputation as one of the nation’s leading wealth management and investment banking firms.

We have grown our business both organically and through opportunistic acquisitions. Over the past several years, we have grown substantially, primarily by completing and successfully integrating a number of acquisitions, including

our acquisition of the capital markets business of Legg Mason (“LM Capital Markets”) from Citigroup in December 2005 and the following acquisitions:

- Ryan Beck Holdings, Inc. (“Ryan Beck”) and its wholly owned broker-dealer subsidiary, Ryan Beck & Company, Inc. – On February 28, 2007, we closed on the acquisition of Ryan Beck, a full-service brokerage and investment banking firm with a strong private client focus, from BankAtlantic Bancorp, Inc.
- First Service Financial Company (“First Service”) and its wholly owned subsidiary, FirstService Bank – On April 2, 2007, we completed our acquisition of First Service, and its wholly owned subsidiary FirstService Bank, a St. Louis-based Missouri commercial bank. Upon consummation of the acquisition, we became a bank holding company and a financial holding company, subject to the supervision and regulation of The Board of Governors of the Federal Reserve System. First Service now operates as Stifel Bank & Trust.

1

Edgar Filing: STIFEL FINANCIAL CORP - Form 10-K/A

- Butler, Wick & Co., Inc. (“Butler Wick”) – On December 31, 2008, we closed on the acquisition of Butler Wick, a privately held broker-dealer which specialized in providing financial advice to individuals, municipalities, and corporate clients.
- UBS Financial Services Inc. (“UBS”) – During the third and fourth quarters of 2009, we acquired 56 branches from the UBS Wealth Management Americas branch network.
- Thomas Weisel Partners Group, Inc. (“TWPG”) – On July 1, 2010, we acquired TWPG, an investment bank focused principally on the growth sectors of the economy, including technology and health care. This acquisition expanded our investment banking presence on the west coast of the United States.
- Stone & Youngberg LLC (“Stone & Youngberg”) – On October 1, 2011, we acquired Stone & Youngberg, a leading financial services firm specializing in municipal finance and fixed income securities. Stone & Youngberg’s comprehensive institutional group expanded our public finance, institutional sales and trading, and bond underwriting, particularly in the Arizona and California markets, and expanded our Private Client Group.
- Miller Buckfire – On December 20, 2012, we acquired Miller Buckfire, an investment banking firm. Miller Buckfire provides a full range of investment banking advisory services, including financial restructuring, mergers and acquisitions, and debt and equity placements.
- KBW – On February 15, 2013, we acquired KBW, an investment banking firm with a focus in the banking, insurance, brokerage, asset management, mortgage banking, real estate, and specialty finance sectors. KBW maintains industry-leading positions in research, corporate finance, mergers and acquisitions, as well as sales and trading in equities and debt securities of financial services companies.
- Fixed Income Sales and Trading Business from Knight Capital – On July 1, 2013, we completed the acquisition of the U.S. institutional fixed income sales and trading business and the hiring of the European institutional fixed income sales and trading team from Knight Capital Group, Inc. The combined teams of sales and trading professionals in the U.S. and Europe cover high-yield and investment-grade corporate bonds, asset-backed and mortgage-backed securities, loan trading, and emerging markets, as well as fixed income research in selected sectors and companies.
- Acacia Federal Savings Bank (“Acacia Federal”) – On October 31, 2013, Stifel Bank completed its acquisition of Acacia Federal Savings Bank, a federally chartered savings institution.
- ZCM – On November 30, 2013, we acquired ZCM, an asset management firm that provides investment solutions for institutions, mutual fund sub-advisory clients, municipalities, pension plans, Taft-Hartley plans, and individual investors.
- De La Rosa – On April 3, 2014, we acquired De La Rosa, a California-based public finance investment banking boutique. The addition of the De La Rosa team is expected to further strengthen our company’s position in a number of key underwriting markets in California.
- Oriel – On July 31, 2014, we completed the acquisition of Oriel, a London-based stockbroking and investment banking firm. The combination of our company and Oriel has created a significant middle-market investment banking group in London, with broad research coverage across most sectors of the economy, equity and debt sales and trading, and investment banking services.
- 1919 Investment Counsel, formerly known as Legg Mason Investment Counsel & Trust Co., National Association – On November 7, 2014, we completed the acquisition of 1919 Investment Counsel, an asset management firm and trust company that provides customized investment advisory and trust services, on a discretionary basis, to individuals, families, and institutions throughout the country.
- Merchant – On December 31, 2014, we acquired Merchant, a public finance investment banking firm headquartered in Montgomery, Alabama, which serves the Southeastern market. The strategic combination of Stifel and Merchant Capital is expected to further strengthen our company’s position in several key underwriting markets in the Southeast.
- Sterne Agee Group, Inc. – On June 5, 2015, we completed the purchase of all of the outstanding shares of common stock of Sterne Agee Group, Inc. (“Sterne Agee”), a financial services firm that offers comprehensive wealth management and investment services to a diverse client base including corporations, municipalities, and individual investors.
- Barclays’ Wealth and Investment Management – On December 4, 2015, we completed the purchase of the Barclays’ Wealth and Investment Management, Americas (“Barclays”) franchise in the U.S.

Business Segments

We operate in the following segments: Global Wealth Management, Institutional Group, and Other. For a discussion of the financial results of our segments, see Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Segment Analysis.”

Narrative Description of Business

As of December 31, 2015, we employed over 7,100 associates, including 2,891 financial advisors, of which 719 are independent contractors. As of December 31, 2015, through our broker-dealer subsidiaries, we provide securities-related financial services to over 1.5 million client accounts of customers from the United States and Europe. Our customers include individuals, corporations, municipalities, and institutions. We have customers throughout the United States, with a growing presence in the United Kingdom and Europe. No single client accounts for a material percentage of any segment of our business. Our inventory, which we believe is of modest size and intended to turn over quickly, exists to facilitate order flow and support the investment strategies of our clients. The inventory of securities held to facilitate customer trades and our market-making activities are sensitive to market movements. Furthermore, our balance sheet is highly liquid, without material holdings of securities that are difficult to value or remarket. We believe that our broad platform, fee-based revenues, and strong distribution network position us well to take advantage of current trends within the financial services sector.

GLOBAL WEALTH MANAGEMENT

We provide securities transaction, brokerage, and investment services to our clients through the consolidated Stifel branch system. We have made significant investments in personnel and technology to grow the Private Client Group over the past ten years.

Consolidated Stifel Branch System

At December 31, 2015, the Private Client Group had a network of 2,172 financial advisors located in 359 branch offices in 45 states and the District of Columbia. In addition, we have 719 independent contractors.

Our financial advisors provide a broad range of investments and services to our clients, including financial planning services. We offer equity securities; taxable and tax-exempt fixed income securities, including municipal, corporate, and government agency securities; preferred stock; and unit investment trusts. We also offer a broad range of externally managed fee-based products. In addition, we offer insurance and annuity products and investment company shares through agreements with numerous third-party distributors. We encourage our financial advisors to pursue the products and services that best fit their clients' needs and that they feel most comfortable recommending. Our private clients may choose from a traditional, commission-based structure or fee-based money management programs. In most cases, commissions are charged for sales of investment products to clients based on an established commission schedule. In certain cases, varying discounts may be given based on relevant client or trade factors determined by the financial advisor.

Our independent contractors provide the same types of financial products and services to its private clients as does Stifel. Under their contractual arrangements, these independent contractors may also provide accounting services, real estate brokerage, insurance, or other business activities for their own account. Independent contractors are responsible for all of their direct costs and are paid a larger percentage of commissions to compensate them for their added expenses. CSA is an introducing broker-dealer and, as such, clears its transactions through Stifel. Sterne clears its transactions through Sterne Agee Clearing, Inc., a wholly owned subsidiary of our company.

Customer Financing

Client securities transactions are effected on either a cash or margin basis. When securities are purchased on a margin basis, the customer deposits less than the full cost of the security in their account. We make a loan to the customer for the balance of the purchase price. Such loans are collateralized by the purchased securities. The amounts of the loans are subject to the margin requirements of Regulation T of the Board of Governors of the Federal Reserve System, Financial Industry Regulatory Authority, Inc. ("FINRA") margin requirements, and our internal policies, which usually are more restrictive than Regulation T or FINRA requirements. In permitting customers to purchase securities on

margin, we are subject to the risk of a market decline, which could reduce the value of our collateral below the amount of the customers' indebtedness.

We offer securities-based lending through Stifel Bank, which allows clients to borrow money against the value of qualifying securities for any suitable purpose other than purchasing, trading, or carrying marketable securities or refinancing margin debt. The loan requirements are subject to Regulation U of the Board of Governors of the Federal Reserve System ("Regulation U") and our internal policies, which are typically more restrictive than Regulation U. We establish approved lines and advance rates against qualifying securities and monitor limits daily and, pursuant to such guidelines, require customers to deposit additional collateral or reduce debt positions, when necessary. Factors considered in the review of securities-based lending are the amount of the loan, the degree of concentrated or restricted positions, and the overall evaluation of the portfolio to ensure proper diversification, or, in the case of concentrated positions, appropriate liquidity of the underlying collateral or potential hedging strategies. Underlying collateral for securities-based loans is reviewed with respect to the liquidity of the proposed collateral positions, valuation of securities, historic trading range, volatility analysis, and an evaluation of industry concentrations.

Asset Management

The Asset Management segment includes the operations of ZCM, 1919 Investment Counsel, Stifel Trust, and Stifel Trust Delaware. Our asset management business offers specialized investment management solutions for institutions, private clients and investment advisors. Revenues for this segment are primarily generated by the investment advisory fees related to asset management services provided for individual and institutional investment portfolios, along with mutual funds. Investment advisory fees are earned on assets held in managed or non-discretionary asset-based programs. These fees are computed based on balances either at the beginning of the quarter, the end of the quarter, or average daily assets. Consistent with industry practice, fees from private client investment portfolios are typically based on asset values at the beginning of the period while institutional fees are typically based on asset values at the end of the period. Asset balances are impacted by both the performance of the market and sales and redemptions of client accounts/funds. Rising markets have historically had a positive impact on investment advisory fee revenues as existing accounts increase in value, and individuals and institutions may commit incremental funds in rising markets. No single client accounts for a material percentage of this segment's total business.

Stifel Bank

In April 2007, we completed the acquisition of First Service, a St. Louis-based full-service bank, which now operates as Stifel Bank & Trust and is reported in the Global Wealth Management segment. Since the closing of the bank acquisition, we have grown retail and commercial bank assets from \$145.6 million on acquisition date to \$7.3 billion at December 31, 2015. Through Stifel Bank, we offer retail and commercial banking services to private and corporate clients, including personal loan programs, such as fixed and variable mortgage loans, home equity lines of credit, personal loans, loans secured by CDs or savings, and securities-based loans, as well as commercial lending programs, such as small business loans, commercial real estate loans, lines of credit, credit cards, term loans, and inventory and receivables financing, in addition to other banking products. We believe Stifel Bank not only helps us serve our private clients more effectively by offering them a broader range of services, but also enables us to better utilize our private client cash balances held on deposit at Stifel Bank, which is its primary source of funding.

INSTITUTIONAL GROUP

The Institutional Group segment includes research, equity and fixed income institutional sales and trading, investment banking, public finance, and syndicate.

Research

Our research department publishes research across multiple industry groups and provides our clients with timely, insightful, and actionable research, aimed at improving investment performance.

Institutional Sales and Trading

Our equity sales and trading team distributes our proprietary equity research products and communicates our investment recommendations to our client base of institutional investors, executes equity trades, sells the securities of companies for which we act as an underwriter, and makes a market in domestic securities. In our various sales and trading activities, we take a focused approach to serving our clients by maintaining inventory to facilitate order flow and support the investment strategies of our institutional fixed income clients, as opposed to seeking trading profits through proprietary trading. Located in various cities in the United States as well as Geneva, Zurich, London, and Madrid, our equity sales and trading team, serves over 2,200 clients globally.

The fixed income institutional sales and trading group is comprised of taxable and tax-exempt sales departments. Our institutional sales and trading group executes trades with diversification across municipal, corporate, government agency, and mortgage-backed securities.

Investment Banking

Our investment banking activities include the provision of financial advisory services principally with respect to mergers and acquisitions and the execution of public offerings and private placements of debt and equity securities. The investment banking group focuses on middle-market companies as well as on larger companies in targeted industries where we have particular expertise, which include real estate, financial services, healthcare, aerospace/defense and government services, telecommunications, transportation, energy, business services, consumer services, industrial, technology, and education.

Our syndicate department coordinates marketing, distribution, pricing, and stabilization of our managed equity and debt offerings. In addition, the department coordinates our underwriting participations and selling group opportunities managed by other investment banking firms.

4

Public Finance

Our public finance group acts as an underwriter and dealer in bonds issued by states, cities, and other political subdivisions and acts as manager or participant in offerings managed by other firms.

OTHER SEGMENT

The Other segment includes interest income from stock borrow activities, unallocated interest expense, interest income and gains and losses from investments held, compensation expense associated with the expensing of restricted stock awards with no continuing service requirements as a result of acquisitions completed during 2015, and all unallocated overhead cost associated with the execution of orders; processing of securities transactions; custody of client securities; receipt, identification, and delivery of funds and securities; compliance with regulatory and legal requirements; internal financial accounting and controls; and general administration and acquisition charges.

BUSINESS CONTINUITY

We have developed a business continuity plan that is designed to permit continued operation of business-critical functions in the event of disruptions to our St. Louis, Missouri headquarters facility. Several critical business applications are supported by our outside vendors who maintain backup capabilities. We periodically participate in testing these backup facilities. Likewise, the business functions that we run internally can be supported without the St. Louis headquarters through a combination of redundant computer facilities in other east and west coast data centers and from certain branch locations that can connect to our third-party securities processing vendor through its primary or redundant facilities. Systems have been designed so that we can route mission-critical processing activity to alternate locations, which can be staffed with relocated personnel as appropriate.

GROWTH STRATEGY

We believe our strategy for growth will allow us to increase our revenues and to expand our role with clients as a valued partner. In executing our growth strategy, we take advantage of the consolidation among mid-tier firms, which we believe provides us opportunities in our global wealth and institutional group segments. We do not create specific growth or business plans for any particular type of acquisition, focus on specific firms, or geographic expansion, nor do we establish quantitative goals, such as intended numbers of new hires or new office openings; however, our corporate philosophy has always been to be in a position to take advantage of opportunities as they arise, while maintaining sufficient levels of capital. We intend to pursue the following strategies with discipline:

- Further expand our private client footprint in the U.S. We have expanded the number of our private client branches from 39 at December 31, 1997 to 359 at December 31, 2015, and our branch-based financial advisors from 262 to 2,172 over the same period. In addition, assets under management have grown from \$11.7 billion at December 31, 1997 to \$234.1 billion at December 31, 2015. Through organic growth and acquisitions, we have built a strong footprint nationally. Over time, we plan to further expand our domestic private client footprint. We plan on achieving this through recruiting experienced financial advisors with established client relationships and continuing to selectively consider acquisition opportunities as they may arise.
- Further expand our institutional business both domestically and internationally. Our institutional equity business is built upon the premise that high-quality fundamental research is not a commodity. The growth of our business over the last 10 years has been fueled by the effective partnership of our highly rated research and institutional sales and trading teams. We have identified opportunities to expand our research capabilities by taking advantage of market disruptions. As of December 31, 2015, our research department was ranked the second largest research department, as measured by domestic equities under coverage, by StarMine. Our goal is to further monetize our research platform by adding additional institutional sales and trading teams and by placing a greater emphasis on client management.
- Grow our investment banking business. By leveraging our industry expertise, our product knowledge, our research platform, our experienced associates, our capital markets strength, our middle-market focus, and our private client

network, we intend to grow our investment banking business. The merger with TWPG in 2010, our acquisition of Miller Buckfire in 2012, the merger with KBW in 2013, and the acquisitions of De La Rosa and Oriel in 2014, has accelerated the growth of our investment banking business through expanded industry, product, and geographic coverage, including capital raising for startup companies, particularly from the venture community. We believe our position as a middle-market-focused investment bank with broad-based and respected research will allow us to take advantage of opportunities in the middle market and continue to align our investment banking coverage with our research footprint.

·Focus on asset generation within Stifel Bank and offer retail and commercial banking services to our clients. We believe the banking services provided through Stifel Bank strengthen our existing client relationships and help us recruit financial advisors

5

seeking to provide a full range of services to their private clients. We intend to increase the sale of banking products and services to our private and corporate clients.

· Establishment of Stifel Trust. During 2011, we received approval from the Office of the Comptroller of the Currency (“OCC”) to form a trust company. Stifel Trust provides a wide range of trust, investment, agency, and custodial services for our individual and corporate clients. We intend to expand our offering of trust services to our private client group clients. We have expanded our trust capabilities with the acquisition of 1919 Investment Counsel during 2014 and Barclays’ Wealth Trust in 2015. These businesses have been merged and operate as Stifel Trust.

· Approach acquisition opportunities with discipline. Over the course of our operating history, we have demonstrated our ability to identify, effect, and integrate attractive acquisition opportunities. We believe the current environment and market dislocation will continue to provide us with the ability to thoughtfully consider acquisitions on an opportunistic basis.

COMPETITION

We compete with other securities firms, some of which offer their customers a broader range of brokerage services, have substantially greater resources, and may have greater operating efficiencies. In addition, we face increasing competition from other financial institutions, such as commercial banks, online service providers, and other companies offering financial services. The Financial Modernization Act, signed into law in late 1999, lifted restrictions on banks and insurance companies, permitting them to provide financial services once dominated by securities firms. In addition, recent consolidation in the financial services industry may lead to increased competition from larger, more diversified organizations.

As we enter our 125th year in business, we continue to rely on the expertise acquired in our market area, our personnel, and our equity capital to operate in the competitive environment.

REGULATION

Financial Holding Company Regulation

Under U.S. law, we are a bank holding company that has elected to be a financial holding company under the Bank Holding Company Act of 1956, as amended (“BHCA”). Consequently, our company and its business activities are subject to the supervision, examination, and regulation of the Federal Reserve Board. The BHCA and other federal laws subject bank and financial holding companies to particular restrictions on the types of activities in which they may engage and to a range of supervisory requirements and activities, including regulatory enforcement actions for violations of laws and regulations. Supervision and regulation of bank holding companies, financial holding companies, and their subsidiaries are intended primarily for the protection of depositors and other clients of banking subsidiaries, the deposit insurance fund of the Federal Deposit Insurance Corporation (“FDIC”), and the banking system as a whole, but not for the protection of stockholders or other creditors.

As a financial holding company, we are permitted: (1) to engage in other activities that the Federal Reserve Board, working with the Secretary of the Treasury, determines to be financial in nature, incidental to an activity that is financial in nature, or complementary to a financial activity and that do not pose a substantial risk to the safety and soundness of depository institutions or the financial system generally, or (2) to acquire shares of companies engaged in such activities. We may not, however, directly or indirectly acquire the ownership or control of more than 5% of any class of voting shares, or substantially all of the assets, of a bank holding company or a bank without the prior approval of the Federal Reserve Board.

In order to maintain our status as a financial holding company, we must remain “well capitalized” and “well managed” under applicable regulations. Failure to meet one or more of the requirements would mean, depending on the requirements not met, that we could not undertake new activities, make acquisitions other than those permitted generally for bank holding companies, or continue certain activities.

Subsidiary Regulation

The securities industry in the United States is subject to extensive regulation under federal and state laws. The Securities and Exchange Commission (“SEC”) is the federal agency charged with the administration of the federal securities laws. Much of the regulation of
