Long Term Incentive Plan Changes and Form Agreements

Clearwater Paper Corporation (the “Company”) is modifying its long-term incentive program for 2019. The Company’s named executive officers will receive their 2019 long-term incentive plan awards in the following proportions:

Percentage of Long-Term Equity Award	
Restricted Stock Units Performance Shares	
Named Executive Officers	30% 70%

For named executive officers the 2019-2021 performance share grant will be based on objective company-wide financial metrics as follows:

- 70% of performance share award based on Free Cash Flow performance
- 30% of performance share award based on ROIC performance

Free Cash Flow will be measured over a three-year period based on cumulative GAAP operating cash minus \$50 million maintenance expense for each year of the period to focus on reduction of debt levels and return of capital to shareholders. ROIC, or return on invested capital, will be measured over a three-year period to focus on the delivery of financial results from the Company’s strategic initiatives and related capital expenditures.

Additionally, the Company will use relative total stockholder return (“TSR”) measured against the S&P MidCap 600 Index as a modifier to the 2019-2021 performance share award to provide for a plus or minus 25% adjustment in performance shares earned based on Free Cash Flow and ROIC performance up to a maximum 200% payout in total.
