## VIAD CORP

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

#### Note 1. Overview and Basis of Presentation

#### Nature of Business

We are an international experiential services company with operations principally in the United States, Canada, the United Kingdom, continental Europe, and the United Arab Emirates. We are committed to providing unforgettable experiences to our clients and guests. We operate through three reportable business segments: GES North America, GES EMEA (collectively, "GES"), and Pursuit.

#### GES

GES is a global, full-service live events company offering a comprehensive range of services to the world's leading brands and event organizers. GES' clients include event organizers and corporate brand marketers. Event organizers schedule and run the event from start to finish. Corporate brand marketers include exhibitors and domestic and international corporations that want to promote their brands, services and innovations, feature new products, and build business relationships. GES serves corporate brand marketers when they exhibit at shows and when GES is engaged to manage their global exhibit program or produce their proprietary corporate events.

#### Services and Products Offered

GES provides a full suite of services and products for event organizers and corporate brand marketers through the following lines of business:

Core Services. GES provides official contracting services and products, including the design and production of experiences, material handling, rigging, electrical, and other on-site event services.

Event Technology. GES offers a comprehensive range of event technology services, including event accommodation solutions, registration and data analytics, and event management tools.

Audio-Visual. GES offers a variety of high-impact multi-media services and technology, including video production, lighting design, digital studio services, entertainment services and talent coordination, projection mapping, and computer rental and support.

## Markets Served

GES provides the above services and products across four live event markets: Exhibitions, Conferences, Corporate Events, and Consumer Events (collectively, "Live Events").

Exhibitions facilitate business-to-business and business-to-consumer sales and marketing. Conferences facilitate attendee education and may also include an expo or trade show to further facilitate attendee education and to facilitate business-to-business and business-to-consumer sales and marketing. Corporate events facilitate attendee education of the sponsoring company's products or product ecosystem.

Consumer events entertain, educate, or create an experience, typically around a specific genre. Pursuit

Pursuit is a collection of inspiring and unforgettable travel experiences that include world-class recreational attractions, unique hotels and lodges, food and beverage, retail, sightseeing, and ground transportation services.

Services and Products Offered

Pursuit comprises four lines of business: Attractions, including food and beverage services and retail operations; Hospitality, including food and beverage services and retail operations; Transportation; and Travel Planning. Services offered by these lines of business (or a subset of these) include admissions, accommodations, transportation, and travel planning. Products offered include food and beverage and retail operations.

## Markets Served

Pursuit provides the above services and products across the following geographic markets:

The Banff Jasper Collection is a leading travel and tourism provider in the Canadian Rockies in Alberta, Canada with two lodging properties in Banff National Park, one lodging property in Jasper National Park, five world-class recreational attractions, food and beverage services, retail operations, sightseeing and transportation services.
The Alaska Collection is a leading travel and tourism provider in Alaska with two lodging properties and a sightseeing excursion in Denali National Park and Preserve, a lodge in Talkeetna, Alaska's top-rated wildlife and glacier cruise, and two lodging properties located near Kenai Fjords National Park. The Alaska Collection also provides food and beverage services and retail operations.

•The Glacier Park Collection is an operator of seven lodging properties, 12 retail shops, and 11 dining outlets in and around Glacier National Park in Montana and Waterton Lakes National Park in Alberta, Canada, with a leading share of rooms in the Glacier Park market.

FlyOver:

- oFlyOver Canada, located in Vancouver, British Columbia, is a recreational attraction that provides a virtual flight ride experience that combines motion seating, spectacular media, and visual effects including wind, scents, and mist to give the unforgettable experience of flying across Canada.
- oFlyOver Iceland is a recreational attraction currently being built in Reykjavik, Iceland that will provide a virtual flight ride experience over some of Iceland's most spectacular scenery and natural wonders with the same technology effects of wind, scents, and mist as FlyOver Canada. We are scheduled to open our new attraction in July 2019.

oFlyOver Las Vegas is a newly announced expansion of our virtual flight ride theater concept into Las Vegas, Nevada. This new attraction will provide guests an exhilarating virtual flight experience over some of the most spectacular scenery and natural wonders of the American Southwest. We expect to open our new attraction in 2021. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and with the instructions to Form 10-Q and Article 10 of Regulation S-X for interim financial information. Accordingly, these financial statements do not include all of the information required by GAAP or SEC rules and regulations for complete financial statements. These financial statements reflect all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of the results for the interim periods presented. Interim results are not necessarily indicative of the results for the full year. These unaudited condensed consolidated financial statements should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2018, filed with the SEC on February 27, 2019 ("2018 Form 10-K").

The condensed consolidated financial statements include the accounts of Viad and its subsidiaries. We have eliminated all significant intercompany account balances and transactions in consolidation.

Impact of Recent Accounting Pronouncements

The following table provides a brief description of recent accounting pronouncements:

Date of Effect on the financial adoption statements

Standard	Description	Date of adoption	Effect on the financial statements
Standards 1	Recently Adopted		
ASU 2016-02, Leases (Topic 842)	The amendment increases transparency and comparability by requiring the recognition of a right-of-use asset and a lease liability on the balance sheet. The standard also requires more detailed disclosures to enable users of financial statements to understand the nature, amount, timing, and uncertainty of cash	January 1, 2019	We adopted ASU 2016-02 and its related amendments (collectively, "Topic 842") on January 1, 2019 using the optional transition method. Under this method of adoption, a cumulative adjustment to retained earnings is recorded, if any, and prior periods are not restated. We determined there was no cumulative effect adjustment to retained earnings on January 1, 2019.
	flows arising from leases.		The adoption of Topic 842 did not have a material impact to our Condensed Consolidated Statement of Operations. The most significant impact related to facility and equipment leases, which were previously recorded as operating leases. Upon adoption as of January 1, 2019, we recognized an additional right-of-use asset and lease liability of \$59 million on the balance sheet. The existing deferred rent liabilities balance, resulting from historical straight-lining of operating leases, was reclassified upon adoption to reduce the measurement of leased assets. Refer to our Leases Significant Accounting Policy immediately following this table and Note 19 - Leases and Other for additional information.

#### Significant Accounting Policies

#### Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Estimates and assumptions are used in accounting for, among other things, the fair value of our reporting units used to perform annual impairment testing of recorded goodwill; allowances for uncollectible accounts receivable; provisions for income taxes, including uncertain tax positions; valuation allowances related to deferred tax assets; liabilities for losses related to self-insured liability claims; liabilities; assumptions used to measure pension and postretirement benefit costs and obligations; assumptions used to determine share-based compensation costs under the fair value method; assumptions used to determine the redemption value of redeemable noncontrolling interests; and allocation of purchase price of acquired businesses. Actual results could differ from these and other estimates.

#### **Revenue Recognition**

Revenue is measured based on a specified amount of consideration in a contract with a customer, net of commissions paid to customers and amounts collected on behalf of third parties. We recognize revenue when a performance obligation is satisfied by transferring control of a product or service to a customer.

GES' service revenue is primarily derived through its comprehensive range of services to event organizers and corporate brand marketers including Core Services, Event Technology, and Audio-Visual. GES' service revenue is earned over time over the duration of the exhibition, conference, or corporate event, which generally lasts one to three days; however, we recognize service revenue at the close of the event when we have the right to invoice. GES' product revenue is derived from the build of exhibits and environments and graphics. GES' product revenue is recognized at a point in time upon delivery of the product.

Pursuit's service revenue is derived through its admissions, accommodations, transportation, and travel planning services. Pursuit's product revenue is derived through food and beverage and retail sales. Pursuit's revenue is recognized at the time services are performed or upon delivery of the product. Pursuit's service revenue is recognized over time as the customer simultaneously receives and consumes the benefits. Pursuit's product revenue is recognized at a point in time.

## Noncontrolling Interests

Non-redeemable noncontrolling interest represents the portion of equity in a subsidiary that is not attributable, directly or indirectly, to us. Our non-redeemable noncontrolling interest relates to the 20% equity ownership interest that we do not own in Glacier Park, Inc. We report non-redeemable noncontrolling interest within stockholders' equity in the Condensed Consolidated Balance Sheets. The

amount of consolidated net income attributable to Viad and the non-redeemable noncontrolling interest is presented in the Condensed Consolidated Statements of Operations.

Noncontrolling interests with redemption features that are not solely within our control are considered redeemable noncontrolling interests. Our redeemable noncontrolling interest relates to our 54.5% equity ownership interest in Esja Attractions ehf. ("Esja"). The Esja shareholders agreement contains a put option that gives the minority Esja shareholders the right to sell (or "put") their Esja shares to us based on a calculated formula within a predefined term. This redeemable noncontrolling interest is considered temporary equity and we report it between liabilities and stockholders' equity in the Condensed Consolidated Balance Sheets. The amount of the net income or loss attributable to redeemable noncontrolling interests is recorded in the Condensed Consolidated Statements of Operations and the accretion of the redemption value is recorded as an adjustment to retained earnings and is included in our earnings (loss) per share. Refer to Note 21 – Redeemable Noncontrolling Interest for additional information.

## Leases

We adopted Topic 842 on January 1, 2019, which requires the recognition of a right-of-use ("ROU") asset and lease liability on the balance sheet, and requires lessees to classify leases as either finance or operating leases. The classification of the lease determines whether the lease expense is recognized on an effective interest method basis (finance lease) or on a straight-line basis (operating lease) over the lease term. In determining whether an agreement contains a lease, we consider if we have a right to control the use of the underlying asset during the lease term in exchange for an obligation to make lease payments arising from the lease. We recognize ROU assets and lease liabilities at commencement date, which is when the underlying asset is available for use to a lessee, based on the present value of lease payments over the lease term.

Our operating and finance leases are primarily facility and equipment leases. Our facility leases are comprised mainly of manufacturing facilities, sales and design facilities, offices, storage and/or warehouses, and truck marshaling yards. These facility leases generally have lease terms ranging up to 42 years. Our equipment leases are comprised mainly of vehicles, hardware, and office equipment, each with various lease terms.

We made the accounting policy election not to recognize ROU assets and lease liabilities for leases with a term of twelve months or less. We elected to apply the package of practical expedients permitted under Topic 842 transition guidance, which among other things, allowed us to carry forward our historical lease classifications. We also elected the practical expedient to not separate non-lease components from lease components, and payments associated with fixed non-lease components are included in measuring the ROU asset and lease liability.

If a lease contains a renewal option that is reasonably certain to be exercised, then the lease term includes the optional periods in measuring a ROU asset and lease liability. Variable leases and variable non-lease components are not included in the calculation of the ROU asset and corresponding lease liability. For facility leases, variable lease costs include the costs of common area maintenance, taxes, and insurance for which we pay our lessors an estimate that is adjusted to actual expense on a quarterly or annual basis depending on the underlying contract terms. These variable lease payments are expensed as incurred. Upon the adoption of Topic 842, our accounting for finance leases, previously referred to as capital leases, remains substantially unchanged from prior guidance. Our lease agreements do not contain any significant residual value guarantees or restrictive covenants.

Substantially all of our lease agreements do not specify an implicit borrowing rate, and as such, we utilize an incremental borrowing rate based on lease term and by country, in order to calculate the present value of our future lease payments. The discount rate represents a risk-adjusted rate on a secured basis, and is the expected rate at which we would borrow funds to satisfy the scheduled lease liability payment streams commensurate with the lease term and the country. On January 1, 2019, the discount rate used on existing leases at adoption was extrapolated based on the

remaining lease term and the country using available data as of that date. For new or renewed leases starting in 2019, the discount rate is determined using available data at lease commencement and based on the lease term and country including any reasonably certain renewal periods.

We are also a lessor to third party tenants who either lease certain portions of facilities that we own or sublease certain portions of facilities that we lease. Lease income from owned facilities is recorded as rental income and sublease income from leased facilities is recorded against lease expense in the Condensed Consolidated Statements of Operations. All of our leases for which we are the lessor are classified as operating leases under Topic 842.

Note 2. Revenue and Related Contract Costs and Contract Liabilities

GES' performance obligations consist of services or product(s) outlined in a contract. While multi-year contracts are often signed for recurring events, the obligations for each occurrence are well defined and conclude upon the occurrence of each event. The obligations are typically the provision of services and/or sale of a product in connection with an exhibition, conference, or other event. Revenue for services is recognized when we have a right to invoice at the close of the exhibition, conference, or corporate event, which

typically lasts one to three days. Revenue for consumer events is recognized over the duration of the event. Revenue for products is recognized either upon delivery to the customer's location, upon delivery to an event that we are serving, or when we have the right to invoice, generally at the close of the exhibition, conference, or corporate event. Payment terms are generally within 30-60 days and contain no significant financing components.

Pursuit's performance obligations are short-term in nature. They include the provision of a hotel room, an attraction admission, a chartered or ticketed bus or van ride, the fulfillment of travel planning itineraries, and/or the sale of food, beverage, or retail products. Revenue is recognized when the service has been provided or the product has been delivered. When credit is extended, payment terms are generally within 30 days and contain no significant financing components.

## **Contract Liabilities**

GES and Pursuit typically receive customer deposits prior to transferring the related product or service to the customer. These deposits are recorded as a contract liability and recognized as revenue upon satisfaction of the related contract performance obligation(s). GES also provides customer rebates and volume discounts to certain event organizers that are recorded as contract liabilities and are recognized as a reduction of revenue. These amounts are included in the Condensed Consolidated Balance Sheets under the captions "Contract liabilities" and "Other deferred items and liabilities."

Changes to contract liabilities are as follows:

(in thousands)	
Balance at December 31, 2018	\$35,600
Cash additions	45,450
Revenue recognized	(14,945)
Foreign exchange translation adjustment	236
Balance at March 31, 2019	\$66,341
Contract Costs	

GES capitalizes certain incremental costs incurred in obtaining and fulfilling contracts. Capitalized costs principally relate to direct costs of materials and services incurred in fulfilling services of future exhibitions, conferences, and events, and also include up-front incentives and commissions incurred upon contract signing. Costs associated with preliminary contract activities (i.e. proposal activities) are expensed as incurred. Capitalized contract costs are expensed upon the transfer of the related goods or services and are included in cost of services or cost of products, as applicable. The deferred incremental costs of obtaining and fulfilling contracts are included in the Condensed Consolidated Balance Sheets under the captions "Current contract costs" and "Other investments and assets."

Changes to contract costs are as follows:

(in thousands)	
Balance at December 31, 2018	\$21,478
Additions	18,484
Expenses	(13,295)
Cancelled	(3)
Foreign exchange translation adjustment	92
Balance at March 31, 2019	\$26,756

As of March 31, 2019, capitalized contract costs consisted of \$2.2 million to obtain contracts and \$24.6 million to fulfill contracts. We did not recognize an impairment loss with respect to capitalized contract costs for the three months ended March 31, 2019 or 2018.

## Disaggregation of Revenue

The following tables disaggregate GES and Pursuit revenue by major product line, timing of revenue recognition, and markets served:

Viad Corp Omnibus Incentive Plan

We grant share-based compensation awards to our officers, directors, and certain key employees pursuant to the 2017 Viad Corp Omnibus Incentive Plan (the "2017 Plan"). The 2017 Plan has a 10-year life and provides for the following types of awards: (a) incentive and non-qualified stock options; (b) restricted stock and restricted stock units; (c) performance units or performance shares; (d) stock appreciation rights; (e) cash-based awards; and (f) certain other stock-based awards. In June 2017, we registered 1,750,000 shares of common stock issuable under the 2017 Plan. As of March 31, 2019, there were 1,580,999 shares available for future grant under the 2017 Plan.

## PUP Awards

The vesting of PUP award shares is based upon achievement of certain performance-based criteria. The performance period of the shares is three years.

During the three months ended March 31, 2019, we granted PUP awards with a grant date fair value of \$4.3 million of which \$1.7 million are payable in shares. Liabilities related to PUP awards were \$2.7 million as of March 31, 2019 and \$7.0 million as of December 31, 2018. In 2019, PUP awards granted in 2016 vested and we paid \$5.6 million in cash and \$3.4 million in shares. In 2019, we withheld 25,771 shares for \$1.5 million related to tax withholding requirements on vested PUP awards paid in shares. In 2018, PUP awards granted in 2015 vested and we distributed cash payouts of \$5.9 million.

## **Restricted Stock**

As of March 31, 2019, the unamortized cost of outstanding restricted stock awards was \$4.9 million, which we expect to recognize over a weighted-average period of approximately 1.7 years. We repurchased 24,067 shares for \$1.4 million during the three months ended March 31, 2019 and 16,362 shares for \$0.9 million during the three months ended March 31, 2018 related to tax withholding requirements on vested share-based awards.

## **Restricted Stock Units**

Aggregate liabilities related to restricted stock units were \$0.2 million as of March 31, 2019 and \$0.4 million as of December 31, 2018. In February 2019, the 2016 restricted stock units vested and we distributed \$0.3 million in cash payouts. In February 2018, the 2015 restricted stock units vested and we distributed \$0.2 million in cash payouts.

# Stock Options

The following table summarizes stock option activity:

Weighted-Average

	Shares	<b>Exercise</b> Price
Options outstanding and exercisable at December 31, 2018	58,689	\$ 16.62
Exercised		\$ —
Options outstanding and exercisable at March 31, 2019	58,689	\$ 16.62

#### Note 4. Acquisition of Business

#### 2018 Acquisition

Maligne Canyon Restaurant

In March 2018, we acquired the Maligne Canyon Restaurant and Gift Shop for total cash consideration of \$6.0 million Canadian dollars (approximately \$4.6 million U.S. dollars). Transaction costs associated with the acquisition were \$24 thousand in 2018, which are included in "Cost of services" in the Condensed Consolidated Statements of Operations. These assets have been included in the consolidated financial statements from the date of acquisition.

#### Note 5. Inventories

Inventories, which consist primarily of exhibit design and construction materials and supplies, as well as retail inventory, are stated at the lower of cost (first-in, first-out and specific identification methods) or net realizable value.

The components of inventories consisted of the following:

	March 31,	December 31,
(in thousands)	2019	2018
Raw materials	\$ 12,784	\$ 12,368
Finished goods	4,817	4,261
Inventories	\$ 17,601	\$ 16,629

Note 6. Other Current Assets

Other current assets consisted of the following:

	March 31,	December 31,
(in thousands)	2019	2018
Income tax receivable	\$ 12,609	\$ 10,886
Prepaid vendor payments	4,910	4,492
Prepaid software maintenance	4,732	4,010
