PROXY STATEMENT FOR 2019 ANNUAL MEETING OF SHAREHOLDERS

The Board of Trustees (“Board”) of Physicians Realty Trust, a Maryland real estate investment trust (“we,” “us,” “Physicians Realty” or the “Company”), is soliciting proxies to be used at the Annual Meeting of Shareholders of the Company to be held at the Black Swan located at 309 N. Water Street, Suite 110, Milwaukee, Wisconsin 53202 on Tuesday, April 30, 2019 at 3:00 p.m., Central Daylight Time, and any postponement or adjournment thereof (the “Annual Meeting”).

This proxy statement and the accompanying Notice and Form of Proxy are first being mailed or made available on the Internet to shareholders on or about March 18, 2019.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

How is the Company distributing proxy materials?

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON APRIL 30, 2019

Our Notice of Annual Meeting of Shareholders, the Proxy Statement and the Company’s 2018 Annual Report are available on the following website: www.investorvote.com/DOC

In accordance with Securities and Exchange Commission (the “SEC”) rules, we have elected to mail our proxy materials to the record holders of our common shares while also furnishing our proxy materials to our shareholders over the Internet and we have instructed brokers, banks and similar intermediary organizations to provide to the beneficial shareholders that hold their common shares in “street name” (other than those beneficial shareholders who previously requested printed copy delivery) a Notice of Internet Availability of Proxy Materials containing instructions on how to access the proxy materials online (the “Notice”).

If you receive the Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. If you receive the Notice by mail and would like to receive a copy of our proxy materials, follow the instructions contained in the Notice about how you may request to receive a copy electronically or in printed form free of charge on a one-time or on-going basis. We encourage shareholders to take advantage of the availability of the proxy materials on the Internet as we believe electronic delivery will expedite the receipt of materials while lowering costs and reducing the environmental impact of our Annual Meeting by reducing printing and mailing of full sets of materials.

In addition to this proxy statement, our proxy materials include our 2018 Annual Report, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the “Form 10-K”). Copies of the Form 10-K, as well as other periodic filings by the Company with the SEC, also are available in the Investor Relations section of our website (www.docreit.com) under the tab “SEC Filings.” The information included in our website is not incorporated

herein by reference.

What proposals will be voted on at the Annual Meeting?

Four proposals will be voted on at the Annual Meeting:

- The election of eight trustees to serve until the next annual meeting of shareholders and until their respective successors are duly elected and qualified;

• The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019;

1

• The approval on a non-binding advisory basis of the compensation paid to the Company's named executive officers; and

• The approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan.

What are the Board's recommendations?

Our Board unanimously recommends that you vote:

• "FOR" the election of eight trustees to serve until the next annual meeting of shareholders and until their respective successors are duly elected and qualified (Proposal 1);

• "FOR" the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019 (Proposal 2);

• "FOR" the non-binding advisory approval of executive compensation (Proposal 3); and

• "FOR" the approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan (Proposal 4).

What happens if additional matters are presented at the Annual Meeting?

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders, John T. Thomas, Jeffrey N. Theiler and John W. Lucey, or any of them, will have discretion to vote on those matters in accordance with his or their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Who is entitled to vote?

Shareholders of record at the close of business on February 25, 2019 (the "Record Date") may vote at the Annual Meeting. As of the close of business on the Record Date, there were 182,417,778 of our common shares and 5,178,291 of our OP Units not held by the Company outstanding. Each common share is entitled to one vote on all matters being considered at the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of all the votes entitled to be cast at the Annual Meeting on any matter will constitute a quorum. Both abstentions and broker non-votes (as discussed under "What vote is required to approve each item?") are counted for the purpose of determining the presence of a quorum.

What is the difference between holding shares as a registered shareholder and holding shares in street name?

If your common shares are owned directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered a registered holder of those common shares.

If your common shares are held by a broker, bank or nominee, you hold those common shares in street name. Your broker, bank or other nominee will vote your common shares as you direct.

How do I vote?

Whether you hold shares as the shareholder of record or in street name, you may direct how your shares are voted without attending the Annual Meeting. Even if you plan to attend the Annual Meeting, we encourage you to vote in advance of the meeting in order to ensure that your vote is counted.

Shareholders of Record. As a shareholder of record, you may vote in person at the meeting, send a representative to the meeting with a signed proxy to vote on your behalf, or vote by authorizing a proxy by completing, signing and dating a proxy card and mailing it in the accompanying pre-addressed envelope in accordance with the instructions included on your proxy card.

Beneficial (“Street Name”) Shareholders. The broker, bank or similar intermediary that holds your common shares in an account is considered to be the holder of record for purposes of voting at the meeting. As a beneficial owner, you have the right to direct the intermediary how to vote the common shares held in your account. You may vote by submitting voting instructions to your broker, bank, trustee or other intermediary in accordance with the Notice, including by submitting a voting form provided to you by such intermediary. If you wish to vote at the meeting, you must obtain a legal proxy issued in your name from the broker, bank or nominee that holds your common shares giving you the right to vote the common shares.

You can ensure your vote is cast at the meeting by completing, signing, dating and returning your proxy card or voting form. Your vote will be cast in accordance with the instructions included on a properly signed and dated proxy card or voting form.

If you do not return a signed proxy card or voting form (or, if you are a beneficial owner, otherwise submit your vote in accordance with the instructions provided in the Notice) or attend the Annual Meeting in person or by representative and vote, no vote will be cast on your behalf. The proxy card indicates on its face the number of common shares registered in your name at the close of business on the Record Date, which number corresponds to the number of votes you will be entitled to cast at the meeting on each proposal.

You are urged to follow the instructions on your proxy card or your Notice and voting form, as applicable, to indicate how your vote is to be cast.

If you return your signed proxy but do not indicate your voting preferences, your common shares will be voted on your behalf as follows:

•“FOR” the election of eight trustees to serve until the next annual meeting of shareholders and until their respective successors are duly elected and qualified (Proposal 1);

•“FOR” the ratification of the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019 (Proposal 2);

•“FOR” the non-binding advisory approval of executive compensation (Proposal 3); and

•“FOR” approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan (Proposal 4).

Can I change my vote or revoke my proxy?

If you are a shareholder of record, you may revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with the Secretary of the Company a written notice of revocation or deliver, prior to the vote at the Annual Meeting, a valid, later-dated proxy. Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting. If you are a beneficial owner, you may change your vote by submitting new voting instructions (including a voting form) to your broker, bank or nominee, or, if you have obtained a legal proxy from your broker, bank or nominee giving you the right to vote your common shares, by attending the meeting and voting in person.

Edgar Filing: Physicians Realty Trust - Form DEF 14A

What vote is required to approve each item?

Item	Vote Required	Broker Discretionary Voting Allowed
Proposal 1 - The election of eight trustees to serve until the next annual meeting of shareholders and until their respective successors are duly elected and qualified	Majority of Votes Cast	No
Proposal 2 - The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019	Majority of Votes Cast	Yes
Proposal 3 - The non-binding advisory approval of executive compensation	Majority of Votes Cast	No
Proposal 4 - The approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan	Majority of Votes Cast	No

With respect to Proposal 1, which is an uncontested election, the vote of a majority of all of the votes cast at a meeting at which a quorum is present is necessary for the election of a trustee. For purposes of the election of trustees, votes cast do not include abstentions or broker non-votes, and therefore, abstentions and broker non-votes will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. You may vote "FOR" each nominee or "WITHHOLD" your vote as to each nominee. Each nominee receiving more "FOR" votes than "WITHHOLD" votes will be elected. Proxies may not be voted for more than eight trustees.

With respect to Proposal 2, the affirmative vote of a majority of all of the votes cast at a meeting at which a quorum is present is required for the ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019. Votes cast do not include abstentions, and therefore, abstentions will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. Because brokers are entitled to vote on Proposal 2 without specific instructions from beneficial owners, there will be no broker non-votes on this matter. You may vote "FOR", "AGAINST" or "ABSTAIN." The Company's charter and bylaws do not require that the shareholders ratify the selection of the Company's independent registered public accounting firm. However, the Company is submitting the appointment of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders do not ratify the selection, the audit committee will reconsider whether or not to retain Ernst & Young LLP. Even if the selection is ratified, the audit committee, in its discretion, may change the appointment at any time during the year, if it determines that such a change would be in the best interests of the Company and its shareholders.

With respect to Proposal 3, the affirmative vote of a majority of the votes cast at a meeting at which a quorum is present is required for the non-binding advisory approval of executive compensation. Votes cast do not include abstentions or broker non-votes, and therefore, abstentions and broker non-votes will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. You may vote "FOR", "AGAINST" or "ABSTAIN."

With respect to Proposal 4, the affirmative vote of a majority of the votes cast at a meeting at which a quorum is present is required for approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan. Votes cast does not include broker non-votes, and therefore, broker non-votes will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. Abstentions will have the same effect as votes against the proposal. You may vote "FOR", "AGAINST" or "ABSTAIN."

Edgar Filing: Physicians Realty Trust - Form DEF 14A

If your common shares are held in “street name,” and you do not instruct the broker as to how to vote these shares on Proposal 1, 3, or 4, the broker may not exercise discretion to vote for or against those proposals. This would be a “broker non-vote” and these shares will not be counted as having been voted on the applicable proposal. With respect to Proposal 2, the broker may exercise its discretion to vote for or against that proposal in the absence of your instruction. Please instruct your bank or broker so your vote can be counted.

Is cumulative voting permitted for the election of trustees?

No. The Company's declaration of trust and bylaws do not permit cumulative voting at any election of trustees.

How are proxies solicited?

The costs and expenses of soliciting proxies from shareholders will be paid by the Company. Employees, officers and trustees of the Company may solicit proxies. In addition, we will, upon request, reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to the beneficial owners of common shares.

What is householding?

The SEC has adopted rules that allow a company to deliver a single Notice or set of proxy materials to an address shared by two or more of its shareholders. This method of delivery, known as "householding", permits us to realize significant cost savings and reduces the amount of duplicate information shareholders receive. In accordance with notices sent to shareholders sharing a single address, we are sending only one set of proxy materials (or one Notice, if applicable) to that address unless we have received contrary instructions from a shareholder at that address. Any shareholders who object to, or wish to begin, householding may notify the Secretary orally or in writing at the telephone number or address, as applicable, set forth herein. In addition, shareholders who are receiving multiple copies of these materials now and wish to receive just one set of materials in the future may also notify the Secretary orally or in writing at the telephone number or address, as applicable, set forth herein. We will deliver promptly an individual copy of the proxy materials (or one Notice, if applicable) to any shareholder who revokes its consent to householding upon our receipt of such revocation.

Who counts the votes?

Computershare Trust Company, N.A., our transfer agent, will act as inspector of elections and certify the voting results.

How do I find out the voting results?

We will announce preliminary voting results at the Annual Meeting. We will disclose the final voting results in a Current Report on Form 8-K to be filed with the SEC on or before May 6, 2019. The Form 8-K will be available at our website (www.docreit.com) under the tab "SEC Filings" and on the SEC's website at <http://www.sec.gov>.

What do I need to do if I would like to attend the Annual Meeting?

If you attend the Annual Meeting, you will be asked to present photo identification, such as a driver's license, when you arrive. If you hold your common shares in "street name", typically through a brokerage account, you also will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or a letter from your bank or broker are examples of proof of ownership. If you want to vote your common shares held in street name in person at the meeting, you must bring with you a legal proxy in your name from the broker, bank or other nominee that holds your common shares.

For directions to the Annual Meeting, you may visit our website at www.docreit.com or call us at (414) 367-5600.

What is the deadline for shareholder proposals for the 2020 Annual Meeting?

Edgar Filing: Physicians Realty Trust - Form DEF 14A

The deadline for submitting a shareholder proposal for inclusion in the proxy materials to be distributed by the Company in connection with the 2020 Annual Meeting of Shareholders pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is November 19, 2019. Such proposals must comply with SEC regulations under Rule 14a-18 of the Exchange Act regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

In addition, our bylaws contain additional advance notice requirements for shareholders who wish to present a proposal, including shareholder nominees for election to the Board, before an annual meeting of shareholders (and not pursuant to Rule 14a-8 of the Exchange Act). According to our bylaws, with respect to an annual meeting of shareholders, nominations of individuals for election to our Board at an annual meeting and the proposal of other business to be considered by shareholders may be made only (i) pursuant to our notice of the meeting, (ii) by or at the direction of our Board or (iii) by a shareholder of record both at the time of giving of notice and at the time of the annual meeting, who is entitled to vote at the meeting and has complied with the advance notice provisions set forth in our bylaws. Our bylaws require the shareholder to

provide notice in writing to the Secretary containing the information required by our bylaws not less than 120 days nor more than 150 days prior to the first anniversary of the date our proxy statement is released to our shareholders for the preceding year's annual meeting. As a result, any notice given by or on behalf of a shareholder pursuant to these provisions of the bylaws (and not pursuant to Rule 14a-8 of the Exchange Act) must be received no earlier than October 20, 2019 and no later than November 19, 2019. However, if we hold our 2020 Annual Meeting of Shareholders more than 30 days from the first anniversary of this year's Annual Meeting, then in order for notice by the shareholder to be timely, such notice must be delivered not less than 120 days nor more than 150 days prior to the date of the 2020 Annual Meeting, as originally convened, or the 10th day following the date on which public announcement of the date of the 2020 Annual Meeting is first made.

A shareholders' notice must set forth the information required by our bylaws with respect to each matter the shareholder proposes to bring before the annual meeting.

All notices of proposals by shareholders, whether or not intended to be included in the Company's proxy materials, should be sent to Physicians Realty Trust, Board c/o Office of the Secretary, 309 N. Water Street, Suite 500, Milwaukee, WI 53202.

PROPOSAL 1

ELECTION OF TRUSTEES

Board of Trustees and Nominees

The Board currently consists of eight trustees and the term of all of the trustees expires at the Annual Meeting. Upon recommendation of the nominating and corporate governance committee of the Board, the Board has proposed that the following eight nominees be elected to the Board at the Annual Meeting, each of whom will hold office for a one-year term until the next annual meeting of shareholders and until his or her successor has been duly elected and qualified: John T. Thomas, Governor Tommy G. Thompson, Stanton D. Anderson, Mark A. Baumgartner, Albert C. Black, Jr., William A. Ebinger, M.D., Pamela J. Kessler and Richard A. Weiss. Unless otherwise instructed, it is the intention of the persons named as proxies on the accompanying proxy card to vote shares represented by properly executed proxies for such nominees. The proxies solicited by this proxy statement may not be voted for more than eight nominees. Biographical information about each of the nominees is provided below.

Required Vote

Pursuant to our bylaws, in uncontested elections (which is the case for the Annual Meeting), the nominees for election to the Board who receive a majority of all of the votes cast for the election of trustees shall be elected trustees. Each nominee receiving more "FOR" votes than "WITHHOLD" votes will be elected. Proxies may not be voted for more than eight trustees and shareholders may not cumulate votes in the election of trustees. With respect to Proposal 1, votes cast does not include abstentions or broker non-votes, and therefore, abstentions and broker non-votes will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum.

In accordance with our corporate governance guidelines, if an incumbent trustee who is nominated for election to the Board fails to receive the required number of votes for re-election, the trustee is required to tender his or her resignation promptly following the Annual Meeting; in which case, within 90 days following certification of the shareholder vote, the nominating and corporate governance committee will determine whether to recommend that the Board accept the trustee's resignation, and upon submission of the nominating and corporate governance committee's recommendation to the Board, the Board will decide and act on the matter in its discretion. The nominating and corporate governance committee and the Board may consider any factors they deem relevant in deciding whether to recommend or accept a trustee's resignation. In general, any trustee who tenders his or her resignation will not participate in the nominating and corporate governance committee recommendation or Board action regarding whether to accept the resignation offer. The Company will disclose promptly the Board's decision regarding whether to accept or reject the trustee's resignation offer and its rationale for such decision in a Current Report on Form 8-K.

Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unavailable to serve. If any nominee is unable or declines to serve as trustee at the time of the Annual Meeting, an event that the Company does not currently anticipate, proxies will be voted for any nominee designated by the Board to fill the vacancy. If elected at the Annual Meeting, each of the nominees would serve a one-year term until the 2020 Annual Meeting of Shareholders and until his or her successor is duly elected and qualified, or until his or her earlier death, resignation or removal. Unless otherwise instructed, the proxy holders will vote the proxies received by them "FOR" the nominees named above.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Profile

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our shareholders. Notable features of our corporate governance structure include the following:

- our Board is not staggered, with each of our trustees subject to re-election annually;
- seven of our eight trustees are independent under the New York Stock Exchange (the “NYSE”) rules and Rule 10A-3 under the Exchange Act;
- all of our audit committee members qualify as “audit committee financial experts” as defined by the SEC;
- we opted out of the business combination and control share acquisition statutes in the Maryland General Corporation Law;
- we do not have a shareholder rights plan; and
- each of the audit committee, compensation committee, and nominating and corporate governance committee is comprised solely of independent trustees.

Our trustees stay informed about our business by attending meetings of our Board and its committees and through supplemental reports and communications. Our non-management trustees meet regularly in executive sessions without the presence of our corporate officers.

Board Leadership Structure

Mr. Thomas currently serves as our President and Chief Executive Officer and Governor Thompson currently serves as the Non-Executive Chairman of the Board. Pursuant to the Company’s bylaws, the Board may, but is not required to, designate a Chief Executive Officer. In the absence of such designation, the Chairman of the Board shall be the Chief Executive Officer of the Company. The Board has no policy with respect to the separation of the offices of Chairman of the Board and the Chief Executive Officer as the Board believes that it is in the best interests of the Company and its shareholders to make that determination from time to time based on the needs of the Company and the Board. The Board has determined that separating the roles of Chief Executive Officer and Chairman is currently in the Company’s best interests and those of the Company’s shareholders.

Role of the Board in Risk Oversight

One of the key functions of our Board is informed oversight of our risk management process. Our Board administers this oversight function directly, with support from its four standing committees, the audit committee, the compensation committee, the nominating and corporate governance committee, and the finance and investment committee, each of which addresses risks specific to its respective area of oversight. In particular, our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The audit committee also oversees our information and technology risks (including cybersecurity), monitors compliance with legal and regulatory requirements, and oversees the performance of our internal audit function. Our compensation committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking. Our nominating and corporate governance

committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our finance and investment committee monitors our investments and financing activities, approves certain financial transactions including equity and debt financings, amendments to our credit facilities and other indebtedness, and from time to time approves specific investments in healthcare properties by the Company.

Board Meetings

The Board held twelve meetings during fiscal 2018. Each of our trustees attended at least 75% of the aggregate number of meetings held by the Board. In addition, each of our trustees attended at least 75% of the aggregate number of

12

meetings held by the committees on which such trustee served during fiscal 2018, with the exception of Mr. Anderson who attended two of the three compensation committee meetings held in 2018.

The non-management members of the Board also meet regularly in executive sessions without management present. Governor Thompson, the Non-Executive Chairman of the Board, serves as presiding trustee of these executive sessions.

Board Committees

Our Board has established four standing committees: an audit committee, a compensation committee, a nominating and corporate governance committee, and a finance and investment committee. The principal functions of each committee are described below. We comply with the listing requirements and other rules and regulations of the NYSE, as amended or modified from time to time, and each of the audit committee, compensation committee, and nominating and corporate governance committee is comprised exclusively of independent trustees. Additionally, our Board may from time to time establish certain other committees to facilitate the management of our company.

The audit committee, compensation committee, and nominating and corporate governance committee each operate under charters approved by our Board, which charters are available in the Investor Relations section of our website (www.docreit.com) under the tab “Governance Documents.”

Audit Committee

Our audit committee consists of Mr. Baumgartner, who serves as Chairman, Mr. Anderson, and Ms. Kessler. The Board has determined that each member of the audit committee is “independent” based on the NYSE’s listing rules and that each member of the audit committee also satisfies the additional independence requirements of the SEC for members of audit committees. In addition, the Board has determined that each member of the audit committee is “financially literate” within the meaning of the listing standards of the NYSE and that each of Mr. Baumgartner, Mr. Anderson, and Ms. Kessler is an “audit committee financial expert” as that term is defined by the applicable SEC regulations and the listing standards of the NYSE.

We have adopted an audit committee charter, which details the principal functions of the audit committee, including oversight related to:

- our accounting and financial reporting processes;
- the integrity of our consolidated financial statements and financial reporting process;
- our systems of disclosure controls and procedures and internal control over financial reporting;
- our compliance with financial, legal and regulatory requirements;
- the annual evaluation of the qualifications, independence and performance of our independent registered public accounting firm;
- the performance of our internal audit function; and
- our overall risk profile.

The audit committee is responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The audit committee considers whether the independent registered public accounting firm is qualified and able to provide effective and efficient service, based on factors such as the independent registered public accounting firm's familiarity with the Company's industry, business, personnel, culture, accounting systems or risk profile; the appropriateness of fees charged; and whether the retention of the independent registered public accounting firm would enhance the Company's ability to manage or control risk or improve the quality of the audit. The audit committee meets with the independent registered public accounting firm at least quarterly, both together with management and separately, to review and discuss significant matters related to the audit and/or the quarterly reviews of financial statements. The audit committee also approves the audit committee report required by SEC regulations to be included in our annual proxy statement.

The audit committee also reviews and ratifies any related party transaction identified and presented to the committee under the Company's Insider Trading Policy.

The audit committee held four meetings during fiscal 2018. The report of the audit committee is included in this proxy statement.

Compensation Committee

The compensation committee consists of Mr. Anderson, who serves as Chairman, Dr. Ebinger, and Governor Thompson. The Board has determined that each member of the compensation committee is "independent" based on the NYSE's listing rules and also meets the NYSE's additional requirements for membership on the compensation committee.

Our compensation committee charter details the principal compensation-related functions of the compensation committee, including:

at least annually, review and approve the corporate goals and objectives relevant to our chief executive officer's compensation, evaluate our chief executive officer's performance in light of such goals and objectives as well as each current trustee and consider the results of such evaluation when determining whether or not to recommend the nomination of such trustee for an additional term;

at least annually, review and approve all compensation for all officers, including our chief executive officer, and all other employees of the company or its subsidiaries who are executive vice president and above;

periodically review and recommend to the Board the amount and composition of compensation for trustees;

at least annually, review the compensation philosophy of the Company;

- review our executive compensation policies and plans;

develop, periodically review, and recommend to the Board a succession plan for the Chief Executive Officer and other executive officers;

implement and administer our incentive compensation equity-based remuneration plans;

review and discuss with management the Compensation Discussion and Analysis ("CD&A") and determine whether to recommend to the Board that the CD&A be included in the annual proxy statement;

produce a report of the compensation committee to be included in our annual proxy statement; and

oversee any clawback policy relating to executive compensation.

The compensation committee held three meetings during fiscal 2018.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee consists of Mr. Black, who serves as Chairman, Mr. Weiss, and Governor Thompson. The Board has determined that each member of the nominating and corporate governance

committee is “independent” based on the NYSE’s listing rules.

Our nominating and corporate governance committee charter details the principal governance-related functions of the nominating and corporate governance committee, including:

- identify and recommend to the full Board qualified candidates for election as trustees and recommend nominees for election as trustees at the annual meeting of shareholders;

- recommend candidates to fill any vacancies on the Board;

- in connection with the recommendation of candidates for election as trustees or to fill a vacancy on the Board, consider diversity in terms of perspective, background, experience, gender, race and ethnic or national origin;

- recommend to the Board nominees for each committee of the Board;
- develop and recommend to the Board corporate governance guidelines and implement and monitor such guidelines;
 - review and make recommendations on matters involving the general operation of the Board, including board size and composition, and committee composition and structure;
- annually facilitate the assessment of the Board's performance and effectiveness;
- oversee the evaluation of the Board and management;
- make recommendations to the Board regarding governance matters, including the Company's organizational documents and committee charters; and
- at least annually, consider and discuss with management the Company's code of business conduct and ethics and the procedures in place to enforce the code of business conduct and ethics.

The nominating and corporate governance committee held three meetings during fiscal 2018.

Finance and Investment Committee

The function of the finance and investment committee is to review and approve the Company's (i) capital structure and financing activities, and (ii) investments in healthcare properties. Mr. Weiss, Mr. Black, Dr. Ebinger, Mr. Thomas, and Governor Thompson serve as members of the finance and investment committee, with Mr. Weiss serving as the Chairman. Our Board has determined that, other than Mr. Thomas, each member of the finance and investment committee is "independent" under NYSE rules.

Our finance and investment committee operates pursuant to a written charter. Unless otherwise determined by the Board, the committee shares in the responsibility for consulting with management on, and approving on behalf of the Board, all strategies, plans, policies and actions relating to: (i) capital structure; (ii) equity and debt financings, including public and private securities offerings; and (iii) credit facilities and loans, hedging and other financing transactions subject to investment parameters established by the Board for the Company. From time to time, the committee will also review and approve or recommend to the full Board specific investments in healthcare properties by the Company.

The finance and investment committee held four meetings during fiscal 2018.

Trustee Independence

Under the listing requirements and rules of the NYSE, independent trustees must comprise a majority of a listed company's board of directors. The nominating and corporate governance committee recommended to the Board, and the Board determined, that of the eight persons who serve on our Board, the following seven trustees are "independent" based on the NYSE's listing rules, Rule 10A-3 under the Exchange Act and the Company's corporate governance guidelines: Messrs. Anderson, Black, Baumgartner and Weiss, Dr. Ebinger, Ms. Kessler and Governor Thompson. Each member of our nominating and corporate governance committee is independent based on the NYSE's listing rules.

Edgar Filing: Physicians Realty Trust - Form DEF 14A

The nominating and corporate governance committee recommended to the Board, and the Board determined, that each member of the audit committee is “independent” based on the NYSE’s listing rules and that each member of the audit committee also satisfies the additional independence requirements of SEC rules and regulations for members of audit committees.

The nominating and corporate governance committee recommended to the Board, and the Board determined, that each member of the compensation committee is “independent” based on the NYSE’s listing rules and also meets the NYSE’s additional independence requirements for membership on a compensation committee.

In making the independence determinations, our Board broadly considers all relevant facts and circumstances, including the current and prior relationships that each non-employee trustee has with us and the beneficial ownership of our common shares by each non-employee trustee. In assessing the independence of certain trustees, the Board considered immaterial, ordinary course and arm’s-length rental payments received from two health care systems that are tenants at four of

our properties, and as of January 1, 2019, three of our properties. Based on the assessments, the Board determined that none of the trustees had a relationship with our company or our management that, in the judgment of the Board, would impair the trustee's independence.

A copy of the Company's corporate governance guidelines is available in the Investor Relations section of our website (www.docreit.com) under the tab "Governance Documents."

Compensation Committee Interlocks and Insider Participation

The compensation committee is comprised of three non-employee, independent trustees: Mr. Anderson, who serves as Chairman, Dr. Ebinger, and Governor Thompson. During fiscal 2018, Mr. Black also served as a member of the compensation committee until May 3, 2018. No current or former member of the compensation committee is or was formerly an officer or an employee of the Company or had any related person transaction required to be disclosed in which the Company was a participant during the last fiscal year. In addition, no executive officer of the Company serves on the compensation committee or board of directors of a company for which any of the Company's trustees serves as an executive officer.

Trustee Nominees

The nominating and corporate governance committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new trustees as well as the composition of the Board as a whole. This assessment includes an analysis of trustees' qualifications under the categorical standards for independence listed above, as well as consideration of diversity, age, skills and experience in the context of the Board's needs. Nominees for trusteeship are selected by the nominating and corporate governance committee in accordance with the policies and principles in its charter and the corporate governance guidelines. The nominating and corporate governance committee considers trustee candidates recommended by its members and other Board members, as well as by management and shareholders. In addition, the nominating and corporate governance committee may engage the assistance of a professional search firm. All potential trustee candidates are reviewed by the nominating and corporate governance committee in consultation with the Chairman and the Chief Executive Officer. The nominating and corporate governance committee decides whether to recommend one or more candidates to the Board for nomination.

The nominating and corporate governance committee may consider the following criteria, among others it deems appropriate, in recommending candidates for election to the Board: (i) personal and professional integrity, ethics and values; (ii) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (iii) experience in the Company's industry; (iv) experience with relevant social policy concerns; (v) experience as a board member of another publicly held company; (vi) ability and willingness to commit adequate time to the Board and its committee matters; (vii) the fit of the individual's skills with those of the other members of the Board and potential members of the Board in the building of a board that is effective, collegial and responsive to the needs of the Company; (viii) academic expertise in an area of the Company's operations; and (ix) practical and mature business judgment. In addition to the criteria set forth above, the nominating and corporate governance committee considers diversity for trustee nominees in terms of perspective, background, experience, gender, race and ethnic or national origin. The nominating and corporate governance committee endeavors to include women and minority candidates in each pool of candidates from which new trustee nominees are chosen.

Trustee Nomination Procedure

Our bylaws provide that, with respect to an annual meeting of shareholders, nominations of individuals for election to our Board at an annual meeting and the proposal of other business to be considered by shareholders may be made only (i) pursuant to our notice of the meeting, (ii) by or at the direction of our Board or (iii) by a shareholder of record both

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

This Compensation Discussion and Analysis describes the compensation paid to our named executive officers (“NEOs”), provides information about the goals and key elements of our executive compensation program, and discusses the objectives behind the compensation decisions for our NEOs made by the Compensation Committee of the Board of Trustees (the “Compensation Committee”). This section focuses on the 2018 compensation program applicable to our NEOs who are listed below and appear in the Summary Compensation Table of this proxy statement:

John T. Thomas - President and Chief Executive Officer
Jeffrey N. Theiler - Executive Vice President - Chief Financial Officer
D. Deeni Taylor - Executive Vice President - Chief Investment Officer
Mark D. Theine - Executive Vice President - Asset and Investment Management
Bradley D. Page - Senior Vice President - General Counsel

Executive Summary

Executive Compensation Principles

Our executive compensation program is designed to attract, motivate and retain our executives, including our NEOs, each of whom is critical to our long-term success. Our executive compensation program is based upon and reflects three core principles:

Compensation is significantly performance-based: We provide a competitive total compensation package with payouts dependent upon the degree to which performance measures are met or exceeded. We regularly review our performance measures to ensure that they provide a balanced assessment of overall Company performance.

Compensation is designed to attract and retain effective leadership: We regularly benchmark our compensation programs against the competitive market, and compare both fixed and variable compensation that is tied to short- and long-term performance goals to similar compensation of our competitors. We use the results of this analysis as context when making compensation adjustments.

Executive officer compensation goals are aligned with shareholder interests: Long-term equity awards, including awards that vest based on performance over multiple years, align management’s interests with those of our shareholders. In order to emphasize long-term shareholder returns, we require significant stock ownership among executives through the use of stock ownership guidelines.

Our Compensation Committee, which is comprised solely of independent trustees, is responsible for oversight of our executive compensation program and determines the compensation paid to our executive officers, including the type and amounts of total compensation paid or awarded to our NEOs. The Compensation Committee reaches decisions on executive compensation using input from a variety of sources, including an independent compensation consultant. A significant portion of our executives’ compensation is performance-based, which we believe ensures that a substantial portion of the compensation of our NEOs is directly aligned with our shareholders’ interests and the three core principles outlined above.

Compensation Best Practices

Edgar Filing: Physicians Realty Trust - Form DEF 14A

The Compensation Committee and management periodically review the compensation and benefit programs for executives and other employees to align them with the three core principles discussed above. Additionally, we benchmark both compensation and Company performance against peer companies in our industry in evaluating the appropriateness of our compensation. We have implemented a number of measures in an effort to align the interests of the Company's executives with those of our shareholders, while also driving performance and achievement of long-term goals. Some highlights of our executive compensation program include the following best practices and features:

What we do:

- Link annual incentive compensation to the achievement of pre-established corporate and individual performance goals;
- Provide our long-term compensation in the form of performance-based restricted stock units;
- Balance short-term and long-term incentives;
- Cap payouts for short-term and long-term incentive awards;
- Align executive compensation with shareholder returns through long-term incentives;
- Use appropriate peer groups when establishing compensation;
- Maintain stock ownership guidelines;
- Include clawback provisions in employment agreements with our NEOs and in our bonus plan;
- Include “double-trigger” change in control provisions in employment agreements with our NEOs;
- Conduct an annual compensation risk assessment of our compensation policies and practices; and
- Use an independent compensation consultant.

What we don't do:

- Provide tax gross-ups for executive officer compensation;
- Provide extensive perquisites to our executive officers;
- Generally guarantee salary increases, bonuses or equity grants; and
- Allow for “single-trigger” change in control cash payments.

2018 Financial and Operational Highlights

Fiscal 2018 was a strong year operationally for our company. During 2018, the Company completed acquisitions of 4 operating healthcare properties, and 1 land parcel, for an aggregate purchase price of approximately \$252.8 million. In addition, the Company completed \$11.8 million of loan transactions, and \$6.4 million of noncontrolling interest buyouts, resulting in total investment activity of approximately \$271.0 million. The Company also acquired 2 properties and 1 adjacent land parcel through the conversion and satisfaction of a previously outstanding construction loan. Additionally, the Company acquired 2 parcels of land, which it had previously leased, as the result of a lease restructuring arrangement and equity recapitalization. The Company also selectively sold 34 properties located in 9 states, for an aggregate total sales price of \$220.4 million.

We have grown our portfolio of gross real estate investments from approximately \$124 million at the time of our initial public offering in July 2013 to approximately \$4.4 billion as of December 31, 2018. As of December 31, 2018, our portfolio consisted of 252 healthcare properties located in 30 states with approximately 13,624,598 net leasable square feet, which were approximately 95.7% leased with a weighted average remaining lease term of approximately 8 years.

Our stock price has increased from \$11.50 at the time of our initial public offering in July 2013 to \$16.03 as of December 31, 2018. In addition, we have paid a quarterly dividend of \$0.225 on shares of our common stock each quarter beginning with the quarter ended December 31, 2013 through March 31, 2017 and a quarterly dividend of \$0.23 on shares of our common stock each quarter beginning June 30, 2017 through December 31, 2018. Cumulative total return of an investment in our common shares has outperformed both the S&P 500 and the MSCI US REIT Index (RMS) from the date of our initial public offering through December 31, 2018.

2018 Compensation Changes

During 2018, we made certain changes to our compensation program for NEOs, including the following:

- Increased base salary for one NEO in 2018; all other NEOs had their base salaries frozen for 2018;
- Changed some of the performance goals and weightings under the 2018 annual incentive award;
- Changed the target payout amounts for Executive Vice Presidents and Senior Vice Presidents, and reduced the maximum payout amount for all NEOs except the CEO under the 2018 annual incentive award; and
- Changed some of the performance goals and weightings under the 2018 long-term incentive award.

Participants in the Compensation Process

Our executive compensation program is administered and overseen by our independent Compensation Committee with assistance from our executives and an independent compensation consultant retained by the committee. Generally, the

amount and composition of compensation paid to our executives is determined by analyzing, among other things, compensation data and pay practices from our peer group, as well as our own performance and financial and strategic goals. In addition, the Compensation Committee solicits the opinions of various constituents discussed below, as we believe feedback from varying perspectives serves the best interests of our shareholders in setting effective compensation standards and goals.

Role of the Compensation Committee

The Compensation Committee approves the compensation of each of our executive officers, including the NEOs listed in the Summary Compensation Table of this proxy statement. Additionally, the Compensation Committee approves the grant of the long-term incentive awards and other equity awards, and the funding of annual cash-based incentive awards. The Compensation Committee and the Board have authority to grant equity awards to executive officers.

The committee regularly reviews the Company's executive compensation and benefits policies, programs and practices and monitors applicable new rules and evolving best practices concerning executive compensation. The Compensation Committee may delegate its authority to a subcommittee or to one or more officers of the Company to the extent consistent with its charter and the Company's charter, bylaws, and applicable law and NYSE rules. However, the Compensation Committee may not delegate any of its responsibilities relating to the review and approval of the Chief Executive Officer's compensation or the compensation philosophy of the Company, or any matters that involve executive compensation or any matters where compensation is intended to be exempt from Section 16(b) under the Exchange Act pursuant to Rule 16b-3 by virtue of being approved by a committee of non-employee directors.

Compensation Committee meetings are regularly attended by committee members and usually are attended by our Chief Executive Officer. Meetings may be attended by other executives and advisors as appropriate. The committee also meets in executive sessions without members of management present. The Chairman of the Compensation Committee reports to the Board on the committee's decisions concerning, among other things, compensation of the executive officers.

The Compensation Committee also reviews and discusses with management this Compensation Discussion and Analysis section of the proxy statement and reaches a determination, on an annual basis, whether to recommend to the Board that this Compensation Discussion and Analysis section of the proxy statement be included in the Company's annual proxy statement or annual report on Form 10-K, as required by the SEC. The Compensation Committee is also responsible for overseeing any clawback policy of the Company relating to executive compensation and shareholder advisory votes with respect to executive compensation matters, including non-binding advisory votes on executive compensation, the frequency of such votes, and votes on "golden parachute" payments.

Role of the Compensation Consultant

The Compensation Committee retains its own independent compensation consultant who reports directly to the committee. The independent compensation consultant's engagement includes reviewing and advising on material aspects of the Company's NEO compensation, including base salaries, annual incentives and equity compensation. Since 2014, the Compensation Committee has engaged the services of FPL Associates L.P. ("FPL") as its independent compensation consultant. During fiscal 2018, FPL provided the following executive compensation consulting services to the Compensation Committee:

- Assist with the benchmarking and analysis of the compensation for the Company's NEOs;
- Assist with the development and analysis of peer group companies for comparison of NEO compensation;
- Identify the mix of compensation components for each NEO position;
- Provide commentary and information regarding the overall executive compensation program; and

Provide benchmarking and information on trustee compensation.

From time to time, FPL communicates with our Chief Executive Officer and other executive officers to discuss different elements and weightings of compensation and best practices and trends in executive compensation.

While the Compensation Committee considers the compensation consultant's input and advice, it uses its own independent judgment in making final decisions concerning compensation paid to the NEOs. The Compensation Committee has the full authority to retain and terminate the services of the compensation consultant as it deems necessary or appropriate.

The compensation consultant does not provide any other services to the Company. After reviewing information provided by the compensation consultant regarding its independence and considering the relevant independence factors

pursuant to applicable SEC rules and NYSE guidelines, the Compensation Committee determined that no conflicts of interest existed in connection with the services the compensation consultant performed for the Company in 2018.

Role of the Chief Executive Officer

Our Chief Executive Officer participates in the compensation determination process by consulting with the Board and the Compensation Committee on matters related to compensation, and by making compensation recommendations for the NEOs. These recommendations are based upon information provided by FPL, the Chief Executive Officer's assessment of each NEO's performance and contributions to the Company's performance, and other considerations including employee retention. The Compensation Committee considers this information, but approves and ultimately determines, based on its own independent judgment, the amounts payable to the NEOs.

Summary of the Annual Compensation Decision-Making Process

Background

Our Board established the Compensation Committee to carry out the Board's responsibilities to administer our compensation programs. The Compensation Committee has decision-making authority for the compensation of our NEOs and has independent authority to engage outside consultants and obtain input from external advisers, as well as our management team or other employees, in determining executive compensation. The Compensation Committee may retain any independent counsel, experts or advisors that it believes to be desirable and appropriate. The Compensation Committee may also use the services of the Company's regular legal counsel or other advisors to the Company. The Compensation Committee undertakes an independence assessment prior to retaining or otherwise selecting any counsel, compensation consultant, expert or other advisor that will provide advice to the committee. In conducting this independence assessment, the Compensation Committee considers factors that may be required to be considered under applicable NYSE rules from time to time, as well as best practices in this area. On at least an annual basis, the Compensation Committee evaluates whether any work performed by any compensation consultant raised any conflict of interest.

Compensation Decision-Making Process

Each year, the Chief Executive Officer meets with the Compensation Committee to review the Company's performance for the year and to discuss qualitative and quantitative performance objectives related to compensation of the NEOs. These discussions include the Chief Executive Officer's assessment of each executive's impact on overall Company performance, as well as each executive's achievements during the year. Separately, the Chief Executive Officer meets with the Board and, in addition to the topics discussed with the Compensation Committee, provides his assessment of the highlights and challenges from the year and summarizes company performance. The Chairman of the Compensation Committee then leads an executive Board session during which the non-executive trustees evaluate the Company's and the Chief Executive Officer's performance.

From August through the following February, the Chief Executive Officer, using information compiled and supplied by the independent compensation consultant, including peer group compensation information, presents compensation recommendations for the executive officers to the Compensation Committee for review and discussion. The Compensation Committee then assesses the Chief Executive Officer's and each executive officer's performance, using the information provided, including the input from the Board and benchmarking and other information provided by the independent compensation consultant, to determine the Chief Executive Officer's and each other executive officer's total target direct compensation for the ensuing year and the annual incentive payout amount for the most recently completed fiscal year. The Chief Executive Officer is not present for the Compensation Committee's discussion of his performance and compensation. In connection with the discussions described above, the Compensation Committee

uses the input from the above meetings to select the Company's peer group and determine each executive officer's total target compensation package for the ensuing year, including base salary, annual incentive target, long-term incentive award targets and equity awards. The Compensation Committee discusses its decisions regarding the compensation of the executive officers with the Board.

In general, the Compensation Committee does not consider any previous awards when determining the compensation of the NEOs.

Peer Group and Competitive Positioning

The Compensation Committee, with input and recommendations from the Company's independent compensation consultant, establishes the Company's peer group on an annual basis. The Compensation Committee uses the peer group for

compensation benchmarking and general comparison purposes. The peer group comprises companies selected on various criteria including criteria recommended by the independent compensation consultant, including size, industry, revenue, and market capitalization. FPL evaluates the continued appropriateness of each company in the peer group on an annual basis and recommends to the Compensation Committee additions and/or deletions from the prior year's peer group as may be warranted. For fiscal 2018, the Company's peer group remained the same as previously established in 2017, except that Care Capital Properties, Inc. was removed due to its merger with Sabra Health Care REIT, Inc. The 2018 peer group consisted of the following 14 public REITs, including six healthcare REITs, three industrial REITs, four office REITs and one specialty REIT:

Brandywine Realty Trust
Columbia Property Trust, Inc.
Corporate Office Properties Trust
Cousins Properties Incorporated
EastGroup Properties, Inc.
Health Care Realty Trust Incorporated
Healthcare Trust of America, Inc.
LTC Properties, Inc.
Medical Properties Trust, Inc.
National Health Investors, Inc.
QTS Realty Trust, Inc.
Sabra Health Care REIT, Inc.
STAG Industrial, Inc.
Terreno Realty Corporation

FPL evaluates the peer group based on similarities to the Company, including asset class focus, capitalization, performance and geographic location.

In order to assist the Compensation Committee in its determination of executive compensation, the Company's independent compensation consultant prepares an independent analysis of key size and performance indicators such as revenue, market capitalization, and total shareholder return compared to the companies in our peer group. This analysis is provided to the Compensation Committee so it has sufficient information on the competitiveness of pay in the context of our performance compared with that of our peers.

FPL also delivers a benchmarking analysis of the compensation paid to our NEOs and to our trustees to the Compensation Committee. This analysis compares base salary, total annual cash compensation, long-term incentive awards and total compensation to compensation components of companies in our peer group, and provides general guidance for future compensation levels. While the Compensation Committee uses this analysis to help frame its decisions on compensation, it uses its collective judgment in determining executive compensation.

The Compensation Committee does not target a specific market position relative to our peer group for the compensation elements of executive officers, but seeks to pay competitively and takes into consideration the relative positioning compared to our peer group in making compensation decisions. The Compensation Committee exercises discretion in making compensation decisions based on the following inputs: its understanding of market conditions, its understanding of competitive pay analysis, recommendations from the Chief Executive Officer regarding the executive officers, the need to retain executive talent, the Compensation Committee's overall evaluation of each executive's performance, and our overall compensation strategy, among other factors.

Total Direct Compensation for NEOs

Primary Elements of Our Executive Compensation Program

Our executive compensation program is designed to retain and motivate our executive officers, each of whom is critical to the Company's continued success and growth. The primary elements of our executive compensation program are base salary, annual cash incentive compensation, and long-term incentive compensation and equity awards. These elements were selected by the Compensation Committee because each element is considered to be important in meeting one or more of our executive compensation principles, including the three core principles discussed above.

Our fiscal 2018 long-term incentive and equity awards program generally consisted of time-based restricted common shares and performance-based restricted stock units for our NEOs. We feel this compensation package is appropriately tied to our Company's performance while also rewarding both short-term and long-term performance in a manner that encourages

retention of our NEOs. With these objectives in mind, we attempt to set realistic but challenging goals in our annual incentive and performance-based long-term incentive programs.

We evaluate the various components of compensation annually and do not set fixed percentages for each element of compensation. The total composition of compensation elements may change over time as the competitive market evolves or other market conditions which affect us change. We do not have and do not anticipate establishing any policies for allocating between long-term and currently paid compensation, or between cash and non-cash compensation. Part of our compensation determination process includes assessing the appropriate allocation between these elements of compensation on a periodic basis and adjusting our position based on market conditions and our business strategy.

Base Salary

Base salary is the fixed portion of the total compensation package for our executive officers, including our NEOs. The base salary for each NEO is determined by the Compensation Committee pursuant to the process discussed above. The base salary paid to our executive officers is generally intended to compensate executives for their qualifications and the value of their performance in a competitive market.

The Compensation Committee does not target a specific market position relative to the peer group for base salary, but seeks to pay competitively and near the median of the Company's peer group. In reaching decisions with respect to base salary, the Compensation Committee considers various factors, including peer group data for each NEO's position, the need to retain the executive and an assessment of the executive officer's contributions to the Company's performance.

The Compensation Committee reviews each executive's salary and performance every year to determine whether his or her base salary should be adjusted. Along with individual performance, we also consider salary adjustments made by other companies, including companies in our peer group, as well as our financial results from the prior year to determine appropriate salary adjustments.

2018 Base Salaries

Based on the Compensation Committee's review and consideration of the materials provided by FPL and the competitive positioning of our executives' salaries compared to our peer group, the Compensation Committee approved the salary levels set forth below for our NEOs for fiscal year 2018. The base salaries for all NEOs for 2018 remained the same as in 2017, except for Mr. Theine. Mr. Theine's base salary for 2018 was increased due to his increased responsibilities and contributions to the Company.

Officer	Fiscal 2018 Salary (\$)
John T. Thomas	800,000
Jeffrey N. Theiler	473,000
D. Deeni Taylor	473,000
Mark D. Theine	315,000
Bradley D. Page	331,000

Annual Incentive Awards

The annual incentive awards available to our executive officers are intended to reward executives for the achievement of annual goals related to key business drivers and to communicate to executives the key business goals of the Company from year to year. The Compensation Committee uses the Company's Incentive Bonus Plan (the "Bonus Plan") in general to make annual incentive awards for our executive officers based on company and individual

performance. The Compensation Committee retains discretion under the Bonus Plan to adjust individual performance goals and to reward executive officers for individual achievement not reflected in the Bonus Plan performance measures.

The Compensation Committee does not target a specific market position relative to the peer group for annual incentive awards, but seeks to pay competitively and in line with the Company's peer group. The Compensation Committee takes into consideration the relative positioning compared to our peer group in establishing the range of possible payouts under the Bonus Plan.

2018 Annual Incentive Awards

For fiscal year 2018, the Compensation Committee established annual incentive awards under the Bonus Plan based upon the achievement of corporate performance goals and individual performance goals. The corporate performance goals were based on the following measures:

- **Relative Total Shareholder Return:** the percentage rate of return during fiscal 2018 compared to the rate of return of other companies in the NAREIT Healthcare Index, assuming reinvestment of all dividends paid during 2018;
- **Net Debt to Gross Asset Value:** the average of the Company's total indebtedness at each quarter end date during fiscal year 2018, less any cash balances at same dates, divided by the value of the Company's gross assets at each such date;
- **Invested Capital:** the total gross value of REIT qualified investments made by the Company for fiscal year 2018;
- **Percentage of Investment Grade Gross Leasable Area:** the gross leasable area that is rented to an investment grade-rated tenant or a subsidiary of an investment grade-rated entity divided by the Company's total occupied GLA. For purposes of this calculation, Northside Hospital in Atlanta is considered an investment grade tenant;
- **Health System Affiliation Gross Leasable Area:** the gross leasable area leased to a health system, as defined currently by the Company, divided by total GLA; and
- **Property Management Overall Satisfaction Score:** score for multi-tenant facilities owned more than one year as of December 31, 2018 is measured by the Kingsley Customer Satisfaction Survey as reported by Kingsley in May 2018.

The Compensation Committee changed some of the performance metrics and weightings for the 2018 awards from the prior year's awards because the committee believed that achievement of these 2018 performance metrics could be influenced more directly by the executives' actions and would enhance shareholder value.

For fiscal year 2018, the Compensation Committee set the following goals and weightings for the above corporate performance measures:

Weighting as % of Annual Incentive Opportunity Under Corporate Performance Goals	Corporate Performance Goals	Threshold	Target	Max	Measurement
25.0%	Relative Total Shareholder Return	25%	50%	75%	Compared to NAREIT Healthcare Index
25.0%	Net Debt to Gross Asset Value	45%	35%	30%	Average of each quarter end date during 2018
15.0%	Invested Capital	\$50	\$250	\$500	Investments in millions
12.5%	Percentage of Investment Grade-Related GLA	50%	52%	55%	Investment grade occupied GLA
12.5%	Percentage of Health System Affiliated GLA	84%	85%	87%	Health System Affiliated GLA
10.0%	Property Management Overall Satisfaction Score	3.75	4.00	4.25	Property Management Overall Satisfaction Score for Multi-Tenant Facilities Owned Greater than One-Year

For fiscal year 2018, the Compensation Committee also established individual performance goals for the Chief Executive Officer and the other executive officers, based on recommendations from the Chief Executive Officer. The Compensation Committee evaluates the individual performance for the Chief Executive Officer and the other executive officers in making its determination of annual incentive payouts under the Bonus Plan.

Highlights of the individual performance goals achieved for each NEO for fiscal year 2018 include:

John T. Thomas - grew the Company's gross real estate investments, strategically sold selective properties to improve the overall quality of the portfolio, increased same store net operating income and total shareholder return and maintained high occupancy rates in the portfolio;

Jeffrey N. Theiler - proactively managed the Company's investment decisions and strategy, and refinanced our line of credit;

D. Deeni Taylor - sourced and procured additional investments, and enhanced the Company's underwriting process; Mark D. Theine - continued growth in property management and asset management organization and strategy, monitored and enhanced tenant satisfaction; and Bradley D. Page - managed all company-related litigation, directed any legal aspects of property acquisitions and strategic dispositions, oversaw legal department operations, insurance, and legal risk management processes, as well as performed general corporate legal matters.

The relative weight of each of the various individual performance goals for a NEO was equal; however, no single individual goal was material to the committee's decisions. Rather, the Compensation Committee considered the executive's performance against the overall individual goals and the Chief Executive Officer's assessment of each executive's overall performance.

For each NEO, the Compensation Committee also determined the relative weighting of corporate versus individual performance goals. For fiscal year 2018, the weighting for each NEO's annual incentive award was as follows:

Officer	Corporate Performance Goals	Individual Performance Goals
John T. Thomas	80%	20%
Jeffrey N. Theiler	70%	30%
D. Deeni Taylor	70%	30%
Mark D. Theine	70%	30%
Bradley D. Page	60%	40%

Based on competitive market practices for annual incentives and our compensation strategy, the Compensation Committee set a target award opportunity for each of our executive officers, which generally was well below the peer group 50th percentile. The target represents the amount of incentive compensation the executive officer would recognize when corporate and individual performance meets expected results, or is on "target." The table below reflects the payout as a percentage of an executive officer's base salary for fiscal year 2018. Maximum performance is capped at 200% of base salary for Mr. Thomas, and at 150% for all other NEOs. To simplify the presentation, certain intermediate payouts are not shown; however, payouts were determined by linear interpolation when performance occurred between the payouts levels described below. If the executive officer's performance was below threshold in all applicable corporate and individual performance measures, no annual incentive compensation would be payable.

Officer	At Threshold Achievement	At Target Achievement	At or Above Maximum Achievement
John T. Thomas	50%	100%	200%
Jeffrey N. Theiler	50%	90%	150%
D. Deeni Taylor	50%	90%	150%
Mark D. Theine	50%	90%	150%
Bradley D. Page	50%	75%	150%

2018 Annual Incentive Results

Based on the Company's performance, the Company's relative total shareholder return was in the 39th percentile of the companies comprising the NAREIT Healthcare Index, which was between threshold and target performance. The net debt to gross asset value for 2018 was 33.9%, which was between target and maximum performance. The Company's net invested capital was \$289.8 million, which was between target and maximum performance. The percentage of investment grade gross leasable area, percentage of health system affiliation gross leasable area, and property management overall satisfaction score all exceeded the maximum performance goal. These goals finished 2018 at 56.9%, 89.6%, and 4.4, respectively.

Using linear interpolation, achievement against the pre-established performance goals in the aggregate were as follows: Mr. Thomas' achievement percentage was 137.5%, Messrs. Theiler, Taylor, and Theine had an achievement

percentage of 111.4%, and Mr. Page had an achievement percentage of 104.5%. The CEO then presented his assessment of each NEO's performance against his individual performance goals.

Accordingly, based on the Compensation Committee’s assessment of the executive officers’ achievement of the corporate and individual performance goals, the following payouts were approved by the Committee to the NEOs under the Bonus Plan:

Officer	Fiscal 2018 Incentive Payout (\$)
John T. Thomas	1,099,958
Jeffrey N. Theiler	526,907
D. Deeni Taylor	526,907
Mark D. Theine	350,900
Bradley D. Page	345,882

Long-Term Incentive and Equity Awards

The Compensation Committee designed the Company’s long-term incentive program and grant of equity awards to align the interests of our executive officers with the interests of our shareholders and to reward the executive officers for the achievement of long-term goals. Our long-term incentive and equity award program is critical to the attraction and retention of key executive talent and therefore represents a significant portion of the executive officers’ total direct compensation. The Company’s 2013 Equity Incentive Plan, as approved by our shareholders (the “Equity Plan”), serves as the governing document for long-term incentive and equity awards for our executive officers.

The Compensation Committee does not target a specific market position relative to the peer group for long-term and equity incentive awards, but seeks to pay competitively and in line with the Company’s peer group. The Compensation Committee considers the relative positioning of the Company compared to the peer group in establishing the range of possible payouts under the Equity Plan. In making its determination on what type of awards to grant, the Compensation Committee considers the following:

- Peer group compensation, including the components of compensation and the total direct compensation paid to executives of peer group companies;
- General trends in long-term incentive and equity grants; and
- The effect of having the NEOs receive a significant portion of their total direct compensation in equity awards to motivate and provide an incentive for these officers and to align their interests with those of our shareholders.

2018 Long-Term Incentive and Equity Awards Program Design

The fiscal year 2018 long-term incentive and equity program comprised a combination of time-based restricted common shares and performance-based restricted stock units. The allocation between each type of equity award was determined by the Compensation Committee based on input from FPL and the Chief Executive Officer.

Based on competitive market practices for long-term incentive and equity awards and our compensation strategy, the Compensation Committee approved equity awards for each executive officer for the fiscal year 2018. Fiscal year 2018 grants were made on March 2, 2018 and the number of shares awarded was determined based on the closing price of the Company’s common shares on the grant date. Information regarding the equity awards made to the NEOs is set forth in the Grants of Plan-Based Awards in 2018 table of this proxy statement.

Officer	2018 Time-Based Restricted Common Shares (\$)	2018 Performance-Based Restricted Stock Units Target Grant (\$)	Total Target Grant (\$)
John T. Thomas	799,997	1,346,149	2,146,146
Jeffrey N. Theiler	425,694	636,730	1,062,424

Time-Based Restricted Common Shares

The Compensation Committee chose to award restricted common shares because they provide meaningful retentive value to our key executives, help smooth out market volatility and are cost efficient. The time-based restricted common shares granted in March 2018 vest in full one year after the grant date, so long as the participant remains employed by the Company.

Performance-Based Restricted Stock Units

Performance-based restricted stock units were granted to each NEO. The Compensation Committee chose to grant performance-based restricted stock units in order to motivate executives to achieve long-term strategic goals, create long-term shareholder value and provide an incentive to outperform similarly-situated companies as measured by relative total shareholder return and other metrics.

The performance-based restricted stock units vest after a three-year performance period, if at all, and are payable in common shares based on the number of restricted stock units that actually vest. The extent to which the awards will vest is contingent upon the satisfaction of the following key corporate performance goals: three-year relative shareholder return goals, investment grade rating goals, dividend growth rate goals, administrative expense goals, average three-year tenant occupancy goals, average three-year tenant satisfaction goals, and Kingsley survey improvement from 2016. The Compensation Committee added the three-year tenant occupancy and satisfaction goals to the 2018 performance based restricted stock unit awards because it believes that high levels of tenant occupancy and satisfaction over the long-term will lead to sustained stock price performance. The Compensation Committee believes that the target performance goals for the performance-based restricted stock unit awards are reasonably attainable, yet provide appropriate incentives for our executives to continue to grow our business, enhance our stock price and dividend payouts to shareholders, increase our ratings with ratings agencies, control administrative expenses, and improve tenant occupancy and satisfaction. The Compensation Committee believes that achievement of maximum performance against the goals would require exceptional performance under each of the metrics over the three-year performance period.

Settlement of Previously Granted PSU Awards

In 2019, following the completion of the three-year performance period of 2016-2018, the Company settled the performance-based restricted stock unit awards that were granted in 2016. Performance goals for these awards were established by the Compensation Committee in 2016. The metrics, weighting, threshold, target and maximum goals for each metric, and actual performance are shown in the table below:

Measurement	Weighting	Threshold	Target	Max	Actual
Relative TSR	60%	33rd percentile	50th percentile	75th percentile +	38th %
Absolute TSR	20%	5.0%	7.0%	10.0% +	7.0%
Investment Grade	10%	Investment grade	2 Investment Grade Ratings	Investment grade plus one notch	2 Investment Grade Ratings
Dividend Growth	5%	2.00%	2.25%	2.5% +	0.74%
G&A / Gross Assets	5%	1.00%	0.95%	0.9% +	0.58%

For each goal, performance below threshold would result in no vesting, performance at threshold would result in vesting of 50% of the award, performance at target would result in vesting of 100% of the award, and performance at maximum would result in vesting of 300% of the award. For performance between threshold and target or between target and maximum, linear interpolation was used.

Edgar Filing: Physicians Realty Trust - Form DEF 14A

Each of Messrs. Thomas, Theiler, Taylor, Theine, and Page was granted a 2016 performance-based restricted stock unit award and based on the actual results, the award vested at 84.0%.

Other Elements of Compensation

In addition to the primary elements of total direct compensation described above, the NEOs are eligible to participate in employee benefits and group insurance programs generally available to employees, as well as additional programs and

33

benefits described below. Further detail regarding the compensation related to these programs and benefits is provided in the Summary Compensation Table and the All Other Compensation in 2018 table, included in this proxy statement.

Post-Employment Compensation

Severance and change of control benefits are provided to our NEOs pursuant to the terms of their respective employment agreements, as well as under our incentive plans. These benefits are discussed at greater length in the section “Employment Agreements with Named Executive Officers” and “Potential Payments Upon a Change in Control and/or Termination” of this proxy statement.

401(k) Plan

The Company maintains a 401(k) plan which is intended to be a tax qualified defined contribution plan under Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”) for all eligible employees. The 401(k) plan allows all eligible employees to contribute up to 100% of their base salary and bonus, up to limits imposed by the Code. The Company adds a cash match to its 401(k) plan for all participants, including those executive officers who participate in the 401(k) plan. The Company matches 100% of the first 3% of compensation deferred as contributions plus 50% of the next 2% deferred as contributions. The 401(k) plan also allows for discretionary profit sharing contributions. Employer contributions, if any, vest immediately.

Employee Stock Purchase Plan

Our Employee Stock Purchase Plan allows all active employees, excluding certain employees who are citizens or residents of a non-U.S. jurisdiction, to purchase our common shares through payroll deductions at a 15% discount to the market price on the last trading day of the six-month purchase period. No plan participant is allowed to purchase more than \$25,000 in market value of our common shares under the plan in any calendar year, or own or hold outstanding purchase rights to purchase common shares possessing 5% or more of the total combined voting power of all classes of our capital stock. In fiscal year 2018, all NEOs participated in our Employee Stock Purchase Plan.

Dividends

Our NEOs receive dividends on unvested restricted common share awards, and accumulate dividend equivalents that are paid in cash upon vesting of performance-based restricted stock unit awards. Dividends for 2018 paid on unvested restricted common shares are disclosed in the All Other Compensation in 2018 portion of the Summary Compensation Table, and dividend equivalents are included in the grant date fair value of our performance-based restricted stock units.

Perquisites

Pursuant to the terms of their respective employment agreements, each NEO is entitled to reimbursement of up to \$10,000 annually for reasonable professional expenses to receive personal advice from certain professional advisors.

Additional Compensation Plan Features and Policies

Clawback Provision (Recovery of Incentive Payments)

Each of our NEOs’ respective employment agreements contains a clawback provision that provides that any compensation paid to the executive is subject to recovery by the Company, and the executive is required to repay such compensation, in the event of a material financial restatement. In addition, the Bonus Plan contains a similar provision

that subjects any incentive compensation paid under the Bonus Plan to recovery by the Company in the event of a similar circumstance.

Additionally, the individual award agreements for the performance-based restricted stock units granted under the Equity Plan contain a provision that subjects the awards covered by the agreements to any recoupment or “clawback” policy applied with prospective or retroactive effect.

Stock Ownership Guidelines

The Compensation Committee encourages our executive officers and trustees to own our common shares because we believe such ownership provides strong alignment of interests between executives or trustees and our shareholders. Our stock

ownership guidelines recommend that the Chief Executive Officer and other executive officers and trustees achieve the targeted level of ownership within five years of the adoption of the stock ownership guidelines or five years from the date of hire, promotion, appointment or election, as applicable, of such person. Ownership for purposes of these guidelines includes all shares owned by the officer or trustee or an immediate family member sharing the same household, restricted stock, restricted stock units, deferred stock or units and all performance stock units for which the performance conditions to vesting have been met. The determination of an individual's ownership level is reviewed annually. The chart below shows stock ownership guidelines.

Title	Guideline
Chief Executive Officer	Five times base salary
Other Executive Officers	Three times base salary
Non-Employee Trustees	Three times annual cash retainer

Hedging / Pledging Prohibitions and Insider Trading Policy

The Company maintains an insider trading policy that includes prohibitions against various trading activities in relation to the Company's securities, including prohibitions on trading using material nonpublic information acquired by our employees during the performance of their duties. Employees, including executives, are strongly discouraged from trading in the Company's securities on a short-term basis, and are encouraged to hold all securities purchased in the open market for a minimum of six months. Additionally, employees, including executives, are strongly discouraged from purchasing the Company's securities on margin or pledging the Company's securities as collateral for margin loans, engaging in hedging transactions of any kind, trading in puts, calls, and straddles on the Company's securities, conducting short sales of the Company's securities (including corresponding to positions in the Company's common shares already held by the employee), and maintaining standing or limit orders on the Company's securities (other than pursuant to a pre-approved trading plan that complies with Rule 10b5-1 under the Exchange Act). As a practical matter, the Company's insider trading policy strongly discourages employees from entering into most hedging and pledging arrangements.

Under the Company's insider trading policy, NEOs and other employees with access to material non-public information about the Company or another company are prohibited from engaging in transactions in the Company's securities during blackout periods (other than pursuant to a pre-approved trading plan that complies with Rule 10b5-1 under the Exchange Act).

Tax Deductibility Implications of Executive Compensation

The Compensation Committee reviews and considers the deductibility of executive compensation. Changes in tax laws or their interpretation and other outside factors may affect the deductibility of certain compensation payments. For example, the Tax Cuts and Jobs Act, which was signed into law on December 22, 2017, limits the deductibility of compensation paid to our NEOs to \$1 million each year for taxable years beginning after December 31, 2017. As a REIT, the Company is not subject to federal income taxes to the extent the Company distributes at least 90% of its REIT taxable income to its shareholders. As a result, the Compensation Committee has awarded compensation, including the 2018 bonuses paid to our NEOs, that is not fully tax deductible when the committee believes that doing so is in the best interests of our shareholders. The Compensation Committee reserves the right to do so in the future. If deductibility of taxable income were to become an issue, the Compensation Committee may consider various alternatives to preserve the deductibility of compensation payments to executive officers and other benefits to the extent reasonably practical and to the extent consistent with the Company's other compensation objectives. There is no guarantee that compensation payable pursuant to any of the Company's compensation programs will ultimately be deductible by the Company.

Risk Assessment

The Compensation Committee discussed and analyzed risks associated with the Company's compensation policies and practices for executive officers and employees generally. The Compensation Committee believes that the Company's compensation program and policies do not create or encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company.

Several features of the Company's compensation program and policies are designed to reduce the likelihood of excessive risk-taking by employees, including:

- The three core principles and compensation program elements discussed above are designed to align compensation goals with the interests of our shareholders;
- Compensation typically consists of a mix of fixed and performance-based compensation, with the performance-based compensation structured to reward both short- and long-term corporate performance;
- The payout amounts under the short-term and long-term incentives are capped;
- Employment agreements with NEOs as well as our Bonus Plan contain clawback provisions which generally subject compensation paid to our executives to recovery by the Company in the event of material restatements of financial results;
- A significant portion of our NEOs' total direct compensation is in the form of equity-based incentive awards that vest over multiple years; and
- The Compensation Committee exercises discretion in making compensation decisions and may reduce compensation payable to our executives.

Influence of Say on Pay Results on Executive Compensation Decisions

We provided shareholders with a "say-on-pay" advisory vote on executive compensation at the 2018 Annual Meeting of Shareholders. More than 93% of the votes cast on the say-on-pay proposal were cast "For" the approval of the compensation of our NEOs as disclosed in the proxy statement distributed in connection with that annual meeting. The Compensation Committee evaluated the results of the say-on-pay vote and in light of the substantial support for our executive compensation program, it did not make any significant changes to the executive compensation program and policies for fiscal year 2018 compensation based on the shareholder voting results. The Compensation Committee will continue to consider the outcome of future say-on-pay votes when making future compensation decisions for the NEOs. In addition, we provided shareholders with a "say-on-frequency" advisory vote at the 2016 Annual Meeting of Shareholders to determine whether the say-on-pay advisory vote on executive compensation should occur every one, two, or three years. More than 90% of the votes cast on the say-on-frequency proposal were in favor of a vote every year. Based on the results of the say-on-frequency vote, the Board has determined to hold the say-on-pay vote annually.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the above Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Trustees that the Compensation Discussion and Analysis be included in the Company's Annual Report on 10-K for the year ended December 31, 2018, and in this proxy statement.

(1) Represents fiscal year salary and remaining vacation payable.

Represents the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 of awards of restricted common shares and awards of performance-based restricted stock units made to the named executive officers. Aggregate grant date fair value reported is based upon the closing price per share on the date of grant, and the amount for performance-based awards reflects the target level. The maximum number of common shares that could be issued under the 2018 performance-based restricted stock unit awards is 3 times the target number of shares, which would result in a value of \$4,038,448, \$1,910,190, \$1,910,190, \$1,272,060, and \$1,002,527 to Messrs. Thomas, Theiler, Taylor, Theine, and Page, respectively, based on the closing price per share on the date of grant. Further detail with respect to these awards are included in Note 9 (Stock-based Compensation) to the Company's audited financial statements for the year ended December 31, 2018, included in the Form 10-K.

(3) Represents non-equity incentive plan compensation paid to the named executive officers under the Bonus Plan.

(4) See the "All Other Compensation in 2018" table following the Summary Compensation Table for information with respect to these amounts.

On February 26, 2018, the Compensation Committee established threshold, target and maximum cash payouts under the Company’s Bonus Plan to each of the named executive officers for 2018. Actual payout amounts under the Bonus Plan for 2018 are included in the Non-Equity Incentive Plan Compensation column of the Summary

(1) Compensation Table. For Mr. Thomas, the Board established the potential cash payouts under the Company’s Bonus Plan for 2018 on February 27, 2018. The business measurements and performance goals for determining the payouts under the Bonus Plan and with respect to the awards are described in the “Compensation Discussion and Analysis” section of this proxy statement.

(2) These columns show the threshold, target and maximum number of common shares that could be issued in connection with performance-based restricted stock units granted in 2018 under the Company’s Equity Plan to each of the named executive officers. The exact number of shares to be issued depends upon, among other things, the Company’s financial performance, as described in the “Compensation Discussion and Analysis” section of this proxy statement. Subject to continued service of the named executive officer, the shares, if any, will be issued following the performance period end date of December 31, 2020.

(3) Represents restricted common shares granted in 2018 under the Company’s Equity Plan, which vested on March 2, 2019 and are reflected using the grant date per share price of \$14.78.

(4)

Edgar Filing: Physicians Realty Trust - Form DEF 14A

Amounts set forth in this column represent the grant date fair value calculated in accordance with FASB ASC Topic 718. Performance-based restricted stock units are reflected at target value. Further detail with respect to these awards are included in Note 9 (Stock-based Compensation) to the Company's audited financial statements for the year ended December 31, 2018, included in the Form 10-K.

Outstanding Equity Awards at 2018 Fiscal Year-End

The following table sets forth all outstanding equity awards held by each of our named executive officers as of December 31, 2018, including any unvested restricted common shares and performance-based restricted stock units with performance and/or service conditions that had not yet been satisfied as of December 31, 2018.

Bradley D. Page	26,369	422,695	81,271	1,302,774

Represents a number of performance-based restricted stock units granted to each of the NEOs in 2016, which (1) vested on March 2, 2019, and correspond to the number of common shares that were issued at a performance level of 84% based on performance criteria over a three year performance period ending December 31, 2018.

(2) The value is based on the \$16.03 closing price per share of our common shares on December 31, 2018.

Represents a number of performance-based restricted stock units granted to each of the NEOs in 2017 and 2018, which will vest, if at all, based on achievement of performance criteria over a performance period, subject to the terms of the grant. As of December 31, 2018, actual performance for the 2017 performance-based awards was below threshold level; therefore, the number of common shares for these performance-based awards corresponds to the number of common shares that would be issued at the threshold performance level of 50%. As of December 31,

(3) 2018, actual performance for the 2018 performance-based awards was between target and maximum level; therefore, the number of common shares for these performance-based awards corresponds to the number of common shares that would be issued at the maximum performance level of 300%. The actual number of common shares, if any, to be issued and actual payout value of unvested common shares with respect to the performance-based awards will be determined based on achievement of performance criteria over a three year performance period, subject to the terms of the grant of such awards.

Employment Agreements with Named Executive Officers

On February 28, 2018, the Company entered into employment agreements with each of Mr. Thomas, Mr. Theiler, Mr. Taylor, Mr. Theine and Mr. Page, which by their terms replaced the Company's prior employment agreements with each of the executives. Mr. Thomas serves as our President and Chief Executive Officer, Mr. Theiler serves as our Executive Vice President and Chief Financial Officer, Mr. Taylor serves as our Executive Vice President and Chief Investment Officer, Mr. Theine serves as our Executive Vice President of Asset and Investment Management, and Mr. Page serves as our Senior Vice President and General Counsel, in each case until December 31, 2020. The employment term automatically renews for successive one-year terms, provided that the number of such additional terms may not exceed two, and unless earlier terminated in accordance with the respective agreement's provisions, the agreements automatically terminate on December 31, 2022. The employment agreements for each named executive officer have been publicly filed with the SEC. The Company does not maintain a separate severance or change in control agreement or policy that would apply to the named executive officers.

The employment agreements provide that each of Mr. Thomas, Mr. Theiler, Mr. Taylor, Mr. Theine and Mr. Page is entitled to an annual base salary of \$800,000, \$473,000, \$473,000, \$315,000 and \$331,000, respectively, subject to such annual increases as the Compensation Committee may approve, reimbursement of up to \$10,000 annually for reasonable professional expenses to receive personal advice from certain professional advisors, and other benefits and group insurance programs generally available to other employees and our other executives. Each executive is entitled to receive an annual cash bonus opportunity for each calendar year during his employment based upon performance goals that are established by the Board or the Compensation Committee, as the case may be, in its sole discretion. Under Mr. Thomas' employment agreement, he has the right to be nominated to be a member of the Board and any executive committee (or similar committee) of the Board for the term of his employment agreement. The Compensation Committee uses the Bonus Plan in general to make annual incentive awards for our executive officers based on company and individual performance. Each executive is eligible to receive options, restricted shares or other awards under the 2013 Equity Incentive Plan at the discretion of the Compensation Committee.

Each executive's employment agreement provides that it may be terminated at any time, without severance, by us for "cause" or by the executive if without "good reason"; however, upon such termination of employment, the executive will be entitled to receive (i) accrued but unpaid amounts through the date of termination, including base salary, vacation pay, and any bonuses earned but unpaid with respect to fiscal years or other periods ending in or with the year of termination (collectively, the "Accrued Obligations") and (ii) nonforfeitable benefits payable to him under any benefit plans maintained by us (the "Nonforfeitable Benefits").

If the executive's employment is terminated by us without "cause" or by the executive for "good reason," subject to his continued compliance with the restrictive covenants set forth in his employment agreement and a requirement that he timely return and not revoke an executed release agreement, he would be entitled to (i) severance pay equal to 24 months of his then current base salary, (ii) accelerated vesting of any unvested equity awards, (iii) continued coverage under any health insurance program maintained by us for a period of 12 months and (iv) a lump sum payment equal to two times the average of the annual bonuses paid to him for the two years ending prior to his termination date, subject to certain restrictions under the respective employment agreement.

If the executive's employment is terminated by us due to non-renewal of the employment agreement or by automatic termination of the employment agreement on December 31, 2022, subject to his continued compliance with the restrictive covenants set forth in his employment agreement and a requirement that he timely return and not revoke an executed release agreement, and provided he does not enter into a new employment agreement with the company for a period commencing before or immediately after December 31, 2022, he would be entitled to (i) severance pay equal to six months of his then current base salary, (ii) vesting of performance-based awards based on the actual level of achievement of the performance goals under the award, which would be pro-rated based on the executive's period of

service during the performance period, (iii) accelerated vesting of any awards not subject to performance-based vesting conditions and (iv) continued coverage under any health insurance program maintained by us for a period of 6 months.

In the event of a change in control, if and to the extent that outstanding awards granted to the executive are not continued, assumed or replaced in connection with a change in control, and in the case of performance-based awards, performance can no longer be reasonably measured consistent with the original terms of award, such awards would become fully vested at the maximum level of achievement, and, in the case of options, exercisable in full. In addition, if at any time during the 12 consecutive months commencing on the occurrence of a change in control (i) the executive is involuntarily terminated by us (other than for “cause”), or (ii) the executive terminates his employment for “good reason,” or (iii) the Company gives notice of non-renewal of his employment agreement, or (iv) such 12 months period includes December 31, 2022, in lieu of the severance pay amount described above for termination by us without “cause”, termination by the executive for “good reason,” or termination by us due to non-renewal of the employment agreement, then the executive would be entitled

to severance pay in a lump sum cash payment equal to three times in the case of Mr. Thomas, and two times in the case of each of Mr. Theiler, Mr. Taylor, Mr. Theine and Mr. Page, the sum of (i) his base salary as in effect at the time of the change in control, and (ii) the average of the annual bonuses paid to him for the prior two fiscal years, if any; provided that each lump sum severance payment will be reduced on a dollar-for-dollar basis by any portion of such payment received or receivable by him from any successor to the Company. Additionally, the executive would be entitled to continued coverage under any health insurance program maintained by us for a period of 18 months.

If the executive's employment were terminated due to his "disability," then he would generally be entitled to the Accrued Obligations, Nonforfeitable Benefits, and subject to his continued compliance with the restrictive covenants set forth in his employment agreement and a requirement that he timely return and not revoke an executed release agreement, he would be entitled to severance pay equal to 12 months of his then current base salary.

Each executive's employment agreement contains non-competition and non-solicitation restrictive covenants which apply during the term of the agreement and for one year following his termination, and a non-disparagement restrictive covenant that applies during and after the term of his employment with the Company.

The terms "cause," "good reason," "change in control" and "disability" have the meanings set forth in each executive's employment agreement.

Potential Payments Upon a Change in Control and/or Termination

The employment agreements with each of our named executive officers provide for certain payments and benefits to the named executive officers in the event of termination either in connection with a change in control or during normal course of business. The material terms of the current post-employment arrangements are set forth in the above section “Employment Agreements with Named Executive Officers.” In addition, awards granted to our named executive officers under the 2013 Equity Incentive Plan provide for acceleration of vesting under certain circumstances.

The Company’s Bonus Plan does not include a change of control provision under which the named executive officer would be paid a bonus for that year upon the occurrence of a change of control. However, in order for an executive officer to be paid a bonus under the Bonus Plan, the executive officer must be employed by us on the last day of the performance period for which the incentive bonus is otherwise payable, which would be December 31 of the applicable year. If the officer were terminated following a change of control but prior to the year end, no bonus would be payable under the Bonus Plan for that year; however, under the terms of the executive officer’s employment agreement, the officer would receive a lump sum cash payment corresponding to the amount designated in the applicable employment agreement.

The following tables estimate the payments required to be made to each named executive officer in connection with (i) a termination of employment upon specified events or (ii) a change in control assuming a \$16.03 per share price for the Company’s common shares, which represents the closing market price on December 31, 2018. The amounts shown also assume that the termination or change in control was effective December 31, 2018, and thus (i) reflect the amounts payable under the Company’s prior employment agreements with each of the named executive officers and (ii) include amounts earned (including accrued but unpaid dividend equivalents for unvested performance-based restricted stock units) through such time and are estimates of the amounts which would be paid out to the named executive officers. Therefore, the amounts shown do not reflect, for instance, any changes to base salaries or bonus targets effective in 2019, changes in the cost of health benefit plans, equity grants or equity that vested following December 31, 2018 or the entry into new employment agreements after December 31, 2018. The actual amounts paid can only be determined at the time of the termination of the named executive officer’s employment or a change in control. The terms “Cause,” “Good Reason,” “Change in Control,” and “Disability” have the meanings set forth in each executive’s employment agreement.

CEO Pay Ratio Disclosure

Pursuant to the Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose in this proxy statement the following information for the 2018 fiscal year:

• the median of the annual total compensation of all employees of our company (excluding our CEO);

• the annual total compensation of our CEO; and

• the ratio of the annual total compensation of our CEO to the median of the total annual compensation of all of our employees (excluding our CEO).

Based on Item 402(u) and applicable SEC guidance and applying the methodology described below, we have determined that our CEO’s annual total compensation for 2018 was \$4,141,269, and our reasonable good faith estimate of the median of the annual total compensation of all of our employees (excluding our CEO) for 2018 was \$87,181. Accordingly, we estimate the ratio of our CEO’s annual total compensation for 2018 to the median of the annual total compensation of all of our employees (excluding our CEO) for 2018 was 48 to 1.

We selected December 31, 2018, which is a date within the last three months of fiscal 2018, as the date we would use to identify our median employee. To identify the median employee from our employee population, we used the amount of salary, bonus, other cash compensation, and, to the extent applicable, the value of equity awards made to employees under the Company’s 2013 Equity Plan. We used our payroll records to identify this information. In making this determination, we did not annualize compensation for those employees who did not work for the Company for the entire fiscal year. We also did not make any cost-of-living adjustments in identifying the median employee. We believe total compensation, including the value of equity awards granted to employees under the Company’s Equity Plan in 2018, is an appropriate and consistently applied compensation measure because a significant number of our employees participate in the Equity Plan.

Under Item 402(u) and applicable SEC guidance, each company has considerable flexibility to use a compensation measure to identify its median employee, provided the measure is consistently applied to all employees included in the calculation. Additionally, companies are afforded significant discretion as to the assumptions, adjustments and estimates it uses to identify the median employee or to determine annual total compensation of the median employee. Therefore, our 2018 pay ratio is not intended to facilitate a comparison to the pay ratio disclosed by any other company, including any company in our peer group.

Equity Compensation Plan Information

The table below presents information as of December 31, 2018 for the 2013 Equity Incentive Plan and the Employee Stock Purchase Plan. The Company does not have any equity compensation plans that have not been approved by shareholders.

Plan Category	Number of securities to be issued upon exercise of outstanding warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by shareholders	909,643	(1) —	641,388 (2)
Equity compensation plans not approved by shareholders	—	—	—
Total	909,643	—	641,388

(1) Includes (i) 2017 and 2018 performance-based restricted stock units at target level granted to our officers under the 2013 Equity Incentive Plan, which will vest, if at all, based on achievement of performance criteria over a performance period, subject to the terms of the grant, and (ii) time-based restricted stock units granted to our non-employee trustees under the 2013 Equity Incentive Plan. Performance-based restricted stock units granted in 2016 vested at the actual performance level of 84.0% based on performance as of December 31, 2018. With the exception of the 2016 performance-based restricted stock units, the actual number of performance-based restricted stock units granted has not been determined and will be determined based on the Company's performance over the 3-year performance periods applicable to each award.

(2) Represents 469,503 shares under the 2013 Equity Incentive Plan and 171,885 shares under the 2015 Employee Stock Purchase Plan available for future issuance as of December 31, 2018.

2018 NON-EMPLOYEE TRUSTEE COMPENSATION

Trustees who are also employees of the Company receive no additional compensation for serving on the Board of Trustees. For fiscal 2018, each of our non-employee trustees received an annual cash retainer of \$60,000. Our lead independent trustee serves as Chairman of the Board and received an additional annual cash retainer of \$65,000. The Chair of the audit committee received an additional annual cash retainer of \$40,000, and the Chairs of the compensation committee, nominating and corporate governance committee, and finance and investment committee, respectively, received an additional annual cash retainer of \$20,000.

The equity-based compensation paid to our non-employee trustees in 2018 consisted of time-based restricted stock units granted pursuant to our 2013 Equity Incentive Plan. Restricted stock units granted to our non-employee trustees generally vest in two equal annual installments, beginning on the first anniversary of the grant date.

The following table sets forth the compensation earned by each non-employee trustee for service during our fiscal year ended December 31, 2018.

Name	Fees Earned or Paid in Cash (\$)(1)	Stock Awards (\$)(2)(3)	All Other Compensation (\$)(4)	Total (\$)

(2) This column represents the aggregate grant date fair value of time-based restricted stock units computed in accordance with FASB ASC Topic 718. These amounts reflect the Company's accounting expense for these awards, and do not correspond to the actual value, if any, that will be recognized by the non-employee trustees.

(3) Each of our non-employee trustees other than Governor Thompson received a grant of 6,766 time-based restricted stock units and Governor Thompson received a grant of 10,149 time-based restricted stock units (collectively, the "Trustee Awards"). The Trustee Awards were granted pursuant to our 2013 Equity Incentive Plan. The Trustee Awards vest in two equal installments on the first and second anniversary of the date of grant.

(4) Represents the dollar value of the \$0.23 per share dividends accrued on restricted common shares for the quarterly periods ended March 31, 2018, June 30, 2018, September 30, 2018, and December 31, 2018, each of which is payable subject to the terms of the award.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review and Approval or Ratification of Related Person Transactions

We have adopted a related person transaction policy, which provides that we will not enter into any transaction required to be disclosed under Item 404 of Regulation S-K unless the audit committee reviews and approves or ratifies such transaction in accordance with such policy. The audit committee consists of Mr. Baumgartner, who serves as Chairman, Mr. Anderson, and Ms. Kessler.

Related person transactions generally are identified in:

- questionnaires annually distributed to our trustees and executive officers; and

- communications made directly by the related person to the principal financial officer, the principal accounting officer or, if neither are available, an officer of a similar position.

In the course of its review and approval or ratification of a disclosable related party transaction, the audit committee will consider all relevant factors, including whether the terms of the proposed transaction are at least as favorable to us as those that might be achieved with an unaffiliated third party. Among other relevant factors, the audit committee will consider the following:

- the size of the transaction and the amount of consideration payable to a related person;

- the nature of the interest of the applicable related person;

- whether the transaction may involve a conflict of interest; and

- whether the transaction involves the provision of goods or services to us that are available from unaffiliated third parties.

The audit committee may, in its discretion, engage outside counsel to review certain related person transactions. In addition, the committee may request that the full Board consider the approval or ratification of any related person transaction if it deems advisable.

Finally, it is our policy to make disclosures regarding any transactions in which we participate and in which any related person has a direct or indirect material interest and the amount involved exceeds \$120,000 to the extent required by SEC rules. The related person transaction policy is available in the Investor Relations section of our website (www.doceit.com) under the tab "Governance Documents."

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF TRUSTEES

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933, as amended, or Securities Exchange Act of 1934, as amended.

The following is the report of the audit committee with respect to the Company’s audited consolidated and combined financial statements for the fiscal year ended December 31, 2018, included in the Company’s Annual Report on Form 10-K for that year.

Each member of the audit committee is “independent” based on the NYSE’s listing rules and each member also satisfies the additional requirements of the SEC for members of audit committees. The role of the audit committee is to oversee our financial reporting process on behalf of the Board of Trustees. Our management has the primary responsibility for our financial statements as well as our financial reporting process, principles and internal controls. The independent registered public accounting firm is responsible for performing an audit of our financial statements and expressing an opinion as to the conformity of such financial statements with U.S. general accepted accounting principles.

The audit committee has reviewed and discussed with management of the Company these audited financial statements, including the quality and acceptability of the financial reporting and controls of the Company.

The audit committee has discussed with the Company’s independent registered public accounting firm, Ernst & Young LLP (“EY”), the matters required to be discussed by Auditing Standard No. 1031, as adopted by the Public Company Accounting Oversight Board, or any successor rule.

The audit committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the audit committee concerning independence. In addition, the audit committee has discussed with EY its independence and has considered the compatibility of non-audit services with EY’s independence.

The audit committee discussed with EY the overall scope and plans for the audit. The audit committee meets periodically with EY, with and without management present, to discuss the results of their examinations, their evaluations of internal controls and the overall quality of the financial reporting of the Company, prior to the issuance of the financial statements.

Based on the review and discussions referred to above in this report, the audit committee recommended to the Company’s Board of Trustees that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the Securities and Exchange Commission.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has appointed the firm of Ernst & Young LLP (“EY”) as the Company’s independent registered public accounting firm for fiscal 2019. EY has served as the Company’s independent registered public accounting firm since 2014. The audit committee believes that the continued retention of EY as the Company’s independent registered public accounting firm is in the best interests of the Company and its shareholders. Representatives of EY are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Fees Paid to Independent Registered Public Accounting Firm

The aggregate fees billed for professional services by EY in fiscal 2018 and 2017 were as follows:

Audit Fees. The aggregate fees billed for professional services rendered by EY for the audit of the Company’s consolidated and combined financial statements included in the Company’s annual report, review of financial statements included in Form 10-Qs, audit of management’s assessment of internal controls, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements, were approximately \$740,000 and \$829,260 for the years ended December 31, 2018 and December 31, 2017, respectively.

Audit Related Fees. The aggregate fees billed for assurance and related services by EY that are reasonably related to the performance of the audit or review of the Company’s consolidated and combined financial statements and are not reported under “Audit Fees” above were approximately \$120,000 and \$305,000 for the years ended December 31, 2018 and December 31, 2017, respectively. Audit related services included services for matters such as audits of equity offerings, acquisitions and other domestic services.

Tax Fees. The aggregate fees billed for professional services rendered by EY for tax compliance, tax advice and tax planning were approximately \$302,875 and \$297,040 for the years ended December 31, 2018 and December 31, 2017, respectively. Tax related services included preparation and review of tax returns and consultation related to tax strategies and planning, compliance and state and local tax regulatory matters.

All Other Fees. The aggregate fees billed for other professional services rendered by EY were \$0 for both fiscal 2018 and 2017.

Audit Committee Pre-Approval Policies and Procedures

The audit committee has established a pre-approval policy under which all audit and non-audit services performed by the Company’s independent registered public accounting firm must be approved in advance by the audit committee. The audit committee’s pre-approval policy provides for pre-approval of audit, audit-related, tax and certain other services specifically described by the audit committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the audit committee specifically provides for a different period. The audit committee will revise the list of pre-approved services from time to time, based on subsequent determinations. In addition, individual engagements anticipated to exceed pre-established thresholds, as well as certain other services, must be specifically pre-approved by the audit committee. The pre-approval policy also provides that the audit committee may delegate pre-approval authority to the Chairman of the audit committee provided that the decision to pre-approve is communicated to the full audit committee at its next meeting.

The services performed by EY in fiscal 2018 and 2017 were pre-approved in accordance with the audit committee's pre-approval policy.

Required Vote

Ratification of the selection of EY as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2019 requires the affirmative vote of a majority of all of the votes cast on Proposal 2 at the Annual Meeting in person or by proxy. Votes cast does not include abstentions, and therefore, abstentions will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. Because brokers are entitled to vote on Proposal 2 without specific instructions from beneficial owners, there will be no broker non-votes on this matter. You may vote "FOR", "AGAINST" or "ABSTAIN."

Shareholder ratification of the selection of EY as the Company's independent registered public accounting firm is not required by the Company's bylaws or otherwise. However, the Board is submitting the selection of EY to the shareholders for ratification as a matter of corporate practice. If the shareholders fail to ratify the selection, the audit committee will reconsider whether or not to retain EY. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the audit committee determines that such a change would be in the best interests of the Company and its shareholders.

The Board recommends a vote "FOR" ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2019.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board recognizes the interests our investors have in the compensation of our named executive officers. In recognition of that interest and as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and Section 14A of the Exchange Act, we are providing our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

The compensation committee of the Board periodically reviews the compensation programs for our named executive officers to ensure they align our executive compensation programs with our shareholders’ interests and current market practices. As described in detail in the “Compensation Discussion and Analysis” section of this proxy statement, our compensation programs are pay-for-performance based, and are designed to align our executives’ interests with our shareholders’ interests. We believe that our compensation programs, with their balance of short-term incentives (including cash bonus awards) and long-term incentives (including equity awards that vest over a period of years) reward sustained performance that is aligned with long-term shareholder interests.

This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our named executive officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask our shareholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed in this proxy statement pursuant to SEC rules, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

Required Vote

Approval of the advisory vote on executive compensation requires the affirmative vote of a majority of the votes cast on Proposal 3 at the Annual Meeting in person or by proxy. Votes cast does not include abstentions or broker non-votes, and therefore, abstentions and broker non-votes will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. As an advisory vote, the result will not be binding on the Board or the compensation committee. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the compensation committee will review and consider when considering our executive compensation program.

The Board recommends a vote “FOR” the approval of the advisory vote on our executive compensation as discussed in this proxy statement.

PROPOSAL 4

APPROVAL OF AN AMENDMENT TO THE PHYSICIANS REALTY TRUST 2013 EQUITY INCENTIVE PLAN

The Company is requesting that shareholders approve the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan, as amended from time to time (the “Amended and Restated Plan”), to, among other things:

- Increase the number of common shares authorized for issuance under the plan by 4,550,000;
- Add a one-year minimum vesting period for most awards;
- Impose an annual per person limit on equity awards granted to non-employee trustees;
- Clarify that shares from an award withheld for payment of the exercise price or to satisfy tax obligations cannot be reused under the plan;
- Limit the compensation committee’s discretionary authority to accelerate vesting of awards;
- Provide for the vesting of awards if they are not assumed in a change in control transaction;
- Revise the definition of a change in control to be consistent with the definition that is set forth in the employment agreements with our executive officers;
- Extend the term of the plan to 2029;
- Remove references to Section 162(m) of the U.S. Internal Revenue Code, as amended (the “Code”) that have become obsolete as a result of the Tax Cuts and Jobs Act; and
- Make other immaterial changes to the plan.

The Amended and Restated Plan was approved by our compensation committee subject to shareholder approval. If the Amended and Restated Plan is not approved by our shareholders at the Annual Meeting, no new shares will be added, none of the proposed amendments will be effective, and awards will continue to be granted under the Physicians Realty Trust 2013 Equity Incentive Plan (the “2013 Equity Incentive Plan”) as previously approved by shareholders.

Background

We completed our IPO on July 24, 2013, and since then, we have grown our portfolio of real estate investments from approximately \$124 million at the time of our IPO to approximately \$4.4 billion as of December 31, 2018. As of December 31, 2018, we have 252 healthcare properties in our portfolio located in 30 states with approximately 13,624,598 net leasable square feet, which were approximately 96% leased with a weighted average remaining lease term of approximately 7.9 years.

The closing price per share of our common shares as of the Record Date was \$18.59 per share. As of the Record Date, there were 182,417,778 common shares issued and outstanding and 5,178,291 OP Units outstanding that are not held by us.

Shareholders approved an amendment to the 2013 Equity Incentive Plan on August 7, 2014 to increase the number of shares authorized for issuance under the plan. The Amended and Restated Plan, subject to shareholder approval, would, among other things, increase the number of common shares authorized for issuance under the plan by 4,550,000 common shares. The proposed 4,550,000 additional common shares represent approximately 2% of the total common shares and OP Units outstanding as of the Record Date. In addition to the changes described above, the Amended and Restated Plan contains a number of provisions that the Company believes are consistent with the interests of shareholders and sound corporate governance practices, including:

- No automatic grants. The Amended and Restated Plan does not provide for automatic grants to any participant.

No tax “gross-ups.” The Amended and Restated Plan does not provide for any tax “gross-ups” or similar payments or reimbursements to defray tax liability associated with the issuance of awards under the plan.

• No repricing of options or share appreciation rights. The Amended and Restated Plan prohibits the repricing of options and share appreciation rights without the prior approval of the shareholders.

• No discounted options or share appreciation rights. Options and share appreciation rights may not be granted with an exercise price that is less than 100% of the fair market value of our common shares on the date of grant.

The purposes of the plan are to attract and retain qualified persons upon whom, in large measure, our sustained progress, growth and profitability depend, to motivate the participants to achieve long-term company goals and to more closely align the participants’ interests with those of our other shareholders by providing them with a proprietary interest in our growth and performance. Our executive officers, employees, consultants and non-employee trustees are eligible to participate in the plan. We believe that our long-term success and shareholder value depend on our ability to attract, retain and motivate qualified officers, employees, consultants and non-employee trustees of the Company. As a result, a significant component of our

compensation program in fiscal 2018 consisted of awards under the plan. In March 2019, we granted time-based restricted stock units to our non-employee trustees and restricted common shares and performance-based restricted stock units to our executives and other key employees. The total target number of common shares subject to these March 2019 awards is 437,887. We expect to continue to grant equity awards to our non-employee trustees, executives and personnel, including new hires, to incentivize, reward and retain these individuals. We consider equity grants to be a key part of our overall compensation program. The 2013 Equity Incentive Plan is the only equity-based incentive plan used by the Company to provide equity-based awards to executive officers, employees, consultants and non-employee trustees. If the Amended and Restated Plan is not approved, the Company will not have sufficient common shares available for its future grant needs and will lose a critical tool for attracting, retaining and motivating officers, employees, consultants and non-employee trustees.

Request for Additional Common Shares, Overhang and Burn Rate

In order to provide the Company the flexibility to responsibly address its future equity compensation needs and so that it may attract, retain and motivate officers, employees, consultants and non-employee trustees and to align their interests with the interests of shareholders, the Company is requesting that shareholders approve the Amended and Restated Plan, which, among other things, increases the number of common shares authorized for issuance under the plan by 4,550,000 common shares, bringing the total number of common shares available for awards under the plan to 7,000,000 common shares. As of the Record Date, there were 469,503 common shares remaining available for grant under the 2013 Equity Incentive Plan. Taking into account the March 2019 awards, 31,616 common shares remain available for future awards under the plan as of March 5, 2019. In addition, as of the Record Date, all 72 of our employees, including our officers, are eligible to participate in the plan, as are all of our seven non-employee trustees.

We are seeking to increase the number of common shares available for issuance under the plan by 4,550,000 common shares because our executive compensation program relies heavily on the use of performance-based restricted stock units where the number of shares actually earned and issued is unknown at the time of grant and may ultimately vary substantially based on performance over the three-year performance period. In order to appropriately motivate and incentivize our executives and other key employees to enhance long-term shareholder value, the performance awards are structured to provide the opportunity for greater awards for significant outperformance against the pre-established target goals. As a result, the Company needs to be able to reserve sufficient shares for issuance at performance levels above target even though actual performance following the performance period may result in a lower number of shares being issued than the reserved amounts.

As of the Record Date, 428,602 common shares underlying performance-based restricted stock units at target level are reserved for issuance and 469,503 common shares are available for issuance pursuant to future awards under the 2013 Equity Incentive Plan, which amounts to 898,105 common shares in the aggregate. This total of 898,105 common shares represents an overhang of approximately 0.5% based on 182,417,778 outstanding common shares and 5,178,291 OP Units outstanding that are not held by the Company as of the Record Date. If the Amended and Restated Plan is approved, the additional 4,550,000 common shares available for issuance under the plan would increase the overhang to 2.9%. The Company calculates “overhang” as the total of (a) the number of common shares underlying outstanding awards (including for performance awards, at target level) plus the number of common shares available for issuance under future awards, divided by (b) the number of common shares outstanding, the number of OP Units outstanding that are not held by the Company, the number of common shares underlying outstanding awards (including for performance awards, at target level) and the number of common shares available for issuance under future awards. Recent annual grant levels for the preceding three fiscal years have averaged approximately 380,711 common shares for an average annual burn rate of approximately 0.2%. The “burn rate” is the ratio of the number of common shares underlying outstanding awards (including for performance awards, at target level) granted under the plan during a fiscal year to the number of the Company’s weighted average common shares and OP Units outstanding at the corresponding fiscal year-end.

Additional Changes

In addition to increasing the number of common shares authorized for issuance, the Amended and Restated Plan would make certain conforming changes and other changes to reflect best practices in corporate governance. These changes include the following:

Minimum Vesting Period. The Amended and Restated Plan provides that awards generally would be subject to a minimum vesting period of one year, except that up to 5% of the total number of authorized shares could be awarded without minimum vesting requirements. In addition, under the Amended and Restated Plan, the compensation committee would not have discretionary authority to accelerate vesting of an award other than in connection with the participant's death, disability, termination of service without cause or due to a change in control.

Limit on Awards to Non-Employee Trustees. The Amended and Restated Plan imposes a limit on the maximum value of awards that may be granted to each non-employee trustee during any one calendar year to \$500,000.

Reuse of Shares. The Amended and Restated Plan clarifies that common shares from an award that are withheld to pay the exercise price of an award or to satisfy a tax withholding obligation, and common shares subject to a stock appreciation right not delivered upon exercise, will be deemed delivered and therefore will not remain or become available under the plan.

Vesting of Awards upon a Change in Control. The Amended and Restated Plan provides that in the event of a change in control, outstanding awards that are not continued, assumed or converted into replacement awards in connection with the change in control will accelerate and vest, be earned or become exercisable in full upon the change in control. With respect to outstanding awards that are subject to performance-based vesting conditions, the reference to “accelerate and vest” refers to vesting at the actual level of achievement of the performance goal or goals under the award, unless otherwise provided in an employment agreement or in an award agreement.

Definition of Change in Control. The definition of “Change in Control” under the Amended and Restated Plan has been revised to be consistent with the definition of “Change in Control” that is set forth in the employment agreements with our executive officers. Among other conforming changes, the revised definition under the Amended and Restated Plan provides that a reorganization or a sale that does not constitute a direct or indirect beneficial ownership percentage change of more than 50% of the Company’s outstanding common shares following any such reorganization or sale does not constitute a change in control.

Term of the Amended and Restated Plan. The Amended and Restated Plan extends the term of the plan to April 30, 2029.

Elimination of Section 162(m) References. The Amended and Restated Plan removes references to Section 162(m) of the Code that have become obsolete as a result of the Tax Cuts and Jobs Act.

Other Changes. The Amended and Restated Plan makes other clarifying or immaterial changes to the plan, as more fully set forth in Appendix A.

Summary of the Amended and Restated Plan

The following is a summary of the Amended and Restated Plan. The following summary does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended and Restated Plan, which is attached as Appendix A and incorporated herein by reference and which is marked to show changes effected by the proposed amendment. Shareholders are encouraged to read the text of the Amended and Restated Plan in its entirety.

General

The purposes of the plan are to attract and retain qualified persons upon whom, in large measure, our sustained progress, growth and profitability depend, to motivate the participants to achieve long-term company goals and to more closely align the participants’ interests with those of our other shareholders by providing them with a proprietary interest in our growth and performance. Our executive officers, employees, consultants and non-employee trustees are eligible to participate in the plan. Under the plan, 7,000,000 common shares (which takes into account the proposed 4,550,000 common share increase) are available for issuance subject to adjustment as provided in the plan. The plan is administered by our compensation committee, which will interpret the plan and have broad discretion to select the eligible persons to whom awards will be granted, as well as the type, size and terms and conditions of each award, including the exercise price of options, the number of shares subject to awards and the expiration date of, and the vesting schedule or other restrictions (including, without limitation, restrictive covenants) applicable to, awards.

Type and Amount of Awards

The plan allows us to grant the following types of awards:

non-qualified options;
share appreciation rights, or SARs;
restricted shares;
common shares;
restricted share units;
performance awards; and
dividend equivalent rights.

In any calendar year, no participant may be granted awards for options, SARs, restricted shares, unrestricted shares, restricted share units, or performance awards (or any other award that is determined by reference to the value of our common

shares or appreciation in the value of such shares) that exceed, in the aggregate, 500,000 underlying common shares, and the maximum value with respect to awards that may be granted to each non-employee trustee is \$500,000. The following are descriptions of the types of awards allowed under the plan:

Stock Options

Options may be granted by our compensation committee and may be nonqualified options. Options are subject to the terms and conditions, including vesting conditions, set by our compensation committee. The exercise price for all options granted under the plan will be determined by our compensation committee, except that no options can be granted with an exercise price that is less than 100% of the fair market value of our common shares on the date of grant. The term of all options granted under the plan will be determined by our compensation committee, but may not exceed 10 years. Each option will be exercisable at such time and pursuant to such terms and conditions as determined by our compensation committee in the applicable option agreement. Each option gives the participant the right to receive a number of our common shares upon exercise of the option and payment of the exercise price. The exercise price may be paid in cash (including cash obtained through a broker selling the share acquired on exercise), our common shares (if approved by our compensation committee), or any combination of cash and such common shares or any other form of valid consideration that is acceptable to the compensation committee. In general, the exercise price of any option may not be reduced, directly or indirectly by cancellation and re-grant or otherwise, without the prior approval of the shareholders.

Share Appreciation Rights, or SARs

SARs may be granted on a stand-alone basis (i.e., not in conjunction with options granted under the plan) or may be granted in tandem with options granted under the plan. A SAR granted under the plan entitles its holder to receive, at the time of exercise, an amount per share equal to the excess of the fair market value (at the date of exercise) of a common share over a specified price, known as the base price, fixed by our compensation committee, which will not be less than 100% of the fair market value of our common shares on the grant date of the SAR. Payment may be made in any manner as determined by our compensation committee. In general, the base price for any SAR may not be reduced, directly or indirectly by cancellation and re-grant or otherwise, without the prior approval of the shareholders.

Restricted Shares, Common Shares and Restricted Share Units

Restricted shares are our common shares that are forfeitable until the restrictions lapse. Unrestricted shares are our common shares that are not subject to time-based, performance or other restrictions. Restricted share units are rights granted as an award to receive our common shares, conditioned upon the satisfaction of restrictions imposed by our compensation committee. Our compensation committee will determine the restrictions for each award and the purchase price in the case of restricted shares, if any. Restrictions on the restricted shares and restricted share units may include time-based restrictions, the achievement of specific performance goals or, in the case of restricted share units, the occurrence of a specific event. Vesting of restricted shares and restricted share units is conditioned upon the participant's continued employment among other restrictions that may apply. Participants do not have voting rights in restricted share units. If the performance goals are not achieved or the restrictions do not lapse within the time period provided in the award agreement, the participant will forfeit his or her restricted shares and/or restricted share units.

Performance Awards

Our compensation committee is authorized to grant performance awards under the plan, on which the right of a participant to exercise or receive a grant or settlement of an award, and the timing of the grant or settlement, may be subject to such performance conditions during a specified period as may be specified by our compensation committee.

Performance and incentive awards may be settled in cash, our common shares or other consideration, or any combination thereof. Our compensation committee will determine award terms, including the required performance goals, the corresponding amounts payable upon achievement of such performance goals, termination and forfeiture provisions and the form of settlement (including, maximum or minimum settlement values), so long as such provisions are not inconsistent with the terms of the plan. In certain circumstances, our compensation committee may, in its discretion, modify the performance measures or objectives and/or the performance period. In addition, our compensation committee, in its discretion, may reduce the amount of a settlement of a performance or incentive award, but may not increase the amount payable to a participant. To the extent an award is subject to Code Section 409A, such award shall be in compliance with the applicable requirements of Section 409A of the Code and any applicable regulations or guidance thereunder. If the performance goals are not attained during the performance period specified in the award agreement, the participant will forfeit all of his or her performance units.

Dividend Equivalent Rights

Our compensation committee is authorized to grant a dividend equivalent right, either as a component of another award or as a separate award. The terms and conditions of the dividend equivalent right shall be specified by the grant. Dividend equivalents credited to the holder of a dividend equivalent right may be paid currently or may be deemed to be reinvested in additional common shares. Any such reinvestment shall be at the fair market value at the time thereof. Dividend equivalent rights may be settled in cash, common shares, or a combination thereof, in a single payment or in installments. A dividend equivalent right granted as a component of another award may provide that such dividend equivalent may be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such dividend equivalent right granted as a component of another award may contain terms and conditions different from such other award.

Other Awards

Our compensation committee may grant other forms of awards payable in cash or our common shares if our compensation committee determines that such other form of award is consistent with the purpose and restrictions of the plan. The terms and conditions of such other form of award shall be specified by the grant. Such other awards may be granted for no cash consideration, for such minimum consideration as may be required by applicable law, or for such other consideration as may be specified by the grant.

Performance Criteria

Awards of restricted shares, restricted share units, performance awards and other awards (whether relating to cash or common shares) under the 2013 Equity Incentive Plan may be made subject to the attainment of specific levels of one or more of the following measures ("Performance Criteria"): cash flow; cost; revenues; sales; ratio of debt to debt plus equity; net borrowing, credit quality or debt ratings; profit before tax; economic profit; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; gross margins; earnings per share (whether on a pre-tax, after-tax, operational or other basis); operating earnings; capital expenditures; expenses or expense levels; economic value added; ratio of operating earnings to capital spending or any other operating ratios; free cash flow; net profit; net sales; net asset value per share; the accomplishment of mergers, acquisitions, dispositions, public offerings or similar extraordinary business transactions; sales growth; price of the Company's common shares; return on assets, equity or shareholders' equity; market share; inventory levels, inventory turn or shrinkage; total return to shareholders; or such other business criteria as the compensation committee considers appropriate or desirable in light of the business goals of the Company. Any Performance Criteria may be used to measure the performance of the Company as a whole or any business unit of the Company and may be measured relative to a peer group or index. Any Performance Criteria may include or exclude (i) extraordinary, unusual and/or non-recurring items of gain or loss, (ii) gains or losses on the disposition of a business, (iii) changes in tax or accounting regulations or laws, (iv) the effect of a merger or acquisition, as identified in the Company's quarterly and annual earnings releases, or (v) other similar occurrences. In all other respects, Performance Criteria shall be calculated in accordance with the Company's financial statements, under generally accepted accounting principles, or under a methodology established by the Committee prior to the issuance of an Award which is consistently applied and identified in the audited financial statements, including footnotes, or the Compensation Discussion and Analysis section of the Company's annual report. However, the compensation committee may not in any event increase the amount of compensation payable to an individual upon the attainment of a performance goal.

Change in Control

In the event of a change in control, the acquirer or surviving or resulting corporation has the right to continue, assume or convert into replacement awards any then outstanding awards to the extent practicable. Outstanding awards that are

not continued, assumed or converted into replacement awards in connection with the change in control will accelerate and vest, be earned or become exercisable in full upon the change in control. With respect to outstanding awards that are subject to performance-based vesting conditions, the reference to “accelerate and vest” refers to vesting at the actual level of achievement of the performance goal or goals under the award, unless otherwise provided in an employment agreement or in an award agreement. In addition, our compensation committee may, in order to maintain a participant’s rights in the event of any change in control of our company, (1) make any adjustments to an outstanding award to reflect such change in control or (2) cause the acquiring or surviving entity to assume or substitute rights with respect to an outstanding award. Furthermore, the compensation committee may cancel any outstanding awards (whether or not vested and whether or not any performance goals or any performance period is met) as of the date of the change in control in exchange for a payment in cash, shares of the corporation resulting from the change in control or no payment at all, depending upon the value of such award. Our compensation committee may include further provisions in any award agreement as it may deem desirable regarding a change in control.

Reuse of Shares

To the extent that all or any portion of an award is forfeited, expired or cancelled, or is settled or paid in cash, the number of common shares covered by the award, or a portion thereof, that was forfeited, expired or cancelled or settled or paid in cash, may again be awarded under the plan. Common shares from an award that are withheld to pay the exercise price of an award or to satisfy a tax withholding obligation, and common shares subject to a stock appreciation right not delivered upon exercise, will be deemed delivered and therefore will not remain or become available under the plan.

Vesting

Awards have a minimum vesting period of one year, provided that over the life of the plan, up to 5% of the total number of common shares authorized for issuance under the plan may be issued without minimum vesting requirements. The compensation committee may accelerate the date on which all or any portion of the awards may be vested in connection with the participant's death, total and permanent disability, termination of service without cause or due to a change in control.

Amendment and Termination

Unless the plan is earlier terminated by our compensation committee, the plan will automatically terminate on the date which is ten years following the effective date of the Amended and Restated Plan, which is April 30, 2029. Awards granted before the termination of the plan may extend beyond that date in accordance with their terms. Our compensation committee is permitted to amend the plan or the terms and conditions of outstanding awards, but no such action may adversely affect the rights of any participant with respect to outstanding awards without the applicable participant's written consent. Shareholder approval of any such amendment will be obtained if required to comply with applicable law or the rules of the NYSE.

Transferability

Unless otherwise determined by our compensation committee, awards granted under the plan are not transferable except by will or the laws of descent and distribution. Our compensation committee will have sole discretion to permit the transfer of an award to certain family members and other entities specified in the plan.

Adjustments

In the event that a dividend or other distribution (whether in the form of cash, common shares, other securities, or other property), recapitalization, stock split, reverse stock split, rights offering, reorganization, merger, consolidation, split-up, spin-off, split-off, combination, subdivision, repurchase, or exchange of common shares or other securities of the Company, issuance of warrants or other rights to purchase common shares or other securities of the Company, or other similar corporate transactions or event affects the fair value of an award, such that our compensation committee determines an adjustment to be appropriate to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the plan, the compensation committee will (among other actions and subject to certain exceptions) adjust the number and type of shares available under the plan, the number and type of shares subject to outstanding awards and the exercise price of outstanding options and other awards. Shareholder approval of any such adjustment will be obtained if required to comply with applicable law or the rules of the NYSE.

Plan Benefits

Because the grant of awards pursuant to the plan is within the discretion of our compensation committee, it is not possible to determine the awards that will be made in the future under the plan. However, the following table outlines awards made pursuant to the 2013 Equity Incentive Plan in fiscal 2018 to the persons and groups identified:

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a brief description of the current federal income tax treatment generally arising with respect to grants of awards under the 2013 Equity Incentive Plan for participants subject to taxation in the United States. This summary is not intended to constitute tax advice, is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Restricted Shares. Restricted shares are not taxable to a participant at the time of grant but instead are included in ordinary income (at their then fair market value) when the restrictions lapse. A participant may elect, however, under Code Section 83(b) to recognize income at the time of grant, in which case the fair market value of the restricted shares at the time of grant is included in ordinary income, and there is no further income recognition when the restrictions lapse. If a participant makes such an election and thereafter forfeits the restricted shares, the participant will be entitled to no tax deduction, capital loss or other tax benefit. The Company is entitled to a tax deduction in an amount equal to the ordinary income recognized by the participant, subject to any applicable limitations under Code Section 162(m).

A participant's tax basis for restricted shares will be equal to the amount of ordinary income recognized by the participant. The participant will recognize capital gain (or loss) on a sale of the restricted shares if the sale price exceeds (or is lower than) such basis. The holding period for restricted shares for purposes of characterizing gain or loss on the sale of any common shares as long- or short-term commences at the time the participant recognizes

ordinary income pursuant to an award. The Company is not entitled to a tax deduction corresponding to any capital gain or loss of the participant.

Performance Awards. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a performance award is granted (for example, when the performance goals are established). Upon receipt of common shares or cash (or a combination thereof) in settlement of a performance award, the participant will recognize ordinary income equal to the fair market value of the common shares and cash received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Dividend Equivalent Rights. Dividend equivalent rights may be granted separately or as a component of another award, such as an award of restricted share units. A participant will not recognize income, and the Company will not be allowed

a tax deduction, at the time a dividend equivalent right is granted. Upon receipt of common shares or cash (or a combination thereof) in settlement of a dividend equivalent right, the participant will recognize ordinary income equal to the fair market value of the common shares and cash received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Other Awards. Other forms of awards based upon, payable in, or otherwise related to common shares may be granted. The tax treatment of such awards varies depending on the terms of the awards.

Limits on Company's Deductions. Code Section 162(m) generally places a \$1 million annual limit on a company's tax deduction for compensation paid to a "covered employee." A "covered employee" is defined as the company's chief executive officer, chief financial officer, and the other three highest paid executive officers at any time during the taxable year. The deduction disallowance applies to all future years, including years following termination of employment.

Code Section 409A. The terms of the 2013 Equity Incentive Plan and each award granted under the 2013 Equity Incentive Plan are intended to comply with or to be exempt from Code Section 409A, which imposes specific restrictions on nonqualified deferred compensation arrangements.

Required Vote

Approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan requires the affirmative vote of a majority of the votes cast on Proposal 4 at the Annual Meeting in person or by proxy. Votes cast does not include broker non-votes, and therefore, broker non-votes will not affect the outcome of the vote, although they will be considered present for the purpose of determining the presence of quorum. Abstentions will have the same effect as votes against the proposal. You may vote "FOR", "AGAINST" or "ABSTAIN."

The Board recommends a vote "FOR" the approval of the Amended and Restated Physicians Realty Trust 2013 Equity Incentive Plan.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, the persons named in the accompanying proxy intend to vote on those matters in accordance with their best judgment.
