## SECTION 1 - REGISTRANT'S BUSINESS AND OPERATIONS

### Item 1.01 Entry into a Material Definitive Agreement

Effective July 31, 2015, NextEra Energy Partners, LP (NEP) entered into a membership interest purchase agreement (purchase and sale agreement) with Dearing Holdings, LP, Gutierrez Ventures, LP, Mission Pipeline Midstream, Inc., and NET Investment Company LLC (collectively, the sellers), Midstream Partners Sellers' Representative LLC (sellers' representative), Jerry Dearing and Joe Gutierrez (collectively, the principals), ArcLight Capital Partners, LLC, National Energy & Trade, LP and NET Holdings Management, LLC (NET Midstream). Pursuant to the terms of the purchase and sale agreement, NEP has agreed to acquire 100% of the membership interests in NET Midstream (the NET Midstream acquisition), for an aggregate purchase price of approximately \$2 billion, less indebtedness of NET Midstream and its subsidiaries at closing, subject to (i) a \$200 million holdback payable, in whole or in part, upon satisfaction of financial performance and capital expenditure thresholds relating to anticipated expansion projects, (ii) a \$200 million indemnity holdback as described below and (iii) certain adjustments for working capital.

The purchase and sale agreement contains customary representations, warranties, covenants and agreements. Among other covenants, NET Midstream has agreed, for the period between the execution of the purchase and sale agreement and closing, to conduct its business in substantially the same manner previously conducted, not to engage in certain types of activities and transactions, and not to solicit, or provide information or enter into discussions concerning, proposals for alternative sale transactions. The purchase and sale agreement may be terminated by either the sellers or NEP for various reasons, including mutual written consent or if the NET Midstream acquisition does not close on or before October 15, 2015.

Under the purchase and sale agreement, NEP and the sellers have agreed to indemnify each other against certain losses resulting from any breach of the respective representations, warranties or covenants contained in the purchase and sale agreement, subject to certain limitations and survival periods. In order to secure the sellers' indemnification obligations, the sellers have agreed to the above-referenced \$200 million purchase price holdback for a period of 18 months following the closing date of the NET Midstream acquisition, which holdback shall be applied to satisfy certain indemnification obligations of the sellers arising under the purchase and sale agreement during such 18-month period. The \$200 million indemnity holdback may be reduced by up to \$10 million depending on certain post-closing employee retention thresholds.

The NET Midstream acquisition is expected to close early in the fourth quarter of 2015, subject to the satisfaction or waiver of customary closing conditions, including the expiration or early termination of any required waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976.

The foregoing description of the rights and obligations of the parties under the purchase and sale agreement and the transactions contemplated thereby does not purport to be complete and is qualified in its entirety by reference to the purchase and sale agreement, which is filed as Exhibit 2 to this Current Report on Form 8-K and incorporated herein by reference.
