#### Section 2 - Financial Information

##### Item 2.02 Results of Operations and Financial Condition.

On February 21, 2019, eHealth, Inc. (the “Company”) issued an earnings release announcing its financial results for the quarter and year ended December 31, 2018 (the “Original Press Release”). Information regarding the non-GAAP net income and non-GAAP net income per diluted share for the fourth quarter of 2018 included incorrect adjustments for the impact of income taxes in non-GAAP net income based on the revised effective tax rate for the three months ended December 31, 2018. Additionally, the 2019 guidance for non-GAAP net income per diluted share in the body of the Original Press Release and expected non-GAAP net income in the Reconciliation of Non-GAAP Financial Measures to Guidance incorrectly excluded depreciation and amortization. On February 25, 2019, the Company issued a corrected earnings release revising such information, as corrected (the “Corrected Press Release”). The misstatements did not impact the Company’s GAAP financial statements.

A copy of the Corrected Press Release, which indicates the corrected non-GAAP net income and non-GAAP net income per diluted share for the fourth quarter of 2018, and guidance for 2019 non-GAAP net income per diluted share and expected non-GAAP net income, is furnished as Exhibit 99.1 to this Amendment No. 1 on Form 8-K/A and is incorporated herein by reference. For convenience, the corrected non-GAAP net income and non-GAAP net income per diluted share for the fourth quarter of 2018, and the guidance for 2019 non-GAAP net income per diluted share are also excerpted below (with original reported non-GAAP net income and non-GAAP net income per diluted share for the fourth quarter of 2018, and the original guidance for 2019 non-GAAP net income per diluted share struck and the corrected non-GAAP net income and non-GAAP net income per diluted share for the fourth quarter of 2018, and the corrected guidance for 2019 non-GAAP net income per diluted share in bold type and underlined).

Non-GAAP net income for the fourth quarter of 2018 was \$35.7 ~~33.6~~ million, or \$1.72 ~~1.61~~ non-GAAP net income per diluted share, compared to non-GAAP net income of \$30.2 million, or \$1.57 non-GAAP net income per diluted share, for the fourth quarter of 2017.

Non-GAAP net income per diluted share<sup>(a)</sup> is expected to be in the range of \$1.11 ~~1.22~~ to \$1.25 ~~1.33~~ per share.

The information in Item 2.02 of this Current Report on Form 8-K/A and the exhibits attached hereto are intended to be “furnished” and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended. Except as shall be expressly set forth by specific reference in such filing, the information contained herein and in the accompanying exhibits shall not be incorporated by reference into any filing with the Securities and Exchange Commission made by the Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing.
