Such forward-looking statements only speak as of the date of this release and the Company assumes no obligation to update the information included in this report. Such forward-looking statements include information concerning our possible or assumed future results of operations, including descriptions of our business strategy, and the cost savings and other benefits that we expect to achieve from our restructuring, as well as the anticipated increase in our borrowing capacity under our revolving credit facility. These statements often include words such as “believe,” “expect,” “anticipate,” “intend,” “predict,” “plan,” “should,” or similar expressions. These statements are not guarantees of performance or results, and they involve risks, uncertainties, and assumptions. Although we believe that these forward-looking statements are based on reasonable assumptions, there are many factors that could affect our actual financial results or results of operations and could cause actual results to differ materially from those in the forward-looking statements. These factors include our ability to effectively manage our operational initiatives and implemented restructuring activities, the impact of volatility of metals prices, the impact of imposed tariffs and/or duties, the cyclical and seasonal aspects of our business, our ability to effectively manage inventory levels, the impact of our substantial level of indebtedness and our ability to obtain the requisite approvals and finalize the documentation relating to our additional borrowing capacity, as well as including those risk factors identified in our Annual Report on Form 10-K for the fiscal year ended December 31, 2017, which we filed on March 15, 2018. All future written and oral forward-looking statements by us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to above. Except as required by the federal securities laws, we do not have any obligations or intention to release publicly any revisions to any forward-looking statements to reflect events or circumstances in the future, to reflect the occurrence of unanticipated events or for any other reason.
