REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Participants of
The GMAC Mortgage Group, Inc. Savings Incentive Plan
Horsham, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of the GMAC Mortgage Group, Inc. Saving Incentive Plan (the "Plan") as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2005, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

The following description of the GMAC Mortgage Group Inc. Savings Incentive Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan was initially effective January 1, 1978 under the sponsorship of Colonial Mortgage Service Company ("Colonial") and was then known as the Colonial Companies Savings and Incentive Plan. GMAC Mortgage Corporation acquired all of the outstanding stock of Colonial in 1986 and adopted the Plan as The GMAC Mortgage Corporation Savings Incentive Plan. The Plan was subsequently assumed by GMAC Mortgage Group (the "Group") and was renamed The GMAC Mortgage Group, Inc. Savings Incentive Plan. The Plan has been amended or amended and restated from time to time. The Plan was last amended and restated effective January 1, 2001. The Plan's most recent amendment was effective March 23, 2006.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

General--The Plan is a defined contribution plan with a cash or deferred arrangement for substantially all employees of the Group, its participating subsidiaries and any related entities electing to adopt the Plan with the permission of the Group's Board of Directors or the Plan Administrative Committee. The primary subsidiaries or related entities and their respective subsidiaries participating in the Plan include:

- o GMAC Residential Holding Corporation ("GMAC Residential")
- o Residential Funding Corporation ("RFC")
- o GMAC Commercial Holding Corporation ("GMAC Commercial Mortgage"). On March 23, 2006, a sale of 78% equity interest in GMAC Commercial Mortgage was finalized. As of that date, GMAC Commercial Mortgage is no longer part of the GM Control Group and is no longer part of the employer in the GMAC Mortgage Group, Inc. Savings Incentive Plan. On March 23, 2006, each participant who was an employee of GMAC Commercial Mortgage without a severance date was transferred and became 100% vested in all contributions regardless of length of service.

The Group controls and manages the operation and administration of the plan. Fidelity Management Trust Company ("Fidelity") serves as the trustee of the Plan.

Contributions--Annual additions to a participant's account are subject to certain limitations imposed by the Plan, and the Internal Revenue Code ("IRC") limitations. Employees may elect to contribute to the Plan on a pre-tax basis, in even multiples of 1% up to 99% of eligible compensation (or the amount available after statutory and other benefit deductions are taken). Contributions are subject to a limit of \$14,000, plus as applicable, the limit for age 50 or older catch-up contributions of \$4,000 for the year ended December 31, 2005. After one year of service, the Group will match 100% of a participant's contribution, up to 6% of compensation on a per payroll period basis, to an annual matching limit of \$3,000, subject to adjusting contributions at the end of the year to provide the participant with the same level of employer matching contribution as the participant would have received if the participant made level contributions throughout the year. Additional amounts may be contributed at the discretion of

GMAC Residential and RFC to non-highly compensated employees. Such a contribution was made on March 9, 2006 in a total amount of \$2,338,375 for the Plan year ended December 31, 2005. Participants may also contribute certain amounts representing distributions from other qualified defined benefit or defined contribution Plans.

Investments--Based on the participant's election, participant contributions can be directed to any of several investment funds or options. As of December 31, 2005, the Plan currently offers 20 mutual funds and the General Motors Unitized Stock Fund ("GMUS") as investment options for participants. Participants may elect to change contribution elections daily and are permitted to change allocations among funds or transfer balances between funds, in 1% increments, daily. Employer contributions are automatically invested in GMUS and are considered as nonparticipant-directed investments at this point. The participants, however, have the ability to transfer funds immediately. Discretionary contributions are made to the same fund elections as the participant contributions.

Eligibility--Employees, except those in an ineligible classification, generally are eligible to make elective contributions to the Plan starting on the first day of the calendar month following 30 days of employment. Employees considered ineligible are those covered by a collective bargaining agreement, part-time commissioned employees not eligible for fringe benefits, part-time employees scheduled to work less than 20 hours per week, temporary employees, those employed as mortgage loan agents by GMAC Home Services, non-resident aliens with no United States source income, leased employees (paid by an entity other than the Group), or independent contractors. Temporary employees and those scheduled to work less than 20 hours per week become eligible once they complete one year of eligibility service if they are employed by the Group on that date.

Participant Accounts--Individual accounts are maintained for each Plan participant. The Salary Reduction Account consists of a participant's contributions. The Matching Account consists of the Group's contributions. An account is also maintained for each participant that has rollover contributions from a prior Qualified Plan and in 2005 a separate account was established for Qualified Non-Elective Contributions ("QNEC"). The QNEC consist of contributions made by the employer to eligible non-highly compensated employees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Any increase or decrease in the market value of each investment category and all accrued income, expense, and realized profit or loss are added to or deducted from the account of each participant in proportion to account balance.

Vesting--Participants are vested immediately in their contributions in the Salary Reduction Account plus actual earnings thereon. Vesting in the Group's contributions in the Matching Account plus earnings thereon is based on years of service. The participants' Matching Account vested balance is 20% after one year of service and increases 20% per year thereafter until becoming 100% (fully) vested after 5 years of service.

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

Participant Loans--Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. Interest on participant loans is determined by the Group based on rates offered by commercial lenders for similar type loans. The interest rate on a participant loan is the prime rate + 1%. Loan repayments generally are made in level payments each pay period during the term of the loan. The loan term is not to exceed ten years if the loan is used for the purchase of a home or five years if the loan is used for any other purpose. Loans are funded through the liquidation of the participant's related investments. Repayments of principal and interest are reinvested based upon the participant's current investment options.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2005 AND 2004,
AND FOR THE YEAR ENDED DECEMBER 31, 2005 (continued)

Payment of Benefits--On termination of service, a participant may generally elect to withdraw his or her vested accrued benefit at any time subject to a tax penalty if withdrawn prior to age 59 1/2. A participant's vested accrued benefit may be withdrawn prior to termination because of financial hardship. A participant will receive his or her withdrawal in a lump-sum payment. Distributions are ordinarily made in cash (or as a direct rollover); however, a participant may also elect a distribution of shares of stock to the extent that a participant's accrued benefit is invested in employer stock.

Forfeitures--At December 31, 2005 and 2004, forfeited non-vested accounts totaled \$1,585,330 and \$1,242,042, respectively. These accounts will be used to pay Plan expenses or reduce subsequent Group contributions. During the year ended December 31, 2005, employer contributions were reduced by \$1,990,030 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting-- The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation--Certain prior year amounts have been reclassified to conform to current year classifications.

Use of Estimates--The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties--The Plan utilizes various investment instruments such as, mutual funds and common stock. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition--The Plan's investment are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held y the Plan at year end. Participant loans are valued at the outstanding loan balances, which approximate fair value.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on cash basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2005 AND 2004,
AND FOR THE YEAR ENDED DECEMBER 31, 2005 (continued)

Payment of Benefits--Benefit payments to participants are recorded upon distribution.

Administrative Expenses--Administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Advisory, auditing and accounting services were paid for by the Group on behalf of the Plan. Costs for such outside services amounted to approximately \$308,937 during the year ended December 31, 2005.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Group has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's Matching Account becomes fully vested.

4. INVESTMENTS AND INVESTMENT OPTIONS

NOTES TO FINANCIAL STATEMENTS

AS OF DECEMBER 31, 2005 AND 2004,

AND FOR THE YEAR ENDED DECEMBER 31, 2005 (continued)

During the year ended December 31, 2005, the Plan's investments, which consist of mutual funds and individual stock funds (including gains and losses on investments bought and sold, as well as held during the year), appreciated (depreciated) in value as follows:

Asset Allocation Funds	\$1,034,141	
Balanced Funds	353,357	
Bond Funds	(585,834)	
Common Stock Funds	(36,867,981)

---	----------------	-------

The objective of the GMUS is to provide a General Motors stock investment option that can be traded and accessed with the same frequency and timeliness as a mutual fund. This Fund is primarily comprised of General Motors ("GM") Common Stock and a small percentage of cash and/or other liquid investments ranging from 1 to 3 percent of total assets of the fund. The availability of the cash

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

makes it possible to trade shares of GM Common Stock without waiting the mandatory five-day settlement period. Contributions to each participant's Matching Account are initially invested in the GMUS. Participants have investments in the common stock of Delphi, DirecTV, NewsCorp and Raytheon as a result of receiving distributions of shares of stock to GM Shareholders from GM. Participants have investments in the common stock of Wachovia as a result of receiving distributions of shares of stock from a predecessor of GMAC Residential. These investments have been included as nonparticipant-directed investments. See Note 5 for more detailed financial information regarding the activity of nonparticipant-directed investments.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 20, 2002 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. EXEMPT PARTY-IN-INTEREST-TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on a fund. The total balance for these Funds was \$321,765,649 and \$365,958,013 at December 31, 2005 and 2004, respectively. These investments earned income of \$47,628,642 during the year ended December 31, 2005.

Through its GMUS investment option, the Plan has invested in the indirect parent of the Group. See Note 5 for more detailed financial information regarding the activity of nonparticipant-directed investments. During the year ended December 31, 2005, participants had the following participant directed and non-participant directed transactions in the Plan as a result of the GMUS investment option:

Total dollar amount of purchases	\$28,062,586
Total dollar amount of sales	34,466,431
Total dollar amount at cost	63,660,860

Edgar Filing: GENERAL MOTORS CORP - Form 11-K

Total dollar amount at current value 34,543,220

8. SUBSEQUENT EVENTS

Effective the first payroll on or after March 1, 2006, the Plan automatically enrolled all eligible GMAC Residential Holding Corporation and RFC employees into the Plan. Unless the participant elects differently, participants are automatically enrolled to contribute 2% of compensation on a pre-tax basis. If the participant does not make an investment election, the contribution will be invested into the Fidelity Puritan Fund, which is the Plan's default investment option.

Effective with the first payroll on or after July 1, 2006, the Plan will invest matching contributions in the same manner as elective participants.

Effective November 30, 2006, the following investment options will be eliminated from the Plan: GM Common Stock, DirecTV Common Stock, News Corporation Non-Voting Common Stock, Delphi Common Stock, Raytheon Company Common Stock and Wachovia Group Common Stock. All investment balances in these investment options will be liquidated.

The Plan will implement additional Hardship withdrawals allowed as per the revised IRS section 401(k) regulation. The regulations have been expanded to include (i) funeral expenses that a participant incurs for a family member's funeral and (ii) expenses to make principal residence repairs necessitated by a casualty loss, such as hurricane or fire.

The Plan will be revised to include a partial payment distribution option in addition to the current lump sum distribution payment option as the participant or beneficiary elects, consistent with IRC minimum distribution requirements.

THE GMAC MORTGAGE GROUP, INC. SAVINGS INCENTIVE PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2005 AND 2004,
AND FOR THE YEAR ENDED DECEMBER 31, 2005 (concluded)

Effective January 1, 2007, the 401(k) plan will be enhanced. The maximum employer contribution will be increased from \$3,000 to \$6,000 and two additional 401(k) plan contributions will also be added; a non-discretionary retirement contribution and a discretionary profit sharing contribution. The non-discretionary retirement contributions will be a 2% annual of base compensation contribution while the discretionary profit-sharing contribution allows for a 0% - 2% annual contribution of base contribution.
