  - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Section 1 – Registrant’s Business and Operations

Item 1.01. Entry into a Material Definitive Agreement

On July 2, 2010, El Dorado Nitrogen, L.P. (“EDN”) and El Dorado Chemical Company (“EDC”), both subsidiaries of LSB Industries, Inc. (the “Company”) received the executed Second Amendment to the Nitric Acid Supply Operating and Maintenance Agreement, dated effective June 16, 2010 (the “Second Amendment”), between EDN, EDC, and Bayer MaterialScience, LLC (“Bayer”). The Second Amendment amends the previously disclosed Nitric Acid Supply Operating and Maintenance Agreement, dated October 23, 2008 (the “Bayer Agreement”), between EDN, EDC, and Bayer, which remains in full force and effect.

The Second Amendment provides for the installation of an N<sub>2</sub>O abatement catalyst at the nitric acid manufacturing facility located in Baytown, Texas (the “Baytown Facility”). The Baytown Facility is maintained and operated by EDN in accordance with the terms of the Bayer Agreement. The abatement catalyst has been installed and is designed to reduce the level of N<sub>2</sub>O emissions, or greenhouse gases, produced in the operation of the Baytown Facility. Under the terms of the Bayer Agreement, as amended by the Second Amendment, EDN will be allocated a portion of any greenhouse gas offset credits relating to the reduction of N<sub>2</sub>O emissions at the Baytown Facility, if any, after such credits are sold and certain of Bayer’s costs are reimbursed from the proceeds from the sale of such credits.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Company has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
