On November 30, 2017, the Board of Directors (the “Board”) of Raymond James Financial, Inc., a Florida corporation (the “Company”), approved amendments to amend and restate the Company’s By-laws (the “By-laws”). The By-laws were last amended on February 20, 2015. The amendments to the By-laws relate primarily to changes that fall into the following categories:

Enhancements to Advance Notice Provisions for Shareholder Proposals and Director Nominations

Enhance the advance notice requirements that shareholders are required to comply with when submitting their advance notice of shareholder proposals and proposed director candidates to be brought before an annual meeting of shareholders to require additional information about each shareholder proponent, all shareholder proposals and all proposed director candidates.

Specify that, if an advance notice of shareholder proposal and/or proposed director candidates was not properly brought before the meeting in accordance with the By-laws then the chairman of such meeting shall declare to such meeting that such advance notice was improper and not permit such shareholder proposal or proposed director candidate to be brought before such meeting.

Specify that business and director candidates proposed to be brought before an annual meeting by a shareholder may not be brought before such meeting if such shareholder takes action contrary to the representations made in the advance notice of shareholder proposal and/or proposed director candidates, or if, when submitted, the advance notice contained untrue statements or omissions of facts necessary to make the statements therein not misleading, or, after being submitted to the Company, the advance notice was not updated in accordance with the By-laws.

Specify that a shareholder is required to update and supplement the advance notice of shareholder proposals and/or proposed director candidates that is submitted to the Company if any of the information contained in the advance notice becomes inaccurate at any time after it is submitted.

Provide that the Company may request that a shareholder who submits an advance notice of shareholder proposal and/or proposed director candidates provide written verification to demonstrate the accuracy of any information submitted by the shareholder in the advance notice.

Provide that the Company may request that a shareholder who submits an advance notice of shareholder proposal and/or proposed director candidates provide a written supplement to update the information contained in any previously submitted advance notice.

Require a proposing shareholder to specifically identify in the advance notice of shareholder proposal and/or proposed director candidates by way of an express cross-reference how the information being provided therein is intended to comply with a specific advance notice requirement of the By-laws.

Prohibit a proposing shareholder from incorporating by reference into an advance notice of proposed business and/or proposed director candidates information from other documents, including those publicly available, which are not prepared in response to the requirements of the By-laws.

Require a proposing shareholder submitting an advance notice of shareholder proposal and/or proposed director candidates to represent and warrant that all information contained therein is true, accurate and complete in all respects

and contains no false and misleading statements, and to further indicate that the proposing shareholder intends for the Company and the Board to rely on such information as being true, accurate and complete in all respects and not containing any false or misleading statements.

Require a proposing shareholder to submit its own timely and proper advance notice of shareholder proposals and/or proposed director candidates notwithstanding any notice of the annual meeting sent to shareholders on behalf of the Company that may seek to bring similar items of business before the meeting.

Provide that in the event that the number of directors to be elected to the Board is increased and there is no public disclosure made by the Company naming all of the nominees for director or specifying the size of the increased Board at least one hundred (100) calendar days prior to the one-year anniversary date of the immediately preceding year's annual meeting of shareholders, an advance notice of proposed director candidates shall also be considered timely, but only with respect to candidates for any new director vacancies created by such increase, and only with respect to a shareholder who had, prior to such increase in the size of the Board, previously submitted to the Company a proper and timely advance notice of proposed director candidates, if such notice is received by the Company not later than the close of business on the tenth (10th) calendar day following the day on which such public disclosure of such new director vacancies is first made by the Company.

Enhancements to Provisions for Special Meetings of Shareholders

Specify that, for business to be properly brought before a special meeting of shareholders, it must be (i) specified in the Company's notice of meeting given by or at the direction of the Board, (ii) if not specified in the notice of meeting provided by or at the direction of the Board, otherwise properly brought before the special meeting by or at the direction of the Board, (iii) with respect to the election of directors, provided that the Board has called a special meeting of shareholders for the purpose of electing one or more directors to the Board, by any shareholder of the Company who complies in all respects with the requirements in the By-laws regarding advance notices of director nominations, or (iv) otherwise properly requested to be brought before a special meeting requested by shareholders of record as of the record date fixed in accordance with the By-laws who hold, in the aggregate, at least ten percent (10%) of the voting power of the outstanding shares of the Company.

Require shareholders seeking to call a special meeting of shareholders or request that a record date be set for such meeting to provide a notice to the Company containing informational disclosures substantially similar to those required in advance notices applicable to shareholder proposals and/or proposed director candidates that a shareholder proposes to bring before an annual meeting of shareholders.

Provide that the Company may request that a shareholder seeking to call a special meeting of shareholders or request that a record date be set for such meeting provide written verification to demonstrate the accuracy of any information submitted by the shareholder in such demand or request.

Enhancements to Provisions for Shareholder Action by Written Consent

Delete the provision providing that a request to set a record date for determining shareholders entitled to take action by written consent, when no prior action is required by the Board, requires consents constituting at least 10% of the voting power of the outstanding shares such that no ownership threshold is now required to be met for shareholders to set a record date for actions by written consent.

Provide that in the event of the delivery of written consents to take corporate action and/or any related revocations, the Company shall engage independent inspectors of elections for the purpose of performing promptly a review of the validity of the consents and revocations.

Provide that no written consent shall be effective to take corporate action unless, among other things, the inspector of election certification process contemplated by the By-laws with respect to actions by written consent has been complied with.

Require shareholders seeking to take action by written consent or request that a record date be set for shareholders to take action by written consent to provide a notice to the Company containing informational disclosures substantially similar to those required in advance notices applicable to director nominations and other business proposed to be brought before an annual meeting of shareholders.
