Advanced Battery Technologies hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement to include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of Advanced Battery Technologies pursuant to the provisions of the Delaware General Corporation Law or otherwise, Advanced Battery Technologies has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by Advanced Battery Technologies of expenses incurred or paid by a director, officer or controlling person of Advanced Battery Technologies in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, Advanced Battery Technologies will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

RISK FACTORS

You should carefully consider the risks described below before buying our common stock. If any of the risks described below actually occurs, that event could cause the trading price of our common stock to decline, and you could lose all or part of your investment.

I. RISKS ATTENDANT TO OUR BUSINESS

WE MAY BE UNABLE TO GAIN A SUBSTANTIAL SHARE OF THE MARKET FOR BATTERIES.

We have only one product line, rechargeable polymer lithium-ion batteries. We first marketed our batteries in the Spring of 2004, and have reported \$1,085,058 in revenue for the first nine months of 2004. There are many companies, both large and small, involved in the market for rechargeable batteries. It will be difficult for us to establish a reputation in the market so that manufacturers chose to use our batteries rather than those of

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

our competitors. Unless we are able to expand our sales volume significantly, we will not be able to operate efficiently and our business will fail.

WE MAY BE UNABLE TO SATISFY OUR CURRENT DEBTS.

Our current liabilities are far in excess of the book value of our current assets. At September 30, 2004 our current liabilities totaled \$2,036,687 and our current assets totaled \$662,238, only \$188,484 of which were liquid assets. We are engaged in efforts to negotiate compromises and extensions with our major creditors. If those negotiations are unsuccessful, however, our business may fail.

WE LACK SUFFICIENT CAPITAL TO FULLY CARRY OUT OUR BUSINESS PLAN.

In order to make our operations cost-efficient, it is necessary that we expand our operations. At the present time, however, our capital resources are sparse. In order to expand our operations, we will need an infusion of capital to fund the build-out of our manufacturing facility and an accumulation of inventory. We are engaged in discussions with potential sources of capital, and have recently obtained a \$2.4 Million loan. It is not clear whether the proceeds of that loan will be sufficient to permit us to expand to an efficient operating point.

OUR BUSINESS AND GROWTH WILL SUFFER IF WE ARE UNABLE TO HIRE AND RETAIN KEY PERSONNEL THAT ARE IN HIGH DEMAND.

-2-

Our future success depends on our ability to attract and retain highly skilled engineers, technical, marketing and customer service personnel, especially qualified personnel for our operations in China. Qualified individuals are in high demand in China, and there are insufficient experienced personnel to fill the demand. Therefore we may not be able to successfully attract or retain the personnel we need to succeed.

WE MAY NOT BE ABLE TO ADEQUATELY PROTECT OUR INTELLECTUAL PROPERTY, WHICH COULD CAUSE US TO BE LESS COMPETITIVE.

We are continuously designing and developing new technology. We rely on a combination of copyright and trade secret laws and restrictions on disclosure to protect our intellectual property rights. Unauthorized use of our technology could damage our ability to compete effectively. In China, monitoring unauthorized use of our products is difficult and costly. In addition, intellectual property law in China is less developed than in the United States and historically China has not protected intellectual property to the same extent as it is protected in other jurisdictions, such as the United States. Any resort to litigation to enforce our intellectual property rights could result in substantial costs and diversion of our resources, and might be unsuccessful.

WE MAY HAVE DIFFICULTY ESTABLISHING ADEQUATE MANAGEMENT AND FINANCIAL CONTROLS IN CHINA.

The Peoples Republic of China has only recently begun to adopt the management and financial reporting concepts and practices that investors in the United States are familiar with. We may have difficulty in hiring and retaining employees in China who have the experience necessary to implement the kind of management and financial controls that are expected of a United States public company. If we cannot establish such controls, we may experience difficulty in collecting financial data and preparing financial

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

statements, books of account and corporate records and instituting business practices that meet U.S. standards.

CAPITAL OUTFLOW POLICIES IN CHINA MAY HAMPER OUR ABILITY TO PAY DIVIDENDS TO SHAREHOLDERS IN THE UNITED STATES.

The Peoples Republic of China has adopted currency and capital transfer regulations. These regulations require that we comply with complex regulations for the movement of capital. Although Chinese governmental policies were introduced in 1996 to allow the convertibility of RMB into foreign currency for current account items, conversion of RMB into foreign exchange for capital items, such as foreign direct investment, loans or securities, requires the approval of the State Administration of Foreign Exchange. We may be unable to obtain all of the required conversion approvals for our operations, and Chinese regulatory authorities may impose greater restrictions on the convertibility of the RMB in the future. Because most of our future revenues will be in RMB, any inability to obtain the requisite approvals or any future restrictions on currency exchanges will limit our ability to fund our business activities outside China or to pay dividends to our shareholders.

WE HAVE LIMITED BUSINESS INSURANCE COVERAGE.

The insurance industry in China is still at an early stage of development. Insurance companies in China offer limited business insurance products, and do not, to our knowledge, offer business liability insurance. As a result, we do not have any business liability insurance coverage for our operations. Moreover, while business disruption insurance is available, we have determined that the risks of disruption and cost of the insurance are such that we do not require it at this time. Any business disruption, litigation or natural disaster might result in substantial costs and diversion of resources.

-3-

TRADE BARRIERS AND TAXES MAY HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND OPERATIONS.

We may experience barriers to conducting business and trade in our targeted markets in the form of delayed customs clearances, customs duties and tariffs. In addition, we may be subject to repatriation taxes levied upon the exchange of income from local currency into foreign currency, as well as substantial taxes of profits, revenues, assets or payroll, as well as value-added tax. The markets in which we plan to operate may impose onerous and unpredictable duties, tariffs and taxes on our business and products. Any of these barriers and taxes could have an adverse effect on our finances and operations.

CURRENCY FLUCTUATIONS MAY ADVERSELY AFFECT OUR BUSINESS.

We generate revenues and incur expenses and liabilities in Chinese RMB. However we report our financial results in the United States in U.S. Dollars. As a result, we are subject to the effects of exchange rate fluctuations between these currencies. Recently, there have been suggestions made to the Chinese government that it should adjust the exchange rate and end the linkage that in recent years has held the RMB-U.S. dollar exchange rate constant. If the RMB exchange rate is adjusted or is allowed to float freely against the U.S. dollar, our revenues, which are denominated in RMB, may fluctuate significantly in U.S. dollar terms. We have not entered into agreements or purchased instruments to hedge our exchange rate risks.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

II. RISKS ATTENDANT TO OUR MANAGEMENT

OUR BUSINESS DEVELOPMENT WOULD BE HINDERED IF WE LOST THE SERVICES OF OUR CHAIRMAN.

Zhiguo Fu is the Chief Executive Officer of Advanced Battery Technologies and of its operating subsidiary, HeilongJiang ZhongQiang Power Tech Co, Ltd. Mr. Fu is responsible for strategizing not only our business plan but also the means of financing it. Mr. Fu has also, from time to time, provided his personal funds to meet the working capital needs of HeilongJiang ZhongQiang Power Tech Co, Ltd. If Mr. Fu were to leave Advanced Battery Technologies or become unable to fulfill his responsibilities, our business would be imperiled. At the very least, there would be a delay in the development of Advanced Battery Technologies until a suitable replacement for Mr. Fu could be retained.

ADVANCED BATTERY TECHNOLOGIES IS NOT LIKELY TO HOLD ANNUAL SHAREHOLDER MEETINGS IN THE NEXT FEW YEARS.

Delaware corporation law provides that members of the board of directors retain authority to act until they are removed or replaced at a meeting of the shareholders. A shareholder may petition the Delaware Court of Chancery to direct that a shareholders meeting be held. But absent such a legal action, the board has no obligation to call a shareholders meeting. Unless a shareholders meeting is held, the existing directors elect directors to fill any vacancy that occurs on the board of directors. The shareholders, therefore, have no control over the constitution of the board of directors, unless a shareholders meeting is held.

Since it became a public company, Advanced Battery Technologies has never held an annual meeting of shareholders. Management does not expect

-4-

to hold annual meetings of shareholders in the next few years, due to the expense involved. The current members of the Board of Directors were appointed to that position by the current and previous directors. If other directors are added to the Board in the future, it is likely that the current directors will appoint them. As a result, the shareholders of Advanced Battery Technologies will have no effective means of exercising control over the operations of Advanced Battery Technologies.

RELATED PARTY TRANSACTIONS MAY OCCUR ON TERMS THAT ARE NOT FAVORABLE TO ADVANCED BATTERY TECHNOLOGIES.

Zhiguo Fu, directly and through his family, controls over 45% of the outstanding common stock of Advanced Battery Technologies. For the foreseeable future, therefore, he will control the operations of Advanced Battery Technologies. Mr. Fu also owns 30% of the outstanding stock of HeilongJiang ZhongQiang Power Tech Co, Ltd., and was responsible for structuring the transaction in which Advanced Battery Technologies acquired its 70% of HeilongJiang ZhongQiang Power Tech Co, Ltd. From time to time, Mr. Fu has loaned money to HeilongJiang ZhongQiang Power Tech Co, Ltd., and contributed to its capital, when needed. It is likely that Mr. Fu will engage in other transactions with Advanced Battery Technologies and/or HeilongJiang ZhongQiang Power Tech Co, Ltd., including transfers of all or part of his interest in HeilongJiang ZhongQiang Power Tech Co, Ltd. to Advanced Battery Technologies. It is unlikely that the Board of Directors will obtain independent confirmation that the terms of such related party transactions are fair. If the terms are unfair to Advanced Battery

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

Technologies, the transactions could harm our operating results.

Your ability to bring an action against us or against our directors, or to enforce a judgment against us or them, will be limited because we conduct all of our operations in China and because most of our directors reside outside of the United States.

We conduct substantially all of our operations in China through our wholly-owned subsidiary. Most of our directors reside in China and substantially all of the assets of those persons are located outside of the United States. As a result, it may be difficult or impossible for you to bring an action against us or against these individuals in the United States in the event that you believe that your rights have been infringed under the securities laws or otherwise. Even if you are successful in bringing an action of this kind, the laws of the United States and of China may render you unable to enforce a judgment against our assets or the assets of our directors.

III. RISKS ATTENDANT TO THE MARKET FOR OUR COMMON STOCK.

THE VOLATILITY OF THE MARKET FOR ADVANCED BATTERY TECHNOLOGIES COMMON STOCK MAY PREVENT A SHAREHOLDER FROM OBTAINING A FAIR PRICE FOR HIS SHARES.

The common stock of Advanced Battery Technologies at the present time has only a small number of market makers. As a result, the market price for our common stock is volatile, at times moving over 20% in one day. Unless and until the market for our common stock grows and stabilizes, the common shares you purchase will remain illiquid. A shareholder in Advanced Battery Technologies who wants to sell his shares, therefore, runs the risk that at the time he wants to sell, the market price may be much less than the price he would consider to be fair.

-5-

ADVANCED BATTERY TECHNOLOGIES WILL BE QUOTED ON THE OTC BULLETIN BOARD FOR THE IMMEDIATE FUTURE.

Advanced Battery Technologies does not meet the eligibility requirements for listing on the NASDAQ Stock Market. Until we meet those standards and are accepted into the NASDAQ Stock Market, or unless we are successful in securing a listing on the American Stock Exchange or some other exchange, Advanced Battery Technologies common stock will be quoted only on the OTC Bulletin Board. Such a listing is considered less prestigious than a NASDAQ Stock Market or an exchange listing, and many brokerage firms will not recommend Bulletin Board stocks to their clients. This situation may limit the liquidity of your shares.

ONLY A SMALL PORTION OF THE INVESTMENT COMMUNITY WILL PURCHASE "PENNY STOCKS" SUCH AS ADVANCED BATTERY TECHNOLOGIES COMMON STOCK.

Advanced Battery Technologies' common stock is defined by the SEC as a "penny stock" because it trades at a price less than \$5.00 per share. Many brokerage firms will discourage their customers from purchasing penny stocks, and even more brokerage firms will not recommend a penny stock to their customers. Most institutional investors will not invest in penny stocks. In addition, many individual investors will not consider a purchase of a penny stock due, among other things, to the negative reputation that attends the penny stock market. As a result of this widespread disdain for penny stocks, there will be a limited market for Advanced Battery Technologies's common stock as long as it remains a "penny

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

stock." This situation may limit the liquidity of your shares.

ISSUANCE OF COMMON STOCK AND EQUIVALENTS BY ADVANCED BATTERY TECHNOLOGIES MAY DILUTE THE VALUE OF OUTSTANDING SHARES AND REDUCE THE MARKET PRICE OF OUR COMMON STOCK.

During the past year, Advanced Battery Technologies has made a number of arrangements with its officers and directors that resulted in shares of our common stock being issued to them. In addition, we have also from time to time compensated our professional advisors and others by issuing common stock to them. Until we have sufficient capital resources that we can afford to pay cash for all of the services we need, we will continue to issue stock for these purposes. In addition, we hope to sell equity shares in order to obtain the funds necessary to accomplish our business plan. Any or all of these transactions could have the effect of diluting the value of our outstanding shares. In addition, the market for our shares may be adversely affected by the issuance of additional shares.

INDEMNIFICATION

Section 145 of the General Corporation Law of the State of Delaware authorizes a corporation to provide indemnification to a director, officer, employee or agent of the corporation, including attorneys' fees, judgments, fines and amounts paid in settlement, actually and reasonably incurred by him in connection with such action, suit or proceeding, if such party acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful as determined in accordance with the statute, and except that with respect to any action which results in a judgment against the person and in favor of the corporation the corporation may not indemnify unless a court determines that the person is fairly and reasonably entitled to the indemnification. Section 145 further provides that indemnification shall be provided if the party in question is successful on the merits.

Our certificate of incorporation provides that the corporation shall indemnify any and all persons whom it shall have power to indemnify under the General Corporation Law of the State of Delaware from and against any and all of the expenses, liabilities or other matters referred to in or covered by of the General Corporation Law of the State of Delaware, both as to action in his official capacity and as to action in another capacity while holding such officer, and shall continue as to a person who has ceased to be director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

Insofar as indemnification for liabilities under the Securities Act of 1933 may be permitted to our directors, officers or controlling persons pursuant to the foregoing provision or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in that Act and is, therefore, unenforceable.

Article 3. Administration

3.1 The Committee. The Plan and all Awards hereunder shall be administered by one or more Committees of the Board as may be appointed by the Board for this purpose. The Board may appoint a Committee specifically responsible for Awards to Insiders (the "Disinterested Committee") where each Director on such Disinterested Committee is a "Non-Employee Director" (or any successor designation for determining who may administer plans, transactions or awards exempt under Section 16(b) of the Exchange Act), as that term is used in Rule 16b-3 under the Exchange Act, as that rule may be modified from time to time. If no specific Committee is appointed by the Board, then the Board in its entirety shall be the Committee. Any Committee may be replaced by the Board at any time.

3.2 Authority of the Committee. The Committee shall have full power, except as limited by law and subject to the provisions herein, to select the recipients of Awards; to determine the size and types of Awards; to determine the terms and conditions of such Awards in a manner consistent with the Plan; to construe and interpret the Plan and any agreement or instrument entered into under the Plan; to establish, amend, or waive rules and regulations for the Plan's administration; and (subject to the provisions of Article 10 herein) to amend the terms and conditions of any outstanding Award to the extent such terms and conditions are within the discretion of the Committee as provided in the Plan. Further, the Committee shall make all other determinations which may be necessary or advisable for the administration of the Plan.

No Award may be made under the Plan after December 31, 2013.

All determinations and decisions made by the Committee pursuant to the provisions of the Plan and all related orders or resolutions of the Board shall be final, conclusive, and binding on all persons, including the Company, its stockholders, Eligible Persons, Participants, and their estates and beneficiaries.

Subject to the terms of this Plan, the Committee is authorized, and shall not be limited in its discretion, to use any of the Performance Criteria specified herein in its determination of Awards under this Plan.

Article 4. Shares Subject to the Plan

4.1 Number of Shares. Subject to adjustment as provided in Section 4.3 herein, the number of Shares available for grant under the Plan shall not exceed five million (5,000,000) Shares. The Shares granted under this Plan may be either authorized but unissued or reacquired Shares.

Without limiting the discretion of the Committee under this section, unless otherwise provided by the Committee, the following rules will apply for purposes of the determination of the number of Shares available for grant under the Plan or compliance with the foregoing limits:

(a) The grant of Stock, a Stock Option or a Restricted Stock Award shall reduce the Shares available for grant under the Plan by the number of Shares subject to such Award. However, to the extent the Participant uses previously owned Shares to pay the Exercise Price or any taxes, or Shares are

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

withheld to pay taxes, these Shares shall be available for regrant under the Plan.

(b) With respect to Performance Shares, the number of Performance Shares granted under the Plan shall be deducted from the number of Shares available for grant under the Plan. The number of Performance Shares which cannot be, or are not, converted into Shares and distributed to the Participant (after any applicable tax withholding) following the end of the Performance Period shall increase the number of Shares available for regrant under the Plan by an equal amount.

4.2 Lapsed Awards. If any Award granted under this Plan is canceled, terminates, expires, or lapses for any reason, Shares subject to such Award shall be again available for the grant of an Award under the Plan.

4.3 Adjustments in Authorized Plan Shares. In the event of any merger, reorganization, consolidation, recapitalization, separation, liquidation, Stock dividend, split-up, Share combination, or other change in the corporate structure of the Company affecting the Shares, an adjustment shall be made in the number and class of Shares which may be delivered under the Plan, and in the number and class of and/or price of Shares subject to outstanding Awards granted under the Plan, and/or the number of outstanding Options, Shares of Restricted Stock, and Performance Shares constituting outstanding Awards, as may be determined to be appropriate and equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of rights.

Article 5. Stock Grant

5.1 Grant of Stock. Subject to the terms and provisions of the Plan, the Board of Directors, at any time and from time to time, may grant Shares of Stock to Eligible Persons in such amounts and upon such terms and conditions as the Board of Directors shall determine.

Article 6. Stock Options

6.1 Grant of Options. Subject to the terms and provisions of the Plan, Options may be granted to Eligible Persons at any time and from time to time, and under such terms and conditions, as shall be determined by the Committee. The Committee shall have discretion in determining the number of Shares subject to Options granted to each Eligible Person. The Committee may grant ISOs, NQSOs, or a combination thereof. ISOs, however, may be granted only to Employees and only if this Plan is approved by the shareholders of the Company within one year after it is adopted by the Board of Directors.

6.2 Form of Issuance. Each Option grant may be issued in the form of an Award Agreement and/or may be recorded on the books and records of the Company for the account of the Participant. If an Option is not issued in the form of an Award Agreement, then the Option shall be deemed granted as determined by the Committee. The terms and conditions of an Option shall be set forth in the Award Agreement, in the notice of the issuance of the grant, or in such other documents as the Committee shall determine. Such terms and conditions shall include the Exercise Price, the duration of the Option, the number of Shares to which an Option pertains (unless otherwise provided by the Committee, each Option may be exercised to purchase one Share), and such other provisions as the Committee shall determine, including, but not limited to whether the Option is intended to be an ISO or a NQSO.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

6.3 Exercise Price.

(a) Unless a greater Exercise Price is determined by the Committee, the Exercise Price for each ISO awarded under this Plan shall be equal to one hundred percent (100%) of the Fair Market Value of a Share on the date the Option is granted. If, however, the Eligible Person owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporations, then the Exercise Price of an ISO shall be not less than one hundred ten percent (110%) of the Fair Market Value of a Share on the date the Option is granted.

(b) The Exercise Price of a NQSO shall be determined by the Committee in its sole discretion.

6.4 Duration of Options. Each Option shall expire at such time as the Committee shall determine at the time of grant (which duration may be extended by the Committee); provided, however, that no Option shall be exercisable later than the tenth (10th) anniversary date of its grant. If, however, the Eligible Person owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or of its parent or subsidiary corporations, then no Option shall be exercisable later than the fifth (5th) anniversary date of its grant.

6.5 Vesting of Options. Options shall vest at such times and under such terms and conditions as determined by the Committee; provided, however, unless a different vesting period is provided by the Committee at or before the grant of an Option, the Options will vest on the first anniversary of the grant.

6.6 Exercise of Options. Options granted under the Plan shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

Options shall be exercised by delivery of a written notice (including e-mail and telecopies) to the Secretary of the Company (or, if so provided by the Company, to its designated agent), which notice shall be irrevocable, setting forth the exact number of Shares with respect to which the Option is being exercised and including with such notice payment of the Exercise Price. When Options have been transferred, the Company or its designated agent may require appropriate documentation that the person or persons exercising the Option, if other than the Participant, has the right to exercise the Option. No Option may be exercised with respect to a fraction of a Share.

6.7 Payment. The Exercise Price shall be paid in full at the time of exercise. No Shares shall be issued or transferred until full payment has been received therefor.

Payment may be made:

(a) in cash, or

(b) unless otherwise provided by the Committee at any time, and subject to such additional terms and conditions and/or modifications as the Committee or the Company may impose from time to time, and further subject to suspension or termination of this provision by the Committee or Company at any time, by delivery of Shares of Stock owned by the Participant in partial (if in

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

partial payment, then together with cash) or full payment (if a fractional Share remains after payment of the Exercise Price in full by previously owned Shares, then the fractional Share shall be withheld for taxes); provided, however, as a condition to paying any part of the Exercise Price in Stock, at the time of exercise of the Option, the Participant must establish to the satisfaction of the Company that the Stock tendered to the Company has been held by the Participant for a minimum of six (6) months preceding the tender; or

If payment is made by the delivery of Shares of Stock, the value of the Shares delivered shall be equal to the Fair Market Value of the Shares on the day preceding the date of exercise of the Option.

6.8 Termination of Employment. Unless otherwise provided by the Committee, the following limitations on exercise of Options shall apply upon termination of Employment:

(a) Termination by Death or Disability. In the event the Employment of a Participant shall terminate by reason of death or Disability, all outstanding Options granted to that Participant shall immediately vest as of the date of termination of Employment and may be exercised, if at all, no more than three (3) years from the date of the termination of Employment, unless the Options, by their terms, expire earlier.

(b) Termination for Cause. If the Employment of a Participant shall be terminated by the Company for Cause, all outstanding Options held by the Participant shall immediately be forfeited to the Company and no additional exercise period shall be allowed, regardless of the vested status of the Options.

(c) Retirement or Other Termination of Employment. If the Employment of a Participant shall terminate for any reason other than the reasons set forth in (a) or (b) above, all outstanding Options which are vested as of the effective date of termination of Employment may be exercised, if at all, no more than thirty (30) days from the date of termination of Employment, unless the Options, by their terms, expire earlier. In the event of the death of the Participant after termination of Employment, this paragraph (c) shall still apply and not paragraph (a), above.

(d) Options not Vested at Termination. Except as provided in paragraph (a) above, all Options held by the Participant which are not vested on or before the effective date of termination of Employment shall immediately be forfeited to the Company (and shall once again become available for grant under the Plan).

(e) Notwithstanding the foregoing, the Committee may, in its sole discretion, establish different terms and conditions pertaining to the effect of termination of Employment, but no such modification shall shorten the terms of Options issued prior to such modification.

6.9 Restrictions on Exercise and Transfer of Options. Unless otherwise provided by the Committee:

(a) During the Participant's lifetime, the Participant's Options shall be exercisable only by the Participant or by the Participant's guardian or legal representative. After the death of the Participant, an Option shall

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

only be exercised by the holder thereof (including, but not limited to, an executor or administrator of a decedent's estate) or his guardian or legal representative.

(b) No Option shall be transferable except: (i) in the case of the Participant, only upon the Participant's death; and (ii) in the case of any holder after the Participant's death, only by will or by the laws of descent and distribution.

6.10 Competition. Notwithstanding anything in this Article 6 to the contrary, in the event the Committee determines, in its sole discretion, that a Participant is engaging in activity competitive with the Company, any Subsidiary, or any business in which any of the foregoing have a substantial interest (the "Advanced Battery Technologies Businesses"), the Committee may cancel any Option granted to such Participant, whether or not vested, in whole or in part. Such cancellation shall be effective as of the date specified by the Committee. Competitive activity shall mean any business or activity if a substantially similar business activity is being carried on by a Advanced Battery Technologies Business, including, but not limited to, representing or providing consulting services to any person or entity that is engaged in competition with a Advanced Battery Technologies Business or that takes a position adverse to a Advanced Battery Technologies Business. However, competitive activity shall not include, among other things, owning a nonsubstantial interest as a shareholder in a competing business.

Article 7. Restricted Stock

7.1 Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock to Eligible Persons in such amounts and upon such terms and conditions as the Committee shall determine. In addition to any other terms and conditions imposed by the Committee, vesting of Restricted Stock may be conditioned upon the attainment of Performance Goals based on Performance Criteria in the same manner as provided in Section 8.3, herein with respect to Performance Shares.

7.2 Restricted Stock Agreement. The Committee may require, as a condition to an Award, that a recipient of a Restricted Stock Award enter into a Restricted Stock Award Agreement, setting forth the terms and conditions of the Award. In lieu of a Restricted Stock Award Agreement, the Committee may provide the terms and conditions of an Award in a notice to the Participant of the Award, on the Stock certificate representing the Restricted Stock, in the resolution approving the Award, or in such other manner as it deems appropriate.

7.3 Transferability. Except as otherwise provided in this Article 7, the Shares of Restricted Stock granted herein may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Restriction Period established by the Committee, if any.

7.4 Other Restrictions. The Committee may impose such other conditions and/or restrictions on any Shares of Restricted Stock granted pursuant to the Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock and/or restrictions under applicable Federal or state securities laws; and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

The Company shall also have the right to retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied.

7.5 Removal of Restrictions. Except as otherwise provided in this Article 7, Shares of Restricted Stock covered by each Restricted Stock grant made under the Plan shall become freely transferable by the Participant after the last day of the Restriction Period and completion of all conditions to vesting, if any. However, unless otherwise provided by the Committee, the Committee, in its sole discretion, shall have the right to immediately waive all or part of the restrictions and conditions with regard to all or part of the Shares held by any Participant at any time.

7.6 Voting Rights, Dividends and Other Distributions. During the Restriction Period, Participants holding Shares of Restricted Stock granted hereunder may exercise full voting rights and shall receive all regular cash dividends paid with respect to such Shares. Except as provided in the following sentence, in the sole discretion of the Committee, other cash dividends and other distributions paid to Participants with respect to Shares of Restricted Stock may be subject to the same restrictions and conditions as the Shares of Restricted Stock with respect to which they were paid. If any such dividends or distributions are paid in Shares, the Shares shall be subject to the same restrictions and conditions as the Shares of Restricted Stock with respect to which they were paid.

7.7 Termination of Employment Due to Death or Disability. In the event the Employment of a Participant shall terminate by reason of death or Disability, unless otherwise provided by the Committee prior to or at the time of the Award, all Restriction Periods and all restrictions imposed on outstanding Shares of Restricted Stock held by the Participant shall immediately lapse and the Restricted Stock shall immediately become fully vested as of the date of termination of Employment.

7.8 Termination of Employment for Other Reasons. If the Employment of a Participant shall terminate for any reason other than those specifically set forth in Section 7.7 herein, all Shares of Restricted Stock held by the Participant which are not vested as of the effective date of termination of Employment immediately shall be forfeited and returned to the Company.

Article 8. Performance Shares

8.1 Grants of Performance Shares. A Performance Share is equivalent in value to a Share of Stock. Subject to the terms of the Plan, Performance Shares may be granted to Eligible Persons at any time and from time to time, as determined by the Committee. The Committee shall have complete discretion in determining the number of Performance Shares awarded to each Participant.

8.2 Performance Period. The Performance Period for Performance Shares is the period over which the Performance Goals are measured. The Performance Period is set by the Committee for each Award; however, in no event shall an Award have a Performance Period of less than six months.

8.3 Performance Goals. For each Award of Performance Shares, the Committee shall establish performance objectives ("Performance Goals") for the Company, its Subsidiaries, and/or divisions of any of foregoing, based on the

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

Performance Criteria and other factors set forth below. Performance Goals shall include payout tables, formulas or other standards to be used in determining the extent to which the Performance Goals are met, and, if met, the number of Performance Shares distributed to Participants in accordance with Section 8.5. All Performance Shares which may not be converted under the Performance Goals or which are reduced by the Committee under Section 8.5 or which may not be converted for any other reason after the end of the Performance Period shall be canceled at the time they would otherwise be distributable. When the Committee desires an Award to qualify under Section 162(m) of the Code, as amended, the Committee shall establish the Performance Goals for the respective Performance Shares prior to or within 90 days of the beginning of the service relating to such Performance Goal, and not later than after 25% of such period of service has elapsed. For all other Awards, the Performance Goals must be established before the end of the respective Performance Period.

(a) The Performance Criteria which the Committee is authorized to use, in its sole discretion, are any of the following criteria or any combination thereof:

- (1) Financial performance of the Company (on a consolidated basis), of one or more of its Subsidiaries, and/or a division of any of the foregoing. Such financial performance may be based on net income and/or Value Added (after-tax cash operating profit less depreciation and less a capital charge).
- (2) Service performance of the Company (on a consolidated basis), of one or more of its Subsidiaries, and/or of a division of any of the foregoing. Such service performance may be based upon measured customer perceptions of service quality.
- (3) The Company's Stock price; return on shareholders' equity; total shareholder return (Stock price appreciation plus dividends, assuming the reinvestment of dividends); and/or earnings per share.
- (4) With respect to the Company (on a consolidated basis), to one or more of its Subsidiaries, and/or to a division of any of the foregoing: sales, costs, market share of a product or service, return on net assets, return on assets, return on capital, profit margin, and/or operating revenues, expenses or earnings.
- (5) Completion of a marketing or development project as defined in the Award Agreement.

(b) Except to the extent otherwise provided by the Committee in full or in part, if any of the following events occur during a Performance Period and would directly affect the determination of whether or the extent to which Performance Goals are met, they shall be disregarded in any such computation: changes in accounting principles; extraordinary items; changes in tax laws affecting net income and/or Value Added; natural disasters, including floods, hurricanes, and earthquakes; and intentionally inflicted damage to property which directly or indirectly damages the property of the Company or its Subsidiaries. No such adjustment shall be made to the extent such adjustment would cause the Performance Shares to fail to satisfy the performance-based exemption of Section 162(m) of the Code.

8.4 Dividend Equivalents on Performance Shares. Unless reduced or

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

eliminated by the Committee, a cash payment in an amount equal to the dividend payable on one Share will be made to each Participant for each Performance Share which on the record date for the dividend had been awarded to the Participant and not converted, distributed or canceled.

8.5 Form and Timing of Payment of Performance Shares. As soon as practicable after the applicable Performance Period has ended and all other conditions (other than Committee actions) to conversion and distribution of a Performance Share Award have been satisfied (or, if applicable, at such other time determined by the Committee at or before the establishment of the Performance Goals for such Performance Period), the Committee shall determine whether and the extent to which the Performance Goals were met for the applicable Performance Shares. If Performance Goals have been met, then the number of Performance Shares to be converted into Stock and distributed to the Participants shall be determined in accordance with the Performance Goals for such Awards, subject to any limits imposed by the Committee. Conversion of Performance Shares shall occur as soon as reasonably administratively possible following the determination of the number of Shares to which the Participant is entitled. At any time prior to the distribution of the Performance Shares, unless otherwise provided by the Committee, the Committee shall have the authority to reduce or eliminate the number of Performance Shares to be converted.

8.6 Termination of Employment Due to Death or Disability. Unless otherwise provided by the Committee prior to or at the time of an Award, if the Employment of a Participant shall terminate by reason of death or Disability, the Participant shall receive a distribution of all outstanding Performance Shares calculated as if all unfinished Performance Periods had ended with 100% of the Performance Goals achieved, payable in the year following the date of termination of Employment.

8.7 Termination of Employment for Other Reasons. If the Employment of a Participant shall terminate for other than a reason set forth in Section 8.6 (and other than for Cause), the number of Performance Shares to be converted and distributed shall be converted and distributed based upon the achievement of the Performance Goals and in accordance with all other terms of the Award and the Plan; however, the Participant may receive no more than a prorated payout of all Performance Shares, based on the portions of the respective Performance Periods that have been completed.

8.8 Termination of Employment for Cause. In the event that a Participant's Employment shall be terminated by the Company for Cause, all Performance Shares shall be forfeited by the Participant to the Company.

8.9 Nontransferability. Performance Shares may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or laws of intestacy.

Article 9. Employee Matters

9.1 Employment Not Guaranteed. Nothing in the Plan shall interfere with or limit in any way the right of the Company or any Subsidiary to terminate any Participant's Employment at any time, nor confer upon any Participant any right to continue in the employ of the Company or one of its Subsidiaries.

9.2 Participation. No Eligible Person shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

9.3 Claims and Appeals. Any claim under the Plan by a Participant or anyone claiming through a Participant shall be presented to the Committee. Any person whose claim under the Plan has been denied may, within sixty (60) days after receipt of notice of denial, submit to the Committee a written request for review of the decision denying the claim. The Committee shall determine conclusively for all parties all questions arising in the administration of the Plan.

Article 10. Amendment, Modification, and Termination

10.1 Amendment, Modification, and Termination. The Board of Directors alone shall have the right to alter, amend or revoke the Plan or any part thereof at any time and from time to time, provided, however, that the Board of Directors may not, without the approval of the holders of a majority of the voting Shares, make any alteration or amendment to the Plan which changes the aggregate number of shares of Common Stock which may be issued under the Plan, extend the term of the Plan, or change the employees or class of employees eligible to receive Awards thereunder. The Board may at any time suspend or terminate the Plan in whole or in part.

10.2 Awards Previously Granted. No termination, amendment, or modification of the Plan shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

Article 11. Change in Control

Upon the occurrence of a Change in Control:

(a) Any and all Options granted hereunder immediately shall become vested and exercisable;

(b) Any Restriction Periods and all restrictions imposed on Restricted Shares shall lapse and they shall immediately become fully vested;

(c) The 100% Performance Goal for all Performance Shares relating to incomplete Performance Periods shall be deemed to have been fully achieved and shall be converted and distributed in accordance with all other terms of the Award and this Plan; provided, however, notwithstanding anything to the contrary in this Plan, no outstanding Performance Share may be reduced.

Article 12. Withholding

12.1 Tax Withholding. The Company shall deduct or withhold an amount sufficient to satisfy Federal, state, and local taxes (including the Participant's employment tax obligations) required by law to be withheld with respect to any taxable event arising or as a result of this Plan ("Withholding Taxes").

12.2 Share Withholding. With respect to withholding required upon the exercise of Options, upon the lapse of restrictions on Restricted Stock, upon the distribution of Performance Shares in the form of Stock, or upon any other taxable event hereunder involving the transfer of Stock to a Participant, the Company shall withhold Stock having a Fair Market Value on the date the tax is to be determined in an amount equal to the Withholding Taxes on such Stock. Any fractional Share remaining after the withholding shall be withheld as additional Federal withholding.

Edgar Filing: ADVANCED BATTERY TECHNOLOGIES, INC. - Form S-8 POS

Prior to the end of any Performance Period a Participant may elect to have a greater amount of Stock withheld from the distribution of Performance Shares to pay withholding taxes; provided, however, the Committee may prohibit or limit any individual election or all such elections at any time.

12.3 Payment In Lieu of Share Withholding. In any situation in which the Company would be required to withhold Stock pursuant to Sec. 12.2 above, the Participant may, in lieu of all or part of such withholding, remit to the Company an amount in cash sufficient to satisfy the federal, state and local withholding tax requirements or may direct the Company to withhold from other amounts payable to the Participant, including salary.

Article 13. Successors

All obligations of the Company under the Plan, with respect to Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Article 14. Legal Construction

14.1 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

14.2 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

14.3 Securities Law Compliance. With respect to Insiders, transactions under this Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent any provision of the plan or action by the Committee fails to comply with a condition of Rule 16b-3 or its successors, it shall not apply to the Insiders or transactions thereby.

14.4 Governing Law. To the extent not preempted by Federal law, the Plan, and all agreements hereunder, shall be construed in accordance with and governed by the laws of the State of Delaware.
