ITEM 3.01 NOTICE OF DELISTING OR FAILURE TO SATISFY A CONTINUED LISTING RULE OR STANDARD; TRANSFER OF LISTING.

On June 30, 2011, we received from The Nasdaq Stock Market a staff deficiency letter indicating that we had failed to comply with the minimum public float requirement for continued listing on the Nasdaq Global Market, over the 30 business day period ended June 28, 2011. A minimum public float of \$15 million is required by Nasdaq Rule 5450(b)(3)(c). Public float is defined as the closing bid price for our common shares, multiplied by the number of outstanding shares held by persons other than our directors, our officers and holders of 10% or more of outstanding shares.

Our common stock remains listed on the Nasdaq Global Market during the 180-day grace period following such notification of noncompliance. We have until December 27, 2011 to regain compliance with the minimum public float requirement; otherwise our common stock would be subject to delisting. Based on our June 28 closing price of \$1.11 per share, we had a public float, so defined, of approximately \$14 million. To regain compliance would require that the closing bid price of our common stock equal or exceed \$1.18 per share for ten consecutive trading days prior to December 27. There can be no assurance as to the price(s) at which our stock may trade. We are considering several alternatives that could be taken to maintain a listing of our common stock.

Our press release dated July 6, 2011, attached to this report as an exhibit, is incorporated herein by reference.
