TO BE HELD ON
JUNE 20, 2001**

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed proxy is solicited on behalf of the Board of Directors (the Board) of Terayon Communication Systems, Inc., a Delaware corporation (the Company), for use at the Annual Meeting of Stockholders to be held on Wednesday, June 20, 2001, at 8:30 a.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Santa Clara Westin Hotel, 5101 Great America Parkway, Santa Clara, California. The Company intends to mail this proxy statement and accompanying proxy card on or about May 21, 2001, to all stockholders entitled to vote at the Annual Meeting.

SOLICITATION

The Company will bear the entire cost of the solicitation of the proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of Common Stock beneficially owned by others to forward to such beneficial owners. The Company may reimburse persons representing beneficial owners of Common Stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, email, telegram or personal solicitation by directors, officers or other regular employees of the Company. No additional compensation will be paid to directors, officers or other regular employees for such services.

VOTING RIGHTS AND OUTSTANDING SHARES

Only holders of record of the Company's Common Stock at the close of business on May 11, 2001 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on May 11, 2001, the Company had outstanding and entitled to vote 67,751,538 shares of Common Stock.

Each holder of record of Common Stock on such date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

VOTING VIA THE INTERNET OR BY TELEPHONE

Stockholders may grant a proxy to vote their shares by means of the telephone or the internet. The law of Delaware, under which the Company is incorporated, specifically permits electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the stockholder.

1

The telephone and internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. Stockholders granting a proxy to vote via the internet should understand that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies, that must be borne by the stockholder.

Internet and Telephone Voting Instructions

If you are the stockholder of record or if your shares are held in an account with a broker or bank participating in the ADP Investor Communications Services (ADP) program, you may go to <http://www.proxyvote.com> to grant a proxy to vote your shares by means of the internet. You will be required to provide the control number contained on your proxy card, the instruction form received from your broker or bank or the email notification sent by ADP. You will then be asked to complete an electronic proxy ballot. The votes represented by such proxy will be generated on the computer screen and you will be prompted to submit or revise them as desired. Any stockholder using a touch-tone telephone may also grant a proxy to vote shares by calling the telephone number indicated on your proxy card or on the instruction form received from your broker or bank and following the recorded instructions.

General Information for All Shares Voted Via the Internet or By Telephone

Votes submitted via the internet or by telephone must be received by 12:00 midnight, Pacific Daylight Time, on June 19, 2001. Submitting your proxy via the internet or by telephone will not affect your right to vote in person should you decide to attend the Annual Meeting.

REVOCABILITY OF PROXIES

Regardless of the method used to grant the proxy, any person granting a proxy pursuant to this solicitation has the power to revoke it by giving either written, electronic or telephonic notification prior to 12:00 midnight, Pacific Daylight Time, on June 19, 2001, or by attending the Annual Meeting and voting in person. There is no limit to the number of times which you may change or revoke your proxy regardless of the means by which it was granted. The duly executed proxy or notice of revocation showing the latest date received prior to 12:00 midnight, Pacific Daylight Time, on June 19, 2001 will govern unless you revoke it by attending the Annual Meeting and vote in person. Attendance at the Annual Meeting will not, by itself, revoke a

proxy. To revoke a proxy by electronic or telephonic notification, please follow the internet and telephone voting instructions above. To revoke a proxy by written notification, please mail the Secretary of the Company at the Company's principal executive office, which is located at 2952 Bunker Hill Lane, Santa Clara, California 95054, a written notice of revocation or a duly executed proxy bearing a later date.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Amended and Restated Certificate of Incorporation and Bylaws provide that the Board shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board is presently composed of seven directors. There are two directors in the class whose term of office expires in 2001. Each of the nominees for election to this class is currently a director of the Company who was previously elected by the sole incorporator of the Company as a part of the Company's reincorporation in the State of Delaware in June 1998. If elected at the Annual Meeting, each of the nominees would serve until the 2004 annual meeting and until his successor is elected and has qualified, or until such director's earlier death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the Annual Meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

Set forth below is biographical information for each person nominated and each person whose term of office as a director will continue after the Annual Meeting.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 31, 2001 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited the Company's financial statements since its inception in 1993. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

No other director of the Company receives cash for services provided as a director. In the fiscal year ended December 31, 2000, the total compensation paid to Non-Employee Directors was \$60,000. The members of the Board are also eligible for reimbursement for their expenses incurred in connection with attendance at Board and Committee meetings in accordance with Company policy.

Each Non-Employee Director of the Company also receives stock option grants under the 1998 Non-Employee Directors Stock Option Plan (the Directors Plan). Only Non-Employee Directors, which are currently Messrs. D. Avella, Krstajic, Schaepe, Solomon and Stevens, are eligible to receive options under the Directors Plan. Options granted under the Directors Plan are not intended by the Company to qualify as incentive stock options under the Internal Revenue Code (the Code). The Directors Plan is administered by the Board, unless the Board delegates administration to a committee comprised of Board members.

The aggregate number of shares of Common Stock that may be issued pursuant to options granted under the Directors Plan is 400,000 shares. Options grants under the Directors Plan are non-discretionary. Pursuant to the Directors Plan, Non-Employee Directors automatically receive (i) an option to purchase 60,000 shares of Common Stock of the Company on the date of his or her initial election or appointment to be a Non-Employee Director and (ii) an option to purchase 25,000 shares of Common Stock of the Company on the date following each Annual Meeting of Stockholders, which amount shall be prorated for the 12 month period prior to the Annual Meeting of the Stockholders if the Non-Employee Director has not continuously served as a Non-Employee Director during such period. The exercise price of the options granted under the Directors Plan will be equal to the fair market value of the Common Stock on the date of grant. Options granted under the Directors Plan vest and become exercisable as to 33% of the shares on the first anniversary of the date of grant and 1/36th of the shares monthly thereafter. An optionee whose service relationship with the Company or any affiliate (whether as a Non-Employee Director of the Company or subsequently as an employee, director, or consultant of either the Company or an affiliate) ceases for any reason may exercise vested options for the term provided in the option agreement (3 months generally, 12 months in the event of disability and 18 months in the event of death). In the event of certain changes in control of the Company, all outstanding awards under the Directors Plan either will be assumed or substituted for by any surviving entity. If the surviving entity determines not to assume or substitute for such awards, the vesting and time during which such options may be exercised shall be accelerated prior to such event and the options will terminate if not exercised after such acceleration and at or prior to such event. The term of options granted under the Directors Plan is 10 years. Unless terminated sooner by the Board, the Directors Plan will terminate in June 2008.

Schaepe and Stevens, met once. The Compensation Committee together with the Board was responsible for establishing the Company's compensation programs for all employees, including executives, and administering the Company's stock purchase and stock option plans. For executive officers, the Board evaluated performance and determined compensation policies and levels. The Board consists of Dr. Zaki Rakib, the Company's Chief Executive Officer and Secretary, Shlomo Rakib, the Company's President and Chief Technical Officer, and Non-Employee Directors Messrs. D. Avella, Krstajic, Schaepe, Solomon and Stevens. COMPENSATION PHILOSOPHY

The goals of the compensation program are to align compensation with business objectives and performance and to enable the Company to attract, retain and reward executive officers and other key employees who contribute to the long-term success of the Company and to motivate them to enhance long-term stockholder value. Key elements of this philosophy are:

The Company pays competitively compared to leading technology companies with which the Company competes for talent. To ensure that pay is competitive, the Company regularly compares its pay practices with these companies and establishes its pay parameters based on this review.

The Company maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

The Company provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long term to respond to the Company's business challenges and opportunities as owners and not just as employees.

Philosophy Regarding Section 162(m) of the Code. Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of no more than \$1 million of compensation paid to certain Named Executive Officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation within the meaning of the Code.

The Board has determined that stock options granted under the Company's 1997 Plan and 1999 Plan with an exercise price at least equal to the fair market value of the Company's common stock on the date of grant shall be treated as performance-based compensation.

Base Salary. The Board or the Compensation Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Board or the Compensation Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices.

Long-Term Incentives. The Company's long-term incentive program consists of the 1995 Plan, the 1997 Plan and the 1999 Plan. The option programs utilize vesting periods (generally five years) to encourage key employees to continue in the employ of the Company. Through option grants, executives receive significant equity incentives to build long-term stockholder value. Grants are made at 100% of fair market value on the date of grant. Executives receive value from these grants only if the value of the Company's Common Stock appreciates over the long-term. The size of option grants is determined based on competitive practices at leading companies in the technology industry and the Company's philosophy of significantly linking executive compensation with stockholder interests. In the fiscal year ended December 31, 2000, the Board granted stock options to particular executives that will vest over a four-year or a five-year period. These grants were intended to provide incentives to maximize stockholder value over the next several years. The Board and the Compensation Committee believes this approach creates an appropriate focus on longer term objectives and promotes executive retention.

CHIEF EXECUTIVE OFFICER COMPENSATION

Dr. Rakib's base salary at the beginning of 2000 as Chief Executive Officer was \$232,500. In April 2000, following the Board's review of compensation paid by leading technology companies, the Board set Dr. Rakib's base annual salary at \$450,000, effective as of January 1, 2000. In setting this amount, the Board took into account (i) its belief that Dr. Rakib is the Chief Executive Officer of a leading technology company with significant and broad-based experience in the broadband equipment industry, (ii) the scope of Dr. Rakib's responsibility, and (iii) the Board's confidence in Dr. Rakib to lead the Company's continued development.

OTHER EXECUTIVE OFFICERS COMPENSATION

In April 2000, the Board established the base salary for Mr. Rakib and in June 2000, the Board established the base salary ranges for other executive officers. These base salary ranges were based on data regarding executive compensation of the Company's competitors, including published survey information, each executive officer's base salary for prior years, past performance, the scope of such officer's responsibility and other information available to the Committee. In June 2000, the Committee established bonus compensation formulas for each level of upper management based on individual and Company-wide performance criteria. The Committee also awarded stock options to certain executive officers to provide additional incentives.
