Dear Fellow Stockholders,

Enclosed please find the proxy materials for the Annual Meeting of Stockholders scheduled on June 20, 2003 at 3:30 pm. We hope that you will be able to attend this year's meeting, which will be held at our offices located at 157 Technology Drive in Irvine, California.

Your participation in voting the enclosed proxy is important, as stockholders are being asked to approve a proposal designed to motivate and reward the employees of your Corporation, as they seek to build on the progress made since our change in management and strategic direction in August of last year.

I encourage you to vote "yes" to approve proposal number two, which would increase the pool of available stock options that can be used to motivate and reward the employees of the Corporation. This increase is needed to cover the grant of stock options made to employees in September of 2002, as well as future grants. Without an increase, the grants in September would be voided and we will be unable to make additional grants. This would severely degrade our ability to attract and retain the people we need to make your Corporation succeed.

We have made a great deal of progress in refocusing the Company and rebuilding and restoring value for stockholders since August, and we look forward to making greater strides going forward. We have reduced monthly expenses from \$1.7 million per month during the second quarter of last year, to approximately \$500,000 per month, and the approval of this proposal will provide us an important tool to reward employees and keep them incentivized, while not increasing our monthly expenses. Furthermore, the stock options become valuable to employees because of price appreciation, bringing the interests of stockholders and employees together.

Please contact John McManus, Vice President, Finance and Strategic Planning if you have any questions about the proposal.

Thank you for your consideration and support, and I hope to see you at this year's meeting.

Sincerely,

/s/ Rajesh C. Shrotriya

PROXY STATEMENT

This Proxy Statement contains information related to the Annual Meeting of Stockholders of Spectrum Pharmaceuticals, Inc. (the Company) to be held on Friday, June 20, 2003, beginning at 3:30 p.m., local time, at the Company's corporate office located at 157 Technology Drive, Irvine, California 92618, and at any postponements or adjournments thereof. This Proxy Statement and the accompanying Proxy is first being mailed to the Company's stockholders on or about May 16, 2003.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in the notice of Annual Meeting on the cover page of this proxy statement, including the election of three Class I Directors, each for a term of three years and approval of the Amended and Restated 1997 Stock Incentive Plan, which in part increases the number of shares of common stock issuable from 240,000 to 1,219,000, and increases the annual award limit from 29,600 shares to 500,000 shares. In addition, following the Annual Meeting, management will report on the performance of the Company during fiscal 2002 and respond to questions from stockholders.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on May 9, 2003, the record date for the Annual Meeting, are entitled to receive notice of and to participate in the Annual Meeting. If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the Annual Meeting, or any postponements or adjournments of the Annual Meeting. A list of such stockholders will be available for examination by any stockholder at the Annual Meeting and, for any purpose germane to the Annual Meeting, at the principal business office of the Company, 157 Technology Drive, Irvine, California 92618, for a period of ten days prior to the Annual Meeting.

How many shares of the Company's common stock and preferred stock are outstanding and what are the voting rights of the holders of those shares?

On May 9, 2003, the record date for the Annual Meeting, 3,108,100 shares of the Company's common stock (the Common Stock) and 444 shares of the Company's Series D 8% Cumulative Convertible Voting Preferred Stock (the Preferred Stock) were outstanding. Each of the holders of the outstanding shares of the Common Stock will be entitled to one vote on each matter for each share of Common Stock held. Each of the holders of the Preferred Stock has full voting rights and powers equal to the voting rights and powers of holders of Common Stock and shall be entitled to vote with respect to any question upon which holders of Common Stock have the right to vote, voting together with the holders of Common Stock as one class. Each holder of the Preferred Stock shall be entitled to the number of votes equal to the number of shares of Common Stock into which such shares of Preferred Stock could be converted on the record date at the then current conversion value as set forth in the Certificate of Designations, Rights and Preferences of the Preferred Stock which results in 4,255 votes per share of Preferred Stock on May 9, 2003. However, pursuant to the terms of the Certificate of Designations, the maximum number of votes that each holder, or group of holders as defined in Section 13D of the Exchange Act of 1934, of shares of Preferred Stock shall be entitled to shall not exceed 4.95% of the total number of shares of Common Stock then outstanding. Therefore, the holders of the Preferred Stock shall have a total of 979,569 votes on each matter at the Annual Meeting.

Table of Contents

Who can attend the Annual Meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting, and guests may accompany each attendee. Registration will begin at 3:00 p.m., and seating will begin immediately thereafter. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport, if you intend to vote your shares at the Annual Meeting.

Please also note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting of the holders of a majority of the outstanding shares of the Common Stock and the number of shares of Common Stock for which the holders of the shares of Preferred Stock have voting rights, present in person or by proxy and entitled to vote, will constitute a quorum, permitting the Annual Meeting to conduct its business. Proxies marked withheld as to any director nominee or abstain as to a particular proposal and broker non-votes (as defined below) are counted by the Company for purposes of determining the presence or absence of a quorum at the Annual Meeting for the transaction of business.

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered stockholder and attend the Annual Meeting, you may deliver your completed proxy card in person. Ballots will be available for registered stockholders to vote in person at the Annual Meeting. Street name stockholders may not vote in person at the Annual Meeting and will need to obtain a proxy form from the broker or other nominee that holds their shares in order to vote their shares.

Can I vote by telephone or electronically?

If you are a registered stockholder (that is, if you hold your stock in certificate form) you may not vote by telephone or electronically since we do not have that capability. Registered stockholders must follow the instructions included with that proxy card. If your shares are held in street name, please check the proxy card you received from your broker or nominee or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically. The deadline for bank and broker clients to vote by telephone or the internet is 11:59 p.m. on Thursday, June 19, 2003.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is voted at the Annual Meeting by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the Annual Meeting in person and so request, although attendance at the Annual Meeting will not by itself revoke a previously granted proxy. If your shares are held in street name, please check the proxy card you received from your broker or nominee or contact your broker or nominee to determine how to change your vote.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each proposal in this proxy statement. In summary, the Board recommends a vote:

FOR election of the three Class I director nominees, each for a term of three years (see Proposal 1);

FOR approval of the Amended and Restated 1997 Stock Incentive Plan, which in part increases the number of shares of common stock issuable from 240,000 to 1,219,000 and increases the annual award limit from 29,600 shares to 500,000 shares (see Proposal 2).

Table of Contents

With respect to other business that may properly come before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each Proposal?

Election of Directors. The director nominees receiving the highest number of affirmative votes cast, in person or by proxy, at the meeting, up to the number of directors to be elected in each Class at the Annual Meeting (three Class I directors), shall be elected as directors. Accordingly, abstentions and broker non-votes will have no effect in determining which directors receive the highest number of votes.

Proposal No. 2. For Proposal No. 2, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the proposal will be required for approval. A properly executed proxy marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted as present and entitled to vote for purposes of the proposal. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

As part of its oversight of the Company's consolidated financial statements, the Committee reviewed and discussed with both management and the Company's outside auditors all consolidated financial statements prior to their issuance. These reviews included discussion with the outside auditors of matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*. The Committee also discussed with our outside auditors matters relating to its independence, including a review of audit and non-audit fees and the disclosures made to the Committee pursuant to *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*. In addition, the Committee reviewed Management's scope and adequacy of accounting systems, staffing levels and steps taken to implement recommended improvements in internal procedures and controls. Taking all of these reviews and discussions into account, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, for filing with the Securities and Exchange Commission.

Change in Independent Public Accountants

On April 19, 2002, we dismissed our independent auditors, Arthur Andersen LLP, and engaged the services of Ernst & Young LLP as our new independent auditors. The change in auditors became effective on April 19, 2002. This determination followed concerns about the viability of the firm resulting in our decision to seek proposals from independent accountants to audit our financial statements, and was approved by our Board of Directors upon the recommendation of our Audit Committee.

The Audit Committee carefully monitored costs relating to professional services rendered in 2002 for audit related fees. After the Audit Committee's evaluations of these audit related fees, the Audit Committee believed that it was in the best interests of the Company and its stockholders to terminate the engagement of Ernst & Young LLP as the Company's independent auditors. Following its review, the Audit Committee decided to seek proposals from independent accountants to audit the Company's consolidated financial statements for the year ending December 31, 2002. On December 20, 2002, the Audit Committee decided to no longer engage Ernst & Young LLP as the Company's independent public accounts and engaged Kelly & Company to serve as the Company's independent public accountants for the year ending December 31, 2002 and 2003. The change in auditors became effective on December 27, 2002.

Table of Contents

Arthur Andersen LLP and Kelly & Company's reports on the Company's consolidated financial statements for each year in the two year period ended December 31, 2002 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles, except that the report on the consolidated financial statements of Spectrum Pharmaceuticals as of and for the years ended December 31, 2001 and 2002 contained an explanatory paragraph regarding Spectrum Pharmaceuticals' ability to continue as a going concern.

During each year in the two year period ended December 31, 2002, and the subsequent interim period through May 9, 2003, there were no disagreements between Spectrum Pharmaceuticals and our former Auditors and Kelly & Company (the Auditors) on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Auditors, would have caused the Auditors to make reference to the subject matter of the disagreement in connection with their reports.

During each year in the two year period ended December 31, 2002, and the subsequent interim period through May 9, 2003, Spectrum Pharmaceuticals did not consult with Kelly & Company, our independent auditors, for the year ended December 31, 2002, with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

There will be representatives from Kelly & Company present at the 2003 Annual Meeting of Stockholders to make a statement if they desire to do so and to answer appropriate questions from stockholders.

Executive Compensation

Report of the Compensation Committee

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Compensation Committee of the Board of Directors has furnished the following report on executive compensation for fiscal 2002.

Administration. Decisions on compensation of the Company's executive officers are made by the Compensation Committee of the Board (the Committee). Each member of the Committee is a non-employee Director. All decisions made by the Committee relating to the compensation of the Company's executive officers are reviewed by the full Board, except for decisions regarding awards under the Company's stock option and incentive plans which are made solely by the Committee in order to satisfy Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act).

Executive Officer Compensation Policy. The Committee's executive compensation policies are designed to integrate executive compensation with long-term goals, recognize and reward attainment of management goals and objectives, and enable the Company to attract and retain executive officers. The Committee believes a substantial portion of each executive's compensation should be contingent upon the attainment by the executive of specific management objectives and is also dependent upon the Company's financial performance. Accordingly, executives are eligible for annual bonuses that correspond to varying levels of management and Company performance.

Base Salary. The compensation of each executive officer is reviewed annually by the Committee, with reference to the executive's performance, level of responsibility and experience, to determine whether the current base salary is appropriate. If significant changes in an executive's salary are to be considered, the Committee shall refer to salary ranges paid to executives with comparable duties in companies of comparable size within the same industry in the same geographic area in which the Company is located. Such salaries shall be adjusted, if deemed appropriate by the Committee, in accordance with salary surveys provided by nationally recognized research organizations. The base salary of executive officers, other than the Company's Chief Executive Officer, are

Table of Contents

determined by the Committee after consultation with the Chief Executive Officer. The base salary of the Company's Chief Executive Officer is recommended by the Committee to the full Board of Directors. Approval by the Board of Directors is required for any change in base salary of the Chief Executive Officer. During fiscal year ended December 31, 2002, the Company's executive officers did not receive any salary adjustments.

Bonuses. In addition to the base salary, the Committee may establish a compensation plan setting forth a methodology for determining incentive compensation, if any, for executive officers. Such plan may also include incentive compensation for key managers of the Company. The Committee may, in consultation with the Chief Executive Officer, establish target bonus levels for the Company's executive officers, and key managers, if appropriate, based on financial resources of the Company. The actual award of incentive compensation shall be determined by the attainment of individual management goals and objectives, established to specifically relate to the individual's position within the Company. All such goals and objectives shall be supportive of the overall strategy and goals of the Company. Due to the limited financial resources of the Company, the Committee did not award any cash bonuses for 2002 performance.

Stock Option Grants. The Committee endorses the position that granting stock options to the Company's executive officers can be very beneficial to stockholders because it aligns management's and stockholders' interests in the enhancement of stockholder values. Accordingly, from time to time, the Committee has granted stock options to the executive officers. The number of options received by each executive officer is fixed by the Committee after consideration of recommendation made by the Chief Executive Officer. The options are exercisable in installments as determined by the Committee and are granted at an exercise price equal to the price of the Company's stock at the close of business on the date of the grant. Awards of such Stock Options shall be determined solely by the Committee in order to satisfy Rule 16b-3 of the Securities Exchange Act of 1934, as amended.

Other Benefits. The executive officers participate in employee benefit programs, such as the Company's health care and vacation programs and the Employee Stock Purchase Plan (ESPP). Dr. Rajesh C. Shrotriya, our Chief Executive Officer and President does not participate, and Dr. Alvin J. Glasky, our former Chief Executive Officer and Chief Scientific Officer, did not participate, in the ESPP pursuant to governing rules promulgated by the Internal Revenue Code.

Company's Chief Executive Officer Compensation. The compensation of Dr. Rajesh C. Shrotriya, the Company's Chief Executive Officer and President, is determined in accordance with an Executive Employment Agreement (the Agreement) entered into on December 1, 2000, which is effective through December 31, 2003. Thereafter, the Agreement will automatically renew for one (1) year periods, unless either party gives to the other written notice at least ninety (90) days prior to the commencement of the next year, of such party's intent not to renew the Agreement. Dr. Shrotriya may be terminated by the Company with or without cause as defined in the Agreement. The Agreement, among other things, provides for an annual base salary, the grant of stock options and periodic bonuses as determined by the Board of Directors.

The Agreement also provides for guaranteed severance payments upon Dr. Shrotriya's termination of employment without cause, or upon a change of control of the Company, equal to the annual base salary for two (2) years. In addition, the Company shall grant to Dr. Shrotriya options to acquire shares of the Company's common stock, the specific terms of stock options awarded shall be as set forth in separate option agreements. Dr. Shrotriya was granted an option to purchase 12,000 shares of common stock at the fair market value on June 17, 2002 (\$4.75 per share), and an option to purchase 145,000 shares of common at the fair market value on September 25, 2002 (\$1.0555 per share), which vest in increments of 25% at the date of grant, and at 3 months, 6 months and 9 months from the date of grant, and are subject to stockholder approval of Proposal 2.

Table of Contents

The Agreement stipulates that Dr. Shrotriya is to receive a base salary of \$260,000 per year. The Compensation Committee considered the same factors as discussed above, compared salaries of chief executive officers of similarly-sized companies in the industry in setting the compensation of Dr. Shrotriya and also considered Dr. Shrotriya's qualifications as a scientist and his ability to lead the Company and to manage its scientific programs and business strategy.

Executive Officer Salary Deferrals Certain executive officers voluntarily agreed to defer payment of their salary during the period from September 1, 2002 to October 15, 2002 to reduce the Company's cash outlays while management executed its restructuring plans. The deferred salary will be paid to the executive officers upon their request or at a time the board authorizes.

Ann C. Kessler, Ph.D.

Paul H. Silverman, Ph.D., D.Sc.

Compensation Committee Interlocks and Insider Participation

None of the members of the Board's Compensation Committee is or has been an officer or employee of the Company. None of the Company's executive officers has served as a director or compensation committee member of any other entity.

In October 2000, Paul H. Silverman, Ph.D., a member of the Compensation Committee, borrowed \$45,000 from the Company for the exercise of stock options. The loan was evidenced by a promissory note that was collateralized by 400 shares of the Company's common stock. The principal amount of the note was due in October 2002 together with interest accrued at the rate of 9% per annum. In June 2002, the Board of Directors approved an amendment and restatement of the note receivable. The original interest rate was changed to 4.5% and the maturity date was extended to June 6, 2004. The note was secured by a pledge of the common stock purchased with the loan proceeds. In February 2003, we agreed to forgive/terminate the outstanding balance of principal and interest of \$58,347 under the loan agreement and in return, Dr. Silverman agreed to return the shares of common stock originally purchased with the proceeds of the loan. For financial statement purposes, the common stock and related note receivable was eliminated as of December 31, 2002.

Employment Agreements

We entered into employment agreements with certain of our key executive personnel, including certain of our Named Executive Officers. The agreements provide for, among other things, guaranteed severance payments equal to up to twice the officer's annual base salary upon the termination of employment without cause or upon a change in control under certain circumstances. The agreements require each executive to devote all of his or her productive time, attention, knowledge and skill to the affairs of the Company during the term of the agreement. The agreements provide for annual base salary with annual increases and periodic bonuses as determined by the Board of Directors.

The following table sets forth employment agreements for each Named Executive Officer, each Named Executive Officer's base salary as required by the agreement, and each agreement's ending date:

Equity Compensation Plan Information

We issue warrants to non-employees of the Company under equity compensation plans approved by our Board of Directors that are not required to be approved by our security holders. We issued these warrants in circumstances that enable us to adequately compensate, without the payment in cash, for outside consultant services, primarily from underwriters and placement agents who assist us in raising funds for our operations, in order to conserve our cash for operating activities. The number of securities remaining available for future issuance under equity compensation plans not approved by security holders is zero; however, the Board of Directors may approve additional issuance of warrants under circumstances that it decides are appropriate.

PROPOSAL 2

PROPOSAL TO APPROVE THE AMENDED AND RESTATED 1997 STOCK INCENTIVE PLAN, WHICH IN PART INCREASES THE NUMBER OF SHARES OF COMMON STOCK ISSUABLE FROM 240,000 TO 1,219,000 AND INCREASES THE ANNUAL AWARD LIMIT FROM 29,600 SHARES TO 500,000 SHARES

The Board of Directors has adopted, subject to stockholder approval, an amended and restated 1997 Stock Incentive Plan (the 1997 Plan). The 1997 Plan was amended to in part: (i) increase the number of shares of common stock issuable under the 1997 Plan from 240,000 shares of our common stock to 1,219,000 shares of our common stock and (ii) increase the annual award limit issuable to one individual from 29,600 shares of our common stock to 500,000 shares of our common stock. As of May 9, 2003, there were options to purchase 733,486 shares of common stock outstanding under the 1997 Plan, 529,000 of which had been conditionally granted subject to stockholder approval of the proposed amendment. The additional 1,014,514 shares will be used to issue nonqualified stock options to our employees and officers to purchase 314,000 shares of our common stock at \$1.0555 per share, which were granted effective as of September 25, 2002; 20,000 shares of our common stock at \$2.01 per share, which were granted effective as of April 1, 2003; 135,000 shares of our common stock at \$1.99 per share, which were granted effective as of March 28, 2003; and 60,000 shares of our common stock at \$1.00 per share, which were granted effective as of September 27, 2002. The remainder will be reserved for future use by being offered to individuals who meet the qualifications for participation in the 1997 Plan.

The Board of Directors believes that the proposed amendments to the 1997 Plan are necessary to continue the effectiveness of the 1997 Plan in achieving our objective to attract, motivate and retain the services of qualified employees, officers and directors (including non-employee officers and directors), consultants and other service providers. The Board of Directors believes that the successful development of our business largely depends on the judgment, initiative and efforts of such individuals, and that stock options provide an opportunity to participate in the success and increased value of the Company.

Description of the 1997 Plan

The following is a description of the principal features of the 1997 Plan, as amended and restated. This description is qualified in its entirety by reference to the text of the 1997 Plan, a copy of which is attached as Annex A. All share numbers have been adjusted to reflect the 25-for-1 reverse split of our outstanding common stock completed on September 6, 2002.

The 1997 Plan as originally adopted authorized up to 20,000 shares of common stock for issuance. The stockholders subsequently approved amendments to the 1997 Plan at the 1999, 2000, 2001 and 2002 Annual Meetings of Stockholders to increase the number of shares of common stock authorized for issuance to a total of 240,000. If the current proposal is approved, the total authorized shares of common stock subject to the 1997 Plan would be 1,219,000, subject to adjustment in the number of outstanding shares in the event of stock splits, stock dividends or certain other similar changes in the capital structure of the Company, with 529,000 shares of common stock going to fund incentive and nonqualified stock option grants made on September 25, 2002, September 27, 2002, March 28, 2003, and April 1, 2003 to our employees, officers, directors and consultants.

The 1997 Plan provides for grants of incentive stock options as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code), nonqualified stock options and rights to purchase shares of common stock (Purchase Rights). Incentive stock options, nonqualified stock options and Purchase Rights may be granted to employees of the Company and its subsidiaries. Nonqualified stock options and Purchase Rights may be granted to employees of the Company and its subsidiaries, non-employee directors, officers, and consultants. As of May 9, 2003, approximately 27 persons were eligible to participate in the 1997 Plan.

The Board of Directors, or a committee consisting of two or more members of the Board of Directors, administers the 1997 Plan (the Administrator). The Compensation Committee, which is made up of members of our Board of Directors, has been delegated the authority to amend the 1997 Plan and make grants of options and Purchase Rights under the 1997 Plan. The Administrator has the full power and authority to interpret the 1997 Plan, select the recipients of options and Purchase Rights, determine and authorize the type, terms and conditions of,

Table of Contents

including vesting provisions, and the number of shares subject to, grants under the 1997 Plan, and adopt, amend and rescind rules relating to the 1997 Plan.

The term of options may not exceed 10 years from the date of grant (5 years in the case of an incentive stock option granted to a person who owns more than 10% of the combined voting power of all classes of stock of the Company). The option exercise price for each share granted may not be less than 85% of the fair market value of a share of common stock at the time such option is granted. The option exercise price for each share granted pursuant to an incentive stock option may not be less than 100% of the fair market value of a share of common stock at the time such option is granted. Additionally, the option exercise price for each share granted pursuant to an option may not be less than 110% of fair market value in the case of an option granted to a person who owns more than 10% of the combined voting power of all classes of stock of the Company. Similarly, the purchase price for shares of common stock purchased pursuant to a Purchase Right may not be less than 85% of the fair market value of a share of common stock at the time the Purchase Right is granted, or 115% of fair market value in the case of a Purchase Right granted to a person who owns more than 10% of the combined voting power of all classes of stock of the Company.

The 1997 Plan as originally adopted set the maximum number of shares for which options or Purchase Rights may be granted to any one person during any one calendar year under the 1997 Plan at 4,000. The Board subsequently approved amendments to the 1997 Plan to raise this annual limit to 29,600. The aggregate fair market value of the common stock (determined as of the date of grant) with respect to which incentive stock options granted under the 1997 Plan or any other stock option plan of the Company become exercisable for the first time by any optionee during any calendar year may not exceed \$100,000. The exercisability of options outstanding under the 1997 Plan will accelerate upon a change in control of the Company, regardless of whether the options are assumed or new options are issued by the successor corporation.

The option price of an incentive stock option or nonqualified stock option is payable in full upon exercise, and the purchase price of stock purchased pursuant to a Purchase Right must be paid in full upon the acceptance of the Purchase Right. Payment of the option price upon exercise of a stock option or for shares purchased pursuant to a Purchase Right may be made in cash, by check, by the delivery of shares of common stock (valued at their fair market value as of the date of the exercise of an option or Purchase Right), by the optionee's or purchaser's promissory note in a form and on terms acceptable to the Administrator, by the cancellation of indebtedness of the Company to the optionee or purchaser, by the waiver of compensation due or accrued to the optionee or purchaser for services rendered, or by any combination of the foregoing methods of payment. In addition, the option price for options granted under the 1997 Plan may be made by a broker assisted cashless exercise.

Neither options nor Purchase Rights granted under the 1997 Plan may be transferred other than by will or by the laws of descent and distribution. Shares purchased pursuant to Purchase Rights generally shall be restricted for a period of time, during which such shares may be repurchased by the Company, and therefore these shares may not be sold, assigned, pledged or transferred until such time as the Company no longer has the right to reacquire any such shares.

The Board of Directors and/or the Committee may alter, amend, suspend or terminate the 1997 Plan at any time. However, any changes which affect or impair the rights of any person who holds an outstanding stock option or Purchase Right may not be effected without such person's consent. Unless sooner terminated by the Board of Directors and/or the Committee, the 1997 Plan will terminate on May 2, 2007.

Federal Income Tax Consequences

The following is a general summary under current law of the material federal income tax consequences to participants in the Plan. This summary deals with the general tax principles that apply and is provided only for general information. Some kinds of taxes, such as state and local income taxes, are not discussed. Tax laws are complex and subject to change and may vary depending on individual circumstances and from locality to locality. The summary does not discuss all aspects of income taxation that may be relevant to you in light of your personal investment circumstances. This summarized tax information is not tax advice.

Incentive Stock Options. There is no taxable income to an employee when an incentive stock option is granted or when that option is exercised; however, generally the amount by which the fair market value of the shares at the time of exercise exceeds the option price will be included in the optionee's alternative minimum taxable income upon exercise. If stock received on exercise of an incentive stock option is disposed of in the same year the option was exercised, and the amount realized is less than the stock's fair market value at the time of exercise, the amount includable in the alternative minimum taxable income will be the amount realized upon the sale or exchange of the stock, less the taxpayer's basis in the stock. Gain realized by an optionee upon the sale of the stock issued upon exercise of an incentive stock option is taxable as long-term capital gain, and no tax deduction is available to the Company, unless the optionee disposes of the stock within two years after the date of grant of the option or within one year after the date of exercise. In such event the difference between the option exercise price and the fair market value of the shares on the date of the optionee's exercise will be taxed at ordinary income tax rates, and, subject to Section 162(m) of the Code (which limits the deductibility of compensation in excess of \$1,000,000 for certain executive officers), the Company will be entitled to a deduction to the extent the employee must recognize ordinary income.

Nonqualified Stock Options. The recipient of a nonqualified stock option will not realize taxable income upon the grant of the option, nor will the Company be entitled to take any deduction. Upon the exercise of a nonqualified stock option, the optionee will realize ordinary income and, subject to Section 162(m) of the Code, the Company will be entitled to a deduction in an amount equal to the difference between the option exercise price and the fair market value of the stock on the date of exercise. The Company may be required to withhold taxes on the ordinary income realized by an optionee upon exercise of nonqualified stock options in order to be entitled to the tax deduction. An optionee's basis for the stock for purposes of determining gain or loss on any subsequent disposition of the shares generally will be the fair market value of the stock on the date of exercise of the nonqualified stock option.

Purchase Rights. The recipient of restricted stock pursuant to a Purchase Right will not cause a recipient to realize taxable income until the expiration of any repurchase rights retained by the Company with respect to such stock, unless the recipient makes an election under Section 83(b) of the Code to be taxed as of the date of purchase. If no repurchase rights are retained or if a Section 83(b) election is made, the participant will recognize ordinary income in an amount equal to the difference between the purchase price paid for the shares and the fair market value

Table of Contents

of such shares on the date of purchase. If no Section 83(b) election is made or if repurchase rights are retained, the recipient will realize taxable income on each date that the recipient's ownership rights vest (i.e., when the Company no longer has the right to repurchase all or a portion of the shares). The recipient will recognize ordinary income, and, subject to Section 162(m) of the Code, the Company will be entitled to a deduction on each date shares vest in an amount equal to the excess of the fair market value of such shares on that date over the purchase price paid for such shares. However, if the recipient is subject to Section 16(b) of the Exchange Act, and if no Section 83(b) election was made at the time of purchase, the date that ordinary income is recognized for shares which vest within six months of purchase date shall be deferred to six months from the date of purchase.

Section 162(m) of the Code. In general, under Section 162(m) of the Code, income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and nonqualified benefits) for certain executive officers exceeds \$1.0 million (less the amount of any excess parachute payments as defined in Section 280G of the Code) in any taxable year of the corporation. However, under Section 162(m), the deduction limit does not apply to certain performance-based compensation. Stock options will satisfy the performance-based exception if (1) the awards are made by a qualifying compensation committee, (2) the plan sets the maximum number of shares that can be granted to any person within a specified period and (3) the compensation is based solely on an increase in the stock price after the grant date. Certain stock options granted under the 1997 Plan may qualify as performance-based compensation.

Other Tax Consequences. We recommend that you consult your personal tax advisors with respect to the federal, foreign (if applicable), state and local tax aspects of option grants, option exercises, rights to purchase and any subsequent dispositions of Common Stock acquired under the Plan.

Vote Required for Approval and Recommendation of the Board of Directors

Approval of the holders of shares of common stock and Preferred Stock representing a majority of the voting power present or represented by proxy and entitled to vote at the Annual Meeting is required to approve the 1997 Plan, which in part: (i) increases the number of shares of common stock issuable under the 1997 Plan by 240,000 shares of our common stock to 1,219,000 shares of our common stock, and (ii) increases the annual award limit issuable to one individual from 29,600 shares of our common stock to 500,000 shares of our common stock. Broker non-votes with respect to this proposal will not be counted in determining whether this proposal is approved. Proxies marked abstain or a vote to abstain by a stockholder present in person at the Annual Meeting will have the same legal effect as a vote against the matter because it represents a share present or represented at the Annual Meeting and entitled to vote, thereby increasing the number of affirmative votes required to approve this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THIS PROPOSAL.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act, as amended (the Exchange Act) requires our executive officers and directors, and persons who beneficially own more than ten percent of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC and the National Association of Securities Dealers, Inc. Executive officers, directors and persons who beneficially own more than ten percent of our common stock are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon its review of the copies of reporting forms furnished to the Company, and written representations that no other reports were required, we believe that all filing requirements under Section 16(a) of the Securities Exchange Act of 1934 applicable to its directors, officers and any persons holding 10% or more of the Company's common stock with respect to the Company's fiscal year ended December 31, 2002, were satisfied on a timely basis, except that Mark J. Glasky, Ann C. Kessler, Ph.D., Armin M. Kessler, Eric L. Nelson, Ph.D., D.Sc., Carol O. Cleireacain, Ph.D., and Paul H. Silverman, Ph.D., D.Sc. each filed one Form 4 late to report the grant to each of them of an option to purchase 2,400 shares of our common stock, each of which was an exempt transaction under Section 16 of the Exchange Act. In addition, Michael P. McManus filed one Form 3 late to report his holdings upon becoming a reporting officer.

3.1 Incentive Options. Officers and other key Employees of the Company or of an Affiliated Company (including Directors if they are Employees) are eligible to receive Incentive Options under the Plan.

3.2 Nonqualified Options and Rights to Purchase. Officers and other key Employees of the Company or of an Affiliated Company, Directors (whether or not employed by the Company or an Affiliated Company), and Consultants are eligible to receive Nonqualified Options or Rights to Purchase under the Plan.

3.3 Limitation on Shares. In no event shall any Participant be granted Options or Rights to Purchase in any one calendar year pursuant to which the aggregate number of shares of Common Stock that may be acquired thereunder exceeds 500,000 shares.

Article 4.

PLAN SHARES

4.1 Shares Subject to the Plan. A total of 1,219,000 shares of Common Stock may be issued under the Plan, subject to adjustment as to the number and kind of shares pursuant to Section 4.2 hereof. For purposes of this limitation, in the event that (a) all or any portion of any Option or Right to Purchase granted or offered under the Plan can no longer under any circumstances be exercised, or (b) any shares of Common Stock are reacquired by the Company pursuant to an Incentive Option Agreement, Nonqualified Option Agreement or Stock Purchase Agreement, the shares of Common Stock allocable to the unexercised portion of such Option or such Right to Purchase, or the shares so reacquired, shall again be available for grant or issuance under the Plan.

4.2 Changes in Capital Structure. In the event that the outstanding shares of Common Stock are hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of a recapitalization, stock split, combination of shares, reclassification, stock dividend, or other change in the capital structure of the Company, then appropriate adjustments shall be made by the Administrator to the aggregate number and kind of shares subject to this Plan, and the number and kind of shares and the price per share

subject to outstanding Option Agreements, Rights to Purchase and Stock Purchase Agreements in order to preserve, as nearly as practical, but not to increase, the benefits to Participants.

Article 5.

OPTIONS

5.1 Option Agreement. Each Option granted pursuant to this Plan shall be evidenced by an Option Agreement which shall specify the number of shares subject thereto, the Exercise Price per share, and whether the Option is an Incentive Option or Nonqualified Option. As soon as is practical following the grant of an Option, an Option Agreement shall be duly executed and delivered by or on behalf of the Company to the Optionee to whom such Option was granted. Each Option Agreement shall be in such form and contain such additional terms and conditions, not inconsistent with the provisions of this Plan, as the Administrator shall, from time to time, deem desirable, including, without limitation, the imposition of any rights of first refusal and resale obligations upon any shares of Common Stock acquired pursuant to an Option Agreement. Each Option Agreement may be different from each other Option Agreement.

5.2 Exercise Price. The Exercise Price per share of Common Stock covered by each Option shall be determined by the Administrator, subject to the following: (a) the Exercise Price of an Incentive Option shall not be less than 100% of Fair Market Value on the date the Incentive Option is granted, (b) the Exercise Price of a Nonqualified Option shall not be less than 85% of Fair Market Value on the date the Nonqualified Option is granted, and (c) if the person to whom an Option is granted is a 10% Shareholder on the date of grant, the Exercise Price shall not be less than 110% of Fair Market Value on the date the Option is granted.

5.3 Payment of Exercise Price. Payment of the Exercise Price shall be made upon exercise of an Option and may be made, in the discretion of the Administrator, subject to any legal restrictions, by: (a) cash; (b) check; (c) the surrender of shares of Common Stock owned by the Optionee that have been held by the Optionee for at least six (6) months, which surrendered shares shall be valued at Fair Market Value as of the date of such exercise; (d) the Optionee's promissory note in a form and on terms acceptable to the Administrator; (e) the cancellation of indebtedness of the Company to the Optionee; (f) the waiver of compensation due or accrued to the Optionee for services rendered; (g) provided that a public market for the Common Stock exists, a same day sale commitment from the Optionee and an NASD Dealer whereby the Optionee irrevocably elects to exercise the Option and to sell a portion of the shares so purchased to pay for the Exercise Price and whereby the NASD Dealer irrevocably commits upon receipt of such shares to forward the Exercise Price directly to the Company; (h) provided that a public market for the Common Stock exists, a margin commitment from the Optionee and an NASD Dealer whereby the Optionee irrevocably elects to exercise the Option and to pledge the shares so purchased to the NASD Dealer in a margin account as security for a loan from the NASD Dealer in the amount of the Exercise Price, and whereby the NASD Dealer irrevocably commits upon receipt of such shares to forward the Exercise Price directly to the Company; or (i) any combination of the foregoing methods of payment or any other consideration or method of payment as shall be permitted by applicable corporate law.

5.4 Term and Termination of Options. The term and provisions for termination of each Option shall be as fixed by the Administrator, but no Option may be exercisable more than ten (10) years after the date it is granted. An Incentive Option granted to a person who is a 10% Shareholder on the date of grant shall not be exercisable more than five (5) years after the date it is granted.

5.5 Vesting and Exercise of Options. Each Option shall vest and become exercisable in one or more installments at such time or times and subject to such conditions, including without

limitation the achievement of specified performance goals or objectives, as shall be determined by the Administrator; provided, however, that, except with regard to Options granted to Officers, Directors or Consultants, in no event shall an Option granted hereunder become vested and exercisable at a rate of less than twenty percent (20%) per year over five (5) years from the date the Option is granted, subject to reasonable conditions, such as continuing to be a Service Provider. No Option granted to an Optionee may be exercised to any extent by anyone after the first to occur of the following events:

- (a) the expiration of 12 months from the date of the Participant ceases to be a Service Provider as a result of the Participant's death;
- (b) the expiration of 12 months from the date the Participant ceases to be a Service Provider as a result of the Participant's Disability;
- (c) the expiration of three months from the date the Participant ceases to be a Service Provider for any reason other than such Participant's death or his or her Disability, unless the Participant dies within said three-month period; or
- (d) the expiration of the Option in accordance with Section 5.4.

5.6 Annual Limit on Incentive Options. To the extent required for incentive stock option treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the Common Stock shall not, with respect to which Incentive Options granted under this Plan and any other plan of the Company or any Affiliated Company become exercisable for the first time by an Optionee during any calendar year, exceed \$100,000.

5.7 Nontransferability of Options. No Option shall be assignable or transferable except by will or the laws of descent and distribution, and during the life of the Optionee shall be exercisable only by such Optionee; provided, however, that, in the discretion of the Administrator, any Option may be assigned or transferred in any manner which an incentive stock option is permitted to be assigned or transferred under the Code.

5.8 Rights as Shareholder. An Optionee or permitted transferee of an Option shall have no rights or privileges as a shareholder with respect to any shares covered by an Option until such Option has been duly exercised and certificates representing shares purchased upon such exercise have been issued to such person.

Article 6.

RIGHTS TO PURCHASE

6.1 Nature of Right to Purchase. A Right to Purchase granted to an Offeree entitles the Offeree to purchase, for a Purchase Price determined by the Administrator, shares of Common Stock subject to such terms, restrictions and conditions as the Administrator may determine at the time of grant (Restricted Stock). Such conditions may include, but are not limited to, continued employment or the achievement of specified performance goals or objectives.

6.2 Acceptance of Right to Purchase. An Offeree shall have no rights with respect to the Restricted Stock subject to a Right to Purchase unless the Offeree shall have accepted the Right to Purchase within ten (10) days (or such longer or shorter period as the Administrator may specify) following the grant of the Right to Purchase by making payment of the full Purchase Price to the Company in the manner set forth in Section 6.3 hereof and by executing and delivering to the Company a Stock Purchase Agreement. Each Stock Purchase Agreement shall be in such form, and

shall set forth the Purchase Price and such other terms, conditions and restrictions of the Restricted Stock, not inconsistent with the provisions of this Plan, as the Administrator shall, from time to time, deem desirable. Each Stock Purchase Agreement may be different from each other Stock Purchase Agreement.

6.3 Payment of Purchase Price. Subject to any legal restrictions, payment of the Purchase Price upon acceptance of a Right to Purchase Restricted Stock may be made, in the discretion of the Administrator, by: (a) cash; (b) check; (c) the surrender of shares of Common Stock owned by the Offeree that have been held by the Offeree for at least six (6) months, which surrendered shares shall be valued at Fair Market Value as of the date of such exercise; (d) the Offeree's promissory note in a form and on terms acceptable to the Administrator; (e) the cancellation of indebtedness of the Company to the Offeree; (f) the waiver of compensation due or accrued to the Offeree for services rendered; or (g) any combination of the foregoing methods of payment or any other consideration or method of payment as shall be permitted by applicable corporate law.

6.4 Rights as a Shareholder. Upon complying with the provisions of Section 6.2 hereof, an Offeree shall have the rights of a shareholder with respect to the Restricted Stock purchased pursuant to the Right to Purchase, including voting and dividend rights, subject to the terms, restrictions and conditions as are set forth in the Stock Purchase Agreement. Unless the Administrator shall determine otherwise, certificates evidencing shares of Restricted Stock shall remain in the possession of the Company until such shares have vested in accordance with the terms of the Stock Purchase Agreement.

6.5 Restrictions. Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided in the Stock Purchase Agreement. In the event of termination of a Participant's status as a Service Provider for any reason whatsoever (including death or disability), the Stock Purchase Agreement may provide, in the discretion of the Administrator, that the Company shall have the right, exercisable at the discretion of the Administrator, to repurchase (i) at the original Purchase Price, any shares of Restricted Stock which have not vested as of the date of termination, and (ii) at Fair Market Value, any shares of Restricted Stock which have vested as of such date, on such terms as may be provided in the Stock Purchase Agreement, provided, however, that to the extent required by Section 260.140.41 and Section 260.140.42 of Title 10 of the California Code of Regulations, any such repurchase right set forth in a Right to Purchase to a person who is not an Officer, Director or Consultant shall be upon the following terms: if the repurchase option gives the Company the right to repurchase the shares of Restricted Stock upon termination as a Service Provider at the original purchase price for such Shares, then (A) the right to repurchase at the original purchase price shall lapse at the rate of at least twenty percent (20%) of the shares per year over five (5) years from the date the Right to Purchase is granted (without respect to the date the Right to Purchase was exercised or became exercisable) and (B) the right to repurchase shall be exercised for cash or cancellation of purchase money indebtedness for the shares within ninety (90) days of termination of status as a Service Provider (or, in the case of shares issued upon exercise of Rights to Purchase, after such date of termination, within ninety (90) days after the date of the exercise) or such longer period as may be agreed to by the Company and the Plan participant.

6.6 Vesting of Restricted Stock. The Stock Purchase Agreement shall specify the date or dates, the performance goals or objectives which must be achieved, and any other conditions on which the Restricted Stock may vest; provided, however, that to the extent required to comply with applicable securities laws, the terms of such shares of Restricted Stock shall comply with the requirements set forth in Section 260.140.42 of Title 10 of the California Code of Regulations.

6.7 Dividends. If payment for shares of Restricted Stock is made by promissory note, any cash dividends paid with respect to the Restricted Stock may be applied, in the discretion of the Administrator, to repayment of such note.

6.8 Nonassignability of Rights. No Right to Purchase shall be assignable or transferable except by will or the laws of descent and distribution or as otherwise provided by the Administrator.

Article 7.

ADMINISTRATION OF THE PLAN

7.1 Administrator. Authority to control and manage the operation and administration of the Plan shall be vested in the Board, which may delegate such responsibilities in whole or in part to a committee consisting of two (2) or more members of the Board (the Committee). Members of the Committee may be appointed from time to time by, and shall serve at the pleasure of, the Board. As used herein, the term Administrator means the Board or, with respect to any matter as to which responsibility has been delegated to the Committee, the term Administrator shall mean the Committee.

7.2 Powers of the Administrator. In addition to any other powers or authority conferred upon the Administrator elsewhere in the Plan or by law, the Administrator shall have full power and authority: (a) to determine the persons to whom, and the time or times at which, Incentive Options or Nonqualified Options shall be granted and Rights to Purchase shall be offered, the number of shares to be represented by each Option and Right to Purchase and the consideration to be received by the Company upon the exercise thereof; (b) to interpret the Plan; (c) to create, amend or rescind rules and regulations relating to the Plan; (d) to determine the terms, conditions and restrictions contained in, and the form of, Option Agreements and Stock Purchase Agreements; (e) to determine the identity or capacity of any persons who may be entitled to exercise a Participant's rights under any Option or Right to Purchase under the Plan; (f) to correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Option Agreement or Stock Purchase Agreement; (g) to accelerate the vesting of any Option or release or waive any repurchase rights of the Company with respect to Restricted Stock; (h) to extend the exercise date of any Option or acceptance date of any Right to Purchase; (i) to provide for rights of first refusal and/or repurchase rights; (j) to amend outstanding Option Agreements and Stock Purchase Agreements to provide for, among other things, any change or modification which the Administrator could have provided for upon the grant of an Option or Right to Purchase or in furtherance of the powers provided for herein; and (k) to make all other determinations necessary or advisable for the administration of the Plan, but only to the extent not contrary to the express provisions of the Plan. Any action, decision, interpretation or determination made in good faith by the Administrator in the exercise of its authority conferred upon it under the Plan shall be final and binding on the Company and all Participants.

7.3 Limitation on Liability. No employee of the Company or member of the Board or Committee shall be subject to any liability with respect to duties under the Plan unless the person acts fraudulently or in bad faith. To the extent permitted by law, the Company shall indemnify each member of the Board or Committee, and any employee of the Company with duties under the Plan, who was or is a party, or is threatened to be made a party, to any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, by reason of such person's conduct in the performance of duties under the Plan.

Article 8.

CHANGE IN CONTROL

8.1 Change in Control. In order to preserve a Participant's rights in the event of a Change in Control of the Company, (i) the time period relating to the exercise or realization of all outstanding Options, Rights to Purchase and Restricted Stock shall automatically accelerate immediately prior to the consummation of such Change in Control, and (ii) with respect to Options and Rights to Purchase, the Administrator in its discretion may, at any time an Option or Right to Purchase is granted, or at any time thereafter, take one or more of the following actions: (A) provide for the purchase or exchange of each Option or Right to Purchase for an amount of cash or other property having a value equal to the difference, or spread, between (x) the value of the cash or other property that the Participant would have received pursuant to such Change in Control transaction in exchange for the shares issuable upon exercise of the Option or Right to Purchase had the Option or Right to Purchase been exercised immediately prior to such Change in Control transaction and (y) the Exercise Price of such Option or the Purchase Price under such Right to Purchase, (B) adjust the terms of the Options and Rights to Purchase in a manner determined by the Administrator to reflect the Change in Control, (C) cause the Options and Rights to Purchase to be assumed, or new rights substituted therefor, by another entity, through the continuance of the Plan and the assumption of outstanding Options and Rights to Purchase, or the substitution for such Options and Rights to Purchase of new options and new rights to purchase of comparable value covering shares of a successor corporation, with appropriate adjustments as to the number and kind of shares and Exercise Prices, in which event the Plan and such Options and Rights to Purchase, or the new options and rights to purchase substituted therefor, shall continue in the manner and under the terms so provided, or (D) make such other provision as the Administrator may consider equitable. If the Administrator does not take any of the forgoing actions, all Options and Rights to Purchase shall terminate upon the consummation of the Change in Control and the Administrator shall cause written notice of the proposed transaction to be given to all Participants not less than fifteen (15) days prior to the anticipated effective date of the proposed transaction.

Article 9.

AMENDMENT AND TERMINATION OF THE PLAN

9.1 Amendments. The Board may from time to time alter, amend, suspend or terminate the Plan in such respects as the Board may deem advisable. In addition, the Board may delegate such power in whole or in part to the Committee. No such alteration, amendment, suspension or termination shall be made which shall substantially affect or impair the rights of any Participant under an outstanding Option Agreement or Stock Purchase Agreement without such Participant's consent. The Board and/or Committee may alter or amend the Plan to comply with requirements under the Code relating to Incentive Options or other types of options which give Optionees more favorable tax treatment than that applicable to Options granted under this Plan as of the date of its adoption. Upon any such alteration or amendment, any outstanding Option granted hereunder may, if the Administrator so determines and if permitted by applicable law, be subject to the more favorable tax treatment afforded to an Optionee pursuant to such terms and conditions.

9.2 Plan Termination. Unless the Plan shall theretofore have been terminated, the Plan shall terminate on the tenth (10th) anniversary of the Effective Date and no Options or Rights to Purchase may be granted under the Plan thereafter, but Option Agreements, Stock Purchase Agreements and Rights to Purchase then outstanding shall continue in effect in accordance with their respective terms.

Article 10.

TAX WITHHOLDING

10.1 Withholding. The Company shall have the power to withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy any applicable Federal, state, and local tax withholding requirements with respect to any Options exercised or Restricted Stock issued under the Plan. To the extent permissible under applicable tax, securities and other laws, the Administrator may, in its sole discretion and upon such terms and conditions as it may deem appropriate, permit a Participant to satisfy his or her obligation to pay any such tax, in whole or in part, up to an amount determined on the basis of the highest marginal tax rate applicable to such Participant, by (a) directing the Company to apply shares of Common Stock to which the Participant is entitled as a result of the exercise of an Option or as a result of the purchase of or lapse of restrictions on Restricted Stock or (b) delivering to the Company shares of Common Stock owned by the Participant. The shares of Common Stock so applied or delivered in satisfaction of the Participant's tax withholding obligation shall be valued at their Fair Market Value as of the date of measurement of the amount of income subject to withholding.

Article 11.

MISCELLANEOUS

11.1 Benefits Not Alienable. Other than as provided above, benefits under the Plan may not be assigned or alienated, whether voluntarily or involuntarily. Any unauthorized attempt at assignment, transfer, pledge or other disposition shall be without effect.

11.2 No Enlargement of Employee Rights. This Plan is strictly a voluntary undertaking on the part of the Company and shall not be deemed to constitute a contract between the Company and any Participant to be consideration for, or an inducement to, or a condition of, the employment of any Participant. Nothing contained in the Plan shall be deemed to give the right to any Participant to be retained as an employee of the Company or any Affiliated Company or to limit the right of the Company or any Affiliated Company to discharge any Participant at any time.

11.3 Application of Funds. The proceeds received by the Company from the sale of Common Stock pursuant to Option Agreements and Stock Purchase Agreements, except as otherwise provided herein, will be used for general corporate purposes.

11.4 Information to Holders and Purchasers. To the extent required by Section 260.140.46 of Title 10 of the California Code of Regulations, the Company shall provide to each Participant and to each individual who acquires shares of Common Stock pursuant to the Plan, not less frequently than annually during the period such Participant or purchaser has one or more Options or Rights to Purchase outstanding, and, in the case of an individual who acquires shares of Common Stock pursuant to the Plan, during the period such individual owns such shares, copies of annual financial statements.
