Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Good Humor Breyers Savings Plan

In our opinion, the accompanying statements of net assets available for plan benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the Good Humor Breyers Savings Plan (the Plan) at December 31, 2003 and 2002, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) at December 31, 2003 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Good Humor Breyers Savings Plan

Notes to Financial Statements

December 31, 2003 and 2002

1. Description of the Plan

The Good Humor Breyers Savings Plan (the Plan) is a defined contribution plan that is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA). Assets of the Plan along with other assets from defined contribution plans sponsored by Unilever United States, Inc. (UNUS) are maintained in the Unilever United States, Inc. Master Savings Trust (the Trust). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

Plan Mergers

During 2002, certain participants working at the Huntington, IN plant, formerly included in the Plan, became participants of the Unicare Savings Plan, an affiliated plan. Accordingly, the Plan transferred \$528,255 of participant assets to the Unicare Savings Plan.

Eligibility

All employees of Good Humor-Breyers (the Company), a division of Conopco, Inc., a subsidiary of UNUS at the Hagerstown, Maryland plant, represented by the Steelworkers Local 9836 and scheduled to work twenty or more hours a week are eligible to participate in the Plan as of date of hire.

Contributions

Plan participants are permitted to make voluntary contributions of 1% to 15% of their eligible compensation to the Plan through payroll deductions on a before-tax basis, an after-tax basis or a combination of both, provided that the maximum participant contributions to the before-tax and after-tax accounts do not exceed 17% of compensation. Before-tax contributions, representing 401(k) contributions, are deposited in a before-tax account. After-tax contributions are deposited in an after-tax account. Before-tax contributions are limited to \$12,000 and \$11,000 for 2003 and 2002, respectively.

The Company matches 100% of the first 3% of participant contributions and 50% of the next 2% of participant contributions. These contributions are deposited in a company matching account.

All contributions are deposited in the Trust.

Participant who will be age 50 or older by the end of the Plan year are eligible to make before-tax catch-up contributions. Catch-up contributions are limited to \$2,000 and \$1,000 for eligible employees for 2003 and 2002, respectively.

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution, (b) the Company's contribution, and (c) an allocation of plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Table of Contents

Good Humor Breyers Savings Plan

Notes to Financial Statements

December 31, 2003 and 2002

Vesting

Participants are fully vested in all their contributions to the before-tax and after-tax accounts as well as the earnings thereon. Participants are fully vested in all company matching contributions. Therefore there are no forfeitures in the Plan.

Payment of Benefits

During employment, participants may withdraw all or part of their after-tax account and earnings thereon. Participants may apply to the Benefits Administration Committee for a financial hardship withdrawal of up to 100% of the value of their after-tax account and the eligible portion of their vested before-tax account based on plan provisions, prior to attaining age 59-1/2, provided the withdrawal does not exceed the amount of the hardship. Upon attainment of age 59-1/2, participants may withdraw all or part of their before-tax account, after-tax account and company matching account.

Participants may opt to leave their account balance invested in the Plan until they attain age 70-1/2 at which time Internal Revenue Service (IRS) regulations require minimum distributions to be made.

Investments

Participants have the option to invest in, and direct the Company matching contributions towards any of the following funds:

The PRIMCO Interest Income Fund is primarily invested in investment contracts issued by high quality financial institutions such as insurance companies or banks. Each contract has its own specific terms, including interest rate and maturity date. The crediting interest rates at December 31, 2003 and 2002 for the contracts range from 1.00% to 6.99% and 1.35% to 7.70%, respectively. The average crediting interest rates at December 31, 2003 and 2002, for the contracts are 4.95% and 5.75%, respectively.

The Pyramid Equity Fund invests primarily in stocks that comprise the S&P 500 Index (this was an investment option for 2002 only).

The NTGI-QM Collective Daily S&P500 Equity Index Fund is primarily invested in the 500 stocks that make up the S&P 500 Index (this was an investment option for 2003 only).

The Fidelity Magellan Fund is primarily invested in common stocks. The fund may invest in the securities of foreign issuers.

The PIMCO Total Return Fund is primarily invested in all types of bonds, including U.S. government, corporate, mortgage, and foreign bonds. The fund maintains an average portfolio duration of three to six years.

The Fidelity Equity Income Fund is primarily invested mainly in income-producing equity securities, which tend to be large-cap value stocks. The fund may invest in the securities of domestic and foreign issuers.

The Harbor Capital Appreciation Fund is primarily invested in equity securities of companies with market capitalizations of at least \$1 billion. The fund may invest in the securities of foreign issuers.

Table of Contents**Good Humor Breyers Savings Plan****Notes to Financial Statements****December 31, 2003 and 2002**

The Capital Guardian International Equity Fund is primarily invested in opportunities outside of the United States, including American Depository Receipts and U.S. registered securities and companies that target markets outside of the United States.

The Unilever N.V. Stock Fund is primarily invested in Unilever N.V. stock.

The T. Rowe Price Small Cap Stock Fund is primarily invested in stocks and equity-related securities of small companies.

Loans to Plan Participants

At the request of the Plan participants, loans are permitted up to the lesser of \$50,000 reduced by the largest outstanding loan balance in the previous 12 months or one-half of the participants' vested interest in their accounts less any outstanding loans. Loans bear interest at a fixed rate based on the Wall Street Journal published prime rate plus one percent, adjusted quarterly. Loans relating to the acquisition or construction of a participant's principal residence are to be repaid within fifteen years. All other loans are required to be repaid within five years.

Termination

Upon termination of employment, participants are entitled to all of their vested balances.

Terminated employees whose vested balances exceed \$5,000 at termination may elect to leave their account balances in the Plan until they so request them or attain the age of 70 1/2 at which time IRS regulations require minimum distributions to be made. Failure to make a voluntary election to defer payment will result in a total distribution of vested Plan balances at age 65. Terminated employees whose vested balances are under \$5,000 will be subject to an involuntary distribution.

Participants

At December 31, 2003 and 2002, there were 361 and 356 participants, respectively, some of whom elected to invest in more than one fund. Set forth below is the number of participants investing in each fund:

	<u>2003</u>	<u>2002</u>
PRIMCO Interest Income Fund	295	291
Pyramid Equity Index Fund		
128

T. Rowe Price Small Cap Stock Fund	
31	30

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Administration

The Plan provides that the Benefits Administration Committee is responsible for the general administration of the Plan.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared using the accrual method of accounting, in conformity with accounting standards generally accepted in the United States of America.

Valuation of Trust Investments

Shares of participation in the various funds, other than the PRIMCO Interest Income Fund, are valued based on quoted market prices as of the last business day of the year.

Table of Contents

Good Humor Breyers Savings Plan

Notes to Financial Statements

December 31, 2003 and 2002

The guaranteed investment contracts and the synthetic guaranteed investment contracts in the PRIMCO Interest Income Fund are stated at contract value, which approximates fair value.

Investment Transactions and Investment Income of the Trust

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The average cost basis is used in determining gain or loss on Trust investments sold.

Purchases and sales of securities are reflected as of the trade date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Investment management fees for all funds, excluding the Unilever N.V. Stock Fund, are paid by the Plan. All other administrative expenses are paid by the Company.

Use of Estimates

The preparation of the financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. These significant estimates include fair market values of investments. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan administrator does not anticipate non-performance by these companies. The Plan administrator believes that the risk to the Trust portfolio from credit loss is not material due to the diversified nature of the assets held.

3. Tax Status of the Plan

The Plan received a favorable tax determination letter, effective August 4, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Table of Contents

**Good Humor Breyers Savings Plan
Notes to Financial Statements
December 31, 2003 and 2002**

4. Investments Held by the Trust

The Trust primarily comprises the assets of the Unicare Savings Plan, an affiliated plan. The Unicare Savings Plan comprises approximately 91% of the investments held by the Trust as of December 31, 2003 and 2002. The Trust also holds investments for a number of other Plans sponsored by subsidiaries of Unilever United States, Inc. The Plan has an undivided interest in certain assets of the Trust and sole interests in other assets of the Trust. Certain investment assets of the Trust and related earnings are allocated to the Plans participating in the Trust based upon the total of each individual participant's share of the Trust. On an overall basis, the Plan has a less than 1% interest in the investments of the Trust as of December 31, 2003 and 2002.

The Plan's approximate share of investments held by the Trust at December 31, 2003 and 2002 were as follows:

<u>2003</u>	<u>2002</u>
-------------	-------------

At December 31, 2003 and 2002, the financial position of the Trust was as follows:

<u>2003</u>	<u>2002</u>
-------------	-------------

The following presents investments that represent five percent or more of the Trust's net assets for the years ended December 31, 2003 and 2002:

<u>2003</u>	<u>2002</u>
-------------	-------------

Investment income for the Trust includes net appreciation (depreciation) of investment, as well as interest and dividends from investments. The net appreciation (depreciation) of investments held in the Trust consists of the realized gains (losses) and the unrealized appreciation (depreciation) on these investments.

The investment income of the Trust net assets for the years ended December 31, 2003 and 2002 were as follows:

<u>2003</u>	<u>2002</u>
-------------	-------------

**5. Transactions with Related Parties
and Parties-in-Interest**

The Unilever N.V. Stock Fund invests in shares of Unilever N.V. Stock. This fund is designed as a means for employees to participate in the potential long-term growth of Unilever.

Certain Trust investments consist of units in investment funds managed by

Fidelity. Fidelity owns these investment funds, and is a party-in-interest as defined by ERISA. In the opinion of the Plan administrator, fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.
