PROXY STATEMENT
GENERAL INFORMATION**

This proxy statement is furnished to stockholders by the Board of Directors of the Company for solicitation of proxies for use at the Company's Annual Meeting of Stockholders to be held on Friday, April 29, 2005, 11:00 a.m., local time, at the Hilton Valley Forge, 251 West Dekalb Pike, King of Prussia, PA 19406. The proxies may also be voted at any adjournment or postponement of the Annual Meeting. Only stockholders of record at the close of business on Tuesday, March 1, 2005, the Record Date, are entitled to vote. Each owner of record on the Record Date is entitled to one vote for each share of common stock held. On the Record Date, the Company had 40,526,829 shares of common stock outstanding.

This proxy statement and the enclosed form of proxy were mailed to stockholders on or about March 30, 2005. A copy of the Company's Annual Report is provided with this proxy statement.

The Company will pay the cost of solicitation of proxies. In addition to this mailing, proxies may be solicited, without extra compensation, by our officers and employees, by mail, telephone, facsimile, electronic mail and other methods of communication. The Company reimburses banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in forwarding solicitation materials to the beneficial owners of the Company's common stock.

QUESTIONS AND ANSWERS

1. What is a proxy ?

It is your way of legally designating another person to vote for you. That other person is called a proxy. If you designate another person as your proxy in writing, the written document is called a proxy or proxy card.

2. What is a proxy statement ?

It is a document required by the Securities and Exchange Commission (the SEC) that contains information about the matters that stockholders will vote upon at the Annual Meeting. The proxy statement also includes other information required by SEC regulations.

3. What is a quorum ?

A quorum is the minimum number of stockholders who must be present or voting by proxy in order to conduct business at the meeting. A majority of the outstanding shares, whether present in person or represented by proxy, will constitute a quorum at the Annual Meeting. Shares represented by proxies marked to abstain from voting for a proposal or to withhold voting for one or more nominees and broker non-votes are counted for purposes of determining the presence of a quorum.

4. What is a broker non-vote ?

When brokers holding shares on behalf of beneficial owners do not receive timely voting instructions from the beneficial owners, they may vote the shares only on matters for which they may exercise discretionary voting power under the rules governing such brokers, such as the election of directors in uncontested elections and ratification of the appointment of independent auditors. On other matters, such brokers cannot vote, and there is a so-called broker non-vote on that matter.

5. How many votes are required to elect directors, ratify the appointment of PricewaterhouseCoopers LLP, or approve any other proposals?

A plurality of the votes cast at the meeting is required to elect directors; that is, the four nominees receiving the highest number of votes will be elected. The affirmative vote of a majority of outstanding shares present, in person or by proxy, and entitled to vote, is necessary to ratify the appointment of PricewaterhouseCoopers LLP or approve any other proposal. Abstentions will be included in the vote count and have the same effect as voting against a proposal. Broker non-votes will not be included in the vote count and will have no effect on the vote.

6. How do I vote?

You may vote by (i) attending the Annual Meeting in person and submitting a ballot, (ii) signing and dating each proxy card you receive and returning it in the prepaid envelope included in your proxy package, (iii) voting by telephone by calling 1-800-PROXIES (776-9437), or (iv) voting via the internet at www.voteproxy.com.

The shares represented by each proxy will be voted in accordance with the instructions in the proxy, unless the proxy is revoked before it is exercised. Any proxy card which is returned without any markings indicating how you wish to vote will be counted as a vote FOR the election of directors and FOR the ratification of PricewaterhouseCoopers LLP as independent auditors for 2005.

7. How can I revoke my proxy?

You may revoke your proxy at any time before the proxy is exercised by submitting a notice of revocation or submitting an executed proxy card bearing a later date with the Secretary of the Company at the Company's principal executive offices at 155 South Limerick Road, Limerick, Pennsylvania 19468. You may also revoke your proxy by attending the Annual Meeting in person and giving notice of your intention to vote at the Annual Meeting. Attendance at the Annual Meeting will not by itself revoke a previously granted proxy.

ELECTION OF DIRECTORS

The Board of Directors (the Board) is divided into three classes, whose terms expire at successive annual meetings. Accordingly, at the Annual Meeting, four directors will be elected for terms expiring at the Annual Meeting of Stockholders of the Company in 2008. The Board, on recommendation of the Governance Committee, has nominated Lennox K. Black, William R. Cook, George Babich, Jr. and Benson F. Smith for election for three-year terms.

The persons named in the enclosed proxy intend to vote properly executed proxies for the election of Messrs. L.K. Black, Cook, Babich and Smith. The Company does not anticipate that any nominee will be unable or unwilling to stand for election, but if that happens, the proxies may be voted for one or more substitute nominees designated by the Board, or the Board may decide to reduce the number of directors.

Messrs. L.K. Black and Cook are the continuing directors who previously were elected by the stockholders of the Company. James W. Stratton has advised the Board that he does not wish to stand for reelection. Mr. Stratton has been a director of the Company since 1993. The Board is profoundly grateful for Mr. Stratton's contributions over the past twelve years. Messrs. Babich and Smith are new nominees standing for election as directors whose terms expire in 2008.

CORPORATE GOVERNANCE

Corporate Governance Principles and Other Corporate Governance Documents

Our Corporate Governance Principles, including guidelines for the determination of director independence, the operations, structure and meetings of the Board, the committees of the Board and other matters relating to our corporate governance, are available on the Investors page of the Company's website. Also available on the Investors page are other corporate governance documents, including the Code of Ethics, the Code of Ethics for Chief Executive Officer and Senior Financial Officers, the Charter of the Audit Committee, the Charter of the Governance Committee and the Charter of the Compensation Committee. You may access these documents at www.teleflex.com. You may also request these documents in print form by contacting the Company's Legal Department at Teleflex Incorporated, 155 South Limerick Road, Limerick, PA 19468.

Board Independence

The Board has affirmatively determined that more than a majority of the current directors (Patricia C. Barron, Donald Beckman, James W. Zug, William R. Cook, James W. Stratton, Sigismundus W.W. Lubsen, Judith M. von Seldeneck and Harold L. Yoh III), and each of the nominees for director who do not currently serve on the Board, are independent. All of such independent directors and nominees meet the categorical standards and guidelines set forth in the Corporate Governance Principles which have been adopted by the Board to assist it in making determinations of independence. The Board has further determined that the members of the Audit Committee, the Compensation Committee and the Governance Committee are independent within the meaning of the rules of the New York Stock Exchange (the "NYSE"), and that the members of the Audit Committee meet the additional independence requirements of the New York Stock Exchange applicable to Audit Committee members.

To assist the Board in making determinations of independence, the Board has adopted the following categorical standards. The Board will determine the materiality of any relationship which a director has with the Company by considering all relevant facts and circumstances. The Board may determine that a director is not independent notwithstanding that none of the following categorical disqualifications apply. However, if any of the following categorical disqualifications apply, a director may not be considered independent.

(i) A director who is an employee, or whose immediate family member is an executive officer, of the Company is not independent until the expiration of the three years after the end of such employment.

(ii) A director who receives, or if an immediate family member of the director is an executive employee of the Company and receives, more than \$100,000 per year in direct compensation from the Company, other than director and committee fees, pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) and compensation received by a director for former

Table of Contents

service as an interim Chairman or CEO, may not be considered independent until the expiration of the three years after such director or family member ceases to receive more than \$100,000 per year in compensation or such person ceases to be an immediate family member or becomes incapacitated, as may be applicable.

(iii) A director who is affiliated with or employed by, or whose immediate family member is affiliated with or employed in a professional capacity by, a present or former internal or external auditor of the Company may not be considered independent until the expiration of the three years after the end of such service or employment relationship or such person ceases to be an immediate family member or becomes incapacitated, as may be applicable.

(iv) A director who is employed, or whose immediate family is employed, as an executive officer of another company where any of the Company's present executives serve on such other company's compensation committee may not be considered independent until the expiration of the three years after the end of such service or employment relationship or such person ceases to be an immediate family member or becomes incapacitated, as may be applicable.

(v) A director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues may not be considered independent until the expiration of the three years after such receipts or payments fall below such threshold or after such person ceases to be an immediate family member or becomes incapacitated, as may be applicable.

Executive Sessions of Non-Management Directors

The non-management directors (the directors who are not executive officers of the Company) meet regularly, in accordance with a schedule adopted at the beginning of each year and on such additional occasions as a non-management director may request. Such meetings are held in executive session, without the presence of any directors who are executive officers of the Company. The non-management director who has served on the Board continuously for the longest period of time acts as the presiding officer at such meetings. Presently, Mr. Beckman serves as the presiding officer.

Stockholders or other interested persons wishing to communicate with members of the Board should send such communications to Julie McDowell, Vice President - Corporate Communications, Teleflex Incorporated, 155 South Limerick Road, Limerick, PA 19468. Ms. McDowell will forward these communications to specified individual directors, or, if applicable, to all the members of the Board as she deems appropriate. Stockholders or other interested persons may also communicate directly and confidentially with the presiding officer of the non-management directors meetings, the non-management directors as a group or the Chairman or other members of the Audit Committee through the Teleflex Ethics Hotline at 1-888-883-1499 or for international calls, 1-203-557-8604.

The Board and Board Committees

The Board held seven meetings in 2004. The Board does not have a formal policy concerning attendance at its Annual Meeting of Stockholders but encourages all directors to attend. All of the Board members attended the 2004 Annual Meeting of Stockholders.

The Board has established a Governance Committee, a Compensation Committee, an Audit Committee and an Executive Committee.

Governance Committee. The members of the Governance Committee are Mrs. Barron and Messrs. Lubsen and Stratton. The Governance Committee is responsible for identifying qualified individuals for board membership and recommending individuals for nomination to the Board and its committees. In addition, the Governance Committee reviews and makes recommendations to the Board as to changes in Board structure, the range of qualifications that should be represented on the Board and eligibility criteria for individual Board membership. The Governance Committee is also responsible for developing and recommending corporate governance principles to the Board and overseeing the evaluation of the Board and management.

The Governance Committee held two meetings in 2004.

Consideration of Director Candidates

The Governance Committee considers candidates for Board membership. The Company's Corporate Governance Principles provide that directors are expected to possess the highest character and integrity, and to have business, professional, academic, government or other experience which is relevant to the business and operations of the Company. In addition, directors must be able to devote substantial time to the affairs of the Company. The charter of the Governance Committee provides that in evaluating nominees, the Governance Committee should consider the attributes set forth above. Pursuant to the Corporate Governance Principles, a director must retire from the Board at the expiration of his or her term following attainment of age 70, except in special circumstances which shall be described in a resolution adopted by the Board requesting such director to defer retirement.

To assist the Governance Committee to identify candidates for nomination as directors, the committee sometimes employs a third party search firm. Mr. Smith, one of the two new director nominees, was introduced to the Company by a third party search firm. The committee also receives recommendations of candidates from Board members. Mr. Babich, the other new director nominee, was identified by a current member of the Board.

Stockholders can recommend candidates for nomination by delivering or mailing written notice of nominations to Teleflex Incorporated, 155 South Limerick Road, Limerick, Pennsylvania 19468, Attention: Secretary. In order to enable consideration of the candidate in connection with our 2006 Annual Meeting of Stockholders, such notice of nominations must be

Table of Contents

received by the Secretary of the Company on the later of 20 days prior to the 2006 Annual Meeting of Stockholders or 5 days after the date the notice for such meeting is mailed to stockholders. Such notice of nominations must set forth (1) the name, age, business address and, if known, residence address of each such nominee, (2) the principal occupation or employment of each such nominee, and (3) the number of shares of the Company's common stock beneficially owned by each such nominee. The notice of nominations should be accompanied by the candidates' written consent to serve as directors if elected.

Compensation Committee. The members of the Compensation Committee are Mrs. von Seldeneck and Messrs. Beckman, Lubsen and Yoh. The Compensation Committee has responsibilities to, among other things, (i) review and recommend to the Board for approval all compensation plans in which any director or executive officer may participate and all other compensation plans in which executives of the Company generally may participate, (ii) review and approve corporate goals and objectives relevant to the compensation of the Chief Executive Officer, (iii) review, and recommend to the Board for approval, compensation of executive officers of the Company, (iv) establish, or recommend to the Board for approval, goals for performance-based awards under incentive compensation plans (including stock compensation plans), (v) administer and grant, or recommend to the Board for the grant of, stock options and other equity-based compensation awards under stock compensation plans of the Company, (vi) review and approve all employment agreements, severance agreements, retention agreements and change in control agreements and any other similar supplemental arrangement for the benefit of the Chief Executive Officer or any of the other senior executive officers and (vii) review and evaluate the Company's pension plan performance with the Company's Pension Plan Committee. Only a subcommittee of the Compensation Committee, however, comprised solely of directors who qualify as Non-Employee Directors under applicable SEC regulations and as Outside Directors under the Internal Revenue Service regulations issued under section 162(m) of the Internal Revenue Code, is authorized to approve compensation arrangements for executive officers and directors, including the grant of stock options and restricted stock. The subcommittee is currently composed of Mrs. von Seldeneck and Messrs. Lubsen and Yoh.

The Compensation Committee held six meetings in 2004.

Audit Committee. The members of the Audit Committee are Mrs. Barron and Messrs. Cook and Zug. The Audit Committee has responsibility to, among other things, assist the Board in its oversight of (i) the integrity of the Company's financial statements, (ii) the Company's internal control compliance, (iii) the Company's compliance with the legal and regulatory requirements, (iv) the independent auditor's qualifications and independence and (v) the performance of the Company's internal audit function and its independent auditor.

The Audit Committee has sole authority to appoint, retain, compensate, evaluate and terminate the independent auditors, and reviews and approves in advance all audit and lawfully permitted non-audit services performed by the independent auditors. In addition, the Audit Committee oversees the performance of the persons performing the Company's internal audit function; and meets separately, periodically, with management, the independent auditors and the Company's own internal auditors. The Audit Committee also periodically discusses with management the Company's policies with respect to risk assessment and risk management.

The Board has determined that two audit committee members, Messrs. Cook and Zug, meet the criteria of an audit committee financial expert as that term is defined in SEC regulations.

The Audit Committee held ten meetings during the past fiscal year.

Executive Committee. The members of the Executive Committee are Messrs. L.K. Black, J.P. Black and Beckman.

The Executive Committee held one meeting in 2004.

Director Compensation

Directors of the Company who are also employees of the Company or any of its subsidiaries receive no additional compensation for their service as directors. Directors of the Company who are not employees of the Company or any of its subsidiaries (non-employee directors) are paid an annual fee of \$20,000 and an additional fee of \$1,000 for each Board and committee meeting attended, plus expenses. In addition, non-employee directors currently are paid the following equity based compensation under the Company's Stock Compensation Plan: upon their first election or appointment to the board, non-employee directors are granted an option to purchase 5,000 shares of Company common stock, and all non-employee directors receive annually a restricted stock award of shares having a market value of \$20,000 on the date of the award and an option to purchase 2,000 shares of Company common stock. The Chairpersons of the Audit Committee and the Compensation Committee each receive an annual stipend of \$10,000 and \$5,000, respectively. The Company provides no pension benefits to the non-employee directors.

Compensation Committee Interlocks and Insider Participation

Mr. Beckman is of counsel to Beckman and Associates, a law firm, which provides legal services to the Company.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of three non-employee Directors, each of whom has been determined by the Board to be independent under the rules of the NYSE and the SEC. The Audit Committee's responsibilities are set forth in this charter, which has been revised to satisfy the revised listing standards and the rules of the NYSE. An amended and restated Audit

Table of Contents

Committee charter was adopted by the Board on March 7, 2005 (the Charter), and is included in its entirety with this Proxy Statement as Appendix A.

Generally, the Audit Committee oversees and reviews with the full Board any issues with respect to the Company's financial statements, the structure of the Company's legal and regulatory compliance, the performance and independence of the Company's independent auditors and the performance of the Company's internal audit function. The Committee retains the Company's independent auditors to undertake appropriate reviews and audits of the Company's financial statements and audits of its internal controls over financial reporting, determines the compensation of the independent auditors, and pre-approves all of their services. The preparation of the Company's financial statements is the responsibility of Company management. The Audit Committee maintains oversight of the independent auditors by discussing the overall scope and specific plans for their audits, the results of their examinations, and the overall quality of the Company's financial reporting.

The Audit Committee maintains oversight of the Company's internal audit function by reviewing the appointment and replacement of the Company's manager of internal auditing and periodically meets with the director of internal auditing to receive and review reports of the work of the Company's internal audit department. The Audit Committee meets with management on a regular basis to discuss any significant matters, internal audit recommendations, policy or procedural changes, and risks or exposures, if any, that may have a material effect on the Company's financial statements.

The Audit Committee has: (i) appointed and retained PricewaterhouseCoopers as the Company's independent auditors for the fiscal year ended December 26, 2004; (ii) reviewed and discussed with the Company's management the Company's audited financial statements for the fiscal year ended December 26, 2004; (iii) discussed with the Company's independent auditors the matters required to be discussed by Statements on Auditing Standards No. 61 Communications with Audit Committees , as then in effect; (iv) received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1 Independence Discussions with Audit Committees , as then in effect, and has discussed with the Company's independent auditors their independence; (v) discussed matters with the Company's independent auditors outside the presence of their management; (vi) reviewed internal audit recommendations; (vii) discussed with the Company's independent auditors the quality of the Company's financial reporting; (viii) and reviewed and discussed with the Company's independent auditors and management the status of activities intended to achieve compliance with §404 of the Sarbanes-Oxley Act.

In reliance on the reviews, reports and discussions referred to above, the Audit Committee recommended to the Company's Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 26, 2004, for filing with the SEC.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Company's compensation policy with respect to its executive officers is to offer competitive compensation opportunities based on individual and corporate performance. Compensation of executive officers is fixed by the Board of Directors upon the recommendations of the Compensation Committee, which are developed in consultation with the Chief Executive Officer. The compensation package for executive officers is comprised of salaries, bonuses and long-term incentive compensation, as described below:

Salaries are principally determined based upon data relating to a broad group of manufacturing, industrial and service companies provided by the Committee's compensation consultant. Generally, the Committee recommends salaries at a level that approximates the midpoint of the salaries for positions of comparable responsibility reported by these companies, adjusted in appropriate cases to reflect the level of experience or expertise of particular executives. While corporate financial performance and individual performance of each executive have some effect on the determination of the executive's salary, they are of relatively modest consequence. The Committee generally regards salaries as a base for compensation and principally relies on the annual bonus and long-term incentive compensation to reward fairly and to provide an incentive for excellence of performance.

Bonuses are awarded shortly after the close of each year to executive officers based upon the Company's financial performance and the executive's individual performance in that year. The Committee recommends bonus awards to executive officers based on its subjective evaluation, in consultation with the Chief Executive Officer. A principal consideration is the profitability in the preceding year of the Company and any division or other unit for which an executive officer has responsibility. In addition, other factors are deemed significant in individual cases, including, among others, the accomplishment of operational missions, such as expansion of product lines, market share or geographical or industry penetration; new product development; improvements in efficiency of operations; and accomplishment of strategically significant corporate acquisitions. While goals and objectives are established early in each year by each senior executive in consultation with the Chief Executive Officer (or, in the case of the Chief Executive Officer, in consultation with the Compensation Committee and the Board of Directors), other objectives are developed during the year, often in response to unanticipated outside events that affect the Company's business. The Committee does not seek to apply any specific formula or weighting to these goals and objectives in determining bonuses.

Long-term incentive compensation consists of (i) awards of stock options and restricted stock under the Company's Stock Compensation Plans and (ii) cash awards contingent upon the performance of the Company's total shareholder return. The Committee generally seeks to recommend aggregate long-term incentive compensation for all executives as a group at a level that is equivalent to the 65th percentile of aggregate long-term incentive compensation for groups of similarly placed executives at a group of 12 manufacturing companies selected by the Committee in consultation with its compensation consultant, assuming the Company's targeted total shareholder return is achieved. Long-term incentive compensation awards are granted to directly link a portion of an executive's compensation to shareholder returns over a future period of continued service. Individual awards are not based on any preset formula or entitlement standard but reflect the Compensation Committee's subjective perception of an executive's individual contributions to the Company's successful performance in the preceding year or the Committee's determination that specific executives who undertake new or special responsibilities should receive a portion of their compensation over a period of time dependent on the increase in value of the Company's shares. The cash awards granted to

Table of Contents

senior executives are awarded annually, payable contingent upon the Company's total shareholder return during the three year period commencing with the year in which the award is granted meeting or exceeding certain preset goals relative to the total shareholder return achieved by the manufacturing companies referenced above. In order to receive a minimum award, the Company's total shareholder return must exceed the total shareholder return achieved by a specified number of the manufacturing companies referenced above. The amount of the cash award is dependent on the extent to which the Company's total shareholder return exceeds the total shareholder return achieved the manufacturing companies referenced above. Specifically, cash awards, including minimum, target and maximum awards, are paid based upon the number of the manufacturing companies whose total shareholder return is exceeded by the Company's total shareholder return. Total shareholder return refers to the appreciation in value of a share of stock of a company from the beginning to the end of the specified measurement period plus the aggregate dividends paid in respect of such share during the measurement period.

The compensation for 2004 of Jeffrey P. Black, President and Chief Executive Officer of the Company, consisted of salary, bonus and long-term compensation in the form of stock options and a cash award payable in March 2007 based upon the extent to which the Company's total shareholder return exceeds the total shareholder return achieved by the companies within the selected group of 12 manufacturing companies, as described above. Mr. Black's salary for 2004 was \$700,000, reflecting a \$170,000 increase from the \$530,000 salary that had been in effect since May 9, 2002, when he assumed the duties of Chief Executive Officer. At the time Mr. Black became Chief Executive Officer, the Committee determined that Mr. Black's salary initially should be at a level below the midpoint of the range of chief executive officer salaries at the group of companies described in the discussion of salaries above. However, in light of Mr. Black's performance subsequent to that time, the Committee determined to recommend that his salary be increased to a level more closely approaching the midpoint. On March 1, 2004, a stock option under the Company's Stock Compensation Plan to purchase 42,000 shares was granted to Mr. Black, and on March 7, 2005 he was awarded a bonus for 2004 of \$250,000. In making these long-term incentive and bonus determinations, the Committee applied the principles described above, taking into account the Company's financial performance during the immediately preceding year, Mr. Black's successful efforts in overseeing the hiring and integration of several new executives, and his key role in the formulation and execution of the Company's restructuring program.

Section 162(m) of the Internal Revenue Code limits to \$1 million the deductibility of compensation received in a year by each of the Company's five most highly compensated executive officers, exclusive of compensation that qualifies as performance-based or falls within other exceptions provided in the statute. Awards under the Company's Stock Compensation Plan may be made on terms that will qualify for exception from the deductibility limit. The Committee, however, retains discretion to make awards that are not fully deductible. The Compensation paid to Mr. J.P. Black in 2004 exceeded the deductible limit by \$106,500.

STOCK PERFORMANCE GRAPH

The following graph provides a comparison of five year cumulative total stockholder returns of Company common stock, the S&P 500 Stock Index and the S&P MidCap 400 Index. The Company has selected the S&P MidCap 400 Index because, due to the diverse nature of its businesses, it does not use a published industry or line-of-business index and does not believe it can reasonably identify a peer group. The annual changes for the five-year period shown on the graph are based on the assumption that \$100 had been invested in Company common stock and each index on December 31, 1999 and that all dividends were reinvested.

Pension Plans

The company sponsors the Teleflex Incorporated Retirement Income Plan (TRIP), a qualified defined benefit pension plan, as well as the Supplemental Executive Retirement Plan (SERP), a non-qualified defined benefit pension plan providing benefits that would otherwise be denied to participants by reason of certain Internal Revenue Code limitations on qualified plan compensation and benefits.

A participant accumulates units of annual pension benefit for each year of service. For each of the first thirty-five years of service, a participant's unit is equal to 1.375% of his or her prior year's annual plan compensation up to the social security integration level, plus 2.0% of such compensation in excess of the social security integration level. For each year of service in excess of thirty-five, a participant's unit is equal to 1.833% of his or her prior year's annual plan compensation. The TRIP only recognizes annual plan compensation that does not exceed the Maximum Recognizable Compensation Limit determined by the Internal Revenue Service (IRS). The SERP only recognizes base pay in excess of the IRS limit.

The estimated annual benefits, assuming no future increase in base salary, payable as a life annuity upon retirement (age 65 or current age, if greater) for the following named executives are: Mr. L.K. Black, \$245,289; Mr. J.P. Black, \$459,779, Mr. Sickler, \$123,022 and Mr. Handy, \$140,008. For Mr. Chance, who resigned as an officer of the Company effective April 30, 2004, such estimated annual benefits, payable as an annuity upon his reaching age 65, are \$104,880.

Employment Contracts and Termination, Severance and Change-of-Control Arrangements

The Company's employment agreement with Mr. Lennox K. Black provides that Mr. Black may continue to serve the Company on a full-time basis or, at his election, as a consultant on a reduced-time basis until December 31, 2005. During the period of his full-time service, his salary will not be less than \$574,000, and while serving as a consultant, his annual compensation will be at least 75% of his last full-time service salary but not less than \$300,000, subject to adjustment for inflation. Mr. Black's agreement also provides for death and disability benefits, compensation continuation for up to two years in case of termination of employment under certain circumstances, and payment of deferred compensation for fifteen years, commencing in 1995, at the rate of \$100,000 per year. The Company has

purchased insurance on Mr. Black's life that will provide the Company with funds at

least equal to the amount of such deferred compensation paid. In the event of termination of Mr. Black's employment, other life insurance provided to him by the Company as an employment benefit will be continued for his lifetime.

The Company's employment agreement with John J. Sickler, Vice Chairman of the Company, dated March 7, 2005, provides that his employment will continue, at a salary not less than \$440,000 per year, until Mr. Sickler or the Company has given the other at least 30 days notice of termination. Upon such termination, Mr. Sickler will retire and receive his vested and other benefits to which he is entitled under the Company's benefit plans. During the four years immediately following such retirement he will be entitled to health insurance at the Company's expense. During such four year period, Mr. Sickler will be subject to a non-competition covenant. During the three years immediately following the termination of his employment, he will make himself available to serve the Company as an independent consultant in respect of which he will be paid a monthly retainer fee at the rate of his base salary in effect immediately before his retirement. In addition, the Company will pay him compensation for each day of consulting service at a rate mutually agreed in writing.

The Company's employment agreement with Martin Headley, Executive Vice President and Chief Financial Officer of the Company, dated July 2, 2004, provides a starting salary of \$400,000 and a bonus of \$203,000 for 2004. Mr. Headley's agreement provided for reimbursement of taxes incurred in connection with his relocation and reimbursement of up to \$20,000 for club dues. Mr. Headley's agreement also provides for death and disability benefits and compensation, medical and dental benefits continuation for nine months in case of termination of employment under certain circumstances.
