## Item 2.02 Results of Operations and Financial Condition

On July 18, 2016, Equity LifeStyle Properties, Inc. (referred to herein as “we,” “us,” and “our”) issued a news release announcing our results of operations for the quarter and six months ended June 30, 2016.

The news release also contains detailed guidance assumptions on our projections for 2016. We project our Net income per Common Share (fully diluted) for the three months ended September 30, 2016 and year ending December 31, 2016, to be between \$0.46 and \$0.52 and \$1.91 and \$2.01, respectively.

We also project our Funds from Operations (“FFO”) per Common Share (fully diluted) and Normalized Funds from Operations (“Normalized FFO”) per Common Share (fully diluted) for the three months ended September 30, 2016 to be between \$0.79 and \$0.85. We project our FFO per Common Share (fully diluted) and Normalized FFO per Common Share (fully diluted) for the year ending December 31, 2016 to be between \$3.22 and \$3.32 and \$3.23 and \$3.33, respectively.

The projected 2016 per Common Share amounts represent a range of possible outcomes and the mid-point of each range reflects management’s best estimate of the most likely outcome. Actual figures could vary materially from these amounts if any of our assumptions are incorrect. The news release is furnished as Exhibit 99.1 to this report on Form 8-K. The news release was also posted on our website, [www.equitylifestyle.com](http://www.equitylifestyle.com), on July 18, 2016.

## Item 8.01 Other Events

On July 18, 2016, we announced we had entered into rate lock agreements to obtain approximately \$88.0 million in new mortgage loans from institutional lenders, subject to customary approvals and conditions. The loans will be secured by mortgages on four manufactured home communities and two RV resorts and, in total, are expected to bear a weighted average interest rate of approximately 4.01 percent per annum, and to have a weighted average maturity of approximately 23 years. We expect to use the proceeds from the secured financing to retire various loans that mature in late 2016 and early 2017. The financing is expected to close in the third and fourth quarters of 2016.

The loans are subject to customary approvals and conditions, therefore there can be no assurance that the loans will be made in the amounts anticipated, on the terms stated, or at all

When used, words such as “anticipate,” “expect,” “believe,” “project,” “intend,” “may be” and “will be” and similar words or phrases, or the negative thereof, unless the context requires otherwise, are intended to identify forward-looking statements and may include, without limitation, information regarding our expectations, goals or intentions regarding the future, and the expected effect of our acquisitions. These forward-looking statements are subject to numerous assumptions, risks and uncertainties, including, but not limited to:

- our ability to control costs, real estate market conditions, the actual rate of decline in customers, the actual use of sites by customers and our success in acquiring new customers at our properties (including those that we may acquire);
- our ability to maintain historical or increase future rental rates and occupancy with respect to properties currently owned or that we may acquire;
- our ability to retain and attract customers renewing, upgrading and entering right-to-use contracts;
- our assumptions about rental and home sales markets;

our assumptions and guidance concerning 2016 estimated net income, FFO and Normalized FFO;  
our ability to manage counterparty risk;  
in the age-qualified properties, home sales results could be impacted by the ability of potential homebuyers to sell their existing residences as well as by financial, credit and capital markets volatility;  
results from home sales and occupancy will continue to be impacted by local economic conditions, lack of affordable manufactured home financing and competition from alternative housing options including site-built single-family housing;  
impact of government intervention to stabilize site-built single-family housing and not manufactured housing;

---

• effective integration of recent acquisitions and our estimates regarding the future performance of recent acquisitions;  
• the completion of future transactions in their entirety, if any, and timing and effective integration with respect thereto;  
• unanticipated costs or unforeseen liabilities associated with recent acquisitions;  
• ability to obtain financing or refinance existing debt on favorable terms or at all;  
• the effect of interest rates;  
• the dilutive effects of issuing additional securities;  
• the effect of accounting for the entry of contracts with customers representing a right-to-use the properties under the Codification Topic “Revenue Recognition;”  
• the outcome of pending or future lawsuits filed against us, including those disclosed in our filings with the Securities and Exchange Commission, by tenant groups seeking to limit rent increases and/or seeking large damage awards for our alleged failure to properly maintain certain properties or other tenant related matters, such as the case currently pending in the California Court of Appeal, Sixth Appellate District, Case No. H041913, involving our California Hawaiian manufactured home property, including any further proceedings on appeal or in the trial court; and  
• other risks indicated from time to time in our filings with the Securities and Exchange Commission.

These forward-looking statements are based on management's present expectations and beliefs about future events. As with any projection or forecast, these statements are inherently susceptible to uncertainty and changes in circumstances. We are under no obligation to, and expressly disclaim any obligation to, update or alter our forward-looking statements whether as a result of such changes, new information, subsequent events or otherwise. We are a fully integrated owner and operator of lifestyle-oriented properties and own or have an interest in 390 quality properties in 32 states and British Columbia consisting of 145,804 sites.
