#### PART III NARRATIVE

Under SFAS No. 142, Goodwill and Other Intangible Assets, the Company was required to perform a goodwill impairment analysis on an interim basis as a result of certain events and circumstances that had occurred in the period. The recent restructuring actions taken, including the placing of stores up for sale, the adverse change in business climate, reduced earnings and cash flow forecast, and the significant decrease in the Company s share price dictated that goodwill be tested for impairment in the second quarter. The Company performed the required steps for impairment analysis and expanded the analysis to include certain indefinite-lived intangible assets (franchise value) and other long-lived assets. This has required the Company to perform extensive analysis and to consider and revise its disclosures in its quarterly report on Form 10-Q which could not be completed without unreasonable effort or expense within sufficient time to permit its independent auditors to complete their review prior to our filing date.
