PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
FEBRUARY 27, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of proxies in the accompanying form. Shares will be voted in the manner directed by the stockholders; provided, however, that if no direction is given by a stockholder, the shares will be voted as recommended by the Corporation's Board of Directors. A stockholder giving a proxy may revoke it at any time before it is exercised by giving written notice of revocation to the Office of the Secretary of the Corporation.

This year, registered stockholders may vote in one of three ways: by completing and returning the enclosed proxy card via regular mail or by voting via the Internet or telephone, as permitted by Delaware law. Specific instructions for using these methods are set forth on the enclosed proxy card. The Internet and telephone procedures are designed to authenticate the stockholder's identity and to allow stockholders to vote their shares and confirm that their instructions have been properly recorded.

Proxies are being solicited by mail, and, in addition, directors, officers and employees of the Corporation may solicit proxies personally, by telephone, telegram or letter at no additional compensation to them. The Corporation will pay the expense of soliciting proxies and will reimburse brokerage firms and others for their expenses in forwarding proxy materials to beneficial owners of Common Stock.

If a stockholder abstains from voting on any matter, the abstention will be counted for purposes of determining whether a quorum is present at the Annual Meeting of Stockholders for the transaction of business as well as shares entitled to vote on that matter. Under Section 216 of the Delaware General Corporation Law, in all matters other than the election of directors, an action of the stockholders requires the affirmative vote of shares present in person or represented by proxy at the meeting and entitled to vote on the matter. Accordingly, an abstention on any matter other than the election of directors will have the same effect as a vote against that matter. A non-vote occurs when a nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Broker non-votes on a matter are counted as present for purposes of establishing a quorum for the meeting, but are not considered entitled to vote on that particular matter. Consequently, non-votes do not have the same effect as a negative vote on the matter.

The standing committees of the Board of Directors for 2001 were as follows:

NAME OF COMMITTEE	MEMBERSHIP
-------------------	------------

Edgar Filing: VALSPAR CORP - Form DEF 14A

-----	-----
Audit Committee	Susan S. Boren, Jeffrey H. Curler -- Chair, Charles W. Gaillard, Thomas R. McBurney, Gregory R. Palen and Richard L. White
Executive Committee	Thomas R. McBurney, Richard M. Rompala -- Chair and Michael P. Sullivan
Compensation Committee	Susan S. Boren, Thomas R. McBurney, Lawrence Perlman, Edward B. Pollak and Michael P. Sullivan -- Chair
Governance Committee	Susan S. Boren, Jeffrey H. Curler, Charles W. Gaillard, Thomas R. McBurney -- Chair, Gregory R. Palen, Lawrence Perlman, Edward B. Pollak, Michael P. Sullivan and Richard L. White

Dr. Mae C. Jemison was appointed to the Audit and Governance Committees, effective January 2002.

The Board of Directors met seven times during fiscal 2001.

The Audit Committee held three meetings during the fiscal year and held four teleconferences with the Audit Committee Chair prior to each quarterly earnings release. The duties and activities of the Audit Committee are described in the Board Audit Committee Report on page 14. The Board of Directors has determined, in its business judgment, that all members of the Audit Committee are "independent", as required by the applicable listing standards of the New York Stock Exchange.

The Governance Committee held four meetings during the fiscal year at which it conducted Chief Executive Officer performance evaluations, considered nominations for Board membership and considered other matters related to corporate governance.

The Compensation Committee held two meetings during the fiscal year at which it reviewed and approved the compensation plans and arrangements or granted options for officers, key employees and directors.

The Governance Committee will consider nominees for Board membership submitted by stockholders. Any such recommendation should be submitted in writing to the Corporation in care of Corporate Secretary, at 1101 Third Street South, Minneapolis, Minnesota 55415, along with the written consent of such nominee to serve as a director if so elected. Candidates for director should be persons with broad training and experience in their chosen fields and who have earned distinction in their activities.

During fiscal 2001, each director attended 75% or more of the meetings of the Board and of the committees on which the director served, with the exception of Mr. Perlman who attended 5 of 9 such meetings.

DIRECTOR COMPENSATION

Directors who are not officers of the Corporation receive an annual fee of \$30,000, with the Chairs of the Audit and Compensation Committees receiving an

Edgar Filing: VALSPAR CORP - Form DEF 14A

annual fee of \$35,000 and the Chair of the Governance Committee receiving an annual fee of \$40,000. Prior to January 1, 2002, the annual fee for the Chairs of the Audit and Compensation Committees was \$33,000. Attendance fees of \$1,000 are paid for each meeting of the Board of Directors and \$1,000 for each meeting of a committee of the Board of Directors not held the same day as a Board of Directors meeting. At a director's option, the annual fee and attendance fee may be paid by the Corporation purchasing shares of its Common Stock in the open market on behalf of the director. Any costs of such purchases are paid by the Corporation. In addition, each non-employee director is automatically granted a non-qualified stock option every year under the Corporation's Stock Option Plan for Non-Employee Directors. See "Proposal Number Two -- Approval of Amendment of The Valspar Corporation Stock Option Plan for Non-Employee Directors." For grants in respect of service in fiscal year 2001, each Non-Employee Director serving as a member of the Board on October 26, 2001 will automatically be granted a non-qualified stock option, on the date of the Company's annual meeting in 2002. Assuming that the stockholders approve the proposed amendment to the plan, the value of the stock option will be equal to 100% of the annual retainer and meeting fees for the preceding year. Prior to the amendment, the non-qualified stock option grants have had a value equal to one-half of the amount of the director's annual retainer for the most recently ended fiscal year. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant. The number of shares subject to the option is determined by using the same option valuation model used to value options for purposes of the notes to the Corporation's audited financial statements for the prior fiscal year. Each option is immediately exercisable in full, has a term of ten years and is transferable to family members during the lifetime of the optionee. On February 28, 2001, the non-employee directors received options to purchase the following numbers of shares at an exercise price of \$32.75 per share: Ms. Boren, 2,550 shares; Mr. Curler, 2,150 shares; Mr. Gaillard, 2,150 shares; Mr. McBurney, 2,950 shares; Mr. Palen, 2,350 shares; Mr. Perlman, 2,300 shares; Mr. Pollak, 2,400 shares; Mr. Sullivan, 2,600 shares; and Mr. White, 2,000 shares.

CERTAIN TRANSACTIONS

The Leveraged Equity Purchase Plan (the "LEPP"), which was approved by the stockholders in February 1991, provides key employees (including executive officers) with loans from the Corporation, up to an aggregate amount of \$6,000,000, to permit them to acquire Common Stock of the Corporation in the open market. The LEPP is administered by the Compensation Committee, with the Committee selecting the individuals to be granted loans and determining the size of such loans. A participant may borrow from the Corporation 90% of the cost of the shares being purchased, such loan being evidenced by a nonrecourse promissory note bearing interest at a reasonable market rate and having a term up to five years. All loans reflected in the table below were granted in fiscal 1999, 2000 and 2001 and bear an interest rate of 5.1%, 6.39% and 6.09%, respectively. The following lists each director and executive officer whose loan from the Corporation exceeded \$60,000 at any time during fiscal 2001, and indicates (i) the largest loan amount outstanding for such individual at any time since October 28, 2000, and (ii) the loan amount outstanding for such individual as of December 31, 2001:

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "1934 Act"), requires the Corporation's directors, executive officers and beneficial owners of more than 10% of the common stock of the Corporation to file with the Securities and Exchange Commission ("SEC") certain reports regarding their ownership of common stock or any changes in such ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such reports received by it, and/or written representations from certain reporting persons that no Forms 5 were required for such persons, the Corporation believes that, during the year ended October 26, 2001, and except as set forth below, the reporting persons have complied with all filing requirements of Section 16(a) of the 1934 Act. There was a late filing of one Form 4 on behalf of Mr. John M. Ballbach, an executive officer of the Corporation, reporting an open market sale of common stock. This was an inadvertent omission and the Form 4 was promptly filed upon discovery of the oversight.

The actual value of these option grants is dependent on future performance of the Common Stock and overall stock market conditions. CHANGE IN CONTROL AGREEMENTS

The Corporation has entered into agreements with certain key employees, including the Named Executives, providing for the continued employment of such executives for a period of up to two years following a change in control of the Corporation. During such two-year period, executives would continue to be employed and compensated commensurate with their positions and compensation prior to the change in control. Each agreement continues in effect until the earlier of (i) a termination of the executive's employment prior to the occurrence of a change in control or (ii) a payment event shall have occurred and the Corporation shall have satisfied all of its obligations under the agreement. Payment event means the occurrence of a change in control coincident with or followed at any time before the end of 24-month period immediately following the month in which the change in control occurred, by the termination of the executive's employment with the Corporation or a subsidiary for any reason other than: (a) by the executive without good reason; (b) by the Corporation as a result of the disability of the executive or for cause; or (c) as a result of the death of the executive. Payments required under each agreement include a severance payment amount which, in the case of the Named Executives, is equal to: (a) the higher of: (i) three times the sum of executive's annual base salary in effect prior to the change in control and the target potential amount payable to the executive under all incentive compensation plans with a performance period commencing coincident with or most recently prior to the date on which a payment event occurs, assuming continuous employment until the end of the performance period (the "applicable incentive amount") or (ii) three times the sum of executive's annual base salary in effect prior to the payment event and the applicable incentive amount; plus (b) the pro

Edgar Filing: VALSPAR CORP - Form DEF 14A

rata portion of the applicable incentive amount for the year during which the termination occurs. The Corporation will also pay any excise taxes that the executive may incur as a result of such payments, and any income and excise taxes on such excise tax payments.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee") is comprised entirely of outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") and the rules and regulations thereunder. The Committee is responsible for setting and administering the policies which govern both annual compensation and stock ownership programs. The Corporation's incentive plans are designed to condition a significant amount of an executive's compensation on the performance of the executive and of the Corporation as a whole. The compensation plans are also designed to encourage employee stock ownership. The Compensation Committee believes such ownership effectively motivates executives to increase stockholder value and aligns the interests of employees with those of the stockholders. In its administration of the various compensation plans, the Committee focuses on these goals of tying compensation to performance and encouraging executive stock ownership.

COMPENSATION OF EXECUTIVE OFFICERS

SALARY. In setting each executive officer's base salary, the Committee considers quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to the executive's duties and responsibilities. The Committee also uses compensation studies provided by an independent consultant to compare the salary of its executive officers with salaries of executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 15 and 16. The Committee does not use the market value or performance of the Corporation's Common Stock as a direct factor in determining the base salaries or bonuses of the executive officers. Increases in base salary are determined from time to time based on the Corporation's financial performance. The base salary of the Named Executives increased by an average of 10.1% from fiscal 2000 to fiscal 2001. The increases for 2001 reflected general corporate performance, based on sales, profits, expense control, unit growth and return on equity for fiscal 2000.

BONUS PROGRAMS. Since prior to fiscal 1988, the Corporation has had a policy of granting incentive bonuses to its key employees (including executive officers), referred to as the "Incentive Bonus Plan." In the first quarter of each fiscal year, specific performance targets are identified for each participant in the Incentive Bonus Plan, including both general corporate measures of performance (such as sales, profits, expense control, unit growth and return on equity) and specific measures of performance within the participant's area of responsibility. After the end of such fiscal year, if the participant remains employed by the Corporation, a bonus of up to a specified percentage of the participant's salary (81.25% -- 100% for executive officers in fiscal 2001) will be paid, depending on the level of achievement of the participant's performance targets. For executive officers, general corporate performance measures and specific measures within the executive's area of responsibility are included. Among these corporate performance measures, net income is generally weighted most heavily. The bonus earned by the Named

Edgar Filing: VALSPAR CORP - Form DEF 14A

Executives under the Incentive Bonus Plan for fiscal 2001 ranged from 29.1% to 35.9% of salary.

Pursuant to the Key Employee Annual Bonus Plan, adopted for fiscal 1993 and subsequent years, the Committee may select those key employees (including executive officers) who are eligible to participate in the plan. The plan is comprised of three elements: a stock option grant, a cash bonus and a restricted stock award equal to the cash bonus.

Participants in this plan receive a nonqualified stock option, with the number of shares subject to the option calculated as a percentage of base salary for the fiscal year based on performance. The value

11

of the shares subject to options for fiscal 2001 bonuses ranged from 300 to 350% of the 2001 base salary for the Named Executives and 400% for the Chief Executive Officer. These options were granted in October 2001 with an exercise price based on the fair market value of the Corporation's Common Stock at the closing price on the day preceding the date of grant. Thirty-two employees, including all executive officers, were selected to participate for fiscal year 2001 in the plan. In addition, 991 employees were selected to participate in the Annual Option Bonus Plan, in which a participant receives stock options, with the number of options calculated as a percentage of base salary for the fiscal year based on performance.

As to the cash bonus element, participants elected prior to the beginning of fiscal 2001 to convert all or any portion of his or her cash bonus under the Incentive Bonus Plan into a grant of restricted stock. The participant was required to be employed on the last day of fiscal 2001 to receive the restricted stock grant for that fiscal year, and the restricted stock is granted in January 2002. The restricted stock is forfeitable for three years from the date of grant if the participant's employment with the Corporation terminates for any reason other than death, disability, retirement or a change in control of the Corporation. In addition, participants receive a restricted stock grant equal in amount to their cash bonus and having the same forfeiture provisions.

OPTION PROGRAMS. In 1991, the Corporation's stockholders approved the adoption of the Corporation's 1991 Stock Option Plan. Currently, 8,000,000 shares of common stock are reserved for issuance upon exercise of options granted thereunder. Options granted under the 1991 Plan are granted at exercise prices equal to the fair market value of the Corporation's common stock at the closing price on the day preceding the date of grant. The options granted to the Named Executives in 2001 were determined under the Key Employee Annual Bonus Plan as described under "Bonus Programs" above.

DEDUCTIBILITY OF COMPENSATION. Section 162(m) of the Internal Revenue Code, enacted in 1993, generally limits to \$1 million the tax deductibility of compensation paid by a public company to its chief executive and four other most highly compensated executive officers. Certain performance-based compensation is not subject to the limitation. The Committee considers the deductibility of compensation arrangements as one factor in executive compensation decisions for executives. However, deductibility is not the sole factor used by the Committee in ascertaining appropriate levels or modes of compensation. The provisions of the 1991 Stock Option Plan and the Key Employee Annual Bonus Plan are intended to permit compensation income of the Named Executives received under such plans to be deductible by the Corporation. Since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that the Corporation may enter into compensation arrangements under which

Edgar Filing: VALSPAR CORP - Form DEF 14A

compensation in excess of \$1 million is not deductible under Section 162(m).

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

In setting Mr. Rompala's base salary, the Committee considered quantitative measures related to the Corporation's financial performance as well as a number of qualitative measures related to Mr. Rompala's duties and responsibilities. The Committee also compared Mr. Rompala's salary with salaries of chief executive officers of other companies of similar size and profitability, including, but not limited to, the companies in the peer group used in connection with the Stock Performance Graphs on pages 15 and 16. Mr. Rompala's base salary increased approximately 14.4% from fiscal 2000 to fiscal 2001. This increase reflected general corporate performance, based on sales, profits, expense control, unit growth and return on equity. The Corporation also granted an incentive bonus to Mr. Rompala under the Incentive Bonus Plan. Mr. Rompala's performance targets included net income, net sales and modified cash flow. Mr. Rompala was eligible for a bonus of up to 100% of his salary, depending upon

12

the level of achievement of these performance targets. Net income of the Corporation was weighted most heavily in connection with Mr. Rompala's compensation. Mr. Rompala's bonus earned under the Incentive Bonus Plan for fiscal 2001 was \$213,207, or 29.1% of his salary. Under the terms of the Incentive Bonus Plan, Mr. Rompala elected to receive the bonus in cash and also received a grant of restricted stock with a fair market value equal to the amount of the bonus. He also received stock options in October 2001 under the formula provided in the Key Employee Annual Bonus Plan. The value of the shares subject to these options for Mr. Rompala's fiscal 2001 bonus was 400% of his 2001 base salary.

BOARD AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities relating to accounting, reporting practices and the quality and integrity of the financial reports and other publicly disseminated financial information of the Corporation. In this context, the Audit Committee has met with management (including the Chief Executive Officer, Chief Financial Officer and Director of Internal Audit) and Ernst & Young LLP, the Corporation's independent public accountants ("Independent Auditors").

The Audit Committee held meetings with the Corporation's internal auditors and Independent Auditors, both in the presence of management and privately, to discuss the overall scope and plans for their respective audits, the results of their examinations, the evaluations of the Corporation's internal controls, the

Edgar Filing: VALSPAR CORP - Form DEF 14A

overall quality of the Corporation's financial reports, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee has reviewed and discussed the audited consolidated financial statements with management and the Independent Auditors. The Audit Committee also discussed with the Independent Auditors the matters required by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

With respect to independence, the Audit Committee has received the written disclosures from the Independent Auditors required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees) and has discussed with the Independent Auditors their independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, (i) the selection of the Independent Auditors for the 2002 fiscal year and (ii) that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended October 26, 2001 for filing with the Securities and Exchange Commission.

STOCK PERFORMANCE GRAPHS

The graphs below compare the Corporation's cumulative total shareholder return for the last five fiscal years and the last ten fiscal years with the cumulative total return of (1) the Standard & Poor's 500 Stock Index and (2) a Peer Group of companies selected by the Corporation on a line-of-business basis. The graphs assume the investment of \$100 in the Corporation's Common Stock, the S&P 500 Index and the Peer Group at the end of fiscal 1996 and fiscal 1991, respectively, and the reinvestment of all dividends.

The companies selected to form the peer group index are: PPG Industries, Inc.; Rohm and Haas Company; Ferro Corporation; NL Industries, Inc.; H.B. Fuller Company; The Sherwin-Williams Company; RPM, Inc.; and Detrex Corporation. Grow Group, Inc., Guardsman Products, Inc., Pratt & Lambert, Inc., Lawter International, Inc. and Lilly Industries, Inc. were excluded from the Peer Group as a result of being acquired, and Standard Brands Paint Company was excluded as a result of bankruptcy.

The Corporation included the ten-year graph because it believes the ten-year graph provides useful information regarding performance of the Corporation's Common Stock over an extended period.

PROPOSAL NUMBER TWO

APPROVAL OF AMENDMENT TO
THE VALSPAR CORPORATION STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS

On December 11, 2001, the Compensation Committee of the Corporation's Board of Directors approved an amendment, subject to approval of the stockholders of the Corporation, to The Valspar Corporation Stock Option Plan for Non-Employee Directors (the "Director Plan") increasing the value of the annual stock option granted to each non-employee director under the Director Plan beginning with grants at the 2002 Annual Meeting. The stockholders are being asked to approve this amendment.

16

BACKGROUND OF THE DIRECTOR PLAN

Edgar Filing: VALSPAR CORP - Form DEF 14A

The Corporation's Board of Directors adopted the Director Plan on December 10, 1997, and reserved 250,000 shares of Common Stock for issuance under the Director Plan, subject to approval of the stockholders of the Corporation, which was obtained on February 25, 1998. The Director Plan was developed to serve as part of a compensation program for non-employee directors. The Director Plan is intended to enhance the Corporation's ability to attract and retain the services of experienced and knowledgeable independent directors and to provide additional incentive for these directors to increase their interest in the Corporation's long-term success and progress. A registration statement covering the shares issuable under the Director Plan was filed in February 1998 with the Securities and Exchange Commission. Non-qualified stock options may be granted pursuant to the Director Plan until the Director Plan is discontinued or terminated by the Compensation Committee of the Board of Directors.

SUMMARY OF THE DIRECTOR PLAN AND AMENDMENT

OPTION GRANTS UNDER THE DIRECTOR PLAN. Only members of the Corporation's Board of Directors who are not employees of the Corporation or any of its subsidiaries ("Non-Employee Directors") are eligible to receive option grants under the Director Plan. Commencing with the annual stockholder meeting in 1999, each Non-Employee Director serving as a member of the Board of Directors of the Corporation on the December 31 immediately preceding each annual meeting of the stockholders of the Corporation, was automatically granted a stock option on the date of such annual meeting.

Under the Director Plan as originally adopted, each stock option granted under the Director Plan had a value equal to 50% of the amount of the current retainer paid to Non-Employee Directors for their service on the Board of Directors for the preceding fiscal year. The number of shares subject to the option is determined by using the same option valuation model used to value options for purposes of the notes to the Corporation's audited financial statements for the prior fiscal year. If no option valuation model is used for financial reporting purposes, the Board of Directors will determine the appropriate valuation model to be used for this purpose. For all years in which the Director Plan has been in effect, the Corporation has used the Black-Scholes valuation model for purposes of valuing the options. The options granted in February 2001 under the Director Plan are described under "Election of Directors -- Director Compensation."

AMENDMENT PROPOSED FOR APPROVAL. The amendment adopted in December 2001, subject to stockholder approval, increases the value of the option grants to Non-Employee Directors starting with the grants at the 2002 Annual Meeting. If the stockholders approve the amendment, each Non-Employee Director who served as a member of the Board of Directors of the Corporation on October 26, 2001, will receive a stock option with a value of 100% of the amount of the annual retainer and meeting fees paid to the Non-Employee Director for his or her service on the Board of Directors and board committees for fiscal year 2001, compared to a value of 50% of the amount of the annual retainer for options granted before the Director Plan was amended. For subsequent fiscal years, the option grant will continue to have a value of 100% of the amount of the annual retainer and meeting fees paid to Non-Employee Directors for their service on the Board of Directors and board committees for the fiscal year, and will be made to each Non-Employee Director serving as a member of the Board of Directors of the Corporation as of the date of the October Board meeting of each year.

TERMS OF STOCK OPTIONS. All options granted under the Director Plan are designated as non-qualified stock options. The per share option exercise price is equal to 100% of the fair market value of the Corporation's Common Stock on the date of grant, as determined by the closing price of the Corporation's Common Stock on the last business day prior to the date of grant. Each option is

immediately exercisable in full and has a term of ten years. Upon termination of a person's service as a director of the Corporation, such director will be allowed to exercise the option for the shorter of the remaining term of the option or a period of three years after the date on which such person ceased to be a director. Under an amendment to the Director Plan adopted by the Compensation Committee in December 2001, each option granted under the Director Plan is transferable during the lifetime of the optionee to certain of the optionee's family members and related entities, or to entities exempt from federal income taxation pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986, as amended.

ADMINISTRATION. The Director Plan is administered by the Compensation Committee of the Board of Directors. The Director Plan vests broad powers in the Committee to administer and interpret the Director Plan, including the authority to prescribe the form and conditions of the options.

ELIGIBILITY. Each Non-Employee Director of the Company will be eligible to participate in the Director Plan. The Corporation currently has ten Non-Employee Directors.

EXERCISE OF OPTIONS. Upon exercise of an option under the Director Plan, the exercise price is to be paid in cash, by check or by delivering Common Stock of the Corporation valued at its then fair market value. The closing price of the Corporation's Common Stock was \$39.60 on December 31, 2001.

AMENDMENT. The Compensation Committee may from time to time suspend or discontinue the Director Plan for Non-Employee Directors or revise or amend it in any respect; provided, however, that no such revision or amendment shall impair the terms and conditions of any option which is outstanding on the date of such revision or amendment to the material detriment of the optionee without the consent of the optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Director Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events, (ii) change the designation of the class of individuals eligible to receive options, or (iii) materially increase the benefits accruing to optionees under the Director Plan.

The Compensation Committee may equitably adjust the maximum number of shares of Common Stock reserved for issuance under the Director Plan, the number of shares covered by each outstanding option and the option price per share in the event of stock splits or consolidations, stock dividends or other transactions in which the Corporation receives no consideration. The Compensation Committee may also provide for the protection of optionees in the event of a merger, liquidation or reorganization of the Corporation.

FEDERAL INCOME TAX CONSEQUENCES

Nonqualified stock option grants are not intended to and do not qualify for the favorable tax treatment permitted for incentive stock options. Under present law, an optionee will not realize any taxable income on the date an option is granted to the optionee pursuant to the Director Plan. Upon exercise of the option, however, the optionee will realize, in the year of exercise, ordinary income to the extent of the difference between the option price and the fair market value on the date of exercise. Upon the sale of shares, any resulting gain or loss will be treated as capital gain or loss. The Corporation will

Edgar Filing: VALSPAR CORP - Form DEF 14A

receive a deduction in its fiscal year in which options are exercised, equal to the amount of compensation required to be included as ordinary income by those optionees exercising options.

VOTE REQUIRED

The Board recommends that the stockholders approve the amendment to The Valspar Corporation Stock Option Plan for Non-Employee Directors. The affirmative vote of a majority of the shares represented at the Annual Meeting and entitled to vote is required for approval.

18

Appendix A

THE VALSPAR CORPORATION STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS, AS AMENDED 12/12/2001

SECTION 1. PURPOSE.

This plan is known as "The Valspar Corporation Stock Option Plan for Non-Employee Directors" and is hereinafter referred to as the "Plan." The purpose of the Plan is to promote the interests of The Valspar Corporation, a Delaware corporation (the "Company"), by enhancing its ability to attract and retain the services of experienced and knowledgeable independent directors and by providing additional incentive for these directors to increase their interest in the Company's long-term success and progress.

SECTION 2. PARTICIPATION IN THE PLAN.

Each director of the Company who is not an employee of the Company or any subsidiary of the Company (a "Non-Employee Director") will be eligible to participate in the Plan.

SECTION 3. STOCK SUBJECT TO THE PLAN.

Shares to be issued under the Plan shall be common stock of the Company (par value \$.50 per share) ("common stock"), not to exceed a maximum of 250,000 shares, and may be unissued shares or reacquired shares. If options granted under the Plan expire or terminate without having been exercised in full, such unpurchased shares shall be available for other option grants. If shares of common stock are delivered as full or partial payment upon exercise of an option, the number of shares so delivered shall again be available for other option grants.

SECTION 4. NON-QUALIFIED STOCK OPTION GRANTS.

- a.) For grants in respect of board service in fiscal year 2000 and prior fiscal years, each Non-Employee Director serving as a member of the Board of Directors of the Company on the December 31 immediately preceding each annual meeting of the stockholders of the Company, will automatically be granted on the date of such annual meeting a Non-Qualified Stock Option with a value equal to 50% of the amount of the current annual retainer and meeting fees paid to Non-Employee Directors for their service on the Board of Directors and board committees for the preceding fiscal year. The per share option exercise price will be equal to 100% of the Fair Market Value of one share of the Company's common stock on the date of grant, as determined by the closing price of the Company's common stock on the last business day prior to the annual meeting date.
- b.) For grants in respect of service in fiscal year 2001, each Non-Employee Director serving as a member of the Board of Directors of the Company on October 26, 2001 will automatically be granted, on the date of the Company's annual meeting in 2002, a non-qualified stock option with a value equal to 100% of the annual retainer and meeting fees paid to Non-Employee Directors for their service on the Board of Directors and board committees during fiscal year 2001. The per share option price

will be equal to 100% of the fair market value of one share of the Company's common stock on the date of grant as determined by the closing price of the Company's common stock on the last business day prior to such annual meeting.

- c.) For grants in respect of service in fiscal year 2002 and subsequent fiscal years, each Non-Employee Director serving as a member of the Board of Directors of the Company on the date of the October board meeting in any year will automatically be granted on the date of such meeting a non-qualified stock option with a value equal to 100% of the amount of the current annual retainer and meeting fees paid to Non-Employee Directors for service on the Board of Directors and board committees during the current fiscal year. The per share option exercise price will be equal to 100% of the fair market value of one share of the Company's common stock on the date of grant, as determined by the closing price of the Company's common stock on the last business day prior to such October board meeting date. In the event no Board meeting is held in October of any year, the grant date shall be the last day of the current fiscal year and the per share option exercise price shall be equal to 100% of the fair market value of one share of the Company's common stock on the last business day preceding such grant date.

The number of shares subject to the option will be determined by using the same option valuation model used to value options for purposes of the notes to the Company's audited financial statements for the prior fiscal year. If no option valuation model is used for financial reporting purposes, the Board of Directors will determine the appropriate model to be used for this purpose. All such options will be designated as Non-Qualified Stock Options. Each option will be immediately exercisable in full and have a term of ten years. Upon termination of a person's service as a director of the Company, such Non-Employee Director will be allowed to exercise the option for a period of three years after the date on which such person ceased to be a director, but in no event may the option be exercised after the expiration of its original term.

SECTION 5. OPTION AGREEMENT AND EXERCISE OF OPTION.

Promptly after determination of the number of stock options to be granted to each Non-Employee Director under Section 4, the Company will prepare and deliver a Non-Qualified Stock Option Agreement to each Non-Employee Director, containing the terms described in this Plan. Optionee is not required to exercise options in the sequential order that the options were granted. An option shall be exercised by written notice in a form designated by the Company accompanied by full payment of the purchase price. All or part of the purchase price may be paid by surrender (or deemed surrender through attestation) of previously acquired shares of common stock valued at the fair market value at the closing price on the day preceding the date of exercise. Until an option is exercised and the stock certificate issued, the Optionee shall have no rights as a stockholder with respect to such option.

SECTION 6. WITHHOLDING OF TAXES.

Upon exercise of an option, the Optionee shall (i) pay cash, (ii) surrender previously acquired shares of common stock or (iii) authorize the withholding of shares from the shares issued upon exercise of an option for all taxes required to be withheld.

SECTION 7. NON-TRANSFERABILITY.

Edgar Filing: VALSPAR CORP - Form DEF 14A

Except as otherwise provided by the Committee, Options shall not be transferable, voluntarily or involuntarily, except by will or applicable laws of descent and distribution. Only the Optionee, Optionee's legal representative or guardian or a permitted transferee may exercise the option.

SECTION 8. DILUTION OR OTHER ADJUSTMENTS.

The number of shares subject to the Plan, the outstanding options and the exercise price may be adjusted by the Committee as it deems equitable in the event of stock split, stock dividend, recapitalization, reclassification or similar event to prevent dilution or enhancement of option rights.

SECTION 9. MERGERS, ACQUISITIONS, OR OTHER REORGANIZATION.

The Committee may make provision, as it deems equitable, for the protection of Optionees with grants of outstanding options in the event of (a) merger of the Company into, or the acquisition of substantially all of the stock or assets of the Company by, another entity; or (b) liquidation; or (c) other reorganization of the Company.

SECTION 10. ADMINISTRATION AND AMENDMENT OF THE PLAN.

The Plan shall be administered by the Compensation Committee of the Board of Directors. The Committee may suspend or discontinue the Plan or revise or amend it in any respect deemed advisable and in the best interests of the Company; provided, however, that no such revision or amendment would impair the terms and conditions of any option which is outstanding on the date of such revision or amendment to the material detriment of the Optionee without the consent of the Optionee. In addition, no such revision or amendment may, without the approval of the Corporation's stockholders, (i) materially increase the number of shares subject to the Plan except as provided in the case of stock splits, consolidations, stock dividends or similar events, (ii) change the designation of the class of individuals eligible to receive options, or (iii) materially increase the benefits accruing to Optionees under the Plan.

SECTION 11. EFFECTIVE DATE OF THE PLAN.

The Plan will become effective as of February 25, 1998, the date stockholders of the Company approve such Plan. The first option grant under this Plan will be granted on the date of the annual stockholder meeting held in 1999 to all Non-Employee Directors who were members of the Board of Directors on December 31, 1998. This Plan is being adopted to replace The Valspar Corporation Restricted Stock Plan for Non-Employee Directors, which will automatically terminate following the issuance of the restricted stock grant that was earned for services during 1997. The effectiveness of the amendments to Section 4 relating to grants in fiscal 2001 and subsequent years is subject to shareholder approval of such amendments.
