24 April 2003

To holders of Smith & Nephew ordinary shares

Dear Shareholder,

The purpose of this letter is to introduce the proposals described in the enclosed documents, which should be read before taking a decision. This letter is a summary of the proposals and should not be regarded as a substitute for reading the full documents.

On 20 March 2003, the Boards of Smith & Nephew and Centerpulse announced that they had agreed to combine their businesses to create a leading global orthopaedics company. The transaction is expected to benefit shareholders and will transform the scale of the combined group's orthopaedic business to give it the No. 3 global position.

The transaction is subject to your approval and, because of the complexity of the enclosed documents, I thought it would be helpful to write to you to summarise what we are doing, to give a brief explanation of the documents and to explain what you should do next.

What we are doing

Smith & Nephew is making an offer for Centerpulse AG, a listed Swiss medical technology group. Smith & Nephew is also making an offer for InCentive Capital AG, another listed Swiss company that owns approximately 18.9% of Centerpulse, in order to facilitate the offer for Centerpulse.

The two offers will be made by Smith & Nephew Group plc which, by means of a court scheme of arrangement, will become the new holding company of Smith & Nephew. Upon the scheme becoming effective, you will become a shareholder in Smith & Nephew Group plc instead of Smith & Nephew plc. Holders of American Depositary Shares in Smith & Nephew plc will become holders of American Depositary Shares in Smith & Nephew Group plc. The new holding company will have its primary listing in London, will retain its ADR facility in New York and will seek a secondary listing in Zurich. The new holding company will be a UK company, resident in Switzerland, and the group will retain the ability to pay dividends from the UK.

Smith & Nephew is also proposing to cancel and repay its existing preference shares by means of a reduction of share capital.

The offer for Centerpulse requires shareholder approval. The repayment of the preference shares and the scheme of arrangement require shareholder approval and approval of the court.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

Documents you should receive

You will find enclosed with this letter:

- o the scheme circular, which sets out the terms of the scheme of arrangement, describes the offers and includes notices of shareholder meetings to be held on Monday 19 May 2003;
- o listing particulars, which contain information on the shares to be issued by Smith & Nephew Group plc, information on Centerpulse and financial information on Smith & Nephew and Centerpulse;
- o a white proxy form for use by ordinary shareholders at the Extraordinary General Meeting (the "EGM") on 19 May 2003; and
- o a blue proxy form for use by ordinary shareholders at the second general meeting (referred to as the Court Meeting) on 19 May 2003 (which immediately follows the EGM).

What you should do

You should read the scheme document and the listing particulars and should complete and return the white proxy form and the blue proxy form so as to arrive at the Company's registrars no later than 10.10 a.m. and 10.20 a.m., respectively, on Saturday 17 May 2003. This will not prevent you from attending the meetings in person should you wish to do so. The meetings will be held at the offices of Ashurst Morris Crisp, Broadwalk House, 5 Appold Street, London EC2A 2HA.

The Company's registrars are providing a telephone helpline to answer questions which Smith & Nephew shareholders may have prior to deciding what action to take. The number for callers dialling from within the UK is 0870 600 2027 and for callers dialling from outside the UK the number is +44 1903 702767. Helpline operators cannot provide financial or legal advice and will only be able to answer questions on the effect of the proposals.

Yours faithfully,

/s/ Dudley Eustace

24 April 2003

To Ordinary Shareholders and holders of Smith & Nephew ADSs.

Dear Shareholder,

1. Introduction

On 20 March 2003, the boards of Smith & Nephew and Centerpulse announced that they had agreed to combine their businesses to create a leading global orthopaedics company. At the same time the board of Smith & Nephew announced that it would create a new holding company by means of a scheme of arrangement under the Act.

I am writing to you to give you details of the acquisitions of Centerpulse and InCentive proposed to be made by Smith & Nephew Group which, by way of the Scheme, will become the new holding company of Smith & Nephew. At the same time Smith & Nephew is taking this opportunity, independently of the Scheme, to rationalise its share capital by cancelling and repaying all of the Preference Shares by means of a Reduction of Capital. The purpose of this document is to provide you with further information on these proposals and recommend that you vote in favour of the Scheme, the Acquisition and the cancellation and repayment of the Preference Shares and the related resolutions at shareholder meetings to be held on Monday 19 May 2003.

Further details of the Scheme, the Acquisition and the cancellation and repayment of the Preference Shares and the reasons for them, as well as the shareholder meetings required to implement them, are set out in Parts I and II of this document. The terms of the Scheme are set out in Part III of this document and the resolutions to be proposed at the shareholder meetings are set out in Part VII of this document.

2. Reasons for the Acquisition

The combination of Smith & Nephew and Centerpulse will create a global leader in the \$14 billion orthopaedic market with the Combined Group rising to a No. 3 market share position. It offers an enhanced platform for growth in spinal implants, the fastest growing segment within the orthopaedics sector and an opportunity to participate in the dental implant sector. In bringing together two complementary businesses and transforming their scale, the Acquisition offers significant strategic and value creation opportunities and is expected to serve better the current and future needs of patients, surgeons and the hospital communities. InCentive is an investment company listed on the SWX Swiss Exchange. It is the largest shareholder of Centerpulse, holding approximately 18.9 per cent. of its registered issued share capital. In addition to making a public tender offer for all of the Centerpulse Shares, Smith & Nephew Group is also making a public tender offer for all the InCentive Shares because the Smith & Nephew Group board believes that making the InCentive Offer will facilitate the acquisition of Centerpulse. In Smith & Nephew's negotiations with InCentive relating to the Centerpulse Offer, InCentive required that the purchase of the Centerpulse Shares held by InCentive be structured as the InCentive Offer in order for InCentive to support the Centerpulse Offer.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

Market Dynamics

The orthopaedic implant market continues to be one of the fastest growing medical technology sectors, with estimated global growth of 15 per cent. in 2002. In most developed countries there are some common drivers including:

- o Demographics of an ageing population, with the population aged 50-69 projected to increase by nearly 3 per cent. per annum for the foreseeable future;
- o Improved quality of life expectations, with patients also being better informed of the benefits of orthopaedic surgery due to the Internet, media, and word of mouth;
- o An expanding patient pool, due to an increase in active lifestyles and new longer-lasting materials such as improved bearing surfaces in orthopaedics and bioresorbables in arthroscopy that are encouraging surgeons to treat younger and more active patients;
- o An increasing incidence of osteoarthritis, combined with less invasive surgery trends and continued growth in surgeon familiarity with implant surgery; and
- o An increasing need for revision surgeries, as patients from the first orthopaedic boom in the late 80s require revision procedures.

Global Scale and Increased Geographic Reach in Reconstructive Implants

Building on Centerpulse's market leading position in Europe and Smith & Nephew's significant presence in the US, the Combined Group will become the fourth largest global reconstructive implant company with a market share of approximately 18 per cent. In Europe, the Combined Group will be a market leader in reconstructive implants with a market share of approximately 26 per cent. It will become No.4 overall in reconstructive implants in the US with a market share of 14 per cent. and have an enhanced position in Japan.

Centerpulse's particular geographic strength is in Europe, based on strong surgeon relationships developed over many years, along with an outstanding reputation for service. Centerpulse also has significant manufacturing and research and development facilities, located in Winterthur, Switzerland. This provides a major European facility, which will continue as a key centre for the long-term benefit of the Combined Group.

In addition, the two businesses fit together well in the US. Centerpulse, which has a smaller share of the US market, is particularly well-established in the southern states of the US, complementing the strong presence of Smith & Nephew across other regions of the US.

The combination will also double the scale of the Combined Group's business in the important Japanese market, where Smith & Nephew has a strong position in trauma and Centerpulse is well positioned in reconstructive implants.

Complementary Product Lines

The fit between the two companies' product lines is excellent. Centerpulse is strong in hips, with pioneering positions in metal-on-metal and highly cross-linked polyethylene, as well as extensive developments under way in less invasive procedures and in larger heads giving greater range of motion. Whilst Smith & Nephew is also strong in hips, it has particular strength in knees, with the revolutionary OXINIUM(R) product setting new standards for innovation and longevity. Leveraging the specific strengths of each company's sales

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

relationships into new and existing accounts with this expanded product range is anticipated to lead to significant cross-selling opportunities.

Both companies have a strong tradition of technological innovation and, when combined, they will possess one of the most innovative product line-ups in global orthopaedics, including:

- o The broadest range of wear reducing joint implant bearing surfaces (OXINIUM(R), DURASUL(R), METASUL(R));
- o Unique minimally invasive knee surgery products (UNISPACER(TM), ACCURIS(TM));
- o Proven total joint brands (GENESIS(R) II, Natural Knee(TM), CLS(TM), Alloclassic(R), SPECTRON(R), REFLECTION(R), SYNERGY(TM));

11

- o Computer assisted surgery technology (Navitrack(R), ACHIEVE(TM)); and
- o Advanced trauma devices (TRIGEN(TM), TAYLOR SPATIAL FRAME(TM), ORTHOGUARD AB(TM), EXOGEN(R)).

Expansion in the Fast-Growing Spinal Segment

Centerpulse's global No. 5 position in spinal implants provides the Combined Group with an enhanced platform for growth in the fastest growing segment of the orthopaedics market. In 2001, the US and European spine market was estimated to be worth \$1.7 billion. Centerpulse entered the spinal marketplace in 1998 through the acquisition of Spine-Tech Inc. ("Spine-Tech"), which brought with it the market leading lumbar fusion cage. Spine-Tech now offers a full range of products in the spinal implant market with devices for lumbar and cervical fixation, allografts and stabilisation devices. The spine business is well placed for growth in a rapidly expanding market.

Dental

Centerpulse's dental division occupies the No.4 position globally in the dental implant market with a market share of approximately 12 per cent. It primarily serves the US market and had sales of CHF 131 million in 2002, an underlying increase of 18 per cent. The global market for dental implants is currently growing at 15 per cent. per annum and the Dental division is well positioned for further growth.

Value Creation Opportunities

Significant value is expected to be created for the Combined Group's shareholders in three key areas: integration cost savings, sales and marketing opportunities and the longer term scale advantages of being a leading orthopaedics company.

At the Combined Group level, integration cost savings are expected to amount to (GBP)45 million per annum by 2005, requiring exceptional cash costs of (GBP)130 million to implement. These will enable the Combined Group to target an improvement of its pre-goodwill operating margin to 23 per cent. by 2005/6, up from Smith & Nephew's previous guidance of 21 per cent., and with stronger cash generation. This is expected to enhance earnings per share of the Combined Group (before amortisation of goodwill and exceptional

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

integration costs) by mid single digits in 2004 and approaching double digits in 2005 when the post-tax return on investment is expected to meet Smith & Nephew's weighted average cost of capital. Based on current tax rates, the Directors believe that, going forward, the Combined Group's tax rate will be 29 per cent. (based on profits before tax, goodwill amortisation and exceptional items).

Opportunities to combine the organisations to present a significant force in orthopaedics in each of the key markets, the US, Europe and Japan, have been identified. The combination of each company's sales relationships in existing accounts with the expanded product range is expected to lead to an increase in sales force productivity and opportunities to launch innovative products across an expanded sales force. Extending proprietary technologies such as OXINIUM(R), DURASUL(R) and METASUL(R) throughout the product range is expected to develop improved demand for the Combined Group's products. These, together with related cost savings, will enable the Orthopaedics Division to target a pre-goodwill operating margin of 27 per cent. by 2005/6.

Longer term, the opportunity to develop and manufacture a unified range of next generation products will lead to further benefits. The enhanced scale of the Combined Group's strategic research and development will enable it to invest at the forefront of orthopaedic product development and its increased market presence will enable a stronger profile to be built with major customer groups.

Benefits for all Stakeholders

The directors of both Smith & Nephew and Centerpulse believe that, in addition to creating value for shareholders of the Combined Group, the Acquisition will deliver significant benefits for patients, surgeons, hospitals and employees:

- o Patients will benefit from the pooling of research and development activities, resulting in better targeted and more optimised product development which will deliver enhanced product performance;
- o Surgeons and hospitals will benefit from a wider product offering, broader infrastructure and enhanced delivery of services and solutions; and

12

- o Employees will benefit from being part of one of the world's leading orthopaedic groups, operating in a dynamic and fast-growing industry and with the resources and depth to compete with other market leaders in the sector.

3. Terms of the Offers

Smith & Nephew Group is offering 25.15 New Ordinary Shares and CHF 73.42 in cash in respect of each Centerpulse Share so that, on the basis of the assumptions set out in paragraph 14.6 of Part X of the Listing Particulars, Centerpulse Shareholders and InCentive Shareholders will collectively own approximately 24 per cent. of the Combined Group. Holders of Centerpulse ADSs will be offered 0.2515 of a Smith & Nephew Group ADS per Centerpulse ADS and CHF 7.342 in cash. Pursuant to the terms of the InCentive Offer, InCentive Shareholders will receive New Ordinary Shares and cash calculated in accordance with the formula set out in section 3 of Part II of this document.

On the basis of Smith & Nephew's closing share price of 419.5 pence on 17 April 2003, the Centerpulse Offer values each Centerpulse Share at CHF 302.12 and the total issued share capital of Centerpulse at CHF 3,585.4 million

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

((GBP)1,654 million). The acquisition of both Centerpulse and InCentive will result in the issue of approximately 298.5 million New Ordinary Shares and a net payment of CHF 871.3 million ((GBP)402 million) in cash, taking account of InCentive's expected cash balances. Further details of the Centerpulse Offer are set out in Parts II and VII of the Listing Particulars.

4. Information on Smith & Nephew

As you will be aware, Smith & Nephew is a global advanced medical devices company employing over 7,300 people with operations in 32 countries. Underlying sales growth in 2002 was 14 per cent., with acquisitions adding a further 4 per cent. Operating margins of continuing operations (before amortisation of goodwill and exceptional items) were 18 per cent. It is structured in three divisions, "Orthopaedics", "Endoscopy" and "Wound Management", with principal manufacturing in Tennessee and Massachusetts in the US, and Hull in the UK.

Orthopaedics is a global provider of reconstructive implant systems for knees, hips and shoulder joints, as well as trauma and clinical therapy products to help repair broken bones and damaged joints. This business strives to combine industry-leading technology with clinically proven products to deliver simpler, less invasive and more cost effective procedures. Smith & Nephew has 8 per cent. of the orthopaedic reconstructive implant and trauma markets and holds the No. 6 worldwide position. In 2002, sales for the Orthopaedics division were (GBP)470 million, an underlying sales increase of 20 per cent. from the previous financial year, and EBITA before exceptional items was (GBP)98 million.

Endoscopy is a world leader in the development and commercialisation of minimally invasive endoscopic surgery. This business is committed to reducing trauma and pain to the patient, reducing cost to healthcare systems, and providing better outcomes for surgeons and patients with its broad range of techniques and instruments for minimally invasive surgery, particularly of the joint. Smith & Nephew has 35 per cent. of the arthroscopy (joint) market and holds the leading worldwide position. In 2002, sales for the Endoscopy division were (GBP)292 million, an underlying increase of 10 per cent. from the previous financial year, and EBITA before exceptional items was (GBP)54 million.

Wound Management provides an advanced range of treatments for difficult to heal wounds. It develops innovative new solutions to chronic and acute wound management problems. Smith & Nephew has 21 per cent. of the wound management market and has the leading worldwide position. In 2002, sales for the Wound Management division were (GBP)322 million, an underlying increase of 11 per cent. from the previous financial year, and EBITA before exceptional items was (GBP)44 million.

Smith & Nephew also has investments in BSN Medical, a joint venture with Beiersdorf AG, and in AbilityOne Corporation, a rehabilitation business in which it holds a 21.5 per cent. interest. The share of operating profit before exceptional items attributable to Smith & Nephew in 2002 from these two investments was (GBP)25 million.

5. Information on Centerpulse and InCentive

Centerpulse, formerly Sulzer Medica AG, is a leading medical technology group employing over 2,800 employees globally, it serves the reconstructive joint, spinal and dental implant markets. Following the divestiture of its Cardiovascular Division, which was concluded in January 2003, the group is organised into three divisions: "Orthopaedics", Spine-Tech and "Dental". Centerpulse, which is headquartered in Switzerland and has a history of technological leadership in its principal areas of activity, has five

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

production facilities in Switzerland, the US and France.

13

Centerpulse's largest division is Orthopaedics, which focuses on joint care and includes the traditionally strong hip and knee implant businesses. Centerpulse estimates that it has a leading share of the European implant market, with a 22 per cent. market share. In 2002, the Orthopaedics Division reported total sales of CHF 923 million, of which CHF 542 million was in Europe. The underlying sales growth for 2002 was 14 per cent.

Spine-Tech offers a full range of spinal implant systems primarily in the US, and has a global market share of 7 per cent. In 2002, the Spine-Tech Division had sales of CHF 179 million, an underlying sales growth of 10 per cent.

The Dental Division, producing mainly dental implants, serves primarily the US and European markets and occupies the No 4 position globally, with a market share of approximately 13 per cent. In 2002, the Dental Division had sales of CHF 131 million, an underlying sales increase of 18 per cent.

InCentive is an investment company listed on the SWX Swiss Exchange which holds approximately 18.9 percent. of the registered issued share capital of Centerpulse. In its full year 2002 results, InCentive reported profit before tax of CHF178 million. As of 17 April 2003, InCentive's unaudited net asset value amounted to CHF 774.2 million.

Further details of the Acquisition are set out in Parts I and VII of the Listing Particulars.

6. Effect of the Scheme

Upon the Scheme becoming effective, Smith & Nephew Group will be the holding company of the Combined Group, and all issued Ordinary Shares will be cancelled and shareholders will receive an equal number of shares in Smith & Nephew Group. Provision will be made through the Access Trust (details of which are set out in Part VI of this document) for Smith & Nephew Group Shareholders to receive dividends paid from either Switzerland or the UK. As a result of the Scheme, Scheme Shareholders will hold New Ordinary Shares with a nominal value of 12.5 pence each instead of the current Ordinary Shares which have a nominal value of 12-2/9 pence each. This change in nominal value does not adversely affect you and will simplify the capital structure of Smith & Nephew Group going forward.

As a result of the Scheme, if you hold Ordinary Shares you will receive the same number of New Ordinary Shares as the number of Ordinary Shares you currently hold. As a shareholder in Smith & Nephew Group you will, as a result of the Scheme but subject to the rights attaching to the Common Access Shares and subject as described in section 3.8 of Part IV of this document, enjoy equivalent economic and voting rights as you currently enjoy as a shareholder in Smith & Nephew. If you are a holder of Smith & Nephew ADSs you will receive the same number of ADSs in Smith & Nephew Group as the ADSs you currently hold in Smith & Nephew. As a holder of ADSs in Smith & Nephew Group you will, as a result of the Scheme but subject to the rights attaching to the Common Access Shares, and subject as described in section 3.8 of Part IV of this document, enjoy equivalent economic and voting rights as you currently enjoy as a holder of ADSs in Smith & Nephew. Shareholders should also note that the Acquisition will result in Centerpulse Shareholders and InCentive Shareholders together holding approximately 24 per cent. of the New Ordinary Shares.

The Scheme itself will have no immediate impact on the management of your

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

company as all of the existing Directors of Smith & Nephew, except Sir Timothy Lankester (who is retiring at the Company's Annual General Meeting to be held on 29 April 2003), will become Directors of Smith & Nephew Group. If the Centerpulse Offer is declared wholly unconditional Dr. Max Link and Rene Braginsky will join the Board of Smith & Nephew Group on the Settlement Date.

7. Reasons for the cancellation and repayment of the Preference Shares

As at 17 April 2003, the last practicable date prior to publication of this document, the issued share capital of Smith & Nephew comprised 929,577,252 Ordinary Shares and 268,500 Preference Shares. The Board believes that the repayment and cancellation of the relatively small number of outstanding Preference Shares would allow the Board more flexibility in managing the Company's capital structure and is in the best interests of Smith & Nephew Shareholders as a whole.

The Board has therefore resolved that it would be appropriate, independently of the Scheme, to cancel and repay the Preference Shares by means of a Reduction of Capital. The Company has the power under its Articles to reduce its capital by special resolution, subject to the consent of Preference Shareholders and to the sanction of the Court. Accordingly, it will be necessary for the Preference Shareholders to sanction the Reduction of Capital

14

by passing an extraordinary resolution at the separate Preference Shareholders' Meeting. The Company has received irrevocable undertakings from Preference Shareholders holding approximately 78 per cent. of the Preference Shares in issue to vote in favour of the Reduction of Capital at the Preference Shareholders' Meeting.

8. Effect of the cancellation and repayment of the Preference Shares

It is proposed that the Preference Shares will be repaid at (GBP)1.38 per Preference Share, being their par value plus a premium of 38 pence. The repayment price has been calculated on the basis of an approximately 4.4 per cent. yield, which the Directors believe is fair and reasonable. Accrued dividends will also be paid to the date of repayment of the Preference Shares following the Reduction of Capital. Fractions of a penny owing to any Preference Shareholder will be rounded up to the nearest penny. The repayment of the Preference Shares, which will cost (GBP)370,530 plus accrued dividends, will be funded out of the Company's existing cash reserves and banking facilities.

If the appropriate resolutions are duly passed at the Preference Shareholders' Meeting and the Scheme EGM, the Company will make an application to the Court to confirm the Reduction of Capital. In seeking the Court's approval it will be necessary for the Company to satisfy the Court that the interests of the Company's creditors are not prejudiced by the Reduction of Capital, which is a requirement of the Act. This is likely to involve the Company providing an undertaking to the Court for the protection of creditors of the Company. It is expected that this will be to the effect that the Company will make all payments to Preference Shareholders out of distributable profits and will establish a special capital reserve in its accounting records to which there will be credited an amount equal to the aggregate nominal value of the issued Preference Shares cancelled, being (GBP)268,500. This amount will not be distributable so long as any liabilities of the Company on the date the Reduction of Capital becomes effective remain undischarged, save that the amount of the special capital reserve may be reduced or extinguished by the amount of any increase in the paid up share capital or share premium

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

account of the Company as a result of any issue of new shares following the Reduction of Capital taking effect.

The Reduction of Capital will become effective on registration of the order of the Court confirming the Reduction of Capital with the Registrar of Companies, which is expected to take place on or about Monday 23 June 2003.

9. Smith & Nephew Share Schemes

If the Court sanctions the Scheme all options granted under the Smith & Nephew 1985 Share Option Scheme and the Smith & Nephew 1990 International Executive Share Option Scheme will, if not already exercisable, become exercisable in full. Options outstanding under all other Smith & Nephew Share Schemes will become exercisable, if at all and insofar as they are not already, in respect of a proportion only of the Ordinary Shares (or Smith & Nephew ADSs) in respect of which such options are outstanding. Subject to the rules of each of the relevant Smith & Nephew Share Schemes, and to obtaining all necessary consents and approvals of overseas tax and other relevant authorities (and, in the case of the Inland Revenue approved schemes, the approval of the Board of the Inland Revenue), Smith & Nephew and Smith & Nephew Group will be making proposals to offer Optionholders the opportunity to exchange (or "roll-over") their existing rights to acquire Ordinary Shares for equivalent options and rights to acquire New Ordinary Shares. These proposals will be made to Optionholders by way of separate letters. Further details are set out in section 15 of Part II of this document.

In relation to options proposed to be granted before 1 June 2003 under the Smith & Nephew 2001 UK Unapproved Plan, the Remuneration Committee has exercised its power to amend the rules of that plan so as to provide that, if the holders of such options are offered the opportunity to "roll-over" their options as described above, such options may not be exercised early and, if not "rolled-over", will lapse at the end of the period within which such offer may be accepted.

The Smith & Nephew Long Term Share Incentive Plan (the "LTIP") will be amended by the Plan Trustee (acting on the recommendation of the Remuneration Committee) so as to provide that outstanding awards under the LTIP will not, if the Court sanctions the Scheme (and as presently provided by the rules of the LTIP), become automatically vested in respect of any proportion of the award shares, but that if and insofar as an outstanding award becomes vested in respect of any number of Ordinary Shares in consequence of the relevant performance target being met, participants will then become entitled to such number of New Ordinary Shares. After the Scheme has become effective, the target levels of corporate performance set in relation to outstanding awards under the LTIP will remain the same but, in relation to any period thereafter, will relate to future performance of Smith & Nephew Group rather than of Smith & Nephew. Further details regarding the rights of participants under the LTIP are set out in section 15 of Part II of this document.

Conditional upon the Scheme becoming effective, Smith & Nephew Group intends to establish the Smith & Nephew Group 2003 Unapproved Share Option Plan, the Smith & Nephew Group 2003 UK Approved Share

Option Plan, the Smith & Nephew Group 2003 Long Term Incentive Plan, the Smith & Nephew Group 2003 Sharesave Plan and the Smith & Nephew Group 2003 International Sharesave Plan and will assume the Smith & Nephew Group 2003 US Share Plan and the Smith & Nephew Group 2003 US Employee Stock Purchase Plan previously adopted by Smith & Nephew. Smith & Nephew Group will also establish

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

a new employee share trust for the benefit of employees and directors of Smith & Nephew Group and its subsidiaries. These plans and the trust each contain terms which are broadly similar to the terms of the corresponding Smith & Nephew Share Scheme or Smith & Nephew employee share trust. Smith & Nephew Group will obtain approval from the Board of the Inland Revenue under Schedules 3 and 4 of the Income Tax (Earnings and Pensions) Act 2003 for the Smith & Nephew Group 2003 UK Approved Share Option Plan and the Smith & Nephew Group 2003 Sharesave Plan prior to the grant of options under those plans. Further details of new employee share schemes are set out in Part X of the Listing Particulars.

No options will be granted or awards made under the Smith & Nephew Group Share Schemes unless such schemes are approved by Ordinary Shareholders.

It is also proposed to amend the Smith & Nephew Articles to ensure that any Ordinary Shares issued on or after the date of adoption of the amendments to the Smith & Nephew Articles but at or prior to 5.30 p.m. on the last business day prior to the date of the Court Hearing are issued subject to the terms of the Scheme. The amendment to the Smith & Nephew Articles will provide that any Ordinary Shares issued after 5.30 p.m. on the last business day prior to the date of the Court Hearing, for example upon exercise of options under the Smith & Nephew Share Schemes, will be transferred to Smith & Nephew Group in consideration of the issue or transfer to such holder by Smith & Nephew Group of New Ordinary Shares on a one for one basis.

10. Action to be taken

Two meetings of Ordinary Shareholders, being the Scheme EGM and the Court Meeting, will be held on Monday 19 May 2003 to seek approval for the Acquisition, the Scheme and the repayment of the Preference Shares and their implementation. Notices of the Scheme EGM and the Court Meeting are contained in Part VII of this document. A summary of the resolutions to be proposed at the Scheme EGM is set out in section 17 of Part II of this document. The Preference Shareholders' Meeting will also be held on Monday 19 May 2003 prior to the Scheme EGM and the Court Meeting. The Scheme EGM, the Court Meeting and the Preference Shareholders' Meeting will be held at the offices of Ashurst Morris Crisp, Broadwalk House, 5 Appold Street, London EC2A 2HA.

It is important that as many votes as possible are cast at the Court Meeting so that the Court may be satisfied that there is a fair representation of Ordinary Shareholder opinion. You are therefore urged, whether or not you propose to attend the meetings, to sign and return the enclosed Forms of Proxy as soon as possible.

Instructions on how to complete the Forms of Proxy for use in connection with the Scheme EGM and the Court Meeting are set out in section 20 of Part II of this document.

Whether or not you propose to attend the meetings in person, you are requested, if you hold Ordinary Shares, to complete and return the Forms of Proxy. Completed Forms of Proxy should be returned to the Company's Registrars, Lloyds TSB Registrars, as soon as possible and in any case so as to be received by them no later than 10.10 a.m. on Saturday 17 May 2003 in respect of the Scheme EGM and 10.20 a.m. on Saturday 17 May 2003 in respect of the Court Meeting. In addition, you can submit your proxy electronically at www.sharevote.co.uk using the reference and account numbers set out in the Forms of Proxy. Alternatively, if you are a member of CREST you may use the CREST electronic proxy appointment service, details of which are set out in Section 20 of Part II of this document, in either case, such electronic proxy appointments must be received not later than 48 hours before the time appointed for the meeting. The Form of Proxy in respect of the Court Meeting may also be handed to the Chairman at the Court Meeting before the taking of

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

the poll. The return of the Forms of Proxy will not prevent you from attending the Scheme EGM or the Court Meeting and voting in person if you wish. In each case, the Forms of Proxy should be completed in accordance with the instructions printed thereon. Lloyds TSB Registrars are providing a telephone helpline to answer questions which Smith & Nephew Shareholders may have prior to deciding what action to take. The number for callers dialling from within the UK is 0870 600 2027 and for callers dialling from outside the UK the number is +44 1903 702767. Helpline operators cannot provide financial or legal advice and will only be able to answer questions on the effect of the proposals.

If you wish to amend or revoke your Forms of Proxy after you have returned them to the Company's Registrars, Lloyds TSB Registrars, you should contact Lloyds TSB Registrars at The Causeway, Worthing, West Sussex BN99 6AP. Further information in relation to Smith & Nephew ADSs is contained in Part IX of the Listing Particulars.

11. Recommendation

The Board, who have been so advised by Lazard, considers the Scheme, the Acquisition and the cancellation and repayment of the Preference Shares to be in the best interests of Smith & Nephew and its shareholders as a whole. The Board also considers the resolutions to be proposed at the Scheme EGM and the Court Meeting to be in the best interests of Smith & Nephew and its shareholders as a whole. In giving its advice, Lazard has taken into account the Board's commercial assessment of the Scheme, the Acquisition and the cancellation and repayment of the Preference Shares.

The Board therefore unanimously recommends that Ordinary Shareholders vote, and that holders of Smith & Nephew ADSs instruct the Depositary to vote, in favour of the proposal at the Court Meeting and the proposals at the Scheme EGM, as the Directors intend to do in respect of their own beneficial shareholdings of Ordinary Shares and Smith & Nephew ADSs which amount to 295,618 Ordinary Shares and 21,331 Smith & Nephew ADSs in aggregate, representing approximately 0.055 per cent. of the current issued ordinary share capital of Smith & Nephew.

Yours faithfully,

PART II

EXPLANATION OF THE SCHEME AND ITS EFFECTS
(IN COMPLIANCE WITH SECTION 426 OF THE COMPANIES ACT 1985)

LAZARD

24 April 2003

To Ordinary Shareholders and holders of Smith & Nephew ADSs.

Dear Shareholder,

Acquisition of Centerpulse and InCentive, introduction of a new holding company to be effected by means of the Scheme and repayment of Preference Shares

1. Introduction

We are writing to you on behalf of Smith & Nephew to explain the Scheme, the Acquisition, the cancellation and repayment of the Preference Shares and their respective effects.

Implementation of the Scheme requires the approval of Ordinary Shareholders at the Court Meeting and a special resolution to be passed by Ordinary Shareholders at the Scheme EGM. Further explanation of the Court Meeting and the Scheme EGM is given in section 17 below. A description of the action you are recommended to take in relation to the Court Meeting and the Scheme EGM is set out in section 20 below.

In addition to the approval of Ordinary Shareholders, the repayment of the Preference Shares also requires the separate approval of Preference Shareholders to be sought at the Preference Shareholders' Meeting.

The reasons for the Acquisition and cancelling and repaying the Preference Shares are set out in the letter from the Chairman of Smith & Nephew in Part I of this document, which should be read together with this Part II and which forms part of this explanatory statement. That letter contains the unanimous recommendation by the Board to vote in favour of the resolutions to be proposed at the Scheme EGM and the Court Meeting.

Once the Ordinary Shareholders have approved the Scheme at the Scheme EGM and the Court Meeting, the Scheme must be sanctioned by the Court in order to become effective. The effect of the Court's sanction of the Scheme is that, when the Court Order is delivered to the Registrar of Companies and registered by him, all Scheme Shareholders are bound by the terms of the Scheme.

It is expected that the Scheme will become effective on Tuesday 24 June 2003.

The full text of the Scheme is set out in Part III of this document. The full text of each of the resolutions to be proposed at the Scheme EGM and the Court Meeting are set out in Part VII of this document.

2. Details of the Centerpulse Offer

Smith & Nephew Group is offering 25.15 New Ordinary Shares and CHF 73.42 in cash in respect of each Centerpulse Share so that, on the basis of the assumptions set out in paragraph 14.6 of Part X of the Listing Particulars, Centerpulse Shareholders and InCentive Shareholders will collectively own approximately 24 per cent. of the Combined Group. Holders of Centerpulse ADSs will be offered 0.2515 of a Smith & Nephew Group ADS per Centerpulse ADS and CHF 7.342 in cash.

On the basis of Smith & Nephew's closing share price of 419.5 pence on 17 April 2003, the Centerpulse Offer values each Centerpulse Share at CHF 302.12 and the total issued share capital of Centerpulse at CHF 3,585.4 million ((GBP)1,654 million). The acquisition of both Centerpulse and InCentive will result in the issue of approximately 298.5 million New Ordinary Shares and a net payment of CHF 871.3 million ((GBP)402 million) in cash, taking account

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

of InCentive's expected cash balances. Further details of the Centerpulse Offer are set out in Parts II and VII of the Listing Particulars.

Each accepting Centerpulse Shareholder will also be entitled to a beneficial interest in one Common Access Share for each New Ordinary Share received by that accepting Centerpulse Shareholder. Each Common Access Share will be allotted and issued to the Trustee to be held on bare trust for the relevant accepting Centerpulse

18

Shareholder. The Common Access Shares will enable Smith & Nephew Group Shareholders to receive dividends from Smith & Nephew rather than from Smith & Nephew Group in respect of their New Ordinary Shares. Further details of the Common Access Shares are described in Part VI of this document.

3. Details of the InCentive Offer

Under the terms of the InCentive Transaction Agreement, InCentive is obliged to dispose of its investments other than Centerpulse Shares so that on the Settlement Date its investments will comprise only Centerpulse Shares and cash. The terms of the InCentive Offer are such that in respect of InCentive's holding in Centerpulse they will precisely reflect the terms of the Centerpulse Offer.

The offer price for each InCentive Share is calculated by reference to the formula $(a+b)/c$ where:

- a = the total amount of New Ordinary Shares and amount of cash that would only be payable under the Centerpulse Offer for the Centerpulse Shares held by InCentive (the "Centerpulse Holding").
- b = the adjusted net asset value (positive or negative) of InCentive (the "Adjusted NAV") calculated as at the last day of the InCentive offer period but excluding the Centerpulse Holding and attributing no value to any InCentive Shares held by InCentive or its subsidiaries (the "Treasury Shares"), as confirmed by InCentive's auditors.
- c = the total number of InCentive Shares in issue on the last day of the InCentive offer period less the number of Treasury Shares on that date.

As a result, the consideration for each InCentive Share will consist of (i) an element of New Ordinary Shares and cash which will mirror InCentive's Centerpulse Holding; plus or minus (ii) the cash attributable to Adjusted NAV of InCentive excluding the Centerpulse Holding. If the Adjusted NAV is negative, then the cash element attributable to the Centerpulse Holding shall be reduced, pro rata, and if after such reduction there is still a negative balance, the number of New Ordinary Shares to be issued shall be reduced by a corresponding amount.

InCentive is not permitted to sell its shares in Centerpulse (or to assent them to any other offer) without Smith & Nephew Group's consent, unless Smith & Nephew Group declares that the InCentive Offer has failed. Smith & Nephew Group can require InCentive to assent its shares in Centerpulse to the Centerpulse Offer in certain limited circumstances.

Under the InCentive tender agreement shareholders representing 77 per cent. of

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

InCentive's issued share capital have irrevocably undertaken to accept the InCentive Offer. These InCentive shareholders have no right to withdraw their acceptances of the InCentive Offer in the event of a third party offer for InCentive unless Smith & Nephew Group announces that the InCentive Offer has failed or a higher third party offer is also made for Centerpulse and that offer becomes unconditional as to acceptances. In that event the InCentive shareholders may not withdraw their acceptances if Smith & Nephew Group declares the InCentive Offer unconditional. Further details of the InCentive Offer, the InCentive Transaction Agreement and the InCentive tender agreement are set out in Parts II and VII of the Listing Particulars.

Each accepting InCentive Shareholder will be entitled to a beneficial interest in one Common Access Share for each New Ordinary Share received by that accepting InCentive Shareholder. Each Common Access Share will be allotted and issued to the Trustee to be held on bare trust for the relevant accepting InCentive Shareholder. The Common Access Shares will enable Smith & Nephew Group Shareholders to receive dividends from Smith & Nephew rather than from Smith & Nephew Group in respect of their New Ordinary Shares. Further details of the Common Access Shares are described in Part VI of this document.

4. Conditions to the Acquisition

The acquisition of Centerpulse or, as the case may be, InCentive can only become effective if all (i) the conditions to the Scheme have been satisfied, including requisite Smith & Nephew Shareholder approvals and the sanction of the Court in respect of the Scheme, and (ii) the conditions to the relevant Offer, have, in each case, been satisfied (or waived). The acquisition of InCentive is conditional upon the conditions to the Centerpulse Offer being satisfied. However, the Centerpulse Offer is not conditional upon the InCentive Offer having become unconditional.

The conditions which need to be satisfied (or waived) for the Scheme and the Centerpulse Offer to be implemented, which are set out in full in the Listing Particulars, include:

19

- o approval of the Scheme at the Court Meeting, by a majority in number representing not less than 75 per cent. in nominal value of Ordinary Shares held by those Ordinary Shareholders present and voting, either in person or by proxy, at the Court Meeting;
- o the passing of the requisite resolution to approve the Acquisition at the Scheme EGM;
- o the sanction (with or without modification) of the Scheme by the Court;
- o the number of Centerpulse Shares validly tendered for acceptance representing at least 75 per cent. of the outstanding Centerpulse Shares or such lesser percentage as Smith & Nephew may decide; and
- o the admission to listing of the New Ordinary Shares on the London Stock Exchange, and the Smith & Nephew Group ADSs to be issued in connection with the Scheme being authorised for listing on the New York Stock Exchange (subject to official notice of issuance).

Further details of the Acquisition are set out in Parts II and VII of the Listing Particulars.

5. Product recall liability

Last year the board of directors of Centerpulse put in place measures to deal with claims arising from a major recall of reconstructive implants dating back to 5 December 2000. This involved Centerpulse entering into a district court approved class action settlement for US residents on 13 March 2002, and establishing a settlement trust (the "Settlement Trust") to pay claims to class members in the US who undergo surgery to replace an affected hip implant prior to 5 June 2003 or an affected tibial base plate prior to 17 November 2003. The Settlement Trust was funded with approximately \$1.1 billion, of which Centerpulse contributed \$725 million in cash on 4 November 2002. Centerpulse's insurers and former parent company funded the balance. The settlement agreement (further details of which are set out in section 10.3(a) of Part X of the Listing Particulars) provides for the Settlement Trust to pay for the first 4,000 valid claims. Centerpulse remains liable for 50 per cent. of the cost of settled claims in excess of that number. The Settlement Trust will also fund the first 64 settled claims for reprocessed hip shells replaced before 8 September 2004, with Centerpulse remaining liable in full for settled claims beyond this number.

As at 11 April 2003, the administrator of the Settlement Trust had received 4,362 claims forms in relation to hip implants and tibial base plates and 150 claim forms for reprocessed hip implants. The administrator has determined that of these classes of claims, 3,795 and 119 respectively are likely to be valid. It is not known at present how many more claims will be made or whether the remaining and future claims are or will be valid and hence how many will qualify for settlement.

Your Board has examined this issue in detail. Although the board of directors of Centerpulse believes that the remaining provisions in its year end audited accounts will be adequate to provide for the liabilities that may arise from the product recall, the Smith & Nephew Board is mindful that there is a possibility that the eventual number of revisions and cost of settling claims from the product recall issue may exceed the level of provision made by Centerpulse. Your Board has taken into account this possibility in agreeing the terms and structure of the Centerpulse Offer. Further details of this litigation are set out in Part X of the Listing Particulars.

6. Summary of the Scheme

Under the Scheme, each Scheme Share will be subdivided into one Subdivided Ordinary Share and one Subdivided Common Access Share. Thereafter, the Subdivided Common Access Shares and the Subdivided Ordinary Shares will be cancelled on the Scheme Effective Date. These cancellations are an integral part of the Scheme. Following these cancellations, the issued share capital of Smith & Nephew will be restored by applying the reserve arising in the books of Smith & Nephew as a result of the cancellation of the Subdivided Common Access Shares and the Subdivided Ordinary Shares, to pay up the Capitalisation Ordinary Shares and Capitalisation Common Access Shares in full. The Capitalisation Ordinary Shares will be issued to Smith & Nephew Group (and/or its nominees) and the Capitalisation Common Access Shares will be issued to the Trustee.

In consideration for the subdivision of the Scheme Shares and cancellation of the Subdivided Common Access Shares and the Subdivided Ordinary Shares, Scheme Shareholders who remain on the register of members of Smith & Nephew at 5.30 pm on the Scheme Record Date will receive:

For each Scheme Share subdivided and cancelled

one New Ordinary Share (which confers a beneficial interest in one Common Access Share).

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

No fractions of New Ordinary Shares will arise under the Scheme.

20

Upon the Scheme becoming effective, (i) each Ordinary Share underlying each Smith & Nephew ADS will be subdivided into one Subdivided Ordinary Share and one Subdivided Common Access Share. Thereafter the Subdivided Common Access Shares and the Subdivided Ordinary Shares will be cancelled and an equal number of New Ordinary Shares will be issued to the Depositary and (ii) the Smith & Nephew ADR facility will become a Smith & Nephew Group ADR facility. Accordingly, from the Scheme Effective Date, holders of Smith & Nephew ADSs will instead hold:

For each Smith & Nephew ADS (representing the right to receive ten Ordinary Shares)	one new Smith & Nephew Group ADS (representing the right to receive ten New Ordinary Shares each of which confers a beneficial interest in one Common Access Share).
---	--

As a result, if you hold Ordinary Shares you will receive the same number of New Ordinary Shares as the number of Ordinary Shares you currently hold. As a shareholder in Smith & Nephew Group you will, as a result of the Scheme but subject to the rights attaching to the Common Access Shares and subject as described in section 3.8 of Part IV of this document, enjoy equivalent economic and voting rights as you currently enjoy as a shareholder in Smith & Nephew. If you are a holder of Smith & Nephew ADSs you will receive the same number of ADSs in Smith & Nephew Group as the ADSs you currently hold in Smith & Nephew. As a holder of ADSs in Smith & Nephew Group you will, as a result of the Scheme but subject to the rights attaching to the Common Access Shares and subject as described in section 3.8 of Part IV of this document, enjoy equivalent economic and voting rights as you currently enjoy as a holder of ADSs in Smith & Nephew. Shareholders should note however, that the Acquisition will result in Centerpulse Shareholders and InCentive Shareholders together holding approximately 24 per cent. of the New Ordinary Shares.

The other rights attaching to the New Ordinary Shares are substantially the same as those attaching to the existing Ordinary Shares. Similarly, the other rights attaching to the Smith & Nephew Group ADSs are the same as those attaching to the existing Smith & Nephew ADSs. A summary of the principal differences between the Smith & Nephew Group Articles and the current Smith & Nephew Articles is set out in Part V of this document.

Following the Scheme becoming effective, holders of Smith & Nephew ADRs in certificated form shall retain their existing Smith & Nephew ADRs, which will continue to be valid following the Scheme, and which will represent an equal number of Smith & Nephew Group ADRs. Upon the Scheme becoming effective, with no further action on the part of the holders of book-entry Smith & Nephew ADRs, appropriate notation will be made at the relevant book-entry facility with respect to the book-entry Smith & Nephew ADRs to reflect that the Scheme has become effective. Further details in respect of the Smith & Nephew ADSs, Smith & Nephew ADRs, Smith & Nephew Group ADSs and Smith & Nephew Group ADRs are set out in Part IX of the Listing Particulars.

Holders of Smith & Nephew ADSs will not be entitled to attend the Court Meeting or the Scheme EGM although the record holder of the Ordinary Shares underlying the Smith & Nephew ADSs will be so entitled and will vote in accordance with instructions that may be received from holders of Smith & Nephew ADSs. Holders of Smith & Nephew ADSs who wish to attend the Court Meeting or the Scheme EGM should take steps to present their Smith & Nephew

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

ADRs to the Depositary for cancellation and delivery of Ordinary Shares (so as to become record holders of Ordinary Shares) prior to the relevant voting record time for the Court Meeting or the Scheme EGM.

All the Common Access Shares issued under the terms of the Scheme will be allotted and issued to the Trustee to be held on bare trust for Smith & Nephew Group Shareholders. Following completion of the Acquisition, Smith & Nephew Group Shareholders will be able to elect to receive dividends from Smith & Nephew (which is and will be tax resident in the United Kingdom) rather than from Smith & Nephew Group (which is and will be tax resident in Switzerland). Were Smith & Nephew Group Shareholders resident outside Switzerland to receive dividends from Smith & Nephew Group they would, under current tax laws in Switzerland, suffer a withholding tax at 35 per cent. However, under domestic law, Swiss tax residents may obtain a refund or tax credit in the full amount of the withholding tax, for non-residents, some relief may be granted under the terms of double tax treaties.

Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group outside Switzerland (other than those who hold their New Ordinary Shares through a Swiss Clearing System) will be deemed to have made an election to receive dividends from Smith & Nephew and therefore they will not need to take any action in order to receive dividends from Smith & Nephew. Those Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group outside Switzerland who wish to receive dividends from Smith & Nephew Group rather than from

21

Smith & Nephew, will need to give Smith & Nephew Group written notice thereof. A form pursuant to which Smith & Nephew Group Shareholders can give such written notice to Smith & Nephew Group will be available from Smith & Nephew Group. Shareholders are advised to seek independent financial and taxation advice before deciding whether or not to give any such written notice to Smith & Nephew Group. Further details are set out in Part VI of this document.

Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group in Switzerland or who hold their New Ordinary Shares through a Swiss Clearing System will, if they wish to receive dividends from Smith & Nephew as opposed to dividends from Smith & Nephew Group, need to give Smith & Nephew Group written notice thereof. A form pursuant to which Smith & Nephew Group Shareholders can give such written notice to Smith & Nephew Group will be available from Smith & Nephew Group. Shareholders are advised to seek independent financial and taxation advice before deciding whether or not to give any such written notice to Smith & Nephew Group. Further details are set out in Part VI of this document.

7. Implementation of the Scheme

The Scheme will not become effective and binding unless:

- (a) the Scheme is approved at the Court Meeting, by a majority in number representing not less than 75 per cent. in nominal value of Ordinary Shares held by those Ordinary Shareholders present and voting, either in person or by proxy, at the Court Meeting;
- (b) Resolutions 1, 2 and 4 set out in the notice of Scheme EGM contained in Part VII of this document are passed by the Ordinary Shareholders;
- (c) the Scheme is sanctioned (with or without modification) and the

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

cancellation of the Subdivided Shares as part of the Scheme is confirmed by the Court at the Court Hearing;

- (d) an office copy of the Court Order sanctioning the Scheme and confirming the cancellation of the Subdivided Shares as part of the Scheme is delivered to the Registrar of Companies and, in relation to the reduction of capital, is registered by him;
- (e) the admission to the Official List of the New Ordinary Shares becomes effective in accordance with the Listing Rules and the admission of such shares to trading on the London Stock Exchange's market for listed securities becomes effective or (if determined by Smith & Nephew Group) the Listing Authority agrees or confirms its decision to admit such shares to the Official List and the London Stock Exchange agrees to admit such shares to trading subject only to the allotment of such shares and/or the Scheme becoming unconditional in all respects;
- (f) the NYSE indicates that it intends to authorise the listing of the Smith & Nephew Group ADSs (upon official notice of issuance) prior to 6.00 p.m. on the last business day prior to the Court Hearing or such later time prior to the Scheme becoming effective as Smith & Nephew may determine; and
- (g) the additional conditions set forth in the Centerpulse Transaction Agreement are either fully satisfied in accordance with their terms or are waived (if capable of waiver), such conditions being:
 - (i) all competent European Union, US and other foreign authorities having approved and/or granted clearance of the acquisition of Centerpulse without a party being required to meet any condition or requirement giving rise to (a) costs and/or loss of earnings before interest, tax and amortisation ("EBITA") in excess of CHF 23 million in the aggregate; or (b) a decrease in consolidated turnover of CHF 75 million in the aggregate of the Combined Group. In addition, no other orders or directions by any court or other authority prohibiting the completion of the Centerpulse Offer having been issued;
 - (ii) the Registration Statement on Form F-4 to be filed by Smith & Nephew with the SEC in connection with the Centerpulse Offer (the "Registration Statement") having become effective in accordance with the provisions of the Securities Act; no stop order suspending the effectiveness of the Registration Statement having been issued by the SEC and no proceedings for that purpose having been initiated by the SEC and not concluded or withdrawn;
 - (iii) Smith & Nephew having received valid acceptances for at least 75 per cent. of the total number of the Centerpulse Shares outstanding (including Centerpulse Shares represented by ADSs and, provided the InCentive Offer has become unconditional, Centerpulse Shares held by InCentive) on a fully diluted basis at the expiry of the (possibly extended) offer period;
 - (iv) three of Centerpulse's current board members having resigned from Centerpulse's board of directors subject to completion of the Centerpulse Offer, and the other board members having

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

entered into a fiduciary arrangement with Smith & Nephew Group covering the period until a Centerpulse General Meeting will have resolved to elect the persons proposed by Smith & Nephew Group to the board of directors of Centerpulse, subject to completion of the Centerpulse Offer;

- (v) Centerpulse until the end of the (possibly extended) offer period (save for extension beyond the statutory 40 day trading period under Swiss law solely as a result of the Court Scheme not having become effective) not having:
 - (A) become subject to a mandated recall for a product, the consolidated turnover of which product family exceeded CHF 75 million in Centerpulse's consolidated prior year results and such recall having resulted, or, according to the opinion of an investment bank or accounting firm of international repute to be appointed by Smith & Nephew with the consent of Centerpulse (the "Expert"), likely to result, in costs and/or loss of EBITA (after insurance payable to Centerpulse) in excess of CHF 23 million; or
 - (B) suffered a disablement of its manufacturing facilities in Winterthur or Austin having resulted, or, according to the opinion of the Expert, likely to result, in costs and/or loss of EBITA (after insurance payable to Centerpulse) in excess of CHF 23 million.

Smith & Nephew Group has given its written consent to the Scheme and a written undertaking to be bound by the terms of the Scheme pursuant to the Undertaking. The Court Hearing is expected to be held on Friday 20 June 2003. Smith & Nephew Shareholders will have the opportunity to attend the Court Hearing to support or oppose the Scheme and to appear in person or be represented by counsel.

If the Scheme is sanctioned by the Court and the conditions to the Scheme are satisfied or waived, it is expected that the Scheme will become effective on Tuesday 24 June 2003, and that dealings in the New Ordinary Shares issued pursuant to the Scheme and in Smith & Nephew Group ADSs arising from the Scheme will commence on Wednesday 25 June 2003. If the Scheme has not become effective by 31 December 2003 (or such later date as Smith & Nephew and Smith & Nephew Group may agree and the Court may allow), it will lapse, in which event the position of holders of Ordinary Shares will remain unchanged.

The Scheme contains a provision for Smith & Nephew and Smith & Nephew Group jointly to consent on behalf of all persons concerned to any modification of or addition to the Scheme, or to any condition which the Court may think fit to approve or impose. Smith & Nephew has been advised by its legal advisers that the Court would be unlikely to approve or impose any such amendment to the Scheme which might be material to the interests of Scheme Shareholders unless Smith & Nephew Shareholders were informed of any such amendment. It will be a matter for the Court to decide, in its discretion, whether or not a further meeting of Ordinary Shareholders should be held or consent obtained (as the case may be). If the Court does approve or impose any amendment to the Scheme which, in the opinion of the Board, is such as to require the consent of the Ordinary Shareholders, the Board will not take the necessary steps to enable the Scheme to become effective unless and until such consent is obtained.

8. Effect of the Scheme

The effect of the Scheme (but taking no account of the issue of New Ordinary Shares as a result of the Acquisition) will be that Scheme Shareholders and

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

holders of Smith & Nephew ADSs will have their respective interests in Smith & Nephew replaced by an equivalent proportionate interest in Smith & Nephew Group (of which Smith & Nephew will be a wholly-owned subsidiary). Subject to any intervening and subsequent exercise of options granted under the Smith & Nephew Group Share Schemes (see section 15 of this Part II below) and taking no account of the issue of New Ordinary Shares as a result of the Acquisition and subject as described in section 3.8 of Part IV of this document and to the rights attaching to Common Access Shares, the proportionate interests of the Scheme Shareholders in the profits, net assets and dividends of Smith & Nephew will not be affected. The Acquisition will result in Centerpulse Shareholders and InCentive Shareholders together holding approximately 24 per cent. of the New Ordinary Shares. Each holder of New Ordinary Shares will also have a beneficial interest in an equal number of Common Access Shares. The rights attaching to the Common Access Shares are summarised in Part VI of this document.

23

9. Changes to the Smith & Nephew Articles

9.1 Overview of changes to Smith & Nephew Articles

Subject to the passing of Resolution 2 at the Scheme EGM, new Smith & Nephew Articles will be adopted to ensure that any Smith & Nephew Shares issued on or after the date of adoption of the new Smith & Nephew Articles but at or prior to 5.30 p.m. on the last business day prior to the date of the Court Hearing are issued subject to the terms of the Scheme. The new Smith & Nephew Articles will provide that any Smith & Nephew Shares issued after 5.30 p.m. on the last business day prior to the date of the Court Hearing, for example, upon the exercise of options under the Smith & Nephew Share Schemes, will be transferred to Smith & Nephew Group in consideration of the issue or transfer to such holder by Smith & Nephew Group of New Ordinary Shares on a one for one basis. The new Smith & Nephew Articles will also set out the rights (described in Part VI of this document) attaching to the Common Access Shares.

9.2 Scheme Amendments

If adopted at the Scheme EGM the new Smith & Nephew Articles will include the following Article:

169 In this Article 169, expressions not defined in these Articles but defined in the scheme of arrangement dated 24 April 2003 proposed between the Company and the Scheme Shareholders (as defined in such scheme), in its original form or with or subject to any modification, addition or condition approved or imposed by the Court (as defined in such scheme (the "Scheme")) shall have the same respective meanings in this Article.

169.1 Notwithstanding any other provision of these Articles, if any ordinary shares in the Company are allotted and issued to any person (other than Smith & Nephew Group plc or any nominee of Smith & Nephew Group plc) (a "new member") after the time at which this Article becomes effective and at or prior to 5.30 p.m. on the last business day prior to the date of the Court Hearing, such shares shall be allotted and issued subject to the terms of the Scheme and shall be Scheme Shares for the purposes thereof and the new member, and any subsequent holder other than Smith & Nephew Group plc or any nominee of Smith & Nephew Group plc, shall upon the Scheme becoming effective be bound by the terms of the Scheme.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

169.2 Notwithstanding any other provision of these Articles, if any ordinary shares in the Company are allotted and issued after 5.30 p.m. on the last business day prior to the date of the Court Hearing then, after the Scheme shall have taken effect, all such shares will be transferred to Smith & Nephew Group plc in consideration for and conditionally on the issue or transfer to the new member (or any subsequent holder) of shares on the following basis: one Smith & Nephew Group plc ordinary share (providing a beneficial interest in one Common Access Share to be held on trust by the Trustee) for each ordinary share in the capital of the Company so transferred. The Smith & Nephew Group plc ordinary shares so issued will be credited as fully paid and will rank pari passu in all respects with all Smith & Nephew Group plc ordinary shares in issue at the time (other than as regards any dividend or other distribution payable by reference to a record date preceding the date of allotment and issue) and will be subject to the Articles of Association of Smith & Nephew Group plc.

169.3 The number of ordinary shares (and the related beneficial interest in Common Access Shares) to be issued or transferred by Smith & Nephew Group plc under Article 169.2 may be adjusted by the Directors in such manner as the auditors may determine on any reorganisation of the share capital of the Company or of Smith & Nephew Group plc effected after the Scheme Effective Date, provided always that any fractions of an ordinary share in Smith & Nephew Group plc shall be aggregated and sold for the benefit of Smith & Nephew Group plc.

169.4 To give effect to any such transfer required by Article 169.2, the Company may appoint any person to execute a form of transfer on behalf of the new member (or any subsequent holder of the relevant shares in the Company) in favour of Smith & Nephew Group plc and to agree for and on behalf of the new member (or any such holder) to become a member of Smith & Nephew Group plc.

10. Cancellation and Repayment of the Preference Shares

10.1 Reasons for the cancellation and repayment of the Preference Shares

As at 17 April 2003, the last practicable date prior to the publication of this document, the issued share capital of Smith & Nephew comprised 929,577,252 Ordinary Shares and 268,500 Preference Shares. Smith & Nephew

believes that the repayment and cancellation of the relatively small number of outstanding Preference Shares would allow the Company more flexibility in managing its capital structure and is in the best interests of Smith & Nephew Shareholders as a whole.

The Board has therefore resolved that it would be appropriate, independently of the Scheme, to cancel and repay the Preference Shares by means of a Reduction of Capital. The Company has the power under its Articles to reduce its capital by special resolution, subject to the consent of Preference Shareholders and to the sanction of the Court. Accordingly, it will be necessary for the Preference Shareholders to sanction the Reduction of Capital by passing an extraordinary resolution at the separate Preference Shareholders' Meeting. Smith & Nephew has received irrevocable undertakings from Preference Shareholders holding approximately 78 per cent. of the Preference Shares in issue to vote in favour of the Reduction of Capital at

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

the Preference Shareholders' Meeting.

10.2 Effect of the cancellation and repayment of the Preference Shares

It is proposed that the Preference Shares will be repaid at (GBP)1.38 per Preference Share, being their par value plus a premium of 38 pence. The repayment price has been calculated on the basis of an approximately 4.4 per cent. yield which the Directors believe is fair and reasonable. Accrued dividends will also be paid to the date of repayment of the Preference Shares following the Reduction of Capital. Fractions of a penny owing to any Preference Shareholders will be rounded up to the nearest penny. The repayment of the Preference Shares, which will cost in aggregate (GBP)370,530 plus accrued dividends, will be funded out of the Company's existing cash reserves and banking facilities.

If the appropriate resolutions are duly passed at the Preference Shareholders' Meeting and the Scheme EGM, the Company will make an application to the Court to confirm the Reduction of Capital. In seeking the Court's approval it will be necessary for the Company to satisfy the Court that the interests of the Company's creditors are not prejudiced by the Reduction of Capital, which is a requirement of the Act. This is likely to involve the Company providing an undertaking to the Court for the protection of creditors of the Company. It is expected that this will be to the effect that the Company will make all payments to Preference Shareholders out of distributable profits and will establish a special capital reserve in its accounting records to which there will be credited an amount equal to the aggregate nominal value of the issued Preference Shares cancelled, being (GBP)268,500. This amount will not be distributable so long as any liabilities of the Company on the date the Reduction of Capital becomes effective remain undischarged, save that the amount of the special capital reserve may be reduced or extinguished by the amount of any increase in the paid up share capital or share premium account of the Company as a result of any issue of new shares following the Reduction of Capital taking effect.

The Reduction of Capital will become effective on registration of the order of the Court confirming the Reduction of Capital with the Registrar of Companies, which is expected to take place on or about Monday 23 June 2003.

11. Directors

Prior to the Scheme Effective Date all of the current Directors of Smith & Nephew, with the exception of Sir Timothy Lankester who is to retire at the Company's Annual General Meeting to be held on 29 April 2003, will be appointed, or will have been appointed, directors of Smith & Nephew Group. The effect of the Scheme on the interests of the Directors (details of which are set out in section 6 of Part IV of this document) is the same as its effect on the interests of other Scheme Shareholders. If the Centerpulse Offer is declared wholly unconditional Dr. Max Link and Rene Braginsky will join the board of Smith & Nephew Group on the Settlement Date. It is anticipated that as a result of the Scheme becoming effective the service contracts or letters of appointment of the directors of Smith & Nephew who are or will become directors of Smith & Nephew Group will be novated to Smith & Nephew Group. Save as to effect the novation and as set out in this paragraph the terms and conditions of these service contracts and letters of appointment will not be materially amended. However, it is anticipated that, as a result of Smith & Nephew Group having its head office and holding its board meetings in Switzerland, the Remuneration Committee may increase the fees and emoluments paid to the Smith & Nephew Directors, but any such changes have not yet been determined.

Directors who are Optionholders will, in common with other Optionholders, be entitled to choose to acquire Ordinary Shares subject to their options or

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

exchange their option over Ordinary Shares for an equivalent option over New Ordinary Shares. This is explained in further detail in section 14 of this Part II below.

12. Taxation

Details of the tax position of UK resident shareholders are set out in section 8 of Part IV of this document. Details of the tax position of US resident shareholders and holders of Smith & Nephew ADSs, are set out in section 9 of Part IV of this document.

25

Any Smith & Nephew Shareholder or holder of Smith & Nephew ADSs who is in any doubt as to their tax position or who may be subject to tax in any jurisdiction outside the UK or the US should consult an appropriate professional adviser.

13. Listing, dealings, share certificates, ADS certificates and settlement

Applications have been made to the UK Listing Authority for the New Ordinary Shares to be admitted to the Official List and to the London Stock Exchange for the New Ordinary Shares to be admitted to trading on the London Stock Exchange's market for listed securities. The last day of dealings in Smith & Nephew Shares will be the Scheme Record Date, which is expected to be on Tuesday 24 June 2003. The last time for registration of transfers of Smith & Nephew Shares will be 4.30 p.m. on the Scheme Record Date. It is expected that dealings in the New Ordinary Shares to be issued pursuant to the Scheme will commence at 8.00 a.m. on Wednesday 25 June 2003.

A listing application will be made to list the Smith & Nephew Group ADSs arising from the Scheme on the NYSE under the symbol "SNN", the symbol currently used for Smith & Nephew ADSs. The last time for registration of transfers of Smith & Nephew ADSs is expected to be 4.00 p.m. (New York time) on the Scheme Record Date. It is expected that dealings will commence on the NYSE in Smith & Nephew Group ADSs arising from the Scheme at 9.30 a.m. (New York time) on Wednesday 25 June 2003.

Upon the Scheme becoming effective share certificates for the Scheme Shares will cease to be valid. For Scheme Shareholders who hold their Smith & Nephew Shares in a CREST account, New Ordinary Shares are expected to be credited to the relevant CREST accounts at 8.00 a.m. on Wednesday 25 June 2003. For those holding shares in certificated form, definitive certificates for the New Ordinary Shares are expected to be despatched by Wednesday 9 July 2003. Pending despatch of share certificates, transfers of New Ordinary Shares will be certified by Lloyds TSB Registrars against the share register.

Existing Smith & Nephew ADSs will automatically represent Smith & Nephew Group ADSs, and existing Smith & Nephew ADRs will automatically represent Smith & Nephew Group ADRs, in each case on the Scheme Effective Date.

All mandates in force at 5.30 p.m. on the Scheme Record Date relating to payment of dividends on Smith & Nephew Shares and all instructions given relating to notices and other communications will, unless and until varied or revoked, be deemed from the Scheme Effective Date to be valid and effective mandates or instructions to Smith & Nephew Group in relation to the corresponding holdings of New Ordinary Shares.

14. Memorandum and Articles of Association of Smith & Nephew Group

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

Other than the amendments necessary to incorporate the Common Access Share structure, the Memorandum and Articles of Association of Smith & Nephew Group are substantially the same as the Memorandum and Articles of Association of Smith & Nephew in effect as at the date of this document, and accordingly the rights attaching to New Ordinary Shares will, after the Scheme becomes effective, be substantially the same as the rights attaching to Smith & Nephew Shares. In particular, the rights of shareholders and their control in respect of the actions of Directors will remain the same in all material respects.

A comparison of the principal differences between the Smith & Nephew Group Articles and the Smith & Nephew Articles in effect as at the date of this document is set out in Part V of this document.

15. Employee share schemes

15.1 The Smith & Nephew Share Schemes

Upon the Court sanctioning the Scheme, and under the terms of the relevant Smith & Nephew Share Scheme, outstanding options (except those granted in April 2003) will, if they are not already, become immediately exercisable either in full or in respect of a proportion of the shares (or Smith & Nephew ADSs) in respect of which such options are held. It should also be noted that certain options may become exercisable under the Smith & Nephew Share Schemes between the date of this document and the Court sanctioning the Scheme in accordance with the normal operation of the rules of the relevant Smith & Nephew Share Scheme. In the case of options which are normally exercisable only if corporate performance targets are met, the Remuneration Committee may determine the number or proportion of option shares in respect of which such options may then be exercised. The Remuneration Committee intends to permit the early exercise within the relevant period of such options in respect of a proportion of the shares in respect of which such options were granted, corresponding to such proportion of the period over which the performance of Smith & Nephew is

26

measured (the "Performance Period") as falls before the date on which the Court sanctions the Scheme. Options not exercised within the relevant period for exercise, and which are not "rolled-over" as mentioned below, will lapse and cease to be exercisable at the end of such relevant period.

Smith & Nephew and Smith & Nephew Group will, to the extent that it is lawful to do so in any relevant jurisdiction, be making proposals to Optionholders offering them the opportunity to release their rights to acquire Ordinary Shares (or Smith & Nephew ADSs) in exchange for equivalent rights to acquire New Ordinary Shares (or Smith & Nephew Group ADSs) conditional upon the Court sanctioning the Scheme. Such "rolled-over" options and rights will be on terms which are as nearly as practicable the same as those of the Smith & Nephew Share Scheme under which the original rights were granted except that the new options and rights will be over New Ordinary Shares. Subject to the approval of the Inland Revenue and/or any other appropriate authority an option or right to acquire one Ordinary Share (or Smith & Nephew ADS) may be "rolled-over" into a right to acquire one New Ordinary Share (or a corresponding number of Smith & Nephew Group ADSs), and the aggregate exercise price payable upon the exercise in full of such right to acquire New Ordinary Shares (or Smith & Nephew Group ADSs) will be the same as the aggregate exercise price payable upon the exercise in full of the

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

original right to acquire Ordinary Shares (or Smith & Nephew ADSs). These proposals will be separately notified to Optionholders under each of the Smith & Nephew Share Schemes.

In relation to options proposed to be granted before 1 June 2003 under the Smith & Nephew 2001 UK Unapproved Plan, the Remuneration Committee has exercised its power to amend the rules of that plan so as to provide that, if the holders of such options are offered the opportunity to "roll-over" their options as described above, such options may not be exercised early and, if not "rolled-over", will lapse at the end of the period within which such offer may be accepted.

15.2 The Smith & Nephew Long Term Incentive Plan and the Smith & Nephew 2001 US Share Plan

Under the Smith & Nephew Long Term Incentive Plan, and conditional upon the Scheme becoming effective, the trustee of the Smith & Nephew Employees' Share Trust (the "Plan Trustee") will amend the rules of that Plan so as to prevent outstanding awards from becoming immediately vested in respect of a time-apportioned proportion of the award shares in consequence of the Court sanctioning the Scheme and to provide instead that, if and insofar as such awards become vested in consequence of the relevant corporate performance targets being met, participants will then become entitled to transfers of, or the grant of nil cost rights to acquire, New Ordinary Shares.

The Smith & Nephew 2001 US Share Plan provides for the grant of performance shares which would become vested in full upon the Court sanctioning the Scheme. However, there are no such performance shares outstanding.

15.3 Proposals relating to each of the Smith & Nephew Share Schemes

The proposals relating to each of the Smith & Nephew Share Schemes are summarised below:

- (a) the Smith & Nephew Employee Share Option Scheme, the Smith & Nephew Sharesave Plan (2002), the Smith & Nephew International Sharesave Plan (2002), the Smith & Nephew Dutch Sharesave Plan (2002), the Smith & Nephew Belgian Sharesave Plan (2002), the Smith & Nephew French Sharesave Plan (2002), the Smith & Nephew Italian Sharesave Plan, the Smith & Nephew 1991 Overseas Employee Share Option Plan (referred to below as the "Sharesave Plans")

Optionholders under the Sharesave Plans may exercise their existing options within the period of six months after the Court sanctions the Scheme but only with accumulated monthly savings and interest (if any). Such exercise will result in the allotment to such Optionholders of New Ordinary Shares, equal to such number of Ordinary Shares to which the Optionholder becomes entitled, on terms equivalent to the terms of the Scheme. Alternatively, the holders of options under each of the Sharesave Plans will, unless Smith & Nephew Group is prevented from doing so by relevant laws or regulations in any jurisdiction, and subject to obtaining any necessary consents or approvals of tax or other authorities, be invited by Smith & Nephew and Smith & Nephew Group to release their existing options to acquire shares in Smith & Nephew in exchange for corresponding rights to acquire New Ordinary Shares on terms which are in all other respects the same as those governing the exercise of the existing options. Acceptance of such invitations will allow Optionholders to continue making monthly savings in

accordance with their existing obligations, and therefore enable such Optionholders to acquire such number of New Ordinary Shares as is equal to the number of Ordinary Shares over which their original rights were granted.

Options granted under the Sharesave Plans will lapse automatically if they have neither been "rolled-over" nor been exercised within six months after the Court sanctions the Scheme.

- (b) The Smith & Nephew 1985 Share Option Scheme (the "1985 Approved Scheme") and the Smith & Nephew 1990 International Executive Share Option Scheme (the "1990 International Scheme")

Optionholders under the 1985 Approved Scheme and the 1990 International Scheme may exercise their existing options in full within six months after the Court has sanctioned the Scheme. Such exercise will result in the allotment to such Optionholders of New Ordinary Shares equal to such number of Ordinary Shares to which the Optionholder becomes entitled. The rules of the 1985 Approved Scheme and the 1990 International Scheme allow for such options to be adjusted in such manner as the auditors shall have reported to the Board to be in their opinion fair and reasonable. However, it is instead proposed that such Optionholders be invited by Smith & Nephew and Smith & Nephew Group (or, as appropriate, the Plan Trustee) to release their existing options to acquire shares in Smith & Nephew in exchange for corresponding rights to acquire New Ordinary Shares on terms which are in all other respects the same as those governing the exercise of the existing options. Subject, in the case of the 1985 Approved Scheme, to the approval of the Inland Revenue and any adjustment required by the Inland Revenue to be made to the terms of any such "roll-over", an option to acquire a given number of Ordinary Shares may be released in exchange for a right to acquire the same number of New Ordinary Shares, and the aggregate exercise price payable upon the exercise in full of such right to acquire New Ordinary Shares will be the same as the aggregate exercise price payable upon the exercise in full of such option to acquire Ordinary Shares. Such a "roll-over" of existing options may, in the case of options held under the 1985 Approved Scheme, enable an Optionholder to exercise such a new option in circumstances qualifying for relief from income tax. Options granted under the 1985 Approved Scheme and the 1990 International Scheme will lapse automatically if they have neither been "rolled-over", nor exercised, within six months after the Court sanctions the Scheme.

- (c) The Smith & Nephew 2001 UK Approved Share Option Plan (the "2001 Approved Plan") and the Smith & Nephew 2001 UK Unapproved Share Option Plan (the "2001 Unapproved Plan")

Optionholders under the 2001 Approved and Unapproved Plans may, after the Court sanctions the Scheme, exercise their existing options in respect of such number or proportion of the option shares as the Remuneration Committee may determine. The Remuneration Committee intends to permit the early exercise of such options in respect of a proportion of the shares in respect of which such options were granted, corresponding to such proportion of the performance period as falls before the date on which the Court sanctions the Scheme. Such exercise will result in the allotment to such Optionholders of New Ordinary Shares equal to such number of

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

Ordinary Shares to which the Optionholder becomes entitled. It is proposed that, as an alternative, such Optionholders be invited by Smith & Nephew and Smith & Nephew Group (or, as appropriate, the Plan Trustee) to release their existing options to acquire shares in Smith & Nephew in exchange for corresponding rights to acquire New Ordinary Shares on terms which are, in all other respects, the same as those governing the exercise of the existing options. Subject, in the case of the 2001 Approved Plan, to the approval of the Inland Revenue and any adjustment required by the Inland Revenue to be made to the terms of any such "roll-over", an option to acquire a given number of Ordinary Shares may be released in exchange for a right to acquire the same number of New Ordinary Shares, and the aggregate exercise price payable upon the exercise in full of such right to acquire New Ordinary Shares will be the same as the aggregate exercise price payable upon the exercise in full of such option to acquire Ordinary Shares. Such a "roll-over" of existing options may, in the case of options granted under the 2001 Approved Plan, enable an optionholder to exercise such a new option in circumstances qualifying for relief from income tax. Options granted under the 2001 Approved and Unapproved Plans will lapse automatically if they have neither been "rolled-over", nor exercised, when the Scheme becomes effective.

- (d) The Smith & Nephew 2001 US Share Plan (the "2001 US Plan")

The restrictions on outstanding Restricted Stock Awards will automatically lapse when the Court sanctions the Scheme. Accordingly, the Smith & Nephew ADSs in respect of which such awards are held will then be released to awardholders and be subject to the Scheme.

28

Optionholders under the 2001 US Plan may, after the Court sanctions the Scheme, exercise their existing options in respect of such number or proportion of the option shares as the Remuneration Committee may determine. The exercise of such options is not conditional upon the attainment of a performance target. Instead, such options become exercisable ("vest") in respect of given percentages of the option shares (or Smith & Nephew ADSs) after the Optionholder has remained employed by Smith and Nephew or its subsidiaries throughout given periods. Accordingly, the Remuneration Committee does not intend to permit Optionholders to exercise any such option in respect of any greater number of Smith & Nephew ADSs than those in respect of which it has become vested when the Court sanctions the Scheme. Instead, it is proposed that, subject to obtaining all necessary consents and approvals in the United States, and conditional upon the Scheme becoming effective, all such Optionholders will be invited by Smith & Nephew Group (or, as appropriate, the Plan Trustee) to release their existing options to acquire Smith & Nephew ADSs in exchange for corresponding rights to acquire Smith & Nephew Group ADSs on terms which are, in all other respects, the same as those governing the exercise of the existing options. An option to acquire a given number of Smith & Nephew ADSs will be released in exchange for a right to acquire the same number of Smith & Nephew Group ADSs, and the aggregate exercise price payable upon the exercise in full of such right to acquire Smith & Nephew Group ADSs will be the same as the aggregate exercise price payable upon the exercise in full of such right to acquire Smith & Nephew ADSs. Options granted under the 2001 US Plan will lapse

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

automatically if they have neither been "rolled-over", nor exercised, when the Scheme becomes effective.

(e) The Smith & Nephew Long Term Share Incentive Plan (the "LTIP")

The rules of the LTIP provide that the Plan Trustee may, after notice is given to Ordinary Shareholders of the proposed extraordinary general meeting of Smith & Nephew to approve the Scheme, make such appropriate provision for the variation of the terms of an outstanding award as the Plan Trustee, with the consent of the Remuneration Committee, may determine. The Remuneration Committee will recommend to the Trustee that the rules of the LTIP be amended so as to provide (and the Trustee has indicated that it will, if so recommended, amend the rules of the LTIP so as to provide) that there will be no automatic vesting of a time-apportioned proportion of the outstanding award shares in consequence of the Court sanctioning the Scheme and that instead, if and insofar as an outstanding award becomes vested in consequence of the relevant corporate performance target being met, the participant will then become entitled to a transfer of, or to the grant of a nil cost right to acquire, New Ordinary Shares equal in number to the Ordinary Shares to which the participant would otherwise have become entitled.

(f) The Smith & Nephew U.S. Employee Stock Purchase Plan (the "ESPP")

Under the ESPP, eligible employees of Smith & Nephew Inc and its subsidiaries may acquire Smith & Nephew ADSs, using deductions from payroll, upon the exercise, at the end of each successive period of three months, of options granted with an exercise price equal to the lesser of 85 per cent. of the fair market value of an Smith & Nephew ADS on the first day of the relevant three month period and 85 per cent. of the fair market value of Smith & Nephew ADS on the last day of that period. In accordance with the rules of the ESPP, and in relation to options which are outstanding at the Scheme Effective Date, Smith & Nephew Group will procure the substitution of equivalent options to acquire Smith & Nephew Group ADSs.

15.4 Proposed Smith & Nephew Group Share Schemes

Full details of the proposed Smith & Nephew Group Share Schemes are provided in Part X of the Listing Particulars.

16. Overseas shareholders

The implications of the Scheme for persons resident in, or citizens or nationals of, jurisdictions outside the UK ("overseas shareholders") may be affected by the laws of the relevant jurisdictions. Such overseas shareholders should inform themselves about and observe all applicable legal requirements. It is the responsibility of each overseas shareholder to satisfy himself as to the full observance of the laws of the relevant jurisdiction in connection with the Scheme, including the obtaining of any governmental, exchange control or other consents which may be required and/or compliance with other necessary formalities which are required to be observed and the payment of any issue, transfer or other taxes due in such jurisdiction.

In the case of any overseas shareholders, if Smith & Nephew Group is advised that the allotment and issue of New Ordinary Shares pursuant to the Scheme

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

would infringe the laws of any jurisdiction outside the UK or would require Smith & Nephew Group to observe any governmental or other consent or any registration, filing or other formality, then Smith & Nephew Group may determine that no New Ordinary Shares shall be allotted or issued to any such overseas shareholders but instead such shares shall be allotted to a nominee on terms that the nominee shall hold the New Ordinary Shares subject to the instructions of such overseas shareholder. The New Ordinary Shares issued to Scheme Shareholders pursuant to the Scheme will be exempt from the registration requirements of the Securities Act by virtue of section 3(a)(10) thereof, based on Court approval of the Scheme. As a consequence, the New Ordinary Shares to be issued pursuant to the Scheme have not been registered under the Securities Act. For the purpose of qualifying for this exemption from the registration requirements of the Securities Act, Smith & Nephew Group and Smith & Nephew will advise the Court that its sanctioning of the Scheme will be relied upon by Smith & Nephew Group and Smith & Nephew as an approval of the Scheme following a hearing on its fairness to Smith & Nephew shareholders at which hearing all such shareholders are entitled to attend in person or through counsel to support or oppose the sanctioning of the Scheme and with respect to which notification has been given to all such shareholders.

Overseas shareholders should consult their own legal and tax advisers with respect to the legal and tax consequences of the Scheme. For summaries of the UK and US taxation consequences of the Scheme and holding New Ordinary Shares or Smith & Nephew Group ADSs, please refer to sections 8 and 9 of Part IV of this document.

17. Meetings in connection with the Scheme

17.1 Scheme EGM

The Scheme EGM has been convened for Monday 19 May 2003 at 10.10 a.m. (or, if later, immediately following the conclusion or adjournment of the Preference Shareholders' Meeting) at which meeting, or at any adjournment thereof, Ordinary Shareholders will consider and, if thought fit, pass the Resolutions set out in the notice of the Scheme EGM. The Scheme EGM will be held at the offices of the Company's Solicitors, Ashurst Morris Crisp, Broadwalk House, 5 Appold Street, London EC2A 2HA.

Your attention is drawn to the notice of the Scheme EGM contained in Part VII of this document.

The Resolutions to be proposed at the Scheme EGM are to approve:

- o the reclassification of the one Ordinary Share held by Smith & Nephew Group as a 'B' Ordinary Share having the same rights attached to it as the Ordinary Shares except that the holder(s) of the 'B' Ordinary Share shall only be entitled to receive one tenth of any dividend declared on an Ordinary Share;
- o the Scheme;
- o the cancellation of the Subdivided Common Access Shares and the increase in the share capital of Smith & Nephew by the creation of such number of Capitalisation Common Access Shares (to be issued to the Trustee) as will ensure that the issued share capital of Smith & Nephew is the same after the cancellation of the Subdivided Common Access Shares as before the cancellation of the Subdivided Common Access Shares;
- o the cancellation of the Subdivided Ordinary Shares and the increase in the share capital of Smith & Nephew by the creation of such number of Capitalisation Ordinary Shares (to be issued to Smith & Nephew Group) as

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

will ensure that the issued share capital of Smith & Nephew is the same after the cancellation of the Subdivided Ordinary Shares as before the cancellation of the Subdivided Ordinary Shares;

- o the allotment of the Capitalisation Ordinary Shares and Capitalisation Common Access Shares by the Directors;
- o the adoption of new Smith & Nephew Articles to:
 - (a) ensure that any Smith & Nephew Shares issued on or after the date of adoption of the amendments to the Smith & Nephew Articles but on or prior to 5.30 p.m. on the last business day prior to the Court Hearing are issued subject to the Scheme;
 - (b) ensure that any Smith & Nephew Shares issued after 5.30 p.m. on the last business day prior to the Court Hearing are transferred to Smith & Nephew Group in consideration for the issue or transfer to such holders by Smith & Nephew Group of the relevant New Ordinary Shares on a one for one basis; and

30

- (c) provide for the creation of the Common Access Shares;
- o the Acquisition;
- o the cancellation and repayment of the Preference Shares and the cancellation of unissued Preference Shares;
- o the Smith & Nephew Group Share Schemes; and
- o the establishment of additional employee incentive plans in overseas jurisdictions.

Subject to the Resolutions being passed, the new Smith & Nephew Articles will be adopted with immediate effect whether or not the Scheme becomes effective. The authority to allot Smith & Nephew Shares granted to the Directors by the Resolutions will lapse on the date of the Annual General Meeting of the Company in 2004.

In order to pass Resolutions 1 to 3, not less than 75 per cent. of the votes cast by Ordinary Shareholders must be in favour. In order to pass Resolutions 4 to 8, more than 50 per cent. of the votes cast by Ordinary Shareholders must be in favour. On a show of hands, each Ordinary Shareholder present in person (but not by proxy) will have one vote and on a poll each Ordinary Shareholder present in person or by proxy will have one vote for each Ordinary Share held.

17.2 Court Meeting

The Court Meeting has also been convened for Monday 19 May 2003 at 10.20 a.m. (the same date as the Scheme EGM) (or, if later, immediately following the conclusion or adjournment of the Scheme EGM), pursuant to an order of the Court, at which meeting, or at any adjournment thereof, Ordinary Shareholders will consider and, if thought fit, approve the Scheme. The Court Meeting will be held at the offices of the Company's Solicitors, Ashurst Morris Crisp, Broadwalk House, 5 Appold Street, London EC2A 2HA.

Your attention is drawn to the notice of Court Meeting contained in Part VII of this document.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

At the Court Meeting voting will be by poll and each Ordinary Shareholder entitled to attend and who is present in person or by proxy will be entitled to one vote for each Ordinary Share held. The statutory majority required to approve the Scheme is a simple majority in number of the Ordinary Shareholders present and voting (either in person or by proxy) at the Court Meeting representing not less than 75 per cent. in nominal value of Ordinary Shares held by such Ordinary Shareholders.

It is important that as many votes as possible are cast at the Court Meeting so that the Court may be satisfied that there is a fair representation of Ordinary Shareholder opinion. Smith & Nephew Shareholders are therefore urged to return the completed Forms of Proxy as soon as possible. Details of the action you should take and instructions on completing the Forms of Proxy are given in section 20 below.

If the Scheme becomes effective, it will be binding on all Scheme Shareholders irrespective of whether they attended the Court Meeting and irrespective of the manner in which they voted.

18. Authorities relating to Smith & Nephew Group

By written shareholders' resolutions of Smith & Nephew Group to be passed prior to the Scheme Effective Date, the Smith & Nephew Group Articles will be adopted, the authorised share capital of Smith & Nephew Group will be increased to (GBP)210 million and the Directors of Smith & Nephew Group will be authorised to issue and allot the New Ordinary Shares, in each case conditional upon the Scheme becoming effective.

Following completion of the Scheme and the Acquisition, the Directors of Smith & Nephew Group will have authority to issue and allot any committed share capital plus approximately one-third of the nominal amount of the then issued share capital. Save as described in section 3.7 of Part IV of this document, the Directors of Smith & Nephew Group have no present intention of issuing shares except pursuant to the Scheme, the Acquisition or on the exercise of options under the Smith & Nephew Group Share Schemes or on the exercise of options to be granted in exchange for the release of options granted under the Centerpulse Share Option Schemes.

For additional information on the authorities relating to Smith & Nephew Group's share capital which have been granted please refer to section 3 of Part IV of this document.

31

19. Listing Particulars

A copy of the Listing Particulars prepared in connection with the issue of New Ordinary Shares pursuant to the Scheme and the Acquisition and in accordance with the Listing Rules, has been delivered to the Registrar of Companies for registration as required by section 83 of the Financial Services and Markets Act 2000. A copy of the Listing Particulars has been sent to each Ordinary Shareholder at the same time as this document. A copy of the Listing Particulars may also be inspected at the offices of Ashurst Morris Crisp, Broadwalk House, 5 Appold Street, London EC2A 2HA during usual business hours on any weekday, public holidays excepted. A copy will also be available for inspection at the Court Meeting and the Scheme EGM. This document should be read in conjunction with the Listing Particulars.

20. Action to be taken in connection with the Scheme, the Acquisition and the Reduction of Capital

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

Ordinary Shareholders will find enclosed with this document two Forms of Proxy as follows:

- (a) the white card, which is to be used for the Scheme EGM; and
- (b) the blue card, which is to be used for the Court Meeting.

It is important that as many votes as possible are cast at the Court Meeting so that the Court may be satisfied that there is a fair representation of Ordinary Shareholder opinion. Ordinary Shareholders are therefore urged to return the completed Forms of Proxy in connection with the Scheme as soon as possible.

Therefore, whether or not you propose to attend the meetings in person, you are requested, if you hold Ordinary Shares, to complete and return the relevant Form(s) of Proxy. Completed Forms of Proxy in connection with the Scheme should be returned to the Company's Registrars, Lloyds TSB Registrars, as soon as possible and in any case so as to be received by them no later than 10.10 a.m. on Saturday 17 May 2003 for the Scheme EGM and 10.20 a.m. on Saturday 17 May 2003 for the Court Meeting. The return of these Forms of Proxy will not prevent you from attending any of the meetings and voting in person if you wish. In each case, the Forms of Proxy should be completed in accordance with the instructions printed thereon. In addition, you can submit your proxy electronically at www.sharevote.co.uk using the reference and account numbers set out in the Forms of Proxy. This must be done not less than 48 hours before the time appointed for the meeting.

CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the Scheme EGM and the Court Meeting and any adjournments thereof by using the procedures described in the CREST manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with CRESTCo's specifications and must contain the information required for such instructions, as described in the CREST manual. The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID 7RA01) not less than 48 hours before the time appointed for the meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST applications host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limits will therefore apply in relation to the input of CREST proxy instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and timings.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.

32

The Form of Proxy in respect of the Court Meeting (the blue card) may also be handed to the Chairman at the Court Meeting before the taking of the poll. However, in the case of the Scheme EGM, the relevant Form of Proxy (the white card) will be invalid unless it is lodged so as to be received no later than 10.10 a.m. on Saturday 17 May 2003.

The Form of Proxy in connection with the Scheme EGM (the white card) can be revoked or amended at any time up to 10.10 a.m. on Saturday 17 May 2003 or by the shareholder attending the Scheme EGM. The Form of Proxy in connection with the Court Meeting (the blue card) can be revoked or amended at any time prior to the taking of the poll at the Court Meeting.

Lloyds TSB Registrars are providing a telephone helpline to answer questions which Smith & Nephew Shareholders may have prior to deciding what action to take. The number for callers dialling from within the UK is 0870 600 2027 and for callers dialling from outside the UK the number is +44 1903 702767. Helpline operators cannot provide financial or legal advice and will only be able to answer questions on the effect of the proposals.

If you wish to amend or revoke your Form(s) of Proxy after you have returned them to the Company's Registrars, Lloyds TSB Registrars, you should contact Lloyds TSB Registrars at The Causeway, Worthing, West Sussex BN99 6AP.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

subject to such exclusions or other arrangements as the directors may deem necessary or desirable to deal with fractional entitlements, record dates, or legal or practical problems under the laws of, or the requirements of, any regulatory authority in any territory or otherwise howsoever; or (iv) other allotments of equity securities up to an aggregate nominal value of (GBP)7,675,868.

- 3.2 The following table sets out the authorised issued and fully paid share capital of Smith & Nephew Group as it is at 17 April 2003 (the latest practicable date prior to the publication of this document) and as it will be immediately following Completion and implementation of the Scheme, and based on the assumptions set out in paragraph 14.6 of Part X of the Listing Particulars.

	Number of shares	Authorised Nominal amount (GBP)	Nu of
	-----	-----	---
As at 17 April 2003			
ordinary shares of (GBP)1 each	3	3	
5.5% non-redeemable preference shares of (GBP)1 each	13,298	13,298	13,2
5.5% redeemable preference shares of (GBP)1 each	36,699	36,699	36,6
Immediately following Completion and implementation of Scheme			
New Ordinary Shares	1,680,000,000	210,000,000	1,228,159

- 3.3 Immediately following completion of the Acquisition (on the basis of the assumptions set out in paragraph 14.6 of Part X of the Listing Particulars) and implementation of the Scheme, the Smith & Nephew Group Directors will have authority to allot relevant securities of an amount equal to the committed share capital plus approximately 33 per cent. of Smith & Nephew Group's enlarged issued share capital. The Smith & Nephew Group directors have no present intention to exercise such authorities other than as described in section 3.7 of this Part IV or in connection with the Acquisition and the Scheme or the issue of New Ordinary Shares as a result of the exercise of options under the Smith & Nephew Group Share Schemes.

- 3.4 Immediately following completion of the Acquisition (on the basis of the assumptions set out in paragraph 14.6 of Part X of the Listing Particulars) and implementation of the Scheme, the Smith & Nephew Group directors will have authority to allot equity securities of an amount equal to approximately 5 per cent. of Smith & Nephew Group's enlarged issued share capital otherwise than on a pre-emptive basis. Save as described in section 3.7 of this Part IV, the Smith & Nephew Group directors have no present intention to exercise such authority.

- 3.5 The Directors recognise that these authorities may be in excess of those permitted by relevant institutional investor guidelines, depending on the level of acceptances of the Offers. Accordingly, following Completion and implementation of the Scheme, the directors of Smith & Nephew Group will not (without the prior approval of holders of New Ordinary Shares in general meeting) exercise their power to allot New Ordinary Shares (other than those shares reserved for options) in excess of one third of the then issued Smith & Nephew Group share capital. In addition, the directors of Smith & Nephew Group will not (without such prior approval) use their authority to allot equity securities for cash (otherwise than in connection with rights issues) in respect of New Ordinary Shares representing more than 5 per cent. of the issued Smith & Nephew Group share capital following Completion and implementation of the Scheme.
- 3.6 By a written members' resolution passed on 22 April 2003, the directors of Smith & Nephew Group were authorised, subject to the Scheme having become effective, (such authority expiring at the conclusion of the annual general meeting of Smith & Nephew Group to be held in 2004) to make market purchases (within the meaning of section 163(3) of the Act) up to an aggregate of 122,813,895 New Ordinary Shares for a price of not less than 12.5 pence and not more than 105 per cent. of the average of the middle market quotations for a New Ordinary Share as derived from the Official List for the five business days immediately prior to the purchase. Following Completion and implementation of the Scheme on the basis of the assumptions set out in paragraph 14.6 of Part X of the Listing Particulars, the directors of Smith & Nephew Group will therefore have authority, subject to the Act, to make market purchases of up to approximately 10 per cent. of Smith & Nephew Group's enlarged issued share capital. The directors of Smith & Nephew Group have no present intention to exercise such authority.
- 3.7 Following the Scheme becoming effective, the 13,298 non-redeemable preference shares of (GBP)1 each and the three ordinary shares of (GBP)1 each (each as referred to in section 3.2 of this Part IV) will be reclassified and subdivided so as to create 106,408 New Ordinary Shares, and these shares will be sold to an employee benefit trust of Smith & Nephew Group for fair market value. Of the 106,408 New Ordinary Shares to be sold to the employee benefit trust, 106,384 will arise as a result of the conversion and subdivision of 13,298 non-redeemable preference shares currently held by Cazenove & Co Ltd. Cazenove & Co Ltd has agreed that if it makes a profit on the sale of the 106,384 New Ordinary Shares to the employee benefit trust, the fees otherwise payable to it by Smith & Nephew Group and Smith & Nephew in connection with the Acquisition and the Scheme will be reduced by an equal amount. Following the Scheme becoming effective, the 36,699 redeemable preference shares of (GBP)1 referred to in section 3.2 of this Part IV will be redeemed at par together with accrued dividends using the proceeds of an issue to an employee benefit trust of Smith & Nephew Group of that number of New Ordinary Shares the market value of which is equal to the aggregate redemption price of the redeemable preference shares. For the purposes of calculating the issued share capital of Smith & Nephew Group as set out in section 3.2 of this Part IV, it has been assumed that 8,748 New Ordinary Shares will require to be issued to fund the redemption.
- 3.8 The 106,408 New Ordinary Shares referred to in section 3.7 above and the New Ordinary Shares to be subscribed by the employee benefit trust (as also described in section 3.7 above) will not arise pursuant to the Scheme and the aggregate interests of Scheme Shareholders upon the Scheme becoming effective will be diluted accordingly.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

- 3.9 Save as disclosed in this section 3, (i) there has been no issue of share or loan capital of Smith & Nephew Group since its incorporation; and (ii) apart from New Ordinary Shares in respect of which it is proposed options be granted pursuant to the option "roll-overs" referred to in Part II of this document, no share or loan capital of Smith & Nephew Group is under option or agreed to be put under option.
- 3.10 No commissions, discounts, brokerages or other special terms have been granted in respect of the issue of any share capital of Smith & Nephew Group.
- 3.11 The New Ordinary Shares to be issued pursuant to the Scheme and the Acquisition have not otherwise been sold and are not being made available to the public in conjunction with the application for Admission.
- 3.12 The New Ordinary Shares to be issued pursuant to the Scheme and the Acquisition will, when issued, be in registered form and will be capable of being held in uncertificated form. No temporary documents of title have been or will be issued in respect of the New Ordinary Shares.

Dr. Link is also a director of Access Pharmaceuticals, Inc., Alexion Pharmaceuticals, Inc., Cell Therapeutics, Inc., Celsion Corporation,

44

Columbia Laboratories, Inc., CytRx Corporation, Discovery Laboratories, Inc., Human Genome Sciences, Inc., Igeneon Ltd, Mipharm, SpA, Noxxon Ltd and Protein Design Labs, Inc. In connection with his former role as chairman of Osiris Therapeutics, Inc. ("Osiris"), a position he ceased to hold in May 2002, Dr. Link has been named along with certain others as a defendant in a lawsuit. The plaintiff, James S Burns, a former executive officer and shareholder of Osiris, has brought class and derivative claims against Dr. Link for breaches of his fiduciary duties as a director (which Dr. Link categorically denies), alleging that Dr. Link aided another defendant, Peter Friedli, in engaging in certain self-interested financial transactions including, in particular, the merger of Osiris into a Swiss company, MSC-Regenos AG, on terms that Mr. Burns alleges were unfair to the minority shareholders. Dr. Link believes that he has effective defences against the claims levied and is pursuing them vigorously.

- (b) Rene Braginsky (53) has been a non-executive director of Centerpulse since May 2002. He started his financial career in the brokerage department of former Union Bank of Switzerland in 1969 in his home town Basle. Afterwards he joined Bank Vontobel before he built up the stock exchange department at Bank Sal. Oppenheim jr. & Cie. (Schweiz) AG which he headed for 20 years as a member of the management. In 1985 he founded InCentive Investment AG with several institutional investors. Today Mr. Braginsky is chief executive officer and delegate of the board of InCentive and is the owner of InCentive Asset Management AG.

Notes:

(a) The calculations above assume that those Smith & Nephew Group Directors or Proposed Directors holding shares in Centerpulse or InCentive:

- (i) will accept the relevant Offer in respect of their shareholdings; and

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

(ii) will not make any 'mix and match election' in relation to such Offers.

(b) On 20 May 1997 Smith & Nephew established the Smith & Nephew Employees' Share Trust, which holds 1,266,114 Ordinary Shares. Smith & Nephew Group proposes to establish the Smith & Nephew Group Employees' Share Trust which will, after the Scheme becomes effective, hold New Ordinary Shares. Christopher O'Donnell, Peter Hooley and Antoine Vidts, who are or will be eligible to benefit under these trusts, are deemed to be interested in these Ordinary Shares and New Ordinary Shares by virtue of section 324 of the Act, in addition to the interests noted above.

6.2 No Smith & Nephew Director has or has had any interest in any transaction which is or was unusual in its nature or conditions or is or was significant to the business of the Combined Group and which was effected by any member of the Combined Group during the current or immediately preceding financial year or during any earlier financial year and remains in any respect outstanding or unperformed.

6.3 There are no outstanding loans granted by any member of the Combined Group to any Smith & Nephew Director nor has any guarantee been provided by any member of the Combined Group for their benefit.

45

7. Proposed Smith & Nephew Group Share Schemes

Full details of the proposed Smith & Nephew Group Share Schemes are provided in the Listing Particulars.

8. UK taxation

The following is a summary of certain aspects of UK taxation and is included as a general guide only. It is based on current UK legislation and what is understood to be current Inland Revenue practice, both of which are subject to change, possibly with retrospective effect. It applies only to persons who are resident or ordinarily resident in the UK for UK tax purposes and who hold their Smith & Nephew Shares beneficially and as an investment. The information is general in character, is not exhaustive and may not apply to certain classes of shareholders (including, but not limited to, dealers in securities). Any person who is in any doubt as to his tax position or who may be subject to tax in any jurisdiction outside the UK should consult an appropriate professional adviser.

8.1 Capital Gains

Subject to the following paragraphs, holders of Ordinary Shares should be able to claim rollover relief in respect of the subdivision and subsequent cancellation of each of their Ordinary Shares and the issue to them of New Ordinary Shares (and the related beneficial interest in Common Access Shares). Accordingly, holders of Ordinary Shares should not be treated as making a disposal of their Ordinary Shares for the purposes of UK taxation of capital gains as a result of the Scheme and the New Ordinary Shares and beneficial interest in Common Access Shares issued to them should be treated as the same asset (and as having been acquired at the same time) as the Ordinary Shares. The New Ordinary Shares and the beneficial interest in the Common Access Shares should together therefore have the same base cost as the Ordinary Shares which they replace.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

If any holders of Ordinary Shares, alone or together with persons connected with them, hold more than five per cent. of, or of any class of, the shares or debentures of Smith & Nephew such holders of Ordinary Shares will be eligible for the above treatment only if the Scheme is effected for bona fide commercial reasons and does not form part of a scheme or arrangements of which the main purpose, or one of the main purposes, is avoidance of liability to capital gains tax or corporation tax. Holders of Ordinary Shares should be aware that an application for clearance under section 138 Taxation of Chargeable Gains Act 1992 has not been made to confirm that this is the case.

A subsequent disposal of all or any New Ordinary Shares (together with the related beneficial interest in Common Access Shares) acquired under the Scheme may result in a liability to UK taxation depending on individual circumstances.

For the purposes of UK tax on chargeable gains, a holder of ADSs is treated as holding a beneficial interest in the underlying shares. In practice, no liability to UK tax is likely to arise to a holder of Smith & Nephew ADSs on the cancellation of existing Smith & Nephew ADSs in return for the issue of Smith & Nephew Group ADSs.

Shareholders should be aware of an anti-avoidance provision, section 703 Taxes Act 1988, which the Inland Revenue may apply where they have reason to believe generally that a person obtains a tax advantage in consequence of a "transaction in securities". However, in the opinion of the Company and its taxation advisers, these provisions should not apply to the Scheme.

8.3 Dividends

Smith & Nephew Group Shareholders will, in certain circumstances, have made or be deemed to have made an election to receive dividends payable after the Scheme on the Common Access Shares instead of their New Ordinary Shares in which case their UK tax position with regard to dividends will be no different to that which would have applied had they continued to hold and receive dividends on their Ordinary Shares. Smith & Nephew Group Shareholders who have not made or been deemed to have made an election will receive dividends payable after the Scheme on their New Ordinary Shares directly from Smith & Nephew Group.

Further information about the tax treatment of dividends paid on both the Common Access Shares and the New Ordinary Shares is set out in the Listing Particulars and further information about the elections in relation to the Common Access Shares is set out in Part VI of this document.

8.4 Stamp duty and stamp duty reserve tax

No stamp duty or SDRT should generally be payable on the subdivision of the Scheme Shares, the cancellation of the Subdivided Shares or the issue of New Ordinary Shares (together with the Common Access Shares) under

the Scheme. However special rules may apply to shares held in or issued to depository receipt or clearance service arrangements. No stamp duty or SDRT should generally be payable by holders of Smith & Nephew ADSs in connection with the Scheme. It is understood that SIS SegInterSettle has made an election with the UK Inland Revenue, such that New Ordinary Shares listed on the SWX Swiss Exchange should not be liable for a stamp duty or SDRT charge of 1.5 per cent. which may otherwise apply to shares entering depository receipt

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

or clearance service arrangement. However, such elections may be terminated on 30 days' notice, which would result in a stamp duty or SDRT charge of 1.5 per cent. on any New Ordinary Shares held within that system at the time of such termination.

8.5 Cancellation and Repayment of Preference Shares

The cancellation and repayment of the Preference Shares will constitute a chargeable disposal for Preference Shareholders for the purposes of UK capital gains tax or UK corporation tax on chargeable gains.

The cancellation and repayment of the Preference Shares is not subject to stamp duty or stamp duty reserve tax.

9. US taxation

US holders of Ordinary Shares should consult their own tax advisers concerning the US federal income tax consequences of the Scheme in light of their particular situation as well as any consequences arising under applicable US and non US state, local or other tax laws.

The following section sets out certain US federal income tax consequences of the Scheme and of the ownership of New Ordinary Shares and Smith & Nephew Group ADSs after the Scheme Effective Date. This analysis is limited to describing considerations that may be relevant to a "US holder" which, for purposes of this section, is a beneficial owner of Ordinary Shares or Smith & Nephew ADSs or, after the Scheme Effective Date, New Ordinary Shares or Smith & Nephew Group ADSs, and who, for US federal income tax purposes, is

- o a US citizen or resident,
- o a corporation or partnership created or organized in or under the laws of the United States, or
- o an estate or trust treated as a United States person under Section 7701(a)(30) of the US Internal Revenue Code of 1986, as amended, which we refer to as the "Internal Revenue Code".

For US federal income tax purposes, a US holder of ADSs will be treated as the beneficial holder of the underlying shares represented by the ADSs. Accordingly, in the discussion below, no distinction will be made between a US holder of Ordinary Shares and a US holder of Smith & Nephew ADSs.

This section does not address the tax consequences to US holders subject to special rules, such as persons operating clearance and/or depository services, tax-exempt entities, certain insurance companies, broker-dealers, financial institutions, traders in securities that elect to mark to market, holders liable for alternative minimum tax, holders that actually or constructively own 10 per cent. or more of the voting shares of Smith & Nephew or Smith & Nephew Group or 5 per cent. or more of the total voting power or the total value of the shares of Smith & Nephew Group, holders that hold Ordinary Shares or New Ordinary Shares as part of a straddle or a hedging or conversion transaction or holders whose functional currency is not the US dollar. This discussion assumes that US holders of Ordinary Shares or New Ordinary Shares hold their shares as capital assets. This discussion also does not apply to US holders who acquired their Ordinary Shares through the exercise of employee share options or otherwise as compensation or through a tax-qualified retirement plan. In addition, special rules, not discussed in this document, may apply to persons investing in Smith & Nephew or Smith & Nephew Group through entities treated for US federal income tax purposes as partnerships, and those persons should consult their own tax advisors in that regard.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

This discussion is based on the tax laws of the United States, including the Internal Revenue Code, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, as in effect on the date of this document, all of which are subject to change or change in interpretation, possibly with retroactive effect.

9.1 The Scheme

In the opinion of Smith & Nephew's US tax counsel, US holders of Ordinary Shares and Smith & Nephew ADSs should not recognize any gain or loss for US federal income tax purposes as a result of the cancellation of their Ordinary Shares and the receipt of New Ordinary Shares and the beneficial interest in Common Access Shares issued under the terms of the Scheme. The New Ordinary Shares and Common Access Shares should have a

47

holding period that includes the holding period of the Ordinary Shares cancelled in the Scheme and a combined tax basis equal to the tax basis of the Ordinary Shares cancelled in the Scheme.

Counsel's opinion is based, in part, on certain assumptions and on written representations made by Smith & Nephew. Notwithstanding counsel's opinion, no statutory, judicial or administrative authority exists which directly addresses certain aspects of the Scheme and the New Ordinary Shares and Common Access Shares. An opinion of counsel is not binding on the US Internal Revenue Service or any court. Among other things, it is possible that the US Internal Revenue Service could take the position that any enhancement in the value of the Common Access Shares attributable to the deed of support (described in Part VI of this document) entered into between Smith & Nephew Group and Smith & Nephew constitutes taxable "boot". However, Smith & Nephew believes that its earnings will be sufficient, on a stand-alone basis, to fund the expected dividends on the Common Access Shares and therefore that any such enhancement in value is nominal.

9.2 Transfer of New Ordinary Shares and Common Access Shares

Smith & Nephew Group Shareholders who sell or otherwise dispose of their New Ordinary Shares will also be deemed to have sold their interest in the corresponding Common Access Shares. Generally such shareholders will recognize capital gain or loss for US federal income tax purposes equal to the difference between the US dollar value of the amount realized and their combined tax basis, determined in US dollars, in the New Ordinary Shares and Common Access Shares sold or disposed of. Capital gain of a non-corporate US holder is generally taxed at a maximum rate of 20 per cent. if the New Ordinary Shares and Common Access Shares were held for more than one year, or 18 per cent., if the holding period for the New Ordinary Shares and Common Access Shares (including, if relevant, the holding period attributable to the Ordinary Shares) begins after December 31, 2000, and the New Ordinary Shares and Common Access Shares are held for more than five years. The gain or loss will generally be income or loss from sources within the United States for foreign tax credit limitation purposes.

9.3 Dividends and Distributions

Whether a Smith & Nephew Group Shareholder receives a dividend with respect to his New Ordinary Shares or Common Access Shares, the gross amount of such dividend, before reduction for any withholding taxes, will be treated as ordinary income to the extent paid out of current or accumulated earnings and

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

profits of the payor, as determined for US federal income tax purposes. Distributions in excess of such current and accumulated earnings and profits will be treated as a return of capital to the extent of such shareholder's tax basis in his New Ordinary Shares or Common Access Shares, as the case may be, and thereafter as capital gain. In the case of a dividend with respect to the Common Access Shares, there is some uncertainty as to whether the foregoing determinations are made by reference to the earnings and profits of Smith & Nephew Group or Smith & Nephew. However, neither Smith & Nephew Group nor Smith & Nephew expects to pay any dividends that would cause this uncertainty to have any practical significance.

Dividends will be income from sources outside the United States for foreign tax credit limitation purposes, but generally will be "passive income", which is treated separately from other types of income for foreign tax credit limitation purposes. Dividends will not be eligible for the dividends-received deduction generally allowed to US corporations in respect of dividends received from other US corporations. The amount of the dividend distribution included in income of a US holder will be the US dollar equivalent of any dividend distributions made in a foreign currency, determined at the spot exchange rate on the date such dividend distribution is included in the income of the US holder, regardless of whether the payment is in fact converted into US dollars. Generally, any gain or loss resulting from currency exchange fluctuations during the period from the date the dividend distribution is included in income to the date such dividend distribution is converted into US dollars will be treated as ordinary income or loss. Such gain or loss will generally be income from sources within the United States for foreign tax credit limitation purposes.

Subject to certain limitations, any tax withheld and paid over to a foreign government may be creditable against the US holder's US federal income tax liability. To the extent a refund of the tax withheld is available to a US holder under the laws of the foreign jurisdiction, the amount of tax withheld that is refundable will not be eligible for credit against the US holder's US federal income tax liability, whether or not the refund is actually obtained.

9.4 Backup Withholding

In general, a non-corporate US holder may be subject to US backup withholding tax at a rate of 30 per cent. (which rate is scheduled to be reduced periodically through 2006) on gain with respect to dividends paid within the United States, if the US holder:

48

- o fails to provide an accurate taxpayer identification number;
- o is notified by the US Internal Revenue Service regarding a failure to report all interest or dividends required to be shown on its federal income tax returns; or
- o in certain circumstances, fails to comply with applicable certification requirements.

A refund of any amounts withheld under the backup withholding rules that exceeds the US federal income tax liability of a US holder may be obtained by filing a refund claim with the US Internal Revenue Service.

SMITH & NEPHEW GROUP ARTICLES

The Smith & Nephew Group Articles, following implementation of the Scheme, will take the same form as the Smith & Nephew Articles in force prior to the Scheme EGM save for the matters set out below:

1. Common Access Shares

A number of provisions have been incorporated in the Smith & Nephew Group Articles relating to the implementation of the Common Access Share structure. These relate to the entitlement of Smith & Nephew Group Shareholders to a beneficial interest in Common Access Shares in the capital of Smith & Nephew as a result of their holdings of New Ordinary Shares, the mechanism whereby Smith & Nephew Group Shareholders may elect to receive dividends on their New Ordinary Shares directly from Smith & Nephew Group or from Smith & Nephew through the Common Access Shares, and the mechanism for the declaration of those dividends. These provisions are summarised in Part VI of this document.

2. Preference Shares

References to the Preference Shares and the rights of those shares, including details relating to the variation of those rights are not included in the Smith & Nephew Group Articles since Smith & Nephew Group will have no preference shares in issue following the Scheme. The "Variation of Rights" article has also been redrafted to clarify the position following the removal of the preference share rights but, to the extent that the share capital of Smith & Nephew Group is ever divided into more than one class of shares, will have the same effect as the existing provision in the Smith & Nephew Articles.

3. Borrowing Powers

The borrowing powers of Smith & Nephew Group will differ from both those expected to be adopted by Smith & Nephew at its Annual General Meeting to be held on 29 April 2003 and from the current Smith & Nephew Articles. The Smith & Nephew Group borrowing powers differ from the existing borrowing powers in that (i) prior to the Settlement Date they shall not exceed the borrowing powers of Smith & Nephew from time to time and (ii) after the Settlement Date the calculation of total consolidated reserves for the purposes of the borrowing powers in the Smith & Nephew Group Articles relates to the Combined Group and any goodwill on the acquisition of businesses that had previously been set off against such reserves (to the extent that the businesses have not been discontinued or disposed of) after deducting any permanent decrease in the value of such businesses, is to be added back to such consolidated reserves.

4. Authorities Relating to Sections 80 and 89 of the Act

The Smith & Nephew Articles contain provisions that authorise the Board to allot securities pursuant to section 80 of the Act and to disapply section 89 of the Act. These provisions have not been replicated in the Smith & Nephew Group Articles as Smith & Nephew Group will ask shareholders to approve such authorisations in general meetings.

5. General Meetings and Board Meetings

The Smith & Nephew Group Articles contain a provision that if a general meeting is not held in Switzerland then, unless the directors otherwise resolve, arrangements will be made for a satellite meeting place in Switzerland. The Smith & Nephew Group Articles provide that notices of general meetings must be published in one newspaper circulating in the United Kingdom and one newspaper circulating in Switzerland. The Smith & Nephew Group Articles state that all board meetings shall take place in Switzerland. These

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

provisions are not contained in the current Smith & Nephew Articles. The quorum for a board meeting of Smith & Nephew Group is three, the quorum for a board meeting of Smith & Nephew is two.

PART VI

COMMON ACCESS SHARE STRUCTURE

1. Introduction

Each New Ordinary Share will confer on the relevant Smith & Nephew Group Shareholder a beneficial interest in one Common Access Share, legal title to which will be registered at all times in the name of the Trustee, who will hold it on trust absolutely for Smith & Nephew Group Shareholders. The Common Access Shares will enable Smith & Nephew Group Shareholders to receive dividends from Smith & Nephew (which is and will be tax resident in the United Kingdom) rather than from Smith & Nephew Group (which is and will be tax resident in Switzerland) in respect of their relevant New Ordinary Shares. Were Smith & Nephew Group Shareholders (other than those resident in Switzerland) to receive dividends from Smith & Nephew Group they would, under current tax laws in Switzerland, suffer withholding tax at 35 per cent. However, under domestic law, Swiss tax residents may obtain a refund or tax credit in the full amount of the withholding tax. For non-residents, some relief may be granted under the terms of double tax treaties.

Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group outside Switzerland (other than those who hold their New Ordinary Shares through a Swiss Clearing System) will be deemed to have made an election to receive dividends from Smith & Nephew and therefore they will not need to take any action in order to receive dividends from Smith & Nephew. Those Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group outside Switzerland who wish to receive dividends from Smith & Nephew Group rather than from Smith & Nephew, will need to give Smith & Nephew Group written notice thereof. A form pursuant to which Smith & Nephew Group Shareholders can give such written notice to Smith & Nephew Group will be available from Smith & Nephew Group. Shareholders are advised to seek independent financial and taxation advice before deciding whether or not to give any such written notice to Smith & Nephew Group.

Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group in Switzerland or who hold their New Ordinary Shares through a Swiss Clearing System, will, if they wish to receive dividends from Smith & Nephew as opposed to dividends from Smith & Nephew Group, need to give Smith & Nephew Group written notice thereof. A form pursuant to which Smith & Nephew Group Shareholders can give such written notice to Smith & Nephew Group will be available from Smith & Nephew Group. Shareholders are advised to seek independent financial and taxation advice before deciding whether or not to give any such written notice to Smith & Nephew Group.

All New Ordinary Shares represented by Smith & Nephew Group ADSs will be deemed to have made an election to receive dividends from Smith & Nephew, which election will not be able to be changed by the holders of the Smith & Nephew ADSs representing such new Ordinary Shares. Consequently, holders of Smith & Nephew Group ADSs will receive dividends related to

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

those Smith & Nephew Group ADSs from Smith & Nephew rather than from Smith & Nephew Group. Holders of Smith & Nephew Group ADSs who wish to make an election to receive dividends from Smith & Nephew Group should take steps to present their Smith & Nephew ADRs to the Depositary for cancellation and delivery of New Ordinary Shares (so as to become record holders of New Ordinary Shares) and then make the appropriate election.

The Smith & Nephew Group board may from time to time resolve to suspend the operation of the dividend access arrangements provided by the Common Access Share structure, in which event all dividends would be paid by Smith & Nephew Group.

This Part VI describes the Common Access Shares and the various arrangements between Smith & Nephew Group, Smith & Nephew and the Access Trust. This Part VI assumes that the Acquisition has completed and that the Scheme has become effective. Certain terms used in this Part VI are defined in section 4 of this Part VI.

The following is a simplified illustration of the Common Access Share structure:

2. Key features of the Common Access Share structure

Smith & Nephew Group will have a full listing on the Official List of the UK Listing Authority, but will be resident in Switzerland for tax purposes. It is also intended that Smith & Nephew Group will have a secondary listing on the SWX Swiss Exchange.

Smith & Nephew will be a subsidiary of Smith & Nephew Group and will no longer be listed on the Official List.

The Trustee of the Access Trust will be a UK registered company, in which the legal title to all Common Access Shares will be registered and which it will hold on trust for the holders of New Ordinary Shares. The directors of the Access Trust will be two Smith & Nephew Group directors and the Access Trust will be a wholly owned subsidiary (directly or indirectly) of and (to the extent required) funded by Smith & Nephew Group.

3. Smith & Nephew Group Shareholders

The Common Access Shares will permit Smith & Nephew Group Shareholders or any subset of them to receive dividends from Smith & Nephew rather than from Smith & Nephew Group. Each New Ordinary Share will confer on the relevant Smith & Nephew Group Shareholder the beneficial interest in one Common Access Share, legal title to which will be registered at all times in the name of the Trustee, who will hold it on trust absolutely for the benefit of Smith & Nephew Group Shareholders. A Smith & Nephew Group Shareholder will not be entitled to call for the Access Trust to transfer legal title to any of the Common Access Shares to him.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

The Common Access Shares will enable Smith & Nephew Group Shareholders to elect to receive dividends from Smith & Nephew (which is and will be tax resident in the United Kingdom) rather than from Smith & Nephew Group (which is and will be tax resident in Switzerland) in respect of their New Ordinary Shares. Were Smith & Nephew Group Shareholders (other than those resident in Switzerland) to receive dividends from Smith & Nephew Group they would, under current tax laws in Switzerland, suffer withholding tax at 35 per cent. (however, under domestic law, Swiss tax residents may obtain a refund or tax credit in the full amount of the withholding tax; for non-residents, some relief may be granted under the terms of double tax treaties).

Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group outside Switzerland (other than those who hold their New Ordinary Shares through a Swiss Clearing System) will be deemed to have made an election to receive dividends from Smith & Nephew and therefore they will not need to take any action in order to receive dividends from Smith & Nephew. Those Smith & Nephew Group Shareholders with an address on the register of members of Smith & Nephew Group outside Switzerland who wish to receive dividends from Smith & Nephew Group rather than from Smith & Nephew, will need to give Smith & Nephew Group written notice thereof. A form pursuant to which Smith & Nephew Group Shareholders can give such written notice to Smith & Nephew Group will be available from Smith & Nephew Group. Shareholders are advised to seek independent financial and taxation advice before deciding whether or not to give any such written notice to Smith & Nephew Group.

The Smith & Nephew Group Articles state that each Smith & Nephew Group Shareholder shall have the right to a beneficial interest in one Common Access Share per New Ordinary Share held. Therefore, upon the issue by Smith & Nephew Group of New Ordinary Shares, Smith & Nephew Group will procure the issue to the Access Trust of an equal number of fully paid Common Access Shares.

In default of such resolution in respect of any such declaration and payment of a dividend, the provisions shall be deemed to apply to the declaration and payment of that dividend.
- 5.6 Provided that (unless a Total Election Condition subsists) a Related Dividend (defined in section 5.7 below) has been declared (whether or not conditionally) by Smith & Nephew, no dividend will be declared upon those New Ordinary Shares in respect of which a Valid Dividend Election shall be subsisting as at the Relevant Time for that particular dividend.

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

the dividend declared on the New Ordinary Shares is a cash dividend:

- (a) in the case of a final dividend on the New Ordinary Shares, at a General Meeting of Smith & Nephew Group (convened for the purpose of approving the final dividend on the New Ordinary Shares) notice of which is announced or issued within 30 days of the date of declaration of the dividend on the Elected Shares;
- (b) in the case of an interim dividend on the New Ordinary Shares, where an announcement by Smith & Nephew Group specifying the date for the payment of the interim dividend is issued within 30 days of the date of declaration of the dividend on the Elected Shares,

and a dividend shall be deemed to have been declared by Smith & Nephew notwithstanding that such declaration may be expressed to be conditional upon a dividend being declared on the New Ordinary Shares.

Capital

56

- (e) fifthly, in distributing to the holders of the Access Shares an amount equal in aggregate to five per cent. (subject to adjustment) of the remaining assets of Smith & Nephew available for distribution; and
- (f) lastly, in distributing the balance amongst holders of ordinary shares in the capital of Smith & Nephew.

Voting

6.5 An Access Share does not entitle the holder to receive notice of or to attend or vote at any general meeting of Smith & Nephew.

Other Rights

6.6 An Access Share shall not confer on the holder thereof any further

Edgar Filing: SMITH & NEPHEW PLC - Form 6-K

entitlement to any participation in the profits of Smith & Nephew.

7. Access Trust

- 7.1 The Trustee of the Access Trust is an English registered limited company whose sole purpose is, pursuant to the terms of the Trust Deed, to hold the Access Shares on trust for Smith & Nephew Group Shareholders.
- 7.2 The Access Trust has agreed to hold each Access Share, and any further Access Shares which may from time to time be allotted to it upon trust for Smith & Nephew Group Shareholders, absolutely in accordance with the Articles of Association of Smith & Nephew and Smith & Nephew Group.
- 7.3 The Trustee shall, on receipt, whether directly or indirectly, of any cash dividend declared by Smith & Nephew in respect of Elected Shares distribute or procure the distribution of the same (subject to any deduction or withholding required by law) to the Dividend Beneficiaries in respect of that cash dividend, each such Dividend Beneficiary to be entitled, subject as hereinafter provided, to receive an amount (the "Relevant Amount") equal to A/B where A is equal to the number of Elected Shares of that Dividend Beneficiary at the Relevant Time for the relevant dividend and B is equal to the aggregate number of Elected Shares of the Dividend Beneficiaries at the Relevant Time for the relevant dividend PROVIDED that the proportions shall be adjusted accordingly by the Trustee if any New Ordinary Shares held by a Dividend Beneficiary are not fully paid as at the Relevant Time for the relevant dividend.
- 7.4 Any distribution to the Dividend Beneficiaries is, where relevant, to be made on the same day, as nearly as practicable, as the date upon which the Related Dividend (as defined in section 6.3 above) is payable to the holder of such New Ordinary Shares.
- 7.5 The Trustee shall hold any dividend (subject to any deduction or withholding required by law) unclaimed by a Dividend Beneficiary on bare trust for the relevant Dividend Beneficiary. To the extent that such unclaimed dividend shall accrue any interest, such interest shall be held by the Trustee on bare trust for the Dividend Beneficiary and upon the dividend being claimed any such interest shall be paid (less any reasonable costs incurred by the Trustee in retaining such dividend and making efforts to discover the whereabouts of the Dividend Beneficiary) to the relevant Dividend Beneficiary together with the dividend. Any dividend which has remained unclaimed for twelve years from the date when it became due for payment shall be forfeited and cease to remain owing to the Dividend Beneficiary and shall be payable (together with any accrued interest) to Smith & Nephew.
- 7.6 If any Dividend Beneficiary elects, or has elected to participate in any share dividend or distribution reinvestment plan of Smith & Nephew Group, the Trustee shall, instead of distributing the Relevant Amount (or the relevant part thereof) to that Dividend Beneficiary, apply the same on behalf of such Dividend Beneficiary in subscribing for New Ordinary Shares payable in full or by instalments or in paying up in full or by instalments any unpaid or partly paid New Ordinary Shares held by such Dividend Beneficiary on the terms of any such plan or otherwise make such arrangements as are necessary for the purposes of enabling a Dividend Beneficiary who so elects to participate in any such share dividend or distribution reinvestment plan made by Smith & Nephew Group for the benefit of holders of its New Ordinary Shares.

7.7 If the Trustee receives, whether directly or indirectly, any distribution of assets from Smith & Nephew in respect of the entitlement of Access Shares to funds on a liquidation of Smith & Nephew, the Trustee shall distribute or procure the distribution of the same to Smith & Nephew Group Shareholders as at the date of liquidation (as determined by the Trustee), each Smith & Nephew Group Shareholder being entitled, subject as hereinafter provided, to a proportionate share in the assets equal to A/B, where A is equal to the number of New Ordinary Shares registered in the name of that Smith & Nephew Group Shareholder as at the date of liquidation (as so determined by the Trustee) and B is equal to the aggregate number of New Ordinary Shares in issue at the date of liquidation (as so determined by the Trustee) PROVIDED that the proportions shall be adjusted accordingly by the Trustee if any New Ordinary Shares held by a Smith & Nephew Group Shareholder are not fully paid as at the date of liquidation (as so determined by the Trustee).

8. Deed of Consultation

Pursuant to the terms of a deed of consultation to be made between Smith & Nephew Group and Smith & Nephew, the parties have agreed not to announce a dividend or the intention to pay a dividend unless Smith & Nephew has sufficient distributable reserves to pay that proportion of the aggregate dividend (which would otherwise have been paid by Smith & Nephew Group) which represents the proportionate share of those Smith & Nephew Group Shareholders who have elected (or are deemed to have elected) to receive dividends from Smith & Nephew.

need not be a member of the Company.

3. To be valid, a form of proxy and the power of attorney or other authority (if any) under which it is signed or a notarially certified copy of that power of attorney must be deposited at the Company's Registrars, Lloyds TSB Registrars at The Causeway, Worthing, West Sussex BN99 6AP not later than 10.10 a.m. on Saturday 17 May 2003, being 48 hours prior to the meeting. In addition, a proxy may be submitted electronically at www.sharevote.co.uk using the reference and account numbers set out in the Forms of Proxy. Alternatively, members of CREST may use the CREST electronic proxy appointment service, details of which are set out below. In either case, such electronic proxy appointment must be received not later than 48 hours before the time appointed for the meeting. Deposit of a valid form of proxy will not preclude a member from attending the meeting and voting in person.
4. A copy of the new Articles of Association of the Company proposed by the above resolution (together with a copy showing the alterations from the existing Articles of Association of the Company) will be available for inspection at the registered office of the Company during the meeting and for not less than 15 consecutive days prior to the meeting.
5. CREST members who wish to appoint a proxy or proxies through the CREST electronic proxy appointment service may do so for the Scheme EGM and any adjournments thereof by using the procedures described in the CREST manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly authenticated in accordance with CRESTCo's specifications and must contain the information required for such instructions, as described in

the CREST manual. The message, regardless of whether it relates to the appointment of a proxy or to an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID 7RA01) not later than 48 hours before the time appointed for the meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the time stamp applied to the message by the CREST applications host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.

CREST members and, where applicable, their CREST sponsors or voting service providers should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limits will therefore apply in relation to the input of CREST proxy instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST manual concerning practical limitations of the CREST system and

The completion and return of a Form of Proxy will not prevent a member who wishes to do so from attending and voting in person.

A holder of American Depositary Shares should complete a voting instruction card in relation to the voting rights attached to the ordinary shares represented by his or her American Depositary Shares and return the card to the Depositary, as indicated on the voting instruction card.
