To our Shareholders:

April 28, 2008

2007 was truly a watershed year in IMAX's 40-year history. We made significant progress in transitioning from film to a digital platform, introduced a new business model, had the best film year in our history and signed 144 new systems 110 of which were joint ventures on an existing network of approximately 300 open theaters. Despite our strategic achievements, the year was challenging from a financial perspective as we dealt with the effects of moving from film to digital and the impact of financial restatements and other regulatory issues. That said, we believe the business is in the process of emerging from this transitional period, and several recent positive developments leave us very well positioned as we head into the second half of 2008, 2009 and the next exciting phase of our growth.

As we entered fiscal 2007, we knew a transition to digital and the development of a more attractive business model focusing on recurring revenues could dramatically expand our potential in many ways. We are pleased to note that we now believe that the foundation for our new business model is in place, and we closed out the year with our digital development ahead of schedule, at a lower projected cost of goods sold and at an estimated higher gross margin than originally budgeted. We accelerated the delivery date of the first digital systems by about six months, in spite of the technical complexity associated with developing this product. We also expect to come in approximately \$2 million under budget with respect to research & development costs. We are now at the stage of productizing our digital prototype, which has been operating for several months near our corporate headquarters in Ontario, and are on track to have systems in the field and operating by the end of June, with a larger-scale rollout two to three months after that.

We are more convinced than ever of digital's crucial importance to IMAX and our future as a business. First, the transition to digital will help facilitate a more rapid build-out of the IMAX network by removing print costs from the system. Second, because of the print savings, the transition to digital will enable us to exhibit even more Hollywood films on IMAX screens, up to ten or more a year compared to six or seven now, and also enjoy enhanced programming flexibility, including the ability to show live-action events in IMAX. Third, digital lowers installation costs for exhibitors by about \$100,000, which, with more films, will help drive the returns in our sales and joint venture models. Studios will enjoy a higher return on each picture with no print costs, which provides an incentive for studios to release even more of their blockbuster films in IMAX, and to do so year-round. Exhibitors will also benefit from digital, both through lower installation costs and more film product, which should translate into higher revenues and greater per theater profitability. And we have, in fact, already begun to see the impact of digital on exhibitors. After averaging between 25-35 theater signings a year in recent years, we have signed agreements for 173 systems in just the last two quarters, with 170 of them being IMAX® Digital systems. We are thrilled that exhibitors have embraced this product with encouraging enthusiasm and that the IMAX story has moved, in many ways, from one of development to one of execution and implementation.

A good example of this momentum is our announcement in March of a 35-theater lease deal with RACIMEC to install IMAX Digital projection systems in South and Central America and the Caribbean. Announcements of this magnitude reflect a new level of activity for the Company, with significant interest being generated at a level unlike any we have seen before.

The planned launch of digital has also played a crucial role in spurring and supporting our joint venture initiative. Early in 2007 we signed two JVs with Regal Cinemas, who then came back to us and signed a five-JV deal in October and then a 31-system all-digital deal in March of this year. Regal's JVs are performing extremely well to date. In December of 2007, AMC Theatres signed a 100-theater, all-digital joint venture deal with us. This deal was key for us not only in that it is the largest and most expansive in IMAX's history, but also because we believe it is transformational for the Company from a strategic, and ultimately financial, point of view. This deal, along with the expanded Regal deal, is expected to introduce significantly more recurring margin into our business model, double

the size of the existing IMAX commercial network in North America and almost triple the number of IMAX® theaters in North American multiplexes.

With respect to other significant accomplishments in fiscal 2007, we signed a four-picture deal with DreamWorks Animation to release the studio's first three 3D films in IMAX 3D, which bolstered our visibility in the industry and, importantly, further validated our digital strategy. These releases will include *Monsters vs. Aliens 3D* in March 2009, *How to Train Your Dragon 3D* in March 2010 and *Shrek Goes Forth 3D* in May 2010. In addition, we will release *Kung Fu Panda* in our 2D format on June 6, 2008. We are delighted to have entered into this new and important studio relationship, and note that last year we also began working for the first time with Paramount Pictures, the studio that distributes DreamWorks Animation's films. Later this year we very much look forward to the release of two highly anticipated films, *The Dark Knight* in July and *Harry Potter and the Half-Blood Prince* in November. Both films will be distributed by our longstanding partner Warner Bros. Pictures.

Regarding film performance, in 2007 we generated \$145 million for Hollywood releases, which is 56% higher than the \$93 million that the IMAX theater network grossed for IMAX DMR® films during 2006. This translated into an 81% gain for IMAX's share of DMR gross box office from 2006 to 2007. On a same store basis, which tracks only those theaters showing DMR films that were open a year ago and therefore strips out the growth of the network, GBO increased 48% to \$1.3 million in revenues per screen. For IMAX this translates into higher film royalties and theater participation, and for studios and exhibitors it translates into higher profits.

Clearly, 2007 was a very busy year for us, and we are extremely gratified to see our key initiatives already beginning to bear fruit. We believe that our focus and progress with respect to film performance, joint ventures, our digital initiative and theater signings leaves IMAX extremely well positioned for the future, with a compelling operating strategy and business model. Although 2007 bore the brunt of these initiatives from a financial perspective, we are confident we will enjoy better results beginning in the fourth quarter of 2008 and a profitable year in 2009.

Our progress in 2007 would not have been possible without the efforts of our employees. We are grateful for their many contributions, as well as for the support of shareholders, exhibitors and the studios who work with us to make the immersive IMAX experience possible. We look forward to reporting to you on our continued progress in 2008 and beyond.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy and Objectives

The Company's compensation programs are designed to attract and retain key employees, motivating them to achieve and rewarding them for superior performance. The Company believes that the most effective executive compensation program is one designed to reward the achievement of annual, long-term and strategic goals by the Company, and which aligns the executives' interests with those of the shareholders by rewarding performance above established goals, with the ultimate objective of improving shareholder value. The Company evaluates both performance and compensation to ensure that the Company's compensation philosophy and objectives are met and that compensation provided to the executives remains competitive relative to the compensation paid to similarly situated executives. To that end, the Company believes executive compensation packages provided to its executives, including the Named Executive Officers, as defined under "Summary Compensation Table" below, should include both cash and equity-based compensation that reward performance as measured against established goals.

Based on the foregoing philosophy and objectives, the Company has structured its annual and long-term incentive-based cash and non-cash executive compensation programs to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals.

Executive Compensation Components and Process

Compensation decisions for the Co-Chief Executive Officers (the "Co-CEOs") with respect to the renewal of the Co-CEOs employment agreements in December 2007 were made by the Compensation Committee. The Compensation Committee is currently composed of Messrs. Girvan (Chairman), Braun, Copland, Leebron and Utay, all Independent Directors. A director is determined to be independent when he or she meets the requirements of Rule 4200(a)(15) of the NASDAQ Marketplace Rules and Section 1.4 of Multilateral Instrument 52-110 (an "Independent Director"). All compensation and renewal of employment decisions for the Co-CEOs in 2007 were made by either the Compensation Committee or the Independent Directors acting as the Compensation Committee.

The Compensation Committee is responsible for setting objectives for the Co-CEOs, assessing their performance on a periodic basis and recommending compensation arrangements to the Board of Directors. The Compensation Committee operates under a written charter adopted by the Company's Board of Directors. From April 12, 2006 to September 10, 2007 the duties and responsibilities of the Compensation Committee were performed by the Independent Directors, including the determination of the 2006 bonus to be paid to each of the Co-CEOs and the renewal of the Co-CEOs employment agreements in February 2007. In September 2007, Messrs. Girvan (Chairman), Braun, Copland, Leebron and Utay were appointed to the Compensation Committee. The Compensation Committee made recommendations to the Board of Directors with respect to the renewal of the employment agreements of the Co-CEOs in December 2007 as well as the bonus to be paid to each of the Co-CEOs in respect to 2007, which were implemented by the Company.

Compensation of the Company's employees is established through guidelines set by the Board of Directors. Decisions regarding equity and non-equity compensation of other executive officers are made by the Co-CEOs and, in the case of grants of stock options, approved by the Option Committee. The Co-CEOs annually review the performance of each member of the executive team, including the Named Executive Officers, and reach certain conclusions and recommendations based on these reviews, including decisions with respect to base salary, performance-based incentive compensation and long-term equity incentive compensation, which are then implemented by the Company.

In making compensation decisions, the Company periodically compares each element of total compensation against a peer group survey data provided by its independent compensation consultants, Mercer Human Resources Consulting (Mercer) and industry specific published survey sources, which includes data from comparator companies based on headcount, geography and total revenue. The Company competes with many larger companies for top executive-level talent. As such, the Company generally sets compensation for executives at the 75th percentile of compensation paid to similarly situated executives of the companies comprising the peer group. Variations to this objective may occur as dictated by the experience level of the individual and market factors.

A percentage of total compensation is allocated to performance-based and long-term incentives as a result of the philosophy mentioned above. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Company annually determines the appropriate level and mix of incentive compensation. Income from such incentive compensation is realized as a result of the performance of the Company or the individual, depending on the type of award, compared to established goals.

For the fiscal year ended December 31, 2007, the principal components of compensation for Named Executive Officers were:

- base salary;
- performance-based incentive compensation;
- long-term equity incentive compensation;
- retirement and pension plans; and
- other personal benefits and perquisites.

Base Salary

The Company provides employees, including the Named Executive Officers, with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for Named Executive Officers are determined for each executive based on his or her position and responsibility and by using market data.

Base salary ranges are designed so that salary opportunities for a given position will generally be within 80% and 120% of the midpoint. During its review of base salaries for employees, including Named Executive Officers, the Company primarily considers: market data provided by the Company's outside consultants; internal review of the executive's compensation, both individually and relative to other executive officers; and individual performance of the executive.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility or renewal of employment agreement.

Performance-Based Incentive Compensation

The Named Executive Officers, other than the Co-CEOs, receive a portion of their annual compensation in the form of cash bonuses under the Management Bonus Plan. Bonuses are awarded under this plan based on the Company achieving objective annual operating targets and the participating employee's achievement of personal performance standards.

50% of a participating Named Executive Officer's bonus is based upon achievement of corporate financial and operational objectives relating to earnings per share, theater signings and installations, film performance, technology development, and strategic initiatives. Upon completion of the fiscal year, the Company assesses the performance of the Company for each corporate financial and operational objective, comparing the actual fiscal year results to the stated objectives.

The remaining 50% of a participating Named Executive Officer's bonus is based upon achievement of certain personal objectives which are determined on an annual basis by the Named Executive Officer and the Co-CEOs. Examples of personal objectives may include business targets, operating, budgetary and/or managerial goals.

Long Term Incentive Compensation

The Company's long-term incentive compensation for certain employees, including the Named Executive Officers, is provided through grants of stock options, and in certain circumstances, through grants of stock appreciation rights (SARs).

The Company believes grants of stock options and SARs align employee incentives with shareholders because these awards have value only if the stock price increases over time.

Stock Options

The Company has a stock option plan (the SOP) under which the Company may grant options to officers, employees, consultants and eligible directors (the Participants) to purchase Common Shares on terms and conditions set out in the SOP.

The SOP received shareholder approval and is administered by the Board of Directors. The Board of Directors has delegated the responsibility of administering the SOP to the Option Committee. The Option Committee is currently composed of Messrs. Utay (Chairman) and Girvan, both Independent Directors. The Option Committee is responsible for performing the functions required of it under the SOP, including the grant of options to Participants under the SOP, subject to guidelines determined by the Company's human resources department and the Compensation Committee.

The number of stock options granted is determined by a competitive compensation analysis and is based on each Participant's salary range and responsibility. All awards of stock options are made at fair market value of the Company's Common Shares on the date of grant. Fair Market Value of a Common Share on a given date means the higher of the closing price of a Common Share on the grant date (or the most recent trading date if the grant date is not a trading date) on the NASDAQ/National Market System, The Toronto Stock Exchange (the TSX) and such national exchange, as may be designated by the Company's Board of Directors. Options are generally exercisable for a maximum period of 10 years from the date of grant, subject to earlier termination if the Participant's employment, consulting arrangement or term of office with the Company terminates. The Board of Directors or the Option Committee determines vesting requirements. If a Participant's employment, consulting arrangement or term of office with the Company terminates for any reason, options which have not vested are generally cancelled.

If the Participant's employment, consulting arrangement or term of office is terminated without cause or by reason of the Participant's resignation, death or permanent disability, the Participant (or the Participant's estate) will generally be entitled to exercise the Participant's vested options for a period thereafter. If the Participant's employment, consulting arrangement or term of office is terminated for cause, the Participant's vested options will be cancelled. All options granted immediately vest and become fully exercisable upon a change of control of the Company and the occurrence of other stated events. If the Participant is a party to an employment agreement with the Company or any of its subsidiaries and breaches any of the restrictive covenants in such agreement, the Participant's unexercised options will be cancelled. In determining the number of options to grant to the Named Executive Officers, consideration is given to information about stock option grants to executive officers in comparable companies of similar revenue, size and market segment or industry. In addition, consideration is given to the number of options granted to the Company's other executive officers. The Option Committee approves annual awards of stock options to executive officers. Eligible newly hired or promoted executives receive their award of stock options as soon as practicable following their hire or promotion. The Company accounts for stock-based payments including its SOP in accordance with the requirements of Financial Accounting Standards No. 123R, Share-Based Payment (SFAS 123R).

Stock Appreciation Rights

The Company may from time to time grant SARs to certain Named Executive Officers. The periodic use of SARs as a long-term incentive enables the Company to preserve capacity under the SOP while continuing to align employees incentives with the performance of the Company's stock. The SARs entitle recipients to receive cash from the Company for any increase in the Fair Market Value of the Common Shares from the Fair Market Value on the date of grant to the date of exercise of the SARs. The terms of SARs granted are described below under Employment Agreements and Potential Payments upon Termination or Change-in-Control.

The Company has the right but not the obligation to cancel at any time all, or from time to time any part, of the SARs and to replace the cancelled SARs with stock options, or at the Company's discretion, in certain circumstances, restricted shares.

Retirement and Pension Plans

The Company has an unfunded U.S. defined benefit pension plan covering its two Co-CEOs, the Supplemental Executive Retirement Plan (the SERP). The SERP provides for a lifetime retirement benefit from age 55, determined as 75% of the member's best average 60 consecutive months of earnings over the member's employment history.

Under the original terms of the SERP, once benefit payments begin, the benefit is indexed annually to the cost of living and further provides for 100% continuance for life to the surviving spouse. On March 8, 2006, the Company and the Co-CEOs negotiated an amendment to the SERP which reduced the related pension expense to the Company

effective January 1, 2006. The Company was represented by the Independent Directors, who retained Mercer and outside legal counsel to advise them on certain analyses regarding the SERP. Under the terms of the SERP amendment, the cost of living adjustment and surviving spouse benefits previously owed to the Co-CEOs are each reduced by 50%, subject to a recoupment of a percentage of such benefits upon a change of control of the Company, and the net present value of the reduced pension benefit payments is accelerated and paid out upon a change of control of the Company. The benefits were 50% vested as at July 2000, the SERP initiation date. The vesting percentage increases on a straight-line basis from inception until age 55. The vesting percentage of a member whose employment terminates other than for cause shall be 100%. On May 4, 2007, the Company amended the SERP to provide for the determination of benefits to be 75% of the member's best average 60 consecutive months of earnings over the member's employment history. The actuarial liability was remeasured to reflect this amendment. As of December 31, 2007, Mr. Wechsler's benefits were 100% vested while Mr. Gelfond's benefits were approximately 87% vested.

At the time the Company established the SERP, it also took out life insurance policies on the Co-CEOs with coverage amounts of \$21.5 million in aggregate. The Company may use the proceeds of the life insurance policies taken on its Co-CEOs towards the benefits due and payable under the SERP, although there can be no assurance that the Company will ultimately do so. As of December 31, 2007, the cash surrender value of the insurance policies was \$5.2 million.

A Co-CEO whose employment terminates other than for cause prior to August 1, 2010 will receive SERP benefits in the form of monthly annuity payments until the earlier of a change of control or August 1, 2010, at which time the Co-CEO shall receive remaining benefits in the form of a lump sum payment. A Co-CEO whose employment terminates other than for cause on or after August 1, 2010 shall receive SERP benefits in the form of a lump sum payment.

The Company maintains defined contribution pension plans for its employees, including its Named Executive Officers. The Company makes contributions to these pension plans on behalf of employees in an amount up to 5% of their base salary, subject to certain prescribed maximums. During the fiscal year ended December 31, 2007, the Company contributed an aggregate of \$15,802 to the Company's Canadian defined contribution plan on behalf of Mr. MacNeil and an aggregate of \$22,500 to the Company's defined contribution employee pension plan under Section 401(k) of the U.S. Internal Revenue Code on behalf of Messrs. Gelfond, Wechsler, Foster, Lister and Keighley.

Other Personal Benefits and Perquisites

The Company provides employees, including the Named Executive Officers, with other personal benefits and perquisites that the Company believes are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Company periodically reviews the levels of other personal benefits and perquisites provided to the Named Executive Officers to ensure competitiveness and value to employees.

The Named Executive Officers are provided use of Company automobiles, or car allowances, and participate in the retirement and pension plans described above.

The Named Executive Officers are entitled to receive a cash payment upon the executive's death through the Company's life insurance policies. In the event of the executive's death prior to actual retirement at age 65, the executive's designated beneficiaries would be entitled to receive a lump sum payment amount equal to one or two times his base salary, subject to prescribed maximums.

Attributed costs to the Company of the personal benefits and perquisites described above for the Named Executive Officers for the fiscal year ended December 31, 2007, are reported below in the "All Other Compensation" column of the Summary Compensation Table.

Change of Control Severance Agreements

The Company has entered into change of control severance agreements with certain key employees, including certain of the Named Executive Officers. The change of control severance agreements are designed to promote stability and continuity of senior management. The terms of these agreements for the Named Executive Officers are described below in "Employment Agreements and Potential Payments upon Termination or Change-in-Control".

Named Executive Officers Compensation for 2007

Summary of Direct Compensation

The Company believes that required disclosure for executive compensation in the Summary Compensation Table below presents compensation from a different perspective than what the Compensation Committee considers in making compensation determinations. One major difference between this perspective, as outlined in the Alternate Summary Compensation Table below, and the Summary Compensation Table is that the stock awards and option awards columns in the Summary Compensation Table report the expense recognized for financial statement reporting purposes in accordance with SFAS 123R and applicable SEC rules. The Alternate Summary Compensation Table below includes certain stock option grants made during 2007 but excludes grants made in previous years. Conversely, the Summary Compensation Table reports the accounting expense related to equity grants made in current and prior years which was applied during 2007. Because of the Company's adoption of SFAS 123R in 2006, the accounting treatment of equity and option awards varies substantially among our Named Executive Officers depending upon their eligibility for vesting of these awards.

The Alternate Summary Compensation Table below is designed to show the principal determinations made by the Company regarding 2007 compensation for the Named Executive Officers and does not include all the information

required to be shown with respect to 2007 in the Summary Compensation Table. This table is not a substitute for the Summary Compensation Table, which includes elements of compensation not shown below, including accounting recognition of stock and option awards made in prior years and in 2007, change in pension values assuming the earliest time at which a participant may retire under the SERP without any reduction due to age using the same assumptions used for financial statement purposes and the Company's cost of perquisites and other benefits.

Alternate Summary Compensation Table

The following table and the supplemental information in it has been included to provide investors with additional compensation information for the 2007 performance year and to better understand the views and actions of the Compensation Committee and the Company with respect to the Named Executive Officers' total direct compensation for 2007.

Named Executive Officers Performance-Based Incentive Compensation

Performance-based incentive compensation supports the Company's business objective of delivering positive annual strategic and operating results. As executives move to greater levels of responsibility, the percentage of their compensation at risk and based on performance increases. As a result, the Compensation Committee targeted incentive compensation for the Co-CEOs at 0-200% of salary. The Company targeted incentive compensation for the other Named Executive Officers, other than Mr. Keighley, at 0-100% of salary. The Company's targeted incentive compensation for Mr. Keighley is determined on the basis of profitability of David Keighley Productions 70MM Inc, a wholly-owned subsidiary of the Company. As discussed under "Performance-Based Incentive Compensation" above, awards under the Management Bonus Plan are made based on achievement of corporate objectives and a qualitative evaluation of individual performance. The Compensation Committee, with respect to the Co-CEOs and the Co-CEOs, with respect to the other Named Executive Officers, then make a qualitative assessment of the individuals performance.

Named Executive Officers Long-Term Incentive Compensation

In connection with evaluating compensation for 2007, the Company also considered the need to use incentives to retain the continuing members of the management team, the importance of promoting the continuity of the management team to face the continued challenges facing the Company, and to help solidify existing and new members of management into a high-performance team. Moreover, the Compensation Committee and the Co-CEOs believe that long-term incentive awards are important to preserving the continuity of executive leadership during important and strategic times, such as the Company's current transition to digital projection technology. The Compensation Committee and the Company concluded that grants of stock options and SARs with service based vesting conditions were the most appropriate vehicles for providing forward-looking incentives and retention to the continuing members of management.

To ensure significant retention value, the grants do not vest and will not be exercisable prior to the dates indicated in notes to the table below, absent an intervening event such as a change of control of the Company.

To determine the appropriate level of grant, the Company considered each executive's current position with and expected ongoing contribution to the Company, as well as the executive's prior compensation levels and equity awards. The Company determined that the size of the awards should bear a reasonable relationship to past compensation opportunities in order to reflect each individual's relative value to the Company going forward and provide substantial retention value. Additionally, the Company focused on the key terms of the grants to ensure they are appropriately forward looking and aspirational. Following these discussions and in consideration of the key terms of the awards, the following grants were approved for the Named Executive Officers in 2007:

| Name and Principal Position of Named Executive Officer | Grant Date | Stock | SARs | Grant Date |

Additional Factors Considered

In determining the compensation of the Co-CEOs outlined above, the Compensation Committee recognized in particular the strong progress achieved on the Company's three major strategic initiatives in 2007: the Company's introduction of a joint revenue sharing arrangement model for use by its commercial multiplex customer base; the development of the Company's new IMAX® Digital projection system; and securing access to prominent film content from major Hollywood studios. The Board of Directors recognized these three initiatives as being crucial to the Company's long-term operational and financial success. For the year 2007, the Company signed 110 joint revenue sharing arrangement agreements, the equivalent of more than three times the number of theater agreements the Company signed for all of 2006. In addition, the development of the Company's IMAX® Digital system has proceeded ahead of schedule and under budget, and the Company's film slate broke numerous IMAX box office records in 2007.

The Compensation Committee believes that long-term incentive compensation, including stock options and SARs, are the most effective vehicles to provide the Co-CEOs with a stake in the potential reward of their efforts, as the actual compensation realized from such awards is dependent on the Company's stock price performance over time. The Compensation Committee believes this creates a stronger linkage with shareholders' interests than base salary. Hence, while the Co-CEOs have received equity-based long-term incentive awards in recent years, they have not received a raise since their base salary was reduced to \$500,000 in 1997.

In determining the compensation of the other Named Executive Officers, the Company recognized: Mr. Sparacio's efforts in connection with increasing stability to the Company's financial controls and procedures and further improving the smooth flow of information to and from and throughout the Finance Department since succeeding Mr. MacNeil as Chief Financial Officer in August 2007; Mr. MacNeil's efforts as interim Chief Financial Officer in helping lead the Company through its 2007 restatement as contained in its 2006 10-K and 10K/A; Mr. Foster's role in overseeing the Company's most successful year in terms of film performance in its history; Mr. Lister's efforts in helping the Company handle numerous regulatory and legal matters in 2007; and Mr. Keighley's role in ensuring the quality control of the most prominent Hollywood film slate the Company has ever released.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Company's Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Circular.

The foregoing Compensation Committee Report, dated April 28, 2008, has been furnished by all members of the Compensation Committee: Messrs. Girvan (Chairman), Braun, Copland, Leebron and Utay, all independent members of the Board of Directors.

- (1) As required by SEC rules, the Stock Awards and Option Awards columns in this Summary Compensation Table reflect the aggregate expense (with no reductions for expected forfeitures) recognized in the Company's financial statements, in accordance with SFAS 123R, for the specified fiscal year for all of the Named Executive Officers outstanding stock and option awards, regardless of when they were granted. These amounts are also included in the Total column. As a result, the amounts in these columns are significantly affected by accounting rules relating to the timing of expense recognition for stock-based compensation and may be more or less than the value of the awards granted by the Company for performance in the specified fiscal year. These amounts should be reviewed in conjunction with the notes to this Summary Compensation Table. As a consequence of these rules, the recorded expense for individual employees may differ significantly depending on their personal circumstances, and this may have an impact on the amounts reported in this Summary Compensation Table for individual Named

Executive Officers.

- (2) This amount was paid under annual incentive arrangements that the Company has with the Named Executive Officer, as detailed below under Employment Agreements and Potential Payments upon Termination or Change-in-Control .
- (3) This amount reflects the increase in fair value of the Phantom Stock granted in 2000. Under the 1998 Agreements, each Co-CEO is to perform services with respect to the Company's business as may be reasonably requested from time to time by the Board of Directors and which are consistent with his position as Co-CEO. In addition, the Company is to use its best efforts to cause the Co-CEOs to be elected to the Board of Directors. In addition, a provision contained in their original employment agreements, dated March 1, 1994, was continued, whereby each Co-CEO is also entitled to receive, upon a sale of the Company, a cash bonus (Sale Bonus) in an amount equal to the product of (a) 0.375% and (b) the amount by which the sale or liquidation transaction imputes an equity value in excess of Canadian \$150,000,000 to the Common Shares

originally issued by the Company (on a fully diluted basis but excluding the Common Shares issued upon the conversion of the Class B convertible preferred shares of the Company formerly outstanding which were converted into Common Shares on June 16, 1994 and the Common Shares issuable upon the exercise of warrants owned by each of Messrs. Gelfond and Wechsler). As of December 31, 2007, the Sale Bonus was estimated by the Company to be between \$151,296 and \$376,259, depending upon the equity assumptions used in the relevant calculations. Under the 1998 Agreements, the Company is to equalize the Co-CEOs to the taxes which each of the Co-CEOs would have paid had he earned his employment compensation and paid taxes thereon solely in the United States. The employment agreements also contain non-competition provisions.

On July 12, 2000, the Company entered into amendments to the employment agreements with each of the Co-CEOs (the 2000 Amendments). Pursuant to the 2000 Amendments, the Co-CEOs were each granted 180,000 restricted shares which, in the event that regulatory or shareholder approval is not obtained, are deemed phantom stock, all of which are fully vested. 80,000 of the phantom stock granted to each Co-CEOs remain outstanding. Under the 2000 Amendments, the Company agreed to create a defined benefit plan, to provide retirement benefits for the Co-CEOs, see Compensation Discussion and Analysis Retirement and Pension Plans above for a description of the Supplemental Executive Retirement Plan, the SERP. The Company agreed to maintain health benefits for the Co-CEOs until they become eligible for Medicare and, thereafter, the Company will provide Medicare supplement coverage as selected by the Co-CEO. The 2000 Amendments further provide for the extension of the Co-CEOs non-competition covenants to four years beyond

termination of employment and for the agreement by the Co-CEOs to consult with the Company for three years following the end of their employment with the Company.

The Company entered into amendments and renewal agreements with each of the Co-CEOs between 2001 and 2006. On March 8, 2006, the Company entered into amendments to the employment agreements with each of the Co-CEOs (the 2006 Amendments). The 2006 Amendments provide that each of the Co-CEOs would be paid a base salary of \$500,000 for 2006 and be considered for a bonus payable in 2007 based upon performance to December 31, 2006, with a guaranteed bonus of \$750,000 paid for 2006 in the event of a change of control of the Company. Pursuant to the 2006 Amendments, on March 10, 2006, the Co-CEOs were each granted 75,000 options to purchase Common Shares, which options were subsequently cancelled by the Company on June 13, 2007 for no consideration. In addition, pursuant to the 2006 Amendments, if there was a change of control of the Company on or before March 10, 2008, the Co-CEOs would have each received an incentive bonus equal to the product of (a) 225,000 and (b) the difference between the closing price of the Company's Common Shares upon such change of control and the closing price of the Company's Common Shares on March 10, 2006 (The closing price on March 10, 2006 was \$10.69). This incentive bonus has since expired. The 2006 Amendments provide that if a Co-CEO's employment is terminated without cause prior to the end of the employment term, or if his agreement is not renewed, the Company must continue to pay the Co-CEO his annual salary and bonus for twelve months. In conjunction with the 2006 Amendments, the Co-CEOs and the Company agreed to amend the SERP as more fully described above in Compensation Discussion and Analysis Retirement and Pension Plans .

On February 15, 2007, the Company entered into amendments to the employment agreements with each of the Co-CEOs, which extended their respective employment terms through December 31, 2007 (the 2007 Amendments). The 2007 Amendments provided that each of the Co-CEOs would continue to be paid a base salary of \$500,000 for 2007 and be considered for a bonus based upon performance to December 31, 2007. Pursuant to the 2007 Amendments, if a Co-CEO's employment is terminated without cause prior to the end of the term, he shall be entitled to no less than a pro-rata portion of his median bonus target (i.e. one times salary). Pursuant to the 2007 Amendments, the Co-CEOs were each granted 300,000 SARs, which entitle each Co-CEO to receive cash from the Company for any increase in the Fair Market Value of the Common Shares from the Fair Market Value thereof on February 15, 2007 to the date of exercise of the SARs; 50% of the SARs vested immediately and 50% vested on December 31, 2007. The SARs expire on February 15, 2017, and vesting accelerates on a change of control of the Company. The Company has the right but not the obligation to cancel at any time all, or from time to time any part, of the SARs and to replace the cancelled SARs with stock options, or at the Company's discretion, restricted shares.

On December 31, 2007, the Company entered into amendments to the employment agreements with each of the Co-CEOs, which extended their respective employment terms through December 31, 2009. These amendments provide that each of the Co-CEOs will: (i) continue to be paid a base salary of \$500,000 per year, (ii) be considered for a bonus based upon performance during the years ending December 31, 2008 and 2009, and (iii) be granted 600,000 SARs, which entitle each Co-CEO to receive cash from the Company equal to any increase in the Fair Market Value of the Common Shares from the Fair Market Value thereof on December 31, 2007 to the date of exercise of the SARs; 150,000 of the SARs vest on each of June 30, 2008, December 31, 2008, June 30, 2009 and December 31, 2009, the SARs expire on December 31, 2017, and vesting accelerates on a change of control of the Company. The Company has the right but not the obligation to cancel at any time all, or from time to time any part, of the SARs and to replace the cancelled SARs with stock options. The restrictive covenants, including non-competition provisions, of the Co-CEOs' existing employment agreements, as well as other provisions not modified by the amendments, remain in force.

If either Mr. Gelfond's or Mr. Wechsler's employment had been terminated without cause as of December 31, 2007, they would have been entitled to receive estimated payments of \$17,956,605 and \$17,388,416, respectively. These amounts include lump sum payments for salary and bonus, payments under the SERP, and provision of health

benefits.

If either Mr. Gelfond or Mr. Wechsler elected voluntary retirement as of December 31, 2007, they would have been entitled to the provision of health benefits and estimated lump sum payments under the SERP of \$14,794,199 and \$16,367,831, respectively.

If there had been a change of control and either Mr. Gelfond's or Mr. Wechsler's employment had been terminated involuntarily as of December 31, 2007, they would have been entitled to receive estimated lump sum payments of \$19,827,628 and \$20,079,456, respectively. These amounts include lump sum payments for salary and bonus, payments under the SERP, and provision of health benefits, but not the Sale Bonus under the 1998 Agreements. For each Co-CEO,

such Sale Bonus is estimated by the Company to be between \$151,296 and \$376,259, depending upon the equity assumptions used in the relevant calculations.

If there had been a change of control and either Mr. Gelfond or Mr. Wechsler had elected voluntary retirement as of December 31, 2007, they would have been entitled to the provision of health benefits and estimated payments under the SERP of \$16,671,272 and \$18,777,043, respectively under the SERP. Each Co-CEO would also be entitled to receive the Sale Bonus in an amount as estimated above.

Under the agreement, Mr. Sparacio will receive an annual salary of \$350,000, which is subject to annual review. The agreement further provides that Mr. Sparacio is entitled to participate in the Management Bonus Plan, and receive a guaranteed bonus of \$100,000 with respect to the year ending December 31, 2007. In addition, on June 13, 2007, Mr. Sparacio received a grant of 75,000 options to purchase Common Shares in accordance with the SOP, which options shall vest as to 10% on May 14, 2008, 15% on May 14, 2009, 20% on May 14, 2010, 25% on May 14, 2011 and 30% on May 14, 2012. These options will expire on May 14, 2017. If Mr. Sparacio's employment is terminated without cause prior to the end of the employment term, the Company must continue to pay Mr. Sparacio his annual base salary and benefits for (i) the greater of the remainder of his employment term and six months, or (ii) the greater of the remainder of his employment term and twelve months following a change of control, subject to mitigation by Mr. Sparacio. In the event of a change of control, Mr. Sparacio is also entitled to receive his target bonus during his severance period. The agreement contains restrictive covenants, including confidentiality and non-competition covenants.

If Mr. Sparacio's had been terminated without cause as of December 31, 2007, he would have been entitled to receive an estimated payment of \$632,307. This amount includes salary, guaranteed bonus, perquisites and provision of benefits (all subject to mitigation), in either the form of continuance or lump sum at the election of the Company.

If there had been a change of control and Mr. Sparacio's employment had been terminated without cause as of December 31, 2007, he would have been entitled to receive an estimated payment of \$700,745. This amount includes salary, target bonus, perquisites and provision of benefits (all subject to mitigation), in either the form of continuance or lump sum at the election of the Company.

Mr. MacNeil

On August 21, 2006, the Company appointed Mr. MacNeil as Chief Financial Officer, on an interim basis. On November 6, 2006, the Company and Mr. MacNeil entered into an employment arrangement which provided that during his service as interim Chief Financial Officer, Mr. MacNeil would receive an annualized salary of Cdn\$345,000 and a guaranteed bonus of Cdn\$50,000, with respect to the year ending December 31, 2006. Mr. MacNeil was appointed Senior Vice President, Finance in August 2007 when Mr. Sparacio assumed the role of Chief Financial Officer.

If Mr. MacNeil's employment had been terminated without cause as of December 31, 2007, he would have been entitled to receive an estimated payment of \$285,213. This amount includes continuance or lump sum payment of salary, guaranteed bonus, perquisites, and provision of benefits. If Mr. MacNeil resigned as of December 31, 2007, he would have been entitled to receive Cdn\$25,000 for the guaranteed bonus for 2007.

If there had been a change of control and Mr. MacNeil's employment had been terminated without cause as of December 31, 2007, he would have been entitled to receive an estimated payment of \$285,213. This amount includes continuance or lump sum payment of salary, guaranteed bonus, retention bonus, perquisites and provision of benefits.

Mr. Foster
Chairman & President, Filmed Entertainment

On March 9, 2006, the Company entered into an employment agreement with Mr. Foster, which replaced Mr. Foster's previous employment agreement with the Company. Under the agreement, Mr. Foster's employment term was extended to June 30, 2008, and Mr. Foster receives an annual salary of \$700,000, subject to annual review. The agreement further provides that Mr. Foster is entitled to receive a minimum annual bonus of 50% of his base salary for the years ending December 31, 2006 and December 31, 2007, and a prorated bonus for the year ending December 31, 2008. In addition, if there is a change of control of the Company on or before March 10, 2008, Mr. Foster would have received an incentive

bonus equal to the product of (a) 75,000 and (b) the difference between the closing price of the Company's Common Shares upon such change of control and the closing price of the Company's Common Shares on March 10, 2006 (The closing price on March 10, 2006 was \$10.69.), which would have been paid out in either a lump-sum or three installments, depending upon certain events. Pursuant to the agreement, Mr. Foster was granted 225,000 options to purchase Common Shares on March 10, 2006, which options were subsequently cancelled by the Company on June 13, 2007 for an aggregate consideration of \$193,500. All outstanding options held by Mr. Foster become immediately exercisable in the event of both a change of control and certain other enumerated events. If these events occurred on December 31, 2007, Mr. Foster would not have received any benefit as the Fair Market Value of the Common Shares under option on that date was less than the exercise price. The agreement further provides that Mr. Foster is entitled to a life insurance policy in the amount of \$5,000,000 during the term of his employment. If Mr. Foster's employment is terminated without cause prior to the end of the employment term, the Company must continue to pay Mr. Foster his annual base salary, minimum bonus and benefits for the greater of the remainder of his employment term and six months.

The amendment extends the date by which Mr. Foster is eligible for an incentive bonus upon the change of control of the Company to March 10, 2009. The incentive bonus is equal to the product of (a) 50,000 and (b) the difference between the closing price of the Company's Common Shares upon such change of control and the closing price of the Company's Common Shares on March 10, 2006 (\$10.69), which will be paid out in either a lump-sum or three installments, depending upon certain events. The restrictive covenants, including confidentiality and non-competition provisions, of Mr. Foster's existing employment agreement, as well as other provisions not modified by the amendment, remain in force.

If Mr. Foster's employment had been terminated without cause as of December 31, 2007, he would have been entitled to receive an estimated payment of \$2,172,475. This amount includes salary continuance and bonus (both subject to mitigation), perquisites, and provision of benefits.

Using such information, the Committee formulated a recommendation to the Board of Directors and the final decision was made by the Board of Directors.

In 2007, Clarion paid the Company \$169,634 in connection with rent and paid a one-time fee of \$70,513 with respect to office services from 2002 through March 2007. CORPORATE GOVERNANCE

Over the last several years, there have been extensive regulatory changes based on reforms arising out of the Sarbanes-Oxley Act of 2002 (SOX), the reforms of the SEC, the listing requirements of the NASDAQ and Canadian disclosure regulations. With the Common Shares listed on NASDAQ and the TSX, the Company reviews its governance policies and practices against these standards under the direction of its Board of Directors. This Circular describes the Company's various governance practices with reference to the Canadian securities legislation and, where applicable, with NASDAQ Listing Standards and Marketplace Rules.

Director Independence

A director is determined to be independent when he or she meets the requirements of Rule 4200(a)(15) of the NASDAQ Marketplace Rules and Section 1.4 of Multilateral Instrument 52-110 (an Independent Director). The following five board members are Independent Directors: Messrs. Braun, Copland, Girvan, Leebron and Utay. The remaining directors, Messrs. Gelfond and Wechsler, are executives of the Company. All members of the Compensation Committee and Audit Committee are considered independent under such committee's independence standards. In the event any transaction or agreement is proposed in respect of which a director or executive officer has a material interest, the director or executive officer will recuse himself from voting on that matter and remove himself from the meeting while the transaction at issue is being considered by the Board of Directors.

Nomination Process

The Board of Directors has constituted a Nominating Committee for the purpose of identifying and recommending candidates for election to the Board of Directors. Such candidates are then nominated for election by a majority of Independent Directors. The Nominating Committee evaluates potential new candidates for the Board of Directors on an ongoing basis in light of opportunities and risks facing the Company and the competencies, skills and personal qualities that are desirable to add value to the Company and to contribute to the effective governance of the Company. Candidates are identified from a number of sources including recommendations from Board members, management, shareholders and others. The Nominating Committee will consider any nominee recommended by a shareholder under the same criteria as any other potential nominee. The Company may require any proposed nominee to furnish additional information as may be reasonably required to determine the qualifications of such proposed nominee to serve as a director of the Company.

Meetings of the Board of Directors and its Committees

During the fiscal year ended December 31, 2007, the Board of Directors held 15 meetings. The Audit Committee held 17 meetings; the Nominating Committee held one meeting; the Compensation Committee held one meeting; and no

meetings were held by the Corporate Governance Committee or the Option Committee. Each incumbent director attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and committees of the Board on which such director served during the fiscal year ended December 31, 2007. The Independent Directors are given the opportunity to hold executive sessions (where non-independent directors and members of management are not in attendance) at all regularly scheduled Board meetings. A total of eight such executive sessions of the Board of Directors were held in 2007.

The following directors attended the following number of board meetings during the fiscal year ended December 31, 2007:

| | | | | | |
|---------------------|-------|-----------------|-------|---------------|-------|
| Richard L. Gelfond | 14/15 | Kenneth Copland | 15/15 | David Leebron | 15/15 |
| Bradley J. Wechsler | 15/15 | Garth Girvan | 13/15 | Marc Utay | 13/15 |
| Neil S. Braun | 14/15 | | | | |

All of the members of the Audit Committee are Independent Directors and hold in camera sessions where non-independent directors and members of management are not in attendance at least once each fiscal quarter. A total of seven such in camera sessions were held in 2007.

The Co-Chairmen of the Board of Directors are Richard L. Gelfond and Bradley J. Wechsler, both of whom are also Co-Chief Executive Officers and are non-independent directors. The Board of Directors does not have a lead director. Any Independent Director wishing to meet with the other Independent Directors is free to contact the other Board members at any time. In addition, the Independent Directors are given the opportunity to meet without the non-independent directors at every regularly scheduled meeting. Each committee of the Board of Directors is made up of and chaired exclusively by Independent Directors.

While the Company encourages directors to attend its annual meeting of shareholders, it has no formal policy concerning such attendance. Five of seven directors attended last year's annual meeting of shareholders.

Committees of the Board

The Board of Directors has delegated some of its duties to five specific committees of the Board: Audit Committee, Compensation Committee, Corporate Governance Committee, Option Committee and the Nominating Committee. Each of these committees and their respective chairs are appointed annually by the Board of Directors and have a written mandate which sets out its principal duties and responsibilities.

Audit Committee

The Board of Directors has established the Audit Committee for the purpose of overseeing the accounting and financial reporting processes of the Company and auditing of the financial statements of the Company. The Audit Committee is currently composed of Messrs. Copland (Chairman), Braun and Leebron, who meet the independence and other requirements of the applicable NASDAQ Marketplace Rules. Each committee member has experience with various businesses and professions, which are relevant to their understanding of the accounting principles used by the Company in preparing its financial statements and to their understanding of the general applications of such accounting principles in connection with the accounting for estimates, accruals and reserves. These experiences have been with companies, businesses and professional organizations presenting a breadth and level of complexity of accounting issues generally comparable to those reasonably expected to be raised by the Company's financial statements and have provided them with an understanding of internal controls and procedures for financial reporting. The Board of Directors has determined that Mr. Copland, who meets the standards for independence for audit committee members, qualifies as an audit committee financial expert as that term is defined in Item 407(d)(5)(ii) of Regulation S-K. The Audit Committee operates under a written mandate adopted by the Company's Board of Directors. A current copy of the Audit Committee Charter is available at www.imax.com or upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada, L5K 1B1, Attention: Corporate Secretary. The information in the preceding sentence shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities

Act of 1933, as amended (the 1933 Act), or the Exchange Act, as amended, except to the extent that the Company specifically incorporates it by reference in such filing.

The Audit Committee meets with the external auditors of the Company, both with and without management present, to review the Company's accounting policies, its quarterly and year-end financial statement information and their presentation, and significant financial issues which may arise for the Company.

Compensation Committee

The Compensation Committee is responsible for setting objectives for the Co-CEOs, assessing their performance on a periodic basis and recommending compensation arrangements to the Board of Directors. The Compensation Committee operates under a written mandate adopted by the Company's Board of Directors. A current copy of the Compensation Committee Charter is available at www.imax.com or upon written request to the Company at IMAX Corporation, 2525 Speakman Drive, Mississauga, Ontario, Canada, L5K 1B1, Attention: Corporate Secretary. In 2006, the Compensation

From April 12, 2006 to September 10, 2007 the duties and responsibilities of the Compensation Committee were performed by the Independent Directors, including the determination of the bonus to be paid to each of the Co-CEOs in respect to 2006 and the renewal of the employment agreements of the Co-CEOs in February 2007. In September 2007, Messrs. Girvan (Chairman), Braun, Copland, Leebron and Utay were appointed to the Compensation Committee. The Compensation Committee made recommendations to the Board of Directors with respect to the renewal of the employment agreements of the Co-CEOs in December 2007 as well as the bonus to be paid to each of the Co-CEOs in respect to 2007.

Corporate Governance Committee

The Corporate Governance Committee is currently composed of Messrs. Leebron (Chairman), Girvan and Utay, all Independent Directors. Board of Directors. The Chair of each committee is responsible for reporting on the activities of that committee to the full Board on a periodic basis.

The Board of Directors has not developed written position descriptions for the Co-CEOs. In addition, in the event any transaction or agreement occurs in respect of which a director or executive officer has a material interest, the director or executive officer must recuse himself from voting on that matter and remove himself from the meeting while the transaction at issue is being considered by the Board of Directors. The minutes of the Board of Directors' meeting would reflect the nature of the interest disclosed and the fact of the recusal.

Pursuant to Section 10A(i)(3) of the Exchange Act and related SEC rules, the Audit Committee has established procedures by which the Audit Committee may pre-approve such services. The pre-approval is detailed as to the particular service or category of services to be rendered. None of the audit-related or non-audit services described above were performed pursuant to the De Minimis Exception.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to the Company's audited financial statements for the fiscal year ended December 31, 2007.

The Audit Committee meets privately with PwC on a periodic basis and PwC has unrestricted access to the Audit Committee. The Audit Committee has reviewed and discussed the Company's audited financial statements for the fiscal

The Audit Committee has discussed with PwC the matters required to be discussed by SAS 61 (Codification of Statements on Accounting Standards), which include, among other items, matters related to the conduct of the audit of the Company's financial statements. The Audit Committee has also received written disclosures and the letter from PwC required by Independence Standards Board Standard No. 1 (which relates to the accountant's independence from the Company and related entities) and has discussed with PwC their independence from the Company. APPOINTMENT OF AUDITORS

At the Meeting, the shareholders will be asked to approve the appointment of PricewaterhouseCoopers LLP, Chartered Accountants, as auditors of the Company to hold office until the close of the next annual meeting of shareholders at a remuneration rate to be fixed by the Board of Directors.

Representatives of PwC are expected to be present at the Meeting and to be available to respond to appropriate questions and to make statements as they desire.

Shareholders will be asked to approve the appointment by ordinary resolution, which requires that a majority of the votes cast at the Meeting be in favour of the resolution. Voting "Withhold" is the equivalent to voting "Abstain". **In the absence of any instruction on the accompanying Proxy, it is the intention of the persons named by management in the Proxy to vote the Common Shares represented by the Proxy in favour of the resolution.**

AMENDMENTS TO THE STOCK OPTION PLAN

The purpose of the Company's Stock Option Plan, the SOP, is to attract, retain and motivate directors, officers, key employees and consultants of the Company and its subsidiaries and to provide such persons with incentives and awards for superior performance. Under the SOP, options may be granted to employees and consultants of the Company and any of its subsidiaries, to directors of the Company who are not also employees and to persons who have agreed to commence serving in any such capacity within 90 days of the date of grant of an option. Options are granted at the fair market value of the Company's Common Shares at the time of grant of the options. Options may be for terms of not more than 10 years and may not be assigned.

Proposed Amendments

The Board of Directors have approved the amendments to the SOP set forth in the Amended & Restated SOP attached to this Circular as Appendix A, which includes the amendments described below, with such amendments to be subject to the approval of the shareholders.

Amendment Procedures

Effective June 30, 2007, TSX issuers with general amendment provisions in their stock option and other security based compensation plans were no longer able to make amendments to those plans and outstanding awards under those plans, including amendments considered to be of a housekeeping nature, without shareholder approval. The SOP contains a general amendment provision. The TSX has advised issuers such as the Company to clarify when shareholder approval for amendments to its compensation plans will not be required.

Accordingly, the proposed amendment to the SOP provides that the Board of Directors has the power to make amendments to the SOP and outstanding awards without the approval of the shareholders, other than certain amendments described below. Examples of the amendments which could be made by the Board of Directors include changes to the provisions dealing with the vesting or exercise of awards under the SOP, changes to the administrative provisions and

changes to clarify or correct ambiguous provisions. However shareholder approval is required to approve any amendment to the SOP or any outstanding award which:

- (i) reduces the exercise price of an award held by an insider;
- (ii) extends the term of an award held by an insider, except as otherwise provided under Blackout Periods below; or
- (iii) increases the number of Common Shares reserved under the SOP.

Blackout Periods

The TSX has expressly recognized that blackout periods imposed by issuers are good corporate governance practice and that issuers, their insiders and employees should not be penalized for maintaining such practices. This proposed amendment to the SOP addresses the situation where an award that would otherwise expire during or immediately following a blackout period imposed by the Company by providing that the award will continue to be exercisable until the tenth business day following the expiration of the blackout period.

Number of Options Available under the Stock Option Plan

As options are granted and exercised under the SOP, the total number of Common Shares available for issuance upon the exercise of options decreases. As of December 31, 2007, 5,908,080 Common Shares are subject to outstanding options granted under the SOP, and 929,077 Common Shares remain available under the SOP for additional option grants. In order to maintain the Company's flexibility to use options to attract, retain and motivate eligible Participants and to continue to meet the compensation objectives of the Board of Directors and the Compensation Committee, the Board of Directors has concluded that the options available for grant under the SOP need to be replenished to accommodate grants anticipated over the coming years. The Company wishes to increase the maximum number of Common Shares available for option grants. The Company has determined that it is preferable to state the maximum number of options available under the SOP at any time as a percentage of the issued and outstanding Common Shares of the Company. Therefore, the Company seeks to amend the SOP to provide that the maximum number of Common Shares issuable subject to options under the SOP shall not exceed 20% of the issued and outstanding Common Shares. In addition, in order to retain flexibility under the SOP, the Company wishes to include a further amendment to provide that any exercises or surrenders under the SOP of options granted would make new grants available under the SOP, resulting in a reloading of the SOP up to this maximum percentage of the issued and outstanding Common Shares.

Other Amendments

Certain other amendments of a more technical nature are proposed in light of the experience of the Company under the SOP and changes in regulatory requirements and lessened restrictions. In particular, the TSX no longer requires that the SOP contain express limitations on the percentage of options which may be granted to insiders. However, as Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended, continues to require that the SOP include a limitation on the number of options which may be granted to certain Participants, the Board of Directors has approved the removal of the existing restrictions from the SOP and has directed that a general limitation be included on the issuance of options in any calendar year to any one Participant of 4 million options.

Amendments to Outstanding Options

In approving the amendments to the SOP, the Board of Directors also approved the amendment of all outstanding options granted under the SOP to accord with the SOP as amended, provided that the shareholders approve those amendments. The other terms and conditions of outstanding options, including vesting, exercise price and term remain unchanged.

Shareholder Approval

At the Meeting, the shareholders will be asked to approve amendments to the SOP. The amendments to the SOP require the approval of shareholders by ordinary resolution, which must be approved by a majority of the votes cast at the Meeting or on the resolution (see Appendix A). If approved by the holders of Common Shares the amendments to the SOP will become effective immediately. **In the absence of any instruction on the accompanying Proxy, it is the intention of the persons named by management in the Proxy to vote the Common Shares represented by the Proxy in favour of the resolution.**

AVAILABLE INFORMATION

The Company makes available free of charge its annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K as soon as reasonably practicable after the such filing has been made with the SEC. Reports are available at www.imax.com or by calling investor relations at 212-821-0100. Additional information relating to the Company is available at www.sedar.com. Financial information is provided in the Company's comparative financial statements and MD&A for its most recently completed financial year.

APPROVAL BY BOARD OF DIRECTORS

The contents and the sending of this Proxy Circular and Proxy Statement to each shareholder entitled to receive notice of the Meeting, to each director and to the auditors of the Company have been approved by the Board of Directors.

- (c) Each *Agreement* shall specify that the *Option Price* shall be payable in cash or by cheque acceptable to the *Company* or by a combination of such methods of payment.
- (d) Successive grants may be made to the same *Participant* whether or not any *Options* previously granted to such *Participant* remain unexercised.
- (e) Each *Agreement* shall specify the applicable vesting schedule and the effective term of the *Option*. In the event of a termination of a *Participant*'s employment by reason of death or *Permanent Disability*, 50% of such *Participant*'s *Options* shall become *Vested Options* if such *Options* were less than 50% vested at the time of such termination.
- (f) *Options* granted under the *Plan* are not intended to qualify as incentive stock options within the meaning of Section 422A of the *Code*.
- (g) No *Option* issued prior to June 18, 2008 shall be exercisable more than ten years from the *Date of Grant*. No *Options* issued on or after June 18, 2008, subject to earlier cancellation, shall be exercisable for the later of ten years from the *Date of Grant*, or in the event the 10 year anniversary of the *Date of Grant* falls within a *Blackout Period*, the date which is ten days after the date on which the *Blackout Period* has ended.
- (h) Each *Option* granted under the *Plan* shall be subject to such additional terms and conditions, not inconsistent with the *Plan*, which are prescribed by the *Board* or the *Committee* and set forth in the applicable *Agreement*.
- (i) As soon as practicable following the exercise of any *Options*, the *Common Shares* subject to the exercised *Options* shall be issued in the name of the *Participant* or as the *Participant* shall otherwise, in writing, direct.

7. Termination of Employment, Consulting Agreement or Term of Office

- (a) In the event that a *Participant*'s employment, consulting arrangement or term of office with the *Company* or one of its *Subsidiaries* terminates for any reason, unless the *Board* or the *Committee* determines otherwise, any *Options* which have not become *Vested Options* shall terminate and be cancelled without any consideration being paid therefor.
- (b) In the event that a *Participant*'s employment with the *Company* or one of its *Subsidiaries* is terminated without *Cause*, or the *Participant*'s employment is terminated by reason of the *Participant*'s voluntary resignation (including by reason of retirement), death or *Permanent Disability*, or upon the termination of a *Participant*'s consulting arrangement or term of office, the *Participant* (or the *Participant*'s estate) shall be entitled to exercise the *Participant*'s *Options* which have become *Vested Options* as of the date of termination for a period of 30 days, or such longer period as the *Board* or the *Committee* determines, following the date of termination.
- (c) In the event that a *Participant*'s employment, consulting arrangement or term of office with the *Company* or one of its *Subsidiaries* is terminated for *Cause*, such *Participant*'s *Vested Options* shall terminate and be cancelled without any consideration being paid therefor.

8. Transferability

No *Option* shall be transferable by a *Participant* other than by will or the laws of descent and distribution, provided, however, that *Options* may be transferred if approved by the *Board* or the *Committee* and by any regulatory authority having jurisdiction or stock exchange on which the *Common Shares* subject to *Options* are listed. *Options* shall be exercisable during the *Participant*'s lifetime only by the *Participant* or by the *Participant*'s guardian or legal representative.

9. Change of Control

All *Options* granted under the *Plan* (or any predecessor of the *Plan*) shall immediately vest and become fully exercisable upon the occurrence of (a) a *Change of Control*; and (b) the occurrence of one or more of the following: (i) the *Participant*'s employment or term of office with the *Company*, or one of its *Subsidiaries*, is terminated without *Cause*;

A-3

(ii) the diminution of the *Participant*'s title and/or responsibilities; and (iii) the *Participant* is asked to relocate more than twenty-five (25) miles from his/her existing office.

10. Adjustments

The *Committee* shall make or provide for such adjustments in the maximum number of *Common Shares* specified in Section 4, in the number of *Common Shares* or other securities or consideration covered by outstanding *Options* granted hereunder, and/or in the *Option Price* applicable to such *Options* as the *Board* or the *Committee* in their sole discretion may determine is equitably required to prevent dilution or enlargement of the rights of *Participants* that otherwise would result from any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the *Company*, merger, consolidation, spin-off, reorganization, partial or complete liquidation, issuance of rights or warrants to purchase securities or any other corporate transaction or event having an effect similar to any of the foregoing.

11. Fractional Shares

The *Company* shall not be required to issue any fractional *Common Shares* pursuant to the *Plan*. The *Committee* may provide for the elimination of fractions or for the settlement of fractions in cash.

12. Withholding Taxes

The *Company* and its *Subsidiaries* shall have the right to require any individual entitled to receive *Common Shares* pursuant to an *Option* to remit to the *Company*, prior to the issuance of any *Common Share* following the exercise of any *Options*, any amount sufficient to satisfy any Canadian or United States federal, state, provincial or local tax withholding requirements. Prior to the *Company*'s determination of such withholding liability, such individual may make an irrevocable election to satisfy, in whole or in part, such obligation to remit taxes by directing the *Company* to withhold *Common Shares* that would otherwise be received by such individual. Such election may be denied by the *Company* in its discretion, or may be made subject to certain conditions specified by the *Company*, including, without limitation, conditions intended to avoid accounting charges and the imposition of liability against the individual under Section 16(b) of the *Exchange Act*, as amended, and the rules and regulations thereunder.

13. Registration Restrictions

An *Option* shall not be exercisable unless and until (i) a registration statement under the Securities Act of 1933, as amended, has been duly filed and declared effective pertaining to the *Common Shares* subject to such *Option*, or (ii) the *Committee*, in its sole discretion determines that such registration, qualification and status is not required as a result of the availability of an exemption from such registration, qualification, and status under such laws.

14. Shareholder Rights

A *Participant* shall have no rights as a shareholder with respect to any *Common Shares* issuable upon exercise of an *Option* until the *Participant* has duly exercised the *Option* in accordance with its terms and this *Plan*, and the *Common Shares* have been paid for in full and issued to the *Participant*.

15. Breach of Restrictive Covenants

If (i) a *Participant* is a party to an employment agreement with the *Company* or any of its *Subsidiaries* or affiliates and (ii) such *Participant* materially breaches any of the restrictive covenants set forth in such employment agreement (including, without limitation, any restrictive covenants relating to non-competition, non-solicitation or

confidentiality), then all of such *Participant s Options* (whether or not *Vested Options*) shall terminate and be cancelled without consideration being paid therefor.

16. Section 409A of the Code

If any provision of the *Plan* or any *Agreement* contravenes any regulations or Treasury guidance promulgated under Section 409A of the *Code* or would cause the *Awards* to be subject to the interest and penalties under Section 409A of the *Code*, such provision of the *Plan* or any *Agreement* shall be modified to maintain, to the maximum extent practicable, the original intent of the applicable provision without violating the provisions of Section 409A of the *Code*.

17. Amendments

The **Board** or the **Committee** reserves the right, in its sole discretion, to amend, suspend or terminate the **Plan** or any portion thereof at any time, and outstanding **Options** or **Agreements** thereunder, in accordance with applicable legislation, without obtaining the approval of shareholders; provided, however, that no termination or amendment of the **Plan** or any waiver of any provision of any **Option** or **Agreement** may, without the consent of the **Participant** to whom any **Award** shall have been granted, adversely affect the rights of such **Participant** in such **Award**; provided further, however that amendments shall be subject to (i) the approval of a majority of the **Common Shares** entitled to vote if the Committee determines that such approval is necessary in order for the **Company** to rely on the exemptive relief provided under Rule 16b-3 under the **Exchange Act** and (ii) all other approvals, whether regulatory, shareholder or otherwise, which are required by regulatory authority having jurisdiction or a Stock Exchange. Notwithstanding the foregoing, the Company will be required to obtain the approval of the shareholders of the **Company** for any amendment related to:

- b) extends the term of an **Award** held by an **Insider**, except as otherwise provided in Section 19; or
- c) increases the number of **Common Shares** reserved under the **Plan**.

18. Miscellaneous

The **Plan** shall not confer upon a **Participant** any right with respect to continuance of employment or other service with the **Company** or any **Subsidiary**, nor will it interfere in any way with any right the **Company** or any **Subsidiary** would otherwise have to terminate such **Participant**'s employment or other service at any time.

19. Black Out Periods

Except as otherwise provided in Section 6(g) or in any **Option Agreement**, if the date on which an **Option** expires occurs during or within 10 days after the last day of a **Blackout Period**, the expiry date for the **Option** will be 10 days after the date on which the **Blackout Period** has ended.

20. Effective Date

The **Plan**, as amended, shall be effective as of June 18, 2008.

21. Governing Law

The **Plan** and all rights hereunder shall be construed in accordance with and governed by the laws of the Province of Ontario and the laws of Canada applicable therein.
