### PROXY STATEMENT

### ANNUAL MEETING OF STOCKHOLDERS

September 30, 2004

The accompanying Proxy is solicited by and on behalf of the Board of Directors (the "Board") of Frequency Electronics, Inc., a Delaware corporation (hereinafter called the "Company"), for use only at the Annual Meeting of Stockholders to be held at the office of the Company, 55 Charles Lindbergh Boulevard, Mitchel Field, New York 11553, on the 30th day of September 2004, at 10:00 A.M., Eastern Daylight Savings Time, or any adjournment or adjournments thereof. The Company will mail this Proxy Statement and the accompanying Proxy on or about August 27, 2004. Only stockholders of record as of the close of business on August 27, 2004 are entitled to notice of, and to vote at, the meeting.

The Board may use the services of the Company's directors, officers and other regular employees to solicit proxies personally or by telephone and may request brokers, fiduciaries, custodians and nominees to send proxies, proxy statements and other material to their principals and reimburse them for their out-of-pocket expenses in so doing. The cost of solicitation of proxies, which it is estimated will not exceed \$7,500, will be borne by the Company. Each proxy executed and returned by a stockholder may be revoked at any time thereafter by filing a later dated proxy or by appearing at the meeting and voting in person, except as to any matter or matters upon which, prior to such revocation, a vote shall have been cast pursuant to the authority conferred by such proxy. Attendance at the meeting will not, in itself, constitute revocation of a proxy. Dissenters are not entitled by law to appraisal rights.

### VOTING SECURITIES

The Board has fixed the close of business on August 27, 2004, as the record date for determination of stockholders entitled to notice of, and to vote at, the meeting. On August 27, 2004, the Company had outstanding 8,440,832 shares of common stock, \$1.00 par value per share ("Common Stock") (excluding 723,107 treasury shares), each of which entitled the holder to one vote. No shares of preferred stock were outstanding as of such date. A quorum of stockholders, present in person or by proxy, is constituted by a majority of the outstanding shares.

A stockholder who abstains from voting on any or all proposals will be included in the number of stockholders present at the meeting for the purpose of determining the presence of a quorum. Broker non-votes also will be counted for the purpose of determining the presence of a quorum.

Brokers who do not receive a stockholder's instructions are entitled to vote on the election of directors. Broker non-votes and stockholder abstentions will have no effect on the outcome of the election of directors.

It is expected that the following business will be considered at the

## Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

meeting and action taken thereon.

### PROPOSAL NO. 1

#### ELECTION OF DIRECTORS

The accompanying Proxy will be voted for the election of all five of the members of the Board, each of whose principal occupations are set forth in the following table, if no direction to the contrary is given. In the event that any such nominee

2

is unable or declines to serve, the Proxy may be voted for the election of another person in his place. The Board knows of no reason to anticipate that this will occur.

#### Nominees for Election as Directors

The director nominees are as follows:

## Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

### Pre-Approved Services

Prior to engaging PricewaterhouseCoopers LLP to render the above services, and pursuant to its charter, the Audit Committee approved the engagement for each of the services and determined that the provision of such services by the external auditor was compatible with the maintenance of PricewaterhouseCoopers LLP's independence in the conduct of its auditing services.

The Audit Committee will use the following procedures for the pre-approval of all audit and permissible non-audit services provided by the independent auditors.

Before engagement of the independent auditors for the next year's audit, the independent auditors will submit a detailed description of services expected to be rendered during that year within each of four categories of services to the Audit Committee for approval.

Audit Services include audit work performed on the Company's financial statements, as well as work that generally only the independent auditors can reasonably be expected to provide, including statutory audits, comfort letters, consents and assistance with and review of documents filed with the SEC.

Audit-Related Services are for assurance and related services that are traditionally performed by the independent auditors, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements and discussions surrounding the proper application of financial accounting and/or reporting standards.

Tax Services include all services, except those services specifically related to the audit of the financial statements, performed by the independent auditors' tax personnel, including tax analysis; assisting with coordination of execution of tax related activities, primarily in the area of corporate development; supporting other tax related regulatory requirements; and tax compliance and reporting.

Other Services are those associated with services not captured in the other categories. The Company generally does not request such services from the independent auditors.

Prior to engagement, the Audit Committee pre-approves independent auditor services within each category. The fees are budgeted and the Audit Committee requires the independent auditors to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditors for

additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent auditors.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's directors, executive officers and 10% stockholders to file reports of ownership and reports of changes in ownership of the Company's common stock and other equity securities with the SEC. Directors, executive officers and 10% stockholders are required to furnish the Company with copies of all Section 16(a) forms they file. Based on a review of the copies of such reports furnished to it, the Company believes that during the fiscal year ended April 30, 2004, the Company's directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements applicable to them, with the following exceptions:

On July 7, 2003, Markus Hechler acquired 7,500 shares of the Company's common stock through the exercise of a stock option and immediately disposed of such shares as stipulated by a divorce decree. Mr. Hechler attempted to timely file a paper Form 4 but, unknown to Mr. Hechler, the SEC currently accepts only electronic Form 4 filings. Upon receipt of appropriate identification codes from the SEC, Mr. Hechler filed the Form 4 on October 2, 2003.

Through inadvertence, certain officers and directors did not timely file a Form 4 upon receiving a stock option grant to acquire shares of the Company's Common Stock. The grant was awarded on August 1, 2003 and the requisite Form 4 was not filed until October 24, 2003 for Markus Hechler, John Ho, Oleandro Mancini, Thomas McClelland, Marvin Meirs, Alan Miller and Charles Stone.

Mr. Hugo Fruehauf acquired 3,650 shares of Common Stock of the Company on October 31, 2003 but, through inadvertence, did not file a Form 4 until November 10, 2003.

### CERTAIN INFORMATION AS TO COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

During the past fiscal year, four meetings of the Board were held. Each incumbent Director attended all meetings of the Board, either in person or by telephone. In addition, each incumbent director attended 75% or more of the aggregate number of meetings of the Board committees on which he served during the past fiscal year.

In addition to attendance at Board meetings, the Board of Directors encourages, but does not require, all directors to attend annual meetings of the Company's stockholders. Five members of the Board of Directors attended the Company's 2003 Annual Meeting of Stockholders.

### Audit Committee

In December 1983, the Board appointed an Audit Committee which presently consists of three Directors, Messrs. Girsky, Foley and Shapiro. Each of these directors is independent in accordance with the independence standards for audit committee membership set forth in Section 10A(m) (3) of the Exchange Act and as defined in Section 121A of the listing standards of the American Stock Exchange, upon which the Company's Common Stock is listed and trades. The Board has determined that each member of the Audit Committee is able to read and understand fundamental financial statements. In addition, the Board has determined that Joel Girsky satisfies the SEC's criteria for an "audit committee financial expert."

The Audit Committee has procedures in place to receive, retain and handle complaints received regarding accounting, internal controls or auditing matters and to allow for the confidential and anonymous submission by anyone of concerns regarding questionable accounting or auditing matters.

The purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and the audits of the Company's financial statements. The functions of the Audit Committee include, without limitation, (i) responsibility for the appointment, compensation, retention and oversight of the Company's independent auditors, (ii) review and pre-approval of all audit and non-audit services provided to the Company by the independent auditors, other than as may be allowed by applicable law, and (iii) review of the annual audited and quarterly consolidated financial statements. The Amended and Restated Charter of the Audit Committee, which describes all of the Audit Committee's responsibilities, is attached to this Proxy Statement as Appendix A and is posted on the Company's website at <http://www.frequencyelectronics.com>.

The Audit Committee held six meetings during the last fiscal year. The Audit Committee's report appears on page 14 of this Proxy Statement.

#### Compensation Committee

Through August 27, 2004, the Compensation Committee consisted of four Directors, Messrs. Girsky, Shapiro, Foley and Franklin. General Franklin is an employee of the Company while the other three Directors are independent as defined in Section 121A of the listing standards of the American Stock Exchange ("AMEX"). Consequently, General Franklin will resign from the Compensation Committee on September 30, 2004, the effective date for complying with recently promulgated director and committee independence rules of the AMEX. The Compensation Committee determines cash remuneration arrangements for the highest paid executives and oversees the Company's stock option, bonus and other incentive compensation plans.

The report of the Compensation Committee appears on pages 11 and 13 of this proxy statement. The Compensation Committee held one meeting during fiscal year 2004.

#### DIRECTOR NOMINATIONS AND CORPORATE GOVERNANCE MATTERS

##### Director Nominations

The Company does not have a formal nominating or corporate governance committee. New director nominations, which are infrequent, and compliance with corporate governance rules, are reviewed and approved by the independent directors. By Board resolution, the Company has determined that if a new director is to be nominated, the independent directors of the Company (currently Messrs. Foley, Girsky and Shapiro) will conduct interviews of qualified candidates and, as appropriate, will recommend selected individuals to the Board. The independent directors consider director candidates based on criteria approved by the Board, including such individuals' backgrounds, skills, expertise, accessibility and availability to serve constructively and effectively on the Board. The Company may retain a director search firm to assist it in identifying qualified director nominees.

##### Director Candidates Proposed by Stockholders

The Company will consider recommendations for director candidates submitted in good faith by stockholders of the Company. A stockholder

recommending an individual for consideration by the Board (and the independent directors) must provide (i) evidence in accordance with Rule 14a-8 of the Exchange Act of compliance with the stockholder eligibility requirements, (ii) the written consent of the candidate(s) for nomination as a director, (iii) a resume or other written statement of the qualifications of the candidate(s) for nomination as a director and (iv) all information regarding the candidate(s) and the stockholder that would be required to be disclosed in a proxy statement filed with the SEC if the candidate(s) were nominated for election to the Board, including, without limitation, name, age, business and residence address and principal occupation or employment during the past five years. Stockholders should send the required information to the Company at 55 Charles Lindbergh Boulevard, Mitchel Field, New York 11553, Attention: Corporate Secretary.

Such recommendations must be sent via registered, certified or express mail (or other means that allows the stockholder to determine when the recommendation was received by the Company). The Company's Corporate Secretary will send properly submitted

stockholder recommendations to the independent directors for consideration at a future meeting. Individuals recommended by stockholders in accordance with these procedures will receive the same consideration as other individuals evaluated by the independent directors.

### EXECUTIVE COMPENSATION

#### Compensation Committee Report on Executive Compensation

##### Overall Policy

The members of the Compensation Committee include Messrs. Joel Girsky, E. Donald Shapiro, S. Robert Foley and Joseph P. Franklin. (As noted above, General Franklin will resign from the Compensation Committee effective September 30, 2004.) The Compensation Committee reviews and, with any changes it believes appropriate, approves the Company's executive compensation.

The general goals of the Compensation Committee are to: (i) attract, motivate, and retain effective and highly qualified executives; (ii) strengthen the common interests of management and stockholders through executive stock ownership; (iii) promote the Company's long- and short-term strategic goals and human resource strategies; (iv) recognize and award individual contributions to the Company's performance; and (v) reflect compensation practices of comparable companies.

To achieve the foregoing goals, the Compensation Committee has structured a comprehensive compensation program aimed at: (i) compensating executive officers on an annual basis with a cash salary at a level sufficient to retain and motivate them and to recognize and award individual merit; (ii) linking a portion of executive compensation to long-term appreciation of the Company's stock price by encouraging executive ownership of the Company's stock through awards of shares of the Company's stock and grants of options to purchase Company stock; and (iii) providing incentives to achieve corporate performance goals by rewarding contributions to the Company's performance through cash bonuses keyed to operating profit levels. These policies are implemented through a reward system which includes base salary and long- and short-term incentive compensation opportunities consisting of the following:

11

##### Base Salaries

The Compensation Committee annually reviews the base salaries of the CEO and all other executive officers of the Company. The Compensation Committee believes that the Company's executive officers, including those shown in the Summary Compensation Table on page 15 (the "Named Officers") have been largely responsible for the Company's past successes and for achieving the production and engineering improvements that have maintained the Company's position at the forefront of technical innovation. A base salary for each executive is determined on the basis of such factors as: levels of responsibility; experience and expertise; evaluations of individual performance; contributions to the overall performance of the Company; time and experience with the Company; internal compensation equity; external pay practices for comparable companies; and existing base salary relative to position value.

##### Short-Term Incentives

The Company maintains two short-term incentive bonus plans, the Income Pool Incentive Compensation Plan ("IPICP") and the Presidential Incentive Plan ("PIP"). They are designed to create incentives for superior performance and to allow the Company's executive officers to share in the success of the Company by rewarding the contributions of individual officers. The availability of funds for distribution under these plans is dependent upon the performance of the

## Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

Company as a whole. Focused on short-term or annual business results, they enable the Company to award designated executives with annual cash bonuses based on their contributions to the profits of their particular divisions of the Company.

In fiscal year 2004, the Compensation Committee approved the granting of 20,000 shares of the Company's common stock to its Chairman, General Joseph Franklin. This grant is in connection with General Franklin's years of service to the Company since December 1993.

### Long-Term Incentives

As part of its comprehensive compensation program, the Company stresses long-term incentives through awards of shares of its common stock under the Employee Stock Ownership Plan ("ESOP") and through the grant of options to purchase common stock through various employee stock option plans. Grants and awards are aimed at attracting new personnel, recognizing and rewarding current executive officers for special individual accomplishments, and retaining high-performing officers and key employees by linking financial benefit to the performance of the Company (as reflected in the market price of the Company's common stock) and to continued employment with the Company. The number of shares granted to executive officers under the Company's ESOP is determined on a pro-rata basis. Grants of stock options are generally determined on an individual-by-individual basis. The factors considered are the individual's performance rating and potential for contributing to the Company's future growth, the number of stock options previously granted to the individual and the Company's financial and operational performance.

### Supplemental Separation Benefits

The Company has an agreement with certain executive officers to provide supplemental separation benefits. Under the agreement, in the event of a change in control or ownership of part or all of the Company which gives rise to discharge of any officer without cause and such officer is not offered the opportunity to be hired by the new or successor management or company within 30 days at no less than the base salary earned before discharge, then such officer will receive supplemental severance pay equal to one month's base salary for each year of service at the Company up to a maximum of 15 months.

### Chief Executive Officer

Pursuant to his employment agreement, Mr. Bloch's base annual salary is \$400,000, plus a fixed annual bonus of 6% of the pre-tax profit of the Company with a cap on the pre-tax profit at \$20,000,000, as well as separation benefits in the event of a change in control or ownership of part or all of the Company, continuation of disability, medical and life insurance, the cost of an annual physical examination and a new automobile every three years. In addition, Mr. Bloch was awarded stock options to purchase 180,000 shares of the Company's common stock at the fair market value on March 1, 2001 (\$13.49) for a period of ten (10) years. In fiscal year 2004, the Compensation Committee increased Mr. Bloch's compensation by \$42,000 in the form of paying the premiums for additional life insurance coverage, the beneficiaries of which are Mr. Bloch's heirs.

In determining the compensation package for Mr. Bloch, the Compensation Committee took into account the compensation packages for senior officers at companies of comparable size and complexity, both public and private, as well as its assessment of Mr. Bloch's individual performance, and his contribution to

## Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

the Company's past growth and accomplishments as well as contributions which it is anticipated will be made by Mr. Bloch in the future. In this regard, the Compensation Committee recognized Mr. Bloch's untiring efforts in developing new, non-military technology applications, markets and marketing programs which the Compensation Committee believes will continue to help position the Company to compete more effectively in commercial as well as military markets. The Compensation Committee noted that in prior years, under Mr. Bloch's leadership, the Company redirected a significant portion of its resources to the design and development of new products for the commercial communications marketplace. The Compensation Committee believes that the investment in new products will result in significant growth of revenues and profits in future periods.

### COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

As described above, members of the Compensation Committee are Joel Girsky, Chairman, S. Robert Foley, E. Donald Shapiro and General Joseph P. Franklin. No interlocking relationship exists between the Company's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Effective September 30, 2004, General Franklin, the Company's Chairman of the Board, will no longer be a member of the Compensation Committee.

### REPORT OF THE AUDIT COMMITTEE

The members of the Audit Committee have been appointed by the Board of Directors. The Audit Committee is comprised of three non-employee directors, each of whom satisfies the independence standards for audit committee membership set forth in Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended, and the independence requirements of the AMEX. The Audit Committee is governed by a charter that has been approved and adopted by the Board of Directors and which is reviewed and reassessed annually by the Audit Committee.

The following Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this Audit Committee Report by reference therein.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements for the fiscal year ended April 30, 2004, with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are

## Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards. In addition, management and the independent auditors have represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles.

The Audit Committee has received from and discussed with the independent auditors their written disclosure and letter regarding their independence from the Company as required by Independence Standards Board Standard No. 1. The Audit Committee has also discussed with the independent auditors any matters required to be discussed by Statement on Auditing Standards No. 61.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held five meetings during fiscal year 2004.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended April 30, 2004 for filing with the Securities and Exchange Commission.

Note: Equity compensation plans not approved by security holders consist of:  
i- Independent Contractor Stock Option Plan- Under the terms of this plan, adopted in fiscal year 1998, options to acquire shares of the Company's Common Stock may be granted to individuals who provide services to the Company but who are not employees. The option price,

## Edgar Filing: FREQUENCY ELECTRONICS INC - Form DEF 14A

number of shares, timing and duration of option grants is at the discretion of the Independent Contractor Stock Option Committee. In recent grants, the option price was equal to the then fair market value of the Company's Common Stock, a portion of each grant was immediately exercisable and the options expire in ten years from date of grant.

- ii- 1993 Non-Statutory Stock Option Plan- Under the terms of this plan, adopted in fiscal year 1993, stock options may be granted to employees, officers and directors of the Company at a price at least equal to the fair market of the Company's Common Stock on the date of grant. Options generally are exercisable over a four-year period beginning one year after date of grant and expire ten years after the grant date. After fiscal year 2003, no additional shares may be issued from this plan.
- iii- President's Employment Contract- Under the terms of an employment contract, entered into in fiscal year 2001, Mr. Bloch, the Company's President, CEO and Chief Scientist, was granted an option to acquire 180,000 shares of the Company's Common Stock at the then fair market value of \$13.49. The option is exercisable 25% per year and expires in ten years from date of grant.

### Long-term Incentive Plans

The Company does not maintain any compensation plans for its executive officers or directors or for any of its other employees which provide compensation intended to serve as incentive for performance to occur over a period longer than one fiscal year other than the restricted stock and stock option plans discussed in the Compensation Committee Report, above. Awards under these plans are shown in the Summary Compensation Table, above.

### Pension Benefits

The Company has no defined benefit or actuarial retirement plans in effect. It has entered into certain Executive Incentive Compensation ("EIC") agreements with key employees (including some officers) providing for the payment of benefits upon retirement or death or upon the termination of employment not for cause. The Company pays compensation benefits out of its working capital but has also purchased whole life insurance (of which it is the sole beneficiary) on the lives of certain of the participants to cover the optional lump sum obligations under the EIC agreements upon the death of the participant. The annual premiums paid during fiscal year 2004 were less than the increase in cash surrender value of such insurance policies. The annual benefit provided under the program in fiscal year 2004 upon retirement at age 65 or death is as follows: Martin B. Bloch- \$170,000, Markus

Hechler- \$75,000, Oleandro Mancini- \$35,000 and Thomas McClelland- \$40,000. The benefit described above is payable for ten years or the life of the participant, whichever is longer. Two years after retirement or early retirement, the participants can elect to receive the benefit, less benefits received during the two-year period, in a lump sum under certain conditions. Upon voluntary termination of employment or discharge not for cause, the participant would be entitled to a lump sum payment, the amount of which varies based on the year in which termination occurs and the nature of the termination as set forth in the individual's EIC agreement. In conjunction with the program, the participants are required to make certain covenants with the Company relating to, among other things, nondisclosure of confidential information, noncompetition with the

Company and the providing of consulting services subsequent to retirement.

The following graph compares the cumulative total shareholder return on the Common Stock of the Company with the cumulative total return of the companies listed in the Standards & Poors' Small Cap 600 Stock Index (the "S&P 600 Small Cap Index") and an industry peer group index (the "Peer Group Index"). The graph assumes that \$100 was invested on May 1, 1999 in each of the Common Stock of the Company, the stock of the companies comprising the S&P 600 Small Cap Index and the common stock of the companies comprising the Peer Group Index, including the reinvestment of dividends, through April 30, 2004. The Peer Group Index consists of Aeroflex Inc., Anaren Inc., Ball Corp., Comtech Telecommunications Corp., EDO Corp., Iteris Holdings, Inc., Merrimac Industries, Inc., Scientific Atlanta, Inc., Skyworks Solutions, Inc., Symmetricom Inc. and Trimble Navigation, Ltd.

### Employment Contracts and Change-In-Control-Arrangements

None of the Named Officers are employed by the Company pursuant to employment agreements, other than Mr. Bloch as described in the Compensation Committee Report above. As described in the Compensation Committee Report beginning on page 11, the Company has provided supplemental separation benefits for certain executive officers, including Mr. Bloch and Mr. Hechler, in the event of a change in control or ownership of part or all of the Company. Such benefits will be provided only if an officer is discharged without cause and is not offered the opportunity to be hired by the new or successor management or company within 30 days at no less than the base salary earned before discharge. The Company does not have any other material compensatory plans or arrangements with its employees with respect to any resignation, retirement or other termination of such persons employed with the Company resulting from, or in any way connected with, a change-in-control of the Company.
