Part IV, Question (3)

The Registrant is filing this Form 12b-25 for a 5-day extension for filing its Quarterly Report on Form 10-Q for the period ended June 27, 2008 (the "2008 Quarter") to enable its management to complete all of the information required by Form 10-Q in sufficient time so as to allow for a complete review of its financial statements by independent registered public accounting firm.

Management expects that the Registrant's financial results for the 2008 Quarter may significantly vary compared to the fiscal quarter ended June 29, 2007 (the "2007 Quarter") because in the 2008 Quarter the Registrant's operating revenues increased sharply by approximately \$800,000 or 45.7% as a result of a dramatic increase in commercial aerospace spending, new customers in the medical device manufacturing sector as well as internal production efficiencies. Due to this increase in revenues, the Registrant expects to report operating income for the 2008 Quarter, as compared to the 2007 Quarter, which increased approximately \$352,000 from \$86,654 to approximately \$439,000 or approximately 407%. The foregoing financial information, however, represent estimates by management, and as management has not yet finalized its analysis of its financial results, no assurances can be given that the results of operations actually reported by the Registrant will not differ from the estimated amounts described herein.
