Sherwood Services, AG.

The total purchase price for the assets was \$80,000,000 less (i) \$2,176,635, which represents the provision for sales returns and allowances, including rebates and product returns, the provision for product warranty claims, and the amount of deferred revenues, each as of the closing date, less (ii) \$2,128,279, which represents the value of the inventory located in certain facilities of the sellers less (iii) \$1,200,000 to compensate for the value of certain accommodations on pricing of goods to be distributed by Tyco affiliates. The purchase price will also be subject to adjustment based upon a physical inventory to be conducted after the closing date.

The buyers assumed Tyco's lease on the Radionics facility in Burlington Massachusetts and entered into transitional supply and distribution agreements with Tyco Healthcare Group LP for products currently manufactured at Tyco facilities not included in the transaction. The transitional supply agreement provides for the manufacture of certain ultrasonic aspirator products and peripherals and certain other products for a period of up to two years. The transitional distribution agreement provides for the distribution of acquired product lines in certain international markets by affiliates of Tyco for periods ranging from three months to approximately 12 months after the closing date.

The buyers made an offer of employment to approximately 135 employees of the sellers working in the business relating to the purchased assets. The buyers also assumed certain liabilities from the sellers relating to the assets they are purchasing, including certain employment agreements.

Other than in respect of the acquisition, there is no material relationship between the Company (or any of its affiliates) and Tyco Healthcare Group LP and Sherwood Services, AG.

A copy of the press release issued by the Company announcing closing of the acquisition is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference into this Item.
