#### **Privacy Principles of the Trusts**

The Trusts are committed to maintaining the privacy of shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Trusts collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Trusts do not receive any non-public personal information relating to their shareholders, although certain non-public personal information of shareholders may become available to the Trusts. The Trusts do not disclose any non-public personal information about their shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

The Trusts restrict access to non-public personal information about their shareholders to BlackRock employees with a legitimate business need for the information. The Trusts maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of their shareholders.

### LETTER TO SHAREHOLDERS

April 30, 2006

#### Dear Shareholder:

We are pleased to report that during the semi-annual period, the Trusts continued to provide monthly income, as well as the opportunity to invest in various portfolios of municipal securities. This report contains the Trusts unaudited and audited financial statements and a listing of the portfolios holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the portfolios in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts current yields, tax-equivalent yields, closing market prices per share and net asset values ( NAV ) per share as of April 30, 2006.

Asset coverage per preferred share, end of period

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of common shareholders.

Commencement of investment operations. This information includes the initial investment by BlackRock Funding, Inc.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

<sup>&</sup>lt;sup>2</sup> Calculated using the average shares outstanding method.

Net asset value, beginning of period, reflects a deduction of \$0.675 per share sales charge from the initial offering price of \$15.00 per share.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Commencement of investment operations. This information includes the initial investment by BlackRock Funding, Inc.

<sup>&</sup>lt;sup>2</sup> Calculated using the average shares outstanding method.

Net asset value, beginning of period, reflects a deduction of \$0.675 per share sales charge from the initial offering price of \$15.00 per share.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of common shareholders.

<sup>6</sup> Annualized.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market value data for the Trust s common shares.

Commencement of investment operations. This information includes the initial investment by BlackRock Funding, Inc.

<sup>&</sup>lt;sup>2</sup> Calculated using the average shares outstanding method.

Net asset value, beginning of period, reflects a deduction of \$0.675 per share sales charge from the initial offering price of \$15.00 per share.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

Asset coverage per preferred share, end of period

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Commencement of investment operations. This information includes the initial investment by BlackRock Funding, Inc.

<sup>&</sup>lt;sup>2</sup> Calculated using the average shares outstanding method.

Net asset value, beginning of period, reflects a deduction of \$0.675 per share sales charge from the initial offering price of \$15.00 per share.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

The information in the above Financial Highlights represents the operating performance for a common share outstanding, total investment returns, ratios to average net assets and other supplemental data for each period indicated. This information has been determined based upon financial information provided in the financial statements and market price data for the Trust s common shares.

Commencement of investment operations. This information includes the initial investment by BlackRock Funding, Inc.

<sup>&</sup>lt;sup>2</sup> Calculated using the average shares outstanding method.

Net asset value, beginning of period, reflects a deduction of \$0.675 per share sales charge from the initial offering price of \$15.00 per share.

Total investment return is calculated assuming a purchase of a common share at the current market price on the first day and a sale at the current market price on the last day of each period reported. Dividends and distributions, if any, are assumed for purposes of this calculation, to be reinvested at prices obtained under the Trust s dividend reinvestment plan. Total investment returns do not reflect brokerage commissions. Total investment returns for less than a full year are not annualized. Past performance is not a guarantee of future results.

Ratios are calculated on the basis of income and expenses applicable to both the common and preferred shares relative to the average net assets of the common shareholders.

<sup>6</sup> Annualized.

### **Note 1. Organization & Accounting Policies**

BlackRock Investment Quality Municipal Trust Inc. (Municipal Investment Quality) was organized as a Maryland corporation on November 19, 1992. BlackRock California Investment Quality Municipal Trust Inc. (California Investment Quality), BlackRock New Jersey Investment Quality Municipal Trust Inc. (New York Investment Quality Municipal Trust Inc. (New York Investment Quality) were organized as Maryland corporations on April 12, 1993. BlackRock Florida Investment Quality Municipal Trust (Florida Investment Quality) was organized as a Massachusetts business trust on April 15, 1993. Municipal Investment Quality, California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality are herein referred to as the Investment Quality Trusts. BlackRock Municipal Income Trust (Municipal Income), BlackRock California Municipal Income Trust (California Income), BlackRock Florida Municipal Income Trust (New York Income) and BlackRock New York Municipal Income Trust (New York Income) (collectively the Income Trusts) were organized as Delaware statutory trusts on March 30, 2001. The Investment Quality Trusts and the Income Trusts are referred to herein collectively as the Trusts. Municipal Investment Quality and Municipal Income are registered as diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended. California Investment Quality, California Income, Florida Investment Quality, Florida Income, New Jersey Investment Quality, New Jersey Income, New York Investment Quality and New York Income are registered as non-diversified, closed-end management investment companies under the Investment Company Act of 1940, as amended. The ability of issuers of debt securities held by each Trust to meet their obligations may be affected by economic developments in a state, a specific industry or region.

Under the Trusts organizational documents, their officers and Trustees are indemnified against certain liabilities arising out of the performance of their duties to the Trusts. In addition, in the normal course of business, the Trusts enter into contracts with their vendors and others that provide for general indemnifications. The Trusts maximum exposure under these arrangements are unknown as this would involve future claims that may be made against the Trusts. However, based on experience, the Trusts consider the risk of loss from such claims to be remote.

The following is a summary of significant accounting policies followed by the Trusts.

Investments Valuation: Municipal investments (including commitments to purchase such investments on a when-issued basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust s Board of Trustees or Board of Directors, as the case may be (each, a Board). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, market transactions in comparable investments and various relationships between investments. A futures contract is valued at the last sale price as of the close of the commodities exchange on which it trades. Short-term securities may be valued at amortized cost. Investments in open-end investment companies are valued at net asset value per share. Any investments or other assets for which such current market quotations are not readily available are valued at fair value (Fair Value Assets) as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust s Board. The investment advisor and/or sub-advisor will submit its recommendations regarding the valuation and/or valuation methodologies for Fair Value Assets to a valuation committee. The valuation committee may accept, modify or reject any recommendations. The pricing of all Fair Value Assets shall be subsequently reported to the Board.

When determining the price for a Fair Value Asset, the investment advisor and/or sub-advisor shall seek to determine the price that the Trust might reasonably expect to receive from the current sale of that asset in an arm s-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant.

**Investment Transactions and Investment Income:** Investment transactions are recorded on trade date. The cost of investments sold and the related gain or loss is determined by use of the specific identification method, generally first-in, first-out, for both financial reporting and Federal income tax purposes. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities purchased using the interest method.

**Financial Futures Contracts:** A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by marking-to-market on a daily basis to reflect the market value of the contract at the end of each day strading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust s basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly.

**Interest Rate Swaps:** Interest rate swaps are agreements in which one party pays a floating rate of interest on a notional principal amount and receives a fixed rate of interest on the same notional principal amount for a specified period of time. Alternatively, a party may pay a fixed rate and receive a floating rate. Interest rate swaps are efficient as asset/liability management tools. In more complex swaps, the notional principal amount may decline (or amortize) over time.

During the term of the swap, changes in the value of the swap are recognized as unrealized gains or losses by marking-to-market to reflect the market value of the swap. When the swap is terminated, a Trust will record a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust s basis in the contract, if any.

The Trusts are exposed to credit loss in the event of non-performance by the other party to the swap. However, the Trusts closely monitor swaps and do not anticipate non-performance by any counterparty.

**Segregation:** In cases in which the Investment Company Act of 1940 (the 1940 Act ), as amended, and the interpretive positions of the Securities and Exchange Commission (the Commission ) require that each Trust segregate assets in connection with certain investments (e.g., when-issued securities, swap agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the Commission, designate on its books and records cash or other liquid securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

**Federal Income Taxes:** It is each Trust s intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient amounts of their net income and net realized capital gains, if any, to shareholders. Therefore, no federal income tax provisions have been recorded.

**Dividends and Distributions:** Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and, if necessary, other sources. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed in accordance with the 1940 Act. Dividends and distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 5.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates and such differences may be material.

Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan: Under the deferred compensation plan approved by each Trust s Board, non-interested Trustees/Directors ( Trustees ) are required to defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock closed-end trusts selected by the Trustees. These amounts are shown on the Statements of Assets and Liabilities as Investments in affiliates . This has the same economic effect for the Trustees as if the Trustees had invested the deferred amounts in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Trustees in order to match its deferred compensation obligations.

**Other:** Expenses that are directly related to one of the Trusts are charged directly to that Trust. Other operating expenses are generally prorated to the Trusts on the basis of relative net assets of all of the BlackRock Closed-End Trusts.

#### Note 2. Agreements

Each Trust has an Investment Management Agreement with BlackRock Advisors, Inc. (the Advisor), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc. (BFM), a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to Municipal Income Trust, California Municipal Income Trust, Florida Municipal Income Trust, New Jersey Municipal Income Trust and New York Municipal Income Trust. BlackRock, Inc. is an indirect majority owned subsidiary of The PNC Financial Services Group, Inc. The Investment Management Agreement for each Income Trust covers both investment advisory and administration services. Each Investment Quality Trust has an Administration Agreement with the Advisor.

Each Trust s investment advisory fee paid to the Advisor is computed weekly and payable monthly based on an annual rate, 0.35% for the Investment Quality Trusts and 0.60% for the Income Trusts, of the Trust s average weekly managed assets. Managed assets means the total assets of a Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses on the Income Trusts as a percentage of managed assets as follows: 0.25% for the first five years of each of the Trust s operations, 0.20% in year six, 0.15% in year seven, 0.10% in year eight and 0.05% in year nine.

The Advisor pays BFM fees for its sub-advisory services.

The administration fee paid to the Advisor is computed weekly and payable monthly based on an annual rate of 0.15% for the Municipal Investment Quality Trust and 0.10% for the California Investment Quality, Florida Investment Quality, New Jersey Investment Quality and New York Investment Quality of the Trusts average weekly managed assets.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor, as well as occupancy and certain clerical and accounting costs of each Trust. Each Trust bears all other costs and expenses, which include reimbursements to the Advisor for cost of employees that provide pricing, secondary market support, and compliance services to each Trust. For the six months ended April 30, 2006, the Trusts reimbursed the Advisor the following amounts, which are included in miscellaneous expenses in the Statements of Operations:

| Trust                         | Amount      | Trust                         | Amount      |

| Municipal Investment Quality  | \$ 8,236    | Florida Income                | \$ 3,180    |
| Municipal Income              | 17,376      | New Jersey Investment Quality | 480         |
| California Investment Quality | 480         | New Jersey Income             | 3,479       |
| California Income             | 6,853       | New York Investment Quality   | 657         |
| Florida Investment Quality    | 572         | New York Income               | 5,944       |
|                               | 56          |                               |             |

Pursuant to the terms of each Trust s custody agreement, each Trust received earnings credits from its custodian for positive cash balances maintained, which are used to offset custody fees. These credits are shown on the Statement of Operations as fees paid indirectly .

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust s Declaration of Trust, are not satisfied.

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the 1940 Act, as amended, requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust subclassification as a closed-end investment company or change its fundamental investment restrictions and (c) change its business so as to cease to be an investment company.

#### Note 6. Dividends

Subsequent to April 30, 2006, the Board of each Trust declared dividends from undistributed earnings per common share payable June 1, 2006, to shareholders of record on May 15, 2006. The per share common dividends declared were as follows:

#### Note 7. Concentration Risk

The Trusts concentrate their investments in securities issued by state agencies, other governmental entities and U.S. Territories. The Trusts are more susceptible to adverse financial, social, environmental, economic, regulatory and political factors that may affect these states, which could seriously affect the ability of these states and their municipal subdivisions to meet continuing obligations for principle and interest payments, than if the Trusts were not concentrated in securities issued by state agencies, other governmental entities and U.S. Territories.

Many municipalities insure repayment for their obligations. Although bond insurance reduces the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons and there is no assurance that the insurance company will meet its obligations. These securities have been identified in the Portfolios of Investments.

#### DIVIDEND REINVESTMENT PLANS

Pursuant to each Trust s Dividend Reinvestment Plan (the Plan), common shareholders are automatically enrolled to have all distributions of dividends and capital gains reinvested by Computershare Trust Company, N.A. (the Plan Agent) in the respective Trust s shares pursuant to the Plan. Shareholders who elect not to participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent.

After an Investment Quality Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participant s account, by the purchase of outstanding shares on the open market, on the Trust s primary exchange or elsewhere (open market purchases). The Investment Quality Trusts will not issue any new shares under the Plan, which serves as agent for the shareholders in administering the Plan.

After an Income Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants accounts, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust (newly issued shares) or (ii) by open market purchases. If, on the dividend payment date, the net asset value per share (NAV) is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as market premium), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant s account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as market discount), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open market purchases.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent and will receive certificates for whole Trust shares and a cash payment for any fraction of a Trust share.

The Plan Agent s fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent s open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan, however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants who request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent at 250 Royall Street, Canton, MA 02021, or (800) 699-1BFM.

#### ADDITIONAL INFORMATION

On February 15, 2006, BlackRock, Inc. ( BlackRock ) and Merrill Lynch & Co., Inc. ( Merrill Lynch ) announced that they had entered into an agreement pursuant to which Merrill Lynch would contribute its investment management business, Merrill Lynch Investment Managers, to BlackRock, one of the largest publicly traded investment management firms in the United States, to form a new asset management company that will be one of the world s preeminent, diversified global money management organizations with approximately \$1 trillion in assets under management. Based in New York, BlackRock currently manages assets for institutional and individual investors worldwide through a variety of equity, fixed income, cash management and alternative investment products. The new company will operate under the BlackRock name and be governed by a board of directors with a majority of independent members. The new company will offer a full range of equity, fixed income, cash management and alternative investment products with strong representation in both retail and institutional channels, in the U.S. and in non-U.S. markets. It will have over 4,500 employees in 18 countries and a major presence in most key markets, including the United States, the United Kingdom, Asia, Australia, the Middle East and Europe. Merrill Lynch will own no more than 49.8% of the total issued and outstanding capital stock of the new company and it will own no more than 45% of the new company s common stock, and The PNC Financial Services Group, Inc. ( PNC ), which currently holds a majority interest in BlackRock, will retain approximately 34% of the new company s common stock. Each of Merrill Lynch and PNC has agreed that it will vote all of its shares on all matters in accordance with the recommendation of BlackRock s board. Completion of the transaction is subject to various regulatory approvals, client consents, approval by BlackRock shareholders and customary conditions. The transaction has been approved by the boards of directors of Merrill Lynch, BlackRock and PNC and is expected to close at the end of the third quarter of 2006.

The Trusts listed for trading on the New York Stock Exchange (NYSE) has filed with the NYSE its chief executive officer certification regarding compliance with the NYSE s listing standards and each Trust listed for trading on the American Stock Exchange (AMEX) has filed with the AMEX its corporate governance certification regarding compliance with the AMEX s listing standards. All of the Trusts have filed with the Securities and Exchange Commission the certification of it chief officer and chief financial officer required but section 302 of the Sarbanes-Oxley Act.

The Trusts do not make available copies of their respective Statements of Additional Information because the Trusts shares are not continuously offered, which means that the statement of Additional Information of each Trust has not been updated after completion of such Trust s offering and the information contained in each Trust s Statement of Additional Information may have become outdated.

During the period, there were no material changes in the Trusts investment objectives or policies or to their charter or by-laws that have not been approved by the shareholders or in the principle risk factors associated with investment in the Trusts. There have been no changes in the persons who are primarily responsible for the day-to-day management of the Trusts portfolio.

Quarterly performance and other information regarding the Trusts may be found on BlackRock s website, which can be accessed at http://www.blackrock.com/indiv/products/closedendfunds/funds.html. ### **SECTION 19 NOTICES**

Set forth below is a summary of notices sent by each Trust, if any, pursuant to Section 19 of the Investment Company Act of 1940. Section 19 requires each Trust to accompany dividend payments with a notice if any part of that payment is from a source other than accumulated net investment income, not including profits or losses from the sale of securities or other properties. These notices are not for tax reporting purposes and were provided only for informational purposes in order to comply with the requirements of Section 19. In January 2007, after the completion of each Trust s tax year, shareholders will receive a Form 1099-DIV which will reflect the amount of income, capital gain and return of capital paid by the Trust taxable in calendar year 2006 and reportable on your 2006 federal and other income tax returns.

The Trusts will mail only one copy of shareholder documents, including annual and semi-annual reports and proxy statements, to shareholders with multiple accounts at the same address. This practice is commonly called householding and is intended to reduce expenses and eliminate duplicate mailings of shareholder documents. Mailings of your shareholder documents may be householded indefinitely unless you instruct us otherwise. If you do not want the mailing of these documents to be combined with those for other members of your household, please contact the Trusts at (800)699-1BFM.

The Trusts have delegated to the Advisor the voting of proxies relating to their voting securities pursuant to the Advisor s proxy voting policies and procedures. You may obtain a copy of these proxy voting policies and procedures, without charge, by calling (800) 699-1BFM. These policies and procedures are also available on the website of the Securities and Exchange Commission (the Commission ) at http://www.sec.gov.

Information on how proxies relating to the Trusts voting securities were voted (if any) by the Advisor during the most recent 12-month period ended June 30th is available without charge, upon request, by calling (800) 699-1BFM or on the website of the Commission at http://www.sec.gov.

<sup>&</sup>lt;sup>1</sup> For the Income Trusts.

<sup>&</sup>lt;sup>2</sup> For the Investment Quality Trusts.

The Trusts file their complete schedule of portfolio holdings for the first and third quarters of their respective fiscal years with the Commission on Form N-Q. Each Trust s Form N-Q will be available on the Commission s website at http://www.sec.gov. Each Trust s Form N-Q, may be reviewed and copied at the Commission s Public Reference Room in Washington, D.C. Information regarding the operation of the Public Reference Room may be obtained by calling (800) SEC-0330. Each Trust s Form N-Q, may also be obtained upon request without charge by calling (800) 699-1BFM.
