Enclosure: A press release dated March 14, 2011 announcing that the Supervisory Board of STMicroelectronics has agreed to submit for approval at the annual general meeting of shareholders the distribution of an annual cash dividend of US\$0.40 per outstanding share of the Company's common stock.

PR No. C2649C

STMicroelectronics Supervisory Board Resolves to Submit to the Company's Annual General Meeting a Proposal to
Increase
Annual Cash Dividend to US\$0.40 per Share

Geneva, March 14, 2011 – The Supervisory Board of STMicroelectronics (NYSE:STM) approved the management proposal to submit to the forthcoming 2011 Annual General Meeting of Shareholders the distribution of an annual cash dividend of US\$0.40 per outstanding share of the Company's common stock, payable in four equal quarterly installments. The proposed dividend equals a 3.2% yield on the Company's share price at closing on Friday, March 11, on the NYSE and compares to the annual dividend of US\$0.28 per share declared last year.

The proposal will be submitted for shareholder approval at the Company's Annual General Meeting, which will be held in Amsterdam on May 3, 2011. Upon approval, the dividends will be paid in four equal quarterly installments in May, August and December 2011, and February 2012 to shareholders of record in the month of each quarterly payment. The first payment date will be on May 26 for the European stock exchanges and on May 31 for the NYSE. (For additional details on the dividend payment and ex-dividend dates, please refer to the table below).

“Over the last two years the semiconductor industry went through a severe downturn and market recovery. STMicroelectronics exited the period with a much stronger product and customer portfolio, amid continued R&D effort, and improving the Company's net financial position by \$1.7 billion,” said Carlo Bozotti, President and CEO of STMicroelectronics. “Our results so far, including the sale of our Flash memory business, and our confidence in the Company's business prospects set the foundation to increase our dividend as a part of our continued strategy to enhance value for our shareholders, while investing for future growth and protecting a solid capital structure”.
