**PROXY STATEMENT**  
**SPECIAL MEETING OF STOCKHOLDERS**

**SOLICITATION OF PROXIES**

**Solicitation**

This Proxy Statement is furnished to the holders of the common stock of Perma-Fix Environmental Services, Inc. (the "Company") in connection with the solicitation on behalf of the Board of Directors of the Company (the "Board of Directors" or the "Board") of proxies to be used in voting at the Special Meeting of Stockholders to be held at the Company's offices, located at 1940 N.W. 67th Place, Gainesville, Florida 32653 on December 4, 2001, at 10:00 a.m. (EST), and any adjournments thereof (the "Meeting"). The Notice of Special Meeting, this Proxy Statement and the accompanying Proxy Card are first being mailed to stockholders on or about November 2, 2001.

The Company will pay the cost of preparing, printing, assembling and mailing this Proxy Statement and the Proxy Card and all of the costs of the solicitation of the proxies. In addition to solicitation by use of the mail, certain of the Company's officers and employees may, without receiving additional compensation therefor, solicit the return of proxies by telephone, telegram or personal interview. The Company has also retained the services of Georgeson Shareholder Communications, Inc. to aid in the solicitation of proxies for a fee of \$6,000, plus reasonable out-of-pocket expenses incurred by them. The Company has requested that brokerage houses and custodians, nominees and fiduciaries forward soliciting materials to their principals, the beneficial owners of common stock, and has agreed to reimburse them for reasonable related out-of-pocket expenses.

**Revocation of Proxy**

The enclosed proxy is for use at the Meeting if the stockholder will not be able to attend in person. Any stockholder who executes a proxy may revoke it at any time before it is voted by delivering to the Company's Secretary either a written revocation or a duly executed proxy bearing a later date. A stockholder's proxy may also be revoked if the stockholder attends the Meeting and requests that the proxy be revoked.

**Record Date and Voting Securities**

Only the holders of common stock of record at the close of business on October 11, 2001 (the "Record Date"), will have the right to receive notice of, and be entitled to vote at, the Meeting. At the close of business on the Record Date, 33,968,177 shares of common stock were issued and outstanding, excluding 988,000 treasury shares and including the 4,397,566 shares of common stock issued previously pursuant to the Offering described under Proposal 1. Each stockholder of record is entitled to one vote for each share of common stock that the stockholder owned as of the Record Date on each matter to be voted upon at the Meeting. A majority of all of the outstanding shares of common stock entitled to notice of, and to vote at, the Meeting, represented in person or by proxy, will constitute a quorum for the holding of the Meeting. If a quorum is not represented at the Meeting, the Meeting will be adjourned, and the Company will incur additional expense.

Pursuant to the General Corporation Law of the State of Delaware, only votes cast "FOR" a matter constitute affirmative votes, except proxies in which the stockholder fails to make a specification as to whether he votes "FOR," "AGAINST" or "ABSTAINS" as to a particular matter will also be considered as a vote "FOR" that matter. Votes will be tabulated by an inspector of election appointed by the Board of Directors. Votes in which the stockholder specified that the stockholder is "ABSTAINING" from voting are counted for quorum purposes. Abstentions and broker non-votes are not considered as votes "FOR" a particular matter, but will be counted for quorum purposes.

**PROPOSAL 1 - TO APPROVE THE FUTURE ISSUANCE OF SHARES OF COMMON STOCK UPON EXERCISE OF THE WARRANTS ISSUED BY THE COMPANY IN CONNECTION WITH THE COMPANY'S PRIVATE PLACEMENT COMPLETED ON JULY 30, 2001**

**The Offering**

From April 6, 2001 to July 30, 2001, the Company conducted a private offering (the "Offering") of a minimum of 1,500,000 units and a maximum of 4,400,000 units. Each unit consisted of one share of the Company's common stock and a warrant for the purchase of one share of common stock (a "Warrant"). The price per unit was \$1.75, and the exercise price under each Warrant is \$1.75 per share of common stock. The offering price of each unit and the exercise price of each Warrant was based on the Company's decision as to the value of a unit as of April 6, 2001, the date the Offering commenced, after consulting with the placement agents utilized by the Company in the Offering and considering that the closing price of a share of common stock as reported on the Nasdaq SmallCap Market (the "Nasdaq") on April 6, 2001, was \$1.6875.

The Company sold 4,397,566 units in the Offering for a total purchase price of \$7,695,740. The Company used the net proceeds of the Offering to assist in the consummation of the Company's acquisition of East Tennessee Materials and Energy Corporation, a mixed waste processing facility in Oak Ridge, Tennessee, to reduce the short-term debt owing to its lenders, and for general working capital purposes.

Under the terms of the Offering, the Company had the right to appoint one or more placement agents (each, a "Placement Agent") to place the units as an agent of the Company and to assist in completing the Offering. The Company paid each Placement Agent a fee equal to 7.5% of the aggregate purchase price for units placed by that particular Placement Agent. The Company also issued to each Placement Agent warrants to purchase up to the number of shares of common stock equal to 7% of the aggregate purchase price for units placed by that particular Placement Agent, divided by \$1.75 (the "Placement Agent Warrants"). The Placement Agent Warrants are for a term of five years and have an exercise price of \$1.75 per share. As a result, the Company paid the Placement Agents \$232,031 in total fees and issued to them Placement Agent Warrants for the purchase of up to an aggregate of 123,750 shares of common stock.

The Offering was sold only to accredited investors as that term is defined under Regulation D of the Securities Act of 1933, as amended (the "Act"). One of the investors in the Offering was Capital Bank -- Grawe Gruppe AG (f/k/a RBB Bank Aktiengesellschaft) ("Capital Bank"), which subscribed for 842,995 units under the Offering. Capital Bank owns, as agent for its investors, 9,932,359 shares of common stock, or 29.24% of the issued and outstanding common stock as of the Record Date. Consequently, Capital Bank may be considered a beneficial owner of more than 10% of the Company's issued and outstanding common stock. Capital Bank has advised the Company that it is recommending to its investors that the shares of common stock held by Capital Bank be voted "For" this Proposal. See "POTENTIAL CHANGE IN CONTROL" for a discussion of Capital Bank's ownership of common stock as agent for its various investors.

If the stockholders do not approve this Proposal 1, the Company will not be obligated to issue shares pursuant to the exercise of the Warrants or the Placement Agent Warrants. The Warrants and the Placement Agent Warrants do not provide a penalty if the Company is unable to obtain such stockholder approval. If this Proposal 1 is approved by the stockholders and if all Warrants and Placement Agent Warrants are exercised, the Company would receive \$7,912,303 in proceeds from such exercises.

The issuance of the 4,397,566 shares of common stock included in the units sold in the Offering and up to 4,521,316 shares of common stock underlying the Warrants included in the units and Placement Agent Warrants does not require registration under the Act as such issuance is exempt under Rule 506 of Regulation D and/or Section 4(2) of the Act. However, in accordance with the terms of the Offering, the Company filed a Form S-3 Registration Statement on October 1, 2001 (the "Registration Statement"), to register such common stock with the Securities and Exchange Commission.

**Nasdaq Rule 4350**

## Edgar Filing: PERMA FIX ENVIRONMENTAL SERVICES INC - Form PRES14A

Under the original terms of the Offering, the Company offered to sell a maximum of 5,000,000 units. After the Offering commenced, however, the maximum number of units offered was reduced to 4,400,000 in order to comply with Rule 4350(i)(1)(D) of the rules of the National Association of Securities Dealers, Inc. The Company's common stock is listed for trading on the Nasdaq and the Boston Stock Exchange (the "BSE"). Although the BSE approved the listing of the shares

-2-

of common stock to be issued in connection with the Offering and upon the exercise of the Warrants and the Placement Agent Warrants, the Nasdaq advised the Company that the Offering could violate Rule 4350(i)(1)(D) governing the listing of additional securities on the Nasdaq as originally structured.

Rule 4350(i)(1)(D) provides that a corporation must obtain shareholder approval to issue, through a private placement such as the Offering, a number of shares of common stock equal to or greater than 20% of the corporation's outstanding common stock at a price less than the greater of book or market value of the common stock. At the time of the discussion with Nasdaq, the Company had 22,896,762 shares of common stock outstanding, and the offering of up to 5,000,000 units could have resulted in up to 10,000,000 shares being issued if the Warrants were exercised, representing more than 43.67% of the Company's then issued and outstanding common stock.

For purposes of determining whether the Offering complies with Rule 4350(i)(1)(D), the Nasdaq asserted that the Company cannot use April 6, 2001, the date the Offering commenced, to determine market value, but must determine market value as of the date that each subscription agreement for units is executed by the investor and becomes binding. Because the price of the common stock as reported on the Nasdaq rose from \$1.6875 per share on the date the Offering commenced to \$2.27 on the date the Offering terminated, numerous subscription agreements were executed at a time when the market value per share of common stock was greater than the \$1.75 purchase price per unit. The Nasdaq claimed that the subscription agreements executed on a date when the market price was greater than the \$1.75 unit purchase price represented sales at less than the greater of book or market value of the common stock, thereby violating Rule 4350(i)(1)(D).

In order to comply with Rule 4350(i)(1)(D), the Company agreed with the Nasdaq to restructure the Offering so that (a) the maximum number of units offered was reduced from 5,000,000 to 4,400,000, and (b) the Warrants and the Placement Agent Warrants could not be exercised until the Company's stockholders approved the issuance of the shares of common stock upon the exercise of the Warrants and the Placement Agent Warrants. Prior to the closing of the Offering, the Placement Agents and the initial investors who subscribed for units agreed to amend the terms of the Warrants and the Placement Agent Warrants pursuant to the Company's agreement with the Nasdaq. As a result of these modifications, only 4,397,566 shares of common stock, representing approximately 19.5% of the issued and outstanding shares of common stock as of the commencement of the Offering, have been issued under the Offering without stockholder approval.

### **The Warrants and Placement Agent Warrants**

*Summary of Terms.* Each Warrant and Placement Agent Warrant entitles the holder to purchase one share of common stock at an exercise price of \$1.75 per share, subject to the adjustments in certain cases described below. Each Warrant and Placement Agent Warrant may be exercised at any time after stockholder approval of Proposal 1 and prior to the expiration of the fifth anniversary of the date of issuance of the Warrants and Placement Agent Warrants.

*Adjustments to Exercise Price and Number of Shares Purchasable.* The exercise price and the number of shares of common stock issuable upon the exercise of the Warrants and Placement Agent Warrants are subject to adjustment, from time to time, upon the occurrence of any of the following events:

- \* If the Company (a) pays a dividend in, or makes a distribution of, shares of capital stock on its outstanding common stock; (b) subdivides its outstanding shares of common stock into a greater number of shares; or (c) combines its outstanding shares of common stock into a smaller number of shares; and
- \* If the Company consolidates with, or merges into, another corporation (other than a consolidation or merger which does not result in any reclassification or change of the outstanding common stock).

*Listing and Registration.* There is no established public trading market for the Warrants and the Placement Agent Warrants, and we do not expect one to emerge. As discussed above, the BSE has approved the listing of the common stock underlying the Warrants and the Placement Agent Warrants and the Nasdaq has approved such listing subject to stockholder approval of this Proposal 1. Pursuant to the terms of the Offering and the subscription agreements for units, the Company filed the Registration Statement under the Act for the resale of the common stock included in the units and the common stock issuable upon the exercise of the Warrants and the Placement Agent Warrants. If the stockholders do not approve this Proposal 1, the Company will withdraw the shares of common stock issuable upon exercise of the Warrants and

the Placement Agent Warrants from the Registration Statement.

-3-

*Certain Effects of Exercise of Warrants and the Placement Agent Warrants.* If all or a portion of the Warrants and the Placement Agent Warrants are exercised, the number of outstanding shares of common stock will increase. The increased number of shares of common stock could have a depressive effect on the market price of the common stock. This depressive effect could encourage short sales which could place downward pressure on the price of the common stock. If all or a portion of the Warrants and the Placement Agent Warrants are exercised, the resulting increase in the number of shares of common stock outstanding will dilute the ownership interest and proportionate voting power of the existing holders of common stock.

*Principal Effects of Approval.* Once the Company stockholders approve this Proposal 1, the Company will seek to complete the registration of the common stock included in the units and the common stock issuable upon the exercise of the Warrants included in the units and the Placement Agent Warrants. If such registration is completed, all such common stock will be freely tradeable under the Federal securities laws.

**Vote Required**

Pursuant to Nasdaq Rule 4350(i)(6), this Proposal 1 requires the affirmative vote of a majority of the votes cast, in person or by proxy, by the holders of the common stock.

**Recommendation of the Board of Directors**

**The Board of Directors Recommends that the Stockholders Vote "For" the Future Issuance of Common Stock Upon the Exercise of the Warrants and the Placement Agent Warrants Issued Pursuant to the Offering.**

**PROPOSAL 2 - AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 50,000,000 TO 75,000,000.**

**The Proposed Amendment**

The Company's Restated Certificate of Incorporation, as amended (the "Certificate"), presently authorizes 52,000,000 shares of capital stock of the Company, of which 50,000,000 shares consist of common stock, par value \$.001 per share, and 2,000,000 shares consist of preferred stock, par value \$.001 per share. The Board of Directors of the Company recommends that the stockholders approve the amendment to the Certificate to increase the Company's authorized shares of common stock from 50,000,000 to 75,000,000 (the "Amendment"). If the Amendment is approved, the additional authorized, but unissued shares of common stock will be identical in all respects to presently authorized shares of common stock.

Under the Amendment, the first paragraph of Article Fourth of the Certificate would be amended to read as follows:

The total number of shares of capital stock that the Corporation shall have authority to issue is 77,000,000, of which 75,000,000 shall be designated as common stock, par value \$.001 per share ("Common Stock"), and 2,000,000 shall be designated as preferred stock, par value \$.001 per share ("Preferred Stock").

**Reasons for Amendment**

The Amendment is necessary to allow the issuance of common stock upon the exercise or conversion of all of the Company's convertible securities and other rights to acquire common stock. As of October 11, 2001, these are as follows:

- \* 315,527 shares issuable or which could be issuable under the Company's 1991 Performance Equity Plan;
- \* 338,440 shares issuable or which could be issuable under the 1992 Outside Directors Stock Option and Incentive Plan;
- \* approximately 2,239,089 shares issuable or which could be issuable under the 1993 Nonqualified Stock Option Plan;
- \* approximately 250,004 shares issuable or which could be issuable under the Company's 1996 Employee Stock Purchase Plan;
- \* 14,508,802 shares issuable upon exercise of outstanding warrants (including the Warrants and the Placement Agent Warrants issued in the Offering) granted by the Company, prior to applicable anti-dilution adjustments; and
- \* up to 1,666,667 shares issuable upon conversion of 2,500 outstanding shares of the Company's Series 17 Class Q Convertible Preferred Stock (the "Series 17 Preferred").

The Company is required to reserve at least 19,318,529 shares of common stock for these potential issuances of common stock. As of October 11, 2001, 33,968,177 shares of common stock were issued and outstanding, leaving only 16,031,823 authorized shares (including 988,000 treasury shares) available to satisfy the Company's existing reserve obligations. Without approval of the Amendment, the Company's available common stock is insufficient to cover the Company's existing reserve obligations. As a result, if the stockholders do not approve the Amendment increasing the number of authorized shares of common stock, the Company may be unable to fulfill all its obligations to issue shares of common stock. If the Company is unable to fulfill such obligations, the Company could be in default under its various obligations to issue common stock, and it is possible that certain actions could be taken against the Company for losses and damages. Such actions could have a material adverse effect on the Company.

In addition, the Board of Directors believes that increasing the number of authorized shares of common stock beyond the existing reserve requirement is necessary in order to provide the Company with shares which will be available

for issuance from time to time as needed for proper corporate purposes as may be determined by the Board of Directors. Such corporate purposes might include the following:

- \* the raising of capital funds through private or public offerings,
- \* the acquisition by the Company of other companies,
- \* the declaration of stock splits or stock dividends, and
- \* the issuance of common stock under warrants, preferred stock, or other rights which may be granted by the Company from time to time in the future.

The Board will have the authority to issue authorized common stock without requiring future stockholder approval, except as may be required by applicable law or rule of the BSE or Nasdaq (if the Company's securities are then listed on the BSE or the Nasdaq).

The issuance of additional shares of common stock could have a detrimental effect upon existing holders of the Company's common stock since such issuance may have a dilutive effect on the earnings per share of common stock and the voting rights of holders of the common stock. The issuance of additional shares of common stock could also have a dilutive effect on the voting rights of existing holders of the preferred stock to the extent the outstanding shares of preferred stock are converted into common stock.

Although authorization of additional shares of common stock is recommended by the Board of Directors for the reasons stated above, and not because of any possible anti-takeover effect, such additional authorization of shares of common stock could be used by incumbent management to make more difficult, and thereby discourage, an attempt to acquire control of the Company, even though stockholders of the Company may deem such an acquisition desirable. For example, the shares could be privately placed with purchasers who might support the Board of Directors in opposing a hostile takeover bid. The issuance of new shares of common stock could also be used to dilute the stock ownership and voting power of a third party seeking to remove the directors, replace incumbent directors, accomplish certain business combinations or alter, amend, or repeal portions of the Certificate.

Capital Bank, as agent for certain investors, has the right to acquire 3,515,655 of the 14,508,802 shares of common stock issuable upon exercise of outstanding warrants and an additional 842,995 shares under the Warrants if Proposal 1 is approved. In addition, Capital Bank, as agent for certain investors, holds the 2,500 shares of outstanding Series 17 Preferred, which are convertible into up to 1,666,667 shares of common stock. Capital Bank has advised the Company that it is recommending to its investors that the shares of common stock held by Capital Bank be voted "For" this Proposal.

#### **Vote Required**

The Amendment to the Certificate to increase the number of shares of the authorized capital stock of the Company requires the approval of the holders of a majority of the outstanding common stock.

#### **Recommendation of Board of Directors**

**The Board of Directors has Approved and Recommends a Vote "For" the Amendment to the Company's Restated Certificate of Incorporation Increasing the Number of Authorized Shares of Common Stock From 50,000,000 to 75,000,000.**

## PRINCIPAL STOCKHOLDERS

The following table sets forth, as of the Record Date, certain information with respect to the beneficial ownership of the Company's common stock by the following:

- \* each person known by the Company to beneficially own more than or own rights to eventually acquire more than 5% of all common stock outstanding;
- \* each director;
- \* the chief executive officer and each other executive officer whose salary and bonus for the last fiscal year exceeds \$100,000; and
- \* all directors and executive officers as a group.

Except as otherwise indicated, the persons named in the table below have sole voting and investment power with respect to all shares of common stock held by them. Shares of common stock which the person has a right to acquire within 60 days after October 11, 2001, are deemed outstanding for purposes of computing the percentage of ownership of that particular person and for all officers and directors as a group, but are not deemed outstanding in computing the percentage of any other person.

Applicable percentage ownership in the following table is based on 33,968,177 shares of common stock outstanding as of October 11, 2001, excluding 988,000 treasury shares. Unless otherwise indicated, the business address of such person, for the purposes of the Proxy Statement, is Perma-Fix Environmental Services, Inc., 1940 N.W. 67th Place, Gainesville, Florida 32653.

### POTENTIAL CHANGE IN CONTROL

As of October 11, 2001, Capital Bank owned of record, as agent for certain accredited investors, 9,932,359 shares of common stock representing 29.24% of the Company's issued and outstanding common stock. Capital Bank also has the right to acquire an additional 6,025,317 shares of common stock, comprised of (a) 842,995 shares of common stock issuable upon exercise of the Warrants included in the units purchased in the Offering by Capital Bank as agent for certain investors assuming the stockholders approve Proposal 1 of this Proxy Statement; (b) 3,515,655 shares of common stock issuable under various other warrants held by Capital Bank; and (c) 1,666,667 shares of common stock issuable to Capital Bank upon the conversion of 2,500 shares of the Company's Series 17 Preferred held by Capital Bank. The Series 17 Preferred is not entitled to vote on the proposals included in this Proxy Statement. If Capital Bank were to acquire all of the shares of common stock issuable upon exercise of the various warrants held by Capital Bank (including the Warrants issued to Capital Bank under the Offering) and the shares of common stock issuable upon conversion of the Series 17 Preferred, then Capital Bank would own of record 15,957,676 shares of common stock, representing 39.90% of the issued and outstanding common stock of the Company. The foregoing estimates assume that no other shares of common stock are issued by the Company, no other warrants or options are exercised, the Company does not acquire additional shares of common stock as treasury stock, and Capital Bank does not dispose of any shares of common stock.

If Capital Bank were to acquire the shares of common stock as described in the previous paragraph, the Company may not be able to avoid an actual change in control of the Company if Capital Bank seeks such a change in control. Moreover, if such conversion and exercise results in Capital Bank acquiring more than 50% of the then outstanding Common Stock of the Company, the Company would not be able to avoid a change in control.

If Capital Bank acquires the shares of common stock described above, Capital Bank may be able to cause a change in at least 50% of the members of the Company's Board of Directors. Such a change in Board membership could be an event of default under the Company's \$22 million credit facility (the "Credit Facility") and its \$5.6 million outstanding Senior Subordinated Notes due July 31, 2006 (the "Notes"). In addition, if Capital Bank were to acquire such shares and cause Dr. Louis Centofanti to be removed from the Board of Directors or as the Company's president and chief executive officer, the removal could be an event of default under the Credit Facility and the Notes.

Capital Bank has advised the Company that it is a banking institution regulated by the banking regulations of Austria which holds the Company's shares of stock on behalf of numerous investors. Capital Bank has advised the Company that it is precluded by Austrian law from disclosing the identities of its investors, but that all of its investors are accredited investors under Rule 501 of Regulation D promulgated under the Act. In addition, Capital Bank has advised the Company that none of its investors beneficially own more than 4.9% of the Company's common stock. Capital Bank has further informed the Company that its clients (and not Capital Bank) maintain full voting and dispositive power over such shares. Consequently, Capital Bank has advised the Company that it believes it is not the beneficial owner, as such term is defined in Rule 13d-3 under the Exchange Act ("Rule 13d-3"), of the shares of stock registered in the name of Capital Bank because it has neither voting nor investment power, as such terms are defined in Rule 13d-3, over such shares. As a result, Capital Bank has informed the Company that it does not believe that it is required to file reports under Section 16(a) of the Exchange Act or to file either a Schedule 13D or a Schedule 13G, as required by Rule 13d-1 of the Exchange Act, in connection with the shares of the Company's common stock registered in the name of Capital Bank.
