This prospectus supplement should be read in conjunction with the prospectus dated December 5, 2000, which is to be delivered with this prospectus supplement. All capitalized terms used but not defined in the prospectus supplement shall have the meanings given them in the prospectus.

The following table sets forth the name and number of shares beneficially owned by selling securityholders intending to sell in connection with this prospectus supplement the notes or common stock and the amounts of notes or shares of common stock to be offered. (1) Assumes conversion of all of the holder's notes at a conversion price of 8.2723 shares of common stock per \$1,000 principal amount at maturity of the notes. This conversion price, however, will be subject to adjustment as described under "Description of the Notes--Conversion Rights" in the prospectus. - (2) Calculated based on Rule 13d-3(d)(1)(i) of the Exchange Act using 238,095,339 shares of common stock outstanding as of November 22, 2000. In calculating this amount, we treated as outstanding the number of shares of common stock issuable upon conversion of all of that particular holder's notes. However, we did not assume the conversion of any other holder's notes.
- (3) Information about other selling securityholders will be set forth in additional prospectus supplements, if required. Assumes that any other holders of notes, or any future transferees, pledgees, donees or successors of or from any such other holders of notes, do not beneficially own any common stock other than the common stock issuable upon conversion of the notes at the initial conversion rate.
