PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 18, 2004

April 26, 2004

Information Regarding Proxies

This Proxy Statement is being furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of Berkshire Bancorp Inc. (the "Company") for use at the Company's 2004 Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 18, 2004, at 10:00 A.M. (eastern time), at the offices of Blank Rome LLP, The Chrysler Building, 24th Floor, Boardroom, 405 Lexington Avenue, New York, New York 10174 and at any adjournment(s) or postponement(s) thereof for the purposes set forth in the accompanying Notice of Meeting. This Proxy Statement and the accompanying proxy card are first being mailed to stockholders of the Company on or about April 27, 2004.

The principal executive offices of the Company are located at 160 Broadway, New York, New York 10038.

The cost of solicitation of proxies will be borne by the Company. In addition to the solicitation of proxies principally by the use of the mail, directors, officers and other employees of the Company, acting on its behalf and without special compensation, may solicit proxies by telephone, facsimile, email or personal interview. The Company will, at its expense, request brokers and

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares held of record by such persons. It is estimated that said solicitation costs will be nominal.

Outstanding Stock and Voting Rights

The Board of Directors has fixed the close of business on April 8, 2004 as the record date (the "Record Date") for the determination of stockholders of the Company who are entitled to receive notice of, and to vote at, the Annual Meeting. Only stockholders of record on the Record Date shall be entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, an aggregate of 2,209,985 shares of the Company's Common Stock were outstanding, each of which is entitled to one vote on each matter to be voted upon at the Annual Meeting. The Company's stockholders do not have cumulative voting rights. The Company has no other class of securities entitled to vote at the Annual Meeting.

Voting Procedures; Revocations

When a proxy card in the form enclosed with this Proxy Statement is returned properly executed, the shares represented thereby will be voted at the Annual Meeting in accordance with the directions indicated thereon. If a proxy card is properly executed but no directions are indicated thereon, the shares will be voted FOR the election of each of the nominees for director named herein as shown on the form of proxy card and FOR Proposal 2.

The Board of Directors does not know of any other business to come before the Annual Meeting. However, if any other matters should properly come before the Annual Meeting or any adjournment or postponement thereof for which specific authority has not been solicited from the stockholders, then, to the extent permissible by law, the persons named in the proxies will vote the proxies (which confer authority upon them to vote on any such matters) in accordance with their judgment. A stockholder who executes and returns the enclosed proxy card may revoke it at any time prior to its exercise by giving written notice of such revocation to the Secretary or Assistant Secretary of the Company, by executing a subsequently dated proxy card or by voting in person at the Annual Meeting. Attendance at the Annual Meeting by a stockholder who has executed and returned a proxy card does not alone revoke such proxy. Votes will be counted and certified by one or more Inspectors of Election who are expected to be employees of American Stock Transfer & Trust Company, the Company's transfer agent.

Proxies in the accompanying form are being solicited by, and on behalf of, the Company's Board of Directors. The persons named in the proxy have been designated as proxies by the Company's Board of Directors. Pursuant to Delaware corporate law, the presence of the holders of a majority of the outstanding shares of the Company's Common Stock entitled to vote, represented at the Annual Meeting in person or by proxy, will constitute a quorum. If a quorum is present

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

at the Annual Meeting, the nominees for director shall be elected by a plurality of the votes present (in person or by proxy) at the Annual Meeting and entitled to vote thereon, meaning that the five nominees receiving the highest vote totals will be elected as Directors of the Company; approval of the amendment to the Company's Certificate of Incorporation to effect the Reverse Split will require the affirmative vote of a majority of the shares of Common Stock outstanding on the Record Date; and all other matters will be approved by a majority of votes cast and entitled to vote at the meeting. Shares represented by proxies that are marked "abstain" will be counted as shares present for purposes of determining the presence of a quorum on all matters. Proxies relating to "street name" shares that are voted by brokers on some but not all of the matters will be treated as shares present for purposes of determining the presence of a quorum on all matters, but they will not be treated as shares entitled to vote at the Annual Meeting on those matters as to which authority to vote is withheld by the broker because the broker has not received instructions from the beneficial owners on how to vote on such proposals ("Broker Non-Votes"). Accordingly, abstentions and Broker Non-Votes will not affect the outcome of the election but will have the same effect as a vote "against" the proposal to amend the Company's Certificate of Incorporation to effect the Reverse Split.

PROPOSAL 1 - ELECTION OF DIRECTORS

The entire Board of Directors is to be elected at the Annual Meeting. The Company's by-laws presently set the size of the Board of Directors at not less than three (3) nor more than eleven (11). Accordingly, at the Annual Meeting, five (5) nominees will be elected to hold office as directors. The five persons listed below have been nominated to serve as directors of the Company until the next annual meeting of stockholders and until their respective successors have been duly elected and qualified. All of the nominees are currently directors of the Company. In the unexpected event that any of such nominees should become unable or decline to serve, proxies may be voted for the election of substitute nominees as are designated by the Company's Board of Directors.

The names of the nominees for election as directors are listed below, together with certain personal information, including the present principal occupation and recent business experience of each nominee (based solely upon information furnished by such persons). Each of the persons named below has indicated to the Board of Directors of the Company that he will be able to serve as a director if elected and each has consented to be named in this Proxy Statement.

2

Proxies in the accompanying form will be voted at the Annual Meeting in favor of the election of each of the nominees listed below, unless authority to do so is specifically withheld as to an individual nominee or nominees or all nominees as a group. Proxies cannot be voted for a greater number of persons than the number of nominees named. Directors will be elected by a plurality of the votes present at the Annual Meeting in person or by proxy and entitled to vote thereon (assuming a quorum exists).

Charters are reviewed periodically as legislative and regulatory developments and business circumstances warrant. Charters are available in their entirety to any stockholder requesting a copy.

The Company does not have a policy requiring the directors to attend Annual Meetings of Stockholders. However, each director attended the Company's 2003 Annual Meeting of Stockholders.

For a description of compensation paid to Directors, see "Management Compensation - Compensation of Directors."

Corporate Governance

The Company has an ongoing commitment to good governance and business practices. In furtherance of this commitment we regularly monitor developments in the area of corporate governance, and review our processes and procedures in light of such developments. We review changes in federal law and the rules and regulations promulgated by the Securities and Exchange Commission ("SEC") and NASD regulations applicable to Companies whose securities are quoted on NASDAQ. We comply with new laws and rules and implement other corporate governance practices as we believe are in the best interest of the Company and its stockholders. We believe that we have in place policies which are designed to enhance our stockholders' interests.

Corporate Code of Ethics. In 2004, we adopted a Corporate Code of Ethics Policy (the "Ethics Policy"), which is available to any stockholder requesting a copy, which request shall be in writing addressed to the Company's Chief Executive Officer at the Company's principal executive office. All Company employees, officers, and directors, including the Chief Executive Officer and Chief Financial Officer, are required to adhere to the Ethics Policy in discharging their work-related responsibilities. Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of the Ethics Policy.

We have also established a confidential hotline through which employees may report concerns about the Company's business practices. In keeping with the Sarbanes-Oxley Act of 2002, the Audit Committee has established procedures for receipt and handling of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and to allow for the confidential, anonymous submission by our employees of concerns regarding accounting or auditing matters.

The Board of Directors

Our Board is elected annually, and each of our directors stands for election every year. We do not have a classified or staggered board. Presently the Board is comprised of five Directors, of which one is an employee, one is a significant stockholder of the Company and three have been affirmatively determined by the Board to be independent, meeting the objective requirements set forth by the NASD and the SEC, and having no other relationship to the Company other than their service on the Board of Directors.

Certain Relationships and Related Transactions

In January 2000, the Bank entered into a lease agreement with Bowling Green Associates, LP, the principal owner of which is Mr. Moses Marx, a director of the Company, for commercial space to open a bank branch. The Company obtained an appraisal of the market rental value of the space from an independent appraisal firm and management believes that the terms of the lease, including the annual rent paid, \$270,000 and \$255,000 in fiscal 2003 and 2002, respectively, is comparable to the terms and annual rent that would be paid to non-affiliated parties in a similar commercial transaction for similar commercial space.

In June 1999 and April 2001, the Company made term loans in the principal amount of \$2,000,000 and \$2,000,000, respectively, to Pharmaceutical Holdings Corp., a Delaware corporation, a principal stockholder of which is Momar Corporation ("Momar"). Mr. Marx is the principal stockholder of Momar. Such loans were made on substantially the same terms, including interest rate, as those prevailing at that time for comparable loans to unrelated parties and did not involve more than normal risk of collectibility or present other unfavorable features. The notes, which bear interest at prime plus 0.50%, were repaid in full in March 2003 and June 2003.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Company does not have a Compensation Committee of its Board of Directors, although it does have a Stock Incentive Committee. Decisions as to compensation for the fiscal year ended December 31, 2003 were made as set forth in the Report on Executive Compensation below. In accordance with NASD rules, compensation of the Company's officers in the future will be made either by a compensation committee of the Board of Directors consisting solely of independent directors or by the independent members of the Board. During the Company's fiscal year ended December 31, 2003, none of the executive officers of the Company served on the board of directors of any other entity, any of whose executive officers has served on the Board of Directors of the Company.

Report on Executive Compensation

There is no Compensation Committee of the Board of Directors or other committee of the Board performing equivalent functions. Compensation of the Company's executive officers for fiscal 2003 was determined by the Board of Directors (except for persons deemed to be executive officers of the Company who are actually employees of the Bank; such persons compensation was determined by the board of directors of the Bank. There is no formal policy for determining the salaries of the Company's executive officers. However, the annual salaries of Messrs. Krausz and Lukens are governed by the terms of their respective employment agreements.

The Board of Directors has appointed a Stock Option Committee which makes grants under and administers the 1999 Stock Incentive Plan. The Committee will continue to make grants and administer the 1999 Stock Incentive Plan for the duration of the plan.

Total compensation for executive officers consists of a combination of salaries and periodic stock option awards. Executive officers are entitled to receive such annual bonuses as the Board of Directors may in its discretion

determine to be appropriate under the circumstances, based upon, with respect to each fiscal year, the Company's results of operations and progress with respect to the achievement of its strategic goals, the executive officers' performance, and such other factors as the Board of Directors deems to be relevant. Stock option awards under the Company's 1999 Stock Incentive Plan are intended to attract, motivate and retain senior management personnel by affording them an opportunity to receive additional compensation based upon the performance of the Company's Common Stock.

Each director who is not also an employee of the Company (a "Non-Employee Director") receives a stipend of \$12,000 per annum and \$1,000 for each meeting held in person. Each Non-Employee Director also receives fees ranging from \$100 for telephonic meetings lasting one hour or less, up to a maximum of \$1,000 for telephonic meetings of four hours or more. In addition, see -- "Stock Plans" below.

Benefit Plans

Except as set forth below under "Stock Plans" and "Retirement Income Plan", the Company does not maintain any pension, profit-sharing or other incentive compensation plans for the benefit of any of its current employees.

Stock Plans

In 1999, the Board of Directors of the Company adopted a Stock Incentive Plan (the "1999 Stock Incentive Plan"). The Plan was approved by the Company's stockholders at a meeting held on March 23, 1999. A brief description of the 1999 Stock Incentive Plan is as follows:

The 1999 Stock Incentive Plan permits the granting of awards in the forms of nonqualified stock options, incentive stock options, restricted stock, deferred stock, and other stock-based incentives. Up to 200,000 shares of Common Stock of the Company may be issued pursuant to the 1999 Stock Incentive Plan (subject to appropriate adjustment in the event of stock splits, combinations or changes in the corporate structure of the Company). Officers, directors and other key employees of the Company or any subsidiary are eligible to receive awards under the 1999 Stock Incentive Plan. The option exercise price of all options which are granted under the 1999 Stock Incentive Plan must be at least equal to 100% of the fair market value of a share of Common Stock of the Company on the date of grant.

Retirement Income Plan

In April 1985, the Company adopted its Retirement Income Plan (the

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

"Plan"), a noncontributory plan, and as of September 15, 1988, froze benefit accruals resulting in a plan curtailment. Effective as of January 1, 2000, the Company reinstated the Plan to cover substantially all full-time, non-union United States employees of the Company and its subsidiaries. A participant in the Plan accumulates a balance in his or her retirement account by receiving: (i) an annual retirement credit of 5% of gross wages paid during the year, but not in excess of the applicable annual maximum compensation permitted to be taken into account under Internal Revenue Service guidelines for each year of service; and (ii) an annual interest credit based upon the 30-year U. S. Treasury securities rate. The Company pays the entire cost of the Plan for its employees and funds such costs as they accrue.

The estimated annual benefits payable under the Plan upon retirement (at the normal retirement age of 65) for Messrs. Rosenberg and Lukens are approximately \$160,000 and \$15,000, respectively. In accordance with the laws currently governing the Plan, the estimated annual benefit payable to Mr. Rosenberg is not expected to increase. Mr. Krausz is not a participant in the Plan.

Employment Contracts

The Company has entered into employment agreements with Messrs. Krausz and Lukens. Mr. Krausz currently serves as President and Chief Executive Officer of the Bank for a term expiring on April 30, 2008, subject to three automatic one year extensions unless earlier terminated. His annual base salary is \$364,652 for the year ended April 30, 2004 and increases 5% annually thereafter. Mr. Krausz is also entitled to receive bonuses at the discretion of the Board of Directors.

Mr. Lukens currently serves as the Senior Vice President and Chief Financial Officer of the Bank for a term expiring on June 30, 2005, subject to up to three automatic one year extensions unless earlier terminated. His annual salary is \$125,000 and he may receive, as incentive compensation, an annual bonus as may be determined by the President of the Bank. Mr. Luken's agreement contains certain non compete provisions.

Each of Mr. Krausz and Mr. Lukens is, in addition to salary, entitled to payment of certain business expenses and, under certain circumstances, entitled to receive their annual base salary for the remaining term of their respective agreements if their employment is terminated prior to the then current term. The employment agreements do not provide for special payments to be made to either Mr. Krausz or Mr. Lukens in the event of a change of control of the Company.

The primary function of the Audit Committee is to provide advice with respect to the Company's financial matters and to assist the Board of Directors

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

in fulfilling its oversight responsibilities regarding finance, accounting, tax and legal compliance. The Audit Committee's primary duties and responsibilities are to:

- a. Periodically assess the integrity of the Company's financial reporting process and systems of internal control regarding accounting.
- b. Periodically assess the independence and performance of the Company's outside auditors.
- c. Provide an avenue of communication among the outside auditors, management and the Board of Directors.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee held seven meetings during fiscal year 2003. During these meetings, the Audit Committee reviewed and discussed the Company's financial statements with management and Grant Thornton LLP ("Grant Thornton"), its independent certified public accountants.

The Audit Committee reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2003 with the Company's management and management represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit Committee discussed with Grant Thornton matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee received the written disclosures and conforming letter from Grant Thornton required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), and the Audit Committee discussed with Grant Thornton their independence from the Company. It considered the non-audit services provided by Grant Thornton and determined that the services provided are compatible with maintaining Grant Thornton's independence.

Based on the Audit Committee's discussions with management and Grant Thornton LLP and the Audit Committee's review of the representations of management and the report of Grant Thornton LLP to the Audit Committee, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission.

PROPOSAL 2

AMENDMENT TO THE CERTIFICATE OF INCORPORATION
TO EFFECT A REVERSE SPLIT OF THE OUTSTANDING COMMON STOCK

The Board of Directors has adopted, and proposes that the stockholders of the Company approve, a proposal for the amendment to the Certificate of Incorporation of the Company, to effect a Reverse Split of the Company's issued and outstanding Common Stock on the basis of one (1) share of Common Stock for each ten (10) shares of issued and outstanding Common Stock immediately prior to such Reverse Split. The par value of the Common Stock will remain \$.10 per share and the number of shares of Common Stock authorized to be issued will remain at 10,000,000. Approval of the Reverse Split will also authorize the Board of Directors in its discretion to abandon and not effect the Reverse Split at any time after the Annual Meeting and prior to the date and time at which the Reverse Split becomes effective. The Board may also delay effecting the Reverse Split for up to three months from the date of stockholder approval assuming that the same is obtained at the Annual Meeting. Notwithstanding the prior sentence, if stockholder approval is obtained at the Annual Meeting and the Board determines to proceed with the Reverse Split, the Company intends to promptly effect the Reverse Split by an amendment to the Company's Certificate of Incorporation.

In addition, it is the current intention of the Board to effect a thirty-for-one forward stock split in the form of a stock dividend of Common Stock (the "Stock Dividend") immediately after the effectiveness of the Reverse Split. The proposed Stock Dividend will not require stockholder approval. We expect that a total of approximately 6,280,000 shares of Common Stock will be issued as a result of the Stock Dividend. The combined effect of the Reverse Split and Stock Dividend will be to eliminate holdings of fewer than ten shares

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

and to effect a cumulative three-for-one stock split on the remaining holdings.

If stockholder approval of the Reverse Split is not obtained, the Board will not implement the Stock Dividend as described above. Instead, the Board may effect a three-for-one forward stock split in the form of a stock dividend of Common Stock (the "Alternative Stock Dividend"). We estimate that a total of approximately 4,420,000 shares of Common Stock would be distributed as a result of the implementation of the Alternative Stock Dividend. The Alternative Stock Dividend would not require stockholder approval.

13

WE ARE NOT SOLICITING STOCKHOLDER APPROVAL OF THE PROPOSED STOCK DIVIDEND OR THE ALTERNATIVE STOCK DIVIDEND.

Purpose of the Proposed Amendment

The Board of Directors proposes the Reverse Split for stockholder approval primarily for the following reasons.

The Reverse Split will reduce the administrative costs associated with the smallest accounts

As of March 25, 2004, the Company has a stockholder base of approximately 3,500 stockholders (including those whose stock is held in "street name"). As of March 25, 2004, we estimate that approximately 1,300 stockholders, (including those whose stock is held in "street name") owned fewer than 10 shares. At that date, these stockholders represented approximately 37% of the total number of holders of Common Stock, but these accounts represented fewer than 4,500 shares of the total number of outstanding shares of Common Stock.

The Company expects to benefit from cost savings as a result of the Reverse Split. The cost of administering each registered stockholder's account is the same regardless of the number of shares held in that account. Therefore, the Company's costs to maintain such small accounts are disproportionately high when compared to the total number of shares involved.

In light of these disproportionate costs, the Board of Directors believes that it is in the best interests of the Company and its stockholders, as a whole, to eliminate the administrative burden and costs associated with stockholders owning fewer than ten shares of Common Stock.

The Reverse Split will provide a cost-effective method for stockholders to dispose of small numbers of shares

The Reverse Split will provide stockholders with fewer than ten shares of Common Stock with a cost-effective way to cash out their investments, because the Company will pay all transaction costs, such as brokerage or service fees, if any, in connection with the Reverse Split. Otherwise, stockholders with small holdings would likely incur brokerage fees which could be disproportionately high relative to the market value of their shares if they wanted to sell their stock. The Reverse Split will eliminate these disproportionate brokerage fees for stockholders with small holdings.

Effects of Reverse Split on the Company's Stockholders

Holders of Fewer Than Ten Shares Prior to the Reverse Split

If we complete the Reverse Split and you are a stockholder who holds fewer than ten shares immediately prior to the Reverse Split, all of your shares will be reclassified in the Reverse Split such that you will hold less than one whole share. No fractional shares will be issued in connection with the Reverse Split. As soon as practicable after the effective date of the Reverse Split, and in accordance with the procedures described below, you will receive a cash payment in lieu of any fractional share that you would otherwise be entitled to following the Reverse Split. See "Effectiveness of Reverse Split; No Fractional Shares; Exchange of Certificates."

You will not have to pay any brokerage commissions or service charges in connection with the Reverse Split.

After the Reverse Split, you will have no further interest in the Company with respect to your cashed-out shares. These shares will no longer entitle you to the right to vote as a stockholder or share in the Company's assets, earnings,

14

or profits, if any. The cashed-out shares will represent only the right to receive cash for these shares.

You may avoid having all of your shares of Common Stock cashed out after the Reverse Split by taking either, or a combination, of the following actions far enough in advance so that it is completed before the effective date of the Reverse Split:

- * purchase a sufficient number of shares of Common Stock on the open market so that you hold a certificate for at least ten shares of Common Stock or at least ten shares of Common Stock is in your brokerage account prior to the Reverse Split; or
- * if applicable, consolidate your record holdings or brokerage accounts so that you hold at least ten shares of Common Stock in one account prior to the Reverse Split.

The Company reserves the right to abandon the Reverse Split even if stockholder approval is received. However, if the Reverse Split is approved by the stockholders, the Company currently intends to implement the Reverse Split as soon as practicable after such approval is obtained. Accordingly, if you own fewer than ten shares of Common Stock and want to be assured that you will not have shares cashed out, you should consider taking the actions described in the preceding paragraphs prior to May 18, 2004, which is the scheduled date of the meeting.

Holders of Ten Shares or More Prior to the Reverse Split

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

If we complete the Reverse Split and you are a stockholder with ten or more shares of Common Stock immediately prior to the effective date of the Reverse Split, we will first reclassify your shares into the number of shares you held immediately prior to the Reverse Split divided by ten. It is the current intention of the Board to then implement a thirty-for-one forward stock split in the form of the Stock Dividend after the completion of the Reverse Split. As a result, you will hold three shares of Common Stock immediately after the Reverse Split and the Stock Dividend for every one share you hold immediately before the Reverse Split.

No fractional shares of Common Stock will be issued in connection with the Reverse Split. As soon as practicable after the effective date of the Reverse Split, and in accordance with the procedures described below, you will receive a cash payment in lieu of any fractional shares that you would otherwise be entitled to following the Reverse Split. See "Effectiveness of Reverse Split; No Fractional Shares; Exchange of Certificates."

You may avoid having your fractional shares of Common Stock cashed out after the Reverse Split by taking either, or a combination, of the following actions far enough in advance so that it is completed before the effective date of the Reverse Split:

- * purchase or sell (without having your ownership drop below ten shares of Common Stock) a sufficient number of shares of Common Stock on the open market so that you hold an exact multiple of ten shares of Common Stock pursuant to a stock certificate or in your brokerage account prior to the Reverse Split; or
- * if applicable, consolidate your record holdings or brokerage accounts so that you hold an exact multiple of ten shares of Common Stock in each of your accounts prior to the Reverse Split.

The Company reserves the right to abandon the Reverse Split even if stockholder approval is received. However, if the Reverse Split is approved by the stockholders, the Company currently intends to implement the Reverse Split as soon as practicable after such approval is obtained. Accordingly, if you own ten or more shares but do not own a number of shares that is an exact multiple of ten shares and want to be assured that you will not have shares cashed out, you should consider taking the actions described in the preceding paragraphs prior to May 18, 2004, which is the scheduled date of the meeting.

Effects of Reverse Split on the Company

Authorized But Unissued Shares of Common Stock

The number of authorized shares of Common Stock of the Company, which currently is 10,000,000, will not be reduced as a result of the Reverse Split and there will be no change to the 2,000,000 authorized shares of Preferred Stock as a result of the Reverse Split. Consequently, the number of shares of

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

Common Stock of the Company available for future issuance will increase as a result of the Reverse Split. After completion of the Reverse Split, the Company will have approximately 7,438,000 additional shares of Common Stock available for future issuance. However, the proposed Stock Dividend would cause such number to decrease. If the proposed Stock Dividend is implemented after the completion of the Reverse Split, then the Company will have approximately 3,370,000 additional shares of Common Stock available for future issuance.

Authorized but unissued shares of Common Stock may be issued at such times, for such purposes and for such consideration as the Board of Directors may determine to be appropriate. Except for the proposals set forth in this Proxy Statement, no further authorization by vote of the stockholders will be solicited for the issuance of the additional shares of Common Stock, except as might be required by law, regulatory authorities or rules of NASDAQ or any stock exchange on which the Company's shares may then be listed. Under the rules applicable to the Company as a NASDAQ National Market System issuer, the Company is required to obtain stockholder approval of certain transactions including, among others, any transaction (a) other than a public offering, in which 20% or more of the then outstanding Common Stock (before giving effect to the transaction) would be issued or if the consideration received for such issuance is less than the greater of the book or market value of the Common Stock, or (b) that will result in a change of control of the Company, although in appropriate circumstances, the application of such rule could be waived. In addition, the Delaware General Corporation Law, which governs the actions of the Company generally requires stockholder approval for the Company to issue shares in connection with a merger or consolidation with another entity. The stockholders do not have any right to purchase or subscribe for any part of any new or additional issuance of the Company's securities. The issuance of such authorized but unissued shares may have the effect of diluting the earnings per share and book value per share of outstanding Common Stock. Another potential effect of the increase in the number of authorized but unissued shares of Common Stock is that the interests of the existing stockholders in the Company could be diluted substantially, by way of ownership percentage and voting power, through the issuance of authorized but unissued shares of Common Stock (but subject to compliance with the NASDAQ National Market System rules set forth above), without stockholder approval. If the Board of Directors decides to implement the proposed Stock Dividend after the completion of the Reverse Split, no stockholder approval would be required for the issuance of the Stock Dividend, which will have the same dilutive effects as described in the preceding paragraph.

Other Effects of the Reverse Split on the Company

The proposed Reverse Split will not affect any stockholder's proportionate equity interest in the Company, except for minor adjustments to those stockholders who would receive cash in lieu of fractional shares. Holders of

Common Stock will continue to be entitled to receive such dividends as may be declared by the Board of Directors.

Outstanding stock options, the total number of shares authorized for

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

issuance, and the number of shares that remain available for future grants, under the Company's 1999 Stock Incentive Plan will be proportionately adjusted to reflect the Reverse Split and Stock Dividend if they are effected.

The Company's reporting obligations under the Securities Exchange Act of 1934, as amended, will not be affected by the Reverse Split.

There were no shares of Preferred Stock issued on the Record Date. The Company is not conducting a reverse split of any Preferred Stock since no shares of Preferred Stock have been issued.

Effectiveness of Reverse Split; No Fractional Shares; Exchange of Certificates

Effectiveness of Reverse Split

If the Reverse Split is approved by the stockholders and the Board determines to implement the Reverse Split, the Company intends to promptly effect the Reverse Split by filing a certificate of amendment (the "Reverse Split Amendment") to its Certificate of Incorporation with the Secretary of State of the State of Delaware. The text of the proposed Reverse Split Amendment is set forth as Exhibit B to this Proxy Statement; however, such text is subject to such changes as may be required by the Delaware Secretary of State. The proposed amendment would become effective as stated therein and, without further action of the Company or its stockholders, every ten shares of Common Stock outstanding would automatically be deemed to represent one share.

No Fractional Shares

No fractional shares of Common Stock will be issued in connection with the proposed Reverse Split. Assuming the approval of the Reverse Split, a stockholder who would otherwise be entitled to receive a fractional share of Common Stock will receive, in lieu thereof, cash equal to the product of (a) the closing price of the Common Stock on the NASDAQ National Market System on the date prior to the effective date of the Reverse Split, times (b) the number of shares in excess of the number of shares held by such stockholder that are evenly divisible by ten. You will not receive any interest on cash payments owed to you as a result of the Reverse Split.

Exchange of Certificates

The Company will appoint American Stock Transfer & Trust Company as the exchange agent in connection with the Reverse Split.

If we receive stockholder approval of the Reverse Split, the Reverse Split is expected to be effective at 5:00 PM (EDT) on May 18, 2004. We then intend to distribute the Stock Dividend at 5:01 PM (EDT) on the effective date of the Reverse Split. The following discussion assumes that both the Reverse Split and the Stock Dividend will occur.

If you are a stockholder owning fewer than ten shares of Common Stock as of 5:00 PM (EDT) on the effective date of the Reverse Split, all of your shares of Common Stock will be reclassified in the Reverse Split such that you will hold less than one whole share, and you will receive a cash payment in lieu of any fractional share that you would otherwise be entitled to following the Reverse Split. If you have a stock certificate representing your shares, you will receive a letter of transmittal as soon as practicable after the effective date of the Reverse Split. The letter of transmittal will contain instructions on how to surrender your certificates to the Company's exchange agent for your cash payment. You will not receive your cash payment until you surrender your

outstanding certificates to the exchange agent together with a completed and executed copy of the letter of transmittal. Please do not send your certificates until you receive your letter of transmittal.

If you are a stockholder with ten or more shares of Common Stock as of 5:00 P.M. (EDT) on the effective date of the Reverse Split, we will first reclassify your shares into the number of shares you held immediately prior to the Reverse Split divided by ten. One minute after the Reverse Split, at 5:01 PM (EDT) on the effective date of the Reverse Split, we will distribute thirty shares of Common Stock for each share of Common Stock you held after the Reverse Split and before the Stock Dividend. As a result, you will hold three shares of Common Stock immediately after the completion of the Reverse Split and Stock Dividend for every share you held immediately before the Reverse Split and Stock Dividend. If you have a stock certificate representing your shares, you will receive a letter of transmittal as soon as practicable after the effective date of the Reverse Split and completion of the Stock Dividend. The letter of transmittal will contain instructions on how to surrender your certificates to the exchange agent for a new stock certificate representing the number of shares of Common Stock you will hold after the effectiveness of the Reverse Split and completion of the Stock Dividend, together with a cash payment in lieu of any fractional share. You will not receive your new stock certificate and cash payment, if any, until you surrender your outstanding certificates to the exchange agent together with a completed and executed copy of the letter of transmittal. Please do not send your certificates until you receive your letter of transmittal.

The Company's stock records will be adjusted to reflect the shares held by each holder of Common Stock after the completion of the Reverse Split and Stock Dividend. On the effective date of the Reverse Split and completion of the Stock Dividend, each existing certificate representing shares of Common Stock will be deemed for all purposes to represent the new number of shares of Common Stock that will result from the Reverse Split and Stock Dividend, whether or not the certificates representing the outstanding Common Stock are surrendered for exchange, and the right to cash payment in lieu of fractional shares, if any. The Company will deposit with the exchange agent, as soon as practicable after the effective date of the Reverse Split, cash in an amount equal to the value of the estimated aggregate number of fractional shares that will result from the Reverse Split. Any portion of the cash deposited with the exchange agent to pay for fractional shares that is held by the exchange agent six months after the effective date of the Reverse Split will be returned to the Company, on demand. Thereafter, holders of shares eligible for this cash settlement for fractional shares would be paid directly by the Company. The Company intends to use cash it holds to make the payments in lieu of fractional shares. As of the Record Date, there were approximately 3,500 holders of the Company's Common Stock (including those whose stock is held in ("street name")). The Company anticipates this number will change to approximately 2,200 as a result of the Reverse Split.

We intend for the Reverse Split and Stock Dividend to treat stockholders holding Common Stock in "street name" through a nominee (such as a bank or broker) in the same manner as stockholders whose shares are registered in their names. Nominees will be instructed to effect the Reverse Split and Stock Dividend for their beneficial holders. However, nominees may have different procedures and stockholders holding shares in "street name" should contact their

nominees.

Please do not send your stock certificate now. You should send them to our exchange agent only after you receive a letter of transmittal from our exchange agent. If we decide to effect the Reverse Split, a letter of transmittal will be mailed to you soon after the Reverse Split becomes effective.

18

No Dissenter's Rights

Neither the Certificate of Incorporation or bylaws of the Company nor the laws of the State of Delaware require that appraisal rights be available to stockholders that do not vote to approve the Reverse Split.

Resales of Restricted Securities

The proposed amendment to effect the Reverse Split will not affect the transferability of shares of Common Stock or any present restriction on the sale thereof. Therefore, for purposes of determining the relevant holding period as prescribed by Rule 144 under the Securities Act of 1933, as amended, the shares of Common Stock to be issued to each stockholder after the effective date will be deemed to have been acquired on the date on which the stockholder acquired the shares of Common Stock held immediately prior to the effective date.

United States Federal Income Tax Consequences

The following description of federal income tax consequences is based on the Internal Revenue Code of 1986, as amended (the "Code"), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. This discussion is for general information only and does not discuss consequences which may apply to special classes of taxpayers (e.g., non-resident aliens, broker/dealers or insurance companies). The state and local tax consequences of the Reverse Split may vary significantly as to each stockholder, depending upon the state in which such stockholder resides. Stockholders are urged to consult their own tax advisors to determine the particular consequences to them.

The conversion of shares of the Common Stock outstanding immediately prior to the Reverse Split into a reduced number of shares of Common Stock after giving effect to the Reverse Split will not result in the recognition of gain or loss (except in the case of cash received for fractional shares as described below). The holding period of the shares of Common Stock after giving effect to Reverse Split will include the stockholder's holding period for the shares of Common Stock held immediately prior to the Reverse Split, provided that the shares of Common Stock were held as a capital asset. The tax basis of the shares of Common Stock after giving effect to the Reverse Split will be the same as the tax basis of the shares of Common Stock immediately prior to giving effect to the Reverse Split, reduced by the basis allocable to the receipt of cash in lieu of fractional shares described below.

Edgar Filing: BERKSHIRE BANCORP INC /DE/ - Form DEF 14A

A stockholder who receives cash in lieu of fractional shares will be treated as if the Company has issued fractional shares to such stockholder and then immediately redeemed such shares for cash. Such stockholder should recognize gain or loss, as the case may be, measured by the difference between the amount of cash received and the basis of the Common Stock allocable to such fractional shares, had they actually been issued. Such gain or loss will be a capital gain or loss if such stockholder's Common Stock was held as a capital asset and any such capital gain or loss will generally be long-term capital gain or loss to the extent such stockholder's holding period for the Common Stock exceeds 12 months.

The decrease in the number of outstanding shares of Common Stock as a result of the Reverse Split will not produce any taxable income or gain or loss to the Company.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT TO EFFECT THE REVERSE SPLIT.

The oversight exercised by the Committee is not a guarantee that the financial statements will be free from mistake or fraud. In carrying out its responsibilities, the Committee believes its policies and procedures should remain flexible in order to best react to a changing environment.
