Notes to Financial Statements
(Unaudited)

1. Consolidated Financial Statements

The accompanying financial statements include the accounts of Assure Energy, Inc. (f/k/a Inventoy.com, Inc.) ("Assure Energy" or "the Company") and its wholly owned subsidiaries Inventoy.com International, Inc., Assure Oil & Gas Corp (f/k/a 1444232 Ontario, Inc.) ("Assure Oil") and Westerra 2000 Inc. ("Westerra") (collectively the "Company"). All significant intercompany balances and transactions have been eliminated in consolidation.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles and with the requirements of Form 10-QSB and Regulation S-B as applicable to interim financial information. Accordingly, the unaudited condensed consolidated financial statements do not include all of the information and footnotes normally required by generally accepted accounting principles for complete financial statements. The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and to disclose contingent assets and liabilities at the date of the financial statements and their potential affect on the reporting period. In the opinion of management, all normal and recurring adjustments and

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

accruals considered necessary for a fair presentation have been included. Operating results for the six and three-month periods ended June 30, 2002 are not necessarily indicative of the results that may be expected for the year ended December 31, 2002. For further information, refer to the financial statements and footnotes thereto included in the Company's annual shareholders' report incorporated by reference in the Form 10-KSB for the year ended July 31, 2001 and to the Company's filings on Form 8-K made during the three-month period ended June 30, 2002 to report the business acquisitions discussed in Note 2 below.

2. Realignment and Acquisitions

On May 1, 2002 Assure Energy amended its Certificate of Incorporation to change its name to Assure Energy, Inc. from Inventoy.com, Inc.

On March 14, 2002, the Company had signed an asset purchase agreement with Inventoy.com International, Inc., through which the Company assigned all of its rights, titles and exclusive interests in and to all patents, trademarks, trade names, technical processes, know-how and other intellectual property that was associated with the business of the Company at the time (toy designs), including the twenty seven (27) toy designs the Company acquired from Kaplan Design Group upon its formation, in exchange for all of the outstanding shares of Inventoy.com International, Inc., (100 shares, par value \$.001). With this reorganization and the following business acquisitions, the Company, and its

8

Assure Energy, Inc. and Subsidiaries

Notes to Financial Statements
(Unaudited)

subsidiaries intends to continue to develop oil and gas properties.

During the three months ended June 30, 2002 Assure Energy acquired all of the issued and outstanding shares of common stock of Assure Oil for 2,400,000 units, each unit consisting of one share of the Company's common stock, one A warrant entitling the holder to acquire another share of the Company's common stock at \$.50 per share, for up to five years from the date of issue and one B warrant entitling the holder to acquire another share of the Company's stock at \$1.00 per share, for up to five years from the date of issue. At the time of this acquisition, Ed Kaplan one of the Company's three directors, resigned and was replaced by James I. Golla, a designee of Assure Oil & Gas Corp.

The acquisition of Assure Oil was accounted for as a purchase. All the assets acquired and all the liabilities assumed of Assure Oil have been recorded at their fair values at the date of acquisition. Accordingly, Assure Oil's results of operations are included in the Company's Financial Statements from the effective date of acquisition, April 1, 2002.

Following its acquisition of Assure Oil, Assure Energy, through its new subsidiary Assure Oil, entered into a Share Purchase Agreement with the three shareholders (the "Westerra Shareholders") of Westerra 2000 Inc., an Alberta corporation engaged in the exploration, development and production of oil and gas properties primarily located in Saskatchewan, Canada.

On May 8, 2002, Assure Energy completed an equity financing with certain accredited investors, exempt from the registration provisions of the Securities

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

Act of 1933, as amended by Rule 506 of Regulation D. In that financing, the Company received US\$1,750,000 in exchange for 1,400,000 units, each unit consisting of one share of the Company's common stock and one common stock purchase warrant entitling the holder to acquire another share of the Company's common stock at \$1.50 per share, for a period of four years commencing one year from the date of issuance

In April 2002 Assure Energy signed a \$1,250,000 six-month promissory note with a foreign company. The note bore interest at the rate of 1% above the prime rate as charged by Citicorp. All interest and principal due on the note were payable on or before October 23, 2002. Subsequently, Assure Energy completed an equity financing on June 7, 2002 in which it issued 17,500 shares of Series A Preferred Stock with a stated value of \$100 per share in exchange for US\$1,750,000 and repaid the \$1,250,000 six-month promissory note. The Series A Preferred Stock has a 5% dividend payable in cash or shares of Assure Energy's common stock and is cumulative from the date of issue.

The acquisition of Westerra is accounted for as a purchase. Thus, all of Westerra's assets acquired and all of Westerra's liabilities assumed have been recorded at their fair values at

9

Assure Energy, Inc. and Subsidiaries

Notes to Financial Statements
(Unaudited)

the date of the acquisition, which was agreed upon as April 1, 2002. Therefore Westerra's results of operations are included in the Company's Financial Statements from the date of acquisition as required by generally accepted accounting principles ("GAAP").

Both Assure Oil and Westerra are companies engaged in exploration and production of oil and natural gas and their primary assets are oil and natural gas properties. Accordingly, the prices to purchase these companies have primarily been attributed to such of oil and gas properties, as supported by petroleum and natural gas reserve valuations from reputable geological and petroleum engineering consultants. The following represents the allocation of the business purchase costs:

Recorded amount of oil and gas properties	\$2,587,351
Excess of the fair value of proven properties over their recorded amounts	1,573,584
Other Net Assets Purchased	229,686

Total Purchase Costs	\$4,390,621

The following table represents unaudited consolidated pro forma as if Assure Energy, Assure Oil, and Westerra had been combined as of the beginning of the periods presented. The pro forma data is presented for illustrative purposes only and is not necessarily indicative of the combined results of operations of future periods or the results that actually would have resulted had Assure

Energy, Assure Oil, and Westerra been a combined company during the specified periods.

3. Promissory Notes Payable

On March 19, 2002 Assure Energy borrowed \$100,000 and executed a 5% unsecured promissory note, with interest due from the date of the note.

4. Shareholders' Equity

On February 15, 2002 the Board of Directors of Assure Energy approved a plan, and filed an amended certificate of incorporation, to increase Assure Energy's authorized common stock. The new capitalization plan calls for an increase in Assure Energy's authorized common stock from 20,000,000 shares to 100,000,000 shares. There was no change in the number of authorized preferred stock that remained at 5,000,000 shares.

Assure Energy's Board of Directors, voted to forward split the outstanding common stock of Assure Energy, in the ratio of four (4) to one (1). The record date of the stock split was February 25, 2002 (the Record Date). Therefore, shareholders of record as of the close of business on the Record Date were eligible to receive an additional three shares for every one share they held in Assure Energy. As a result of the stock split the Company's 5,211,000 shares of

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

common stock issued and outstanding before the stock split, were increased to 20,884,000 shares of common stock issued and outstanding.

11

ITEM 2. PLAN OF OPERATION

The following discussion of our plan of operation for the next twelve months should be read together with, and is qualified in its entirety by the more detailed information, including the financial statements, appearing elsewhere in this document.

We were incorporated August 11, 1999 in the state of Delaware with the objective to license toy designs to toy manufacturers and to act as a toy inventor's agent in licensing toy designs developed by others. We expected to market such toy designs by both direct meetings with toy manufacturers' representatives and through a web site that could give manufacturers the opportunity to review pictures and descriptions of new inventions at a single source to decide whether a face-to-face meeting would be useful. We believe that the foregoing business model is still valid; however, given the effect of an overcrowded .com business environment, no operations in this area have commenced to date. Accordingly we have looked at other ventures of merit for corporate participation as a means of enhancing shareholder value. This strategy resulted in our April 23, 2002 Acquisition Agreement with Assure Oil & Gas Corp. ("Assure O&G").

Assure O&G is actively engaged in the exploration, development, acquisition and production of petroleum and natural gas (P&NG) properties primarily located in Western Canada. In October 2000 Assure O&G commenced its oil and gas operations as part of an initiative to create cash flow by participating in a Farmout Agreement to drill a prospective Elkton zone natural gas well. To date, Assure O&G has acquired varying interests, through farmout participations, asset purchases, crown land sales and corporate acquisitions, of both producing and prospective P&NG properties in the Western Sedimentary Basin of Western Canada.

On May 30, 2002 Assure O&G entered into a Share Purchase Agreement with the 3 shareholders of Westerra 2000 Inc. ("Westerra"), wherein Assure O&G acquired Westerra, an Alberta, Canada corporation engaged in the exploration, development and production of oil and gas properties primarily located in Saskatchewan, Canada.

We plan to continue to explore, develop and acquire P&NG properties over the next twelve months to increase cash flow, and to build P&NG reserves. We anticipate engaging in an exploration program that could include infill drilling of current proved and producing properties, seismic interpretation of prospective properties and exploratory drilling. Acquisitions could include lands, licenses and leases, producing well bores and corporate acquisitions. We also may from time to time acquire, or enter into strategic alliances with, complementary businesses to achieve these objectives.

We anticipate that our presently available capital resources together with expected oil and gas cash flow from our existing oil and gas production will be sufficient to fund our current oil and gas operations during the next twelve months. We intend to fund our acquisition strategy and new exploration programs during the next twelve months from oil and gas cash flow, working capital and sales of our securities. Our employee levels are expected to increase during the next twelve months in direct proportion to the anticipated expansion of our oil and gas exploration program and available cash resources.

Edgar Filing: ASSURE ENERGY INC - Form 10QSB

We do not presently anticipate any purchases or

12

sales of plant or significant equipment other than the purchase of pump jacks which are used to enhance oil production and equipment utilized to transport gas to processing facilities. Alternatively, we may rent, lease or subcontract for the use of such equipment. We do not expect to engage in any material research and development activities during the next twelve months. The exploration of and drilling for oil and gas reserves is risky, uncertain and capital intensive. No assurance can be given that we will increase our oil and gas operations to the extent we anticipate or that if increased, our new acquisitions and exploration programs will prove to be successful.

PART II -- OTHER INFORMATION

ITEM 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

On April 23, 2002 we entered into an "Acquisition Agreement" (the "Acquisition Agreement") with Assure Oil and Gas Corp., an Ontario, Canada corporation ("Assure"); and the shareholders of Assure (the "Assure Shareholders"). The Acquisition Agreement principally involved our acquisition of all of Assure's issued and outstanding capital stock, making Assure a wholly owned subsidiary of ours, in exchange for 2,400,000 of our units (the "Units"), each Unit consisting of one share of our restricted common stock, one class A Warrant and one class B Warrant. The Class A Warrants, as amended, entitle the holder thereof to acquire one share of our common stock at \$.50 per share at any time or from time to time during the four year period commencing on April 23, 2003 and expiring on April 22, 2007. The shares underlying the Class A Warrants have registration rights. The Class B Warrants, as amended, entitle the holder thereof to acquire one share of our common stock at \$1.00 per share, at any time or from time to time during the four year period commencing on April 23, 2003 and expiring on April 22, 2007. The shares underlying the Class B Warrants have registration rights. The Units were issued pursuant to the exemption from registration contained in Section 4(2) of the Securities Act of 1933, as amended.

On April 23, 2002 we completed a \$1,250,000 debt financing with Private Investment Company, Ltd., a Turks and Caicos Company. The debt was evidenced by our demand promissory note (the "Note") dated April 23, 2002 and bore interest at the rate of 1% above the prime rate charged by Citicorp. The Note was subsequently cancelled and the principal amount thereof was utilized to purchase \$1,250,000 of our Series A Preferred Stock. The Note was issued pursuant to the exemption from registration contained in Section 4(2) of the Securities Act of 1933, as amended.

On May 8, 2002 we completed a \$1,750,000 equity financing with three accredited persons pursuant to the exemption from the registration provisions of the Securities Act of 1933, as amended, provided by Rule 506 of Regulation D. In connection therewith, we issued an aggregate of 1,400,000 units at a purchase price of \$1.25 per unit. Each unit consists of one share of our common stock (the "Unit Shares") and one common stock purchase warrant. Each warrant entitles the holder to purchase one share of our common stock (the "Warrant Shares") at a price of \$1.50 per share for a period of four years commencing May 8, 2003. Both the Unit Shares and Warrant Shares have piggyback registration rights.

As of June 1, 2002 we entered into a Preferred Stock Purchase Agreement with three persons pursuant to which we sold them 17,500 shares of our

Convertible Series A Preferred Stock (the "Preferred Stock") at a price of \$100 per share (the "Stated Value") or an aggregate of \$1,750,000. The Series A Preferred Stock was issued pursuant to Section 4(2) of the Securities Act of 1933, as amended. One of the purchasers was Private Investment Company Ltd. which pursuant to a Note Termination and Conversion Agreement with us dated as of June 1, 2002 terminated the April 23, 2002 Note referred to above and applied the \$1,250,000 principal amount thereof to the purchase of 12,500 shares of our Series A Preferred Stock. The Series A Preferred Stock is convertible by the holder after 2 years, or if called for redemption by us, into units. The initial conversion price for the conversion of the Series A Preferred Stock is \$1.50 of Stated Value. Each unit consists of one share of our common stock and one common stock purchase warrant. Each warrant entitles the holder thereof to purchase one share of our common stock at a price of \$1.75 per share at any time during the four year period commencing one year after the date of issuance. Piggyback registration rights apply to the shares underlying the common stock and warrants issuable upon conversion of the Preferred Stock.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On April 22, 2002 the holders of approximately 57% of our issued and outstanding common stock consented to the filing of an amendment to our Certificate of Incorporation to change our name from Inventoy.com Inc. to Assure Energy, Inc.

ITEM 5. OTHER INFORMATION

Effective August 1, 2002 Douglas Kaplan resigned from his positions as a director and our sole officer due to the shift in our business direction from a toy company to an oil and gas company and his desire to pursue his outside interests. James I. Golla, one of our directors, was appointed to fill all of the vacated officer positions.

ITEM 6. EXHIBITS AND REPORTS ON FORM 8-K

(a) Exhibits.

None.

(b) Reports on Form 8-K.

During the period covered by this Report, on May 8, 2002 we filed a Current Report on Form 8-K dated April 23, 2002.
