JUNE 12, 2003

PROXY STATEMENT

GENERAL INFORMATION

PROXY SOLICITATION

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Applied Graphics Technologies, Inc. (the "Company") for use at the 2003 annual meeting of stockholders to be held at The American Stock Exchange, 86 Trinity Place, New York, New York 10006, on June 12, 2003, at 11:00 a.m., local time. The purpose of the annual meeting and the matters to be acted upon are set forth in the accompanying notice of annual meeting.

The Company is mailing its annual report for the fiscal year ended December 31, 2002, together with this proxy statement and the enclosed proxy, to stockholders entitled to vote at the annual meeting. The annual report does not form any part of the material for the solicitation of proxies.

The Company will pay the cost of all proxy solicitations. In addition to the solicitation of proxies by use of the mails, officers and other employees of the Company and its subsidiaries may solicit proxies by personal interview, telephone, facsimile and telegram. None of these individuals will receive compensation for such services, which will be performed in addition to their regular duties. The Company also has made arrangements with brokerage firms, banks, nominees and other fiduciaries to forward proxy solicitation material for shares held of record by them to the beneficial owners of such shares. The Company will reimburse such persons for their reasonable out-of-pocket expenses in forwarding such material.

This proxy statement and the enclosed proxy are first being mailed to the Company's stockholders on or about April 30, 2003.

VOTING AND REVOCABILITY OF PROXIES

A proxy for use at the annual meeting and a return envelope are enclosed. Shares of the Company's common stock, par value \$0.01 per share (the "Common Stock"), represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the annual meeting in accordance with the instructions indicated in such proxy. If no instructions are indicated, such

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form DEF 14A

shares will be voted "FOR" the election of the eleven director nominees named in the proxy. Discretionary authority is provided in the proxy as to any matters not specifically referred to therein. Management is not aware of any other matters that are likely to be brought before the annual meeting. If any such matters properly come before the annual meeting, however, the persons named in the proxy are fully authorized to vote thereon in accordance with their judgment and discretion.

Any stockholder who desires to vote in person at the meeting who holds his shares through a bank, broker or other holder of record must obtain a written proxy from the holder of record that authorizes such stockholder to vote those shares.

A stockholder who has given a proxy may revoke it at any time prior to its exercise at the annual meeting by (1) giving written notice of revocation to the Secretary of the Company, (2) properly submitting to the Company a duly executed proxy bearing a later date or (3) voting in person at the annual meeting. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to the Company's Corporate Secretary at its principal executive offices as follows: Applied Graphics Technologies, Inc., 450 West 33rd Street, 3rd floor, New York, New York 10001, Attention: Corporate Secretary.

VOTING PROCEDURE

All holders of record of the Common Stock of the Company at the close of business on April 14, 2003 will be eligible to vote at the annual meeting. Each holder of Common Stock is entitled to one vote at the annual meeting for each share held by such stockholder. As of April 14, 2003, there were 9,147,565 shares of Common Stock outstanding.

The presence, in person or by proxy, of a majority of the outstanding shares of Common Stock entitled to vote will constitute a quorum for the transaction of business. Votes cast in person or by proxy, abstentions and broker non-votes (as hereinafter defined) will be tabulated by the inspector of election and will be considered in the determination of whether a quorum is present at the annual meeting. The inspector of election will treat shares represented by executed proxies that abstain as shares that are present and entitled to vote for purposes of determining the approval of such matter. If, with respect to any shares, a broker or other nominee submits a proxy indicating that instructions have not been received from the beneficial owners or the persons entitled to vote and that such broker or other nominee does not have discretionary authority to vote such shares (a "broker non-vote") on one or more proposals, those shares will not be treated as present and entitled to vote for purposes of determining the approval of any such proposal.

2

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form DEF 14A

Approval of the nominees requires the affirmative vote of a majority of the shares present, in person or by proxy, at the annual meeting. In the event that any nominee should become unable or unwilling to serve as a director, it is the intention of the persons named in the proxy to vote for the election of such substitute nominee for the office of director as the Board may recommend. It is not anticipated that any nominee will be unable or unwilling to serve as a director.

THE BOARD UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE COMPANY VOTE "FOR" THE ELECTION OF THE NOMINEES TO SERVE AS DIRECTORS.

Biographical information concerning each of the director nominees is presented on the following pages. All of the director nominees are currently members of the Board.

COMPENSATION OF DIRECTORS

Commencing in July 2002, directors who are not also employees of the Company or its affiliates ("nonemployee directors") receive from the Company an annual fee of \$50,000, which fee is paid in equal quarterly installments, plus \$1,000 for each Board or committee meeting attended in person (\$500 for each such meeting participated in by telephone) and reimbursement of expenses

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form DEF 14A

incurred in attending such meetings. In addition, the Chairman of the Audit Committee receives an annual fee of \$50,000 and the Chairman of the Compensation Committee receives an annual fee of \$20,000, each of which is paid in equal quarterly installments. Directors are also eligible to receive options to purchase Common Stock under the Company's Amended and Restated 1998 Incentive Compensation Plan, as amended (the "Incentive Compensation Plan").

Under the Incentive Compensation Plan, employees, nonemployee directors, certain affiliated persons and independent contractors of the Company may be granted cash awards, options to purchase Common Stock, stock appreciation rights, stock awards, stock units, performance shares, and performance units. Options to purchase Common Stock granted under the Incentive Compensation Plan have a term of ten years and, except for those granted to nonemployee directors, vest over a vesting schedule determined by the

7

committee administering the plan or, in lieu thereof, a five-year vesting schedule, as specified in the plan. Under the Incentive Compensation Plan, each nonemployee director is granted options to purchase 10,000 shares of Common Stock upon commencement of his or her service as a director. Such options have an exercise price equal to the fair market value on the date of grant and vest ratably over a two-year period. In addition, each nonemployee director then in office is automatically granted, on the anniversary date of his or her commencement of service as a director, a fully-vested, non-qualified option to purchase 2,000 shares of Common Stock at a per-share exercise price equal to its fair market value on such date (the "anniversary grant"). Given the substantial interest in the Company he has through his interest in Applied Printing, Mr. Zuckerman has not received any options, although commencing in July 2002, Mr. Zuckerman receives fees in accordance with the schedule for nonemployee directors.

In May 2002, Messrs. Harris, Dreyer, Parker, Walter and Zuccotti each received grants of options to purchase 5,000 shares of Common Stock at an exercise price of \$0.41 per share, which options vested immediately. In June 2002, Mr. Guarascio received a grant of options to purchase 10,000 shares of Common Stock at an exercise price of \$0.90, in connection with his commencement of service as a director, which options vest ratably over two years. In July 2002, Messrs. Harris, Dreyer, Parker, Walter and Zuccotti each received grants of options to purchase 2,000 shares of Common Stock at an exercise price of \$0.55 per share, which options vested immediately. In addition, each of Messrs. Harris, Dreyer, Parker, Walter and Zuccotti agreed that the grant date for all future anniversary grants to be made to each of them would be July 1.

In addition, Messrs. Drasner, Krall and Vecchiolla received grants of options to purchase shares of Common Stock in their capacities as officers of the Company, as disclosed in "Executive Compensation -- Stock Option Grants in Fiscal Year 2002" below.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS OF THE COMPANY ON EXECUTIVE COMPENSATION

COMPENSATION PHILOSOPHY

The Compensation Committee reviews the performance and compensation levels for executive officers and sets salary and bonus levels and option grants under the Company's incentive plans. The objectives of the Compensation Committee are to correlate executive compensation with the Company's business objectives and performance, and to enable the Company to attract, retain and reward executive officers who contribute to the long term success of the Company.

BASE SALARY

Base salaries of the executive officers are established by evaluating the requirements of the position and the contribution of the executive with respect to Company performance and the executive's responsibilities. In determining

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form DEF 14A

executive officer salaries, the Compensation Committee generally sets base salaries at or below competitive levels, with total potential compensation (including bonuses and stock options) targeted at or above competitive levels. The Compensation Committee relies on, among other things, recommendations from the Chief Executive Officer in making such determinations.

During 2002, Fred Drasner served as Chairman and Chief Executive Officer of the Company. Mr. Drasner received a base salary of \$750,000 in 2002, the same salary he received in 2001. The Compensation Committee determined that, in light of the significant amount of time Mr. Drasner would be devoting to the Company's review of strategic alternatives, relationship with its senior lenders and efforts to improve sales and reduce costs, he should continue at an annual base salary of \$750,000 during 2002.

ANNUAL CASH BONUSES

The Company pays annual cash bonuses to its executive officers in accordance with the terms of its Management Incentive Plan, which provides for incentives based on the Company's performance as well as individual performance. In addition, the Company may pay additional bonuses as approved by the Board of Directors in its sole discretion. In accordance with the Management Incentive Plan, the Compensation Committee awarded Mr. Drasner a bonus of \$562,500 for 2002, which bonus was paid in 2003.

LONG-TERM INCENTIVES

The Compensation Committee believes that equity ownership provides significant motivation to executive officers to maximize value for the Company's stockholders and, therefore, periodically grants stock options under the Company's incentive plans. The Compensation Committee determines the size and frequency of

12

option grants for executive officers after consideration of recommendations of the Chief Executive Officer. Such recommendations are based upon the relative position and responsibilities of each executive officer, previous and expected contributions of each executive officer to the Company and previous option grants to such executive officers. Stock options granted to executive officers are generally nonqualified stock options with exercise prices that equal or exceed the fair market value of the Company's Common Stock on the date of grant and vest in such increments as may be determined by the Compensation Committee.

In May 2002, the Compensation Committee awarded Mr. Drasner options to purchase 250,000 shares of Common Stock, at an exercise price of \$0.41 per share. Mr. Drasner had not been awarded stock options in the past due to the substantial interest he had in the Company through his limited partnership interest in Applied Printing. Since Mr. Drasner's economic interest in the Common Stock held by Applied Printing was, by agreement, to cease after September 1, 2002, the Compensation Committee determined that it would be appropriate to award Mr. Drasner stock options at that time.

SECTION 162(M)

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally sets a limit of \$1 million on the amount of compensation (other than certain enumerated categories, including performance-based compensation) paid to executive employees that may be deducted by a publicly-held company. The Committee's policy is to seek to qualify executive compensation for deductibility to the extent that such policy is consistent with the Company's overall objectives and executive compensation policy. Compensation attributable to stock options granted under the Company's stock incentive plans currently is

Edgar Filing: APPLIED GRAPHICS TECHNOLOGIES INC - Form DEF 14A

excluded from the \$1 million limit as "qualified performance-based compensation" under the rules contained in applicable Treasury regulations. None of the Company's executive officers received compensation in 2002 in excess of the limits imposed under Section 162(m). The Compensation Committee intends to continue to qualify compensation attributable to stock options as "qualified performance-based compensation" within the meaning of Section 162(m).

STOCKHOLDER RETURN PERFORMANCE GRAPH

The following graph and table show the cumulative total stockholder return on the Common Stock compared to the AMEX Composite Index and a self-constructed peer group index for the periods between December 31, 1997 and December 31, 2002. Currently, the peer group is composed of Schawk, Inc., which is a public company with significant independent operations in the prepress industry, and R.R. Donnelly & Sons, Co. and Quebecor World, Inc., commercial printers that provide prepress services. Previously, the peer group included American Greetings Corporation (Class A), which is a publishing company, and Schawk, Inc. The Company sold its publishing services business in April 2002. Accordingly, it is no longer appropriate to include American Greetings Corporation in the peer group. The total stockholder return on each company included in the peer group index has been weighted according to such company's capitalization at the beginning of each period. The graph assumes \$100 was invested in (1) the Common Stock, (2) the AMEX Composite Index and (3) the peer group index, and assumes reinvestment of dividends.

Based solely on the Company's review of the copies of such forms it has received and written representations from certain reporting persons that they were not required to file Forms 5 for the last fiscal year, the Company believes that all of its officers, directors, and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to transactions during fiscal 2002.
