QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why am I receiving these proxy materials?

A: The Company's Board of Directors (the Board) is providing these proxy materials to you in connection with the Annual Meeting of Shareholders, which will take place on April 23, 2004. As a shareholder, you are invited to attend the meeting and are entitled to vote on the proposal described in this Proxy Statement.

Q: What information is contained in the package of materials that I received?

A: This Proxy Statement includes information relating to the proposal to be voted on at the meeting, the voting process, the compensation of directors and certain officers, and certain other information required by the rules and regulations of the Securities and Exchange Commission and the rules and listing standards of the New York Stock Exchange. Also enclosed is a proxy card or voting instruction card for your use in voting. The Company's Annual Report on Form 10-K for the year ended December 31, 2003, which includes our 2003 consolidated financial statements, and our Summary Annual Report 2003 are also included in the package of materials that you received.

Q: What proposals will be voted on at the meeting?

A: There is currently one proposal scheduled to be voted on at the meeting: the election of three Class II directors to serve three-year terms ending in 2007.

Q: What is the Board of Directors' voting recommendation?

A: The Board recommends that you vote your shares FOR each of the nominees to the Board.

Q: What shares can I vote?

A: You may vote all Company common shares and 6 3/4% Cumulative Convertible Preferred Shares that you own as of the close of business on the Record Date. These shares include: (1) shares held directly in your name as the shareholder of record, including common shares purchased through the Cincinnati Bell Employee Stock Purchase Plan, Cincinnati Bell Retirement Savings Plan, or Cincinnati Bell Inc. Savings and Security Plan and credited to your account under any of such plans; and (2) shares held for you as the beneficial owner through a broker or other nominee.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Many Cincinnati Bell shareholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with Cincinnati Bell's transfer agent, Computershare Investor Services, LLC, you are considered the shareholder of record for those shares, and Cincinnati Bell is sending these proxy materials directly to you. As a shareholder of record, you may grant your voting proxy directly to Cincinnati Bell to vote your shares or you may vote your shares in person at the meeting. Cincinnati Bell has enclosed a proxy card for your use in voting by proxy.

Beneficial Owner

If your shares are held in a stock brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and your broker or nominee is considered to be the shareholder of record. If you are a beneficial owner, your broker or nominee has forwarded these proxy materials to you. As the beneficial owner, you may direct your broker or nominee to vote. Your broker or nominee has provided a

Table of Contents

voting instruction card for you to use in directing the broker or nominee on how to vote your shares. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares.

Q: How can I vote my shares at the meeting?

A: Shares held directly in your name as the shareholder of record may be voted in person at the Annual Meeting. If you choose to attend the meeting and vote in person, please bring the enclosed proxy card and proof of identification. Shares you hold beneficially, in street name, cannot be voted at the Annual Meeting unless you obtain a signed proxy from the shareholder of record authorizing you to vote these shares at the Annual Meeting.

Q: How can I vote my shares without attending the meeting?

A: Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct your vote without attending the meeting. For shares held directly as the shareholder of record, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. You may also vote via the Internet or by telephone. Please refer to the summary instructions below and those included on your proxy card or voting instruction card.

Via the Internet If you have Internet access, you may submit your vote from any location by following the **Vote by Internet** instructions on your proxy card or voting instruction card.

By telephone If you live in the United States or Canada, you may submit your vote by following the **Vote by Phone** instructions on the proxy card or voting instruction card.

By mail You may vote by mail by completing and signing your proxy card or voting instruction card and mailing it in the accompanying enclosed, pre-addressed postage-paid envelope.

Q: Can I change my vote?

A: Yes. You may change your voting instructions at any time prior to the vote at the Annual Meeting. For shares you hold as the shareholder of record, you may change your vote by either: (i) granting a new proxy bearing a later date (which automatically revokes the earlier proxy); (ii) notifying the Company's Secretary in writing that you want to revoke your earlier proxy; or (iii) attending the Annual Meeting, giving notice of your proxy revocation in open meeting and voting in person. Please note that mere attendance at the meeting will not cause your previously granted proxy to be revoked; at the Annual Meeting you must specifically request to revoke your previous proxy. For shares held beneficially by you in street name, you may change your vote by submitting new voting instructions to your broker or nominee.

Q: How do I vote for directors?

A: For the election of directors, you may vote **FOR** all of the nominees, or you may withhold your vote with respect to one or more of the nominees. To do so, you must follow the instructions on your proxy card or voting instruction card or, if voting via the Internet or by phone, by following the instructions when prompted. If you sign your proxy card or broker voting instruction card and do not provide instructions concerning your vote, your shares will be voted in accordance with the recommendation of the Board (**FOR** all of the Company's nominees to the Board and in the discretion of the proxy holders on any other matters that properly come before the meeting). If you hold common shares through a Cincinnati Bell or Convergys Corporation employee or director plan managed by Fidelity Management Trust Company (**Fidelity**), follow the instructions below.

Q: If I own shares through a Cincinnati Bell or Convergys Corporation employee or director plan managed by Fidelity, how will my shares be voted?

A: If you are a participant in the Cincinnati Bell Inc. Executive Deferred Compensation Plan, Cincinnati Bell Retirement Savings Plan, Cincinnati Bell Inc. Savings and Security Plan, Cincinnati Bell Inc. Deferred Compensation Plan for Outside Directors or the Convergys Corporation Retirement and Savings Plan, you

Table of Contents

have the right to direct Fidelity to vote any Cincinnati Bell shares credited to your account. For director nominations, you should follow the instructions on your proxy card. If no direction is made, or, if you vote by mail and your proxy card is not signed or has not been received by close of business on April 22, 2004, the shares credited to your account will not be voted.

Q: What is the voting requirement to approve the proposal?

A: In the election of directors, the three persons receiving the highest number of FOR votes will be elected. If you are a beneficial owner and do not respond to your broker's or nominee's request for voting instructions or do not sign your voting instruction card, your shares will constitute broker non-votes, as described in "What is the quorum requirement for the meeting?" below. In tabulating the voting result, broker non-votes are not considered entitled to vote. There are no cumulative voting rights for either the common shares or 6 3/4% Cumulative Convertible Preferred Shares.

Q: What does it mean if I receive more than one proxy card or voting instruction card?

A: It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: Where can I find the voting results of the meeting?

A: We will announce preliminary voting results at the meeting and publish final results in our quarterly report on Form 10-Q for the first quarter of fiscal year 2004.

Q: What happens if additional proposals are presented at the meeting?

A: Other than the proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Bruce L. Byrnes, John F. Cassidy and Karen M. Hoguet, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

Q: What classes of shares are entitled to be voted?

A: Each common share and each 6 3/4% Cumulative Convertible Preferred Share outstanding as of the close of business on the Record Date is entitled to vote on all items being voted upon at the Annual Meeting. You are entitled to one vote for each common share and for each 6 3/4% Cumulative Convertible Preferred Share you own on the Record Date. The 6 3/4% Cumulative Convertible Preferred Shares will vote with the common shares as one class on the proposal described in this Proxy Statement. On the Record Date, we had 245,164,718 common shares and 155,250 6 3/4% Cumulative Convertible Preferred Shares issued and outstanding.

Q: What is the quorum requirement for the meeting?

A: The quorum requirement for holding the meeting and transacting business is the presence, in person or by proxy, of a majority of the common and preferred shares issued and outstanding and entitled to vote at such meeting. However, even if a quorum is present, if any particular action requires other than a simple majority under either the law, the Company's Amended Articles of Incorporation or the Company's Amended Regulations, that particular action will not be approved unless the required percentage of affirmative votes has been obtained.

Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Abstentions are also counted as shares present and entitled to be voted. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has expressly not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting.

Table of Contents

Q: Who will count the votes?

A: A representative of Computershare Investor Services, LLC, Cincinnati Bell's transfer agent and registrar, will tabulate the votes and act as the inspector of election.

Q: Is my vote confidential?

A: Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects voting privacy. Your vote will not be disclosed either within Cincinnati Bell or to third parties except (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board. Occasionally, shareholders provide written comments on their proxy card, which are then forwarded to Cincinnati Bell's management.

Q: Who will bear the cost of soliciting votes for the meeting?

A: Cincinnati Bell is making this solicitation and will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. If you choose to access the proxy materials and/or vote via the Internet, however, you are responsible for any Internet access charges you may incur. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We also have hired Georgeson Shareholder Communications Inc. to assist us in the distribution of proxy materials and the solicitation of votes. We will pay Georgeson Shareholder Communications Inc. a fee of \$10,000 plus expenses for these services. We will also reimburse brokerage houses and other nominees for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

Q: What percentage of the Company's issued and outstanding shares of voting stock do our directors and executive officers own?

A: Our directors and executive officers owned approximately 3.03% of our voting stock as of the Record Date or an earlier date as noted in the table on page 17.

Q: Do any of our shareholders hold more than 5% of the issued and outstanding shares of any class of the Company's voting stock?

A: As of December 31, 2003, Gabelli Asset Management Company and an affiliate collectively owned 14,342,302, or 5.86%, of the issued and outstanding common shares. As of December 31, 2003, various entities and funds affiliated with Legg Mason, Inc. collectively owned 28,650,328, or 11.69%, of the issued and outstanding common shares. As of February 29, 2004, Shapiro Capital Management Company, Inc. and its affiliates collectively owned 13,037,418, or 5.34% of the issued and outstanding common shares. See page 17 for more details.

Q: What is householding?

A: Householding is a process that allows the Company to reduce costs and increase efficiencies by mailing only one copy of Company communications, such as this Proxy Statement, to multiple shareholders who reside at the same household mailing address. If you and other shareholders at the same household mailing address are currently receiving only one copy of Company communications at your mailing address but would like to receive separate copies, please see the instructions on page 33. If you and other shareholders at the same mailing address are currently receiving multiple copies of Company communications but would like to participate in our Householding program, please see the instructions on page 33.

Table of Contents**BOARD STRUCTURE AND COMPENSATION****General Information**

Our Board currently has nine directors and the following four committees: (1) Audit and Finance, (2) Compensation, (3) Executive, and (4) Governance and Nominating. The members and function of each committee are described below. During fiscal year 2003, the Board held 16 meetings and no director attended less than 75% of all Board and applicable committee meetings during the period in which he or she served as a director.

The Board evaluated the independence of each director. Based on an analysis of information supplied by the directors, the Board evaluated whether any director has any material relationship with the Company, either directly, or as a partner, shareholder or officer of an organization that has a relationship with the Company. The Board has determined that each director, except Mr. Cassidy, is an independent director according to the rules and listing standards of the New York Stock Exchange (NYSE).

No member of the Audit and Finance Committee serves on the audit committees of more than three public companies. In addition the Board has determined that Daniel J. Compensation Committee: The Compensation Committee consists of five persons, none of whom is an officer. The Committee held seven meetings during 2003. The Compensation Committee is responsible to ensure that directors and certain key executives are effectively compensated in terms of base compensation, short- and long-term incentive compensation and benefits that are competitive. In addition, the Committee is responsible for evaluating the performance of the Chief Executive Officer and reviewing with management the succession planning process for key executive positions. The Board has determined that each member of the Compensation Committee satisfies the independence requirements of the rules and listing standards of the NYSE. The Committee identifies individuals to become members of the Board, periodically reviews the size and composition of the Board, recommends committee appointments and chairpersons to the Board, periodically reviews and recommends to the Board updates to the Company s Corporate Governance Guidelines and related Company policies and oversees an annual evaluation of the Board and its committees. The Board has determined that each member of the Governance and Nominating Committee satisfies the independence requirements of the rules and listing standards of the NYSE. The Governance and Nominating Committee Charter is attached to this Proxy Statement as Exhibit D and is available on the Company s website, www.cincinnati-bell.com in the Corporate Governance Section of the Corporate Information webpage.

Director Nominations

The Governance and Nominating Committee will consider director candidates recommended by shareholders. In connection with this year s election of directors, no candidate was recommended by a beneficial owner of more than 5% of Cincinnati Bell s voting stock.

The Committee s process for identifying and evaluating candidates to be nominated as directors is as follows: Any qualified individual or group, including shareholders, incumbent directors and members of top management, may propose a candidate for the Board at any time. Background information on proposed candidates is forwarded to the Governance and Nominating Committee. The Committee will, when an opening for a director occurs, review forwarded materials on prospective candidates. A candidate selected from that review will be interviewed by all members of the Committee, unless such interview is voluntarily waived by a member or members. If approved by the Committee, the candidate will be recommended to the full Board for consideration. There are no differences in the manner in which the Committee evaluates shareholder-recommended candidates.

The selection criteria for board members includes the following: established leadership reputation in his or her field; recognized for good business judgment; active in business; knowledge of business on a national/global

basis; meets high ethical standards; familiar with the field of telecommunications services; commitment to board/committee meeting attendance; and contribution to gender, racial and/or geographical diversity of board.

Director Compensation Arrangements

Compensation for Employee Directors

Directors who are also employees of the Company (or any subsidiary of the Company) receive no additional compensation for serving on the Board or its committees.

General Compensation Policy for Non-Employee Directors

Effective August 1, 2003, the Board resolved that all directors who are not employees of the Company or any subsidiary of the Company (non-employee directors) receive a \$30,000 annual retainer plus \$2,000 for each Board and committee meeting attended. The chairperson of the Audit and Finance Committee receives a \$10,000 annual retainer, and the chairpersons of the Governance and Nominating Committee and the Compensation Committee receive a \$5,500 annual retainer. The members of the Audit and Finance Committee receive a \$5,000 annual retainer and members of each of the Compensation Committee and the Governance and Nominating Committee receive a \$2,500 annual retainer. Mr. Meyer, who served as Chairman of the Board until June 15, 2003, received approximately \$115,000 during that period for his service as Chairman. Mr. Cox, who has served as Chairman of the Board since June 16, 2003, received approximately \$98,000 for his service as Chairman in 2003, in addition to the applicable retainers and meeting fees described above.

Non-Employee Directors Deferred Compensation Plan

The Cincinnati Bell Inc. Deferred Compensation Plan for Outside Directors (the Directors Deferred Compensation Plan) allows each non-employee director of the Company to choose to defer receipt of all or a part of his or her director fees and annual retainers and to have such deferred amounts credited to an account of the director under the plan. A non-employee director may also choose to have such deferrals assumed to be invested among a number of investment options that are designated for this purpose by the Compensation Committee, and his or her account under the plan is adjusted by the investment return that would result if such amounts were assumed to be invested in the investment options that he or she chooses. A non-employee director is fully vested at all times in the amounts that are credited to his or her account under the plan pursuant to the rules described in this paragraph.

In addition, each person who is a non-employee director on the first business day of the year has his or her account under the Directors Deferred Compensation Plan credited on such date with an amount equal to the value of 1,500 common shares of the Company. A non-employee director's account under the plan is also adjusted by the investment return that would result if such amounts were assumed to be invested exclusively in common shares. A non-employee director will generally be vested in the amounts credited to his or her account under the plan pursuant to the rules described in this paragraph only if he or she completes at least five years of active service as a non-employee director of the Company (with a fraction of a year of service as a non-employee director being rounded up or down to the nearest whole year) or if he or she dies while a member of the Board.

A non-employee director of the Company who served as a non-employee director prior to 2004 may also have additional amounts credited to his or her account under the Directors Deferred Compensation Plan based on his or her deferral of director fees and annual retainers for years before 2004 or on other extra amounts that were credited by the Company to his or her account under the plan prior to such year.

In general, a non-employee director of the Company can, if he or she complies with specific election rules set forth in the plan, elect to receive his or her account under the Directors Deferred Compensation Plan in either a lump sum payment or in annual installments (up to ten installments). Each payment is made in the form of cash to the extent the amounts credited to his or her account under the plan are deemed to be invested under the plan other than in common shares and will be distributed in the form of common shares to the extent his or her account is deemed to be invested under the plan in such shares.

Table of Contents

Other than for certain circumstances described below, a non-employee director of the Company can, if he or she complies with specific election rules set forth in the plan and subject to the completion of certain administrative processes under the plan, elect to receive the portion of his or her account under the Directors Deferred Compensation Plan in which he or she is vested and that is attributable to the deferrals of his or her director fees and annual retainers, and other Company credits to his or her account (i) for 2003 or any later calendar year as early as (but no earlier than) the date on which he or she ceases to be a member of the Board or the sixth annual anniversary of the first day of the calendar year for which the credit was made, whichever occurs earlier and (ii) for 2002 or any earlier calendar year as early as (but no earlier than) the first business day of the first calendar year that begins after he or she ceases to be a member of the Board.

The Directors Deferred Compensation Plan provides three exceptions to the rules regarding the timing of distributions of a director's account under the plan: (i) in the event of a change in control of the Company; (ii) at the election of the director in the event of severe financial hardship; and (iii) at the election of the director if he or she agrees to certain forfeitures and restrictions.

Until paid, all amounts credited to a non-employee director's account under the Directors Deferred Compensation Plan are not funded or otherwise secured, and all payments under the plan are made from the general assets of the Company and its subsidiaries.

Non-Employee Directors Stock Option Plan

The Company grants its non-employee directors stock options to purchase common shares under the Cincinnati Bell Inc. 1997 Stock Option Plan for Non-Employee Directors (the Directors Stock Option Plan). Pursuant to the current terms of such plan, each non-employee director of the Company is granted:

a stock option for 25,000 common shares on the first day of his or her initial term of office as a non-employee director of the Company;
and

a stock option for 9,000 common shares on the date of each annual meeting, if such director first became a non-employee director of the Company before the date of such annual meeting and continues in office as a non-employee director after such meeting.

In addition, a non-employee director of the Company may elect, prior to the start of any calendar year, to waive all or a portion (in 25% increments) of his or her retainer and other director fees from the Company for such calendar year and in return receive an additional stock option under the Directors Stock Option Plan as of the first business day of such calendar year. The number of common shares to be subject to such elected option will be determined by the Board in its discretion (and generally, in the absence of another method chosen by the Board, will be determined by dividing the anticipated retainer and other fees for the calendar year for which the director is waiving the fees by the per share value of the stock option as determined under a reasonable valuation method adopted by the Board).

Each stock option granted a non-employee director under the Directors Stock Option Plan requires that, upon the exercise of the option, the price to be paid for the common shares that are being purchased under the option will be equal to 100% of the fair market value of such shares as determined at the time the option is granted.

With certain exceptions provided in the Directors Stock Option Plan, a non-employee director of the Company who is granted an option under the plan generally will have ten years from the date of the grant of the option to elect to exercise the option.

Other Compensation for Non-Employee Directors

The Company also provides its non-employee directors who live in the Cincinnati area with certain telecommunications services. The average annual cost of such services was approximately \$1,540 per non-employee director in 2003 who received such services.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

The Board of the Company presently consists of nine members, one of whom is an officer of the Company. The Company's Amended Articles of Incorporation provide for the directors to be divided into three classes. At each annual meeting of shareholders, directors constituting a class are elected for three-year terms. Upon election, the terms of the three directors in Class II expire in 2007. The terms of the three directors in Class III expire in 2005. The terms of the three directors in Class I expire in 2006. The directors of each class will serve until their respective successors are elected and qualified.

The Board has nominated Phillip R. Cox, Michael G. Morris and John M. Zrno, all of whom are incumbent directors, as Class II directors, to serve until the 2007 annual meeting of shareholders. Information regarding the business experience of each nominee is provided below. Mr. Morris was appointed to fill a vacancy on the board in December 2003. A non-management director of the Company recommended Mr. Morris to the Nomination and Governance Committee, which, in turn, recommended him to the Board for appointment.

If one or more of the nominees should at the time of the meeting be unavailable or unable to serve as a candidate, the shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board. The Board knows of no reason why any of the nominees will be unavailable or unable to serve.

Our Recommendation

The three director nominees who receive the greatest number of votes will be elected to the Board of Directors. The Board recommends election of each of the nominees.

The following are brief biographies of each director of the Company, including those nominated for election.

EXECUTIVE COMPENSATION

Any general statement that incorporates this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934 shall not be deemed to incorporate by reference this Compensation Committee Report on Executive Compensation and related disclosure. Except to the extent the Company specifically incorporates such Report and related disclosure by reference, this information shall not otherwise be deemed to have been filed under such Acts.

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors administers Cincinnati Bell's executive compensation program. The Compensation Committee, which is composed of non-employee directors, is responsible for approving and reporting to the Board on all elements of compensation for the Company's Chief Executive Officer (CEO) and other executive officers. The Committee has a written charter that sets forth its duties and responsibilities, including the requirement to conduct annually a self-assessment of the Committee's performance. The Compensation Committee Charter is attached to this Proxy Statement as Exhibit C. Further, the Committee retains a consultant independent of the Company to assist it in evaluating matters presented to the Committee as well as the operation of the Committee itself. The Compensation Committee has furnished the following report on executive compensation for fiscal year 2003.

Compensation Philosophy

The principles of the executive compensation program established by the Compensation Committee are that:

Compensation must be competitive with other companies to attract and retain high-quality executives;

A significant portion of total executive compensation should be at risk and tied to the achievement of specific short-term and long-term performance objectives, principally the Company's earnings and the performance of the Company's common shares, thereby linking executive compensation with the returns realized by shareholders; and

Emphasis should be on providing a balance across each executive's base salary and short-term and long-term incentive components appropriate to the current and long-term goals and strategy of the Company.

Executive Compensation Practices

The Compensation Committee targets each executive officer's total direct compensation (base salary, annual incentive compensation and long-term incentive compensation) to be competitive with the revenue adjusted median of the marketplace, using information from general industry surveys and a study group of companies from the telecommunications industry whose products and services closely parallel those of the Company and who likely seek executives with similar kinds of skills and experience. The study group of telecommunications companies is initially proposed for consideration by an outside compensation consulting firm retained to assist the Company each year and consists of companies that participate in a survey by that compensation consulting firm. The proposed group of companies is reviewed by the Committee's independent consultant for reasonableness and is further reviewed by the Committee itself prior to initiating any study of competitive compensation practices. Competitive marketplace data, however, is only one determinant of setting executive pay. Results against the Company's business goals along with the Committee's evaluation of other personal performance factors are carefully considered in determining executive pay.

Components of Executive Compensation

The Company's compensation program for executive officers consists of three components: base salary, annual incentive compensation and long-term incentive compensation.

Base Salary. Based on its review of the market data, the Compensation Committee approved base salary increases during 2003 for Messrs. Keating and Wilson, both of whom were appointed to their present positions in August 2003. No base salary adjustments were made during 2003 for any of the other named executives shown in

Table of Contents

the Summary Compensation Table. The base salaries paid to Messrs. Cassidy, Callaghan, Keating, Mooney, Ross, Schilling, Smith and Wilson appear in the Summary Compensation Table on page 21.

Annual Incentive. The Cincinnati Bell Inc. 1997 Short Term Incentive Plan, in which all of the above-named executives participated, was one of the means by which the Compensation Committee encouraged the Company's management to enhance shareholder value. As in the case of base salary, short-term award targets under this plan for 2003 were benchmarked against market data. For Messrs. Cassidy, Callaghan, Schilling and Smith to have received a short-term award, the Company must have achieved certain levels of earnings before interest, taxes, depreciation and amortization (EBITDA) and revenue and must have completed five specific financially related tasks. In the case of Mr. Cassidy, the Company must also have achieved a level of EBITDA specifically related to the BRCOM Inc. (f/k/a Broadwing Communications Inc.) subsidiary during the portion of 2003 that preceded the sale of that business. Mr. Mooney's entire bonus for 2003 was based on the completion of the five specific financially related tasks. Messrs. Keating's, Ross' and Wilson's 2003 short-term award targets were based on achievement by Cincinnati Bell of certain cash flow goals and achievement of specific departmental goals. Finally, a portion the short-term award for Messrs. Cassidy, Keating, Ross and Wilson was also based on individual performance.

Long-Term Incentives. The Company's executive compensation program currently includes stock options, but may also include restricted stock and/or performance unit awards when determined appropriate by the Compensation Committee. The long-term incentive program along with stock acquired by the executive over time are intended to more closely align the interests of the Company's executive officers with those of the Company's shareholders.

In the discretion of the Compensation Committee, the Company awards stock options for the purchase of common shares under the Company's Long Term Incentive Plan. For 2003, the Committee elected to pay the entire present value of the long-term incentive for each executive, including Mr. Cassidy, in the form of stock options. The options granted during 2003 to the named executive officers are shown in the Grants of Stock Options in Last Fiscal Year table on page 23.

Compensation Limitation. Section 162(m) of the Internal Revenue Code (the Code) generally limits the available deduction to the Company for compensation paid to any of the Company's named executives to \$1,000,000, except for performance-based compensation that meets certain technical requirements. However, compensation decisions will continue to be based primarily on the extent to which performance goals have been achieved and on whether awards under such plans provide proper incentives to the Company's executives to further the goals of the Company.

Compensation of the Chief Executive Officer

Mr. Cassidy has served in the capacity of President and CEO since July 28, 2003. Based upon the Company's actual EBITDA and revenue, BRCOM EBITDA, the completion by the Company of the five specific financial tasks, and an evaluation of his personal performance, Mr. Cassidy received the base salary and annual bonus shown in the Summary Compensation Table on page 21. In December 2003, he received options to purchase 801,000 common shares as shown on page 23.

(a) The material terms of the options granted are: grant type: non-incentive; exercise price: fair market value on grant date; exercise period: generally exercisable 28% after one year, and 3% per month for the next 24 months thereafter; term of grant: 10 years; termination: except in case of retirement, disability, death or change in control of the Company, any unexercisable options are generally cancelled upon termination of employment.

(b) As required by rules of the Securities and Exchange Commission, potential values stated are based on the prescribed assumption that the common shares will appreciate in value from the date of the grant to the end of the option term (ten years from the date of the grant) at annualized rates of 5% and 10% (total appreciation of 62.9% and 159.4%) resulting in values of approximately \$9.21 and \$14.67 for all options expiring on December 4, 2013. They are not intended, however, to forecast possible future appreciation, if any, in the price of the common shares. The total of all stock options granted to employees, including executive officers, during fiscal 2003 was approximately 1.64% of the total number of common shares outstanding as of December 31, 2003. As an alternative to the assumed potential realizable values stated in the above table, the Securities and Exchange Commission rules would permit stating the present value of such options at date of grant. Methods of computing present values suggested by different authorities can produce significantly different results. Moreover, since stock options granted by the Company are not transferable to persons other than family members, there are no objective criteria by which any computation of present value can be verified. Consequently, the Company's management does not believe there is a reliable method of computing the present value of such stock options for proxy disclosure purposes.

Executive Deferred Compensation Plan

The Executive Deferred Compensation Plan permits, for any calendar year, each employee whose base pay and targeted bonus for the immediately preceding calendar year was at least \$205,000 (a "key employee") to defer receipt of up to 75% of his or her base salary, up to 100% of his or her cash bonuses (including annual incentive awards and cash awards under the Long Term Incentive Plan) and up to 100% of any common share awards (not including awards of stock options or restricted stock) provided him or her under the Long Term Incentive Plan. In addition, any key employee who has received a restricted stock award under the Long Term Incentive Plan may generally elect to surrender any of the restricted shares of such award as long as such surrender is at least six months prior to the date on which the restrictions applicable to such shares would otherwise have lapsed. For all key employees who participate in the Executive Deferred Compensation Plan, there is also a Company "match" on the amount of base salary and cash bonuses deferred under the plan for any calendar year. In general, to the extent a participating key employee's base salary and cash bonuses for the applicable year do not exceed a certain annual compensation limit prescribed by the Code for tax-qualified plans (which limit was \$200,000 for 2002 and 2003), the match is 4% of the base salary and cash bonuses deferred by the employee under the plan. To the extent a participating key employee's base salary and cash bonuses for the applicable year exceed the appropriate annual compensation limit, the match is generally equal to the lesser of 66 2/3% of the base salary and cash bonuses deferred by the key employee under the plan or 4% of the key employee's base salary and cash bonuses for the applicable year that are in excess of such annual compensation limit.

Amounts deferred or surrendered by any participating key employee under the Executive Deferred Compensation Plan and any related Company "match" are credited to the account of the participant under the plan and are assumed to be invested in various mutual funds or other investments (including common shares) as designated by the participant, except that any restricted stock that is surrendered under the plan is generally assumed to be invested in common shares until at least six months after the date on which the restrictions applicable to such shares would otherwise have lapsed and that any common share awards that are deferred under the plan are assumed to be invested in common shares.

The accounts under the Executive Deferred Compensation Plan are funded, and benefits are paid from the assets of the Executive Deferred Compensation Plan.

Upon the termination of employment of any participant under the Executive Deferred Compensation Plan, the amounts then credited to the participant's account are generally distributed, as so elected by the participant, in one to ten annual installments (in cash and/or common shares), except that any amounts credited to his or her account under the plan that are attributable to his or her surrender of restricted stock (not including amounts that were credited to such account as assumed cash dividends on such stock) are forfeited if the restricted stock would have been forfeited at the time of the participant's termination of employment had such stock not been surrendered under the plan. In addition, as a special rule, in the event of a change in control of the Company, all of the amounts then credited under the plan to a participant's account under the plan are generally paid in a lump sum on the day after the change in control.

The 2003 "match" for Messrs. Callaghan, Schilling and Smith under the Executive Deferred Compensation Plan is reflected in the "Summary Compensation Table" on page 21 under the "All Other Compensation"

column. None of the other named executives participated in the Executive Deferred Compensation Plan during 2003.

Defined Benefit or Actuarial Plan Disclosure

All of the named executive officers of the Company participated during 2003 in the Cincinnati Bell Inc. Pension Plan (the Management Pension Plan), which was formerly named the Cincinnati Bell Management Pension Plan and which is a tax-qualified defined benefit pension plan. Mr. Cassidy also participates in the Cincinnati Bell Inc. Pension Program (the Pension Program). Mr. Mooney's participation in both plans ended on his termination of employment on July 31, 2003. Mr. Schilling's and Mr. Smith's participation in the Management Pension Plan ended on the termination of their employment on December 13, 2003, respectively.

The basic benefit formula under the Management Pension Plan is a cash balance formula. Under this formula, each participant has an account to which pension credits are allocated at the end of each year based upon the participant's attained age and plan compensation for the year (with such plan compensation being subject to a maximum legal annual compensation limit, which limit was \$200,000 for 2003 and 2002). To the extent that a participant's plan compensation exceeds the aforementioned annual compensation limitation, additional pension credits are given for such excess compensation. The following chart shows the annual pension credits that are given at the ages indicated:

Attained Age	Pension Credits
Less than 30 years	3.00% of total plan compensation plus 3.00% of excess compensation for 2003
30 but less than 35 years	3.25% of total plan compensation plus 3.25% of excess compensation for 2003
35 but less than 40 years	3.75% of total plan compensation plus 3.75% of excess compensation for 2003
40 but less than 45 years	4.50% of total plan compensation plus 4.50% of excess compensation for 2003
45 but less than 50 years	5.25% of total plan compensation plus 5.25% of excess compensation for 2003
50 but less than 55 years	6.50% of total plan compensation plus 6.50% of excess compensation for 2003
55 or more years	8.00% of total plan compensation plus 8.00% of excess compensation for 2003

A participant's account under the Management Pension Plan is also generally credited with assumed interest for each calendar year at a certain interest rate. Such interest rate was 4.0% per annum for 2003 with respect to a participant while he or she is still employed by the Company or a Company subsidiary and 3.5% (or 4% if a participant elects out of a pre-retirement death benefit) for a participant while he or she is not so employed. (In the case of a participant who was a participant in the Management Pension Plan on December 31, 1993 or who has benefits transferred from other plans to the Management Pension Plan, the participant's account also was credited with pension credits equivalent to the participant's accrued benefit on that date or when such benefits are transferred, as the case may be.)

After retirement or other termination of employment, a participant under the Management Pension Plan is entitled to elect to receive a benefit under the plan in the form of a lump sum payment or as an annuity, generally based on the balance credited to the participant's cash balance account under the plan when the benefit begins to be paid (but also subject to certain transition or special benefit formula rules in certain situations).

Under the Pension Program, each current active participant's pension at retirement, if paid in the form of a single life annuity, generally will be an amount equal to the difference between 50% of the participant's average monthly compensation (for the 36-month period that occurs during the 60-month period preceding retirement that produces the highest compensation amount) and the sum of the participant's benefits payable under the Management Pension Plan (including for this purpose amounts which are intended to supplement or be in lieu of

Table of Contents

benefits under the Management Pension Plan) and Social Security benefits. Also, there is a reduction in such pension amount of 2.5% for each year by which the sum of the participant's years of age and years of service at retirement total less than 75, and no benefits are payable if the participant terminates employment (other than by reason of his or her death) prior to attaining age 55 and completing at least 10 years of service credited for the purposes of the plan.

Effect of Change in Control on Certain Executive Compensation Plans

Under the Long Term Incentive Plan, in the event of a change in control, all outstanding stock options will become immediately exercisable, all restrictions applicable to restricted stock awards will lapse and a pro rata portion of all accrued incentive awards will be paid in cash. Under the Executive Deferred Compensation Plan, the present value of all deferred amounts will be paid in cash in the event of a change in control. CORPORATE GOVERNANCE GUIDELINES

1. Board Composition

1.1 Separation of Positions of Chairman and CEO

The Board's general policy, based on experience, is that the positions of Chairman of the Board and Chief Executive Officer should be held by separate persons as an aid in the Board's oversight of Management.

1.2 Size of the Board

The Board currently has 9 members. The Company's regulations permit the Board to vary in size from 9 to 17. The Governance and Nominating Committee periodically reviews the size of the Board, which may vary to meet the needs of the Company and the availability of suitable candidates.

1.3 Mix of Inside and Independent Directors

The Board believes that there should be a substantial majority of independent directors on the Board. The Board also believes that it is useful and appropriate to have the Company's Chief Executive Officer serve as a Director.

1.4 Board Membership Criteria

The Governance and Nominating Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of individual Board members, as well as the composition of the Board as a whole, in the context of the needs of the Company. The Governance and Nominating Committee will review all nominees for director in accordance with its charter and selection criteria and select those nominees whose attributes it believes would be most beneficial to the Company. This assessment will include such issues as experience, integrity, competence, diversity, sound business judgment and dedication in the context of the needs of the Board.

1.5 Classification of the Board and Election Process

The Board currently is divided into three classes of Directors, with staggered three-year terms. The Company's shareholders adopted this structure in 1984 by an affirmative vote of over 80% of the shares then outstanding and entitled to vote. This structure represents a careful balancing of two important shareholder concerns: (1) the ability of shareholders to evaluate the Board's performance each year, and (2) the ability of the Board to properly deal with the Company's long-term strategic objectives. The Board believes that retention of the current structure best serves both of these objectives and is a sound application of respected principles of corporate governance.

1.6 Selection of New Director Candidates

The Governance and Nominating Committee, with the input of the Chief Executive Officer, is responsible for recommending to the Board nominees to fill Board vacancies or newly created Board positions, as well as recommending the slate of persons to be nominated for election at the Company's annual shareholder meeting. The Governance and Nominating Committee does not solicit Director nominations, but will consider shareholder recommendations sent to the Corporate Secretary at 201 East Fourth Street, Suite 102-715, Cincinnati, Ohio 45202. The deadline for submission of shareholder recommendations is 120 calendar days before the first anniversary date of the Company's proxy statement released to shareholders in connection with the previous year's annual meeting.

2. Director Independence and Qualifications

2.1 Independence

A majority of the Company's Directors shall meet the New York Stock Exchange listing standards for independence. In addition, all of the members of the Governance and Nominating Committee, Audit and Finance Committee, and Compensation Committee shall be independent.

2.2 Qualifications

The Company's Directors should be ethical individuals of proven judgment and competence with professional experience and skills that are complementary to the needs of the Company. Directors should also have demonstrated the ability to exercise sound business judgment and independence, and be willing to devote sufficient time to fulfill their responsibilities to the Company and its shareholders.

2.3 Service on Other Boards

The Board does not believe that its members should be prohibited from serving on the boards of other companies so long as those commitments do not create material actual or potential conflicts and do not interfere with each Director's ability to fulfill his or her duties as a member of the Company's Board. The Governance and Nominating Committee will take into account the nature and time involved in the Director's service on other boards in assessing director nominees. Directors should advise the Chairman of the Board, the Chairman of the Governance and Nominating Committee and the Corporate Secretary in advance of accepting an invitation to serve on the board of another public company.

2.4 Term Limits

The Board does not believe it should establish term limits for the Company's Directors. While term limits could help to ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of Directors who over time have developed increasing insight into the Company and its operations and therefore provide an increasing contribution to the Board.

2.5 Director Retirement Policy

The Board has adopted a retirement policy for Directors. Under the policy, Directors may not stand for reelection after attaining the age of 70.

3.3 Compliance with Code of Ethics

All Directors shall at all times exhibit the highest standards of integrity and ethical behavior and adhere to the Company's Code of Ethics for Directors.

3.4 Conflicts of Interest

Directors shall promptly notify the Chairman of the Governance and Nominating Committee and the Company's General Counsel if any actual or potential conflict of interest arises between the Director and the Company. If a significant conflict exists and cannot be resolved, the Director will be required to resign. In

addition, Directors are required to recuse themselves from any Board discussion or decision affecting their personal, business or professional interests. The Governance and Nominating Committee will consider, and the Board will resolve, any conflicts of interest or code of ethics questions concerning Directors or senior management.

3.5 Corporate Opportunities

The Company's Code of Ethics for Directors prohibits Directors from taking advantage of an opportunity to engage in a business activity that properly belongs to the Company, including any activity that is discovered as a result of the use of Company information or property or in connection with a Director's service on the Board. In addition, Directors are prohibited from using Company information, property or their positions on the Board for personal gain.

3.6 Prompt Disclosure of Any Change in Affiliation

Directors are expected to report to the Chairman of the Board and the Chairman of the Governance and Nominating Committee when they experience a significant change in their business or professional affiliation or responsibility and offer to resign from the Board. The Governance and Nominating Committee, in consultation with the Chairman of the Board, will determine whether the Director continues to adequately meet the requirements for service on the Board and whether or not to accept the resignation.

4. Board and Committee Meetings

4.1 Regular Meetings

The Board generally has eight regularly scheduled meetings per year, on dates selected by the Chairman of the Board. Directors will be given as much advance notice of these meeting dates as reasonably practicable.

4.2 Special Meetings

Recognizing that situations arise requiring prompt Board action, Directors are also required to make themselves available for special meetings and promptly return documents requiring their signature. Directors shall receive prompt notification of such special meetings.

4.3 Agenda

The Chairman of the Board, in consultation with the Chief Executive Officer and other Board members, shall set the agenda for meetings of the full Board. Similarly, the applicable Chairman of each Board Committee, in consultation with the Chief Executive Officer and other applicable Committee members, shall set the agenda for Committee meetings. Directors and Committee members may suggest agenda items and may raise other matters at meetings.

4.4 Executive Sessions

The Company's independent Directors generally meet in executive session at each regularly scheduled Board meeting and may hold such additional executive sessions as they determine necessary or appropriate. The Chairman of the Board shall preside at these executive sessions.

4.5 Materials Distributed in Advance

Information that is important to the Board's understanding of the Company's business and any meeting agenda items will be distributed in writing to the Board before the Board meets. Supplemental written materials will be provided to the Board on a periodic basis and at any time upon request of Board members. Sensitive or privileged subject matters may be discussed at the meeting without written materials being distributed in advance or at the meeting.
