ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

On April 14, 2006, Macquarie Infrastructure Company LLC (together with Macquarie Infrastructure Company Trust, "MIC"), through a wholly-owned subsidiary, entered into a Stock Subscription Agreement ("SSA") with Loving Enterprises, Inc. ("Loving") and the Current Shareholders of Loving. The SSA provides for an investment in Loving by MIC of \$250 million to acquire newly issued shares of common stock of Loving which will result in MIC owning 50% of Loving's issued and outstanding common stock. In addition, MIC expects to incur approximately \$7.0 million in transaction-related costs. The Current Shareholders will own the balance of the common stock of Loving.

Loving is the ultimate holding company for a group of companies and partnerships that own International-Matex Tank Terminals ("IMTT"). IMTT is the owner and operator of 8 bulk liquid storage terminals in the United States and the part owner and operator of 2 bulk liquid storage terminals in Canada. IMTT is one of the largest companies in the bulk liquid storage terminal industry in the US, based on capacity.

Loving intends to distribute \$100 million of the proceeds from the stock issuance to MIC to the Current Shareholders as a dividend. The remaining \$150 million, less approximately \$5.0 million that will be used to pay fees and expenses incurred by Loving in connection with the transaction, will be used ultimately to finance additional investment in existing and new facilities.

IMTT generates revenue primarily from storage fees that it charges customers for the right to use a tank. Fees are charged monthly, per barrel of capacity, based on contracts with terms of generally between 1 and 5 years. This source of revenue represents approximately 71% of total terminal revenue. Above an agreed upon number of "turns" (movement of product in or out of a tank), IMTT also charges customers a throughput fee. This source represents approximately 5% of total terminal revenue.

Certain petroleum products require constant heating in order to remain viscous. IMTT charges customers an additional fee for use of heated tanks. Heating revenues are largely a pass-through of IMTT's cost of fuel and represent approximately 11% of total terminal revenue. Other revenue, representing approximately 13% of total terminal revenue, is generated from a wide range of miscellaneous services including, blending, drumming, packaging and marine vapor recovery.

Edgar Filing: Macquarie Infrastructure CO Trust - Form 8-K

MIC expects to finance the investment and the associated transaction costs with available cash and borrowings under the revolving credit facility of Macquarie Infrastructure Company Inc. ("MIC Inc."). MIC Inc. is a wholly owned subsidiary of MIC and the holding company for MIC's businesses and investments in the US.

In conjunction with its investment in IMTT, and to be certain that resources are available to complete another pending transaction (The Gas Company), MIC Inc. has received commitment letters from Citigroup Global Markets Inc., Merrill Lynch Capital Corporation and Credit Suisse, Cayman Islands Branch, to increase the amount of credit available under its revolving credit facility from \$250 million to \$300 million. The terms of the revolving credit facility, as amended, would include interest on drawn funds of LIBOR plus 2.00% or the base rate plus 1.00% increasing every six months, by 0.50% at each interval, to a maximum of 3.00% and 2.00% respectively. In addition, the amended facility would provide for annual commitment fees of 20% of the applicable LIBOR Margin on the average daily unused portion of the facility. It is anticipated that the funds borrowed under the revolving credit facility will be repaid from the proceeds of a subsequent public offering of trust stock. Any such offering

will be subject to there being what management of MIC believes to be favorable market conditions, but in such timeframe as to provide the proceeds prior to the maturity of the debt facility at March 31, 2008.

Subject to the satisfaction of the conditions precedent incorporated in the SSA, MIC expects to close the transaction in the second quarter of 2006. If consummated, MIC expects that the acquisition will be immediately yield accretive.

On April 14, MIC also entered into, through a wholly-owned subsidiary, a Shareholders' Agreement with Loving and the Current Shareholders of Loving ("SHA") that will become effective on closing. The SHA provides, among other things, that the Board of Loving be comprised of six members, three each appointed by MIC and the Current Shareholders, and that minimum quarterly distributions of \$14.0 million be paid to shareholders by Loving (\$7.0 million to the Current Shareholders, \$7.0 million to MIC) beginning with the quarter ended June 30, 2006 through the quarter ending December 31, 2007. The minimum quarterly distribution may be reduced or eliminated in the event that the Board of Loving determines that such distribution would result in the Company having insufficient reserves with which to meet normal operating expenses and previously approved capital expenditures, or otherwise failing to comply with financing agreements and applicable law.

The SHA further confers and imposes certain rights and obligations on the parties including:

- o That shareholders shall first present any opportunity to acquire, expand, develop or otherwise upgrade bulk liquid storage terminal assets to IMTT when such opportunity involves a potential capital expenditure in excess of \$2.5 million in any 12 month period;
- o That, through the 10th anniversary of the SHA, no shareholder may dispose of any shares except with the approval of all shareholders, and thereafter that the other shareholders shall have a right of first refusal on the purchase of shares offered for sale by any shareholder;
- o That, in the event of a deadlock of the Loving board of directors, such deadlock shall be resolved through arbitration

Edgar Filing: Macquarie Infrastructure CO Trust - Form 8-K

during the first ten years and through a buy/sell offer process thereafter.

Prior to closing, the SSA requires Loving and its subsidiaries to operate the business consistent with their ordinary course of business and to not take any action that would require approval under the SHA. The SSA contains various other provisions customary for transactions of this size and type, including representations, warranties and covenants with respect to the business that are subject to customary limitations. Completion of the acquisition depends on a limited number of conditions being satisfied including, the expiration or early termination of any waiting period under the Hart-Scott-Rodino Antitrust Act of 1976, as amended, confirmation that the New Jersey Industrial Site Recovery Act is not applicable to the transaction, as well as other customary closing conditions.

The SSA specifies that the maximum amount of indemnification for damages payable to MIC in the event of a breach of the representations, warranties and covenants by Loving is \$30 million, with some exceptions, and is payable by Loving at the time of, but in priority to, distributions to shareholders. In light of the fact that payment by Loving under the indemnity would reduce its value, following the closing of the transaction, Loving would be obligated to indemnify MIC for twice the amount of its damages up to the \$30 million limit.

Macquarie Securities (USA) Inc. ("MSUSA") is acting as financial advisor to MIC on the transaction. MSUSA is a subsidiary of Macquarie Bank Limited, the parent company of MIC's Manager.

A copy of the SSA and the SHA are attached to this Current Report on Form 8-K as Exhibit 2.1 and Exhibit 10.1, respectively, and are incorporated by reference herein. A copy of the press release related to this transaction is attached as Exhibit 99.1 to this Current Report on Form 8-K.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS.

(c) Exhibits.

EXHIBIT NO. -----	DESCRIPTION -----
2.1	Stock Subscription Agreement dated April 14, 2006 between Macquarie Terminal Holdings LLC, Loving Enterprises, Inc and the Current Owners (as defined therein).
10.1	Shareholders' Agreement dated April 14, 2006 between Macquarie Terminal Holdings LLC, Loving Enterprises, Inc. the Current Shareholders and the Current Beneficial Owners named therein.
